Chapter 641: Bathing Water

“Don’t be polite, just accept it!” Ye Zhenxiong politely gave everyone a small jade bottle, which contained about ten drops of four seas mysterious coral liquid, and forcibly stuffed it into Mu Bai and Hua Mengyou’s hands.

Ye Yu finally couldn’t take it any longer, and said to Ye Zhenxiong with a blushing face “Father, Master has given us a lot of four seas mysterious coral liquid, and we all use it for bathing.”

“Even if your Master gave... what?” Ye Zhenxiong almost jumped up, when he heard Ye Yu’s words behind him, even the sect master of the dignified Promise Demon Sect couldn’t help but stagger out. Something like the four seas mysterious coral liquid was given by Yang Chen for Ye Yu and the others to bathe?

“There are a lot, master has given us a few thousand pounds of it.” Ye Yu saw Ye Zhenxiong’s appearance, he didn’t want to act stunned, but he couldn’t hide it. “Master said that there is no need to drink it again unless after a tribulation is over. But after each cultivation, soaking in it is good for the body, so we are all the ones who take the bath. If father needs it, you can take some back, this is this child’s honor to his father.”

The more he talked, the lower Ye Yu’s voice became, and finally he could no longer hear it.

He had seen Ye Zhenxiong secretly enjoy a drop on his birthday every year like a treasure, but he just didn’t think about it. Now he finally understands what it was.

Mu Bai and Hua Mengyou over there finally couldn’t hold back any longer, and burst out laughing. Only then did Ye Zhenxiong understand what the expressions of Mu Bai and Hua Mengyou just now were for. They weren’t shocked, but suppressed their smiles.

It’s no wonder that the two of them would use such a thing for bathing. He used it as a treasure, they didn’t laugh out loud on the spot, which was already very good for Ye Yu.

Here, Ye Yu had found several large wooden barrels from nowhere, and directly filled several wooden barrels with four seas mysterious coral liquid and handed it over to Ye Zhenxiong.

Ye Zhenxiong looked at the barrels full of the Four Seas mysterious coral Liquid that was randomly placed in some large wooden barrels of shoddy production, and then looked at the jade bottle in his hand, and finally realized that he was making a big joke and slandered the things. He put it away, and then asked about Ye Yu's cultivation life in the Pure Yang Palace.

Regarding his father, Ye Yu didn't hide much, but only told some of Yang Chen's teachings and some of Yang Chen's daily care was also truthful.

When he fully understood how much resources Yang Chen had invested in Ye Yu in these short ten years, even Ye Zhenxiong, the sect master of the Promise Demon Sect, could not help but sigh at Yang Chen's generosity. If it was Ye Zhenxiong himself, even if he embezzled half of the warehouse of the Promise Demon Sect, he would not be able to collect what Yang Chen spent on Ye Yu.

In which sect was the four seas mysterious coral liquid used as bath water? Who get a thousand-year-old profound yang fruit to eat as a daily fruit? There are Dacheng stage masters who can't even take the second grade questioning inner heart pills to eat but he got two during the foundation stage? Whose disciple of the next generation of Foundation Establishment can enjoy a separate high-grade spiritual vein? Whose foundation-building disciple who has just established the foundation, and already has a life source magic weapon to begin refining? Apart from Yang Chen, there was no other person.

Not only Ye Yu, but Mu Bai and Hua Mengyou enjoyed no less resources than Ye Yu, but when Mu Bai reached his current realm, he no longer simply pursued sufficient resources, but began to gain more experience. As for Hua Mengyou, at this time, she was already the largest supplier of medicinal materials in the Pure Yang Palace.

Ye Zhenxiong finally understood, even if Ye Yu followed him in cultivation, even if he loved and cared for him in every possible way, he would not be able to compare to 1% of Yang Chen's. Such a teacher was simply the best teacher in the world. Ye Zhenxiong will no longer worry about his son's grievances, and can handle the affairs of the Promise Demon Sect with confidence.

In the same way, the resources Yang Chen gave Ye Yu made Ye Zhenxiong completely understand that even though he looked famous, the suzerain of the Promise Demon Sect was still the number one figure. But in front of Yang Chen, he was just a beggar. For Yang Chen's apprentice, his own son, the treasure that he had worked so hard to keep was nothing more than bath water.

There's nothing to worry about. After Ye Zhenxiong understood, he didn't say anything more and said goodbye. When an expert acts, one must behave in an expert manner and never be sloppy.

Naturally, Ye Zhenxiong wouldn't know that after he left, Ye Yu was laughed at by Mu Bai and Hua Mengyou for a whole day, until Ye Yu was sullen and then gave up.

Basically, the people from the demon clan and the monster race left the first day. After all, this is the site of the dao sect. If they stay for one more day, there will be one day's risk. The second to leave were the rogue cultivators alliance and the two ancient families. The sect masters of the five major sects all stayed, and did not leave directly.

This time, the sect masters of the five sects stayed, in addition to thanking Yang Chen, they were discussing with the Pure Yang Palace the female disciples of the three sects, Fairy Junqi, Fairy Aoki and the five sisters Murong and Yang Chen's marriage.

The last time Gao Yue agreed after the women's heart demon oaths, it also made the seven women see hope, and it made the people of the three major sects overjoyed. However, the people of the Green Jade Immortal Island and Blue Cloud Sect were not so happy. Why would a few women just find out they want to be the same wife of Yang Chen as Shi Shanshan and Sun Qingxue?

Because of what happened to the elders who made their own decisions last time, both the Green Jade Immortal Island and Blue Cloud Sect made a dead effort to seek forgiveness from Yang Chen and the Pure Yang Palace. The two sects had killed nearly a hundred people just by being at the level of Yuanying stage elders, and it was only through this that they finally got the promise that Yang Chen and the Pure Yang Palace would not pursue the issues anymore. Even Shi Shanshan and Sun Qingxue felt ashamed, they were embarrassed to see Yang Chen, and the two women both went into seclusion.

Under such circumstances, how could the two major sects allow people from the three major sects to take advantage of it? They have seen someone who wants to take advantage, but they have never seen such a thing. Besides, the three major sects also have a share in the raid on the Pure Yang Palace and they have not shown enough sincerity. Why should they talk about their female disciple and Yang Chen's marriage?

The sect masters of the two major sects went out in person and never agreed, and the Pure Yang Palace would definitely not express any opinions. The sect masters of the three major sects cannot force the

two major sects, but they can only speak kind words patiently and discuss it with everyone. In short, they hope that through a little happy event, everyone can turn their fights into jade and silk, and be in harmony.

The Green Jade Immortal Island and Blue Cloud Sect finally spit out after getting a series of promises. Marriage is possible, but only as a concubine, not a wife. Yang Chen's wives can only be Gao Yue, Gongsun Ling, Shi Shanshan and Sun Qingxue.

Chapter 642: The Sincerity Of The Three Sects

“Why can they be concubines?” In front of Yang Chen, she was pouting and trying her best to pretend to be a wronged woman, but she was someone who no one could have imagined, Mrs. Fanghua of the Yin-Yang Demon Sect.

At this moment, Mrs. Fanghua still has the majestic appearance of the Yin Yang Demon Sect, not to mention her enchanting, glamorous and charming attitude, but a green cloth hairpin dress like a princess, with a simple wooden hairpin on her head. The blue silk tied up at the waist was as beautiful as a young girl who has never seen the world.

Everyone thought that the people of the Yin-Yang Demon Sect had already left, and even the people of the Yin-Yang Demon Sect thought so. Even if someone stood in front of Mrs. Fanghua at this moment, they would never believe that the innocent girl in front of them would turn out to be the great elder of the Yin-Yang Demon Sect, whom everyone in the dao sects had heard of, and even the people of the Demon Sect were carefully avoiding.

In just a few short years, Mrs. Fanghua has made a name for herself. Not only did she quickly break through the bottleneck of the peak Yuanying stage, but for some unknown reason, in less than a few months, her cultivation base soared directly from the early Dacheng stage to the middle Dacheng stage.

