

Signing In For Eight Years, I Was Exposed As A Zillionaire!

Chapter 14

You're That Big Boss?

After taking the watch, Ye Xuan looked at it. He had to say that this 20 million yuan watch was really beautiful and luxurious. Moreover, the strap was adjusted to the right position. It was neither loose nor tight.

It was said that the poor played with cars and the rich played with watches. It was true.

...

Alright, now that the matter of the watch was over, it was time to look for Liu Yun and the others.

From the looks of it, Liu Yun and the others should be arriving soon.

At this moment, at the entrance of the Huaxing Plaza shopping center, a few young masters and young ladies wearing clothes from famous brands were looking around.

A pretty girl in a light blue short skirt looked at the strong young man beside her. "Brother Yun, did you say that this was the meeting place yesterday?"

"Definitely. In the entire Jinling, this is the only Huaxing Plaza." Liu Yun also smiled.

"What's wrong, Xiaohan? Do you really want to see that person? I'm afraid you're sending a sheep into the mouth of a wolf." On the other side, a fatty smiled and spoke. The next moment, a girl grabbed his ear.

"Hey, it hurts. Miss Gong, let go. I was wrong." Lin Yuhuan instantly started begging for mercy. It was too painful. Who taught her this?

Liu Yun walked over. "Alright, Xiaohan, stop fooling around. This kid is just a flirt. Don't argue with him."

"I wonder what kind of person will come."

Gong Xiaohan also let go of Lin Yuhan and muttered to herself.

"Didn't we make a guess last night? Someone who can tip ten million yuan might be a big shot in the currency circle or an old man. Moreover, we don't know him. It's more likely that he's an uncle," said Lin Yuhan.

"Anyway, I don't think you should have too much hope."

Just as they were talking, Ye Xuan walked over from the other side. His footsteps were steady and he wasn't in a hurry.

"Aiyo, look, that kid is so cute." Gong Xiaohan noticed Ye Xuan immediately.

Then, the people beside him looked at Ye Xuan.

Instantly, they were stunned, especially those from noble families. They were attracted by Ye Xuan's soft eight-year-old appearance and wanted to hug him.

"Little kid, are you alone? Are you lost? Do you want me to take you to Mommy?"

Gong Xiaohan stepped forward and asked. Then, a laugh sounded from the side. "Xiaohan, why are you like a human trafficker? Look at what you're saying."

On the other side, Liu Yun, Lin Yuhan, and the others came over.

They looked at Ye Xuan, their faces showing that they had experienced this before. If there weren't so many people watching, Gong Xiaohan would have hugged this little boy and doted on him.

However, in the next moment.

Ye Xuan looked at everyone and said, “You’re the people in the group, right? Liu Yun? Gong Xiaohan? Lin Yuhan? And...”

Boom!

These words were like a bomb that simply exploded in the crowd. In an instant, their eyes widened. They could not believe what they had heard.

Huh???

This child?

What did this mean?

How did this little boy know their names?

Moreover, recalling the path he took just now, it was obvious that he was walking towards them. This!

“Who, who are you?”

Gong Xiaohan’s expression changed as she asked.

“Eh? Are you all right? Didn’t we agree in the group yesterday that we would meet at Huaxing Plaza today?” Ye Xuan asked. Then, he looked at everyone’s expressions. They looked at Ye Xuan with a weird gaze.

“Little brother, did you peek at your brother’s phone and come out to look for us? This is not a good habit,” said Gong Xiaohan again. Everyone felt that this was even more strange.

They looked at Ye Xuan and naturally didn’t believe that he was the big shot who gave gifts like crazy on the Flying Fish streaming platform last night. After all, how much did he give in just ten minutes?

Ten million!

It was ten million!

What kind of family conditions did a child have to allow him to tip ten million in such a short time?

When Ye Xuan saw that they didn't believe him, he took out his phone and showed them the group and chat records.

"This..."

Gong Xiaohan was instantly stunned. Before she could say anything, Liu Yun, Lin Yuhan, and the others stared at the watch on Ye Xuan's wrist.

In an instant, it was as if they had been petrified.

"What's wrong?" Gong Xiaohan asked when she saw that they didn't speak. Then, she saw them staring at Ye Xuan's watch. "What's wrong with this watch? Is there a problem?"

Liu Yun was silent. What was wrong? Was there a problem?

There was a huge problem!

This watch was the Patek Philippe Duke Watch!

The price was more than 20 million!

