

The Yun Family's Ninth Child is an Imp! Chapter 3419

Liu Hanyan said with admiration, "Father, are you trying to drive a wedge between the four of them?"

Imperial Chancellor Liu nodded. "That's right. We can go through thick and thin together, but we can't go through thick and thin together. "Now that the Jingmu kingdom has been taken over by them, they must have selfish motives in order to divide the sphere of influence. I will use the imperial decree as a bargaining chip."

"Father, your plan is very good, but you'd better not let that B * Tch succeed. Otherwise, she will definitely not let us off," Liu Hanyan said viciously.

"Of course. No matter who among Emperor Nan Xuan and the other two finally gets the Imperial Jade Seal, father will let them take you as their concubine. With your skills, the position of Empress will be yours sooner or later."

..

As soon as the father and daughter finished their discussion, the imperial palace was taken over. Yun chujiu, Emperor Nan Xuan, and the others rushed to the throne room.

Imperial Chancellor Liu held the imperial jade seal high in his hand, he said loudly, "All of you, don't move. If anyone comes any closer, I will self-detonate my Dantian and destroy this imperial jade seal. In that case, none of you will be able to be the rightful emperor of the Jing Mu Kingdom."

Emperor Nan Xuan and the other two immediately waved their hands and ordered the soldiers behind them to stop moving forward. Then, they looked at Empress Jiu and said, "Your Majesty Fenghua, this imperial jade seal is not a small matter. What do you think we should do?"

Empress Jiu smiled faintly and asked, "Imperial Chancellor Liu, what do you want in exchange for this Imperial Jade Seal?"

Seeing that everyone had stopped moving, Imperial Chancellor Liu looked pleased with himself and said loudly, "A kingdom can not be without a ruler for a day. Which of the four of you wants to be the ruler of the Jingmu Kingdom?"

Emperor Nan Xuan and the other two men were naturally envious of the position of the ruler of the Jingmu Kingdom. Although they had agreed in advance that they would reclassify their sphere of influence, the spiritual energy and properties of the Jingmu Kingdom were much stronger than those of the ten vassal kingdoms, they would rather have the Jing Mu Kingdom than the ten vassal states!

However, although the three of them had ulterior motives, none of them dared to say it out loud. After all, they were all wary of each other right now, so none of them could break the balance first.

When Imperial Chancellor Liu saw the expressions on the faces of Emperor Nan Xuan and the other two, he immediately understood what they were thinking. In his heart, he had a greater chance of success in his plan.

He continued, "How about this? If any of your Majesty can promise to take us in, I will present the imperial jade seal to him and assist him in familiarizing himself with the various affairs of the Jing Mu Kingdom as soon as possible."

Emperor Nan Xuan and the other two exchanged a glance, then looked at Yun Chujiu, who had a faint smile on her face. They were hesitant in their hearts. Should they shed all pretense of cordiality or not?

Just as the three of them were hesitating.., they heard yun chujiu say calmly, "Old thief Liu, you are really cunning. Are you trying to drive a wedge between the four countries? "If the four countries fall apart and the other second-tier countries take the opportunity to enter, wouldn't we all die? "You are really ruthless!"

Hearing Yun Chujiu's words, Emperor Nan Xuan and the other two felt a chill in their hearts. Yes, the Jingmu Kingdom was destroyed, but there were still other second-tier countries.

If they rebelled, they would probably be destroyed by the other second-tier kingdoms very soon. Imperial Chancellor Liu was really vicious.

Imperial Chancellor Liu did not expect that his plan would be so easily destroyed by Yun Chujiu, he gritted his teeth. "Alright, I'll take a step back. As long as you let us father and daughter live, I'll give you the Imperial Jade Seal. Otherwise, I'd rather self-destruct than let you be the rightful Emperor of the Jing Wood Kingdom."

Emperor nan Xuan said weakly, "Emperor Fenghua, why don't we let them go? If we don't have the Imperial Jade Seal, we won't be able to answer to the people of the Jing Mu Kingdom!"