What was especially terrifying was that even with such a surge of spiritual power, Mrs. Fanghua did not appear to have the slightest lack of control, as if all this was a matter of course.

Only a few core elders of the Yin-Yang Demon Sect knew the cultivation method of Mrs. Fanghua, and also knew that this situation was definitely a great perfection that Mrs. Fanghua would achieve after killing her lover.

Except for Mrs. Fanghua and Yang Chen, no one knew of Yang Chen's existence. In fact, when Mrs. Fanghua persuaded a group of experts from the Yin-Yang Demon Sect to deal with Yang Chen; she used a large number of spirit stones given by Yang Chen, which had nothing to do with her cultivation. The core elders of the Yin-Yang Demon Sect only knew that Mrs. Fanghua must have achieved a great consummation of her cultivation method, otherwise it would be impossible to break through the bottleneck of the peak Yuanying stage. Everything about Yang Chen, Mrs. Fanghua concealed very well.

After the great perfection, Mrs. Fanghua have created an amazing reputation in the demon domain. However, in front of Yang Chen, she would also try her best to explain that the so-called take-all of men and women was just an illusion created by those guys. Without a spiritual awareness cultivation base like Yang Chen, who can recognize the mystery of her cultivation method?

Mrs. Fanghua was naturally overjoyed by staying secretly to meet with Yang Chen. Especially when Yang Chen was alone with her. The heart that made her even more happy almost jumped out of her chest. What Yang Chen said to her last time really made sense. This unforgettable feeling of longing to meet and be together at all times was far more hopeful than remembering in her heart.

It was a pity that Yang Chen will never give Mrs. Fanghua any status in a short period of time. Yang Chen knows this, and so does Mrs. Fanghua. Even if Gao Yue nodded her head, the dao and demon are odds, and it has not yet reached the point where the immortal world unites all living forces, and the two sides can only be mortal enemies.

Because of this, Mrs. Fanghua would act like a spoiled child in front of Yang Chen with an aggrieved look on her face.

"They've all made a heart demon oath, so I will agree." At this moment, Yang Chen could only comfort Mrs. Fanghua softly. In fact, he was also suffering from a headache, and he didn't know how to deal with the three major sects.

"What's wrong with the demon oath, hum. Even if the demon oath is made, won't it change?" Mrs. Fanghua was still aggrieved, her head was buried in Yang Chen's arms, and she was about to cry, with a pitiful expression on her face. It seems that she was bullied by Yang Chen.

"So, you didn't really care when you made a heart demon oath back then, did you?" Yang Chen keenly heard something from Mrs. Fanghua's words, and asked with a wry smile, "So later, if I let my guard down, you will take action. You're not afraid of the heart demon oath at all, are you?"

When Mrs. Fanghua swore allegiance to Yang Chen in front of Yang Chen, she acted on Yang Chen immediately after the tribulation, without hesitation. This point, Yang Chen has always been puzzled, and now he finally has the answer.

“Master, this slave didn’t intend to hide it.” When Yang Chen revealed the secret, Mrs. Fanghua was not so aggrieved, but put on a weak and obedient appearance, and said “because of this slave cultivation method, I am not afraid of the shackles of the heart demon oath.”

“Then what else can bind your original heart?” Yang Chen was surprised. The world was so big, it really was full of wonders. There are cultivators who aren’t afraid of the heart demon vows, without hesitation, it really was amazing.

“You!” Mrs. Fanghua replied without hesitation “Master, you are the only flaw in this slave, and the only concern. What you ask the slave to do, this slave can’t refuse.”

Even at this moment, Mrs. Fanghua looked pitiful. With her beautiful face and the expression at the moment, ninety-nine and a half out of one hundred cultivators would be attracted to her allure. Even Yang Chen felt a sense of accomplishment when she said that he was the only one who could control her weaknesses.

“They are different from you, if people in the dao sect made a heart demon oath. If they break the oath, they will definitely be punished.” Yang Chen can only explain this way. For Mrs. Fanghua, Yang Chen also feels a little guilty.

“Then this slave will confuse them and make them no longer infatuated with you, okay?” Mrs. Fanghua suddenly thought of a good idea and asked expectantly.

Before, Mrs. Fanghua was captured alive by the Murong Five Sisters, and she was also defeated by Fairy Aoki, otherwise she would not have revealed so many secrets of Yang Chen. During this experience, Mrs. Fanghua has not forgotten. At that time, she was only at the peak Yuanying stage and could not compete with the Murong sisters, so she must take the opportunity to get them back.

“Crack,” Yang Chen didn’t answer Mrs. Fanghua, just patted her buttocks heavily to show his attitude.

“Master is biased!” Madam Fanghua clutched her buttocks, her face full of displeasure, and rubbed against Yang Chen’s chest to express her dissatisfaction.

After being coquettish for a long time, Mrs. Fanghua’s eyes rolled, she was tied to Yang Chen’s body again, her sweet tongue almost licked into Yang Chen’s ear, and said in Yang Chen’s ear “Master, this slave wants you, this slave wants you. I want to squeeze you dry. Hmph, even if they are concubines, what if they are concubines, this slave wants you to be unable to go to them for a long time.”

Chapter 643: Concubines

How could Yang Chen admit to this kind of challenge from her? Yang Chen was furious, and directly overturned Mrs. Fanghua to the back and punished her viciously.

With the cultivation base in the middle Dacheng stage, Madam Fanghua’s all these things, in front of Yang Chen’s body that has been nourished by the life essence of tens of thousands of immortals, it was simply not enough. Not to mention, Yang Chen’s Yellow Turban body Refinement Technique has already reached the level of sea pouring strength. Even if Yang Chen gave Mrs. Fanghua 90% of his strength, Mrs. Fanghua would not be an opponent.

Regarding Mrs. Fanghua, Yang Chen didn’t have to consider his feelings as he did with his four wives, just let him vent freely. This is also the attitude of Mrs. Fanghua’s favorite Yang Chen towards her.

After some hearty enjoyment, even the great elder of the Yin-Yang Demon Sect, the great elder of the sect who is best at co-cultivation and dual cultivation, Mrs. Fanghua was paralyzed like a muddy body, even moving a little finger was difficult. At this moment, Mrs. Fanghua’s face was moistened with the splendid spring light, happily refining the spiritual power absorbed from Yang Chen’s body, where is the arrogance that she was just about to drain Yang Chen.

The three major sects did not have much resistance to their female disciples being Yang Chen’s concubine. This is also the result of balance. The pressure of the Green Jade Immortal Island and Blue Cloud Sect made the Greatest Heaven Sect, Five Elements and Qiankun Sect also to consider.

For the three major sects, as long as their female disciples have this kind of relationship with Yang Chen, they can stay by Yang Chen’s side all the time.

Although Yang Chen had already revealed the secret of the fifth-grade alchemy master, and had sworn by his inner demon, no one would doubt the authenticity. However, according to Yang Chen's method, even the most promising senior, Deng Yiya Deng, would need at least hundreds of years to be able to advance successfully. If other sects start to cultivate new disciples, it is estimated that it will take longer.

In such a long time, what kind of development will Yang Chen have? There is no doubt that Yang Chen will not stand still. Then, within such a long time, Yang Chen is likely to study and refine more eye-catching medicinal pills. In this way, Yang Chen has disciples from their own sect by his side, which was completely different.

Although the three major sects do not know what price the Green Jade Immortal Island and Blue Cloud Sect paid for Yang Chen's medicinal pills, there is no doubt that the price is definitely less than what the three major sects paid. Otherwise, the Green Jade Immortal Island and Blue Cloud Sect would not resist the female disciples of the three major sects approaching Yang Chen.

According to the news from the three major sects, both Sun Qingxue and Shi Shanshan seemed to be in seclusion for a long time. This also means that for a long time, Yang Chen will have only Gao Yue and Gongsun Ling by his side. Recently, they have also vaguely heard that Gongsun Ling and Gao Yue are also in retreat. It seems that Yang Chen has no wife to accompany him. This period of time is a good time for their female disciples to develop a relationship with Yang Chen.