"Xiaohan, don't say anything. You don't know this watch. This one is worth more than 20 million yuan," whispered Lin Yuhan to Gong Xiaohan.

The other young masters and young ladies also heard some of his words.

In an instant, they all looked at the watch.

This watch actually cost 20 million?!

What was this made of? It was so expensive!

Although they were the young masters and young ladies of Jinling, and their fathers were all high-ranking officials and nobles in Jinling, it was

almost impossible for their fathers to spend so much money to buy such a 20-million-yuan watch.

And now, such a luxurious watch was actually in this child's hands.

In an instant, they all felt like worshipping the big boss. Now, their image of this kid called Ye Xuan started to rise in their hearts. He had reached the same level as them and even surpassed them.

This was truly terrifying.

Liu Yun even wanted to say 'Brother Ye'. After all, he had tipped ten million yesterday and was wearing a watch that cost 20 million today. However, after thinking about it for a long time, he still could not say those two words.

"Ye Xuan?"

When Liu Yun said these two words, the corners of his mouth twitched. No matter how much he didn't believe it, the truth was already in front of him. He simply had no choice but to believe it.

"Yeah."

Ye Xuan nodded and everyone was petrified. The shock in their hearts couldn't calm down for a long time.

Ye Xuan looked at them and ignored them. His phone happened to ring and he picked it up, "Hello."

"Hello, Mr. Ye. I'm the president of East Sea Bank, Zhang Tianxing. Do you have time now?"

When Ye Xuan heard the voice on the other end, he knew what was happening. He had been called yesterday about the 60 billion that had matured.

"I'm at Huaxing Plaza now. You can come and find me." Ye Xuan couldn't be bothered to waste time and simply went straight to the point.

“Alright, Mr. Ye.” Zhang Tianxing’s voice was trembling with excitement. After all, what kind of deposit was this? It was a deposit worth 60 billion!

If he could get it, his performance would simply explode!

Just as he was about to hang up...

A female voice came from the other end of the line.

“Young Master Liu, are you at a gathering today?”

“Director Liu?” Liu Yun was stunned. Then, he looked at the goddess-like beauty walking over leisurely. His eyes were filled with intoxication.

She was too beautiful.

However, he then felt that he had lost his composure. After adjusting himself, he introduced her to everyone. “This is the director of Huaxia Bank, Director Liu Yanran.”

This voice came from the phone. In an instant, Zhang Tianxing exploded.

What the f*ck, Huaxia Bank was too fast. He was still calling to ask, but the other party had arrived!

Furthermore, she was right next to Mr. Ye!

This, this, this!

He couldn’t let them show off!

If someone beat him to it, wouldn’t he regret it to death?

“Mr. Ye, please wait for me for a moment. I’ll be there soon. We’ll talk after we get there. I can guarantee that our conditions will definitely surprise you.”

With that, he looked at the secretary beside him. “Hurry, hurry, hurry. Prepare a car for me. I want to go to Huaxing Plaza as soon as possible.”

The secretary looked at the President’s flustered expression and the sweat on his forehead. The secretary was simply too shocked. After all, he knew who their president was.

That was a person who would not bat an eyelid even if Mount Everest collapsed in front of him. Even when facing the top officials and nobles in Jinling, he would still talk and laugh. However, what was going on today? It felt like he had become a different person and was so flustered.

Even his voice began to tremble.

The secretary instantly became nervous. What was wrong with the President today?

After Ye Xuan hung up the phone, he looked at the woman who was standing beside Liu Yun and the others. She had an extraordinary appearance and a graceful figure. Her delicate face was now covered in light makeup.

Her voice was even more charming. At this moment, she was wearing a work suit. However, the suit could not support her chest. Just by wearing the work suit, one could see her voluminous chest and her slender waist.

The leather skirt, silk stockings, and high heels accentuated her figure. It was simply too eye-catching.

When the few rich young masters saw this girl, their eyes kept wandering, but their faces were about to show their greed.

Beside them, Gong Xiaohan looked at them and sneered. “Haha, as expected, men are so shallow. Am I not good-looking? Why aren’t you looking at me like this?”

Lin Yuhan was speechless.

Miss Gong, wake up.

Wasn't she overestimating herself?

Look at her. She had a graceful figure and could have anything she wants. As for Gong Xiaohan, she was just a little thinner.

Gong Xiaohan saw Lin Yuhan. She turned around and glared at him. Then, she sneered. "Young man, what's wrong with you? Do you have something against me recently?"

"No, no, no, no..."

In an instant, Lin Yuhan was frightened by the little devil.
