

The Yun Family's Ninth Child is an Imp! Chapter 396

"Miss Jiu, why are we going to the Heavenly Gates Sect? They're one of the four great sects. Not to mention that there's only two of us, even if there were ten of us, we wouldn't be able to defeat them!" An Feng's face was filled with despair. 'Miss Jiu, please stop. That Fire Dragon from before almost took my life!'

"We're not going to fight. What's there to be afraid of!"

"Not going to fight? Then what are we going to do? Are we going to scold people? Miss Jiu, we can't just scold people. If we anger the Heavenly Gates Sect, we'll still end up fighting!" An Feng was very confident about Yun Chujiu's ability to cause trouble. He believed it without a doubt. Even the heavenly thunder could be angered by her, not to mention the people from the Heavenly Gates Sect.

"Why do you want to scold them? Let's go to the Heavenly Gates Sect to get something good!" Yun Chujiu smiled like a little fox—akin to foxes with nine tails!

"Get something? Get what?" An Feng curled his lips. 'She said it nicely but I'm sure she meant to steal something!'

"You'll know when the time comes. When we're almost there, we don't need to use the flying spirit tool. We'll walk over to avoid attracting attention," Yun Chujiu said slyly.

An Feng could only agree with a bitter face. 'God, please bless me. I hope I won't lose my life. No matter how I think about it, I feel that Miss Jiu is going to cause a big trouble!'

"An Feng, change into this set of clothes!" Yun Chujiu handed An Feng a set of clothes for the disciples of the Heavenly Gates Sect. She also changed into a set of clothes and groomed her hair into a man's hairstyle. The effect of the hair growth pill from the gigolo was pretty good. Her newly grown hair was black and shiny.

“Miss Jiu, where did you get this set of clothes?” An Feng asked curiously.

“They were in the storage bags that we robbed. Don’t worry, these two sets are new and no one has worn them before.”

Yun Chujiu took out a layout map of the Heavenly Gates Sect, pointed at one of the locations, and said, “This is our target. If there is no one above the fifth level of the Spirit Emperor realm, we’ll use the concealment talisman to go in! If there are those above that level, you’ll be responsible for drawing them away. I’ll use the concealment talisman to go in!”

An Feng looked at the layout map and cursed in his heart. This was definitely spoils of war An Feng saw where Yun Chujiu was pointing and could not help but ask curiously, “Miss Jiu, why are we going to the back mountain of the Heavenly Gates Sect? Are there any treasures there?”

“Hmph! Doesn’t the Heavenly Gates Sect always think that they’re awesome because they have earth fire? I will go and kidnap their Fire Spirit Beast and see how arrogant they will be in the future! When the time comes, if they want to buy my earth fire, I’ll exploit them as much as I can!” Yun Chujiu said proudly.

An Feng was stunned at first, then he lit a candle for the Heavenly Gates Sect members! The sect had offended Miss Jiu, so it seemed like they were going to pay for it! With her around, sooner or later, the Heavenly Gates Sect would become poor!

An Feng did not doubt whether Yun Chujiu could successfully kidnap the Fire Spirit Beast. The answer was obvious. She could successfully kidnap all eight of them, so one would be easy!

The two of them found a quiet place and got off the flying spirit tool.

They did not use the concealment talisman. Based on their spiritual power level, it was not a problem for them to avoid the patrols outside the Heavenly Gates Sect. Even if they were discovered, it would be

easy for them to hide because they were wearing the sect's uniform. After all, Heavenly Gates Sect had tens of thousands of people. It was impossible for them to know each other.

The two of them successfully arrived at the back of the mountain. As expected, the temperature started to rise. From afar, they could see many disciples patrolling. The two of them stuck on the concealment talismans and carefully approached Heavenly Gates Sect's earth fire cave.
