

# Signing In For Eight Years, I Was Exposed As A Zillionaire!

## Chapter 7

Sign-In to Obtain a Plaza!

Huh???

What did this mean?

...

Xiao Yu and the female streamers were shocked. Liu Yun did not understand what was going on either.

In the next moment, Ye Xuan entered Xiao Yu's live-stream room.

"Oh?"

Xiao Yu was stunned. Then, she looked at the screen.

"I'm very happy that Brother Mo can enter my live-stream!"

Xiao Yu's voice was mixed with a flirtatious tone. She was also a little proud. Could it be that this rich man was coming to her side?

However, in the next moment.

[Mo: How happy are you?]

Xiao Yu was confused.

"This... I'm very happy, especially happy." Xiao Yu's expression was also a little strange. She had already cursed in her heart.

[Mo: It's too early for you to be happy.]

Xiao Yu was still confused.

Everyone in the live-stream was speechless.

Liu Yun commented, “F\*ck, what do you mean?”

[Mo: Sorry, I went to top up some money just now. Now, we can have fun.]

After sending the message, Ye Xuan started.

A golden fish ball simply smashed down.

It was a super-large flying saucer!

Before anyone could react, a second and a third one appeared!

...

[User Mo has sent a super-large flying saucer to Chan Chan’s live-stream. Everyone, hurry up and snatch the rewards!]

[User Mo has sent a super-large flying saucer to Chan Chan’s live-stream. Everyone, hurry up and snatch the rewards!]

...

The world news instantly covered the entire platform. The people on the Flying Fish live-stream platform looked at this news.

Initially, they did not feel anything. After all, to freeloaders like them, what was the use of snatching rewards?

However, gradually, they felt that something was wrong, especially wrong!

The messages came one after another without stopping!

In a short period of time, there were dozens of messages!

“What is this?”

“How much is this worth?”

“I think it’s already a few million, right?”

“I’m really kneeling now. Just now, my mother asked me why I was kneeling while watching a live-stream. Hurry up and tell me. I’m waiting online. It’s quite urgent.”

...

Meanwhile, in the live-stream room, Xiao Yu looked at the screen and understood what Ye Xuan meant when he said that it was too early to be happy. How many super-large flying saucers had he sent?

There were almost a hundred of them!

How much were 100 super-large flying saucers worth?

Ten million!

Ye Chan had now firmly occupied first place on the rankings of so many platforms!

Furthermore, the guild supporting Xiao Yu and the others were also stunned at this moment. No matter how stupid they were, they would not be stupid enough to go against such a godly tycoon!

Then, the guild spoke to a few streamers before simply running away.

Xiao Yu was silent.

The streamers were speechless.

F\*ck!

Had they run away just like that?

Huh???

At that moment, Xiao Yu also looked at the camera. “Brothers, I’m sorry. I just received a call. My mother’s house is on fire. I’ll go offline first.”

“I’m leaving too.”

“See you next time.”

“Good-bye.”

...

All the streamers went offline. If they did not go offline, wouldn’t they be embarrassed to death?

During this live-stream, Ye Xuan looked at the screen and thought, “Is that it? Is that all you have? How much did I spend? Are you guys already done for?”

Meanwhile, Liu Yun swallowed his saliva. Looking at Ye Xuan’s gifts, Liu Yun just wanted to know who Ye Xuan was and what his family was like. He actually sent so many gifts.

This time, his tone became respectful.

[Liu Yun: Brother Mo, are you also living in Jinling?]

[Ye Xuan: My surname is Ye and my name is Ye Xuan. I’m in Jinling now.]

Ye Xuan?

Liu Yun thought about it, but after thinking about the young masters in Jinling, he couldn’t remember such a person.

However, the other party had spent a lot of money and was definitely qualified to enter the Jinling Young Masters Group.

After thinking for a while, Liu Yun sent Ye Xuan a group invitation and waited quietly.

Five minutes passed.

Ten minutes passed.

Twenty minutes passed.

Why hadn't he joined the group?

At this moment, Ye Xuan was in his Fourth Sister Ye Chan's room, enjoying the feeling of her chest on his head.

"Fourth Sister, why did you go offline so quickly?"

"The live-stream ended. Won't I go offline?" Ye Chan recalled tonight's situation and was naturally a little shocked. Then, Ye Chan looked at Ye Xuan. "Little brother, I've made some money. I'll bring you to eat delicious food tomorrow, okay?"

"Sure, as long as you don't make the food yourself, Fourth Sister."

As Ye Xuan spoke, he was pressed down by a long leg. Then, Ye Chan flipped over and pressed down on Ye Xuan with a cold smile on her face.

He leaned down.

Ye Xuan looked at his Fourth Sister's smile. It was so white. No no no. It was so full and so deep.

He thought, "Fourth Sister, I dare to say that your career will definitely prosper. Your career path is too long."

When Ye Xuan wanted to take another look, his Fourth Sister instantly hugged his face. "Little brother, what did you just say? Huh? Is my cooking bad?"

As she spoke, Ye Chan kept rubbing Ye Xuan's face.

It seemed to be a threat.

“It’s... delicious.”

Ye Xuan was helpless. He knew that if he didn’t say that it was delicious, he would be done for. After all, he had been ravaged by these sisters before.

“That’s better.”

Only then did Ye Chan let Ye Xuan go.

Then, a light screen appeared in front of Ye Xuan.

[Congratulations to the host for obtaining the opportunity to sign in.]

As expected, he got a chance to sign in at his Fourth Sister’s room.

Ye Xuan’s heart jumped.

[Sign-in successful. Congratulations to the host for obtaining the ownership of Huaxing Plaza.]

Oh?

Huaxing Plaza?

Ye Xuan knew this place, or rather, everyone in Jinling knew about Huaxing Plaza.

There were a total of three large plazas in Jinling, and Huaxing Plaza was the first of the three.

Wanda Plaza and People’s Plaza followed behind.

Ye Xuan looked at Fourth Sister Ye Chan with admiration.

“Not bad, Fourth Sister. I finally didn’t get appearance points from signing in at your place.”

“Continue to work harder in the future.”
