Chapter 661: Offer

The external branch of the Zhao family obviously wants Yang Chen to join the Zhao family and become their affiliated family. This kind of relationship is very common among cultivators. Not only does this kind of ancient family have such a relationship, but most of the cultivation families actually have it.

It's just that this kind of external branch is obviously a vassal. Once he agrees, it means that Yang Chen must obey their orders. Basically, he has to do what he is asked to do. It is said to be an external branch, but it is actually a subordinate.

"Not interested!" Yang Chen shook his head directly. Were they kidding, not to mention Yang Chen who is so popular, even if it was a disciple of a small sect, who will find a father for him if he is fine? No one likes this unless you are desperate, or you have received some kind of favor that cannot be repaid.

Yang Chen's attitude was expected by the Zhao family. The head of the Zhao family and several elders looked at Yang Chen and nodded, but they didn't intend to force him further. Instead, the head of the Zhao family smiled and said calmly "Grandmaster Yang has worked hard all the way, you may be a little tired, you might as well go to the guest room to rest and discuss it with some of your family members, there is no rush for this matter."

Yesterday, he obviously wanted to ask about the demonic qi, but today it immediately turned into asking Yang Chen to be a vassal. Obviously, during this day, some unknown changes seemed to have taken place, at least Yang Chen didn't know about it.

The Zhao family was still ruth polite, a junior led the way and sent Yang Chen back to the guest room.

Yang Chen didn't hide it from the concubines, and directly stated the Zhao family's request.

Tao Junqi exploded on the spot. She has a fire attribute spiritual root, so in fact her personality was not always docile in front of Yang Chen. Whether she is in the sect or outside, who doesn't know Fairy Junqi's fiery personality? If it weren't for such a personality, how could Tao Junqi, who has a superb face and body, have been single until now?

It is not easy to find a fellow daoist who can suppress Fairy Junqi. Born in a famous family, high in status, excellent in aptitude, outstanding in appearance, and high in cultivation, even a person with a little thought would feel ashamed when seeing Fairy Junqi. Only someone like Yang Chen can suppress her.

“Too much deceit!” Tao Junqi saw the table next to her and smashed it into pieces with one palm and said angrily, “Let’s kill them!”

“I’m afraid, it’s not so easy to leave now.” Shi Wushuang next to her directly followed Tao Junqi’s words and shook her head.

Everyone was not a rookie who went out for the first time, so of course they understand what Shi Wushuang means. In fact, before they entered Zhao’s house yesterday, they left a tracking mark outside, the masters of the sect could find their whereabouts according to this mark.

Except for Yang Chen, Tao Junqi, Shi Wushuang and the five Murong sisters all left such marks. There were quite a few Zhao family members present at the time, but no one stopped them. If you think about it now, it is estimated that the other party has nothing to worry about, they are not afraid of what they will do later.

It’s no wonder that the Zhao family has always been mysterious, and no one else knows where the Zhao family is. Yang Chen’s family now understands that it’s not that they can’t find it, but that the location of the Zhao family was constantly changing. Wherever the mysterious turtle swims, the Zhao family is there.

According to this logic, in fact, the imprints left by the girls yesterday are meaningless at all. Even if people from their respective sects could trace that place, it would be nothing but a vast ocean, and they would never find any traces of the girls.

Others can’t see how powerful that black turtle is, but Yang Chen knows it all. That mysterious turtle, in terms of real strength, can definitely compete with the ultimate demonized demon vine. Almost at the level of the second grade Earth Immortals realm, but bound by a powerful formation, it had to submit to the Zhao family.

A mysterious tortoise of this level can easily block the detection of almost everyone in the mortal world. If they want to avoid being discovered, no one can discover it, even Yang Chen himself.

However, thinking of this question, Yang Chen still had some doubts in his mind. Maybe, Li Cheng can easily find out? For this sworn brother, Yang Chen has always been unable to figure out his depth, and he still doesn't know how far his cultivation has reached.

If Yang Chen didn't know why Li Cheng invited him to that deserted island before, then now, Yang Chen is sure that it must be related to this mysterious Zhao family. But for what it is for, Yang Chen still needs to explore further.

The more you know, the more you realize that you don't know enough. Yang Chen was in such a state now, he can't figure out why there are so many cultivators who surpass the limits of the mortal world suddenly. The supreme elder, the demonized beast, now jumped out of a mysterious black turtle.

Even Yang Chen knew that such a huge manor of the Zhao family didn't have any spiritual veins at all, and everyone's cultivation was to absorb the spiritual power of the black turtle. This alone is enough to shock people. There are so many Dacheng and Yuanying stage masters, and there are even hidden characters like the supreme elders, all of whom are provided with spiritual power by the mysterious turtle. How high should the cultivation base of this mysterious turtle be?

Now is not the time to figure out the strength of the turtle, but to discuss how to deal with this situation. Shi Wushuang's words are actually very reasonable. When they came in, they didn't know how powerful the formation was. Now that they think about it, there should be many other effects, at least being able to trap people is one of them.

The Zhao family didn't care whether Yang Chen agreed or not, which actually explained the problem. They are absolutely sure that Yang Chen's family cannot leave, even if there are seven Dacheng stage masters, it is impossible to leave the Zhao family, so they are so sure. Anyway, Yang Chen's family is in Zhao's house, so there is no fear of them doing anything.

In such a situation, even Shi Wushuang is helpless. Can't fight but can't escape, it's really a bit embarrassing. Just when Shi Wushuang and Tao Junqi were angry and the other was anxious, Murong Yan, one of the Murong sisters who had been silent all this time, gently pulled the corners of Shi Wushuang and Tao Junqi's clothes, signaling them to look at their husband.

As soon as the eyes of the two women turned, they immediately saw Yang Chen's posture as if nothing happened. Not only did he not have any frowning expression, but he closed his eyes and enjoyed

Murong Han's pleasant massage. He took the full wine glass from Murong Nan's hand and took a small sip, which was really relaxing.

"Husband!" Tao Junqi immediately suppressed her anger, and Shi Wushuang also had a more coquettish expression on her face, she leaned in front of Yang Chen, and said coquettishly, "What can you do, Husband?"

Chapter 662: Really Good Tricks

"There is no good way." Yang Chen shook his head directly, and then added "At least not now."

Listening to the words, Shi Wushuang's eyes lit up for a moment, and her body almost slipped into Yang Chen's arms. She was completely flattering and coquettish, she twisted her delicate body and asked in a greasy voice "When will there be a way? Tell me, husband!"

Tao Junqi and the five Murong sisters were all busy with their own affairs, and they didn't watch Shi Wushuang's performance at all. Although they tried her best to please Yang Chen at first, there was indeed another way. Everyone was higher in cultivation base than Yang Chen, and they are older, they really can't bear to act like a baby to Yang Chen. Among the seven girls, only Shi Wushuang is the one who can do this.

"That depends on when the people from your sect can arrive at the place where you left your mark." Yang Chen took another sip of wine from Murong Nan's hand and then said slowly "We have to wait for everyone to arrive before we talk about it."

"You can go..." Tao Junqi immediately asked with some doubts, but she only said two words, and then Murong Yan quietly pulled her again, and she never said the following words.

Questioning Yang Chen at this time was obviously not believing in Yang Chen, which is actually not good for Tao Junqi. Firstly, she questioned her husband, and secondly, she made a bad impression in front of Yang Chen. The girls slept together because they served Yang Chen, and they were all concubines, so they were naturally different from Gao Yue and Gongsun Ling. The Murong sisters always protected Tao Junqi silently, they were afraid she would be excluded.

“It took us two years to rush here, and it will take at least two and a half years for the masters of Qiankun Sect to arrive.” Shi Wushuang estimated the speed of Yang Chen’s flying shuttle, and then gave a similar answer.

“It will take such a time for the masters of the Greatest Heaven Sect to arrive.” Tao Junqi immediately told the time of the Greatest Heaven Sect arrival.

The eldest sister of the Murong sisters, Murong Han, didn’t speak, but nodded in response to the two girls’ answers. Yang Chen also understood that it was the same for the masters of the Five Elements Sect.

“Then wait slowly, wait until two years later.” Yang Chen chuckled, but did not explain to the girls and said calmly “Anyway, the Zhao family seems to have a plan in mind, and they are not afraid of any resistance from us. Then let’s get to know the Zhao family first.”

