Chapter 391.1:

The movement here naturally disturbed Gao Yue who has been paying close attention to this place. Soon, when Gao Yue saw the fifth grade lingzhi mushroom jade pill, she was inevitably caught in a sluggish state.

Even if Yang Chen was likely to reach the realm of the fifth grade alchemist master, Gao Yue did not think of it at the moment and now Yang Chen has reached this point. For a time, Gao Yue became a bit dumbfounded. Suddenly, she didn't know how to describe him as a disciple and a husband, a genius or a monstrous talent?

Yang Chen did not let Shi Shanshan wait for a long time. After he finished refining the fifth grade lingzhi mushroom jade pill, he only recovered and practiced for a day and night, and then went with Shi Shanshan to a place she didn't know

Gao Yue and Sun Qingxue, they knew that Yang Chen and Shi Shanshan were going out for Yang Chen's challenge to Shi Shanshan. However, neither of the two women followed.

Sun Qingxue remembered firmly that when she and Yang Chen were in the secret plane, they were in the foundation stage and Yang Chen killed the Yuanying stage praying mantis in an instant. Although sister Shanshan was powerful, there was still some gaps compared with the five praying mantis.

As for Gao Yue, she has never doubted Yang Chen's combat effectiveness. The corpse of the second city master has been refined and placed in her Qiankun bag. For the challenge of Yang Chen and Shi Shanshan, Gao Yue has never doubted the result.

It was estimated that the palace master and the elders were not worried about the request of Shi Shanshan. They were only worried about the requirement of the fifth grade medicinal pill by the Blue Cloud Sect. But now Yang Chen only used a short three years, and all of them have been resolved in the time of alchemy. It seems that Gao Yue must also inform the sect to prepare for the marriage.

The pride of Shi Shanshan, the two women seem to understand that was why they have not followed, that was, they were afraid that Shi Shanshan would not look good after losing in front of them.

However, this move in the eyes of Shi Shanshan, had the opposite meaning. Gao Yue and Sun Qingxue were already Yang Chen's wife, so they didn't want to see the face of their husband if he lost.

Where the two people fought, Yang Chen chose a small valley in the Meiqing Mountain that was not noticeable. Putting a set of arrays made by Gongsun ling into the surrounding area, it formed a powerful illusion array. When outsiders came over, they could not know what happened in the array.

"Ready?" Yang Chen stood barefoot with Shi Shanshan, looking at the unarmed Shi Shanshan and asked quietly.

Shi Shanshan nodded and didn't make a sound, but she seemed to have brought out the spiritual power of her whole body.

"First time" Yang Chen extended a finger.

Buzz, Shi Shanshan was waiting for Yang Chen's attack. Suddenly a dull bell sound like a direct sound from the soul was heard, there was almost no reaction. Shi Shanshan's spiritual awareness was shaken and she fainted.

She didn't know how long it took, Shi Shanshan woke up from a coma. Upon regaining consciousness, Shi Shanshan bounced from the ground and noticed that there was no slight abnormality in her body, only then did she begin to observe the surroundings.

Yang Chen was sitting not far away and Shi Shanshan found out now that she had just got up from a wooden bed, it seemed that she had been lying on a wooden bed.

She has just been in a coma, Shi Shanshan has rich experience in combat. How could she not know that Yang Chen has launched a spiritual awareness attack? However, in this moment, relying on a magic weapon to stun herself, Shi Shanshan really does not want to admit this failure.

"You rest for a while, we shall continue." Yang Chen seems to have seen the thoughts of Shi Shanshan long ago, with just a gentle smile, he handed Shi Shanshan a calming spirit pill. This set of pill could quickly calm people, for Shi Shanshan, this was a good fit .

“Come again” Shi Shanshan did not reject Yang Chen’s kindness, she immediately took the medicinal pill and meditated. Soon, Shi Shanshan sent an invitation again to Yang Chen.

“Second time” Yang Chen extended two fingers.

This time, Shi Shanshan did not give Yang Chen any chance. When Yang Chen’s voice just fell, Shi Shanshan’s flying sword was already on Yang Chen’s body. Of course, what was embarrassing was that it was on Yang Chen’s thigh. This kind of challenge, of course, Shi Shanshan would not give Yang Chen any consideration.

Bang, the sound of a crisp metal crash sounded and Yang Chen’s body stood still in the same place, and the flying sword that slammed on his body was directly bounced off. Yang Chen’s body had no slightest injury.

Bang, Shi Shanshan was relentless and several consecutive sword strike was made. This time, not only the thighs, but also the chest and abdomen were attacked.

It was a pity that no matter how Shi Shanshan urged her flying sword, Yang Chen’s body was like a piece of steel, it was still without any damage.

“Don’t you have another praying mantis puppet? attack together.” Yang Chen stood in the same place, even after receiving a few swords attacks from Shi Shanshan, he even reminded Shi Shanshan that she should use the Yuanying stage puppet to fight.

In the heart of Shi Shanshan, Yang Chen also provoked flames of anger with this remarks and she released the praying mantis without thinking. As soon as the puppet was released, the huge forearm was like a sharp knife, and it attacked Yang Chen.

It’s a pity that even the peak Yuanying stage praying mantis still had no use when it reach Yang Chen’s body. There was no reaction except for a few low sounds.

How could this be? Shi Shanshan was really shocked for a while. She didn’t even react when Yang Chen stepped forward. Until Yang Chen put a flying sword on her neck, Shi Shanshan realized that this time, she seemed to be defeated again.

“According to the Green Jade Immortal Island requirements, you should already be my wife.” Yang Chen put away his flying sword, standing in front of Shi Shanshan, he gently lifted the chin of Shi Shanshan with his hand, in the confused state of Shi Shanshan, he gently kissed her lips.

Shi Shanshan’s eyes regained their clarity, her hands directly pushed Yang Chen out, subconsciously she reached out to wipe her lips, her heart was full of anger.

“You just rely on a defensive magic weapon, the victory won’t count.” Even if it was two consecutive defeats in Yang Chen’s hands, Shi Shanshan was still somewhat unconvinced. In particular, this time, Yang Chen relied on the defensive magic weapon and took the opportunity of her own shock to succeed.

“Well, I don’t have to defend with the magic weapon.” Yang Chen’s quickly replied, directly sticking out three fingers, he directed it at Shi Shanshan “The third time?”

When Yang Chen shouted for the third time, Shi Shanshan’s figure had already rushed up quickly. She firmly believed that Yang Chen would never be her opponent once he had no magic weapon for defense.

Peng, a red smog suddenly slammed in front of Shi Shanshan and then Shi Shanshan noticed danger. A few vines like snakes entangled her hands and feet.

Chapter 391.2:

Suddenly, Shi Shanshan wanted to use the flying sword to cut the vines. However, just after a moment of thought, she suddenly realized that she began to feel dizzy and those vines seemed to have some small thorns, and they instantly penetrated into her body.

Only in a short time, Shi Shanshan did not have any strength in her whole body and the flying sword in the air also slammed and fell to the ground. Her body began to fall down softly and then she fell into the arms of Yang Chen.

“So what about this time?” Yang Chen skillfully picked up Shi Shanshan’s body horizontally, then with a soft kiss, he kissed Shi Shanshan’s lips again. Shi Shanshan didn’t even have the strength to struggle. She could only let Yang Chen do what he wanted.

At the moment when their lips touched, the red smoke and the vines disappeared without a trace, and a greenish rattan appeared quickly, turning a circle around Shi Shanshan's body, which was so soft. It quickly dispersed Shi Shanshan's weakness.

When her body recovered its strength, Shi Shanshan pushed Yang Chen away. She was still somewhat unconvinced, she asked Yang Chen "What is that?"

"Blood demon vine" Yang Chen did not conceal it from Shi Shanshan and he quickly replied.

Hearing the bloody vines, Shi Shanshan could not help but be shocked. However, after checking her body, she found that she was relieved of the fact that she had just been punctured by only a few small mouths.

However, it was made by this kind of fierce thing. Shi Shanshan still had some inexplicable discomfort when she stared at Yang Chen. Although she did not say much, the expressions and gaze on her face clearly showed her dissatisfaction.

