

The Yun Family's Ninth Child is an Imp! Chapter 721

The Merman was slightly stunned when he heard Yun Chujiu's words. "Perhaps what you said makes sense. However, Tian Dao would not use such methods to trap me here. There must be someone else who is doing all this."

"Brother Merman, don't worry. The truth will be known to the world sooner or later. It's just a matter of time. You must live well." Yun Chujiu felt that the Merfolk Clan had suffered too much. They were exterminated by an unknown person and the only one who was still alive was still locked in this place that would never see the light of day. She felt a pang of sympathy in her heart.

The Merman sighed in disappointment. "I'm the only one left in the Merfolk Clan yet I'm trapped here. How can I find out the true culprit?"

The Merman's eyes suddenly lit up. "Little girl, why don't you help me find out the truth and avenge me?"

Yun Chujiu spread out her hands. "Big Brother Merman, if I had the ability, I would naturally be willing to help you. After all, we are all friends who were suppressed by that old b*stard Tian Dao. However, I don't know a thing about your Merfolk Clan. Your memories have all been lost, and my spiritual power is low. I'm afraid I won't be able to help you much."

"Little girl, you only need to help me within the range of your ability. I won't force you." The Merman was desperate. He was trapped here and had no way to get out so he had no choice but to place his hopes on this little girl. Although this little girl's spiritual power was low, she had a Heavenly Thunder Spirit Root after all. Moreover, she was very intelligent. Perhaps she could help find the real culprit and take revenge for him.

Yun Chujiu saw that the merman was speaking so sincerely, so she could not refuse him anymore, so she said, "Alright, Big Brother Merman. As long as I am able, I will help you find the real murderer. However, you have to give me some clues. Now, other than knowing that the other Merfolk were killed by the Heavenly Thunder, I don't know anything else about them."

The Merman showed a pained expression. Apparently, he tried hard to recall his memories. After a while, he said, "Little girl, I only remember that the place where we merfolk lived is a blue sea..."

Yun Chujiu almost laughed out of anger. 'Aren't you pulling my leg? Of course you merfolk live in the sea! Could you survive in the desert? No!'

"There seem to be many high-level sea beasts in the sea where we lived. There seems to be a mountain by the sea..." the Merman covered his head again as he said this. His face was full of pain.

"Brother Merman, if you can't remember, then don't push yourself. When I leave, I'll leave you some non-toxic food. You might be able to slowly recover your memory. Anyway, I'm still weak now, so I can't do anything too taxing." Yun Chujiu didn't have anything else on her but there was plenty to eat.

The Merman really couldn't remember anything else, so he could only provide the information he spoke of earlier. He continued, "My tears are top-grade water repellent beads. Don't let others find out about you, lest you get into trouble."

Yun Chujiu touched her nose awkwardly. It seems like he noticed what she was doing earlier after all. However, she was very thick-skinned, so she pretended to not notice and chuckled. "Brother Merman, can you use storage rings? How about I put all the food in a storage ring for you?"

"Sure, thank you very much!"

"Do you like meat or vegetables? How about this, I will give you a combination of meat and vegetables. There are raw food and cooked food. You can eat whatever you like." Yun Chujiu threw a few storage rings that had not been refined to the Merman.

After the Merman refined the storage ring, Yun Chujiu transferred all kinds of food into the corresponding storage ring.
