

Signing In For Eight Years, I Was Exposed As A Zillionaire!

Chapter 3

Fourth Sister Ye Chan

Ye Xuan looked at the information on the screen and was satisfied.

Then, he walked out. It was almost dinner time. Ye Xuan went downstairs.

...

In the kitchen on the first floor, a beautiful woman walked out with some dishes.

However, this beauty was wearing Pikachu pajamas and a hat. The two Pikachu ears on the hat were so beautiful that Ye Xuan was instantly happy.

This person was none other than Fourth Sister Ye Chan, who was China's top streamer. However, she was a homebody. Coupled with the fact that she worked as a streamer, she stayed at home the longest.

Ye Xuan also received the most rewards from signing in at her room. However, most of the rewards involved improving his looks.

Ye Xuan's eyes lit up. He instantly activated his Golden Eyes and looked forward.

[Name: Ye Chan.]

[Height: 170 cm.]

[Appearance: 98.]

[Figure: C!]

[Affinity: 96.]

Ye Xuan looked at Ye Chan in front of him before looking at the information in front of him. He had to admit that his Fourth Sister's affinity with him was really high. Perhaps it was because he had spent the longest time with his Fourth Sister.

“Fourth Sister!”

Ye Xuan called out and walked downstairs. The girl, who had just placed the plate on the table and touched her ears with her warm hands, turned around and looked at Ye Xuan, “Little brother, come, let me give you a hug.”

Ye Chan opened her arms and pulled Ye Xuan into her embrace.

Whoosh!

The feeling of the face wash...

This feeling of being wrapped, this soft feeling...

In an instant, Ye Xuan felt like he was wrapped in cotton candy.

However, gradually...

Ye Xuan was silent. Fourth Sister, damn, I...

I can't breathe!

Let go of me!

After struggling for a while, Ye Xuan broke free from her embrace. Then, he looked at the girl in front of him. Her eyes were bright and her lips were like peach blossoms. Even without makeup, she was a beauty that could cause the downfall of a country. Furthermore, her hands were really pale. However, when she saw Ye Xuan looking at her, her face was filled with doubt.

“Little brother, what's wrong?”

“I’m fine, Fourth Sister. Where are the other sisters? Is it just the two of us tonight?” Ye Xuan looked around. Amongst the sisters, Seventh Sister was a figure who has reached the rank of Dragon Officer in the military. Naturally, she was in the military day and night. It would be good if they could meet a few times a year.

Meanwhile, as a fellow of the Chinese Academy of Sciences, his Eighth Sister didn’t come back often. As for Ninth Sister, as a professor of archaeology in Tsinghua University, she either taught or went grave robbing somewhere... Pui! She went to study archaeology.

The rest of his older sisters did not come back often either. The main ones at home were his Big Sister Ye Wan, his Second Sister Ye Ying, his Third Sister Ye Xin, and his Fourth Sister Ye Chan.

“They’re all busy. Besides, am I not enough?”

Fourth Sister moved closer to Ye Xuan. “Come, let me introduce you to the dishes. This is stir-fried shrimp with bamboo shoots and braised pork. Look, this is the dessert.”

Ye Xuan looked at the dessert in front of him, “Fourth Sister, your skills have improved. You even know how to make chocolate cake!”

“It’s not chocolate. It’s cream.”

“Then, why is it black?”

After Ye Xuan finished speaking, he was instantly stunned. Meanwhile, Ye Chan was also stunned and did not know what to say.

Ye Xuan was speechless.

Ye Chan was silent.

The scene became awkward.

Then, Ye Xuan simply got up and ran.

“Don’t run!”

“Come back!”

After a while, Ye Chan grabbed Ye Xuan back with a smile on her face. “Little brother, don’t worry. It’s not poisonous. Can Fourth Sister harm you? Right? Try it?”

Ye Xuan was silent. It was already black. How could it not be poisonous?

What was considered poisonous?

Huh???

Then, Ye Xuan could only eat the dessert.

“Fourth Sister, I’m full. I’m going back to my room.”

Meanwhile, Ye Chan looked at Ye Xuan and then at the cake she made. “It just doesn’t look good. I made it by following a recipe online.”

“Let me have a taste.”

As she spoke, Ye Chan took a bite.

Ummm...

“Alright. If I make another dessert, I’m a fool.”

After Ye Chan ate for a while, she packed up. After all, it was better to wait for her sisters to come back and taste this ‘good stuff’.

Then, she began to prepare as there was a large-scale event on the Flying Fish App tonight. There was a joint event with several platforms on the app tonight.

After all, there were more people watching live-streams now, so these live-stream companies thought of organizing such an event together. It was equivalent to opening up channels. In that case, they would integrate all channels, which meant integrating all viewers.

There was no need to mention the effect. With so many people, the scale of this event would be extraordinary.

Therefore, the hosts of the various platforms were all rubbing their fists and preparing to gain a huge wave of fans. Ye Chan was no exception. Apart from her own subjective wishes, as the pillar of the Flying Fish App, the Flying Fish App and her guild also hoped that she could gain a huge wave of fans.

Moreover, there was a grand ceremony tonight. At the end of the event, the most popular male and female streamers would be selected.

After making preparations, Ye Chan went online and started her livestream.

At this moment, Ye Xuan was looking at his phone in his room. He felt bored and opened the door, preparing to go to his Fourth Sister's room to see if there was a chance to sign in.

However, when he arrived, he saw a sign hanging on his Fourth Sister's door.

“Live-stream in progress. No one is allowed to enter.”

Ye Xuan was speechless.

Was she working again?

Then, Ye Xuan took out his phone and downloaded the Flying Fish App. After all, he hadn't paid attention to his Fourth Sister's livestream before. After logging in with his alternate account, Ye Xuan saw his Fourth Sister's livestream on the homepage.

Oh?

Was she so impressive?

Didn't Fourth Sister just start live-streaming? How did she go straight to the recommended list on the homepage?
