### Chapter 1001

Yuan Shu stood up hurriedly after hearing Yuan Shao's words. This was an opportunity to show his face. If he wanted to gain fame, he had to take action first. He was just a Hua Xiong. He thought of his general Yu She and laughed.

"I have general Yu She who can kill Hua Xiong. The leader of the alliance can ask my general Yu She to go to Hulao Pass to call for formation."

"Well, Yuan Shu asked Yu She to go and kill Hua Xiong." Yuan Shao glanced at the proud Yuan Shu and nodded.

He looked down on this fool-like Yuan Shu very much.

Although Yuan Shu was the legitimate son of the Yuan family, he was arrogant and arrogant.

Yuan Shu did these things very thoroughly.

This war at Hulao Pass is no child's play.

Yuan Shao didn't know how strong Yuan Shu's general Yu She was. Since Hua Xiong was sent by Dong Zhuo to guard Hulao Pass, I'm afraid Hua Xiong's strength should not be underestimated.

"Yu She!" When Yuan Shu saw that Yuan Shao agreed, he ordered a burly man next to him,

"The end will be here!"

"He led his troops to Hulao Pass to summon the formation and killed Dong Zhuo's general Hua Xiong."

"Yes, my lord!"

After Yuan Shu sent Yu She forward to call for formation, the princes here all looked at Yuan Shu. They also wanted to make a first move, but now Yuan Shu took the lead. They could only drink tea in the big tent. Waiting for the result of the battle.

Cao Cao shook his head and drank tea and looked at Cai Yan.

How on earth did he, a junior sister, get here? How could he stand behind Miss Yan like a maid? This made him not understand it now.

Su Yan was eating the fruit and didn't care at all how the princes wanted to capture Hulao Pass, but she felt that the war in the northern continent was different from the wars in other continents.

The countries here did not attack Hulao Pass directly, but they wanted to challenge the enemy alone at this time Guard General Fang.

Is this still a war?

Can Hulao Pass be captured by killing the other guard in a duel?

Su Yan raised his little feet and asked Huang Zhong, "Huang Zhong, have you heard of that Hua Xiong?" Is he so strong?"

Huang Zhong saluted hurriedly when he heard Su Yan's question,

"Miss, I have learned about Hua Xiong in the past few days."

"Hua Xiong is one of Dong Zhuo's generals. His strength is unknown. Hua Xiong is not ranked high among Dong Zhuo's generals."

"Among Dong Zhuo's generals, Lu Bu, Li Que, Zhang Ji, Fan Chou and others were ranked high, but Hua Xiong should not be underestimated. If Hua Xiong was not capable, Dong Zhuo would not be able to let him guard Hulao Pass."

Su Yan nodded.

She thought Huang Zhong was right, but she thought that Yuan Shu's generals were only at the second level of innate cultivation.

This made her show a funny expression.

"Um! Yes, if Hua Xiong had no ability, he would not be reused by Dong Zhuo. It seems that Yu She, Yuan Shu's general, will be unlucky. A general with an innate realm will probably die in front of Hulao Pass."

"The lady is right. Yu She cannot be Hua Xiong's opponent."

"Hahaha! This is none of our business, we just come and watch the show."

Huang Zhong and Wei Yan smiled when they heard Su Yan's words.

They didn't care about the war this time.

The princes here have different thoughts, and they all saw it.

I'm afraid these princes' coalition forces only need to win a few wars. After victory, the alliance of princes will disband. After gaining fame, the alliance of princes may go their separate ways, and may even fight and annex the weaker princes in the future.

While the princes were waiting for Yu She to return from killing Hua Xiong, a messenger quickly arrived. He saluted Yuan Shao in the tent and said, "Report to the leader of the alliance. General Yu She lost to Hua Xiong and was killed in one round. Hua Xiong was calling for formation in front of the formation."

"What? Yu She was actually killed by Hua Xiong in one round?"

"Is this Hua Xiong so powerful?"

"General Yu She didn't look weak, so why was he killed in just one turn?"

"Maybe Hua Xiong is even stronger?" .....

The princes in the big tent all started talking after hearing what the messenger said, but they looked at Yuan Shu with very sympathetic eyes. Yuan Shu's general was really embarrassing. He was killed by Hua Xiong in one round. This was a huge blow to the coalition of princes. The momentum is very unfavorable.

After hearing this, Yuan Shu suppressed his blush and hurriedly took a sip of wine. He did not expect that Yu She would be killed by Hua Xiong in one round. He did not gain fame this time, and the infamy would probably spread.

Yuan Shao didn't expect that Hua Xiong was so powerful. Yu She was Yuan Shu's general after all, but he was killed in one round, which he didn't expect either.

