

The Yun Family's Ninth Child is an Imp! Chapter 794

Yun Chujiu saw the giant-winged bird's feathers stayed spinning on one spot. She stretched her neck and shouted, "Master Godly Turtle, listen to my command and charge forward!"

The Giant Tsunami Turtle was so excited that it did not think too much about being treated as a mount. It carried Yun Chujiu and swam in the direction she pointed.

Yun Chujiu was so proud of herself! So what if it was a level 13 demonic beast?! It would still obediently be my mount!

The Giant Tsunami Turtle did not know that the person on its back had gloated over being able to command it so easily. It followed Yun Chujiu's instructions and quickly swam to the giant-winged bird's feathers.

Yun Chujiu waved her hand and a purple lightning bolt struck straight ahead!

The Giant Tsunami Turtle was shocked. It thought that heavenly lightning had descended from the sky and almost dove into the water, the little human girl on its back said with a smile, "Master Godly Turtle, this is my lightning bolt. There is indeed a barrier in front of me. My lightning was blocked after I threw a bolt towards it."

The Giant Tsunami Turtle was dumbfounded. Could it be that I have fallen behind in ten years? Has the outside world become so strange? Can humans throw bolts of purple heavenly lightning now? And a little girl in her teens?

Yun Chujiu immediately threw a few more heavenly lightning bolts at the barrier in front of her! The barrier here was different from the barrier in the ancient sword tomb. It was an invisible barrier. Only after being attacked by spiritual power could one realize that there was a barrier in front of them.

The Giant Tsunami Turtle was dumbfounded again. 'Damn it, who can tell me why this little girl was able to throw bolts repeatedly? Even I can't do such a continuous spiritual attack.'

"Master Godly Turtle, don't just stand there. Hurry up and attack!" Yun Chujiu couldn't help but urge on the Giant Tsunami Turtle when she saw that it did not move.

Only then did the Giant Tsunami Turtle come back to its senses. 'I can't let this little girl look down on me. I'll let her see the power of a level 13 sea beast.'

The Giant Tsunami Turtle suddenly opened its mouth, and hundreds of water arrows shot out. Not only that, it swam forward for a short distance, and then swung its huge claws toward the barrier.

The Giant Tsunami Turtle could feel the existence of the barrier. It thought to itself, 'This human little girl is really smart. There really is a barrier here. As long as we work together to break it, we should be able to get out.'

The human and turtle attacked continuously for several hours, but they did not manage to break the barrier. Yun Chujiu had already mentally prepared for that outcome. If it were so easy to break the barrier, this place would not exist anymore.

"Master godly turtle, it seems that there is nothing more we can do today. Let's rest for the night. We will continue tomorrow." Yun Chujiu stopped attacking and said to the Giant Tsunami Turtle.

The Giant Tsunami Turtle thought to itself, although this little girl is smart, she is still young! This attack to break the barrier must be continuous. Once it stopped, all previous efforts would be wasted!

However, the spiritual power of the Giant Tsunami Turtle was almost exhausted, so it unwillingly stopped as well.

“Master Godly Turtle, don’t be discouraged. I will have a secret weapon tomorrow. We will break the barrier tomorrow!” Yun Chujiu said with full information.

The Giant Tsunami Turtle did not take it to heart at all. It thought that Yun Chujiu was just boasting. A child was just a child after all. After achieving some results, it started to show off! A secret weapon? What secret weapon could you possibly have? Could you be as powerful as this turtle? You overestimated yourself.

However, the next day, when the Giant Tsunami Turtle saw the secret weapon that Yun Chujiu mentioned, it was so shocked that its eyeballs almost fell out.
