

The Yun Family's Ninth Child is an Imp! Chapter 759

Yun Chujiu looked around. This place was very remote, and there were very few spirit tool remains on the ground. There were no people or remnant souls around. In addition, Di Beiming and the other three were on guard, so they were not afraid of being spied on.

This girl sneakily took out a small jade bottle from her storage ring. "Do you think the material of this jade bottle is the kind of ancient green jade you mentioned?"

The burly man took it and looked at it for a while. Then, he said excitedly, "Yes! That's right! This is the ancient green jade! You... Where did you get it?"

Yun Chujiu's eyes smiled. "Don't worry about where I got it. Tell me, can this small jade bottle hold your remnant soul?"

The burly man nodded. "Don't think that this jade bottle is small. This kind of ancient green jade is the best material to nourish the soul. A jade bottle can hold at least ten remnant souls."

After the burly man finished speaking, he saw Yun Chujiu smiling so much that her eyelashes were about to blossom. Yun Chujiu, this fellow, gave herself 360 praises in her heart!

'Oh my God! I'm not letting go of anything. My habit of "plucking the feathers of wild geese" is simply too awesome! These small jade bottles were all collected from the Wuwei Tower's weapon spirit. I originally wanted to use it to increase the grade of the pills, but I didn't expect to actually pick up a treasure!

"To tell you the truth, I don't have many of these small jade bottles. I only have about a thousand of them!" Yun Chujiu said proudly.

The burly man widened his eyes and waved his hand. "Little girl, this is impossible! This ancient green jade is very precious. How can you have so many?! It's good enough for an ordinary person to even have one!"

Yun Chujiu looked around sneakily again. Then, she shouted to Di Beiming and the others, "Prince Charming, Brother Wuji, don't let others get close!"

"Little Sister Jiu, don't worry. I guarantee that no living creature can get to within a thousand feet from you." Xue Wuji hurriedly tried to curry favor with her.

Di Beiming glanced at him and could not be bothered with him. He carefully observed the situation around him. Since the black thing said so, she was probably going to gain something.

Yun Chujiu saw that the surroundings were safer, so she proudly took out a small package from her storage ring and carefully put it on the ground. After opening it, she saw that there were many similar small jade bottles.

"This is only a small portion. How is it? I'm not lying to you, right?! I'm not very good at other things, but I've never lied," Yun Chujiu said with a sincere expression.

An Feng staggered. 'Miss Jiu, is it really good for you to lie with your eyes wide open like this? You don't lie? Even a ghost wouldn't believe you! Alright, I guess only such a pure remnant soul would believe you!'

The burly man picked up a few jade bottles and examined them. Indeed, they were all made of ancient green jade. He could not help but look at Yun Chujiu in a new light. This little girl was really capable to be able to collect so many ancient green jade bottles.

How would he know that these jade bottles were all stolen by Yun Chujiu? Just because of this matter, Wuwei Tower's weapon spirit was stunned.

“You said that this ancient green jade can nourish souls. After your souls are completely nourished, can you be reincarnated or possessed?”

The man laughed bitterly. “Little girl, it’s not as simple as you think. This ancient green jade can only guarantee our current form, it can’t complete our souls.”

“Then how can we complete your souls?” Yun Chujiu asked curiously..
