

The Yun Family's Ninth Child is an Imp! Chapter 545

Yun Chujiu and Di Beiming came to the small courtyard where Yun Chujiu used to live. The courtyard was already cleaned up. Chun Yu was so happy when she saw Yun Chujiu that she cried. Yun Chujiu comforted the little girl and sent her out to get some tea and pastries.

"Prince Charming, do you have any emotions when you visit the old place again?" Yun Chujiu asked playfully.

The corner of Di Beiming's mouth curled up. He also recalled some of the past events. At that time, he wished he could smash the Black Thing to death to refine medicine. He did not expect that his heart would actually be moved in the end...

The two of them were silent for a moment, but their feelings were slowly developing...

It was not until Chun Yu brought over tea and pastries that Yun Chujiu's face turned slightly red. She coughed dryly, "My Prince Charming, this jade token is marked with Spider Lilies. No matter how I look at it, it's very strange." said Yun Chujiu to Di Beiming as she took out the jade token with the Spider Lily pattern.

"It is indeed somewhat unusual. However, since the person who wanted to kill you hired someone to kill you instead of personally taking action, it seems that he still has some reservations. As long as you take some precautions and don't give the enemy an opportunity, there won't be any danger for the time being." Di Beiming was afraid that Yun Chujiu would be too worried, so he comforted her.

"Yeah! You dare try to kill me?! When I return to the Linghua sect, I will cultivate properly. When I find out who did it, I will kill him!" Yun Chujiu said angrily. This matter could be considered to be the biggest loss she had suffered since she transmigrated.

"Little Jiu, remember what you said. If I find out that you've been lazy, I won't forgive you." The corners of Di Beiming's mouth curled up. The little Black Thing's unyielding look was really... Yes, quite pleasing to the eye.

The next morning, Yun Xiaotian decided to move to Linghua City, and the entire Yun residence got to work.

The next morning, the members of the Yun family rode on Di Beiming's flying spirit tool and rushed to Linghua City.

"Little Jiu, the houses in Linghua City are not cheap. If it doesn't work out, we will buy a smaller one. In any case, grandfather didn't bring many people here." Yun Xiaotian sighed inwardly. These years, the Yun family had accumulated quite a lot of silver, however, after arriving at Linghua City, the money was like small change.

Yun Chujiu was about to speak when Di Beiming said with a faint smile, "Senior, you don't have to worry. I have already arranged for my men to buy a new piece of property. You can stay here for now. If you are not satisfied, we can change it in the future."

Yun Xiaotian was stunned. "This, is this fine? It's really..."

"Grandfather, you don't have to be polite with him. What's his is mine, mine is still mine. Using his Spirit Stones is no different from using mine. You can just stay there." Yun Chujiu felt that the Pretty Boy was really doing a lot for her, she was really satisfied.

When Yun Xiaotian saw this, he could only say a few polite words. It could be considered that he had received Di Beiming's good intentions.

As soon as they entered Linghua City, An Feng came over to welcome them and brought them to the newly bought house.

The house was not only spacious and grand but it was also located in the bustling area of Linghua city. Yun Xiaotian was extremely satisfied, and the more he looked at Di Beiming, the more satisfied he became.

It was not because this house was valuable, but because this kind of affection towards Little Jiu was truly rare.

The Yun family had just settled down, and An Yin had returned. As expected, nothing was found there. The buyer must have heard the news and did not show up.

Just as Yun Chujiu was about to return to the Linghua Sect, Gold Face arrived.

“Miss Yun, when we were searching the league leader’s bedroom, we made an important discovery.”

Yun Chujiu was very curious. “What discovery?”