Yuan Shao looked at the princes sitting there and asked hurriedly , "Everyone, Hua Xiong is quite powerful. Which of your generals can kill Hua Xiong? The momentum of our coalition cannot be suppressed by Hua Xiong." When the princes heard

Yuan Shao's words, they looked at each other. Now they don't dare to send out generals at will, otherwise the shameful Yuan Shu will be their role model.

Sun Jian was ready to stand up and kill Hua Xiong himself, but when he looked at Su Yan, he did not stand up immediately.

He felt that Su Yan was very strange.

Why was this cruel little girl not active at all this time? Is this cruel little girl not optimistic about this war at all?

Su Yan's subordinates are all powerful masters.

Huang Zhong, Wei Yan, Gan Ning, and a tall and powerful man, these people may not be his opponents even if they are him.

When Sun Jian saw Su Yan's indifferent expression, he also sat and wanted to see which prince would come forward this time.

Yizhou Mu Han Fu saw that no one sent his generals to kill Hua Xiong, so he looked at Yuan Shao and decided to let his generals kill Hua Xiong.

He was very wary of Yuan Shao, who had been plotting against Yizhou.

Although Han Fu was a pastor in Yizhou, he only controlled two counties.

Han Fu decided to let his general Fan Feng kill Hua Xiong to establish his authority, which could also deter Yuan Shao and prevent Yuan Shao from taking his ideas.

Han Fu thought about it and stood up and said loudly, "Alliance leader, I have General Fan Feng who can kill Hua Xiong."

Yuan Shao nodded hurriedly when he heard Han Fu's words and said, "Okay, Han Zhou Mu, as long as Fan Feng kills Hua Xiong, The leader of the alliance will personally pour him wine."

When Yuan Shao saw that the princes did not send generals again, he was ready to send his own generals, but he did not expect that Han Fu would actually speak, which made him look at Han Fu and laugh.

Han Fu will be his future opponent. If Han Fu fails like Yuan Shu this time, it will be very beneficial for him to conquer Han Fu in the future.

"Thanks to the leader, Fan Feng must have sided with Hua Xiong." A strong man holding an ax behind Han Fu saluted Yuan Shao and strode out of the tent with his head held high.

Su Yan shook his head when he saw Fan Feng leaving and said,

"Another general who doesn't know how to live or die. How come the coalition of princes is full of these things?"

"Couldn't General Fan Feng kill Hua Xiong? Cai Yan stood behind Su Yan and asked suspiciously when she heard Su Yan's words.

Su Yan looked at Cai Yan and shook her head and said, "Kill the hell!" Fan Feng is just a little stronger than Yu She. I'm afraid Fan Feng will be killed in one move like Yu She."

"ah! Then why didn't you tell General Fanfeng?"

"you're so dumb? We just come to watch the show, we don't do anything else."

Chapter 1002

Cai Yan was very confused when she heard Su Yan's words.

Aren't the princes going to work together to defeat Dong Zhuo?

Why doesn't this little girl care about the war at all? Isn't she afraid that the war against Dong Zhuo will fail? If this war fails, the Han Empire will really be hopeless.

Cai Yan held her hand and wanted to remind these princes, but she thought that she was still a prisoner now, and this little girl would definitely not let her talk nonsense here.

However, she had a plan after seeing Cao Cao. After all, Cao Cao was his father's student, and Cao Cao also recognized her.

Cai Yan immediately thought of asking Cao Cao to rescue her.

She didn't want this little girl to be given to her father as a woman.

Just a moment later,

Fan Feng was also killed by Hua Xiong in one round.

The princes here sent some generals one after another, but none of them could kill Hua Xiong. The generals they sent were also killed by Hua Xiong one by one.

In the tent of the coalition of princes, the princes were all drinking tea with shameless faces. One Hua Xiong caused the coalition of princes to lose several generals. The momentum of the coalition of princes was defeated before the war started. They, the princes, also His face was very ugly.

Although Cao Cao had the intention to send his generals, his generals Cao Ren, Xia Houyuan, and Xiahou Dun were all able to kill Hua Xiong.

But he was worried that if he sent a general to kill Hua Xiong, these princes would definitely be wary of him in the future, but he didn't want these princes to be wary of him in the future.

Sun Jian had no intention of taking action.

He can see it now too.

The generals sent out by the princes just now were all useless, and none of the powerful princes here sent out any truly capable generals.

He has observed the generals of the princes these days, such as Cao Cao's generals Cao Ren and Xiahou Dun, Yuan Shao's Yan Liang and Wen Chou, and Ma Teng's general Pang De. The strength of these generals is not simple.

Yuan Shao is also very helpless now.

Even the small Huaxiong princes can't solve it. This will make it difficult for the coalition forces to attack Hulao Pass in the future!

Yuan Shao looked at Su Yan who was doing nothing and had an idea. Su Yan's men were very powerful. Not to mention the masters of Jiutian Shengji, the generals Huang Zhong and Wei Yan were also very powerful. Yuan Shao faced

Su Yan. Yan Jiu smiled and said, "Miss Yan, why don't you let your generals kill Hua Xiong?"