The Qiankun Sect was still very satisfied with its own disciple, Fairy Aoki. Under such circumstances, they made a decisive oath, which was accepted by Gao Yue, and was finally able to successfully travel with Yang Chen and successfully find the Immortal peach. With Shi Wushuang's shrewdness, she will only become more and more intimate with Yang Chen in the future. In terms of inviting pets, whether it is Yang Chen's four wives or a few women from the Five Elements Sect and Greatest Heaven Sect, they will never be Shi Wushuang's opponents.

The Five Elements Sect was also satisfied. The Murong's five sisters have always had good insight. It wasn't known how many cultivators admired and wanted to marry them, but they were all rejected by the five sisters. This time, even though they reluctantly married Yang Chen at the behest of the sect, the five women were not dissatisfied, and they were obviously very satisfied with Yang Chen. The sect was also very pleased that their own disciple can have a promising husband, and it was beneficial to the sect.

The Greatest Heaven Sect has never given up the idea of hegemony, and has never given up on the Pure Yang Palace. In the past, it was planned to merge the Pure Yang Palace without bloodshed. Now this idea was even stronger, but it is a pity that the Pure Yang Palace was no longer the old Pure Yang Palace.

Fortunately, Tao Junqi, the elder of their own sect, volunteered to serve Yang Chen as his cauldron, which became the best way to reconcile with Yang Chen. Anyway, the Pure Yang Palace has no power at all in the spiritual world, and it will take a long time for them to grow. After Yang Chen ascends, he will naturally accept the kindness of the Greatest Heaven Sect.

Because it was a concubine, Yang Chen didn't make any big arrangements, and the Pure Yang Palace didn't publicize it much. It was only in the presence of the sect masters of the three major sects that the girls simply bowed to the heavens and the earth with Yang Chen, and the girls officially became Yang Chen's concubines.

The suzerains of the three major sects all brought gifts, and what surprised everyone in the Pure Yang Palace was that, in addition to some ordinary auspicious things, the congratulations of the three major sects were dozens of heads.

The heads of every disobedient elder who participated in the attack on the Pure Yang Palace were taken off by the three major sects and sent to the Pure Yang Palace as a gift to celebrate Yang Chen's concubines. All the heads were elders with power and faces from the three major sects. It must be said that this time the three major sects were indeed doing their best.

Moreover, the sect masters of the three major sects did not conceal the last incident. As the sect masters, they personally expressed their apology to the sect master of the Pure Yang Palace, and apologized to the ancestral hall of the Pure Yang Palace.

Yang Chen and the Pure Yang Palace naturally can't be neglected because the other party gives face like this. The master of the palace immediately said that there are many unworthy disciples in any sect, and the previous things are written off and never need to be mentioned again.

"Greetings husband!" In Yang Chen's courtyard, Yang Chen sat upright on a chair like an old man. Fairy Junqi, Fairy Aoki and the Murong sisters, who were wearing auspicious clothes, bowed to Yang Chen. Concubines are different from wives and naturally have different etiquette.

After a lot of things, the seven women finally became Yang Chen's concubines. For the seven women, it seems that they have put down a big stone in their hearts, and everyone has begun to look forward to the new life.

Seeing every beautiful concubine bowing down to him, Yang Chen suddenly felt an indescribable sense of pride in his heart.

In the past life, whether it was Fairy Junqi, Fairy Aoki, or Fairy Murong Wu, after thousands of years, they would all be famous female heroes in the world, and they could be said to be the pillars of their respective sects. It's just that in this life, all of them have become his concubines, the elusiveness of life was nothing more than this.

Counting Fairy Hanmei and Fairy Xuewu, all the nine great fairies in later generations have become his. The only two fates that changed were Gao Yue and Gongsun Ling.

Feeling this incomparable sense of accomplishment, Yang Chen secretly swore in his heart that everything in his previous life would never happen again.

Chapter 644: Successive Tribulations

Speaking of which, the seven concubines that Yang Chen accepted this time were all having a stronger cultivation base than Yang Chen and his four wives. Fairy Junqi was in the late Dacheng stage, the Murong sisters were in the early Dacheng stage, the worst was fairy Aoki, who was also just in the early Dacheng stage, and was consolidating her cultivation.

The news spread outside, and it also caused jokes among other cultivators. No matter how high Yang Chen was in alchemy, he was not as good as even his worst concubine in cultivation. Even including all the wives and concubines, Yang Chen was considered to be the one with the worst cultivation base.

This kind of situation where Yin was prosperous and Yang was declining was simply the best talking point. Those guys who were jealous of Yang Chen finally discovered one of Yang Chen's most recognizable shortcomings, and no matter what, they wanted to make Yang Chen's reputation flourish.

The various unbearable news outside spread more and more widely, and soon the rumors spread to Yang Chen's ears through the Wine Immortal House. In this regard, Yang Chen just laughed it off, the gossip can't make Yang Chen worry less than a hair, so what about letting them talk? Those guys who can only immerse themselves in this kind of superficial victory, if they can't see through this, their cultivation in this life will come to an end.

Countless people wanted to know the secret of Yang Chen's ability to become a fifth-grade alchemist, but they couldn't pay enough, so naturally they couldn't get it. Those sects that have spent a lot of resources will never allow such critical news to be spread, so they strictly sealed the information. After all, although Yang Chen has already announced his secret, relatively speaking, among the forces that know this secret, Yang Chen and the Pure Yang Palace were still the weakest.

For the coveting of the Pure Yang Palace, there are more and more guys outside. At this time, a series of things happened in the Pure Yang Palace, which made all eyes focus on the Pure Yang Palace.

On the third day after Yang Chen took his concubine, after all the sect masters of the major sects had left, Meng Xian, the head of the Law Enforcement Hall, began to face his tribulation. After so many years of cultivation, Hall Master Meng Xian, who had been on the threshold of the peak Yuanying stage for a long time, finally found an opportunity for his breakthrough after taking one of Yang Chen's seven emotions pills. Just in front of the many masters of the Yuanying stage in the Pure Yang Palace, Hall Master Meng Xian calmly passed the tribulation and entered the Dacheng stage.

On the second day after the breakthrough of Hall Master Meng Xian, Gongsun Ling's master, Gao Shiyan, the elder, also with the help of Yang Chen's Seven emotions Pills, survived the tribulation with a little rough but no danger and also achieved the realm of the early Dacheng stage.

Just at the moment when countless people were amazed by the good luck of the Pure Yang Palace and the power of Yang Chen's pills, only one day later, the master of the palace, He Liangchao, also with the help of the seven emotions pills, began the process of crossing his tribulation.

Of course, the Palace Master consumed not only one seven emotion pill, but two. At the scene of the orderly viewing of the ceremony by the master of the Pure Yang Palace, the master of the palace can almost be said to have passed the yin fire tribulation lightly and achieved the Dacheng stage.

This is not to mention, just less than two hours after the master of the palace passed his tribulation, another unknown cultivator also passed his tribulation in the Pure Yang Palace. People can see from the figure that it was a woman, but they cannot judge the identity of the woman who passed the tribulation. It was only later that they learned that the woman was the dao companion of the palace master, a cultivator who has always seen the head of the dragon but not the tail.

Wan Qian's appearance has long been changed by Yang Chen's replacement Yan Dan, and even people who are familiar with it can't recognize it. Immediately after the tribulation by the master of the palace,

due to the connection between the two cultivators, they quickly entered the process of crossing the tribulation.

For Wan Qian, all the inner demons, all the lack of self-confidence in the process of crossing the tribulation, and even the emotion of fear, are completely absent. She only knows how to cultivate mechanically, and does things according to the instructions of the palace master, and ignores the rest. Such a state, on the contrary, is a state closest to the essence of cultivation. For her, Yin fire tribulation has no difficulty at all and can be passed easily.