For several days in a row, Yang Chen didn’t nod his head. The Zhao family was not in a hurry, nor forced. They just provided food and drink, and it seemed that they were not afraid of what they might have. However, a few days later, the Patriarch of the Zhao family invited Yang Chen to the hall again. This time, several elders were absent, but there was an extra woman.

As soon as they met, Yang Chen recognized the woman’s identity from the familiar fluctuations in her spiritual awareness. Although she has changed her appearance, her figure, her voice, and her habits, even if she is standing in front of an acquaintance, it is impossible to recognize her, but there are some things that cannot be changed.

“It turned out that it was Elder Liu in person, forgive me for being disrespectful!” Yang Chen immediately bowed his head and saluted the woman, with a smile and an expression of sudden realization on his face. This woman was clearly the Elder Liu of the Green Jade Immortal Island, who escaped from the eye of the sea and now appears here.

Liu Cui was stunned for a while when Yang Chen called out her identity, she obviously didn’t expect it. After a while, a smile appeared on her face and she smiled at Yang Chen “My surname is not actually Liu, but my surname is Zhao!”

“She is my daughter!” The Patriarch of the Zhao family watched from the side, and suddenly interjected.

“So that’s how it is!” Yang Chen suddenly understood a lot more, Liu Cui, no, Zhao Cuiyue is the daughter of the Patriarch of the Zhao family, and she was ordered to enter the Green Jade Immortal Island, whether it was out of spying on the secrets of the Green Jade Immortal Island or other reasons. The purpose is to become an undercover agent anyway.

Because of the big black turtle, the Zhao family has been active in the seabed all the time, and they are not afraid that anyone will find out. Zhao Cuiyue can easily pass any news to the Zhao family. This is also the reason why she chose the Green Jade Immortal Island, because among the five sects, only the Green Jade Immortal Island is on the sea.

“How could you recognize me right away?” Zhao Cuiyue was a little bit unwilling to admit defeat, and wanted to know the reason for this, so she asked with a slightly angry tone.

“I’m a fifth-grade alchemist!” Yang Chen said with a smile, “Your father should know that I have mastered the properties of medicine with a high degree of proficiency.”

The Patriarch of the Zhao family over there nodded. He was present when Yang Chen demonstrated. Of course he knew Yang Chen’s control over the properties of the medicine. However, Zhao Cuiyue was still a little puzzled: “What does this have to do with you recognizing me?”

In fact, not only her, but even the Patriarch of the Zhao family had the same doubts. It’s just that with his identity, it’s not easy to ask. Since Zhao Cuiyue asked, he just waited for Yang Chen to answer.

“When you understand the medicinal properties to a certain extent, even with your eyes closed, you can distinguish any kind of medicinal material, even with your eyes closed, without any other means, and just with your nose, and you can even distinguish the place of origin, year, etc.” Yang Chen replied confidently, although he didn’t directly say the reason, it was already obvious: “Unless you wrap your body with spiritual power and spiritual awareness all the time, so as not to let a trace of smell leak out, otherwise...” Yang Chen said here, he just shrugged his shoulders and said nothing.

“Dog nose!” Zhao Cuiyue couldn’t help being taken aback, and then cursed in a low voice. The Patriarch of the Zhao family next to her also understood that it was because of the smell, so he couldn’t help but look at Yang Chen again, wondering how many abilities Yang Chen hadn’t shown yet.

“Thanks for your praise!” Yang Chen seemed unable to hear Zhao Cuiyue scolding him, and responded with a smile, and then asked “Since Elder Zhao is here, how about Elder Bei who disappeared with Elder Zhao? She should be in the Zhao family too right!”

Both Bei Shuangyu and Liu Cuiyue disappeared, of course Elder Bei would not hide this from Yang Chen, Yang Chen was very clear about this.

“Of course!” She nodded without hiding anything. She glanced at Yang Chen up and down, and said suddenly “You have a good trick, what kind of trick did you use to scare a master in the middle Dacheng stage into such a state?”

“Small tricks are not worthy of praise!” Yang Chen was very proud, responded with a smile, and then directly gave a thumbs up: “Elder Zhao is indeed brilliant! First take the line of the elder who grants rewards, and then walk slowly to the at this step, if you get Elder Bei back, maybe it’s Elder Bei’s people who let you go. So many things have happened, as long as you cure Elder Bei, Elder Bei will naturally be grateful. The things that belong to the Green Jade Immortal Island can easily become the Zhao family’s, good trick!”

Chapter 663: You Can Stay As Long As You Want

As he said that, Yang Chen was also secretly startled. This Zhao family was not conspicuous, but has received great benefits. Even Yang Chen has no memory of them in his previous life. It can be described as a model of making a fortune silently.

In his memory, there was no incident of expelling the elders in the Green Jade Immortal Island, which means that Zhao Cuiyue was not exposed in the Green Jade Immortal Island in his previous life, she was safe and sound all the way to the spiritual world and Immortal world. This also means that the Zhao family has been hiding behind the Green Jade Immortal Island, enjoying super benefits, but not having to bear any responsibilities.

The Green Jade Immortal Island has Zhao Cuiyue, who knows if there are other Zhao family members in other sects? Yang Chen has no doubts at all that the five major sects of the dao domain and even several major sects of the demon sects have shadows from the Zhao family, because when they lined up to welcome Yang Chen’s family, Yang Chen once discovered that there were several Dacheng stage masters who clearly cultivated the skill of the demon sects.

If Yang Chen hadn't wanted to share the experience of a fifth grade alchemist this time, it is estimated that the Zhao family would not easily jump out and become known. However, this is also due to the fact that the strength of the fifth grade alchemist is too great. If in the mortal world he can reach the fifth grade alchemist, the spirit world and the Immortal world can almost be said to be one step ahead. It's not a problem, the Zhao family can't help but not be tempted. In fact, it wasn't just the Zhao family who were tempted.

However, now the Zhao family jumped out and wanted to merge Yang Chen into a side branch of the Zhao family. This was definitely the stupidest move, and it was also the biggest mistake they made.

"Whether the method is good or not is meaningless now." Zhao Cuiyue did not look as happy as Yang Chen imagined. It is normal to be a little bit sullen after getting so much benefit for the Zhao family, but now she had to quit.

"Understandable!" Yang Chen nodded in agreement with a smile on his face.

"If it wasn't because of you!" Although Zhao Cuiyue was also smiling, it was obviously the kind of gritted teeth smile, and her mouth didn't match her heart "If it wasn't for you, I wouldn't have reached this point."

"I didn't take the initiative to provoke you." Yang Chen replied nonchalantly "You have so many experienced masters in the Demon Continent, don't tell me that you don't know what they were like when they first came out of the Demon Continent. After two hundred years of suffering, you can still be an elder, I didn't force you to leave."

Speaking of which, Zhao Cuiyue and Yang Chen got into a quarrel because they wanted to suppress Shi Shanshan who had just returned from the Demon Continent. It was at that time that Shi Shanshan made Bei Shuangyu and Zhao Cuiyue lose face that led to the subsequent series of events. Yang Chen's words were obviously correct, he didn't take the initiative to provoke them.

"The cause and effect don't matter anymore." Zhao Cuiyue also knew that if she got entangled in this, she would be at a loss, so she quickly changed her expression, and of course, the smile was always on her face: "The important thing is that you are at my house now. "

"So what?" Yang Chen asked back with that indifferent expression.

“Perhaps, Grandmaster Yang, you don’t know how powerful the sealing formation of my Zhao family is.” Zhao Cuiyue seemed to finally have the feeling of victory and smiled very happily “Maybe Grandmaster Yang, you are still waiting for your concubine’s to help you or a master from your natal family came to rescue me? Don’t be wishful thinking.”

The Patriarch of the Zhao family has been by the side, watching his daughter talk to Yang Chen, but never opened his mouth. But the expression on his face was exactly the same as that of Zhao Cuiyue’s, a feeling that the general situation was settled, as if everything had been mastered and he was confident.

“My family’s sealing formation was handed down from our ancestors. It was guided by the masters of the Immortal world. Even if you stand outside the sealing formation, you can’t find anyone’s location through the formation.” Zhao Cuiyue was proud of herself before Yang Chen asked. At the beginning, she introduced the power of the Demon Sealing Formation: “If you hope someone can find out where you are, don’t dream!”

