

# Signing In For Eight Years, I Was Exposed As A Zillionaire!

## Chapter 5

### Competition

Before Ye Chan could say anything, the viewers in the streaming room could not stand it anymore and started commenting.

“What do you mean?!”

...

“That’s right. If you don’t want to see this, get lost. Who asked you to come?”

“It’s really interesting to shout like this in someone else’s live-stream.”

“Hurry up and leave. You’re not welcome here.”

“How we ridicule our Chan Chan is our business. If you dare to do so, we will not be able to live under the same sky.”

...

One sentence after another immediately sounded. In an instant, everyone replied and started a fierce battle with the fans of the three streamers.

The three streamers widened their eyes in shock. Was this the power that the pillar of the Flying Fish streaming platform had?

Did so many fans support her?

The combined fans of the three streamers had only managed to tie with the fans of Ye Chan, who was on her own.

Then, Xiao Yu looked at the situation in front of her and simply started a competition.

To put it bluntly, this competition was a gift competition. As long as the value of gifts she received surpassed that of Ye Chan's within the time limit, it would be a victory.

Originally, every platform would have such an event. This time, in order to adapt to the joint event that involved several platforms, the gifts were all converted into the gifts on the Flying Fish App.

In other words, there were airplanes, rockets, super rockets, and super-large flying saucers.

A super rocket was worth 2,000 yuan, while a super-large flying saucer was worth 100,000 yuan!

As soon as the competition began, Xiao Yu received a lot of fish balls and airplanes as gifts. After all, the three streamers were now working together. They had already explained this to their fans beforehand, so they could use their fans as their combat power now. Every fan sent gifts to Xiao Yu.

However, when they looked at Ye Chan's side, their eyes widened. They simply could not believe what they were seeing. A few big shots on Ye Chan's side had already sent super rockets!

At this moment, in Ye Chan's fan group...

"F\*ck, brothers, someone is provoking us. Let's deal with them."

"I was just about to support Chan Chan. Fortunately, I caught up."

"Let's show them what we're made of."

"Go go go!"

...

At this moment, Xiao Yu and the others looked at the scene in front of them and their hearts trembled. In just a short while, the other party had obtained gifts that were worth a total of 30,000 to 40,000 yuan.

Xiao Yu and the others looked around and contacted another account.

This account belonged to the guild that supported the three of them. This event was their idea, but they also had the support of the guild.

Otherwise, they would not have come to provoke Ye Chan even if they were given ten guts.

The guilds of the three platforms looked at the situation in front of them. Although they were also shocked by Ye Chan's popularity, they quickly reacted.

Then, a huge golden fish ball appeared in the live-stream. After shaking for a while, it instantly exploded.

In an instant, all the viewers in the live broadcast room looked at this golden fish ball and were stunned.

What... What was this!

Was this a super-large flying saucer?

They had been watching live-streams for so long, but they had never seen this thing before!

One had to know how much this super-large flying saucer was worth.

It was worth a hundred thousand!

It was worth 100,000 yuan!

This was not something that ordinary people could afford!

A super-large flying saucer was equivalent to an adult's annual salary!

Who would dare to give such an item!

It simply triggered the world news.

[User Golden Eye has sent a super-large flying saucer to Xiao Yu's live-stream. Everyone, hurry up and snatch the rewards!]

Meanwhile, even Ye Chan's fans were a little shocked. Although they had given out gifts that cost more than a hundred yuan, the gap between them and the other party was still too big. The other party had thrown in a super-large flying saucer that was worth 100,000 yuan!

They also felt a little powerless.

In fact, some of the viewers in Ye Chan's live-stream even went to the other party's live-stream to snatch the rewards.

With this, coupled with the world news, the popularity of Xiao Yu's live-stream skyrocketed. In a short period of time, it reached a terrifying popularity.

Ye Chan also looked at the other party's account. She had been a streamer for a long time and knew what tricks the other party was playing. She immediately looked for her guild.

However, when her guild saw the present situation, they sighed.

"Chan Chan, we might not be able to help you. This time, the other platforms have started to attack the Flying Fish App. Too many streamers have been messed with. Moreover, we have to give the other platforms a share during this live-stream. We can't return all the money from the gifts."

"Moreover, the other party doesn't seem to be friendly. They seem to be from a few platforms, so..."

The people from the guild did not finish their sentence. Ye Chan also understood that the price of this competition was too high. Coupled with the special nature of the platform alliance this time, the other party had invested a lot. If the Flying Fish Guild had to deal with several parties alone, this would be the outcome.

It seemed that this competition was about to end.

At this moment, in the other party's live-stream, Xiao Yu looked at the situation in front of her and smiled coldly. "Little sister, what's wrong? Why aren't you saying anything? Oh, your fans don't seem to be saying anything either."

"Aiyo, I didn't expect my fans to be so enthusiastic."

"Tsk tsk, I haven't even gotten first place on the rankings and you guys can't hold on anymore?"

As Xiao Yu spoke, she became more and more pleased with herself. She was beaming with joy.

This time, if she defeated Ye Chan, it would undoubtedly increase the popularity of her live-stream!

Ye Chan also looked at the other party's nagging and was a little angry. Was she pretending that she hadn't benefited from this?

Just as Xiao Yu was overjoyed, and Ye Chan's fans were silent...

In Ye Chan's live-stream room, a huge golden fish ball smashed down!

This!

Xiao Yu's smug voice suddenly stopped. It was as if a duck that was quacking had its neck grabbed by someone. She and the other female streamers were all looking at the golden fish ball!

It was simply too shocking!

What the f\*ck!