In just three days, the Pure Yang Palace has added four masters of the Dacheng stage. There are so many masters who have passed the tribulation, and the success rate was so high that it was simply jaw-dropping. Especially this time, the elders of the Pure Yang Palace did not hide that they were saved after taking the seven emotions pills. In this way, the seven emotions and six desire pills immediately became a holy relic sought after by countless Yuanying stage and Dacheng stage masters.

So far no one has seen the six desire pills except Yang Chen, but the seven emotions pills have passed through the Island Master of the Green Jade Immortal Island, the palace master of the Pure Yang Palace, Elder Gao Shiyan, and Hall Master Meng Xian. The two cultivators of the dao Companions proved that all of them have successfully entered the Dacheng stage from the peak Yuanying stage. The efficacy of the pill was outstanding, and it really lives up to Yang Chen's reputation as a fifth-grade alchemist.

This time, no one will pay attention to whether Yang Chen is rising after taking a concubine, and no one dares to attack the Pure Yang Palace. There are four more experts in the Dacheng stage, even if you want to do it, you have to weigh it, whether your head is enough. People still remember the end of dozens of the Dacheng stage masters last time. Who would provoke the Pure Yang Palace at this moment? Was it too late to compliment? Do you want to have the Seven Emotions and Six Desires pills?

The masters of the Yuanying stage in the Pure Yang Palace have really opened their eyes these days. They have watched the yin fire tribulation four times in a row, and each way of passing the tribulation was different. For cultivators, these are all experiences and solutions to problems that they may encounter in the future. Every master of the Yuanying stage in the sect had faces full of excited light, and then each began to retreat.

Speaking of which, Yang Chen hadn't given gifts to his seven concubines yet. The things that happened these days were enough to involve Yang Chen's energy. The seven concubines were also fortunate enough to watch the yin fire tribulation four times in a row. Although it did not have much substantive significance to them, it was a rare experience.

“What is this?” Looking at the round pills that Yang Chen handed over, Shi Wushuang asked with a little surprise and some doubts.

“Millennium face retaining pills.” Yang Chen replied with a smile, took Shi Wushuang’s little hand, and put a pill in her palm: “Of course, good things should be used by my own family first.” Next he gave some to everyone, no one will fall behind.

Although she knew that Yang Chen would take good care of her when they became Yang Chen’s concubine, the seven women never thought that this happiness would come so quickly. For a time, with several thousand-year face retaining pills, all the girls fell into a state of ecstasy and unable to control themselves.

“Try it and see how it tastes?” Yang Chen’s words made Tao Junqi and the Murong sisters who were also beside Yang Chen couldn’t help laughing. Would whoever holds a pill of this level care about the taste of the pill?

Chapter 645: The Rich And Powerful

“Everyone outside said that your cultivation is higher than mine.” Yang Chen said with a smile “Since that’s the case, let them take a look. Now the women around me are not only stunning, but also all of them are masters of the Dacheng stage, let them envy me to death.”

Listening to Yang Chen talk about this situation, the girls didn’t even laugh. In fact, they have also heard these rumors about Yang Chen, but the rumors are indeed true, each of them is higher than Yang Chen’s cultivation base, so they were always afraid that Yang Chen will have some ideas because of this, everyone doesn’t dare to tell Yang Chen about these things. Now that Yang Chen said this, it was beyond their expectations.

“What are you afraid of? Your husband, I’m not that stingy yet.” Yang Chen looked at the girls’ thoughts and knew what they were thinking. In fact, with Wushuang as a teacher, Yang Chen doesn’t need to worry about many things, she will naturally work with the other girls to do it properly for Yang Chen. Even if she was afraid that Yang Chen would be unhappy not to say these things, it was also Shi Wushuang’s arrangement.

“My woman’s cultivation base is high, that’s something I’m proud of. In the future, no one should think about planning anything against me, otherwise, the family law will punish them!” To the seven fairies who have not really become his own women, Yang Chen was very formal.

Yang Chen’s remarks made the several women completely relieved. Originally they thought that it was just like a rumor that women were having a higher cultivation base than the man, which would make Yang Chen very embarrassed, but they never thought that Yang Chen would say this and be proud of them. For a time, the hearts of the several women were filled with an indescribable happiness, being Yang Chen’s woman was still a very warm thing.

“Besides, this kind of face retaining pill is just an expedient measure.” Yang Chen doesn’t mind that all his women look young and beautiful. However, the girls have not yet reached the point where they are one with Yang Chen, at least in Yang Chen’s eyes, they haven’t gotten to that point yet. Although they have already made a big oath, Yang Chen still won’t take out all the good things at once. “Eat it for a few days and be happy, there will be better things in the future.”

“Is there a better face retaining pill?” Fairy Junqi couldn’t help but ask in surprise. Among the seven women, Fairy Junqi was the eldest, and she was the most worried about her appearance. Now hearing her husband say this, she was so overjoyed that she doesn’t know how to express it. A face retaining pill that was better than the Millennium face retaining pill, what kind of thing is that?

“A set of beauty-preserving cultivation method that is said to be the original creation of the Nine Heavens Mysterious empress.” Yang Chen concealed a little, instead of directly saying Fairy Chang’e’s beauty-preserving cultivation method, he spoke of the Nine Heavenly empress. Although it was not as good as Fairy Chang’e, even if it was placed in the Immortal world, it is a good thing for all the female cultivators to break their heads and fight for.

“Nine Heavenly empress Xuannv’s beauty-preserving technique?” Even the youngest Shi Wushuang was pleasantly surprised. As long as she was a woman, who wouldn’t care about her appearance? Although the Murong sisters didn’t speak, the look in their eyes that almost burst into flames in anticipation had already explained everything.

“Your cultivation base is not enough now. When you reach the peak Dacheng stage in the future, you may be able to start your cultivation.” The nine heavenly empress face-retaining cultivation method was not as effective as Fairy Chang’e, and the restriction of cultivation was also an important part. That’s why Yang Chen said that using the face retaining pill was an expedient measure.

For the women, this was not a problem at all. With this thousand-year face retaining pills, they can definitely maintain their current appearance to the peak Dacheng stage. You know, whether it was Fairy Junqi, the Murong sisters, or Fairy Aoki, they are all rare and well-qualified disciples of their respective sects, and passing the raging wind tribulation was simply a matter of course, without any twists and turns.

“Thank you Husband!” Shi Wushuang didn’t even think about it, she has only been married to Yang Chen for a few days, and she had such a surprise. Looking at Yang Chen, who was smiling at her, she bowed again.

“We are family, you don’t need to be so polite.” Yang Chen got up, took Shi Wushuang’s little hand, and naturally took her into his arms. Shi Wushuang didn’t struggle at all, and leaned beside Yang Chen with great enjoyment, and closed her eyes involuntarily. Yang Chen was not hypocritical, he kissed her heavily, and the other women who looked at them all blushed.

Fairy Junqi and the Murong sisters also stepped forward to thank him, and the ecstasy in their hearts had taken up the main part. However, Fairy Junqi was still interested in the Seven Emotions and Six Desires Pills, and couldn’t help but ask “Husband, what kind of elixir is the Seven Emotions and Six Desires Pill?”

“The seven emotions pills are deceitful things, they are trash. You have all passed the tribulation now, and they are of no use to you.” Yang Chen’s very straightforward words made all the women who heard these words stunned for a while. These pills turned out to be a deceptive piece of junk? The four masters of the Pure Yang Palace who have faced tribulations in succession, was it fake?

“Since it’s the Dacheng stage, let’s take these pills and give them away to play!” Since Fairy Junqi had already asked about the Seven Emotions and Six Desires Pill, Yang Chen was not stingy, and directly gave each of them several pills they had never seen before “Six Desire Pill, is also a deceptive thing, just taste it, if you want to temper your mood, there are other ways, don’t pay too much attention to this kind of pills.”