“If you think that’s what my family’s engraved magic array is all about, then you’re very wrong.” Seeing that the expression on Yang Chen’s face didn’t even change much, Zhao Cuiyue still couldn’t help it, and continued “Since it’s called demon sealing formation then all kinds of monsters and demons can be sealed by it. Don’t think that you and your concubines can escape because they are in the Dacheng stage. Without our permission, even a fly will not be able to fly out.”

Yang Chen was not surprised that the other party was so sure, and he didn’t even restrict their family’s personal freedom, so Yang Chen knew they were sure of it, this formation was their reliance.

“This formation has another effect, which you would never have thought of, Grandmaster Yang.” Zhao Cuiyue quickly became proud again, and said to Yang Chen: “Grandmaster Yang, you once said that you have a way to collect the aura of the heavenly tribulation, but can you isolate the tribulation?”

“Is this formation that good?” Yang Chen finally asked back, moved.

“Of course!” When Zhao Cuiyue saw Yang Chen’s performance, she couldn’t hide the joy on her face and replied quickly: “Even if your strength has surpassed the point of ascension, within this formation, there is no need to worry about the tribulation. In comparison, the method of the elders of the five major sects is not worth mentioning!”

This was quite beyond Yang Chen's expectation. The Supreme Elders of the major sects are already existences that people look up to, and it is impossible for countless small sects to try their best to do so. But in this Zhao family, it turned out to be so easy, just relying on a formation to cover everyone from the tribulation.

The Demon Sealing Formation had this effect, it also explained Yang Chen's other doubts. The strength of that mysterious tortoise was obviously close to the second grade Earth Immortal realm, but it did not attract the Heavenly Tribulation and directly ascended, obviously because of the effect of this Demon Sealing Formation.

Of course, there must be other formations that can control the tortoise, otherwise, the tortoise of the second grade earth Immortal realm would not be so docile, manipulated by a group of mortal guys, and even absorb the spiritual power from it. In this way, this mysterious turtle may not have any resentment in its heart.

"Grandmaster Yang, even if your concubines already have the power to ascend, it is impossible for them to lead you away from my Zhao family." Zhao Cuiyue said so much for this purpose: "If I were you, I would be honest. To be a side branch of my Zhao family, as long as you refine medicinal pills, my Zhao family will take care of you. Whatever the five major sects can give you, my Zhao family can also give you."

"What if I say no?" Yang Chen didn't seem to hear the unspoken but always threatening part in Zhao Cuiyue's words, and instead asked with a smile.

"Then we will treat Grandmaster Yang as a guest of my Zhao family." The Patriarch of the Zhao family took over the conversation and replied with a smile "You can stay as long as you want!"

Chapter 664: Opportunity

With this Demon Sealing Formation, basically the Zhao family will have an eternal foundation. If the mysterious tortoise whose whereabouts is uncertain is added, then no one in the mortal world can shake the Zhao family.

Since there was a powerful formation protection, even masters who have surpassed the Dacheng stage cannot break through, so naturally the Zhao family is not afraid of Yang Chen's cultivation and rushing

out. As for the masters within the Zhao family, with such a demon-sealing formation, there must be no shortage of masters like the Supreme Elder in the Zhao family. In their expectation, Yang Chen's family wanted to be free, but basically it could be said that there was no hope at all.

At the same time, with the Demon Sealing Formation and the mysterious Turtle, the masters of the five major sects couldn't even find the location of Yang Chen's family, so there was no way to come to save them. Besides, so what if they find it? Could it be that the masters of the five major sects could rescue someone from a second grade earth immortal tortoise?

With such insurance, the Zhao family was certainly not afraid of any resistance from Yang Chen's family. When the days pass, Yang Chen will give in one day. The Zhao family had such confidence, so not only did they not threaten the Yang Chen family, but they offered delicious food and drink, and even looked around in the Zhao family's manor, but they couldn't leave.

The Zhao family has used this kind of trick more than once, and now several branches of the Zhao family are collecting people in this way. At the beginning, they also firmly disagreed, but didn't they also become a side branch of the Zhao family? With the example of their ancestors before them, they are not afraid that Yang Chen will stir up any troubles.

"Since that's the case, I won't bother you more." Yang Chen didn't seem to feel wronged by being under house arrest at all, as if he was really a guest at Zhao's house, his tone was natural, and he didn't seem to feel wronged at all.

"If what you are hoping is to kidnap a Zhao family member and force us to let you out, I advise you to give up now!" Zhao Cuiyue looked like a victor at the moment, looked at Yang Chen, and advised him earnestly "Believe me!, even if you hurt a small handyman in the Zhao family, we will use the life of a concubine of yours to pay for it."

When she was talking, Zhao Cuiyue was completely condescending, looking at Yang Chen as if she was looking at a mouse that had fallen into a cat's nest, no matter how hard the mouse struggled, it was just adding a little more fun to the cat. Yang Chen is now the mouse that makes her happy, and feels that all the grievances she suffered in the Green Jade Immortal Island have been taken back.

Zhao Cuiyue can be sure that they have thought of all the ways Yang Chen can think of. No matter what tricks Yang Chen uses, it is impossible to cause any disturbance under the Zhao family's hundreds of Dacheng stage masters, and even dozens of Human Immortal masters, let alone a second grade earth immortal in the Zhao family.

“Then what are you talking about?” Yang Chen raised his eyes, turned his hands behind his back, turned around and left like an old master, and after walking a few steps, his voice sounded slowly again: “If you have anything delicious to drink, just bring it, I am not talented, but this appetite is extremely demanding, the Zhao family should not treat them lightly, right?”

“Grandmaster is at ease as a guest. If you need anything, there is a butler in the guest room, just order it directly. You don’t have to be polite!” The Patriarch of the Zhao family always had that kind of smile on his face, and said with a smile as he looked at Yang Chen’s walking back.

Yang Chen walked a long way, and was about to disappear from the door of the living room, Zhao Cuiyue suddenly shouted at Yang Chen angrily, “Yang Chen, what method did you use on Elder Bei?”

The figure that was walking outside suddenly stopped, and Yang Chen turned back with a smile, and asked with a teasing smile “Why, Elder Zhao, the little hypnosis method of my spiritual awareness can’t be solved? It’s not like the Zhao family with great powers!” After speaking, he laughed loudly and turned to leave.

Zhao Cuiyue looked at Yang Chen’s disappearing figure, stomped her feet bitterly, but couldn’t say anything.

“Since he has already blocked his way out, why bother to ask this question extravagantly, and make him proud in vain, you won’t be happy, why bother?” Zhao Family Patriarch looked at Zhao Cuiyue’s expression and said lovingly.

As his own daughter, Zhao Cuiyue was unable to have fun under his knees, and risked being exposed to go undercover in the Green Jade Immortal Island. These years have really been terrible for her. The dignified Miss of the Zhao family had to go to the Green Jade Immortal Island to hide her name and endure all kinds of grievances. One can imagine the pain of becoming an elder from a junior disciple. But for the sake of the Zhao family, she had to do so in order to convince the public.

“Bei Shuangyu can’t recover in one day, and can’t tell us a lot in one day.” Zhao Cuiyue explained anxiously: “Once the delay is too long, I’m afraid there will be many changes.”

“My Zhao family has been here for so many years, am I still afraid of a little elder from the Green Jade Immortal Island?” The Patriarch of the Zhao family shook his head slightly, and patiently explained “You have been away for too long, you don’t know the situation of the family these years. Don’t worry, nothing will happen.”

“Then what about Bei Shuangyu?” Zhao Cuiyue also knew that she was in a hurry, calmed down her emotions, and asked her father.

“He also said, it’s just hypnosis with spiritual awareness.” Patriarch Zhao said with a smile: “No matter how strong the spiritual awareness is, can it be stronger than tortoise? Just let it be solved, it’s easy.”

The discussion between Zhao’s father and daughter didn’t last long, and soon dissipated. Yang Chen returned to the guest room, still looking calm, but the seven girls were already waiting anxiously, and when they saw Yang Chen coming back, they all came up to welcome him.

Yang Chen recounted all the things that Zhao Cuiyue said, but concealed Zhao Zifang’s identity. Hearing that the Zhao family has such a powerful demon-sealing formation, the seven women were also stunned, but faced with the predicament in front of them, no one could do anything about it. In the end, everyone’s eyes turned to their husband, Yang Chen.

