

The Yun Family's Ninth Child is an Imp! Chapter 807

Just as the Giant Tsunami Turtle was feeling vexed, it saw the Bloodthirsty Sword Shark rolling violently, as if it was in extreme pain.

The Giant Tsunami Turtle was dumbfounded. 'Damn! Could it be that the little girl's meat was poisonous, and the Bloodthirsty Sword Shark's stomach is upset after eating it?!

The Bloodthirsty Sword Shark opened its mouth wide, as if it wanted to spit something out, but it had no effect. Instead, fresh blood flowed out, dyeing the seawater red.

The Giant Tsunami Turtle was delighted. 'Damn! Could it be that little girl's doing? Did she run into the Bloodthirsty Sword Shark's stomach and terrorize it??'

At that moment, Yun Chujiu was holding a large kitchen knife and hacking at the Bloodthirsty Sword Shark's mouth! Just now, at the moment when she was sucked into the shark's mouth, Yun Chujiu used sticky threads to fix herself on the Bloodthirsty Sword Shark's upper jaw. She also made the rolling pin grow longer to keep the Bloodthirsty Sword Shark's mouth open, as she did not want to suffocate to death.

Yun Chujiu realized that she was moving too slow with the kitchen knife, so she ordered the five immortal swords to stab at the shark's upper jaw. It was much easier than commanding it to fight the enemy!

'I'll stab you! I'll stab you! Stab! Stab!'

'You still want to eat me?! I'll kill you!'

.

Yun Chujiu commanded the five immortal swords to stab at the shark's upper jaw, and she shot out several purple lightning bolts. Those purple lightning bolts rushed toward the shark's abdomen!

The Bloodthirsty Sword Shark was really unlucky!

Being stabbed in the upper jaw was only a physical pain, but those small lightning bolts had taken its life! Those small lightning bolts struck toward the Bloodthirsty Sword Shark's internal organs. No matter how strong the Bloodthirsty Sword Shark was, it could not stand being struck by the lightning bolts, and it kept rolling violently.

The other Bloodthirsty Sword Shark wanted to go over to help when it saw this, but the turtle blocked it with a roar. It seemed that the little girl had succeeded. It could not let her look down on it. It had to kill this Bloodthirsty Sword Shark.

An hour later, the Bloodthirsty Sword Shark that had swallowed Yun Chujiu was dead.

Yun Chujiu then slowly swam out of the mouth of the Bloodthirsty Sword Shark. She put the body of the Bloodthirsty Sword Shark into her storage ring and then helped the Giant Tsunami Turtle to deal with the other Bloodthirsty Sword Shark.

The Bloodthirsty Sword Shark was no match for the Giant Tsunami Turtle. When it saw that its companion was dead, it became even more flustered. In less than fifteen minutes, it was bitten to death by the Giant Tsunami Turtle.

The Giant Tsunami Turtle swallowed the inner core of the Bloodthirsty Sword Shark and then cried a few times at Yun Chujiu in a fawning manner. Yun Chujiu, the foodie, immediately understood what the Giant Tsunami Turtle meant.

"Master Godly Turtle, do you want me to help you collect the corpse of the Bloodthirsty Sword Shark and take it out when you want to eat it?"

The Giant Tsunami Turtle nodded vigorously. Damn, this little girl was really smart. That was exactly what it meant.

Seeing the Giant Tsunami Turtle nod, Yun Chujiu put the body of the Bloodthirsty Sword Shark into her storage ring. Then, she and the turtle emerged from the water.

After such a fierce battle, the man and the turtle had more trust in each other so the rest of the journey was particularly smooth.

Yun Chujiu sat on the back of the turtle and saw a big ship from afar. She was pleasantly surprised. After such a long time, she finally saw a human!

“Master Godly Turtle, let’s part ways here! Keep these blood coagulation pills. I’ll come and play with you again when I have the chance!” Yun Chujiu said as she took out several bottles of blood coagulation pills and threw them at the Giant Tsunami Turtle.

Although the Giant Tsunami Turtle was a little reluctant to part with them, when it thought about how it could continue to live as an overlord from now on, it immediately pushed the reluctance to the back of its mind, dove into the sea and left!