The so-called “Seven Emotions and Six Desires Pill” was originally created by Yang Chen because Shi Shanshan was suppressed by a few guys in the Green Jade Immortal Island. In Yang Chen’s own words, it was indeed a deceiving thing. Although the effects are true, if you temper your state of mind, this kind of medicinal pill that suppresses the effect was not as complete as nine nether flying sword.

However, in the eyes of the women, this was not the feeling at all. Such an extremely precious Six Desire Pill, just giving them this way, feels so unreal. As for Yang Chen's words like deceptive garbage, they have already let them filter them automatically. If this kind of thing was given to other people, they don't know how much the people who accept the gift will owe the women.

Several sect masters came to attend Yang Chen's wedding in person, not necessarily to give Yang Chen face, they wanted to take the seven emotions and six desires pills. The seven emotions pill is already a good thing that makes people greedy, not to mention the Six Desire pills, which no one has seen so far. Now they each have a few pills in their hands. These six desire pills alone are enough to make the outsiders break their heads, but in the eyes of their husband, these are just trivial pills.

Even though they were from the three major sects, the seven women had never felt so rich and powerful. The shock was simply irresistible.

Of course, Yang Chen saw the shock of the girls in his eyes. He didn't say much about this, but just asked with a smile, "Who will accompany me tonight?".

Chapter 646: Marriage Night

When Yang Chen asked, it was just a joke, but he didn't expect that when he asked one sentence, all the seven girls blushed, and even Shi Wushuang, who was now a little close, shyly let go of Yang Chen's hand and threw it to Yang Chen with a blushing face. They quickly disappeared in front of Yang Chen.

The seven beautiful concubines disappeared in unison, causing Yang Chen to be stunned for a while. Looking at their expressions, it was obvious that his words made them shy. The problem is, when the relationship between the two parties was never acknowledged before, the seven women were able to make very intimate actions. Why are they married now, but they are separated?

Soon, Yang Chen's question was answered. A graceful figure lowered her head and shyly came to Yang Chen.

To Yang Chen's surprise, the first woman who came to Yang Chen was not Fairy Wushuang thought by Yang Chen, but Fairy Tao Junqi.

“Husband!” Tao Junqi lowered her head, not even daring to look at Yang Chen. Standing opposite Yang Chen, she looked a little helpless. Even the cultivation base of the Dacheng stage does not seem to be able to eliminate her tension at the moment.

Yang Chen was a veteran, after being taught by Mrs. Fanghua a few times, he also somewhat understands the mentality of some girls. This is Tao Junqi’s first time, no matter how high her cultivation base is, it will be the first time in her life after all, so such a performance was really normal.

Since he was the husband, Yang Chen was of course also responsible for guiding, reaching out and pulling Tao Junqi’s small hand, he gently pulled Tao Junqi into his arms.

To be honest, this is the first time Tao Junqi has been so close to Yang Chen. At this moment, where was the bearing of a Dacheng stage master, where is the pride of Fairy Junqi, she was clearly like a shy little village girl.

For the first time, Yang Chen didn’t want to have a double cultivation with Tao Junqi, but slowly guided her to appreciate the beauty of married life.

“Master, don’t take pity on your concubine!” Although Tao Junqi was so shy at the moment that she didn’t even dare to look at Yang Chen, she still remembered what Gao Yue reminded them last time and said softly, “This is senior sister Gao’s order. “

A person who should be much older than Gao Yue in terms of seniority and age, but at this moment has to call Gao Yue senior sister because of Yang Chen’s sake, which is something that makes people speechless.

“Don’t think about that much.” Yang Chen responded with a smile, but a pair of magic hands were already slowly exploring Tao Junqi’s body “Enjoy it.”

Under Yang Chen’s domineering yet gentle caress, Tao Junqi’s whole body was involuntarily warmed up, she felt that her heart was beating uncontrollably. In his arms, she didn’t dare to take the initiative to do anything.

Soon, under Yang Chen's initiative, Tao Junqi changed from a girl to a woman. That wonderful feeling made Tao Junqi wish she could immerse herself in it and never have to come out. The body seems to have been floating in the air, not wanting to fall for a moment. The unprecedented joy that came out of her bones made Tao Junqi's soul drift away countless times.

When Tao Junqi was in a trance in the bliss and was almost on the brink of blurring, Yang Chen brought a glass of wine that smelled very mellow to her mouth. At this moment, Tao Junqi has long since belonged to Yang Chen wholeheartedly, how could she refuse and obediently drink the fine wine that Yang Chen fed her, and then completely lost consciousness.

After settling Tao Junqi, Yang Chen was about to cultivate some cultivation methods to relieve his desires, but the door of the room opened softly, and another graceful figure with a blushing face appeared at the door again, and walked slowly with her head down.

The eldest Murong sister, Murong Han, was also one of Yang Chen's concubines, and shyly walked up to Yang Chen's side.

Compared to Tao Junqi, Murong Han was much bolder, which can be seen from the fact that they dared to approach Yang Chen with Madam Fanghua's advice when they first came into contact with Yang Chen.

However, even so, this is also the first time for the Murong sisters. The eldest sister came in alone, but she was still full of red clouds. It was not known if it was because she heard the voices of Yang Chen and Tao Junqi before, or because she had to face Yang Chen in the same way.

"Sister Gao said, husband, don't hold back all the time." Murong Han's voice was like a gnat, but it reached Yang Chen's ears very clearly. As she spoke, Murong Han took the initiative to stretch out her small hand into Yang Chen's, lowered her head and said, "You have mercy husband."

It was Gao Yue's order again, and Yang Chen couldn't help but smile bitterly in his heart. This is where Gao Yue saw that the seven girls had a firm mind at the time, and it was as simple as swearing to follow Yang Chen. It was clearly because Gao Yue took pity on Yang Chen's body, the four of them couldn't make Yang Chen happy. The woman joined in, deliberately to make Yang Chen happy.

It was also the first time that Yang Chen could not favor one over the other. As the day continued, even if Yang Chen was impatient, he would not be able to leave an imperfect memory for the girls at such a time. Therefore, Yang Chen still used a gentle method to send Murong Han to the peak of pleasure.

It can't be helped but said that Yang Chen's body was already strong enough that neither of the two Dacheng stage fairies could release Yang Chen completely. On the contrary, Murong Han also fell into that kind of intoxication, unable to extricate herself. Similarly, after Yang Chen fed her a large glass of wine, Murong Han also fell into a deep sleep.

Next, the Murong sisters came in turn. Murong Nan, Murong Shu, Murong Yan, and Murong Bi, one by one, completed the first time they were looking forward to, nervous but extremely happy, from a girl to a woman, then when at the peak of happiness and was about to lose consciousness, they drank a large glass of Yang Chen's wine and fell asleep.

After the Murong sisters, the last person to come in was Fairy Aoki. Undoubtedly, Shi Wushuang is a smart person. She knows that she just broke through the bottleneck because of Yang Chen's advice, so even when she was in Yang Chen's arms, she still resolutely left and gave up the previous opportunity to Tao Junqi and Murong sisters, she was willing to come at the end.

Yang Chen did not favor one over the other. Instead, he pity Shi Wushuang for not consolidating her cultivation base soon after her new tribulation. He deliberately stayed with Shi Wushuang for a long time, so that Shi Wushuang completely let go of Yang Chen from body to heart, and then gently treated Shi Wushuang.

This is the first time Shi Wushuang has discovered that the happiness between husband and wife can actually make her so happy, even more addicting than the breakthrough in cultivation, making people reluctant to think about anything else.

Without any exception, Shi Wushuang drank the alcoholic wine that Yang Chen fed her when she was absent minded. Although she didn't know what it was, but the other sisters drank it, she will not be so special.

Chapter 647: Wealth And Power

Tao Junqi felt very comfortable, as if she hadn't enjoyed such a wonderful sleep for countless years, and even felt a little unwilling to wake up.