“Don’t worry!” Yang Chen was very calm from the beginning, showing no sign of panic at all. This kind of tranquility also made the seven girls feel much more at ease. It seemed that as long as they saw Yang Chen like this, they would not be too flustered. Unknowingly, the seven girls seemed to have forgotten that they were all at the Dacheng stage, and their cultivation was much higher than Yang Chen’s.

“Cultivate with peace of mind, try to absorb the spiritual power directly from the black turtle and absorb the spiritual veins.” Yang Chen said with a smile, and then added “Don’t worry, I have a way!”

This sentence seems to be more effective than any comforting words, and the seven women were no longer anxious. Their husband is so sure, obviously there is something behind him. Anyway, it’s still early for the masters of the sect to come over, so they would wait slowly.

Yang Chen was even more outrageous, and directly started alchemy in the guest room. Hearing the room steward’s report on the behavior of Yang Chen’s family, the Patriarch of the Zhao family smiled

slightly and refused to comment. He just ordered food and drink to take care of him, and he didn't care about other things.

A few days later, Yang Chen, who was recuperating with his eyes closed and claiming to be refining alchemy, suddenly noticed a strong wave of spiritual awareness, and suddenly smiled secretly in his heart, the opportunity had come.

Chapter 665: Overwhelming Pressure

Everyone in the Zhao Family Manor felt this wave of spiritual awareness. The Zhao family has basically gotten used to it, so there is no big surprise. But the seven girls beside Yang Chen all jumped up in surprise.

Although the Zhao family had been expected to have a powerful backhand, they never thought that their hidden power would be so powerful. Even just the fluctuation of spiritual awareness can make Tao Junqi, who was in the late Dacheng stage, sweat coldly and be speechless for a long time. Even Tao Junqi, who has the strongest cultivation base, was like this, the Murong sisters and Shi Wushuang felt even more unbearable.

At this moment, Yang Chen didn't care about comforting his seven concubines, a thread of spiritual awareness collided with the sudden burst of spiritual awareness without a sound. Immortal Realm's Beast Mastery was activated directly, and a thought was transmitted at the moment when the spiritual awareness collided.

"The descendants of the dignified dragon clan, with the blood of your clan, you don't carry your merit stele, but let others drive you here, what a pity!" The only thought Yang Chen passed on was this sentence. However, along with Yang Chen's thoughts, there was also a wisp of Xiao Tian's spiritual awareness and an aura of the Dragon bead.

The sudden appearance of a powerful spiritual awareness gave a shock, and then returned to normal. Immediately after, a rough voice sounded in Yang Chen's mind: "Dragon blood?" The tone was full of suspicion, as if he couldn't believe it.

"Roar!" Yang Chen was about to express something, but the other party yelled suddenly, and then the voice sounded in Yang Chen's mind again: "The formation is blocking me, so I don't have time to talk in detail."

After saying this sentence, the overwhelmingly powerful wave of spiritual awareness disappeared directly, as if it had never appeared before, and the whole manor also returned to its original state.

The seven girls were still in panic, so Yang Chen could only hug them one by one, and then comforted them with his spiritual awareness, and woke up the girls one by one and comforted them softly. It took a long time for the girls to recover a little, but still they couldn't get back to normal.

"It's amazing!" Tao Junqi stretched out her arms to hug Yang Chen behind Yang Chen, and sighed with lingering fear, even her voice was much softer: "It's stronger than the elders of my sect." It seems that only by holding Yang Chen can it let her no longer be so afraid.

The five Murong sisters were almost connected with each other, and now they gather together, holding hands in a circle, and only by working together can they barely maintain their trembling. The center of the circle was Yang Chen, one of Yang Chen's hands was on the same side as Murong Yan and Murong Han, the steady and warm hand brought them infinite warmth and courage.

As for Shi Wushuang, she almost curled up in Yang Chen's embrace, her delicate body was still trembling. Among the seven women, her cultivation was the shallowest, and she was the most surprised. The current women, who had no demeanor of a master in the Dacheng stage, are clearly a few frightened girls, seeking support from their husband.

The spiritual awareness of the second grade Earth Immortal realm was definitely not something anyone in the mortal world can bear. Of course, perverts like Yang Chen and Li Cheng are exceptions. Even the well-informed seven women, who came from three major sects, were exposed to this kind of strength beyond this world for the first time and still behaves like this.

There was no other way, even if there are Supreme Elders in several major sects, at most those Supreme Elders are in the second and third grade Human Immortal realm, and if they are beyond that, they are in the fifth grade Human Immortal realm. Although the Dacheng stage cannot compete, it is only a big difference after all. Relatively speaking, the pressure belongs to the pressure, but it was not untouchable.

But what the Zhao family showed this time was at the level of an Earth Immortal, two big realms was the difference. That was completely impossible to overcome with will or other things. Those in the

foundation-building stage will be slaughtered by those in the Yuanying stage, was there any other possibility?

People are swordsmen, they are fish, and this is the kind of fear that the seven girls feel most directly. This is a feeling they have never felt since they cultivated. They are born in a great sect and they are geniuses in their own cultivation. No one would dare to treat them like this wherever they go, this is the first time.

“Don’t be afraid! Don’t be afraid! Your husband is here for everything!” Yang Chen kept repeating these few words, finally making seven women calmer and calmer gradually.

“Husband, don’t you feel the pressure?” Yang Chen’s calm performance finally caught Tao Junqi’s attention, and when she asked, all the girls looked over, and even Shi Wushuang in her arms raised her head, a little frightened she looked at Yang Chen curiously.

“Don’t forget, your husband is very talented, and he naturally has the ability to be distracted and to do multitasking.” Yang Chen let go of Murong Yan’s hand, pointed to his head and smiled: “One heart is scared, but there is still a lot of distraction. A few hearts have not been affected.”

It was only then that the girls remembered that Yang Chen had emphasized this point when he announced the cultivation secrets of the fifth-rank alchemist. Yang Chen’s explanation made sense, and the girls stopped delving into this issue.

“Is this the Zhao family’s trump card?” Tao Junqi couldn’t help shivering, recalling the feeling of fear just now, and asked anxiously.

“It should be!” Yang Chen knew in his heart that the tortoise was by no means the real strength of the Zhao family, maybe it was in the mortal world, but it must be more than that in the Immortal world. However, at this moment, he can’t say too much to scare the girls around him, so he said it in a guessing tone.

“Even if the masters of the sect arrive, I’m afraid...” The first thing Shi Wushuang thought of was the warning signal they sent out when they entered the Zhao family villa. Now that she thinks about it, even if everyone’s reinforcements can arrive, against the Zhao family, she was afraid it’s more ominous than good. Thinking of this, Shi Wushuang couldn’t help turning pale again.

“No hurry, no hurry!” Yang Chen’s arms tightened, and he hugged Shi Wushuang even tighter. After giving her some courage, he comforted her: “There must be a way for the car to reach the mountain. Don’t worry, your husband will help you with everything.”

There is a husband in everything, these words seem to be a cure, and the seven girls quickly cheered up. For some reason, they didn’t feel this way before, but now, these few words can make them extremely at ease.

Shi Wushuang’s delicate body was no longer stiff and trembling, but found a comfortable position, and pressed herself and Yang Chen closer. Even Tao Junqi couldn’t help but hold Yang Chen tighter behind her. Yang Chen could even easily feel the firmness of the two lumps on her chest. The five Murong sisters also got closer, but it’s a pity that there was no place beside Yang Chen, otherwise they might have leaned up and hugged Yang Chen.

“Grandmaster Yang, the Patriarch wants to see you!” Just as Yang Chen was huddling with his own woman, a very unpleasant voice suddenly came from outside the guest room. It was the butler of the Zhao family’s guest room.

Chapter 666: Good Deal

Yang Chen followed the room steward and came to the Zhao’s hall again. However, before going in, Yang Chen heard Zhao Cuiyue’s exasperated voice: “Useless things, get lost!”

A figure almost rolled out of the hall, even crawling out of the threshold, without even looking at Yang Chen and the butler, he ran away and disappeared in the blink of an eye.

However, what others didn’t notice was that when the man and Yang Chen intersected, Yang Chen clearly saw the anger and unwillingness in the man’s eyes.

“Grandmaster Yang, please forgive me for taking the liberty to invite you here!” The Patriarch of the Zhao family has always shown a good temper, and his tone was as gentle as ever.

“It’s easy to talk about!” Yang Chen responded casually, then looked at Zhao Cuiyue who had a bad face beside him, and suddenly asked, “That person just now, isn’t your Zhao family’s son?”

