

The Yun Family's Ninth Child is an Imp! Chapter 945

"Grandfather, don't stop at spirit cultivator! You still have to ascend in the future! When the time comes, help me and the Pretty Boy take care of our child! Hehe!"

Yun Chujiu's words reminded Yun Xiaotian, "Little Jiu, grandfather wants to ask you what your plans are. In a few months, you will reach marriageable age. Are you considering getting engaged or getting married to that Beiming child?"

"Grandfather, although he treats me well and we are in love, the gap between the two of us is too big. Although he doesn't care about things like spiritual power or family background, many others don't think the same way. Therefore, I have to work hard to become strong enough to stand side by side with him."

"Silly child, since ancient times, haven't men been strong and the women weak? Isn't he also living a good life? A girl like you is more or less good enough." Yun Xiaotian said this not because he looked down on Yun Chujiu, it was because he felt sorry for her. It was too hard for her to carry so much on her shoulders at such a young age.

"Grandfather, I want our love to be equal. I don't want to be any of us to be superior. I don't want to be dependent on others. The love I want is for two people to have the same vision and the same language. This kind of love will become stronger and stronger over time. It won't fade with the deterioration of my appearance, and there won't be groundless speculation because of my inferiority complex."

Yun Xiaotian was stunned. Although he could not understand what Yun Chujiu was thinking, he knew that Yun Chujiu had her own ideas, he could only say, "Alright, since you have your own plans, then do as you wish. No matter what you do, grandfather will support you!"

Yun Chujiu's heart warmed. Although the old man in front of her had no blood relationship with her, he had always been very kind to her. She would repay him well.

“Cough cough! Little Jiu, there was something that grandfather shouldn’t have said. However, your mother wasn’t around, so grandfather had no choice but to thicken his skin and tell you. Before you marry that Beiming child, don’t do anything that you shouldn’t do. If you marry him, you’ll be his concubine. Don’t let the Beiming family find fault with you.”

Yun Chujiu nodded. She knew that Yun Xiaotian was doing this for her good. Not to mention anything else, with her current small body, she would not dare to do anything bad even if she wanted to.

Yun Xiaotian only relaxed when he saw Yun Chujiu nod her head. Although Yun Chujiu had never told him about Di Beiming’s family matters, he had lived for so long and was very worldly. That child’s family background was probably complicated, in the future, he might not agree to the marriage between the two. If they were separated at that time, if they did not take the final step yet, Little Jiu would still be able to recover from it.

The grandfather and granddaughter chatted for a long time. Yun Chujiu only returned to the Spirit Radiance Sect after dinner.

A month later, Yun Chujiu and Feng Ming reached the peak of the ninth level of the spirit sovereign realm at the same time. They were about to undergo the tribulation and ascend. Almost all the influential people in the Azure Mystic Continent had gathered in front of the Spirit Radiance Sect’s main gate. No one in the Azure Mystic Continent had ascended for thousands of years. They did not expect that four people in the Spirit Radiance Sect would do it at once. Moreover, they were all young people who had not even reached the age of twenty-five. It was an enviable situation.

Originally, Yun Chujiu had wanted the location of the ascension to be at the back of the Middle Peak. However, seeing that there were so many people gathered to watch, she had no choice but to change the location to the empty space in front of the Spirit Radiance Sect. This way, it would be convenient for everyone to watch the ceremony without any potential collateral damage.

Di Beiming and Xue Wuji also rushed over from the Tian Yuan continent, afraid that Yun Chujiu would have some mishaps along the way.

Feng Ming and the other two were very anxious. To ascend, they needed to withstand Nine Heavenly Thunders. They were not confident in their hearts. This spiritual power had risen too quickly and they were not yet in full control of it. This feeling was similar to the feeling that although they had money in their pockets, they still felt like they had borrowed it..
