

# Signing In For Eight Years, I Was Exposed As A Zillionaire!

## Chapter 6

He's Back Again?

This!

Was this a super-large flying saucer?

...

Who was this?

However, when they looked at the username, to their shock, it was only made of one word — Mo.

Xiao Yu and the two other female streamers were stunned. They simply could not believe what they were seeing.

This was a newly registered account.

In other words, this could not be the act of the guild supporting Ye Chan. This was a new user. However, a new user had simply come and gifted a super-large flying saucer.

Even the guild behind Ye Chan was stunned when they saw this scene. What was going on?

The live-stream simply exploded.

“Is he a newbie? Did he simply gift a super-large flying saucer right after coming?”

“What kind of family background does he have?”

“That's right. Is this free?”

“He’s simply too rich.”

“Tycoon, tycoon, is your leg still free? Can I be your leg hair?”

“Eh, the previous user is so disgusting.”

...

Comments came one after another. In another room in the villa, Ye Xuan looked at the comments.

Then, a screen popped up in front of him.

[Detected that the host has successfully spent 100,000 yuan and triggered the Tenfold Cash Return Skill. The cashback is one million yuan.]

“Not bad. This can trigger the Tenfold Cash Return Skill. I have to say that this Tenfold Cash Return Skill is really useful. I seemed to have obtained this skill from signing in at Big Sister’s room when I was four years old.”

Ye Xuan thought about it and sighed. It was good to live like this. He had new sign-in opportunities every day and didn’t know what he could sign in for.

“I think that I have 60 billion in savings that are about to mature.” Ye Xuan thought about this. However, he didn’t pay much attention to this. After all, he had more money than that.

“On the other hand, today’s sign-in opportunity hasn’t been triggered yet. I’ll just go to Fourth Sister’s room to walk around after her live broadcast.”

Ye Xuan lay on the bed and didn’t care about the super-large flying saucer that he had just gifted. Meanwhile, the live-stream and platform were in chaos.

[User Mo has sent a super-large flying saucer to Chan Chan’s live-stream. Everyone, hurry up and snatch the rewards!]

Meanwhile, Xiao Yu and the others looked at the level of Ye Xuan's account and had an idea in their hearts. To them, this account was just a new account that Ye Chan had created to send gifts.

How interesting. Was she going to play like this?

She would lose a lot of money by spending this 100,000 yuan.

The few guilds behind Xiao Yu were thinking the same thing. Then, they attacked together.

In an instant, a few super-large flying saucers fell.

[User Tian Ya has sent a super-large flying saucer to Xiao Yu's live-stream. Everyone, hurry up and snatch the rewards!]

[User Shu Hai has sent a super-large flying saucer to Xiao Yu's live-stream. Everyone, hurry up and snatch the rewards!]

[User Ling Cheng has sent a super-large flying saucer to Xiao Yu's live-stream. Everyone, hurry up and snatch the rewards!]

Just as the guild was spamming three super-large flying saucers, a huge comment popped up.

[User Brother Xiaoyun has entered the live-stream.]

Brother Xiaoyun!

This was none other than Xiao Yu's top-ranked brother.

In an instant, Xiao Yu smiled and said coquettishly, "Welcome, Brother Xiaoyun."

Now that this big shot was here, wouldn't her live-stream be stable?

The people in Xiao Yu's live-stream also looked at this big shot with shock on their faces. After all, Brother Xiaoyun had spent a total of almost a million yuan in Xiao Yu's live-streams.

What did this mean?

This was equivalent to ten super-large flying saucers!

Liu Yun, who was on the other side of the screen, heard the streamer's voice and sent a few comments. In the current situation, he did not need to do anything. Then, he looked at the account who had sent the super-large flying saucer.

Was this an alternate account?

He was puzzled.

Then, he sent a private message.

“Brother, are you a new account, or is this someone's alternate account?”

Liu Yun sent the message out. Then, he saw the other party's reply.

“I'm a new account.”

This time, Liu Yun had no choice but to take it seriously. A new account?

He had simply sent a super-large flying saucer upon tuning in.

One had to know that he had only tipped a few thousand yuan at the beginning.

Then, Liu Yun asked to add the other party on WeChat. Ye Xuan lay on the bed and didn't know what he wanted to do, but he added Liu Yun. After all, from his personal information, Liu Yun also seemed to be from

Jinling

.

After adding Ye Xuan, Liu Yun started chatting with him.

[Liu Yun: Brother, I see that you're also from Jinling. Brother, you're so generous. You immediately sent a super-large flying saucer.]

[Ye Xuan: This is my first time, so I don't know anything. I just casually tipped her.]

Liu Yun was silent. F\*ck, he was being humble with Ye Xuan, but Ye Xuan was acting cool with him!

This time, Liu Yun was so angry that his nose almost turned crooked, but he still spoke patiently.

[Liu Yun: Brother, let me give you a piece of advice. You can't win this competition tonight. There are a few guilds backing the other party. It's not enough for you to fight alone.]

After all, the other party had already spent 400,000 yuan. This meant that they were going to support Xiao Yu, so Liu Yun still persuaded Ye Xuan.

However, Ye Xuan didn't reply.

Liu Yun continued to watch the live-stream.

Currently, both live-streams were at daggers drawn. In particular, all the viewers in Ye Chan's live-stream felt a little hopeless. Even Ye Chan was prepared to give up on this competition. The audience looked at the situation in front of them. They did not expect the other party to be so fierce. If they had only spent tens of thousands of yuan, they might be able to work harder.

However, the other party had now spent hundreds of thousands!

It was not a gap that they could bridge!

Thus, they all looked at the other side. They looked at the account with the username "Mo"!

But in the next moment.

[User Mo has left the live-stream.]

Ye Chan's audience was dumbfounded. They thought, "What the f\*ck, big boss? No way. Are you leaving without saying a word?"

Xiao Yu was also speechless. Had he left just like that?

The guild was silent. F\*ck, if he wanted to leave, he should've left early. This way, they wouldn't have had to gift so many items. Their hearts ached.

The other streamers were dumbfounded. They thought that there would be the war of the century, but was this it?

However, they also noticed Ye Chan's expression and were puzzled. Why did Ye Chan flash such an expression?

Could it be that this was not her alternate account?

Was this an ordinary fan?

F\*ck!

At this moment, Xiao Yu and the guild behind her wanted to curse.

Wasn't this nonsense?

At this moment, the people in Ye Chan's livestream room also wailed, "This... The big shot has already left. Should we still send gifts?"

"We might not be able to win this round."

"Sigh, the gap of hundreds of thousands is not something we can close."

"It can't be helped. It's hundreds of thousands. I only have 200,000 yuan this year."

"Why do I feel like the previous user is in Versailles?"

.....

At this moment, Xiao Yu and a few female streamers opposite her also began to feel smug. “Sister, I don’t think your fans are amazing. Look, your fans aren’t very good either. They were chased away from just a few super-large flying saucers.”

“Right.”

“That’s right, little sister. Sigh, looks like we’re going to win this competition.”

“I really don’t know how much popularity we can get.”

...

Numerous voices rang out. Meanwhile, Liu Yun watched Ye Xuan leave the livestream with a gratified expression. It seemed like Ye Xuan had listened to him. Not bad, not bad, this person was worth teaching.

Just as he was nodding, and Xiao Yu and the others were feeling smug...

A comment popped up in Ye Chan’s live-stream.

[User Mo has entered the live-stream room.]