“Why do you say that?” The Patriarch of the Zhao family snorted and asked curiously.

“Your daughter’s attitude doesn’t seem like she’s treating the Zhao family’s children.” Yang Chen turned his gaze to Zhao Cuiyue and with a smile on his face, he replied slowly.

“That’s the son of a small side branch of the Zhao family. Since he is a side branch of my Zhao family, he is the dog of my Zhao family. What kind of attitude do you want?” Zhao Cuiyue has a bad temper. Seeing that Yang Chen was still laughing, she immediately said angrily “ Yang Chen, don’t be shameless, the feeling of being shocked just now is not good? How long do you think you can bear under that kind of pressure? Aren’t you going to become my Zhao family’s dog sooner or later?”

“It turns out that the Zhao family wants me to be a dog.” Yang Chen’s eyes sharpened, but there was still a smile on his face “However, that one just now was obviously not enough.”

“Hmph, then I’ll wait until all your women turn into dogs, and see how long you can last.” Zhao Cuiyue obviously knew the behavior of Yang Chen’s family in the guest room just now and sneered.

Zhao Cuiyue’s words also made Yang Chen completely affirm that in the Zhao Family Manor, it is estimated that no one’s every move can escape the surveillance of the Zhao family. Fortunately, Yang Chen had expected it long ago, and never said anything in the Zhao family and the seven women that he didn’t want the Zhao family to know.

“Wait here.” Yang Chen didn’t care, and said slowly, “I’m used to being scared, aren’t you all okay?” He spoke calmly, but Yang Chen’s eyes became brighter and brighter. Being a fan has completely angered Yang Chen.

“We are fine because there is a secret method to resist. I want to see how many times your women can withstand the shock.” Zhao Cuiyue’s face was almost deformed, and she said in a stern voice “Even if you are born distracted and multi-purpose , How many times can you bear it!”

“Thank you Elder Zhao for your concern, let’s wait and see!” Yang Chen ignored Zhao Cuiyue but he turned to the Patriarch of the Zhao Family who was watching the show next to him: “I believe the Patriarch didn’t call me here just to have your daughter make a fool of herself and make fun of me.”

The Patriarch of the Zhao family was ruined by Yang Chen’s words, but he didn’t feel annoyed. He still had a smile on his face and said slowly: “My little girl has been away for a long time, and she has suffered a lot outside. Naturally, she is a bit arrogant. It made the master laugh, I am ashamed.” He said he was ashamed, but there was no trace of shame on his face.

“It’s easy to say.” Yang Chen waved his hand, and without looking at Zhao Cuiyue, who had a strange expression on the other side, he just asked calmly, “I just don’t know, but is Elder Bei’s spiritual awareness hypnosis broken?”

This question immediately poked a hornet’s nest, and Zhao Cuiyue immediately jumped up and shouted at Yang Chen “Yang Chen, what kind of method did you use on Elder Bei?”

Zhao Cuiyue couldn’t help but not be angry. She originally thought that Yang Chen had used his spiritual awareness to hypnotize him, and as long as he used a master with higher spiritual awareness, he would be able to untie it easily. Unexpectedly, even a few grand elders could not solve the problem. As a last resort, the tortoise was even called in, but it was of no avail, Bei Shuangyu still looked frightened, where did she have the demeanor of an elder in the Green Jade Immortal Island?

Thinking about the big talk before, and looking at Yang Chen’s complacent face now, how could Zhao Cuiyue hold back? The instigator of all this is Yang Chen, including her own failure is also on Yang Chen, if it is not for the presence of the Patriarch of the Zhao family, Zhao Cuiyue would like to tear Yang Chen to pieces.

“Small tricks don’t catch the eyes of the law, ha ha!” Yang Chen’s smile became brighter and brighter, they couldn’t tell that he was under house arrest, and said with a smile: “I just didn’t expect that Elder Bei would be so important, that’s all.”

This statement made Zhao Cuiyue even more angry. Her mission in the Green Jade Immortal Island had already failed. If Bei Shuangyu could cooperate now, the family would be able to grasp more of the secrets of the Green Jade Immortal Island, but Bei Shuangyu did not. Knowing what kind of restriction was imposed by Yang Chen, it became like this. Zhao Cuiyue, who was eager to pay off her crimes, of course hoped that Elder Bei would recover as soon as possible, but she was blocked by Yang Chen’s tricks, so she couldn’t help being angry.

“If we want Elder Bei to return to normal, I wonder what price Grandmaster Yang wants?” Patriarch Zhao waved his hand to stop Zhao Cuiyue from rushing up to teach Yang Chen a lesson, and asked calmly: “Grandmaster Yang is even a fifth-grade alchemist. You can sell your own secrets, so you probably don’t care about such a small trick?”

“Of course.” Yang Chen leaned back and became more and more comfortable sitting on the grand chair, and his erlang’s legs turned up: “The master said that earlier, isn’t it simple? Things that are beneficial to both parties, so I’m happy to do it.” As he spoke, he curled his lips at Zhao Cuiyue who was next to him and said, “Pour me tea as I discuss with your father, as a daughter, you have to be polite, right?”

Zhao Cuiyue was furious and was about to explode immediately, but the Patriarch of the Zhao family next to her stared slightly, Zhao Cuiyue didn’t dare to make a fuss for a while, and obediently stepped forward to pour a cup of tea for Yang Chen, and put it in Yang Chen’s hand, extremely respectful.

The Patriarch of the Zhao Family also regretted a little bit. Since Yang Chen said that, combined with his previous performance, it seems that as long as the price is enough, Yang Chen will cooperate. If this is the case, he was a villain before. However, there is no turning back the arrow when opening the bow, so there is only one way to go is forward.

“The head of the family is well educated, I admire it!” Seeing this situation, Yang Chen also gave a thumbs up to the head of the Zhao family.

“I don’t know what price the Grandmaster will ask to solve Elder Bei’s troubles?” The Patriarch of the Zhao family didn’t seem to notice Yang Chen’s actions, and asked calmly while looking at Yang Chen.

“It’s easy to say.” When Yang Chen talked about the business, he immediately became serious, fixed his eyes on the eyes of the Patriarch of the Zhao family, and said calmly: “I just want to refine a new medicine, and I need the assistance of a master with super high spiritual awareness. Can the master of that spiritual awareness today help me refine it?”

Chapter 667: Borrowing Experts For Alchemy

“New medicine?” The Patriarch of the Zhao family immediately regained his spirits. If others say that they are refining new medicine, he doesn’t need to care about it at all, but who is Yang Chen?. Especially

when the refining difficulty is still so high, what kind of heaven-defying elixir should one need to use the second grade earth immortal's master's spiritual awareness to refine?

"Is it okay, give me a quick word." Yang Chen asked impatiently, regardless of the covetous expression on the face of the Patriarch of the Zhao family.

"Bold!" Zhao Cuiyue yelled loudly from the side, presumably because she felt uncomfortable seeing Yang Chen talking to her father like this.

"Elder Zhao, I have a word for you." Yang Chen turned his body back, faced Zhao Cuiyue, and said in a tone that taught the younger generation: "First, Elder Zhao is also a Yuanying stage master. Anyway, the elder has also been in a big sect like the Green Jade Immortal Island for so many years, and has experienced a lot, how come she still has such a childlike personality?"

Zhao Cuiyue's face suddenly became ugly again. Yang Chen's words were merciless accusations, and he almost pointed at her nose and scolded her for her bad temper. This is on the territory of the Zhao family, how could Yang Chen dare? Zhao Cuiyue's eyes were almost erected, one can imagine what kind of explosion will happen next.

"I'm not talking about you. Even in terms of age, you, Elder Zhao, are six or seven hundred years old. Among mortals, you are no longer the age to know the destiny by ear. You only turn your face when you hear a few unpleasant words or even an unsatisfactory tone. This is something only an eight-year-old child would do." Yang Chen didn't give Zhao Cuiyue a chance to speak, he just gave a series of lectures: "You haven't made much progress in your cultivation for so many years, and you haven't reached the edge of extinction, maybe it's not the reason. To put it bluntly, have you lived with dogs at your age?"

In front of the Patriarch of the Zhao family, Yang Chen directly reprimanded Zhao Cuiyue. Before, Zhao Cuiyue had said that Yang Chen's family would be dogs, but now Yang Chen scolded her for living like a dog at her age.