"Well, the fourth time," Yang Chen, this time, extended four fingers.

Shi Shanshan's body shape suddenly moved, a sword light rushed towards Yang Chen, and not far away was the praying mantis puppet, waving its arms and it also rushed up.

In Yang Chen's hand, a long shadow instantly flew out. The long shadow was as flexible as a living thing in the air, and it entangled the puppet not far away. When the puppet became still, Shi Shanshan saw it clearly, it was a five coloured rope.

With the power of the Yuanying stage praying mantis, it was still unexpectedly unable to break free, even when Shi Shanshan control the puppet use its greatest strength nothing changed.

However, Shi Shanshan, who has rich experience in combat, knew that it was not a time to be in a daze. Just because she was surprised by Yang Chen, so even if the puppet had been restrained, but Shi Shanshan's flying sword still rushed to Yang Chen.

Dangdang, Shi Shanshan's flying sword was blocked by a flying sword that appeared out of thin air. Shi Shanshan wanted to turn the sword in another direction, but the result was the same. Another flying sword appeared, blocking Shi Shanshan's flying sword again.

Next to Yang Chen's side, there was a lot of flying swords, and quickly it formed a sharp sword array, which covered Shi Shanshan.

As a sword cultivator, Shi Shanshan certainly understood the power of the sword array. However, any array has flaws, and this sword array must be no exception. Shi Shanshan continued to test it to find its flaw but failed.

Forty-nine flying swords, were flying around Shi Shanshan's body, as if Shi Shanshan did not attack, the flying swords would not respond. Shi Shanshan stared at the flying swords for a long time, and then made up her mind, taking advantage of her body protection magic weapon and her speed, she moved in the direction of Yang Chen.

This movement was like igniting the sword array. Forty-nine flying swords instantly turned into fierce weapons, violently smashing toward Shi Shanshan's body.

When a dangdang sound was heard, only three sounds had passed, Shi Shanshan relied on a body armor to defend against the attack. Then, at least four flying swords pierced the body armor, but when the blade touched Shi Shanshan's skin it stopped.

Shi Shanshan once again understood that this was Yang Chen showing mercy. She could only suddenly take back her flying sword and stand still, not moving.

Yang Chen did not withdraw the sword array, but slowly walked over and kissed on the lips of Shi Shanshan, who was standing close to the forty-nine flying swords and then he waved and removed the sword array and the binding on the praying mantis puppet.

The rope was clearly the five-row hook that Yang Chen obtained from the treasure house of the Dragon Palace. It was refined from the five elements of the dragon's ribs. Not to mention that the praying mantis was just a peak Yuanying stage puppet, even if it was wrapped around a dacheng stage master, it would not necessarily be able to break free.

As for the sword array, it was the seven-step array of Yang Chen from the dome. This method has outdone several Yuanying stage masters and dealing with Shi Shanshan was simply too easy.

“Do you have to rely on these foreign objects to defeat me?” The fourth time she was defeated by Yang Chen and her lips were kissed three times by Yang Chen. Shi Shanshan was still somewhat unconvinced.

“Well, I won’t use these foreign objects.” Yang Chen directly raised his right hand “The fifth time.”

This time it was not Shi Shanshan who took the initiative to attack, but it changed to Yang Chen. As soon as the voice fell, Yang Chen’s two hands each had a thin flame and they flew toward Shi Shanshan.

The flame was purple and a cyan. Although the color was weird, the flame was too thin and looked unremarkable. It could be said that the flame was not too excessive, it was very appropriate to use hot silk to describe it.

If it was not that Shi Shanshan knew that Yang Chen was definitely a fire controlling expert, maybe she would have ignored these two fires. Looking at this scene, Shi Shanshan did not dare to have any carelessness.

Under the control of Yang Chen, the two filaments were slender and flexible and Shi Shanshan was almost entangled in an instant. Even if Shi Shanshan had already controlled the flying sword several times, she could not break the two pieces of fire. She used water attribute magic weapon to suppress it, but when the magic weapon touched the fire, it was like the melting of the candle, it did not work at all.

The two fires were like a rope and Shi Shanshan was trapped in it. Another body armor that Shi Shanshan just sacrificed, when it hits the fire, it burned until the fire shattered it. Not letting her move at all, Yang Chen went forward again and asked with a smile “How about this time?”

Shi Shanshan snorted, but did not say anything. Although in her heart she has already admitted that Yang Chen was absolutely unique and powerful, but she didn’t know why, Shi Shanshan still doesn’t want to give in.

Yang Chen didn’t mind, just kissing again on Shi Shanshan’s lips and then gathering back all the flames. He stepped back, stretch out two fingers, he made a six-gesture and said “the sixth time”.

Chapter 392.1: Subduing Shi Shanshan

Unconsciously, Yang Chen's hand was holding a unique flying sword, its color was blood red, which allowed one to see that it was a certain kind of plant refining.

The strange thing was that the hilt was very strange, a sly ghost head spit out the blade in the mouth, but the hilt itself seems to be a living thing, twisted and circled above Yang Chen's hand and wrist, it was very strange.

Shi Shanshan was secretly surprised, but her face did not show any expression. When Yang Chen picked up the flying sword and he snorted.

This time, Yang Chen still stood still in the same place, but raised the long sword in his hand and looked at the coming flying sword.

Even in his hands, Yang Chen's speed was still exceptionally fast. No matter how fast Shi Shanshan's flying sword was, from which direction it came from, it couldn't escape Yang Chen's sword.

Scoff, a slight sharp edge cutting into a tofu sound was heard, the flying sword of Shi Shanshan was easily smashed into two pieces by Yang Chen's sword.

After smashing the rest of the flying sword, Yang Chen's figure slammed into the front of Shi Shanshan and Shi Shanshan had just called another flying sword, but Yang Chen's sword destroyed it once again, then Yang Chen's sword was placed on the white tender neck of Shi Shanshan.

"Don't tell me this is your life source flying sword!" Yang Chen did not apologize for breaking the sword of Shi Shanshan. When needed, Yang Chen could send Shi Shanshan several hundred flying swords.

"You are taking advantage of your stronger flying sword. With the help of foreign objects, I am not satisfied!" Shi Shanshan's tone did not soften. Looking at Yang Chen, she was still unconvinced.

Yang Chen leaned forward, his lips glimpsed again on Shi Shanshan's red lips, he retracted the bloody demon vine sword held by Xiao Tian and then found an ordinary flying sword and threw it in the air.

“The seventh time!” Yang Chen made a seven-handed gesture with one hand. The flying sword in the air made a few circles in front of him, indicating that Shi Shanshan could come again.

Shi Shanshan also took out a flying sword from her Qiankun bag again and attacked Yang Chen.

The last two kisses by Yang Chen, Shi Shanshan has not resisted much. It seems that it was because of Yang Chen’s effort, so she could not resist, but Shi Shanshan understood that her heart seemed to have accepted such a thing.

When Yang Chen kissed her for the first time, Shi Shanshan pushed Yang Chen and wiped her lips with her hand. But now, Shi Shanshan made no such action, even when she was stopped by Yang Chen, and her lips come up, there were still some thoughts in her heart.

After being beaten by Yang Chen six times in a row, Shi Shanshan actually had some admiration for Yang Chen. Although Shi Shanshan still had a hard mouth, Yang Chen seems to have beaten her when she was in the best state of consciousness. It seems that he did not violate her conditions.

However, for Shi Shanshan’s mouth being hard, Yang Chen did not mind. This situation has already been anticipated by Yang Chen. The reason why he has raised ten challenges was him taking this into account. He wanted to defeat Shi Shanshan in all aspects and let Shi Shanshan be convinced by him.

It’s not the case that Yang Chen wanted to use the benefits of his flying sword to win, but to use his pet to defeat Shi Shanshan. However, Shi Shanshan seems to have some misunderstandings. Yang Chen simply retracted Xiao Tian and used only the sword.

Even if there was no Xiao Tian, Yang Chen’s skill in the sword was under the control of his middle dacheng stage spiritual awareness and the power was not the same. Although there was no thought of killing Shi Shanshan, but he also won’t let Shi Shanshan have it easy.