"oh? Alliance leader, the princes here have many generals. I am just a little girl. Don't come to me for these fighting and killing matters. My generals still have to protect me. They are not suitable to kill Hua Xiong." Su Yan pretended to be surprised and frightened and said to Yuan Shao.

Su Yan would not send his men to kill Hua Xiong after listening to Yuan Shao's words.

She would rather watch the show here if there is no benefit.

She has no interest in the life and death of the alliance of princes. Care.

Besides, the wise princes here are all hiding their generals. Su Yan doesn't believe that these princes can't deal with a little Hua Xiong.

The princes were very speechless when they heard Su Yan's words.

They didn't expect that Su Yan You can say this to a little girl?

Don't come to her when it comes to fighting and killing? Who started a war as soon as he came to the alliance of princes?

Who ordered the army to kill Gongsun Zan and his army in Youzhou?

This ferocious little girl is now Looking like an innocent little girl, is this a lie?

Oh no!

Is this a lie to the princes like them?

Cao Cao looked at Su Yan and thought for a while and said, "Miss Yan, as long as you can kill Hua Xiong, you If you have any conditions, ask for it."

He guessed that if he wanted to persuade this little girl to send out his generals, he would have to pay a price. This little girl was not simple at all. Cao Cao had no intention of looking down on Su Yan at all.

"Yes, Miss Yan can ask for it if she has the conditions. As long as we can do it, we will definitely help Miss Yan." Yuan Shao's eyes lit up when he heard Cao Cao's words and he hurriedly said.

The other princes also persuaded Su Yan that as long as Su Yan's conditions were not excessive, they, the princes, could agree.

Su Yan heard that Cao Cao and Yuan Shao's words made her laugh.

She didn't care about Hua Xiong.

She thought of the beauties in the Han Empire and thought this was an opportunity. Although she sent Cai Mao and Kuai Yue to look for beauties everywhere, these princes helped her find them. Looking for beauties is probably a very simple matter.

Su Yan is planning to find a bunch of beauties for his father this time so that she will not be blamed by her father for running away from home. Although she is sorry for her mother and aunts, Su Yan can't control that much. As long as her father protects her, her mother and aunts can't do anything to her.

Su Yan looked at the princes here and said with a smile,

"Okay, now that everyone has said this, let me make a small condition. Do you see the two beautiful beauties behind me?"

"Each of you eighteen princes will find me such a beautiful woman, and she cannot be worse than the two of them. If you princes agree, I will immediately send my men to kill Hua Xiong."

"Can! Just a beautiful woman, we agreed"

"I also agreed"

"The condition is simple, so I agreed."

"Haha, I agreed"

"Beauty? I also agreed."

When the princes heard Su Yan's words, they all smiled and agreed. They originally thought that this little girl wanted soldiers, horses and weapons, but they didn't expect that this little girl just wanted beautiful women. Although these two beauties were very beautiful, But it was not impossible for them to find some more beauties.

When Su Yan heard that these princes agreed, she was also afraid that these princes would fool her in the future.

She looked at these princes and thought about it and threatened,

"Everyone, you must understand this. The beauty I want is as beautiful as the two of them. If any of you dares to fool me in the future, more than 200,000 troops from Jingzhou will come to settle the score with you."

"Don't worry, Miss Yan, we will definitely do what we say. If anyone dares to fool Miss Yan, I, Yuan Shao, will not let him go."Yuan Shao touched his beard and promised solemnly,

"Well, then I believe in the leader."

Su Yan nodded to Yuan Shao, then looked at Huang Zhong, Wei Yan, Gan Ning, and Dian Wei behind her and said,"Which of you will kill Hua Xiong?"

"The general is willing to kill Hua Xiong"

"The general is also willing!"

"I'd better go for it. General Huang and General Wei are not needed to kill Hua Xiong."

"Miss, let me, Dian Wei, kill Hua Xiong."

Huang Zhong and the others rushed to kill Hua Xiong after hearing Su Yan's words. They all had to show off in front of Su Yan.

Su Yan was very speechless when he saw his generals struggling to go.

She thought for a while So I decided to let Gan Ning go. Gan Ning was not weak. Although he was the weakest among the four generals, he was still a master.

Su Yan also wanted to see Gan Ning's moves to kill Hua Xiong.

"Gan Ning, you go this time"

"Yes, miss!"

Chapter 1003

After Gan Ning heard Su Yan's order, he looked at Huang Zhong and the three of them proudly.

He knew that he was no match for Huang Zhong and the three of them, but Miss Yan allowed him to steal the spotlight this time, which showed that Miss Yan still trusted him very much, which made him feel very proud when he looked at Huang Zhong and the others.

