

The Yun Family's Ninth Child is an Imp! Chapter 963

The square was filled with a hubbub of voices. Yun Chujiu swept her gaze across the crowd. None of them were weaker than them in terms of spiritual power. When the crowd saw the four of them throwing looks of disdain at them, they could not believe that such trash would still want to apply for the Tianyuan Academy. It was wishful thinking!

Yun Chujiu and the other three stood at the back of the line, waiting for their turn to register.

Although many people came to register, there were dozens of people who were in charge of registering, so things still proceeded smoothly.

Two hours later, it was Yun Chujiu's turn.

The person in charge of registering glanced at Yun Chujiu and curled his lips. "Are you sure you want to register?"

Yun Chujiu cursed in her heart, 'F*ck, you're being biased. Why didn't you ask those people who signed up before? Why was she the only one being questioned? Why couldn't she sign up just because her spiritual power was low?'

Although she cursed in her heart, she didn't show it on her face. She responded calmly, "Yes, I want to sign up."

"Fill out this form. The registration fee is ten high-grade spiritual stones." The person attending to Yun Chujiu said in his heart, 'This kind of person was the source of free income for our Tianyuan Academy. It would be strange if such a person could pass the exam.'

Yun Chujiu filled out the form and handed it to the man who was in charge of the registration. The man glanced at it and then cried out strangely, "Origin, Azure Mystic Continent?"

“You ascended from the Azure Mystic Continent?”

Yun Chujiu nodded. “That’s right.”

“No wonder you’re so weak! Our Tianyuan Academy has never recruited students from Azure Mystic Continent because the people of the Azure Mystic Continent are too weak. Those who ascended from the Azure Mystic Continent are already several hundred years old.” The man’s tone was filled with deep disdain and the arrogance typical of a person from the Tianyuan continent.

“Teacher, don’t be so absolute. We will find out what happens in the future” Yun Chujiu said lightly.

The man was stunned. He did not expect Yun Chujiu to dare to speak out, he sneered, “We will find out in the future? Fellow student, I am not trying to discourage you. With your talent, it is simply wishful thinking for you to enter the Tianyuan Academy. I advise you to give up on this idea!”

The people behind him also mocked her, “That’s right, a good-for-nothing from the first level of the spirit sect still wants to enter the Tianyuan Academy. It’s simply like a toad trying to eat swan meat!”

“I heard that the people of the Azure Mystic Continent are all poor. Ten high-grade Spirit Stones is not a small amount. It’s better to keep them for food, or else they won’t be able to live on!”

“Tsk! With their weak state, do you think they can establish a foothold in our Tianyuan continent? I reckon they can only do some hard work. That little girl is not bad-looking. It should be alright to go to the Yicui Tower to find a job!” A triangular-eyed man said with a lecherous look.

As soon as he finished his sentence, he was slapped twice on his face.

The triangular-eyed man was stunned by the slap. After a while, he realized that it was the little girl named Yun Chujiu who hit him. He was immediately enraged. "Stupid girl! What right do you have to hit me? You are courting death! I will sell you to the pimps right now!"

Yun Chujiu looked at him coldly. Then, she suddenly jumped forward and slapped the triangular-eyed man several times. Then, she took out a large kitchen knife and placed it on the man's neck. "Shut your stupid mouth, or I will make you mute forever!"

The crowd never expected Yun Chujiu to actually start beating him up at the slightest disagreement. This was the registration venue of the Tianyuan Academy, where did she get such courage from?!

Also, that man should be at the third level of the Spirit sect.. How could he be beaten up so easily by that little girl?