Between half-dreaming and half-awake, Tao Junqi seemed to find that she was sweating a lot, which made her body very uncomfortable. But soon, a pair of gentle hands hugged her and sent her to warm water, washing away the silt from her body, and then she was sent to another kind of warm place. The refreshing and comfortable feeling made Tao Junqi fall into a deep sleep again.

She didn't know how long it took, Tao Junqi's closed eyes finally moved slightly, and her long eyelashes were slowly and suddenly fanned a few times, and they opened completely.

As soon as she woke up, Tao Junqi found that she was actually naked in a strange purple liquid. Before she had time to think about other things, Tao Junqi was shocked. She had guarded her body like jade for thousands of years. Tao Junqi had never been so rude in front of others, not even in front of her own maid. Thinking of the feeling in her dream, Tao Junqi almost collapsed.

"Don't be nervous." A familiar voice reached Tao Junqi's ears. Immediately, a large warm hand stretched out from behind and embraced Tao Junqi's breasts without any hesitation, and pushed her body against his. She was pulled into the arms of the same person.

As soon as she heard that voice, Tao Junqi no longer had any tension or struggle, and was submissively placed on her body by the big hand. That was Yang Chen's voice, her husband's voice, her husband's hand, and her husband's body.

All the memories before falling asleep came back to Tao Junqi's mind. The feeling of being tenderly cared for by her husband and sent to the peak of immortality and happiness made Tao Junqi feel a little shy when she couldn't help thinking about it. How could she act like that? It seems that her voice was not small at the time. If nothing else, she must have been heard by the other sisters.

Her husband must have heard it more clearly. Tao Junqi didn't understand why she was so uncontrollable at that moment. Thinking of this, Tao Junqi felt a sense of shame, and at the same time was slightly afraid, for fear that her husband would misunderstand her. If her husband had that kind of understanding, Tao Junqi would only wish she could die.

"Don't think nonsense." Yang Chen seemed to have a kind of comprehension after being instructed by Mrs. Fanghua in this regard. He understood Tao Junqi's mood at this time without a teacher, and comforted her softly in her ear "Your husband likes it."

Tao Junqi's uneasy heart was finally put back into her stomach. As long as Yang Chen doesn't blame her for screaming, especially Yang Chen's words made Tao Junqi feel like she was back in the sky.

"What is this?" Tao Junqi only noticed the situation around her after she calmed down. In the strange warm purple liquid, not only her, but the Murong sisters and Shi Wushuang were all there, but they were still sleeping. After a while, Tao Junqi remembered the glass of wine she drank before she fell asleep, and couldn't help asking, "Husband, what did you feed me?"

"A large cup of Jade Dragon Wine distiller's yeast of hundreds of thousands of years maturity made with four seas mysterious coral Liquid melted with a fifth-grade Lingzhi Mushroom jade pill and a millennium face retaining pill." Yang Chen hugged Tao Junqi's delicate body and replied casually.

The body in his arms suddenly stiffened, and after a while, she relaxed. Yang Chen had no idea about this, but he didn't find it strange. He just didn't miss the opportunity to touch the beautiful body in his arms, feeling the amazing smoothness and elasticity.

Tao Junqi never imagined that the big cup she drank contained such an amazing thing. Fifth grade Lingzhi mushroom jade pill, don't ask, it was Yang Chen who wanted to relieve Tao Junqi's pain. Not to mention the thousand-year face retaining pill, that is a good thing that every female cultivator in this world dreams of.

Speaking of which, the Jade Dragon Wine distiller's yeast is just a condiment that makes the cup of drink taste mellow and tastes better. The real precious thing was the large cup of four seas mysterious coral liquid. As an elder of the Greatest Heaven Sect, how could she not know the efficacy of the four seas mysterious coral Liquid? The discomfort after sweating while half asleep must be due to the excretion of impurities from the body.

Just now in shock, Tao Junqi didn't realize what the strange purple liquid was soaking Yang Chen and the girls. After realizing that there was such a thing as the four seas mysterious coral Liquid, Tao Junqi naturally understands what this purple liquid was.

Tao Junqi never thought that one day she would take a bath with the four seas mysterious coral liquid. Such a whimsical idea, if you say it, it is estimated that countless people of insight will ridicule her from head to toe, and then scold her for daydreaming. However, everything in front of her was extremely

real, she told herself that this was not a dream, and that she was really taking a bath with the four seas mysterious coral Liquid.

When Tao Junqi was intoxicated and unable to extricate herself, the Murong sisters and Shi Wushuang also began to wake up one by one.

Yang Chen also did not favor one over the other. After each one was gently comforted, and then after they asked the same question as Tao Junqi, with a simple and true answer, several of the five major sects were born with extensive knowledge and high cultivation. The absolute Dacheng stage beauties were sent into that state of extreme shock.

The seven beauties were confused for a long time in this state of disbelief, and only then did they truly realize what a rich man with wealth and resources could rival a country. In contrast, after getting a few Six Desire Pills and face retaining Pills before, they felt arrogant.

The unbelievable feeling even made them forget the benefits to their body and cultivation after drinking the four seas mysterious coral Liquid. When they think about it, they realize that they can't seem to be surprised. In front of a husband who took a bath with the four seas mysterious coral liquid, drinking a few glasses of wine made with four seas mysterious coral liquid suddenly seemed so insignificant.

"Don't make a fuss, no matter what they say about your husband, he's not a poor man, right?" Yang Chen's lazy voice reached the ears of the girls, as if there was an indescribable feeling of relief "Although there are many wives and concubines, after all, I your husband can afford it anyway."

These kinds of words that can directly kill almost all the so-called rich people in the mortal world, reaching the ears of the women, suddenly caused a burst of tears and laughter. If this level is only able to afford wives and concubines, then what are their respective sects? Beggars?

Chapter 648: Pleasure Release

From a practical point of view, whether it was Fairy Junqi or Fairy Aoki, including the five Murong sisters, when they approached Yang Chen from the very beginning, it was because of the meaning of the sect, and they also were a little curious, so they came to Yang Chen's side.

At that time, saying that they liked Yang Chen was absolutely nonsense. It was purely for the interests of the sect, and they planned to dedicate themselves to the sect. Even from a certain point of view, Yang

Chen's lustful reputation really gave them a lot of negative views. From the bottom of their heart, the girls looked down on Yang Chen, no matter how powerful he was, they still felt the same way.

However, after coming in contact with him, they found out that Yang Chen didn't seem to be as lecherous as they had heard, and even the kind of close service of the beautiful Murong sisters, Yang Chen seemed to avoid it. When he first came into contact with them, he never moved or had any lustful eyes. If they have to say anything, it's just appreciation, not obscene.

Speaking of which, although Yang Chen's cultivation was not high, his talent was very good. Not only is he the only fifth grade alchemist in the mortal world, but he also discovered the mystery of the postnatal spiritual root. This discovery was simply a great deed that benefited countless cultivators, and Yang Chen did not hesitate to announce it. In addition to his previous impressions, at that time, the seven girls did not dislike Yang Chen.

Yang Chen never took the opportunity to wipe oil or do other things, which made the seven girls who were slowly approaching never hated and became curious. Once a woman becomes curious about a man, she will inevitably learn something about him. As a result, the seven girls naturally fell into a vicious circle.

The more they learned about Yang Chen through other channels, the more attracted they felt. Not to mention, Yang Chen has actually been suppressed since joining the sect. As the genius disciples of their respective sects, they cannot understand and have never experienced this.

Under such circumstances, relying on the spirit of self-improvement, Yang Chen reached the present step by step, and even won the favor of Fairy Hanmei and Fairy Xuewu. After learning about Yang Chen's experience, the seven girls couldn't help but admit that they would also be attracted to him. At least when they approached Yang Chen, they no longer had the grievance of being forced by the sect, but they wanted to see Yang Chen on their own.