Gan Ning bowed to Su Yan and hurried out of the tent. He wanted to kill Hua Xiong with one move and make all the princes here look at him with admiration.

Cai Yan and Zhen Mi were very helpless towards Su Yan.

They didn't expect that Su Yan would put forward such a condition. This girl was really hopeless. Wasn't she afraid that all the beauties she found would be taught a lesson by her mother? ? Or is Su Yan planning to use these beauties for other things?

After a while, the messenger came to report that Hua Xiong had been beheaded by Gan Ning. The princes all laughed after hearing this. They did not expect that one of Su Yan's generals could be so powerful.

Hua Xiong and the others all knew that he was born with perfect strength.

Such a powerful general was killed by Gan Ning with one sword.

Gan Ning was probably at the level of a master.

Subsequently,

Yuan Shao immediately ordered the coalition forces of the princes to start attacking Hulao Pass. However, Hulao Pass was easy to defend and difficult to attack. After a day of attack, the coalition forces of the princes failed to capture Hulao Pass and even lost more than 10,000 army lives.

In the following days, the allied forces of the princes continued to attack Hulao Pass, but they could not capture Hulao Pass. This made all the princes look very ugly. If they could not attack Hulao Pass, I am afraid that Dong Zhuo's reinforcements would will come, and by then Hulao Pass may be even more difficult to break.

Su Yan has been training Cai Yan these days.

After Cai Yan asked Cao Cao for help, although Cao Cao did not immediately take Cai Yan away from her, Cao Cao has been trying to convince himself to let Cai Yan go.

How could Su Yan let Cai Yan go?

Cai Yan is her future bargaining chip.

In Su Yan's big tent,

Cai Yan was playing the Jiaowei Qin with a delicate look. She had been tortured by Su Yan in the past few days.

What three obediences and four virtues!

What a husband and a godson!

Books like this made her want to tear them up.

But Su Yan would randomly check the contents of the book every time. If he couldn't answer the question, the little devil would punish himself.

Cai Yan's face turned red when she thought about herself wearing revealing gauze these past few days and dancing the shameless dances of Hu Nu.

She didn't want to do that kind of humiliating punishment again.

Su Yan sat on a couch and listened to Cai Yan playing the piano and smiled and said,

"Cai Yan, your dancing talent is not bad, my father's twelve dancers, oh no! Now we are the Twelve Black Bird Envoys. They have a dance called Pure Land. Although I have never seen that kind of dance, my father likes it very much. In the future, I will let the Twelve Black Bird Envoys ask you to dance that kind of dance."

"No! I don't do those shameless dances." Cai Yan exclaimed and refused when she heard Su Yan's words.

She guessed that the dance in the Pure Land was definitely not a serious dance, or even some immoral dance. She would not learn those shameless dances.

Su Yan was disdainful. He sneered at Cai Yan and said,

"laugh! Do you have a choice? I wonder if you will dare to ask for help in the future? Do you think asking Cao Cao for help will save you? If Cao Cao didn't want me to go to war with him, he wouldn't dare come to save you."

Cai Yan looked at Su Yan and shouted angrily,

"You are a little devil."

Su Yan stood up, pointed at himself and said with a smile,

"demon?"

"No!"

"i am an angel"

"My father has always said that I am a carefree little angel. I can do whatever I want and get whatever I want. No one can control me, except of course my father, mother and aunts. , no one can control me"

"Aren't you afraid that your father will be disappointed in you if you do this?"Cai Yan did not expect that Su Yan's father would spoil Su Yan like this. This little girl is too happy. She does not have such treatment at home.

Su Yan said bluntly with a serious face,"My father will not be disappointed. I won't let my father be disappointed in me either"

"But you used the army privately and executed White Horse General Gongsun Zan. Your father will definitely not bypass you if he finds out."Cai Yan said as she thought about what Zhen Mi told her a few days ago.

Cai Yan also didn't expect that this little girl would order the army to kill the White Horse General Gongsun Zan and massacre Gongsun Zan's 10,000 troops. This little girl was simply lawless. Su

Yan didn't expect that Cai Yan also knew about this. She guessed that Zhen Mi must have told Cai Yan.

Zhen Mi had to send her away as soon as possible.

Since Zhen Mi didn't like her father, and Zhen Mi had a good relationship with her, She didn't want to force herself on Zhen Mi. Besides, Zhen Mi had a compassionate and kind attitude all day long, which made her completely disappointed in Zhen Mi.

"Cai Yan, who told you that I used the army privately? These armies belong to me, and my father has never beaten me. I even beat my father when I competed with him in martial arts before. But after my father started practicing martial arts, I no longer dared to compete with him."

"What? this.....How can this be?"Cai Yan was stunned when she heard Su Yan's words.

Are these troops Su Yan's private army?

A six or seven-year-old girl actually has a private army?

