

The Yun Family's Ninth Child is an Imp! Chapter 790

Yun Chujiu felt that she had almost finished buttering up the Giant Tsunami Turtle, so she decided to reveal her true intentions.

“Master godly turtle, are you trapped here too?”

The Giant Tsunami Turtle nodded its huge head. Being trapped there was an obvious fact, and there was nothing to hide.

“Master Godly Turtle, your rank is so high. You must have tried your best to escape, but failed?” Yun Chujiu asked tentatively.

The Giant Tsunami Turtle rolled its eyes. Obviously, it felt that Yun Chujiu's question was unnecessary. It was not stupid, of course it tried to escape! The point was that it could not!

“Then how did you get trapped here? Were you captured? Or did you enter by mistake? If it's the first reason, blink once. If it's the second, blink twice.” Yun Chujiu's biggest advantage was that she was thick-skinned, if it gets annoyed, so be it. I'll keep asking what I should be asking.

The Giant Tsunami Turtle blinked twice.

Yun Chujiu thought to herself, ‘So this b*stard also ended up here by accident. This is strange! This area was barren. Why is there an array formation here? Who would casually set up an array formation encircling a sea?! Wasn't that crazy?!’

“Master Godly Turtle, how long have you been trapped here? A year?”

The Giant Tsunami Turtle did not respond.

“Five years?”

The Giant Tsunami Turtle still did not respond.

“Ten years?”

The Giant Tsunami Turtle nodded its huge head.

Yun Chujiu couldn't help but feel discouraged. This Giant Tsunami Turtle was a level 13 demon beast. If she couldn't find a way out after ten years, how could she?

However, she soon became full of fighting spirit. Damn it, she managed to escape from the ancient sword tomb. She did not believe that this small pond would be able to trap her! There is always a solution to any problem. She would definitely find a way out!

Yun Chujiu blinked her eyes and said with a smile, “Master Godly Turtle, I have two presumptuous requests. I hope that you will not be angry if I ask them of you.”

The giant turtle glanced at her with contempt and impatience. Yun Chujiu translated it herself. ‘Damn it, you old bastard. You ate my food and acting haughty with me. Just you wait! Although I can't beat you, I can still teach you a lesson!’

“Master Turtle! I believe that you don't want to be trapped here forever, right? You entered this place by mistake, which means that this place is either somewhere in the sea or you triggered a teleportation array and got brought here unwillingly.

“I’ve been observing for the past few days. The water here is constantly flowing and not stagnant, which means that it has to be connected to a source of water. It’s very likely that this place is still in the sea where you used to live.”

Hearing Yun Chujiu’s words, the eyes of the Giant Tsunami Turtle couldn’t help but widen, ‘This little girl is quite smart. She’s right. I also suspected that this place is still in the sea where I used to live. It’s just that after all these years, no matter what I try, I can’t get out. I’ve been wandering around and always end up being in the same place. I can’t even find the edge of the boundary.’

“Master Godly Turtle, I have an idea, but I’ll need your cooperation. Firstly, please recall if there were any abnormalities when you first entered this place by mistake? For example, was there a full moon? or was there a tidal wave? or was there something else that seemed strange?

Second, I’m too short, and it’s forbidden to fly here so I can’t even see very far. Can you let me climb on your back and let me observe the entire area?” Yun Chujiu said with a smile.