The flying swords controlled by the two began to meet in the air. However, every impact of the flying sword would cause Shi Shanshan’s mind to surge.

Yang Chen's flying sword had great strength. When he hits Shi Shanshan's flying sword, he could always bring a trace of damage to Shi Shanshan's flying sword. This was not the damage of the flying sword body, but the connection between Shi Shanshan and the flying sword was reduced.

The flying sword controlled by Yang Chen was extremely fast and very flexible. While hitting Shi Shanshan's flying sword, he could always maintain enough offensive to make Shi Shanshan completely immobile, she could only control her own flying sword to resist.

But this way, it was the opportunity for Yang Chen's flying sword to hit Shi Shanshan more frequently. The more the number of impacts, the more Shi Shanshan found that she could no longer control her flying sword like her finger and even the defence could not be maintained.

Yang Chen did not care about it. After a series of deliberate attacks, Shi Shanshan's flying sword could no longer be controlled. It directly disconnected from Shi Shanshan's spiritual awareness and fell to the ground.

After experiencing Yang Chen's attack head on, Shi Shanshan even felt that her own sea of consciousness was a bit painful. Under the shock in her heart, Yang Chen's flying sword had once again landed on Shi Shanshan's neck.

"How about this time?" It was not known when Yang Chen had stood opposite Shi Shanshan and looked at Shi Shanshan's appearance and he asked with a smile.

Shi Shanshan just snorted, but did not turn her face away. Yang Chen smiled and moved forward, Shi Shanshan seemed to have felt guilty and she closed her eyes and her lips trembled. It seems that she has been anticipating it.

Yang Chen's lips, once again kissed Shi Shanshan's red lips. This time, Yang Chen was no longer just scratching the surface, but stayed for a long time. When the red lips that he have been in contact with trembled, then he

separated.

“Not convinced? You can take a break and resume later to continue.” Yang Chen once again handed Shi Shanshan a calming spirit pill and a few cultivating yuan pill and let Shi Shanshan rest. Just this battle, made Shi Shanshan’s spiritual awareness have a certain shock, her spiritual power was also consumed, she had to rest to restore her prosperity.

Shi Shanshan did not refuse, she has begun to look forward to the next three games, she wanted to know what Yang Chen intended to use to defeat herself. As for what she thought about the challenge before, she has already left it behind.

When Yang Chen was resting with Shi Shanshan, he was not idle, but he quickly made a pot of hot tea and gave it to Shi Shanshan. This was Shi Shanshan’s favorite way to relax. A few cups of hot tea could restore her spirit and help her to relax. It was the most suitable thing at this time.

Shi Shanshan did not reject Yang Chen’s good intentions. When Yang Chen made the tea, Shi Shanshan had been staring at Yang Chen’s every move with a very complicated look. She seemed to want to see what kind of person Yang Chen was.

For Yang Chen’s talent in alchemy, Shi Shanshan was already full of admiration. Yang Chen was so young and the first fifth grade alchemist master in the mortal world, he was absolutely the object of countless people’s admiration.

However, Shi Shanshan never imagined that in battle, Yang Chen would actually be so powerful.

Chapter 392.2: Subduing Shi Shanshan

“The eighth time!” When Yang Chen made an eight-figure gesture, Shi Shanshan’s long-awaited spiritual arrow had already been made.

However, when the spiritual arrow has just left Shi Shanshan’s finger, an overwhelming momentum filled the valley where the two were fighting.

At this moment, Yang Chen released his strongest pressure, he directly mobilized the middle dacheng stage spiritual awareness and oppressed Shi Shanshan with it.

Influenced by the pressure of Yang Chen, the spiritual arrow that flew out did not have the control of the master and suddenly disappeared into the air. However, Shi Shanshan had to face the pressure of Yang Chen and she resisted hard.

The gap between the two sides was too great. Even if Shi Shanshan has unique conditions, she has the support of the sect and has excellent cultivation methods. Even if the strength of Shi Shanshan's spiritual awareness has reached the level of the Yuanying stage, but in the face of Yang Chen's dacheng stage pressure, it was still not enough.

The attack of the spiritual awareness was inseparable. Apart from the hard resistance, Shi Shanshan had no other way. Just after a while, Shi Shanshan's face appeared sweaty and her lovely body began to tremble involuntarily.

Shi Shanshan couldn't have imagined in her dreams that Yang Chen's spiritual awareness attack was so fierce, so powerful and even made her have no choice but to resist.

At this moment, Shi Shanshan could still maintain a standing position under the pressure of Yang Chen, it was not easy to not fall down. This was still because Yang Chen did not use a technique in the spiritual awareness attack, but simply crushed her with a strong spiritual awareness. If Yang Chen used the attack techniques recorded on the three purities secret arts, Shi Shanshan has no other possibility except to be directly comatose at the beginning.

However, even so, the failure of Shi Shanshan was now a foregone conclusion. This kind of strong to overbearing attack, her defeat was only a matter of sooner or later.

After dozens of breaths, Shi Shanshan's resistance reached the limit. However, the character of this girl was arrogant. There was no thought of admitting defeat. She kept resisting, her legs were almost unable to support her weight. After three or five breaths, finally her legs became soft and she slowly fell to the ground.

Yang Chen certainly wouldn't look at Shi Shanshan's body fall to the ground. His body moved and he appeared beside her, he reached out and supported Shi Shanshan's body and took back his spiritual awareness pressure.

Shi Shanshan did not lose consciousness, but her eyes looked complicated and difficult when she looked at Yang Chen, Yang Chen just smiled. There were two calming spirit pills in his mouth, he kissed Shi Shanshan's lips again and sent the two calming spirit pills into her mouth.

Yang Chen's move, Shi Shanshan did not refuse, she shyly closed her eyes and accepted Yang Chen's kindness.

"Will you continue?" Yang Chen looked at Shi Shanshan, who had recovered. After receiving a positive reply, he made a nine-gesture gesture: "The ninth!"

This time, Yang Chen did not use any magic weapon and attacked Shi Shanshan with his bare hands. Shi Shanshan's flying sword was met by Yang Chen with one punch, but she could not leave any trace on Yang Chen's hand.

Every time, Yang Chen carried a huge force to attack, he could always leave a huge pit on the ground where Shi Shanshan was. After dozens of punches, the valley where the two were located has been completely sunk to the height of 3 meters altitude. Every punch of Yang Chen was like a huge hammer and the ground was sturdy.

The face of Shi Shanshan finally changed. The power of Yang Chen's simple punch was beyond the expectation of Shi Shanshan. She never thought that a person could have such tremendous strength that her two flying swords were cut off by Yang Chen with empty fists.

She thought that Yang Chen's huge body would definitely lack speed. But when Yang Chen chased the attack, Shi Shanshan discovered that the speed she was proud of was not worth mentioning in front of Yang Chen. If it wasn't for Yang Chen holding back his hands and punch her body, maybe Shi Shanshan would now be broken.

Unable to fight head on, Shi Shanshan could only dodge and hide, and she finally could not escape in the end as Yang Chen blocked her in a corner. When Yang Chen's arms stretched out, Shi Shanshan's road to escape was blocked and behind her was a hard rock. When she couldn't escape, Shi Shanshan had to admit that she was still defeated this time.

Not only that, but the defeat made her speechless. Yang Chen didn't use external force, but by only relying on his strong body great strength and ghostly speed. This was also a battle that made Shi Shanshan feel powerless.

Naturally, Yang Chen just wrapped his arms around her chest and he was very rudely kissing on the red lips of Shi Shanshan. Shi Shanshan just sighed in secret, but took the initiative to close her eyes and felt the overbearing kiss of Yang Chen.

After a long time, the two talented people were separated. Yang Chen once again looked at Shi Shanshan with some inquiries, he seemed to ask her if she wanted to continue. The reluctant Shi Shanshan certainly nodded, so Yang Chen could only reach out with both hands and stretched out all his fingers "The tenth time!"

With his hands extended, Yang Chen's arm did not move, but he said directly to Shi Shanshan "The last time, let's see who have the strongest spirit power, how about it?"

Of course, Shi Shanshan would not have any opinions.

Her magic weapon was not as good as Yang Chen's.

Her control over flames was not as good as Yang Chen control over flames.

