

Signing In For Eight Years, I Was Exposed As A Zillionaire!

Chapter 9

Shall We Meet?

[Lin Yuhan: I heard that he's trying to reach the young ladies in Jinling, especially the young ladies from rich families. Be careful and look out for playboys.]

[Gong Xiaohan: ...]

...

In an instant, Gong Xiaohan admitted that she was afraid. If she met such a person, wouldn't she be eaten alive?

After all, the level of their relationship was too different.

When such news came out, the ladies in the group felt a little shocked. After all, the other party's target had changed from those online streamers to them.

Meanwhile, Ye Xuan was speechless.

He thought, "Little brother, there's something wrong with you."

"How did I become a playboy?"

"Hm?"

"I'm telling you, I'll sue you for slander!"

Moreover, what made Ye Xuan even more speechless was that these young masters and young ladies actually believed it just like that. They simply believed it and didn't even suspect anything.

This...

[Gong Xiaohan: I think I have to be more careful. I've decided to activate the bodyguards at home.]

[Lin Yuhan: Since you're so stupid, you should just stay at home. Otherwise, you'll be deceived when you come out. You might even be the eighth person sleeping together with that person.]

[Gong Xiaohan: Pui! He~tui! Tui! Tui!]

Upon hearing Gong Xiaohan's words and Lin Yuhan's reminder, many ladies in the group began to think about it. It seemed that they had to be careful in the future. After all, there was a wolf watching them from outside.

Meanwhile.

[Xuan Yi: I heard that the person who tipped used a newly created alternate account, right? How did you guys get so much information from that alternate account? Maybe he's just a newly created account who tipped ten million yuan while watching the live-stream. What you guys said is too incredible.]

Ye Xuan said something and everyone looked at this nickname. They remembered that this was the one who joined the group chat when they were chatting. After joining the group, he had been hiding. Now, he actually spoke.

However, these words made the young masters and young ladies unhappy.

From their point of view, Ye Xuan was just a young master from another province. He was completely different from them, who had grown up in the ancient capital of the six dynasties. After all, they all grew up with a silver spoon in their mouths and their horizons were really high.

They were very arrogant.

Hence, when they saw Ye Xuan's message, they found it funny and even disdainful. They felt that Ye Xuan's questioning was unreasonable.

Could the information they received be wrong?

Even though Ye Xuan's message might be disdainful to others, they didn't feel anything else. However, Lin Yuhan was different. He was the one who sent the message, which meant that Ye Xuan was questioning him.

This time, he could no longer sit still.

[Lin Yuhan: Brother, you've just joined us, but I don't like what you're saying. These are the results of our discussions about the live-stream circle. After all, there have been many cases of new accounts tipping in the past. The method is also right.]

[Lin Yuhan: It's not that I want to criticize you, but I worked hard to get this information. That person's identity must be extraordinary. Otherwise, how could an ordinary person tip tens of millions in ten minutes? Moreover, why did he tip tens of millions? It couldn't possibly be because of love, right? That doesn't make sense, right? He must have other motives.]

[Gong Xiaohan: That's right. Friend, why do I feel like you're helping that person clear his name? Why do you seem to be speaking up for him?]

[Zheng Jianghao: You're not him. How can you know what he's thinking? Who is he? The person who tipped hundreds of millions of yuan is a big shot. Big shots are all slightly abnormal, so I think what Old Lin said is completely fine.]

In an instant, many people in the group started criticizing Ye Xuan, but they didn't say anything too harsh. After all, they were all young masters and young ladies, and they were in the same group. Although Ye Xuan doubted them, they still had to care about Ye Xuan's face.

Meanwhile, Ye Xuan also had a weird feeling.

Damn it, he didn't even know that he was so awesome. Even without going out, the world seemed to be filled with legends of him.

He said that he wasn't impressive and that he wasn't a playboy.

However, the young masters and young ladies in this group pointed at his nose and said, "You're a big shot. We'll punish whoever dares to say that you're not."

There was a kind of awesomeness that made them think that he was awesome.

There was a kind of scum that made them think that he was a scum.

Instantly, even Ye Xuan was speechless.

Meanwhile, Liu Yun had also returned from taking a shower. Then, he saw that Xua Yi had already joined the group chat.

"Has that brother already joined the group chat?"

Then, Liu Yun went into the chat and read the chat messages.

Gradually.

Liu Yun was confused.

What the hell were they doing?

Ye Xuan was the person who had tipped. He said that he hadn't tipped that much, but they insisted on calling him a big shot and a playboy?!

[Liu Yun: F*ck, what are you guys doing?]

[Lin Yuhan: Brother Yun, you're back from your shower. We were talking about the gifts tonight. I heard that you were at the scene. What happened? Is there anything we don't know? Tell us.]

[Gong Xiaohan: That's right, Brother Yun. Tell us.]

[Liu Yun: What should I say? Ask him yourself.]

Ask him yourself?

In an instant, all the young masters and young ladies were stunned. They didn't know this person either.

[Liu Yun: He's the brother I just recruited today. He's the one who tipped ten million tonight.]

Boom!

His words were like a bomb exploding in the WeChat group.

Lin Yuhuan was speechless. This was awkward. He called that person a playboy in front of the actual person.

The others also looked embarrassed. They had actually spoken rudely to a tycoon who had tipped ten million yuan in ten minutes.

Meanwhile, Liu Yun also had a helpless look on his face. These guys only knew how to spout nonsense. Great.

[Lin Yuhuan: Brother, I'm sorry. I didn't expect you to be in the group. What I said just now is also because of my friend.]

[Lin Yuhuan: Everyone, why don't we go out tomorrow and meet this brother? We can get to know each other and help each other in the future. How about that? I'll apologize to you in person, okay?]

Lin Yuhuan looked around and sent this message. Meanwhile, Ye Xuan looked at the news and saw that Liu Yun had said the same thing in the group chat. Since there was nothing much to do tomorrow, he would go take a look.

[Xuan Yi: Alright, where are we going tomorrow? I plan to go to Huaxing Plaza tomorrow. Why don't we go there?]

[Lin Yuhuan: Alright, let's meet tomorrow.]

Ye Xuan said a few words and ignored them. He looked to the other side. Recently, he wanted to buy a watch but he hadn't find one that looked good. He could take a look today.

Then, Lin Yuhan added the young masters and young ladies into another group. Of course, Ye Xuan was not in this group.

[Gong Xiaohan: Old Lin, why did you create another group? Also, why do you feel like you're currying favor with the rich and powerful? Why are you in such a hurry to see that person? I feel like I'm looking down on you.]

[Lin Yuhan: Xiao Han, am I that kind of person? I did it for you guys!]

[Lin Yuhan: Although he denied that he's a scumbag, who knows? We can meet tomorrow. This is for you guys. After that, you can tell me what he's like.]

[Gong Xiaohan: I just looked at his information and it shows that he's eight years old. His WeChat friend list isn't public either. I think there's a high chance that he's a scumbag. Otherwise, who would set their age as eight years old? I think he might not be the same age as us.]

[No way, could he be an uncle?]

[Maybe.]

For a moment, everyone in the group began to guess.

[Liu Yun: Old Lin, you're quite sneaky. That's true. Let's meet up and see who Xuan Yi is.]

Even Liu Yun wanted to see who this big shot who tipped so much in ten minutes was.
