

The Yun Family's Ninth Child is an Imp! Chapter 3420

Emperor Xiwen and Emperor bei Jing echoed, "Yes, it's a small matter whether the father and daughter are alive or dead, but the imperial jade seal is a big matter."

Empress Jiu smiled faintly, "I have never been threatened by others. Do you think a mere imperial jade seal can threaten me? What Nonsense Imperial Jade Seal! It's just a stone!

"As long as I hold great power, I can even pick up a pebble by the river and use it as the Imperial Jade Seal. If you want to destroy it, then destroy it!"

Imperial Chancellor Liu was dumbstruck when he heard that. However, on second thought, this Empress Zephyr must be lying to him. He couldn't be fooled., hence, he said, "What you say is easy. I don't believe it. If you don't have the Imperial Jade Seal, how are you going to convince the masses? !"

Yun chujiu spread her hands and pointed at prime minister sima beside her. "Tell everyone."

Prime Minister Sima:" ..."

Why would such a shameful matter always fall on him? !

However, he did not dare to disobey Yun Chujiu's orders. He could only thicken his skin and say, "My emperor is right. The Imperial Jade Seal is just a stone!

"When His Majesty ascended the throne, the imperial jade seal was stolen by the previous crown prince. His Majesty simply used a radish to carve the imperial jade seal, and then changed it to a thousand-year-old cold jade material."

Everyone:" ..."

Holy shit! How could this be?

The imperial jade seal carved by a big radish?

Yun chujiu looked at the dumbfounded crowd, she smiled faintly and said, "Although the imperial jade seal is a symbol of imperial power, I am the supreme imperial power. If I say it is the imperial jade seal, it is the imperial jade seal. If I say it is worthless, it is worthless! "Go, kill him! "That piece of broken stone will be buried with him!"

Hearing Yun Chujiu's words, the people behind him immediately rushed forward..

Imperial Chancellor Liu and his daughter were no match for them. Although Imperial Chancellor Liu said that he would self-destruct his dantian, he was very afraid of death and would not really self-destruct. In the end, he was killed by the people.

The soldier who received the Imperial Jade Seal respectfully presented the Imperial Jade Seal to Empress Jiu. Empress Jiu washed it with water in disgust and then put it into her storage ring very naturally.

Only then did Emperor Nan Xuan and the other two realize that the people who had rushed into the palace behind them were all direct descendants of the East Phoenix Kingdom. They immediately had a bad feeling..

Emperor Nan Xuan gathered his courage and said, "Your Majesty Fenghua, since there is nothing else, we will return to the tent first. We will discuss the redivision of the kingdom tomorrow."

Emperor Xiwen and Emperor bei Jing also agreed. They felt that if they stayed any longer, they would not have a good ending. This person was even capable of using a big carrot as a jade seal. He would definitely be able to betray them easily, if they did not leave now, they might not be able to save their old lives!

Empress Jiu laughed crisply. “Your Majesties, why do I feel that you are a little afraid? What are you afraid of? Are you afraid that I will betray you and kill you?”

When Emperor Nan Xuan heard Yun Chujiu’s words, he felt a chill in his heart. It was over! What he was afraid of came true! This wretched girl was definitely going to kill him!

Empress Jiu laughed a few more times. When Emperor Nan Xuan and the other two heard her laughter, it was like a life-threatening talisman. They could not help but move towards the door of the main hall.

“Your Majesties, you are overthinking. Since I have signed an alliance with the three of you, I will naturally keep my promise. How about this, we will not take any of the six vassal states that we have conquered. You can split them into two!

“How about it? I am generous enough, right?” Yun Chujiu said with a smile.
