

The Yun Family's Ninth Child is an Imp! Chapter 3389

Yun chujiu suddenly felt uneasy. She pointed at herself and asked, "Do you know who I am?"

Di beiming said indifferently, "Of course I do. You are my fiancée."

Yun chujiu asked again, "Then do you remember everything that happened with me?"

Di beiming's tone was still calm, "Of course I remember. Back then, you stole my exquisite scarlet sunset fruit. I went to settle the score with you. Then, what happened after that happened."

Yun chujiu asked a few more questions that only the two of them knew. Although di Beiming's tone and expression did not change, he answered all of them.

Yun chujiu heaved a sigh of relief in her heart. Luckily, he did not lose his memory. However, why did he become so cold?

Could it be the aftereffects of unsealing again?

Yun chujiu saw that there were busy soldiers around and could only say, "I'll bring you to the city Lord's mansion to stay temporarily. I have something to ask you."

Di beiming nodded lightly and followed Yun chujiu to the city Lord's manor.

On the way, Yun Chujiu wanted to hold di Beiming's hand a few times, but di beiming avoided her without batting an eyelid. In the end, he said coldly, "This venerable self doesn't like to be too close to others. Don't do such things in the future."

Yun chujiu could not help but feel embarrassed. Anger gradually surged up in her heart. However, thinking about it, since they had just met, it was better to ask what exactly was going on first.

Thus, this fellow forcefully suppressed the anger in his heart and brought di beiming to the city lord's residence.

At this moment, the voice transmission talisman in the storage ring started to tremble. Yun chujiu took it out and took a look. It was sent by Xue Wuji.

She frowned slightly and sent her divine sense in, xue Wuji's stammering voice came from inside. "Little Sister Jiu, you've already seen that facial paralysis, right? "Well, you have to be mentally prepared. There seems to be something wrong with that facial paralysis. It's not the sequela of the previous unsealing."

Yun chujiu only understood a little after listening, fortunately, Xue Wuji sent two voice transmission talismans one after another. "In the past, this facial paralysis was either cold or arrogant. At least he had emotions. "After coming out this time, he simply had no desire, no desire, and it made people's hair stand on end. He always had a dead face!"

"I've recently removed a bit of the seal as well. It just so happens that I know a bit of the situation.". The facial paralysis situation was most likely because he had sealed his seven emotions and six desires in order to break out of the seal as soon as possible. "Well, cough cough, little sister Jiu, I'm afraid you won't be able to sleep with him for the rest of your life!"

"Little Sister Jiu, Big Brother and an Feng were thrown to this damned place to train. Otherwise, Big Brother would have gone to see you. Take care of yourself!"!

As the saying went, it was not easy to find a two-legged toad, but there were plenty of three-legged people. Ah, it was the other way around! "Anyway, in short, don't be too sad!

"Because even if you are sad to death, I'm afraid that the facial paralysis will also be expressionless!"

..

Xue Wuji gave a big push. His main thought was to persuade Yun Chujiu to let it go. Yun chujiu replied after a long while:

“Since it’s a seal, it can be broken. What should I do to break the seal he placed on me?”

“I don’t know either. After all, I’ve only broken a little bit of the seal.”. “However, there’s one thing you can rest assured about. That facial paralysis is like a living dead. He won’t do anything behind your back. When I break some more seals, I’ll definitely help you find a way.”
