If You Want to Know Where Your Husband Is, Come and See Me Quickly

Nian Lie did not return for many days after that.

Ning Qing thought about his previous words and had a one in ten thousand chance of understanding what he meant. However, Nian Lie did not come back.

Therefore, the only way she knew about his recent situation became the headlines on the Internet.

“The Nian family’s Young Master will not return to his love nest for a few days. He and his wife are suspected to have a divorce.”

“A C-list pure female celebrity is in a heated relationship. Her mysterious boyfriend has sent her back and forth to the hotel multiple times.”

“Female celebrity’s mysterious boyfriend has been exposed. He looks a lot like President Nian.”

“ ... ”

Ning Qing scrolled through the screen and finally found a blurry photo.

The woman on top had a curvy figure and long legs. The man was wearing a black suit. Although the side of his face was blurry, it was not difficult to see his shockingly handsome face.

Heh, they were similar.

This marketing account was really tactful. Was he afraid of being banned by the Nian family?

Ning Qing sneered. She had clearly seen the man’s face. Who else could it be but him?

She thought that he was very deeply in love with her sister.

So this was all.

Ning Qing’s fingertips slid down. Just as she saw a woman’s name, the page suddenly disappeared.

She refreshed for a long time before all the information regarding Nian Lie and that woman disappeared.

Ning Qing looked at her phone and muttered to herself, "You're so fast, Nian Lie. You're really afraid that your reputation will be affected."

This action disgusted Ning Qing.

She flipped through it casually and was no longer in the mood.

She was about to throw away her phone when a message came in.

It was an unknown number.

"If you want to know where your husband has been recently, come see me in Jing Yue in an hour."

The name was signed Bai Yangyang.

A dark light flashed across Ning Qing's beautiful eyes. Suddenly, a smile appeared on her face.

She was not anxious about pushing her down, but there would always be someone more anxious than her.

Ning Qing's recent gloominess was swept away. She went upstairs unhurriedly to put on makeup and change into suitable clothes before getting a taxi to Jing Yue.

Jing Yue was a high-class private clubhouse with very high privacy. Almost all the shady things in the wealthy circle were done here.

After Ning Qing said Bai Yangyang's name, the manager led her into a private room.

As soon as she entered, the scantily clad woman greeted him.

"Sister, you're here. Sit down."

There was a fawning tone in her enthusiasm.

Ning Qing did not speak. She sat down with her and looked at him intently.

The woman had a voluptuous figure and a beautiful face. She had the most popular makeup of a young girl. No matter what expression she wore, she looked innocent.

Ning Qing stared into her eyes. A strange feeling surged in her heart, but she did not show it.

She was very calm and held her posture slightly.

“Tell me, why are you looking for me?”

Bai Yangyang poured a cup of tea and pushed it over. Her lips curled into an appropriate smile. “Sister, don’t be anxious. I don’t mean anything else. I just want to chat with you.”

“About what?”

Bai Yangyang paused as if she was organizing her words.

Ning Qing looked unhappy. “If you asked me to come here to make me see you in a daze, I’m sorry. I don’t have time.”

She got up and walked to the door.

Bai Yangyang was anxious and stopped her in a panic. “Don’t you want to know where President Nian has been recently?”

Ning Qing stopped.

Bai Yangyang thought she had her weakness, and disdain appeared on her beautiful face.

“As an ordinary woman, you can still marry into the Nian family with a weak body. I think your means must be very impressive.”

Ning Qing turned around and warned coldly, “Watch your words.”

Bai Yangyang smiled. “You’re already here. You really care about President Nian, right? Do you really want to know why your husband hasn’t been home all night recently?”

“...”

Bai Yangyang raised her sharp chin. “I’m telling you, he has always been with me.”