Her spiritual awareness was not as good as Yang Chen's.

Her strength was not as good as Yang Chen's.

Her speed was not as good as Yang Chen's. If her late Jiedan stage spiritual power was not as good as Yang Chen's own, then wasn't she useless?

But the reality was so cruel. When Shi Shanshan used all her strength and could not repel Yang Chen's half step, Shi Shanshan noticed that it was not good. Waiting until Yang Chen attacked, Shi Shanshan found her own vulnerability.

Yang Chen used two methods, one was a positive five elements attack, and the other was an anti-five elements attack. Against the five elements attack, the spiritual power entering Shi Shanshan became a huge grinding disc and the spirit of Shi Shanshan was cleaned up. Then Yang Chen's spiritual power entered the body of Shi Shanshan.

The five elements attack, the five elements of the spiritual power, instantly destroyed all the resistance of Shi Shanshan, the same as the bamboo broke into the guilt of Shi Shanshan. If it wasn't for the timely closing of Yang Chen at the last minute, Shi Shanshan would be seriously injured.

"Shanshan, marry me!" Yang Chen embraced Shi Shanshan's delicate body with his hands and said the request.

Ten challenges, Shi Shanshan was given, but she lost all. At this moment, where would Shi Shanshan still have her original pride and persistence, there was still a little cold arrogance of the cold plum fairy. In Yang Chen's arms, like a weak woman who needed gentle care, she nodded shyly.

Yang Chen was overjoyed, there was nothing more to be said and he directly kissed Shi Shanshan's lips. Shi Shanshan was no longer reserved. She closed her eyes and took the initiative to hold Yang Chen's neck. She extended her tongue and kissed Yang Chen.

Chapter 393.1

From the point of view in her heart, Shi Shanshan's petition to Yang Chen was still a must, but she was somewhat unwilling to share him with the other three women.

However, she also knew that it was impossible to make Yang Chen give up the three women, otherwise she wouldn't put forward such a condition. She thought that she could stretch Yang Chen for a long time, but now it seems that she was the silly girl who sits at the bottom of the well.

Yang Chen used ten challenges. Every time he used a completely different way to defeat Shi Shanshan. Whether it was the usage of a treasure or his cultivation base, Shi Shanshan was like a toddler in front of Yang Chen, she had no resistance at all.

These strong styles have also made Shi Shanshan completely fascinated. The dao companion in her mind was such a strong figure. Not only must he be able to brave the world, but he must also be famous.

At this point, Yang Chen was almost completely in line with her thoughts. Yang Chen could easily defeat herself ten times. Shi Shanshan was not a smug figure, among the experts with the same cultivation base as her, almost no one dares to say that they were her opponent. As for the fame, being the fifth grade alchemist master was enough to make Yang Chen the strongest alchemist master in history.

Originally, she wanted to hold back once or twice in the challenge to let Yang Chen complete the challenge. Now that idea seems to be the most ridiculous joke, Yang Chen easily defeated the proudest part of Shi Shanshan.

Such an extraordinary person, plus being her own husband, even if Shi Shanshan was an iceberg, she would melt in front of Yang Chen. After being completely released, she enjoyed the warmth in Yang Chen's arms.

As a proud woman of the sky, Shi Shanshan has always faced everything alone. No matter what kind of difficulties and obstacles she faces, now Shi Shanshan finally has an embrace to relax in, so that she could behave as a normal woman, someone to care for her, someone to love her. This feeling brought a person such happiness.

When Yang Chen and Shi Shanshan appeared again in front of Gao Yue and Sun Qingxue, Shi Shanshan had already restored her usual expression and the others could not pass it. When she and Yang Chen were alone, the kind of enthusiasm showed, it was even more than Gongsun ling.

"I have seen elder sister!" Seeing Gao Yue, Shi Shanshan was somewhat unnatural, but she quickly recovered her calmness and bowed down to Gao Yue.

Since Yang Chen has already defeated Shi Shanshan, Shi Shanshan certainly has to obey her own agreement to marry Yang Chen. In this way, in terms of reason, Gao Yue should be the eldest sister, her age was also the highest among them. Shi Shanshan has to call Gao Yue elder sister regardless of the aspect.

Gao Yue knew the results almost immediately. It's one thing to be able to guess, but it's one thing to watch these things happen. Seeing Shi Shanshan's greetings, Gao Yue also hurriedly greeted back "Sisters don't have to be polite."

Sun Qingxue certainly guessed the result. Seeing Shi Shanshan's performance, she realized that she didn't seem to have officially greeted Gao Yue. She hurriedly learned the way of Shi Shanshan and also said to Gao Yue "Little sister has seen elder sister!"

Gao Yue was also full of joy after the return of the greetings, holding the hands of the two women, she said with a smile "I have not had a good chat with my sisters, I will sit down with my sisters to chat."

Before leaving, Gao Yue directed to Yang Chen "Yang Chen, the head of the palace want you to come back to see him immediately afterwards." After that, she took the two women and quickly left Yang Chen's alchemy room.

The palace master wanted to see Yang Chen and Yang Chen certainly knew what it was for. When Yang Chen challenged Shi Shanshan, Gao Yue had already given Yang Chen's fifth grade lingzhi mushroom jade pill to the head of the palace.

The disciple under their sect was a genius of alchemy that had never appeared in a thousand years. With the cultivation of the early Jiedan stage, he refined a fifth grade medicinal pill and became the mortal world's first fifth grade alchemist master. After receiving this news, the palace master was so excited that he almost shouted out loud.

Forced to hold on to his excitement, after the palace master told the other elders, everyone was waiting for Yang Chen to arrive.

"Your challenge with the cold plum fairy, what is the result?" When Yang Chen appeared, the palace master asked him with a smile.

Of course, this was just a polite question. When Yang Chen brought back the body of the second city owner from banyan tree Immortal's cave, everyone never doubted that there was a master of the Jiedan stage that Yang Chen could not defeat, even if it was a master of the Jiedan stage who was also a genius.

"Shanshan has promised to get married." The master of the palace called Shi Shanshan a fairy, but in the perspective of Yang Chen, Shi Shanshan was already his wife, he naturally used a more intimate name.

"The fifth grade lingzhi mushroom jade pill, was it really made by you?" Zhu Chentao, who was next to him, couldn't help it. As the master of the medicinal hall, he was still only a third grade alchemist master and Yang Chen has been the optimistic disciple has already reached the level of the fifth grade alchemist master, the most excited one was him.

No one knew more about the difficulty and significance of the fifth grade alchemist master than Zhu Chentao, although everyone knew that the fifth grade alchemist master was already a pioneering work for those who have never come before. But as an alchemist master, Zhu Chentao understood more thoroughly and professionally.

The reason why there has never been a fifth grade alchemist master in the mortal world, was that because once they exceeded the third grade, each grade upgrade was a huge moat for the alchemists. This was definitely no easier than a person from the beginning of his cultivation to his ascendancy.

Even Yang Chen, in fact, also relied on the ability of the profound spirit furnace to become this powerful, the four-and-a-half grade Lingzhi mushroom jade pill was upgraded to the five grade. With his current cultivation, it would not be enough for him to reach that realm.

However, no one knew this. What everyone saw was only Yang Chen in front of Sun Qingxue and Shi Shanshan, starting directly from raw materials and refining the fifth grade lingzhi mushroom jade pill.

In this way, the condition proposed by the Blue Cloud Sect was not worth a visit. In other words, in addition to the cold plum fairy Shi Shanshan, the dancing snow fairy Sun Qingxue, was already one of Yang Chen's nominal wife.

In the past few days of waiting for Yang Chen, the mood of the master and elders of the palace has been excited and slowly turned into the present joy.

Everyone knows that the Pure Yang Palace has a fifth grade alchemist master now. Others dare not say that this news out loud, let alone the Blue Cloud Sect and the Green Jade Immortal Island that have been handed over with the Pure Yang Palace. Even if it was the Five Elements Sect and the Qiankun sect, even if it was the Greatest Heaven Sect, it must rethink certain things.

From the moment they knew that Yang Chen refined the fifth grade medicinal pill, the head of the palace and the elders have been immersed in ecstasy. Even in these few days, there has been no practice. Everyone has seen the true rise of the Pure Yang Palace.