She knew that this little girl controlled seven counties in Jingzhou, and there were twenty soldiers in Jingzhou. An army of more than 200,000 people and an army of more than 200,000 people are all controlled by a little girl. How did this little girl do it?

"Is this impossible? I have a good father. These people who surrendered to me only surrendered to me because of my father's face. You can't compare to me."

Cai Yan looked at Su Yan and was very complicated.

She didn't believe that a good family background could be so good. Did the Han princess have a bad family background?

But what's the use?

The Han princess was also imprisoned by Dong Zhuo, the Han Dynasty Queen Mother and even the Han Emperor Aren't their statuses noble?

They were imprisoned in the palace by Dong Zhuo.

Just when Cai Yan was thinking wildly, a shadow assassin suddenly appeared in the tent and saluted Su Yan,

"Miss!"

"whats the matter?"

"Miss, the Shadow Team has arrived."

"What? Why did the Shadow Team arrive? Could it be that my mother-in-law sent me to take me back?" Su Yan was very surprised when he heard the arrival of the Shadow Team.

The Shadow Team was formed by his father himself.

The six women in the Shadow Team are all masters of the Grand Master.

They were all given Zhu Guo by her father to improve their cultivation. They have even been practicing martial arts in the Xuantiao Palace Martial Arts Pavilion. Each of them is very strong, and the weakest ones are at the later stage of the Grand Master. The arrival of the

Shadow Team this time made Su Yan worried. She didn't want to be captured by the Shadow Team, but there was no way the Shadow Team could obey her orders.

The leader of the Shadow Team, Le Bingyun, and the members Yagyu Piaoxu, Yagyu Xueji, Bai Qing'er, Yingge, and Li Wu.

These people can They were all selected by Su Chen personally.

Moreover, the Shadow Team is just one of the teams secretly trained by Su Chen. Su Chen has several other teams like this. Only Su Chen, Yan Fei, and Jing Salamander can order these teams, and the other women are Even if you know it, you can't order it.

Chapter 1004

Cai Yan was very happy when she saw Su Yan's distraught look.

This lawless little girl also had her day. It seemed that this little girl's mother had sent someone to take her back.

If Su Yan was taken away, wouldn't she be free?

She heard clearly the conversation between the woman in black who suddenly appeared and Su Yan, but who was this woman in black? Why did he appear in the big tent silently? Could this be the bodyguard secretly protecting Su Yan?

Su Yan walked around uneasily.

This time the shadow team must have been sent by her mother or Aunt Yan. Could she be captured like this?

Su Yan looked at the shadow assassin Youxue and asked, "Youxue, where is the shadow team now?"

"Just outside the big tent!"

"call! Let them in!"

"Yes, miss!"

At this moment, outside the big tent,

Le Bingyun and the others were surrounded by Huang Zhong and his troops. Even Xuan Jingtian and Miao Chengtian of Jiutian Saint Ji were eyeing Le Bingyun and the others.

These powerful people suddenly appeared. The women surprised Huang Zhong, the others, and the Nine Heavens Saint Fairy. Each of these women were great masters, even more powerful than the two Nine Heavens Saint Fairies.

At this moment, the shadow assassin Youxue suddenly Appearing outside the tent, she looked at the Shadow Team and said,

"Le Bingyun, the leader of the Shadow Team?"

Le Bingyun nodded when he saw Youxue suddenly appearing, "Le Bingyun, I have met Deputy Commander Youxue."

"Miss, let you in"

"OK"

After Huang Zhong, the others, and Jiutian Shengji heard what the shadow assassins You Xue and Le Bingyun said, they hurriedly came into the tent. They were worried that these powerful women would be harmful to Su Yan.

"Shadow Team, Captain Le Bingyun, met Miss"

"Shadow Team Yagyu Piauxu (Yagyu Yukiji, Bai Qing'er, Li Wu, Yingge) has met the lady."

When Le Bingyun and the others came into the tent, they bowed their heads and saluted when they saw Su Yan.

Su Yan looked at the beauties of the Shadow Team and frowned and asked, "What are you doing here this time? Le

Bingyun looked at Su Yan and said expressionlessly, "Miss, Madam ordered us to take you home."

Le Bingyun is also very helpless.

They women know Su Yan's lawlessness, and they are also very helpless in this mission.

Logically speaking, they are all Su Yan's future aunts, although they are not Su Chen's yet. Women, but Su Chen has promised that as long as they advance to the realm of heaven and humanity in the future, Su Chen will give them an explanation.

They don't want to embarrass Su Yan this time, but they have to obey the orders of Queen Yan Concubine. , if they cannot successfully complete the order of Queen Yanfei this time, they will probably have a very difficult life in the future.

"What if I don't want to go back?" Su Yan looked at Le Bingyun, Yagyu Yuki and the others one by one, then she asked seriously with a tight face,

"Then we can only use force." As soon as Le Bingyun waved his hand, Liu Shengxueji and the others were ready to take Su Yan back one by one.

