

# Signing In For Eight Years, I Was Exposed As A Zillionaire!

## Chapter 2

Eight Years in a Flash!

During these eight years, Ye Xuan lived a simple life.

The current Ye Xuan liked to stay at home more and more.

...

Today, he would go to Big Sister's room to sign in for some money. Tomorrow, he would go to his Second Sister's place to sign in for some medical skills. The day after tomorrow, he would go to his Fourth Sister's place to improve his looks.

Ye Xuan was now eight years old.

Eight years!

"Do you know how I spent the past eight years!"

Ye Xuan thought about it and took out a notebook from the screen.

He began to flip through it.

He turned to the first page.

[June 5, 2013. I've finally learned how to walk. No, I can finally show my ability to walk. After all, my physique has already exceeded the standards of an adult. Not to mention walking, if it weren't for my short legs, I think I could have instantly defeated Bolt. Although that's the case, I can't show too much. After all, I'm afraid of being directly exposed, so I'd better hide for now.]

[Speaking of which, it's been really boring. During this period of time, I have been drinking milk every day and was about to vomit. I feel that I no longer know what meat tastes like, let alone seafood.]

[Oh right, I signed in at Fourth Sister's room today. Perhaps it's because Fourth Sister Ye Chan wants to become a streamer in the future, so I signed in and received an improvement in my looks.]

...

[January 1, 2021. Today, it's finally 2021. After some calculations, it's been eight years since I came here. Eight years, and I haven't accomplished anything. I've been eating and waiting for death. I don't think this will do. My sisters have already taken off.]

[Big Sister Ye Wan was promoted to Vice-President of Jinling Southeast Securities yesterday and released a new fund. She agreed to raise a maximum of 15 billion, but in the end, she raised more than 200 billion. It can be seen that she's very capable. It's no wonder I always obtained money from signing in at her place.]

[Second Sister Ye Ying, who was just a nurse back then, also became one of the top medical professors in China. I don't know what to say. Anyway, I feel that my Second Sister's medical skills are average. Perhaps I signed in and obtained too many medical skills from her, such that I'm now at the top of the world. Perhaps it was because she couldn't even treat her menstrual cramps and needed my help.]

[Oh right, in the past few years, I've already taken revenge on her for spanking me back then. To be honest, it felt good.]

[Third Sister Ye Xin has been practicing martial arts since she was young. She's a woman but she's not inferior to men. Now, she's even a martial arts master. I heard that, in the words of Big Sister, the strong yuppies are her company's security guards. Third Sister Ye Xin can even beat several of them alone. I obtained my current good physique and the ultimate martial arts from signing in at Third Sister's room.]

[Fourth Sister Ye Chan is a top livestreamer on the Flying Fish App. She now has tens of millions of fans. Furthermore, her monthly tips can reach tens of millions. It's flashy, but useless. After so many years, she only contributed 20 points to my appearance. Fourth Sister, you have to work hard.]

[Fifth Sister Ye Fei is now a top singer in China. She relied on her voice and singing skills to become famous. At the same time, her songs, compositions, and singing are all top-notch. She's much more ferocious than Jay Zhou back then. She's known as one of the most promising singers in the Chinese music industry. However, it seemed like I didn't get anything useful from Fifth Sister. After all, I haven't reached the stage of voice change yet, so whatever I receive from her is useless.]

[Sixth Sister Ye Meng is a well-known actress. At the age of 20, she received the title of Best Actress. The previous movie, Summer and Cicadas, earned five billion yuan at the box office. She's considered top-notch in China.]

[Seventh Sister Ye Bing is now working in the military. It's very hard to imagine that a girl would have such a big name in the military and even have the military rank of Dragon Officer. After all, in the Chinese military, in ascending order, the ranks are divided into Dragon Warriors, Dragon Lieutenants, Dragon Officers, Dragon Generals, and Dragon Marshals. Seventh Sister Ye Bing is a Dragon Officer in the military. It can be seen that her achievements and status are extraordinary.]

[Eighth Sister Ye Qian is now a Chinese scientist and a new academician of the Chinese Academy of Sciences.]

[Ninth Sister Ye Xue is an archeologist and a professor in the archeology department of Tsinghua University. It's been so long, but I've only seen her a few times. However, I did get the Golden Eye technique from Ninth Sister.]

[In addition, I signed in for Eight Extremes Fist Mastery from Third Sister today.]

[January 3, 2021. I signed in with Fourth Sister for some appearance points.]

[January 4, 2021. I signed in at Fifth Sister's place for divine piano skills.]

[January 5, 2021. Sign in, sign in, sign in. Ye Xuan, oh Ye Xuan, how can you be so depraved? You're embarrassing all transmigrators! You need to do something big, just like a small goal of earning 100 million from your previous life!]

[January 6, 2021. Pfft, I forgot. I already have 300 billion in savings. In less than a day, I achieved my small goal. In addition, I signed at Third Sister's place today and received a few Constitution points.]

[January 7, 2021, I went to Big Sister's place...]

Ye Xuan was speechless.

F\*ck it, he couldn't remember anymore!

With that thought, he simply threw the notebook into the screen in front of him.

Then, he looked at the screen and saw his information.
