

## The Yun Family's Ninth Child is an Imp! Chapter 776

"Little Jiu!" Di Beiming tried his best to save Yun Chujiu, but he could not control his body at all and was sent flying by the powerful force.

Moreover, his eyes were blinded by a white light, and he could not see anything.

When everyone regained their sight and got up from the ground, 15 minutes had already passed.

Everyone realized that they were currently outside the ancient sword tomb. The ancient sword tomb had already disappeared, and there was only a flat grassland in front of them. The ancient sword tomb had disappeared into thin air.

Just when everyone was cheering and rejoicing that they had finally escaped danger, they heard Di Beiming shouting, "Little Jiu! Little Jiu!"

Only then did everyone realize that Yun Chujiu had disappeared, and they immediately panicked!

Where did Yun Chujiu run off to? Could it be that she was not sent out?

Xue Wuji was stunned at first, and then anxiously asked Di Beiming, "Where is Little Jiu? Where did she go?"

Di Beiming's eyes were red. "The moment I was sent flying, I saw Little Jiu. She fell into a deep pit."

"What?! You trash! You saw her, so why didn't you save Little Jiu? ! I'll beat you to death!" Xue Wuji threw a punch at Di Beiming.

Di Beiming did not dodge. He was sent flying by Xue Wuji's punch. At that moment, he was extremely resentful of his own incompetence. He could only watch Little Jiu fall into the deep pit helplessly. He was a piece of trash.

Xue Wuji was still angry and wanted to beat him again. An Feng quickly stopped him, "Young Master, our Venerable One is already sad enough. Moreover, the most important thing now is to find the whereabouts of Little Miss Jiu. We'll talk about settling scores later."

Xue Wuji saw Di Beiming's desperate look and roared angrily, "Find her? Where can we find her?! This ancient sword tomb has either completely disappeared, or it has gone into hiding again! Moreover, Little Sister Jiu fell into the deep pit. The deep pit was filled with fire. Although she can resist lightning strikes, she can't resist fire! At this time, I'm afraid she has already turned into ashes."

"Shut up! Little Sister Jiu will definitely be fine!" Di Beiming got up from the ground and punched Xue Wuji.

Xue Wuji had originally wanted to beat Di Beiming up. Now that he saw that Di Beiming had taken the initiative to provoke him, he naturally would not let this matter rest. The two of them instantly started fighting.

When everyone saw the two young men with profound spiritual power hitting each other like children, the corners of their eyes could not help but twitch. They were really too childish.

Elder Qu shouted, "Stop! Everyone stop! Can you get your priorities straight? We're going through this and you still have the mood to fight?! It's more important to hurry and find Little Jiu."

Di Beiming and Xue Wuji finally stopped. They knew that what they were doing was useless, but they did not want to think about Yun Chujiu's situation—she was definitely doomed.

"Young Master Di, tell us in detail what you saw. We'll analyze it together," Elder Qu said to Di Beiming.

Di Beiming told everyone what he saw. Everyone sighed when they heard it. The little girl was most likely dead.

Not even mentioning anything else, just the bottom of the pit was filled with fire. How could she survive if she fell into it? Even if she escaped from the pit, it was unknown if the ancient sword tomb still existed or if it had already been destroyed. Therefore, the little girl would definitely not be able to survive.

Everyone tried their best to think of a solution in that dire situation. At the place where the ancient sword tomb had appeared, they dug a deep pit that was several feet deep. Unfortunately, they did not find anything.
