

The Yun Family's Ninth Child is an Imp! Chapter 950

What she did not expect was that the protective array that could be considered a life-saving method in the Azure Mystic Continent was broken through by the Demon Wolves in less than half an hour.

Fortunately, Yun Chujiu obtained a few protective arrays and quickly activated them one by one. Yun Chujiu took advantage of the gap in the fighting to think of a way through their predicament. No matter what, she could not just accept her fate. She had to think of a way to escape.

However, the more Yun Chujiu thought about it, the more she felt that there was no way to survive. She had already used all the methods that she could. The Great Void Mirror could only produce demon beasts below level 9. They were too weak so it would be useless. Under the pressure of those Demon Wolves, they would immediately collapse to the ground, it would not be of any use at all.

Furry had a limited number of sticky silk nets. Moreover, this was a sandy land, so the sticky silk nets would not be of much use.

There were some poisonous pills, but these demonic wolves were very shrewd. They would hold their breath when she raised her hand, and it was of no use at all.

Could it be that they could only await their deaths?

“Little Mirror, can you let us enter the Great Void Mystic Realm?” Yun Chujiu asked the Great Void Mirror with her consciousness.

The Great Void Mirror swayed, and Yun Chujiu sighed. As expected, it still could not do it. Only the Strange Grass in her Dantian could be of some use. The other two were completely useless.

The Great Void Mirror could at least provide some low-level demon beasts and spiritual herbs. Only that damn Black Bead, other than eating, could do nothing else. It was a f*cking glutton.

The Black Bead seemed to have sensed Yun Chujiu's resentment, and it trembled with pride, showing off its power. Yun Chujiu was so angry that she cursed, "F*ck! Glass Ball, don't be so proud. If I die, you can eat dirt in this desert!"

The Black Bead trembled indifferently as if it had nothing to do with Yun Chujiu's impending death!

Yun Chujiu was so angry that she almost hit the wall. She thought that if she provoked it, the Black Bead would burst out with some mysterious power. She did not expect it to be a good-for-nothing, just waiting to die. She was so angry that she almost died from frustration.

At the critical moment, she could not count on any of them. What should she do?

At that time, Yun Chujiu only had the last protective disk in her hand. She was not willing to use it immediately and was prepared to only use it at the critical moment. After a short rest, Feng Ming and the other two had recovered some of their physical strength and spiritual power. The four of them once again started to fight with the Demon Wolf Pack.

Although the four of them and two beasts were fighting with their lives, the difference in strength was too great. Little Black Rat and Little Red were the first to fall to the ground. Yun Chujiu had no choice but to put the two of them into her spirit beast bag. Soon after, Feng Ming and the other two fell to the ground with injuries even more serious than the previous time. The three of them felt that they were really done for. There was no way for them to survive.

Yun Chujiu was also cut by the Demon Wolf's wind blades. However, she had the Strange Grass's healing and she fared slightly better than Feng Ming and the others. However, she could only parry the attacks and did not have the strength to fight back.

"Junior Sister Little Jiu, just leave us. You can escape by yourself. There might be a chance for you to survive!" Feng Ming screamed. Junior Sister Little Jiu was agile. Without the three of them holding her back, she might be able to escape.

Yun Chujiu ignored him and continued to do her best to protect Feng Ming and the other two.

The Wolf King was a little impatient. It thought that the four weaklings would be taken down soon, but they had been delayed repeatedly. It was embarrassing. The Wolf King roared angrily and the Demon Wolf pack intensified their attacks.

Yun Chujiu could not hold on any longer. A Demon Wolf opened its bloody mouth and was about to bite Yun Chujiu's left leg. Fortunately, the Little Black Bird immediately cursed. The Demon Wolf staggered and was stabbed in the eyes by Yun Chujiu's immortal sword. Only then did it retreat.

At the critical moment of life and death, the Little Black Bird shouted, "Master, Little Black Bird, and the others said that they want to help you take care of the pack of wolves."