Although Huang Zhong, the others, Jiutian Shengji and others heard that these women were sent by Su Yan's mother, Huang Zhong and the others were sent by Su Yan's mother. Yan's direct subordinate.

Jiutian Shengji was sent by Empress Li Maozhen to protect Su Yan.

It is impossible for them to let these women capture Su Yan.

"Be bold!"

"presumptuous!"

"You can't take Miss Yan away!"

"As long as we are here, you can't take Miss Yan away."

Boom, boom, boom, boom!

Six powerful auras and pressure suddenly erupted in the tent. Huang Zhong and the four of them were suppressed directly. Even Xuan Jingtian and Miaochengtian of Jiutian Saint Ji were struggling to resist. The momentum of the Shadow Team was overwhelming.

Cai Yan was very frightened when she saw the six powerful women.

Who was Su Yan?

Why did her mother have such powerful men to take her back?

Su Yan saw that the Shadow Team suppressed her. Her men shouted angrily, "Stop, Shadow Team, are you going to rebel?"

"The subordinates dare not!" Le Bingyun and the others hurriedly put away their aura and pressure and bowed to Su Yan.

Huang Zhong and the four of them were very shocked when they were suppressed and fell to the ground.

They didn't expect that these women were so powerful and could directly use their aura and coercion to kill them. Suppressing them made them all feel that their lives had been in vain all these years.

These women were all very young, and they all felt that they had no shame in staying in the tent.

"What happened?" Zhen Mi ran into the tent and asked suspiciously when she saw this situation.

She just felt a strong aura and pressure. She thought something had happened to Su Yan here and ran over in a hurry.

But she saw Huang Zhong and the four others. Lying on the ground, Jiutian Shengji and the others were also pale, and Su Yan had an ugly expression on her face, which made her very confused when she looked at the six unfamiliar beauties.

Cai Yan pulled Zhen Mi and explained to her in a low voice,

When Zhen Mi heard Cai Yan's words, she looked at Su Yan.

Su Yan might be in trouble this time.

The powerful masters sent by Su Yan's mother obviously wanted to take her back. Su Yan's men were no match for these powerful women.

Su Yan looked at Le Bingyun and the others and said angrily, "Le Bingyun, I won't go back with you, and you can't take me back."

Le Bingyun and the others looked at each other and laughed bitterly.

They knew that Su Yan would not go back obediently.

But luckily this time, with Queen Yan Fei's instructions,

Le Bingyun took out a scroll with a black black bird pattern from his arms. He held it up high and said, "The Queen has given the order, and Princess Su Yan of Changle has accepted it!"

"I'll do it! Concubine Yan has issued an edict?" Su Yan was speechless when he saw the Black Bird Scroll.

With Queen Yan's decree, she couldn't resist it no matter what.

It seems that she is really going to be taken back this time.

Huang Zhong and Wei Yan were in the tent. After hearing Le Bingyun's words, they hurriedly knelt down one by one. They knew Su Yan's identity, and now it was the decree of the Queen of the Xuannio Empire, so they had to kneel down and salute.

Zhen Mi also hurriedly pulled Cai Yan down. Kneeling down, she was ready to listen to the Queen's decree.

Cai Yan was confused now. What was the Queen's decree?

That Queen?

The current emperor of Han Dynasty does not have a queen, so was the Queen the queen of that empire?

Also,

Su Yan turned out to be a Princess of the empire?

Princess Changle?

Su Yan actually wanted to dedicate her to the emperor of an empire?

Cai Yan looked at Su Yan and wanted to strangle this little girl to death. She would not marry into a palace. The palace was a big place. If you go into the cage, you will probably never think about coming out again.

Seeing Su Yan's helpless expression, Le Bingyun smiled and said, "Princess Changle Su Yan, will you accept the Queen's decree?"

"Can I not answer it?"

"What do you think?"

"Is it okay if I say no?" ps: Yingge picture.

Chapter 1005

Le Bingyun and the others heard that Su Yan didn't want to accept Queen Yan's concubine's decree at this time. This made them really have no choice but to look at Su Yan. Now they can only use force. I hope this girl will not bear any grudge against them in the future. people.

Le Bingyun looked at Su Yan and said expressionlessly, "Princess, resisting an edict is a serious crime of bullying the emperor. Are you sure you won't accept the edict?"

Yukihime Yagyu and the others were preparing to arrest Su Yan one by one, but they would not let this little girl continue to be lawless, otherwise they will not be able to complete their mission. If something happens to Su Yan in the Northern Continent, it will be a big deal.

When Su Yan saw that the Shadow Team was about to catch her, he hurriedly smiled and said, "Just kidding, Princess Su Yan of Changle, accept the order."

She was also very helpless now.

This time she would be taken away regardless of whether she accepted the order or not..

