Chapter 33

Lacey felt totally disappointed when she watched the scene in front of her.

Lacey felt totally disappointed when she watched the scene in front of her.

All this while, grandpa had favoured the families of Uncle Jeremy and Uncle Scott. He has always looked down on dad.

To change her family's situation, Lacey had worked hard and gone through hardships to find this steel mill with some measure of achievement.

Every year, she was the one who brought in the most money for the Hinton family.

She had never thought that all her sacrifices could not compare to the two uncles' sweet talk.

And now, to merely climb the social ladder, the Hinton family would sacrifice her personal happiness.

A family like the Hinton family was not worth her trying to protect it.

Lacey laughed manically and scolded them, "Stop it, all of you!"

"You evil beast, how dare you talk to your elders like this..." Uncle Jeremy reprimanded angrily.

Suddenly, Lacey picked up a pair of scissors and aimed it at her throat. "Get out, give me some peace and quiet, or else, I'll kill myself in front of you all."

Instantly, there was silence.

Hannah Lawson felt her body give way. She collapsed on the floor, crying. "Lacey, are you trying to take away my life? Please put down the scissors. Just put it down. If anything happens to you, I cannot go on living."

Lacey sighed, "Mom, all of you go out. Grant me some peace and quiet. Leave me alone."

Daniel Hinton went wild. He wiped the cold sweat from his brow before bellowing, "Get out, all of you! If anything happens to my daughter, I'll kill you all."

Jackson Hamilton, who had been silent all this while, spoke, "Lacey, I know that at this point, you don't realize the truth. Let me tell you about the real situation. Last night, I sent men to search for the Fearsome Foursome, but they were nowhere to be found. This means they've murdered someone and have run away to escape the law. All these points to the fact that Zeke is dead. Besides that, Darren Collins will not let any of your family members escape. If I don't help, the whole Hinton Family will be buried together with you. You'd better think about your choices carefully."

Adam Hinton banged on the table angrily. “Let go of her, Zeke, let her go! I'll never recognize you as a son-in-law of the Hinton family. If you really care about Lacey's wellbeing, leave her as soon as possible.

You may have escaped death this time, but Darren Collins will not let you off easily. You'll only bring calamity upon the Hinton family. Only Jackson Hamilton can help my family now. You go as far away as possible!"

Adem Hinton banged on the table angrily. "Let go of her, Zeke, let her go! I'll never recognize you as a son-in-law of the Hinton family. If you really care about Lecey's wellbeing, leave her as soon as possible. You may have escaped death this time, but Derren Collins will not let you off easily. You'll only bring calamity upon the Hinton family. Only Jackson Hamilton can help my family now. You go as far away as possible!"

With eyes full of fury, Zeke glared at Adem Hinton.

Yes, this is definitely the man who forced Lecey to pick up the pair of scissors!

All of a sudden, Jackson Hamilton proclaimed gleefully, "Everyone look, Derren Collins's here with many people. Lecey, this is your last chance, I'm advising you, don't suffer more than necessary."

Adem Hinton took a look at the scene outside. Upon seeing Derren Collins, he turned pale instantly.

He immediately went to try and separate Lecey and Zeke from each other.

However, Zeke stretched out his hand and blocked him. "Whoever dares to touch Lecey will die!"

Adem Hinton turned beet red, "You evil creature, you've brought death to my whole family..."

At this moment, Derren Collins walked in with a group of people.

Adem Hinton quickly spoke up, "Mr. Dawson, all this is the fault of Zeke. It has nothing to do with the Hinton family. If you want revenge, get Zeke. Even if you kill him, we shall not interfere."
