

The Yun Family's Ninth Child is an Imp! Chapter 476

At that moment, there was a huge commotion outside the Wuwei Tower!

“Oh my God! Look! The sixth level is lit up! Someone has reached the sixth level!”

“It has only been a day, and someone has already reached the sixth level. This talent is too heaven-defying! Who is this?”

“Silly! Look at the ranking! That Su Yanran's points has already reached more than three thousand points, a thousand points more than the person in second place. It must be her!”

“I heard that Su Yanran is only at the first level of the Spirit Cultivator realm, but she's actually more powerful than those at the seventh level of the Spirit Cultivator realm? This is too unbelievable!”

“This Wuwei Tower trial is first based on strength, and second on luck. Maybe she's lucky!”

“Forget it. No matter how lucky she is, she still has to have strength. I think Su Yanran must either be very experienced in actual combat, or very smart!”

...

Du Guyi was feeling very pleased with himself. He had not taken in the wrong disciple. He had really lived up to his expectations! ‘This Wuwei Tower trial is definitely the best in our Heavenly Gates Sect!’

At that moment, another disciple shouted, “Look! Yun Chujiu finally scored! It's finally not zero!”

“Tsk, it's only a hundred points. She must've just passed the first level. What's the big deal!”

“That’s right, she can only reach the third level at most! She’ll be ejected in a moment!”

...

Du Guyi said to Master Xuanyuan with a fake smile, “Master Xuanyuan, our two sects can be said to share the same joy! Su Yanran has reached the sixth level, and Yun Chujiu has finally scored!”

Master Xuanyuan saw that the Heavenly Gates Sect’s points had soared along with Su Yanran’s outstanding performance, and the Spirit Radiance Sect’s points were obviously lower than the other three sects. He was very anxious but still looked indifferent. “Same joy, same joy!”

Du Guyi pursed his lips. ‘Just hold on. Let’s see if Spirit Radiance Sect will be ranked last this time. Let’s see if you still like it!’

Right at that moment, someone suddenly cried out even louder, “Oh my God! What’s going on? Why did Yun Chujiu’s points become minus one hundred points!”

What the hell?

Everyone thought that they had heard wrong!

Then, they looked at the stone wall. Sure enough, the one hundred points behind Yun Chujiu’s name had turned red, which meant that her score was negative!

“How is this possible? I’ve never heard of someone getting a negative score!”

“Yeah, the person who failed the trial would just be ejected. Why would there be a negative score?”

“Haha! That Yun Chujiu must be too stupid. The Wuwei Tower can’t stand it, so it gave her a negative score!”

“What you said makes sense. It’s possible that the Wuwei Tower has never seen someone with such low spiritual power take part in a trial, so they gave her a negative point in a fit of anger!”

“Maybe the Wuwei Tower has an underground level, and Yun Chujiu was thrown into the basement! Haha!”

“The Spirit Radiance Sect is really pathetic. They brought such a piece of trash here, and not only did they not get more points, it even got deducted points because of her. This is really hilarious!”

...

Some of the disciples of Spirit Radiance Sect had already been ejected from the Wuwei Tower. Now that they heard the discussions of the disciples of the other three sects, they simply hated Yun Chujiu to death!

‘No one expects you to earn many points, but you should not make a negative point either! It’s really embarrassing! You still dare to make a bet with Zhuo Piaoyu? Zhuo Piaoyu’s points have already reached more than a thousand and five hundred. She should have already broken through to the fifth level. You’re definitely going to lose!’

Although Du Guyi tried his best to endure, he still laughed out loud. “Master Xuanyuan, this Yun Chujiu from Spirit Radiance Sect is really a clown! Negative points, haha! It’s actually negative! Hahaha!”