Chapter 393.2

“It is this disciple!” In the face of the inquiry of Elder Zhu Chentao, Yang Chen was very respectful to answer, there was no difference between his previous attitude and the current attitude. There was no scorn for others because he became a fifth grade alchemist master.

Although they have seen the fifth grade lingzhi mushroom jade pill, everyone was still fascinated at the moment when they heard Yang Chen’s personal recognition.

Fifth grade medicinal pill! In the mortal world, this could almost be said to be a super-medicine of the level of a spirit pill. A lingzhi mushroom jade pill was used to treat injuries under the Yuanying stage. Now after the fifth grade refining, what kind of medicine would it become?

Immediately, everyone thought of the Blue Cloud Sect and the Green Jade Immortal Island this time coming to Yang Chen to treat the three masters of the dacheng stage. The fifth grade medicinal pill was enough to completely cure the wounds of the dacheng stage masters.

It was self-evident that the three masters of the Blue Cloud Sect and the Green Jade Immortal Island would be cured by the Pure Yang Palace. Even if there was no cooperation within the 100,000 mountains in the future, this one single help was enough to let the two main sects stand behind the pure Yang Palace and face any strong enemy.

When they thought of the rise of the Pure Yang Palace in the hands of everyone, including the head of the palace, all the elders were excited and shivering, there was no calmness that a Yuanying stage master should have evident from them. It’s not that everyone’s state of mind was inadequate, it’s really a bit too much of a good news.

In the pill cauldron sect, there has never been a strong combat master there, but in the few major sects they have a very high status, because there were several fourth grade alchemist masters in the sect. So far, no one dares to have any unkindness about the pill cauldron sect, because of this.

Now there was a fifth grade alchemist master in the Pure Yang Palace. That was the alchemist master who was more powerful than the pill cauldron sect's master. Not mentioning an ordinary martial art sect, even if it was the Greatest Heaven Sect, they had to be cautious when dealing with Yang Chen.

As for the killer organization, even when they are given ten times their courage, they would not dare take the assassination mission of a fifth grade alchemist master. Not mentioning the fifth grade alchemist master, as long as it was a fourth grade alchemist master, that would be a protected great person. If they dared to make a move against Yang Chen, it would absolutely directly provoke the hostile writings of the cultivators in the whole world, whoever was impatient to die, could try.

No one could guarantee that he would not ask for the help of an alchemist master in his life, especially an alchemist master who has mastered the refinement of the heaven seizing pill and the questioning inner heart pill, not to mention a fifth grade alchemist master.

A first grade questioning inner heart pill has been able to let the master of the dacheng stage to breakthrough, what effect would the second grade pill have, except for the people around Yang Chen, no one knew. Not to mention the third grade, fourth grade, or even the fifth grade.

The same was true for other medicinal pills and it may be rare to take advantage of it. However, it was easy to refine it. The second grade inner sensing pill would allow a master of the peak Jiedan stage to breakthrough to form their nascent soul and the effect of the third grade, fourth grade and fifth grade, could be expected.

How many cultivators trapped on the edge of their breakthrough would regard Yang Chen and the Pure Yang Palace as saviors? These people, would they not have a few masters and friends? The combined strength would be enough to make the big sects feel ashamed.

Even if it was a few major sects, the medicinal pills that could make people breakthrough was only on the level of the nascent soul pill. At the point of crossing the tribulation to ascend, there was hardly any medicinal pill to help.

But now it was different. The effect of the third grade, fourth grade and fifth grade inner sensing pill does not know how, but the effect of the questioning inner heart pill was actually real. After Wang Yong and the three masters of the Blue Cloud Sect and the Green Jade Immortal Island who have just been promoted to the dacheng stage was known, who would doubt it again?

In the eyes of other people, the Pure Yang Palace was not like some big sects and it doesn't have the secret recipe of the nascent soul pill. Of course, the secret of protection was normal, and the same was true for the Pure Yang Palace, but other sects people, including those who want to get these medicines, were difficult.

It was impossible to rely on people to ask for help, it's a joke to even try to force them. Even if they wanted to use spirit stones to exchange, they couldn't get it. This was the advantage of a sect disciple and it was impossible to give it to outsiders.

However, the Pure Yang Palace was different. At least now when the Blue Cloud Sect and the Green Jade Immortal Island seek medicinal pills from the Pure Yang Palace, as long as they pay enough price and prepare their own raw materials, the Pure Yang Palace would still give them face and refine it, which made everyone have more good feelings for the Pure Yang Palace.

Previous news did not come out, but after the Pure Yang Palace, Blue Cloud Sect and the Green Jade Immortal Island emerged with several consecutive masters of the dacheng stage, the reputation of the questioning inner heart pills was not lost, it was no longer the secret of the big sects. The masters who were trapped in the peak Yuanying stage and dacheng stage saw hope immediately.

For these people, they were not afraid of how difficult the raw materials could be to obtain. Their fear was that there was raw material but no one to help refine it. The reason why the pill cauldron sect would have such a status was because they were willing to help with the same refining and to improve their alchemy level. Even if the alchemy fails, everyone was still rushing to them.

The Pure Yang Palace did not close their door on everyone who came to seek medicinal pills and there was also a fifth grade alchemist master to help out, the master who wanted to ask for a medicinal pill, naturally knew how to choose. In this way, the Pure Yang Palace had equivalent to countless masters who were willing to secretly maintain the Pure Yang Palace. Anyone who wanted to move against the Pure Yang Palace must think clearly about the end of the insurmountable masters, even if it was the Greatest Heaven Sect, they were no exception.

"Yang Chen is the young sect master of the sect, does anyone have any objection?" On this occasion, the lord of the palace finally presented the proposal that had been conceived for a long time in front of the elders.

Who would have an objection? Not to mention that Yang Chen's merits for the sect in these years, being the fifth grade alchemist master alone was enough to make the sect put all their treasures on Yang Chen's development.

This motion was almost unanimously passed by the elders who were present during the time of less than ten breaths. When the hands were raised, the elders did not even hesitate.

"So, from this time, Yang Chen is the young sect master of the sect." The head of the palace directly announced "you can dispatch any sect disciple as you see fit and the resources of sect can also be used by you."

Given the status, it gives the power of the corresponding status. However, compared with the status of a young sect master, the power to be able to arbitrarily dispatch sect disciples and sect resources was too big, but none of the elders present had objections and it passed all the votes.

"Since the conditions of the two major sects have been met, this old man will make another trip and set the marriage of Yang Chen and the two fairies!" The palace master was watching Yang Chen, the more he looked, the more satisfied he was. He said "the sect must prepare a grand wedding for you."

Chapter 394.1: The Wedding Date

The next discussion was now the focus. Yang Chen was already a real fifth grade alchemist master at this moment and Yang Chen also said that the three fifth grade lingzhi mushroom jade pills was to heal the three dacheng masters of the Blue Cloud Sect and the Green Jade Immortal Island so this news was impossible to hide. In this case, then Yang Chen becoming a fifth grade alchemist master, would be known by all the cultivators.

Being the fifth grade alchemist master would definitely be a blockbuster explosion in the cultivation world, it was definitely on the level of nuclear bombs. It would definitely make a big wave in the whole cultivation world that cannot be suppressed.

The Pure Yang Palace has such a big character, it would definitely rise strongly. Now the palace master and the elders were going to discuss how to take the most initiative in the coming days.

Of course, the first question was to determine whether Yang Chen was willing to refine medicinal pills for other sects or cultivators.

“If there is a high reward, of course this disciple is willing.” Yang Chen replied with a smile. In fact, he has already refined pills not only for the Blue Cloud Sect and the Green Jade Immortal Island, but he also refined medicinal pills for the treatment of the black tiger predecessor injury and even this fifth grade medicinal pills, could be regarded as an exchange with the two major sects, Yang Chen really did not give thought to the idea of refining for other sects.

“However, in the future, if there is a cultivator who’s realm is lower than the Yuanying stage, he cannot find this disciple for refining.” Yang Chen then added another sentence “The medicinal pills that is lower than the Yuanying class, this disciple will only refine them to the Pure Yang Palace’s disciples.”

