

The Yun Family's Ninth Child is an Imp! Chapter 854

Di Beiming examined it carefully and said after a moment of contemplation, "This formation should be some kind of ancient evil formation. It's most likely used to find The Eye of The Earth. Just destroy the formation leaves to disrupt it."

"If that's the case, then what are we waiting for?! I'm doing it! Such a sinister formation shouldn't exist. The people of the Godly Devil Hall are nothing. We'll kill them all sooner or later."

As Xue Wuji spoke, he attacked one of the array leaves with his spiritual power. Unexpectedly, a blood-red pattern of the Red Spider Lily appeared on the surface of the array leaf and dissolved Xue Wuji's Spirit Skull Bomb.

The three of them were very surprised. Xue Wuji's Spirit Skull Bomb was almost equivalent to the power of a ninth level of the spiritual emperor realm practitioner. How could it be dissolved so easily?

Yun Chujiu suddenly exclaimed, "Look! The blood in the blood pool had decreased! The Red Spider Lily was formed using the blood of these demonic beasts. If we continue to attack the array leaves, those demonic beasts will not survive! We have to save those demonic beasts first before we destroy the array."

Di Beiming and Xue Wuji thought that what Yun Chujiu said made sense. However, there were so many demonic beasts here that once they regained their freedom, they would probably be too weak to move. Moreover, there was only a narrow exit here. Most of these demonic beasts would not fit, so they had to find another exit first.

Yun Chujiu blinked her eyes. "That's easy! Let them into my spiritual beast bag and I'll release them later."

"Little Sister Jiu, you are so smart!" Xue Wuji said from the bottom of his heart. Little Sister Jiu was not only beautiful, but also smart. Unfortunately, she only had eyes for Di Beiming, who had a paralyzed face. Sigh! What a waste!

These demonic beasts had their spiritual power restricted. Then, they were fixed to the ground or hung on the roof by iron chains. Yun Chujiu comforted them first:

“We are not with those people from before. Don’t worry, we are here to save you. The exit here is very narrow, and it is underground. After the iron chains are cut off, I will let you into my spiritual beast bag. Don’t worry, you don’t have to recognize me as your master. After this evil formation is destroyed, I will release all of you at the mountain.”

The high-level demon beasts understood what Yun Chujiu meant and nodded their heads in agreement. Yun Chujiu started to save the high-level demon beasts. When the low-level demon beasts saw that nothing strange had happened to the high-level demon beasts, they also followed them in.

At that time, Secret Agent Huahua and An Feng had also finished searching the bodies of the silver-masked men. Just like the last time, they did not find anything other than Jade tokens and pills. They could only put away their bodies first for the four great sects to identify them, they wanted to see if there were any disciples from their sects.

The five of them worked hard for hours before they managed to save all the Demonic Beasts. Yun Chujiu saw that some of them had lost too much blood, so she fed them some low-level blood-replenishing herbs from the Great Void Mystic Realm.

After they had rescued the demonic beasts, the five of them began to attack the formation leaves. In the beginning, Red Spider Lilies would appear on top of the formation leaves to neutralize the spiritual attacks of the five of them. Only after the blood in the blood pool was depleted did their attacks become effective.

After attacking for nearly four hours, the group finally destroyed the evil formation disk. Yun Chujiu put the damaged disk into her storage ring and prepared to hand it over to the four great sects.

The five of them searched their surroundings, but could not find anything else or an exit. They could only expand the hole that they had used as the entrance before they got on their swords and flew back to the surface.