"I'll kill you!" Zhao Cuiyue couldn't stand it anymore, her eyes were red and a flying sword flashed out it was just about to attack Yang Chen.

"You want to attack? Are you as powerful as Bei Shuangyu?" Yang Chen didn't care, just snorted coldly, without even looking at Zhao Cuiyue, turned around, faced the Patriarch of the Zhao family, and said

impatiently “Can you please give me an answer. Don’t keep watching the show, your daughter will be thought by yourself, is it interesting to play like this?”

“Cuiyue, stop!” Patriarch Zhao’s expression remained unchanged, but he let out a deep breath. The flying sword that Zhao Cuiyue had already brought out was stiffly suspended in the air, trembling uncontrollably, showing how angry the owner of the flying sword was now. However, Zhao Cuiyue finally followed her father’s orders and she took back the flying sword.

“Grandmaster Yang’s teaching, which sentence is not on point?” The Patriarch of the Zhao family started to face Zhao Cuiyue at this moment, and began to teach her coldly: “You have suffered outside for hundreds of years, and you feel ashamed of your father, so it is not good to preach in person. But this is not the capital for you to take advantage of the situation. If you really want to do it, are you Grandmaster Yang’s opponent? Won’t you thank Master Yang for his mercy?”

At this time, Zhao Cuiyue didn’t have the posture of a princess of the Zhao family. She lowered her head and listened to her father’s lesson without saying a word, not daring to refute. It wasn’t until the Patriarch of the Zhao family said the last sentence that Zhao Cuiyue began to really think about Yang Chen’s words.

It was only now that Zhao Cuiyue remembered that Bei Shuangyu was already an elder in the Dacheng stage, and it was said that she was caught by Yang Chen at that time. If it wasn’t for giving face to the Green Jade Immortal Island, she would have been decapitated long ago. Her own cultivation was not as strong as Bei Shuangyu’s. Even Shi Shanshan was able to injure her severely with one move back then, let alone Yang Chen? After trying to understand this point. Zhao Cuiyue broke out in a cold sweat for a moment, looked at Yang Chen’s figure, but didn’t dare to say anything more.

“It’s no problem to help Master Yang refine alchemy.” After training his daughter, the Patriarch of the Zhao family turned to Yang Chen, with a smile on his face: “But this old man wants to know what Grandmaster Yang plans to refine this time?”

“It’s not a special pill. Since you have such a master here, I want to see if I can refine a pill that can improve spiritual awareness.” Yang Chen didn’t hide anything, and said directly: “Originally there was no way it could happen, with the help of your masters, it might be possible.”

Improve spiritual awareness? Patriarch Zhao’s eyes lit up for a moment. In this world, some pills are almost impossible to exist, but there are always exceptions. For example, ordinary pills can’t improve

one's spiritual strength, but the demon orbs can. Similarly, there is no elixir in the mortal world that can directly improve the cultivation of spiritual awareness, but right now, isn't Yang Chen going to try it?

"I don't know if grandmaster intends to sell it?" The Patriarch of the Zhao family immediately asked.

"Why, do you want it?" Yang Chen showed a half-smile on his face, and asked suddenly: "I'm not sure, but you dare to take the pill I made? Are you not afraid that the pill will kill you?"

"Uh!" The smile on the face of the Patriarch of the Zhao family instantly subsided, and then he laughed again: "Why did Master Yang say that, as long as the master refined a pill, I haven't heard of any failures, I wish the master every success." !"

After a few words, he never said anything about asking for pills. As long as Yang Chen is still in the Zhao Family Manor, the Patriarch of the Zhao Family will not be afraid of any accidents. A mysterious turtle of the second grade Earth Immortal realm is enough to deal with any accidents. It's a pity that the tortoise was restricted by the formation, and he can't make a move at will. Otherwise, they would have dominated the world long ago. When will it be the turn of the Greatest Heaven Sect to be the number one sect of the dao sects?

They can't blame the ancestors for restraining the tortoise in such a way. If it weren't for such a control, the tortoise would definitely be the first to kill the Zhao family. This is just right now, anyway, any attack against the Zhao family is indirectly aimed at the tortoise, which is the foundation for the Zhao family to be able to pass on the immortality for generations.

"When Master Yang is refining alchemy, just ask, this old man will instruct that master to help according to grandmaster's request." This time, the Patriarch of the Zhao family gave a very clear answer, and said nothing else.

No matter how many pills Yang Chen refines, the Zhao family will be the one that will get it the cheapest in the end, but it's just a matter of time. The head of the Zhao family has never seen or even heard of someone who persisted after entering the Zhao family's formation, Yang Chen will definitely not be an exception. On this point, the Patriarch of the Zhao family has absolute certainty.

"Well, since that's the case, let's start tomorrow." Yang Chen set the time in one go, but his heart was already full of joy and he almost laughed out loud.

Chapter 668: Coming In Contact With The Mysterious Tortoise

It's purely an excuse to ask for the help of a master's spiritual awareness. What Yang Chen wants is to get in touch with that mysterious turtle's spiritual awareness.

That demon sealing array was indeed powerful, not only sealed the entrance and exit passages of Yang Chen and others, but also sealed the heavenly tribulation, even the spiritual power and spiritual awareness of the tortoise were sealed in it, without the permission of the Zhao family, it couldn't even find a way out.

There was a faint blood of the dragon clan in the tortoise body, this is not something that Yang Chen remembered from his previous life, this is what Xiao Tian told Yang Chen. Xiao Tian, who is also a descendant of the Dragon Clan and has completely inspired the blood of the clan, has a keen sense of the dragon's aura, and he can be sure of this almost the moment he sees the black turtle.

Of course Yang Chen had heard of it, but he never thought that there would be such a powerful one in the mortal world. Since Xiao Tian can be sure, then Yang Chen can make a decision on this black turtle.

Xiao Tian's blood essence is gone now, but Xiao Tian's blood essence can still be taken out, but he doesn't know if it has the effect of stimulating the blood of the dragon clan, at this point Yang Chen still needs to experiment. However, Yang Chen himself was confident, and dare not say anything else, the merit method he just obtained is not a decoration, as long as Xiao Tian's blood essence has such a weak effect of stimulating blood vessels, Yang Chen can amplify it to the maximum.

This time alchemy, Yang Chen also intends to use Xiao Tian's blood essence to try it out. The merit method has just been obtained, how to get started with the specific operation, there is no other way except refining it himself, even if it fails, it just happens to shirk and say unfamiliar with hands.

Regarding the merit, no one except Li Chen and Yang Chen knew about it, and Yang Chen didn't intend to tell anyone else.

Patriarch Zhao's arrangement was very thoughtful, and he didn't make things difficult at all because of Yang Chen's attitude towards Zhao Cuiyue. In fact, the head of the Zhao family had to accept Yang Chen's affection in this matter. He couldn't speak directly to reprimand his daughter, so he used Yang

Chen's mouth to reprimand her to achieve his goal. It must be said that the Patriarch of the Zhao family still cared for his daughter.

After this lesson, Zhao Cuiyue also understood her own problem. As Yang Chen said, her temperament was really bad, she can even express simple emotions, not much different from a child. Seeing that Yang Chen was only at the early Yuanying stage and approached the middle Yuanying stage, but even at this point, he kept smiling at them without showing any anger. In comparison, she was simply a shrew in the market.

Yang Chen's performance, coupled with the performance of Shi Shanshan and Sun Qingxue that Zhao Cuiyue knew, made the Patriarch of the Zhao family very interested in how Yang Chen quickly eliminated the influence of his experience in the Demon Continent. Almost everyone in the Zhao family will go to the Demon Continent to cultivate at the right time, and those who come back alive will almost have to retreat for a long time to eliminate that influence. Even so, there are always times when they were out of control, where were they as relaxed and unimpeded as Yang Chen and never had any problems.

As far as the Patriarch of the Zhao family knew, Yang Chen, Shi Shanshan, and Sun Qingxue did not retreat, they just didn't know how they achieved it. He really wants to ask, but this time was not the right time to ask. Anyway, everyone was a cultivator, and it's not too short of a hundred and eighty years. As long as Yang Chen is still in Zhao's Manor, he will always know this method.

The next day, Yang Chen had just prepared a batch of medicinal materials and a drop of Xiao Tian's blood essence, when the tortoise's spiritual awareness reappeared. But this time, it didn't target Yang Chen's woman, but followed Yang Chen's instructions very obediently, wrapped Xiao Tian's blood essence in the air with its spiritual awareness and kept shaking in the air.

