

Signing In For Eight Years, I Was Exposed As A Zillionaire!

Chapter 15

Sixty Billion!

After that, Liu Yun also looked at Liu Yanran with a fawning expression. He knew that this person was the director of Huaxia Bank and had been promoted in a short period of time. However, it was definitely not through improper means. It was through her ability. Even his family had placed a lot of savings into Huaxia Bank through Liu Yanran.

Although they thought it was a lot of savings, it was nothing in the eyes of Director Liu.

...

The remaining young masters and young ladies had more or less heard of Liu Yanran. After seeing her today, they realized that she was indeed extraordinary. However, they did not rush forward rashly and stood by the side.

Liu Yun smiled. "Director Liu, what are you doing today?"

"A big depositor asked me to meet him at Huaxing Plaza, so I came over early."

Liu Yanran smiled as she spoke. After all, she knew that she wasn't the only one who called Ye Xuan yesterday, so Ye Xuan should have arranged a unified time.

She came over this early to give Ye Xuan a good impression.

A big depositor?

As soon as he said this, not only Liu Yun, but the rest of the young masters and young ladies were also shocked. How much did the big depositor Liu Yanran mentioned want to save?

A hundred million?

Two hundred million?

If the amount was any higher, they would not dare to think about it.

Then, Liu Yanran looked at their faces and understood their doubts, but she did not reply.

She did not dare to casually reveal the information of the big depositor.

Liu Yanran picked up the phone and made a call. Then, her face was filled with respect and caution. The young masters and young ladies beside her were also silent and listened quietly.

However, in the next moment.

At the side, a phone rang.

“Little brother, someone’s calling you~”

This sentence was his ringtone. Ye Xuan was speechless. Big Sister, damn it...

Did she change his ringtone yesterday too?

In an instant, even Ye Xuan was helpless. Last night, he just hugged his sister to sleep and it was really sweet. He didn’t expect to be tricked.

He picked up and looked at Liu Yanran. “Director Liu, it’s me.”

Then, Ye Xuan looked at Liu Yanran.

[Name: Liu Yanran.]

[Appearance: 96.]

[Height: 171cm]

[Figure: 36D]

[Affinity: 0 (Initial Affinity)]

Was it that big?

Yexuan looked at her 36D chest. Her chest was big, broad, and majestic. It was like a big wave.

Then, everyone listened to Ye Xuan.

“It’s me.”

These two words made everyone turn their heads and look at Ye Xuan. Then, their eyes widened. They could not believe what they saw, especially Liu Yanran. Her delicate body trembled as she looked at Ye Xuan and asked in disbelief, “M-Mr. Ye?”

“Are you Mr. Ye?”

“Don’t I look like Mr. Ye?”

Ye Xuan smiled.

“Don’t I look like Mr. Ye?”

When Liu Yanran heard these words, she held her breath. She thought, “What do you think? Do I need to say this?”

What was the information she received?

It was that Mr. Ye had 60 billion!

Sixty billion!

What kind of concept was that? Originally, she thought that the other party would be a mature man, or the chairman of the company, but now?

Wasn't the difference too great?

However, she started to size up Ye Xuan. Although there weren't any logos on his clothes, she could tell that they were custom made by designers and foreign luxury brands. The logos were usually inside the clothes or not present.

Then, her eyes landed on Ye Xuan's wrist.

At Ye Xuan's wrist, the Patek Philippe Duke Watch was lying there quietly.

This glance made Liu Yanran's heart tremble. This!

This was a Patek Philippe Duke Watch worth more than 20 million?!

Was this really Mr. Ye?

At this moment, she could be said to be in high spirits. She stood there and took a few deep breaths. Her chest kept rising and falling, and the button on her work uniform's chest was now under pressure that it shouldn't be under.

When Liu Yanran first arrived, she had already thought it through. Even if she met that big depositor, she would not be shocked. She would not be humble or overbearing, and would use all her methods.

But now, she was panicking. What should she do?

Ye Xuan's age and heroic spirit had exceeded her understanding. At this moment, she no longer had the aura she had imagined. She was like a little girl who had just stepped into the workplace.

She was extremely nervous.

She stood there with her hands clenched tightly, not knowing what to do.

Now, she felt like her values had been overturned by Ye Xuan.

Meanwhile, Ye Xuan felt Liu Yanran's beautiful aura weakening and was delighted. He thought, "Girl, this was something you had to go through on your path of growth."

Then, Liu Yanran quickly walked in front of Ye Xuan and pulled down her skirt. However, from Ye Xuan's angle, he saw her huge chest that had been squeezed to the extreme.

It was full and white...

Now, he was really anxious about the buttons on Liu Yanran's chest. They looked like they were in danger.

"Mr. Ye, I'm sorry that I didn't recognize you just now. I came here today to talk to you about your 60 billion yuan deposit limit. Where do you think we should talk?"

Boom!

Liu Yanran's voice was not loud, but when it landed in the ears of the young masters and young ladies, it was like a thunderclap, causing them to be stunned on the spot.

How much money was that?

How much did Liu Yanran say just now?

Sixty billion?

This!

Did they hear her wrongly?

In an instant, the hair on their bodies stood on end. It was as if they had been fished out of an icy river. It was simply too shocking.

Sixty billion!

How old was he?

Seven years old?

Eight years old?

He had so much money at such a young age.

Could he be a disciple of some big family in Tianjing or Shanghai?

Furthermore, he must be from a top family!

In their eyes, Ye Xuan's height had changed. They went from looking down at him to being at the same level. Now, they were looking up at him and it was hard to see his back.

There was no way they could catch up.

Sixty billion! Not to mention second-generation heirs like them, even their parents could not afford it!

Liu Yun thought about it and quickly walked forward. He looked at Ye Xuan and said, "Brother Ye, I know a good café nearby. There are private rooms there. Why don't we go there?"

Brother Ye?!!!

The remaining young masters and young ladies were all stunned when they heard Liu Yun's words.

The young master of the Liu family simply called a seven or eight-year-old child 'Brother Ye'?

Furthermore, he was very respectful.

In an instant, Lin Yuhan clenched his fists and thought angrily, "Brother Liu, how could you do this?! You! How could you beat me to it?"

If his thoughts were known, the people around him would definitely roll their eyes.

However, the remaining people all looked at Ye Xuan respectfully and called him Brother Ye.
