

The Yun Family's Ninth Child is an Imp! Chapter 731

"Is there a map there? Have you obtained the map?" the person asked in a hoarse voice.

"Sir, there is indeed a map there."

"Good! Very good! Quickly hand it over to me!" The person's tone suddenly rose, clearly very excited.

"Sir, but that map isn't in my hands now. It has been taken by Shi Ling, but don't be anxious, Sir! That Shi Ling is in my residence." Liu Qian thought for a moment and did not ask the person why he sold the map to the stone spirit, he was afraid that if he asked too many questions, he would anger the person.

"Shi Ling? Who is Shi Ling? Why is the map with him?" The person asked in puzzlement.

"Sir, didn't you sell a jade slip to that Shi Ling? He found the treasure according to the map on it. We were in the main hall, and it was he who saved us." Liu Qian briefly recounted what had happened.

That person snorted coldly, "Nonsense! When have I ever sold a jade slip! Call that guy over immediately!"

Liu Qian quickly sent someone to invite Yun Chujiu. A moment later, the servant came back to report, "Sect leader, Young hero Shi said that he's very tired. If there's anything, we'll talk about it tomorrow during the day."

That person snorted coldly, "Liu Qian, you go with me. I want to see who dared to trick us."

Liu Qian wished this man could slap Yun Chujiu to death. He and the man immediately went to the courtyard where Yun Chujiu was.

The two of them directly barged into the house. Although it was night, the inside of the house was as bright as day. A huge luminous pearl was placed on the table.

Yun Chujiu sat calmly on the chair, drinking tea and eating melon seeds. When she saw the two of them come in, she giggled. "All of you are here? If you want the map, then sit down and talk!"

"Shi Ling? Why did you make up the lie that I sold you the jade slip? What are your intentions?" The masked man looked at Yun Chujiu carefully for a while. Although this kid might have hidden his spiritual power, he did not see anything special.

"What are my intentions? Of course it's for the Spirit Stones. Now that the map is in my hands, if you want it, you can buy it with Spirit Stones. It's that simple." Yun Chujiu took out the map from her storage ring and shook it, then put it away.

"Don't be arrogant, Shi Ling! You're now in the territory of our Goshawk Sect. If you anger me, you won't have a good ending!" Liu Qian's eyes were full of resentment. 'As long as I get the map, I will make you beg for your life and avenge my Lianxin.'

"I advise you to be more sensible. If you force me into a corner, I will destroy the map. At that time, none of us will be able to get it." Yun Chujiu calmly sipped her tea and said indifferently.

The masked man sneered and said, "How many Spirit Stones do you want?"

“I heard that this map is related to a huge treasure. Therefore, it’s naturally very valuable. A hundred million upper-grade Spirit Stones!”

“A hundred million upper-grade Spirit Stones? You’re simply asking for a sky-high price!” Liu Qian cursed angrily.

The masked man also sneered and said, “It seems that you don’t have the sincerity to make a deal. In that case, give me your life!”

The masked man suddenly reached out his hand and slapped Yun Chujiu. Yun Chujiu dodged the man’s attack. “Hey! If the price is too high, we can discuss it again. It’s not a good habit to get physical!”

“Cut the crap! Hand over the map! Otherwise, I’ll kill you!” The masked man slapped Yun Chujiu again.