Now Yang Chen was already a fifth grade alchemist master. Anyone who wanted to come to Yang Chen to refine a few foundation stage pills, it was really below the standards of a fifth grade alchemist master, this limitation was also normal. Of course, the second grade inner sensing pills, which could be used in the Jiedan stage, Yang Chen would refine, but only to the Pure Yang Palace.

“This is natural!” The palace master directly nodded in agreement, a fifth grade alchemist master would not be able to refine medicinal pills for just anybody. Even if Yang Chen and the Pure Yang Palace were willing, those big masters who were waiting for their turn would never be happy to see it.

“In my opinion, it is better to set a deadline.” Zhu Chentao, the medicinal hall master quickly said: “You can’t delay the cultivation of the young sect master. If you delay it by refining for others, the gain will not equal the loss.”

In this regard, Zhu Chentao has experience and he knew how to rationally allocate the time of alchemy and cultivation. This proposal was very pertinent.

“Well, this must be considered.” Everyone nodded. Everyone understood that Yang Chen would definitely make a move to refine for a master of the Yuanying stage or even a dacheng stage master. The medicinal pills they needed couldn’t be completed in a few days, it would take at least in units of years.

If Yang Chen was dragged down by alchemy, his cultivation would be slightly reduced, this time must be fixed.

“How about making a move once in every fifty years?” Wang Yong, as his master ancestor, of course he considered his own grand disciple. He immediately said “The higher the cultivation base of Yang Chen is, the greater his grasp over alchemy would be, the one who wants to ask for a pill will understand it?” ”

“Fifty years? Some people may not wait.” The master of the palace said, he knew more than anyone knows what a fifth grade alchemist master means. The third grade alchemist masters in the Pill Cauldron Sect were almost in short supply. In the decades after Deng Yiya refined the heaven seizing pill, he finally promoted to the fourth grade alchemist master realm by relying on the proceeds from the refining of the heaven seizing pill and now he was so busy that his feet doesn’t moisten. For a fifth grade alchemist master, it was estimated that people would step through the threshold of the impossible to visit him.

It must be known that the one who could ask for help from the sect was definitely a master of the dacheng stage or the peak Yuanying stage and everyone else was not qualified. Even if it was a sect which was asking for their help, at least it must be the same as the second-class sect. These people who would come forward to ask for it, the Pure Yang Palace sometimes would not necessarily be able to block the pressure.

“The medicinal materials are to be self-supplied, the pill recipe could be supplied or they can use this disciples’ pill recipe, the success of alchemy can not be guaranteed.” After listening to a few words, Yang Chen finally said, “If the reward is enough. If these all agreed upon, making a move once in twenty years is enough.”

Twenty years, this time was certainly more acceptable than fifty years. As for the conditions that Yang Chen said, almost every alchemy master has the same requirements. He was a fifth grade alchemist master with almost no special requirements. If this was not accepted by the people who ask for a pill, then they were not sincere.

If it was not as a last resort, like in the case of the dacheng stage master of the two major sects being severely injured, who would waste an opportunity to make a request from a fifth grade alchemist master? Since it was for the visits, naturally, Yang Chen has the final say.

At the same time, the affirmation of the sect would not only be one or two, of course, there must be a sequence. Who would give it to whom, and of course, Yang Chen’s wishes, it depends on whether the compensation they have prepared could impress Yang Chen.

To put it bluntly, Yang Chen now has the qualification to wait for a better price, even if it was a master of the dacheng stage, he has to satisfy Yang Chen when he asks for a favour. No one would be willing to

offend a fifth grade alchemist master, which meant that at the same time, all the masters who were looking forward to Yang Yan's help to refine the medicinal pills would also be offended.

As soon as this news came out, there would be no killer who dared to take over the assassination of Yang Chen. No one would hope that when they take over the rewards, they would become enemies with hundreds of dacheng stage masters and countless sects, this was the reality.

Even if it was the Greatest Heaven Sect, if they wanted to move against Yang Chen, they must take measures. Yang Chen was now the treasure of the entire cultivation world. Even if the Greatest Heaven Sect has always been a leader of the dao sects, they would not dare to offend all the sects.

It was even possible that the Greatest Heaven Sect too would come to seek help in refining. It should be known that in the case of the secret plane, the Blue Cloud Sect and the Green Jade Immortal Island together had three masters of the dacheng stage who were seriously injured, while the Greatest Heaven Sect also had three seriously injured. If they don't want to lose three dacheng masters after hundreds of years, they would have to ask for Yang Chen's help.

As for whether Yang Chen was willing to help them in alchemy, it was based on Yang Chen's own mood. The initiative was in the hands of Yang Chen and the Pure Yang Palace, the Greatest Heaven Sect were helpless in the situation.

When they thought of the face the Greatest Heaven Sect would make when the time came, everyone's heart was full of expectations. After so many years of humiliation, they finally got to the time of slowly harvesting. A little bit of watching the Greatest Heaven Sect's decline was the design of their own disciple, when the Greatest Heaven Sect came to beg for their help, what kind of things would more refreshing?

"Twenty years of time is too short to show your preciousness." The master of the palace still remembered to make a decision: "According to the conditions of Yang Chen, twenty-five years at a time, presumably no one will be dissatisfied. That's it!"

The head of the palace was right and this time was confirmed. Now they just have to wait for Yang Chen's medicinal pills to cause a sensation when it arrived at the two major sects.

Chapter 394.2: The Wedding Date

: The Wedding Date

In the more than two years of Yang Chen's alchemy, Gongsun ling also came back to the Pure Yang Palace. When Yang Chen went to see the head of the palace, the four women had already rescheduled their positions.

Gao Yue was obviously the big sister of all the women. There was no doubt that no one has any objections. Shi Shanshan, from her age, succumbed to the second sister position, Gongsun ling ranked third, Sun Qingxue became the youngest sister. When Yang Chen was absent, the four women were very harmonious.

It seemed that the four women were clearly divided into two small groups. Gao Yue and Gongsun ling were the same as they were from the Pure Yang Palace and they were very close, while Sun Qingxue and Shi Shanshan were more closer with each other.

Yang Chen looked at the four women together and there was a kind of pride that could not be said in him. In the past, he dared not to have such a luxury, he was able to take the famous dancing snow fairy and cold plum fairy as his wives and also accepted his senior apprentice sister and his master.

Even if it was the Jade Emperor at the time, it was estimated that he did not dare to think like this. Now, it would become a reality soon. How could it not let Yang Chen have that kind of proud satisfaction?

Sun Qingxue and Shi Shanshan finally arrived at the moment to return to their respective sects. On their bodies, they each took two fifth grade lingzhi mushroom jade pills.

The master of the palace decided to travel with the two women. First, with Sun Qingxue to the Blue Cloud Sect, then he and Shi Shanshan would go to the Green Jade Immortal. The conditions proposed by the two major sects, Yang Chen has fully satisfied it, naturally he wanted to ask the two main sects about the marriage.

In this regard, the two women did not object, they could only comply while blushing. At the moment, the palace master was also the elder of Yang Chen. They were like shy little daughters in front of the head of the palace.

Reluctantly bidding farewell to Yang Chen, the two women set off with the head of the palace. Yang Chen was watching the team until they got out of his own line of sight and then he relinquished.

Asking for the marriage alliance was the job of head of the palace and Yang Chen has other arrangements to make. So far, Yang Chen has been away from the cypress for thirty-two years. Yang Chen said earlier that after 30 years, he would go to pick up Mu Bai and his family and return them to the Pure Yang Palace, it was also time to complete it.

Gongsun ling has been wandering around the site of the dao sects. It was said that it was to gain experience, but it was basically to complement the mountain river geographical map. In the past few years, she has been able to go through the most central parts of the domain and at least a map like the East China Sea has been added to the geographical map.

Yang Chen would go to the northern part of the monster race domain, so he could go together with Gongsun ling to make up all of this geography. When they prepared for the journey, they set foot on the road to the north.

When the head of the palace came to the Blue Cloud Sect this time, he held his head up all the way. Both Sun Qingxue and Shi Shanshan knew why the head of the palace had such an attitude, but no one has said anything. Sun Qingxue was still feeling very sweet in her heart and had more expectations.