Yang Chen's spiritual awareness has naturally established contact with the tortoise again. Through the Art of Beast Control, Yang Chen was able to express himself clearly without even opening his mouth. Others would never have imagined that Yang Chen was communicating with the meticulous black turtle they thought they controlled.

"I'm Yang Chen, greetings senior!" Yang Chen's thoughts were transmitted directly to the tortoise's mind, and he greeted him very calmly. There was enough time this time, Yang Chen didn't have to worry about the communication being interrupted, and there was no need to arouse the tortoise's anger like the first time to get his attention.

The tortoise had the cultivation base of the second grade earth Immortal realm, and had existed for an unknown number of years. No matter from which aspect, he could be called Yang Chen's senior.

After Yang Chen greeted like this, the tortoise didn't respond for a long time, only the essence and blood of Xiao Tian wrapped in its spiritual awareness kept shaking, as if it was only doing things according to Yang Chen's orders.

Just when Yang Chen was wondering, the tortoise voice finally sounded in his mind "Boy, what do you mean about the dragon clan bloodline?" It seemed that he didn't even know that he had the dragon clan bloodline.

Yang Chen was not aware of this at all. When Yang Chen found Xiao Tian, Xiao Tian was just an ordinary dog who couldn't even be more ordinary. This black turtle is probably in the same situation, it doesn't know how noble its origin is.

Of course, this has something to do with the fact that the dragon blood has been diluted to the extreme after many years and generations. What Yang Chen has to do is to stimulate the blood in his body to become a dragon son like Xiao Tian.

Yang Chen was patient, and began to explain to the tortoise that he had a very thin blood of the dragon clan, and he himself was refining the elixir to help the tortoise stimulate the blood of the dragon clan.

At the level of Earth Immortal, no matter how ignorant the tortoise is, how could the tortoise not know what the dragon clan bloodline is, so how could he not care? Hearing that he still has a chance to stimulate the blood of the dragon clan to become a dragon son, why wouldn't the tortoise be extremely excited?

Once excited, the tortoise's spiritual awareness began to fluctuate violently, Yang Chen detonated the alchemy furnace in his hand without even thinking about it. Originally, he planned to test the usage of the merit, so what he took out was just an ordinary alchemy furnace, not the profound spirit furnace, and it would be no pity if it exploded, but he could explain to the Zhao family the reason for the fluctuation of the tortoise spiritual awareness just now. There are accidents in alchemy, and things like blowing furnaces often happen, which was not surprising.

Sure enough, no one in the Zhao family was surprised. Yang Chen quickly changed to an alchemy furnace and started again. Anyway, Xiao Tian's drop of blood essence has been wrapped under the tortoise's spiritual awareness, and it has not been damaged, it just lost some common medicinal materials, and Yang Chen can still afford to consume it.

Soon Yang Chen and the tortoise established communication again, this time, the tortoise also suppressed his temper and stopped being excited. With his cultivation base of the second grade Earth Immortal realm, it was really easy to do.

"How did senior get down to this point? Is there really no way to escape?" Yang Chen also stopped talking to the tortoise about his bloodline, but started to ask about the tortoise's current situation.

"This matter is a long story." With enough time, the tortoise may not have had such a hearty communication with others for a long time, and the conversation was full of excitement, coupled with the excitement that stimulated the blood of the dragon clan, the tortoise began to talk freely.

Chapter 669: Prove It

It's a long story, but the story is simple. The tortoise was favored by an ancestor of the Zhao family, and as a foundational stage beast, he put the refined villa on his back, and then restrained him with the demon sealing array, so that he could only be controlled by the Zhao family.

The tortoise's life span was extremely long, which is one of the reasons why the ancestors of the Zhao family took a fancy to him. At the beginning, the tortoise's cultivation was not so high, it was only in the middle Dacheng stage, but the Zhao family tried to improve the tortoise's cultivation continuously.

The method of promotion was unimaginable, even the tortoise himself can't explain it clearly. All it knew was that it was restrained in one place. Under the control of the ancestors of the Zhao family, with the help of a very strange formation circle, after attacking a certain place with all its strength, a strong aura began to blow in that place non-stop. The black tortoise was under the cultivation of that aura, and after thousands of years, the black tortoise had the cultivation base of the sixth grade human Immortal realm.

The place where the powerful aura emanated suddenly began to erupt a very strange aura one day. Once ordinary cultivators were contaminated, they would involuntarily be aroused with heart demons. The tortoise couldn't bear it either, and finally left that place under the control of the Zhao family.

But obviously, the ancestors of the Zhao family deliberately opened up that place, and later arranged a huge formation circle in that area, which seemed to enclose the entire continent. It must be said that the ancestors of the Zhao family at that time were indeed generous.

Yang Chen was more and more surprised when he heard the tortoise's description. This situation is clearly the formation process of the Demon Continent, and the strange aura that triggers the demons, isn't it the demonic qi? Unexpectedly, the Demon Continent turned out to be the masterpiece of the ancestors of the Zhao family, so it is not so incomprehensible for the Zhao family to go to the Demon Continent to cultivate when the time comes.

The culprit turned out to be here, no wonder Li Cheng asked Yang Chen to meet on that small island, could it be that he wanted Yang Chen to completely solve the problem in the Demon Continent?

Afterwards, the tortoise cultivated for tens of thousands of years and achieved the strength of the second grade Earth Immortal realm. However, because of the Demon Sealing Formation, there was no tribulation.

"How did they control you?" Yang Chen was more curious about this question. With spiritual awareness, as long as the black tortoise had a thought, those masters who wanted to control the black tortoise could turn into idiots. Obviously this is not the way they controlled the tortoise.

"There are some very strong black auras that ooze from that place at the beginning and surround my sea of consciousness." The tortoise replied honestly: "They have a formation and a magic weapon that can control these auras. If I don't follow their orders, the black air will make me miserable."

When the tortoise sent this thought, he even had a feeling of lingering fear. This made Yang Chen very strange, what kind of aura could make even the tortoise frightened like this?

"Is it such a black aura?" Yang Chen suddenly had a flash of inspiration, exposing a little of the Nine Nether Flying Sword, and the Nine Nether Flying Dust immediately hit the tortoise's consciousness, the demonic qi immediately began to affect the tortoise's consciousness .

"It's this kind of aura." The tortoise immediately sensed the demonic qi and quickly responded "But it's much richer than this, and this level is not enough to affect me."

Sure enough, it was demonic qi, Yang Chen was sure that the Zhao family definitely had something to do with the Demon Continent. However, what surprised Yang Chen was that his Nine Nether Flying Sword had obviously absorbed the strong demonic qi from the corpse of the ultimate demonized demon vine, but it still couldn't make the black turtle feel uncomfortable.

"Just because of the control of the demonic qi?" Yang Chen still felt a little unbelievable, just some demonic qi should not be enough to make the tortoise so obedient?

"There is also a formation that extracts the spiritual power from me at all times." The tortoise's helpless voice came to Yang Chen's mind "Like tarsal maggots, there is no way to get rid of them. When necessary, they can immediately put me into a coma."

That feeling of helplessness spread to Yang Chen's mind, with a feeling of despair that couldn't be added, the taste of being unable to survive and dying, this mysterious turtle has endured it for who knows how many years.

Here, he was communicating with his spiritual awareness, but Yang Chen had already shattered another alchemy furnace. This was purely for the Zhao family to see, and even the Zhao family didn't find it strange at all, but instead sent dozens of low-grade alchemy furnaces for Yang Chen to consume.

However, Yang Chen didn't use the method of the merit to refine alchemy, but was thinking about another problem. This mysterious turtle obviously has a deep grudge against the Zhao family, and he believes that once he can get rid of the Zhao family's control, the Zhao family will be the first to be wiped out. The problem is, Yang Chen and the seven concubines are all in the Zhao Family Manor, and Yang Chen doesn't want to be killed by the tortoise at that time.

"Do you think that stimulating the dragon clan blood can free you from the Zhao family's control?" Yang Chen suddenly asked the tortoise.

"Can't it?" The tortoise was stunned for a moment, and asked back with a thought.

"The dragon bloodline cannot be guaranteed." Yang Chen shook his head directly, and continued to communicate slowly "But I have a way to completely restore your freedom, but why should I help you?"

