

The Yun Family's Ninth Child is an Imp! Chapter 885

After they had some food, the five of them busied themselves once again. They began to make “masks” under Yun Chujiu’s instruction. After several experiments, this mask could only last for fifteen minutes, which was a huge consumption of resources. Fortunately, Yun Chujiu’s storage ring contained ample amounts of firewood and awakening pills.

The next day, the five of them continued to destroy the Infernal Mirage Flowers.

Yun Chujiu threw lightning bolts for a while before she realized that it was too slow. It was best if there was a faster and easier way!

“Master! It would be great if this thing was a dead branch. The living branches and leaves are all wet. It burns too slowly!” Flaming Three Tailed Fox King complained.

“Little Red, are you stupid?! If it were a dead branch, would you still need to burn it?!” Yun Chujiu rolled her eyes at it.

The Flaming Three Tailed Fox choked and stopped moving after realizing what he had said. He silently continued to spew more fireballs at the flowers after that.

Yun Chujiu rubbed her chin and thought for a moment, ‘Little Red’s words were not unreasonable. If she could think of a way to make the fire burn faster, that would be great!’

Yun Chujiu rolled her eyes and came up with an idea. She shouted at the four people in front of her, “Hey! All of you come over here. I have an idea.”

Di Beiming and the other four quickly gathered around her, “Little Jiu, what sort of idea do you have?”

“Hehe! Watch me!”

After Yun Chujiu finished speaking, she took out five large copper basins from her storage ring which were filled with rapeseed oil. "Let's pour this rapeseed oil onto those Infernal Mirage Flowers. I'll throw some more firewood into it. After lighting it up, brother Wuji, you should generate some wind. The wind will borrow the strength of the fire, and the fire will borrow the strength of the wind. This combination will definitely turn the fire into an inferno!"

"Little Sister Jiu, what if we hurt those trapped people?"

"Aiya, this Infernal Mirage Flower doesn't burn easily. The areas without the rapeseed oil and firewood will be extinguished quickly. If you're still worried, we'll just set up a quarantine zone somewhere nearby," Yun Chujiu said with a smile.

Xue Wuji repeatedly praised her, "Little Sister Jiu, how can you be so smart?! I really admire you!"

Di Beiming saw that Xue Wuji had started acting flirty again. He wished he could kick Xue Wuji toward the clouds. With a sullen face, he said, "In that case, let's hurry up and not waste any time."

Yun Chujiu transferred the firewood and rapeseed oil into the storage rings of the other four and then began to divide the work. A moment later, a raging fire started to burn.

Yun Chujiu said proudly, "How is it? A good idea is half of the recipe to success. The efficiency is much higher than before. Moreover, this doesn't consume spiritual power. I'm simply too smart!"

Xue Wuji was naturally the first to support her. He said sincerely, "Little Sister Jiu, didn't I say just now? You're the smartest and most beautiful girl I've ever seen."

Just as Yun Chujiu was about to pretend to be humble when she saw Di Beiming smirk and say, "Little Jiu, what I'm more interested in is where did you get all these jars of rapeseed oil? Why did you store so much rapeseed oil?"

Yun Chujiu laughed dryly. "I borrowed them all from the Spirit Radiance Sect's kitchen. I'm from a poor family, after all. You all know that old b*stard Tian Dao doesn't like me. Who knows, I might be trapped somewhere, so I naturally have to prepare everything.

"Let me tell you, not only do I have rapeseed oil, but I also have several jars of salt in my storage ring. There's also soy sauce, vinegar, and pepper noodles. Basically, I have everything I need to start a restaurant if I wanted to!"

Di Beiming and the other three were once again struck speechless....