The appearance of the fifth grade lingzhi mushroom jade pills, as if it was a nuclear bomb, stunned the entire high ranking members of the Blue Cloud Sect. Sect master Lu looked at the two fifth grade lingzhi mushroom jade pills sent by his disciple and his brain seemed to be short-circuited, he lost the ability to think.

He thought that following the restriction of the fifth grade medicinal pill, Yang Chen could be married to Sun Qingxue when he reached the dacheng stage and it would not hurt the relationship between the two parties. This was good for both parties and in order to meet the requirements, Yang Chen would be more diligent in researching alchemy, which would bring more benefits to the Blue Cloud Sect.

The preparation of the fifth grade qi replenishing pill was the escape route left for Yang Chen. At that time, the Blue Cloud Sect would marry Sun Qingxue to him, Yang Chen would certainly be grateful to the Blue Cloud Sect for this arrangement and the Blue Cloud Sect could easily obtain a future alchemist master. The friendship of the alchemist master, even in the spiritual world, would also be held tightly in the hands of the Blue Cloud Sect.

The Green Jade Immortal Island was also having the same plan, they first set the conditions and then in the final gift, they would provide means of achieving it, the two major sects were well prepared.

However, all of the preparation turned into a bubble with the two fifth grade lingzhi mushroom jade pills in his hands. The foresight of making such arrangements before has been completely shocked. Seeing this, the sages and the elders of the Blue Cloud Sect were shocked and could no longer speak.

The authenticity of the medicinal pills no longer needed to be verified. The Blue Cloud Sect's medicinal hall master took a full look at the two pills, except for being stunned, there was only marvel at him. Sun Qingxue has already said that this medicinal pill was refined under her and Shi Shanshan's eyelids and there was no such thing as it being a fake.

Yang Chen, actually has become a fifth grade alchemist master! This news directly shocked sect master Lu and the several elders in the dacheng stage. Was there really a presence of a fifth grade alchemist master in this mortal world?

Sect master Lu has seen a fifth grade medicinal pill before, but it was only after the ancestors consciousness clone came from the heavenly court to refine it and it was only the simplest qi replenishing pill. In the case of the ninety-nine percent memory loss of the predecessor, it was only at the last moment that he able to refine it successfully because he has refined continuously for a long time that it was almost like an instinct. After that, the consciousness lost its life.

Now, this lingzhi mushroom jade pill, which claims to be able to treat all the injuries below the Yuanying stage, it's fifth grade has appeared. How could this not course a shock?

Yang Chen, what kind of heaven defying monstrous talent was he? What kind of shit great luck did the Pure Yang Palace have to be able to get such an outstanding disciple?

After the initial shock, sect master Lu who was an experienced man who had been in charge of the Blue Cloud Sect for many years, soon recovered his ability to think.

Such an excellent alchemist master who was soo heaven defying, if the Blue Cloud Sect does not grasp onto him, then they were the biggest fool in the world.

“When is the wedding?” The most direct answer was to ask this question. Was there a more important thing to tie Yang Chen and the Blue Cloud Sect together than them immediately getting married?

“First set the marriage, wait for the two injured elders to recover from their injury, and then we will have the wedding!” The master of the palace has never had a moment when in front of the Blue Cloud Sect’s sect master, he felt so proud, even at the time they came to ask for a questioning inner heart pill he never felt this feeling.

The meaning of palace master was very clear, he wanted them to see the authenticity of the medicinal pills before the wedding. This medicinal pill was originally refined for the two injured dacheng stage masters and when they were cured, it would prove that the medicinal pill was not a falsification. At that time, if they determined when the wedding would be held, the Blue Cloud Sect would not have any excuse.

This was not the condition that the head of the palace taught the opportunity to respond to the Blue Cloud Sect would be, but at this moment, the initiative has undergone earth-shaking changes.

Chapter 395.1: Recovery

Everyone wanted to know how the efficacy of these fifth grade medicinal pills were. Therefore, everyone including the Pure Yang Palace palace master, sect master Lu and the top executives of the Blue Cloud Sect appeared in front of the two injured dacheng stage elders.

The two elders who were resting in silence did not know what had happened. They were carried by a number of familiar elders and servants to a well-arranged room. Then they saw a bunch of people looking at them with anticipation.

Because of the serious injury, the two could not control their appearance at all. At the moment, both of them were the image of old women, white hair, wrinkles on their faces and even a little bit of gasping. The muscles of their whole body were slack, with a bit of unnatural shackles. At first glance, they were like two old woman who were waiting for death to come for them, they did not have any likeness to being master experts.

The two medicinal pills were sent to the hands of two people and their intentions were self-evident. The two elders of the dacheng stage, even if they were behind closed doors all their life, how could they be ignorant when they found the extraordinary medicinal pills in their hands.

The five pill marks on the medicinal pills directly shocked the two people. If they were not forcibly suppressing their injury and their mind was not very determined, maybe both of them would be shocked by this medicinal pills and they would be vomiting blood.

Fifth grade lingzhi mushroom jade pill, who has seen this kind of heaven defying thing before? In the eyes of the two injured elders, this was no was less than an Immortal pill.

Almost without hesitation, the two people each took a pill and they forcibly went into a cultivation state and began to digest the medicine in the medicinal pills.

However, this move was purely redundant. Once medicinal pill entered them, it turned into a warm current and quickly penetrated into the limbs of the two.

Their meridians that have been broken, under the enthusiasm of this heat flow, their recovery began. The silky and arrogant but very gentle medicinal force began to repair the damage of the meridians little by little.

Every moment, both people could perceive changes in their body. The meridians, which were completely uncontrolled, were recovering little by little and the two elders of the dacheng stage were simply overjoyed.

The seriousness of the injury was because the damage to the body has caused them to not even be able to use their own spiritual power to heal, nor could they recover with the help of other people's strength. Now that the pill was healing them little by little, their control over their body was also strengthened bit by bit, this was a harbinger of recovery.

Introducing a new 1\$ tier for the anniversary.

The wounds of the meridians recovered by about one-tenth in a short period of time. Although they could not be compared with the period in which they flourished, under this state, they were able to begin to slowly mobilize their own spiritual power.

However, in the state of serious injury, the spiritual power was also consumed by seven or eight times faster and only a few of the hairsprings were scattered throughout the body. Even if they were under the control of the two people, they could only barely mention the slightest.

Even so, this was an amazing improvement, compared with the fact that they could not use a little spiritual power before, it was completely like heaven and earth.

With this spiritual power intake, it seemed that the reparation of the meridians also speeds up the process. The internal organs began to join the process of being repaired. The internal organs that was almost broken by the severe damage seems to be stuck by the force. One place, warm and break the wound, slowly carried out the bonding.

The pill was overbearing, it never stopped, but it did not bring a trace of damage to the body. In the impression of the two dacheng stage elders, just after a while, the body that could not be controlled has been given signs of obeying command.

This process of improvement was constantly deepening and more spiritual power has begun to join the process. For their own body, there was no better recovery method than their own spiritual strength. Thanks to the potency, the spiritual power of the two elders began to recover slowly.

It was a process of mutual promotion and complementation. The pills repaired the meridians and internal organs, allowing the two elders to slowly mobilize their spiritual power. In turn, the spiritual power accelerated the healing of the wound and promoted the potency. The further episodes complemented each other.

The healing process was getting faster and faster and the pill seems to have begun to penetrate the sea of consciousness of the two elders. Most of the elders sea of consciousness had been destroyed quickly discovered that the sea of consciousness that had almost collapsed was slowly rejuvenating, slowly expanding and their spiritual awareness was rapidly increasing. The recovery of the spiritual awareness in turn led to the resurgence. The recovery of the sea of consciousness was also a positive process.

Next to them and staring at the two elders were the Blue Cloud Sect's high ranking members and the head of the palace, they were surprised to see that the two elders who were already devastated to the extreme with only a little bit of life, in front of them, were like two old trees that slowly sprouted sprouts and their little bit of life became full of vitality.

With more and more vitality, the aura of the two elders from the beginning has gradually stabilized, they no longer had the image of the old woman, the wrinkles have also been reduced a lot, although they still had white hair, but it was already very full of spirit.