“Don’t you want to leave Zhao’s house?” The tortoise asked strangely, Yang Chen’s situation, he is now very clear, he was clearly under house arrest by the Zhao family. Fundamentally speaking, it should be the same situation as the tortoise, everyone should be in the same boat. Why would Yang Chen say such things now?

“It’s not too difficult for me to leave the Zhao family.” From the tortoise description, Yang Chen basically understood the tortoise’s thoughts. This guy doesn’t have much in the way of flirtatiousness. After being tortured for so many years, he has already resigned to his fate. Now suddenly there is a way to be free and he can’t wait.

“Big words!” The tortoise’s thoughts came over, his tone full of disdain. Even the cultivation base of the second grade Earth Immortal realm could not break through the control of the Zhao family. Yang Chen, a little Yuanying stage master that he could destroy with a single breath, dared to say such big words? Can’t help but sneered: “If you can really leave, why do you have to spend so much time talking to me?”

“How can you believe it?” Yang Chen didn’t care about the tortoise tone. He was controlled for tens of thousands of years or even longer, and he was never free. This kind of attitude was also normal.

“Unless you can prove it!” The tortoise didn’t really treat Yang Chen badly, but just didn’t believe Yang Chen’s big words. The method to stimulate dragon blood was still in Yang Chen’s hands. If he wanted to be free, he had to return it and honestly find a way from Yang Chen. After all, this was the first time someone outside the Zhao family had communicated with him over the years. The only opportunity, whether you succeed or not, you have to seize it.

Chapter 670: Luring

The tortoise was not afraid of what the Zhao family will do to him after failure, at most he will suffer a little bit. He is the cornerstone of the Zhao family now, and it is impossible for the Zhao family to completely eliminate him.

“How to prove it?” Yang Chen asked.

“How do I know? You said you have a way.” The tortoise directly passed a rascally word over. But this is also a fact, if he wants to know how to prove it, wouldn’t he already have a way to be free.

“Does it count as hurting you?” Yang Chen pondered for a while, then suddenly asked the tortoise.

“Forget it!” The tortoise suddenly became excited. The tortoise is now sealed by the demon sealing formation, but at the same time it is also protected by the demon sealing formation. As long as his spiritual power is not exhausted, nothing can hurt him through the demon sealing formation. After so many years, the tortoise has never been injured. Yang Chen suddenly said this so the tortoise was of course excited. If Yang Chen could really hurt him, it meant that Yang Chen could deal with the Demon Sealing Formation, and if he could deal with the Demon Sealing Formation, he would be able to set him free, very simple logic.

The tortoise’s meaning had just been conveyed, and after Yang Chen received it, without further ado, the Immortal beheading sword appeared in his hand. The Immortal beheading sword was held in Xiao Tian’s mouth, with the tip pointing downwards. Yang Chen used force with one arm, and with a “chi” sound, he inserted the Immortal beheading sword into the ground beside him. On the ground, there was only the handle left.

The blade of the Immortal beheading sword under the ground suddenly began to grow longer, and then stabbed downward like a broken bamboo. With the tortoise’s permission, the Immortal beheading sword was already indestructible, and it could cut through everything. It penetrated hundreds of feet of ground in an instant, and the tip of the sword touched the edge of the Demon Sealing Formation below.

A faint golden glow suddenly appeared on Xiao Tian’s body. Tsk, the sound was still so slight that no one could notice it, and the tip of the Immortal beheading sword pierced into the formation of the Demon Sealing Formation with ease. The Demon Sealing Formation, which claimed to be able to withstand the strongest attack in the world, was pierced by the Immortal beheading sword in Xiao Tian’s mouth.

The blade of the Immortal beheading sword was still lengthening. After the tip of the knife pierced through the Demon Sealing Formation, the momentum remained intact, and it lengthened several miles, it forcibly pierced into the black turtle’s carapace. Overcoming obstacles all the way straight into the flesh and blood of the black turtle.

“Roar!” The sudden severe pain caused the tortoise to let out a painful roar that could not be suppressed, and his whole body shook violently. The Zhao Family Manor began to shake crazily as if it had suffered a strong earthquake.

Fortunately, the Zhao Family Manor was also a refined and powerful cave, so there was no danger of it collapsing, but even so, the tortoise made such a huge move. It also caught many people off guard and they fell heavily to the ground.

“Bang”, another alchemy furnace exploded directly, Yang Chen’s reaction was quick, if you look at it from back to front, it seems that there was another problem with the refining this time. Moreover, the tortoise’s spiritual awareness was shaken, which then caused a sharp shock in his body.

The more this was the case, the more the Patriarch of the Zhao family was surprised. With such a big commotion, how powerful is the elixir that Yang Chen was refining? Now he wished he could rush to Yang Chen’s side to ask what happened, but Yang Chen obviously failed in refining, and the Patriarch of the Zhao family was also a smart person, so he wouldn’t rush to Yang Chen’s side at this time to be Yang Chen’s punching bag. He just quietly told the family members not to interfere with Yang Chen, and he was still watching the progress of Yang Chen’s alchemy in the dark.

The tortoise has been controlled by the ancestors of the Zhao family since. It has never suffered any harm, its body has already forgotten what physical pain feels like. Yang Chen only used one knife to remind him of this long-lost feeling in the body. At this moment, the tortoise almost cried out of excitement.

That stabbing pain clearly told the tortoise that Yang Chen had indeed hurt him through the Demon Sealing Formation. He also knew the technique Yang Chen used, he stabbed that knife almost under the wrap of his spiritual awareness. It is impossible to cheat at all. Even the tortoise’s spiritual awareness can now establish a connection with Yang Chen through the Immortal beheading sword pierced on his body, instead of using any secret method.

It can shield the tribulation and resist the strongest attack in the world. The Demon Sealing Formation, which could not even be penetrated by a human immortal level master, was pierced by Yang Chen with a single knife. This shows what? If Yang Chen wanted to leave the Zhao family, it was really just a matter of lifting a finger. The incomparably powerful Demon Sealing Formation has absolutely no effect on Yang Chen.

This sword pierced his body, which brought pain and hope, but at the same time, it also brought a kind of fear that made the tortoise fear to the bone. There seemed to be a hidden aura on the blade, which made him instinctively feel fear, so that the huge body hundreds of miles away had an urge to tremble. If he hadn’t forcibly suppressed this bone marrow fear with his cultivation base, his body would have trembled uncontrollably.

If Yang Chen wanted to kill him, it would be easy. After reaching this conclusion, the tortoise couldn't believe his own judgment, but the instinct of his body and the experience of living for hundreds of thousands of years told him that this was real and definitely not a dream.

For a guy who can easily kill himself and at the same time set himself free, the tortoise no longer has the same contempt as before, and he dare not take advantage of it. As for killing everyone in the Zhao Family Manor together with Yang Chen after it's freedom, he did not even think about it.

Tsk, with a slight sound, the Immortal beheading sword retracted gently as if it had just been pierced, and quickly returned to its original size, before being absorbed by Yang Chen into the Sea of Consciousness.

"What do you want?" After everything quieted down for a long time, the tortoise's consciousness sent another thought. But this time, the tortoise attitude was much more humble, and it was no longer the feeling of condescending elders facing younger generations.

"You can deal with the people of the Zhao family as you like, but leave the Zhao family manor to me." Yang Chen unceremoniously began to ask "It's a good cave, it's not bad to keep it to make my little concubines happy." After finishing speaking, he suddenly remembered something, and added something: "Leave the lives of the two women to me."

Yang Chen was referring to Zhao Cuiyue and Bei Shuangyu, these two women, Yang Chen still has uses, so he couldn't let the tortoise kill them here.

"No problem." When the tortoise heard that he didn't want him to let the Zhao family go, he immediately decided, it's just a cave, so what if it stays? The Zhao family has controlled him for so many years, making it impossible for him to live or die. As long as he gets out of trouble, the whole Zhao family will have to pay the price. As for the two women that Yang Chen wanted, he would leave them to him.

"You have been in the sea for so many years, you must have collected a lot of good things on your body!" Yang Chen immediately put forward his second request: "I want these things."

As soon as this request came out, the tortoise suddenly hesitated, as if he was a little reluctant.

“After stimulating your blood, you will condense your merit stele.” Yang Chen was not afraid of the tortoise’s disagreement at all. “Those things are useless to you, as long as you are willing to get merit from me, how much merit can you carry is how much merit will I give you, how about it?”