The strength of her men is too low. Although the Shadow Assassin Youxue and the others can deal with the Shadow Team, the Shadow Assassin cannot violate Queen Yanfei's decree. It seems that she will need to find some powerful men in the future.

Um!

There are also subordinates who must listen directly to her orders.

When Le Bingyun received the order respectfully from Su Yan, she opened the Black Bird Scroll and read out Queen Yan's imperial edict.

"Xuanniao Empire, the queen empress makes an order!"

"The eldest princess and the eldest princess, Princess Su Yan, disobeyed discipline and were lawless. She fled the Xuanniao Palace privately, which violated royal etiquette. Order: The eldest princess returned to the Xuandiao Palace in Gusu City immediately after receiving the order. If the eldest princess resisted the order, the order: Shadow The team captures the eldest princess and returns to the Black Bird Palace, there must be no mistakes!"

"The Empress's Edict

"Xuanniao Calendar, the eighth day of the second lunar month in the first year of the lunar calendar."

Su Yan rolled her eyes when she heard the content of Queen Yan's imperial edict.

Why is she disobedient?

Why is she so lawless?

She learned all these from her father. What kind of royal etiquette is there? Have she learned any royal etiquette

?

?

"Changle accepted the order."

Su Yan was very helpless after taking the Black Bird Scroll.

Is he really going to give up halfway this time? She had just received it in Jingzhou less than a month ago, and the allied forces of the princes had not yet reached Luoyang, the capital of the Han Empire. Could she be like this? Are you leaving?

Huang Zhong and the others looked at Su Yan when they heard the content of Queen Yan Fei's decree. They didn't know what to do in Jingzhou after Su Yan left? What would they do if the allied forces of the princes came here? And what would they do in the future? Where to go?

Zhen Mi looked at Su Yan and was very confused.

If Su Yan left this time, she would never have the chance to see Su Yan again, or even meet Su Yan's father.

Although she had always wanted to She wanted to get rid of Su Yan, and she didn't want Su Yan to use her to go west to please her father, Emperor Xuantian. But if she separated from Su Yan like this, it would be impossible to interact with Su Yan's father again in the future. Is this really what she wanted? ?

And Cai Yan had a smile on her face.

This time she was going to get rid of Princess Changle.

Although Su Yan's status was noble, no!

It was very noble.

In the Black Bird Empire, she had heard his father say that a person who spanned The super powerful empires of the two continents were several times, or even a hundred times more powerful than the Han Empire. Such a huge empire cannot be compared with any other empire. When

Le Bingyun saw Su Yan receiving the order, he immediately said, "Elder Princess, please come with us back to the Black Bird Palace in the Southern Continent."

"Why are you in such a hurry? My things haven't been arranged yet." Su Yan didn't expect that the Shadow Team was so eager to take her away.

She hadn't yet explained the matter of Jingzhou and the coalition of princes.

She even had to prepare to find an opportunity to escape again.

She wouldn't just leave like that.

Bai Qing'er looked at Su Yan and smiled and said, "Princess Changle, the content of the decree is that you must leave immediately after receiving the decree. Don't make it difficult for us."

"I'll do it! Are you worried about me escaping again?"

"Yes!"

"I....."

Su Yan was speechless about the Shadow Team.

These people must have been specially told by her mother or Aunt Yan Fei. Xiao Jiujiu in her heart was also seen through by them. The Shadow Team and others really didn't give her any chance.

Su Yan held her chin and couldn't think of any way to fool the Shadow Team.

She was a little anxious now.

It would be great if Aunt Li Maozhen was here.

Um?

Su Yan suddenly thought of her Black Bird Jade Pendant, which was the status symbol of his father who wore the watch, and also the status symbol of the Black Bird family and the heir to the Black Bird Empire. Su Yan laughed when he thought of this and took out the Black Bird Jade Pendant from the space ring.

"Hahaha....."

"The eldest princess?"

Le Bingyun was very worried when she saw Su Yan laughing.

She was afraid that something might happen to Su Yan, and she was also worried that this little girl was trying to do something else.

Su Yan raised her black bird jade pendant and ordered loudly,

"Shadow Team obeys!"

"Black Bird Jade Pendant? How can this be?" Le Bingyun and the others were very surprised when they saw the Black Bird Jade Pendant in Su Yan's hand.

They did not expect that Su Chen's status symbol, the Black Bird Jade Pendant, was actually in Su Yan's hand. This made them look at each other and immediately said helplessly. Su Yan saluted.

They all knew what the Black Bird Jade Pendant symbolized.

They had also heard from Su Chen's personal maid Zi Yun that the Black Bird Jade Pendant had been given to Su Yan, but they all thought that Su Chen was just giving it to Su Yan for fun. , none of them thought that the Black Bird Jade Pendant had always been in Su Yan's hands.

It seems that the future emperor of the Black Bird Empire has been confirmed.

