

The Yun Family's Ninth Child is an Imp! Chapter 344

Yun Chujiu rode on the chopping board and leisurely arrived at the back of the mountain.

The huge pit that was created by the lightning had already been filled up. She did not know where they had transplanted the trees. Anyway, the back of the mountain was a thriving scene.

Yun Chujiu could not help but feel a little guilty. After this strike, the back of the mountain would probably be filled with destruction again! She was really a little expert at destroying ecological balance!

The clouds above the back of the mountain became heavier and darker. The voice transmission talisman in the storage ring started to tremble. "Black Thing, are you at the back of the mountain?"

"Prince Charming, I'm at the back of the mountain! The little purple loach is going to strike me again!" Yun Chujiu was stunned, but her heart warmed up. 'The gigolo misses me!'

"Wait for me!"

Di Beiming only said two words, and Yun Chujiu's heart palpitated. She could not help but pat herself on her face. "You're quite promising!"

Di Beiming soon appeared in front of Yun Chujiu.

"My Prince Charming, you just watch from the side. They can't do anything to me!" Yun Chujiu did not know why, but she still felt a little shy.

Di Beiming nodded, "Don't worry, I'm here!"

Yun Chujiu felt her little heart thumping violently. Tsk, why did the gigolo turn on his flirting mode at the slightest disagreement? She really wanted to pounce on him and ravage him!

Boom! Boom! Boom!

A series of lightning bolts woke Yun Chujiu up from her daze.

This fellow was interrupted and immediately became angry!

Yun Chujiu placed her hands on her waist and started to curse.

“Damn it! Don’t you have eyes? Can’t you see that I’m talking to my Prince Charming? Don’t you have any manners? Haven’t you learned moral education? Are all of you from the dark thunder clouds world so uncultured?”

“None of you are worthy of such a noble color like purple! A bunch of loaches!”

“There’s a word that fits all of you perfectly! It’s the combination of all of you!”

“Strike me? If you have the ability, continue to strike me! The thing that I’m least afraid of is being struck by lightning! If you don’t strike me, you’re a slow tortoise-like bastard!”

...

When Furry saw this scene, his face was filled with tears!

How stupid was she!

She even wanted to kill this scourge with lightning!

Good heavens, her little heavenly lightning could not be compared to these heavenly lightning, okay?!

She was not even afraid of such dense heavenly lightning, yet she still wanted to kill it. She was so stupid!

At that moment, the thick, dark clouds in the sky wanted to cry but had no tears!

News of Yun Chujiu, this weirdo, had spread throughout the thunder world! A small freak had appeared on a low-level continent like the Qingxuan continent! She could not be killed no matter how she was struck! The most infuriating thing was that this fellow's mouth was especially sarcastic, and she could curse you without any obscene words!

However, it had no choice! It had to come because it was a mission.

At that moment, the dark clouds was thinking in its heart, 'I'll just strike a couple times. It can't kill her anyway! I'd better let the heavens think of another way to kill her!'

Yun Chujiu was a little unhappy when she saw that the dark clouds was unenthusiastically striking her.

"Hey! You in the sky. Have you not eaten yet? If you want to strike me, be quick! I'm still waiting for lunch! What are you waiting for?!"

"If you don't strike me, I'm going to scold you!"

The dark clouds in the sky had a mental breakdown. 'Why are you still threatening me? Besides, could you not scold me anymore? You've clearly scolded me for quite a while just now!'

The dark clouds in the sky struck a pot and smashed it. With a crackling sound, it struck down the remaining heavenly lightning and flew away as if it was fleeing! 'In future hacking mission, I will not accept it anymore! I will not do anything! It hurts my pride too much!'