This process has been constantly changing, and the aura of the two elders has begun to slowly increase. The aura of the masters of the dacheng stage was also returning to the two.

Their breathing that was originally urgent, was gradually slowing down, becoming more long and dense and the spiritual power of the two elders was also gathered.

At this point, everyone made a sigh of relief. At least in the current situation, the worst kind of injury has been cured. Even if the pill has no effect anymore, the two elders could recover from their own cultivation base. Within a few decades, they could become dacheng stage masters again.

The previous injury, even if it was a few hundred years, it could not be restored and now it could be restored in a few decades, the effectiveness of the drug could be seen.

However, this was not complete, just in the eyes of the people who are nervous and expecting, in just a short period of one month, the two great masters who could almost be said that they were waiting to die, have been reborn.

Their wrinkles disappeared completely, and the appearance of the two dying elders also returned to the appearance of two middle-aged women. Apart from their white hair, there was no longer any trace of them being old women. The momentum of the two has been rising all the way, going straight to their peak momentum.

A month later, almost at the same time, the two white-haired people stood up and their whole body was swaying and their momentum was soaring.

Where was the injury from before?

The two women looked at each other as if they had a heart and soul. They stood on the opposite side of sect master Lu and gave a ceremonial bow.

They said in unison: "Greetings sect master!"

Chapter 395.2: Recovery

This paying of respect, it could almost be said that the two women have completely turned to sect master Lu's side. Everyone understood the preciousness of the fifth grade medicinal pills and such medicinal pills were obviously not refined by the Blue Cloud Sect, nor were they owned by the Blue Cloud Sect.

As the users of the fifth grade lingzhi mushroom jade pills, they knew more than anyone the capability of these two pills and as the elders of the Blue Cloud Sect, they also knew what the sect would have to pay for these two drugs. The price of that sect master Lu would owe would be enormous.

The grace of life and the resources of the questioning inner heart pills in the hands of sect master Lu were enough to make anyone completely become submissive to sect master Lu.

Even if their injuries were caused by the fact that sect master Lu sent them out to find a secret plane. However, both women knew that sect master Lu did not force them, but asked their opinions. They were also promised that they would be allowed to choose one-half of the benefits from the secret plane, so they were tempted and they couldn't blame others for their misfortune.

When they arrived at the realm of the dacheng stage, the two became aware of karma and they could see it clearly, so the two women did not hesitate to support sect master Lu.

For sect master Lu, this was simply an unexpected surprise. The effectiveness of the two dacheng stage elders who originally opposed her also meant that she had monopolized the Blue Cloud Sect and there would be no objection in the near future against any decision taken. The Blue Cloud Sect would also have solidarity within their interior, which was even more ecstatic than that of the two dacheng stage elders.

Everyone was pleasantly surprised and there was no doubt about the efficacy of the fifth grade medicinal pill anymore. Naturally, Yang Chen, who was able to refine this kind of pill, has become the object that everyone has to look up to. Even the Blue Cloud Sect, a super sect with all their masters of alchemy, could not match the height that Yang Chen, an alchemy master could achieve.

“Sect master, these fifth grade medicinal pills, where did it come from?” The two white-haired people almost asked this question at the same time. This question was already buried in their heart as long as they took the medicinal pills. Without asking, it simply made them feel like they couldn’t stand it.

“This is the healing medicine that Yang Chen, the master of alchemy in the Pure Yang Palace, specially made for you!” Sect master Lu did not hide anything and quickly replied.

“Pure Yang Palace’s Yang Chen?” The two suddenly became shocked: “He is a fifth grade alchemist master?”

It was not the first time they have heard of Yang Chen’s name. He refined the questioning inner heart pills. Now he has refined a fifth grade medicinal pill. According to their knowledge, Yang Chen was only a junior in the Jiedan stage. How was it possible?

“Little Xue and Green Jade Immortal Island’s Shi Shanshan witnessed Yang Chen’s alchemy.” Sect master Lu forcibly suppressed his shock and pretended to calmly say this.

Now no one has doubts about the authenticity of the fifth grade medicinal pills, but this fact was really shocking to accept. There was a fifth grade alchemist master in the mortal world and it was a fifth grade alchemist master in the early Jiedan stage. What if he was promoted to the Yuanying stage or dacheng stage?

Sixth grade? Seventh grade? Not to mention the spiritual world, even if he was placed in the Immortal world, such a grade was already a super master in the alchemy world and now he was only in the mortal world.

A monstrous talent, could not be perfectly used to express Yang Chen anymore, they could only use a phrase to describe the current state of Yang Chen and that was that his future was boundless!

Such a dao of alchemy grandmaster, if the Blue Cloud Sect missed him, they would be the biggest fools in heaven and earth. At this time, the most important thing was to firmly grasp onto Yang Chen.

The person most proud right now, was the palace master. He saw with his own eyes that Yang Chen’s medicinal pills cured two seriously wounded dacheng stage masters who had almost completely lost

their cultivation base in just one month. The efficacy of these fifth grade medicinal pills would no longer be suspected, even if he was not the refiner of the medicinal pills he still felt the sincere pride.

Even in the face of so many masters of the dacheng stage, in front of the top powers of the Blue Cloud Sect, the head of the palace could now swagger and he did not have the same kind of state before that was slightly with a little carelessness. He really became an equal with everyone present, all this must be attributed to Yang Chen's fifth grade medicinal pills.

The group returned to the hall of the Blue Cloud Sect again and the guest was seated. The marriage of Yang Chen and Sun Qingxue was put on the agenda again.

"They should get engaged first, as for the day of marriage, we set it at a later date." The initiative has undergone a complete change and the Blue Cloud Sect has become an urgent one, not the Pure Yang palace and the head of the palace was full of enthusiasm "Yang Chen also has been said that the cultivation of his current body refining cultivation method should not be broken. When the refining is successful, he will be married!"

Everyone has seen Yang Chen's body shape. They all understand that Yang Chen was cultivating a unique body refining technique. The palace master said this, but no one could refute it. Yang Chen couldn't ruin his cultivation just to marry Sun Qingxue.

Fortunately, it was an acceptable idea from the palace master to get them engaged first and set their status first. Everyone was willing to agree. As long as there was this status, plus the friendship between Yang Chen and Sun Qingxue, Yang Chen would still be related to the Blue Cloud Sect.

Next, in addition to agreeing on the details of the engagement, the palace master took the initiative to let them know that Yang Chen would be willing to refine a requested pill once in twenty-five years, those conditions must be said to the Blue Cloud Sect.

For the Blue Cloud Sect, this was good news. Yang Chen became a fifth grade alchemist master, but he was still willing to refine for outsiders. Thanks to the relationship between Sun Qingxue and Yang Chen, the Blue Cloud Sect could also grab the first move, not to mention that the Blue Cloud Sect and the Pure Yang Palace have been cooperating for several decades. As for the success rate of the alchemy materials, it was not worth a trip. The Blue Cloud Sect would not care about this.

The head of the palace this time came to the sect to ask for an engagement and he achieved a satisfactory result. He set the marriage, Yang Chen and Sun Qingxue have the status of a husband and wife and they have treated the two masters of the Blue Cloud Sect, the cooperation between the Pure Yang Palace and Blue Cloud Sect was even closer.

As for the rewards of Yang Chen for the treatment of the two masters, the Blue Cloud Sect would naturally decide on it in the coming days. Compared with the winning over of a fifth grade alchemist master, the property used would not be cared for by the Blue Cloud Sect. What was used to reward Yang Chen, it was a matter worthy of scrutiny, it must be worthy of the occasion.

“I heard that someone outside has a reward for killing Yang Chen? Is there such a thing?” When he sent away the head of the palace and Shi Shanshan, the first sentence of sect master Lu when he returned to the main hall was to ask this question.

“There are some rumors.” The elder of the foreign affairs hurriedly replied “It is said that the reward is not low, and many people are tempted.”

“Who is the one who checked it? Who took the reward.” Sect master Lu, on the surface, seemed to be calm and said “After you find out, you can kill them, kill them all! After that, we will see can make a move against him!”