Yang Chen didn't spend much time with them. Fairy Junqi wanted to pull Yang Chen into the Greatest Heaven Sect chariot no matter what, and she was even ready to dedicate herself. Fairy Aoki saw the limitless future from Yang Chen. As for the Murong five sisters, it was because of the excellence of the five and the reason why the quintuplets did not want to be separated. Since Yang Chen was able to attract them, it was not unacceptable for them to follow Yang Chen.

Everyone has different ideas. The same thing is that at a suitable time, Fairy Aoki took the initiative to make a big oath, and let the girls follow the example. Gao Yue, his master, has the recognition as Yang Chen's wife and eldest wife agreed. This time, even Yang Chen had no reason to object.

Gao Yue's starting point was not how the seven girls would like Yang Chen, she only cared about making her husband less wronged, as he suppressed his wishes every time. Even if all the wives came together, they would not be able to fully meet the needs of their husband.

Everything that followed was in order. From the process of discovering the Immortal peach, the girls found out that Yang Chen did not have a Senior who took care of him or hit the shit out of luck, but got that kind of benefit with his own analysis and knowledge.

When the secret of the fifth-grade alchemist was announced, not to mention the pile of medicinal dregs, all the girls got to know Yang Chen again. The hard work Yang Chen put into the alchemy process was by no means anyone's imagination. In addition, the otherworldliness of his fire control completely touched the hearts of the seven girls.

At that moment, even if there is no sect persecution, even if there is no deep and complicated interest relationship, they were still willing to marry Yang Chen. It was genuine love, nothing else mixed in. In Yang Chen's body, they saw the limit of a cultivator's hard work, and the example of a down-to-earth success. How could they not like such a person?

Although the arrangement of the sect means they could only be a concubine in the end, the seven women did not feel wronged. Since they like Yang Chen and the sect is happy to see it, there was no problem.

What they didn't expect was that they would be completely lost in Yang Chen's charm and completely conquered by the first real night after marrying Yang Chen. The happiness that the body and mind belong to someone completely was even more addicting than the feeling of spiritual power advancement.

Immediately afterwards, shock took hold. What Yang Chen has shown was not just a wealthy man, but a kind of wealth that makes all the sects who claim to be rich be ashamed to death.

As far as Yang Chen is concerned, since they are already his concubine, of course they cannot be wronged. Even his apprentices can take a bath with the four seas mysterious coral liquid, so they will naturally receive a higher treatment. However, some things are not suitable to be taken out at one time, they will see the situation in the future.

Fairy Junqi, Fairy Aoki, and the five Murong sisters were all masters of the Dacheng stage masters, they all came from a great sect. After being shocked for a long time, they finally calmed down. The instruction they received from the sect was to take advantage of the time when Yang Chen and Shi Shanshan and Sun Qingxue were estranged, to shorten the distance with Yang Chen as much as possible. In addition to Gao Yue's previous instructions, why won't the girls know what to do?

Having experienced happiness for the first time, coupled with the kind of indulgence that Yang Chen once said that he liked, the seven women were simply entangled with Yang Chen in this huge pond of four seas mysterious coral liquid from all over the world.

All the girls were masters of the Dacheng stage, and they have experienced the baptism of the Yin fire tribulation. They were more powerful than Gao Yue, Gongsun Ling, Sun Qingxue and Shi Shanshan, they are more able to withstand Yang Chen's attack. Yang Chen finally did not need to consider the feelings of the girls for the time being, and let him indulge himself.

Even so, the seven girls took turns to go into battle, and finally, after each endured more than a dozen peaks, Yang Chen broke out completely. For this reason, all the girls also took a few breaks in the middle, and took turns several times. In the end, they also failed to escape the feeling that their bodies were softened into a pool of mud.

Yang Chen was lying in a pile of snow white bodies, but he found that his spiritual power, after this time of indulgence, seemed to have a more condensed posture.

Chapter 649: Charm Of The Dragon Palace

The Great Yin-Yang Five Elements Secret Art, like the Yin-Yang Heaven Burning Fire, was a cultivation method that only exists in legends. Of course, it doesn't mean that other people can't cultivate the true essence cultivation method, but Yang Chen alone has cultivated all the true essence cultivation methods that gather together the great Yin-Yang five elements.

Yang Chen never expected from beginning to end that even a normal married life would have such an impact on his spiritual power. If this trend continues, maybe Yang Chen's future cultivation will be indulging in the process of declaring yin day by day.

This is a later story, Yang Chen was now thinking about what kind of cultivation and arrangements should be made next. The biggest pit has been dug for the Greatest Heaven Sect, he just has to wait for it to explode. However, now that Fairy Junqi is here, he has to think more about her feelings.

There is no way to tell, he can only find a way to make Tao Junqi ascend as soon as possible, when she can't see it, she doesn't have to really face that moment, and she doesn't have to deal with it. Since it was Yang Chen's woman, Yang Chen will think carefully about her.

After waking up again, all the seven women had a kind of bright beauty moistened by the rain and dew, and the newly married women made Yang Chen wish he could push them down again immediately. Fortunately, everyone was a master cultivator, and they can control their emotions.

It was not known when the seven women's clothes could no longer be found, but there were seven more exquisite women's clothes on the edge of the four seas mysterious coral liquid pool.

The girls have long known that Gao Yue's artifact refining technique was also known for being exquisite, it must be the new clothes that Sister Gao prepared for them.

Naturally, Yang Chen's robes were always carefully crafted by Gao Yue, and they were placed there. Regardless of their shyness, the girls first waited for Yang Chen to put on his robes, then each quickly put on their new clothes, and then followed their husband to choose the room they liked.

They thought that taking a bath with the four seas mysterious coral liquid was an unimaginable luxury, but when the girls saw the Dragon Palace rooms, they realized that it was just the most inconspicuous small pool.

It was not known how many years of treasures collected by the Dragon race was used to refine it, how can ordinary mortal cultivators imagine. The worst material in the Dragon Palace, even if it was a floor tile, was a handicraft crafted from the most astonishing top-level jade that has been carefully refined. It is no exaggeration to say that in the luxurious palace of Yang Chen, just take a brick and go out and you can exchange for a small sect.

The flowers and plants in the yard, any one of them, can be a treasure of heaven and earth that can cause a bloody battle for it at any time. Here, these are nothing more than the materials used to decorate the lawn of the flowerbed because of the beautiful flowers or leaves.

As for the room, there was no need to say anything about beauty and luxury. The spiritual veins in each room were enough to make countless sect masters beat their chests. The kind of spiritual power that was enough for a large sect to be used as the spiritual vein of the mountain gate is just the most common standard in every room. Not to mention, Yang Chen will also prepare different four seas mysterious coral liquid for each person to use as a separate bath liquid for each person's different spiritual root attributes.

"What's this place?" Tao Junqi, the recognized eldest sister among the seven women, was the most knowledgeable person, she couldn't help being shocked by Yang Chen's generosity again, so she couldn't help but ask.

"The house used to store metal qi." Yang Chen said casually. This sentence caused a burst of anger and reluctance.

The seven girls didn't even realize it, they seemed to have completely recognized Yang Chen and regarded themselves as Yang Chen's women. In the past, in any place, these masters of the Dacheng stage would not be able to speak in such a coquettish tone. But here, it was a natural thing that they didn't even think about, they didn't feel that it was inappropriate for a few women in the Dacheng stage to act coquettishly to a middle Yuanying stage cultivator.

"If my research back then was correct, this should be the legendary Dragon Palace." Yang Chen finally told the truth after the coquettish voice of several concubines.

The last time Yang Chen found the Immortal peach from myths and legends, the girls would not have any doubts about Yang Chen's research. Since this is already in Yang Chen's hands, it must have been obtained through a process similar to that.

The legendary Dragon Palace made all the girls stunned for a while, but they had already decided in their hearts that apart from the Dragon Palace, what else could it be? A series of shocks have made them feel that they are not surprised. Even if Yang Chen said that this is the High Heaven Palace, it is estimated that they will not fall into sluggishness again and again as they did not long ago.

