

The Yun Family's Ninth Child is an Imp! Chapter 406

Yun Chujiu giggled. "I guessed it! Look at the two elders who came, one with the surname of Niu and the other with the surname of Ma. Isn't that just the Ox-Head and Horse-Face?! [1] That definitely won't be a good thing! I figured that the most important thing for them is their earth fire, so I just casually said that. I didn't expect that I actually got it right!"

Everyone, including Fairy Yu Mei, were speechless.

'Can you be more serious? Are you kidding me?!

"Yun Chujiu, be serious and answer Master Yu Mei's question properly!" Master Xuanyuan reprimanded unhappily.

Yun Chujiu pouted and said, "I was really just saying it casually. Just look at the two elders from Heavenly Gates Sect who came here with weeping faces. It's obvious that something big has happened! When they came back, even though Du Guyi tried his best to hide it, his forehead was already sweating. It's obvious that something big happened!

"I just tricked him a little. I didn't expect him to admit it! Don't tell me that you guys think that I stole the Heavenly Gates Sect's Fire Spirit Beast? If I had that ability, I would definitely take it out to show off. Hahaha!"

The people from Spirit Radiance Sect also laughed out loud, as if they were listening to a joke!

However, in their hearts, they were thinking, 'It was you! It was you! It was you! It was definitely you who did it! Otherwise, with your character of seizing all opportunities, why would you even take the initiative to agree with Heavenly Gates Sect's offer? You were clearly digging a huge pit! That old thing, Du Guyi, thought he's smart, but he was still tricked by this little girl with a belly full of evil tricks!'

Fairy Yu Mei and Daoist Zhenyi did not panic at all when they saw Yun Chujiu laughing. They also thought that they were overthinking. How could such a little girl have such great abilities? They must be overthinking!

Master Xuanyuan discussed some follow-up matters with the two of them. Then, they left with their entourage.

Master Xuanyuan quickly activated the isolation array. Then, he asked in a trembling voice, “Yun Chujiu, did you cause the problems Heavenly Gates Sect is facing?”

Yun Chujiu straightened her small body, raised her neck, and said smugly, “Of course I did! Other than me, who else has the ability to do such an earth-shattering thing?!”

The corners of everyone’s eyes twitched, but they were also very impressed. It was no wonder that this little girl was so smug. She indeed had the right to be smug. She actually extinguished Heavenly Gates Sect’s earth fire and even kidnapped the Fire Spirit Beast. It was really satisfying!

“I heard that you also took in eight Fire Spirit Beasts from the fire cave?” Master Xuanyuan continued to ask.

Yun Chujiu nodded. “Yes, there are only eight. Including the one from the Heavenly Gates Sect, there are a total of nine. It’s indeed very little, but it’s enough!”

Everyone was so angry that they were twitching. ‘Would you die if you didn’t act?!’

‘You’re purely showing off!’

‘There’s nine of them and you’re still not satisfied?’

'Heavenly Gates Sect had one and they were already showing off to no end!'

Master Xuanyuan coughed dryly. "Then can you summon it out so that we can see it with our own eyes? Many of us have never seen what a Fire Spirit Beast looks like!"

Yun Chujiu nodded. "No Problem! Number One, Number Two, Number Three, Number Four, Little One, Little Two, Little Three, Little Four, and Little Five, come out!"

Everyone was shocked by these names. Yun Chujiu was good at everything except that naming!

Following Yun Chujiu's words, nine Fire Spirit Beasts were summoned out of the Spirit Beast Pouch. Four adult Fire Spirit Beasts stood cautiously beside Yun Chujiu. The five little ones looked around curiously, looking innocent and cute.