The seven girls didn't even know that before they knew it, they already had a calmness that didn't change color when Mount Tai collapsed in front of them. Although they already felt that they already had such a temperament, compared with the present after hearing, seeing and touching these things, the previous calmness was just a theoretical thing.

Everyone happily chose their own room, and then happily began to decorate it. They also knew that Yang Chen would never let them bring in their original servants here, so everything could only depend on themselves.

The seven girls also learned a little about the matter of the Green Jade Immortal Island from other sources. After all, the Green Jade Immortal Island punished a core elder and an ordinary elder at that time, and there were a lot of rumors. Only now did the girls understand how outrageous that Bei Shuangyu and Liu Zifang were. With Yang Chen's support, trying to disgust Shi Shanshan with that sect's example is simply a big joke.

"Greetings sisters!" Soon, the girls found Gao Yue and Gongsun Ling in the Dragon Palace. No one dared to neglect them, so they rushed to Gao Yue and Gongsun Ling's side in unison, and paid homage in accordance with the etiquette of the concubine's to the eldest wives.

"My sisters, don't be too polite." Gao Yue has the demeanor of a big woman. After helping them up one by one, she encouraged them with a smile "You have done a good job, and you will serve husband more carefully in the future."

Gao Yue's words made the women almost drop her head to her chest in shame. Obviously, everything they and Yang Chen did in the pool outside fell into Gao Yue's eyes, otherwise Gao Yue wouldn't say that they did a good job. When they thought that their appearance was being watched by Gao Yue and Gongsun Ling, the girls felt a little embarrassed and couldn't raise their heads anymore.

"Sisters, don't worry about it." Gao Yue has been encouraging the girls all the time, with a little guilt on her face "Husband has been enduring hard, it's our fault. With you here, husband doesn't have to work so hard, sisters, thank you all!" After saying that, she bowed and saluted.

Only then did the seven girls understand that Gao Yue was not making fun of them. After returning the greetings, they couldn't help but think of the madness with Yang Chen at that time. Everyone had a sweet and happy feeling in their hearts.

Chapter 650: Life Source Magic Weapon Modification

After Yang Chen announced the cultivation secrets of a fifth-grade alchemist, the Pure Yang Palace was relatively calm for a period of time. Even when Yang Chen took seven concubines at a time, and there was no fanfare. It was just the suzerain of the several parties there. It looked shabby, but the scale was not low at all.

Similarly, Yang Chen didn't have anything special here. Apart from practicing alchemy, he was enjoying the life of being newly married with his new concubines, and he lived a very peaceful life.

Fairy Junqi, Fairy Aoki, and the five Murong sisters, have gradually become accustomed to living with their husband, and have also begun to understand each other and get along well with each other. Of course, they were more used to the extravagance of Yang Chen's seemingly dilapidated courtyard that made countless people stunned.

The shock that Yang Chen brought to everyone was not over yet, Gao Yue gave the girls another solid surprise.

Everyone has a life source flying sword, Gao Yue just asked them to show her their life source flying sword, and then commented on their flying sword according to each person's characteristics. Although Gao Yue was only in the middle Yuanying stage and close to the late stage, but at the level of refining, after the tempering of the Dragon Horn Flying Sword, she already has the vision of a master, and a few casual comments can always make everyone who was commented on astonished.

It would be fine if it was just verbal. Whenever they found the flaws in their flying swords, Gao Yue would always ask them to bring the flying swords over and use a set of tools they had never heard of before to repair them.

Due to the status of Gao Yue as the eldest wife, although the girls were not very happy, they still did not refuse. They were also prepared in their heart that after being modified by Gao Yue like this, it would take at least decades to dispel the aura left by Gao Yue, and then re-fine it.

However, when they received the life source flying sword that was modified by Gao Yue, the girls were surprised to find that it had been clearly re-modified by Gao Yue but there was no aura on the life

source flying sword, it was completely their own magic weapon, and it was not contaminated by foreign aura at all.

They are all masters of the Dacheng stage, and all of them are from famous families. Which of the seven women don't understand what this means? Suddenly, they looked at Gao Yue, the old lady who they had always thought was just Yang Chen's master. With Gao Yue's hand alone, no one in this mortal world can do it.

Anyone who has tempered the life source magic weapon knows the hard work that needs to be done, even if their own life source magic weapon has a little flaw and they want to change it, it was never easy. It's okay to say that it was a master of refining, but if it was replaced with an ordinary cultivator, if the initial rough embryo of the magic weapon has not laid a good foundation, they can only use a flawed magic weapon for the rest of their life.

Gao Yue's hand almost subverts everyone's cognition, even the tempered life source magic weapon can be changed so easily without bringing any influence to the owner, as long as the rumor spreads, the sensation caused would be no less than the scenery of Yang Chen, a fifth-grade alchemist.

Everyone thought that Gao Yue was just lucky, the blind cat bumped into the dead mouse and accepted Yang Chen as an apprentice. It was said that Yang Chen looked for Gao Yue to be his master, they think that he had an idea for his master a long time ago. Everyone only thinks that Gao Yue was just a foil, and now the girls realize that it was different. Gao Yue was already a master no less than Yang Chen.

They have heard of the reputation of Master Gao Yue Craftsman before. However, that was a rumor after all, Gao Yue doesn't have many handed down works that can be remembered. Only now did the girls understand that the wife of their husband was not such a simple person.

Gongsun Ling and everyone only met once, so she retreated alone, not knowing what she was cultivating. However, everyone has eyesight, Gongsun Ling's cultivation base seems to have entered the late Yuanying stage. If they calculate from the time of her cultivation, such a cultivation speed was enough to make countless geniuses feel ashamed.

Not to mention Fairy Hanmei and Fairy Xuewu, they have long been known as geniuses. Only now did the seven concubines realize that the people around them who originally came from the husband-in-law turned out not to be fuel-efficient lamps.

After realizing this, the seven women became more and more respectful towards Gao Yue. However, Gao Yue was as amiable as always, and did not bully the girls on the basis of her status as the first wife. The only requirement that was regarded as an order was for them to serve their husband well.

Speaking of this, the women couldn't help but blush. Yang Chen seems to be a bit of a foodie, and almost every time he sleeps with the seven women, the seven women are also sent to the top ten times by Yang Chen every time. Every time they show their side they usually don't want to be misunderstood in front of Yang Chen.

In addition, Yang Chen's daily life seems to be very leisurely, and he was always studying carefully with a piece of jade that he found from nowhere. After Yang Chen revealed the secrets of the fifth-grade alchemist's cultivation, the girls also understood that Yang Chen had never stopped exploring various medicinal properties, and had never stopped cultivating fire control techniques. Similarly, he had never stopped cultivating, it's just that everyone can't see it.

It must be said that the aptitudes of the seven girls are absolutely top-notch, and each of them is a genius with a single attribute of the innate Five Elements Spiritual Root at full or close to full value. Yang Chen soon discovered that after having a reckless relationship with them, the purity of his spiritual power would increase unconsciously. This point, the girls also felt happy in their hearts, which was another reason why they would look forward to having a good relationship with Yang Chen.

This time, Yang Chen revealed the cultivation method of a fifth-grade alchemist, and received more than 20 sect's rewards. Except for the addition of several seventh-grade fire seeds, the others used various other equivalents of the same value of medicinal materials and magic weapons to compensate.

Yang Chen was very generous, except for the fire seeds and medicinal materials, he directly divided it into two halves, and divided the half into four parts, and shared them equally among his four wives. The other half was divided into seven parts, which were naturally distributed to the seven concubines who were newly accepted by him.

All of a sudden, having obtained such a batch of wealth that is enough to support a second-rate sect, even Fairy Junqi, whose cultivation base is as high as the late Dacheng stage, can't help but be shocked by Yang Chen's generosity again. Yang Chen's move this time directly led to a straight-line improvement in the seven women state of mind. At least in the face of materialism, it was easy to lose their heart.

Such surprises came one after another, and the seven girls couldn't believe it. The distance between Yang Chen and his family was already much closer.