Su Yan was originally the first heir to the Black Bird Empire, but this cannot be 100% certain. If Su Chen has a son in the future, Su Yan may be deprived of his status as the first heir.

Now Su Yan has the Black Bird Jade Pendant in his hand, which means that no one among Su Chen's future children can replace Su Yan's status.

"You should understand what the Black Bird Jade Pendant represents, right?" Su Yan looked at Le Bingyun and the others with a smile and asked.

Le Bingyun looked at Su Yan's proud look and said helplessly, "Understood, the Xuanniao jade pendant not only carries the status symbol of Emperor Xuanniao, but also the belt represents the identity of the heir to the Black Bird family and the Black Bird Empire."

Su Yan played with the black bird jade pendant in his hand and said with a smile, "Then you should know what to do, right?"

"The captain of the Shadow Team, Le Bingyun, heard and obeyed Princess Changle's order."

"Shadow Team member Yagyu Yuki (Yagyu Piaoxu, Yingge, Bai Qing'er, Li Wu) obeys Princess Changle's orders."

Le Bingyun and Yangyu Xueji had to obey Su Yan's orders, without Su Chen's orders.

It was impossible for them to forcibly arrest Su Yan who was holding the Black Bird Jade Pendant, and even Queen Yan Fei and Jing Salad could not. Order them to arrest Su Yan who has a black bird jade pendant

"Hahaha! The Shadow Team obeys the order. The Queen's decree is cancelled. From now on, you will stay with me and obey my orders."

"Yes, Her Royal Highness the Princess."

Chapter 1006

Le Bingyun and the others had no choice.

The Black Bird Jade Pendant in Su Yan's hand forced them to obey her orders. They could only reply to Concubine Yan, the Queen of the Black Bird Palace in Gusu City. Not only were they

unable to capture Chang Le this time, The princess went back, and they had to stay to protect Princess Changle, which made Le Bingyun and the others very helpless.

Huang Zhong and the four of them looked at Su Yan in shock.

Su Yan was actually the princess of the Xuanniao Empire?

A future queen on the Tianxuan Continent?

How can this be?

Can a woman be an emperor?

But they didn't hear it wrong.

They just heard what Le Bingyun of the Shadow Team said. The Black Bird Jade Pendant represents the identity of the Xuannian Family and the Xuantian Empire. The Black Bird Jade Pendant in Su Yan's hand cannot be stolen. Did you get it?

Wei Yan looked at Su Yan and shook his dizzy head.

He calmed himself down and said hurriedly to Huang Zhong, "Old Huang, hit me. I'm not dreaming, am I?"

Bang!

Huang Zhong hit Wei Yan hard on the face with his backhand.

"Holy shit! You really hit me!" Wei Yan yelled in confusion after being slapped by Huang Zhong.

Huang Zhong rubbed his head and forehead and said helplessly, "I also want to know if I'm dreaming. Gan Ning, who was next to him, grabbed Wei Yan and said excitedly,

"Miss Yan is actually the princess of the Black Bird Empire and the future heir to the empire. Haha, are we going to make this happen in the future? Will we command hundreds of thousands of troops to wage war in the future?"

Gan Ning didn't expect that Su Yan was not only an imperial princess, but also the future heir to the emperor.

This made Gan Ning shout out loudly with excitement.

Wei Yan looked at Gan Ning and ignored him.

He rubbed the pain from Huang Zhong's beating. His face also started to giggle.

Gan Ning was right.

They were really going to make a fortune in the future, and it wasn't just an ordinary one.

The heir to a super empire that spanned two continents, this was their Miss Yan. They are now Miss Yan's retainers, and they will all be very successful in the future.

Dian Wei kept looking at Su Yan in confusion.

Although he knew that Su Yan's identity was not simple, Huang Zhong and the others even warned him to be loyal. Miss Yan, but he did not expect that Miss Yan turned out to be the eldest princess of an empire.

The Xuantian Empire!

He had heard of it.

A very powerful empire,

Miss Yan turned out to be the eldest princess of the Xuantian Empire, and the future Xuantian Empire. Heir, this made Dian Wei think that it was worth it for him to be traded by a horse to Miss Yan as his subordinate.

Huang Zhong looked at the excited people and reminded,

"Yes, we will definitely command hundreds of thousands of troops in war in the future, but this depends on our ability. If we are not capable, we should just be an ordinary general."

Wei Yan and the other three nodded when they heard Huang Zhong's words.

They knew that Xuantian Empire must be full of talents, and the generals who command the army are also very powerful. If they don't have real skills, I'm afraid they will only be able to do it in the future. An ordinary general.

Zhen Mi looked at Su Yan and shook her head. She knew that Su Yan had the Black Bird Jade Pendant. When he attacked the Kingdom of Jin, Su Yan took out the Black Bird Jade Pendant, but she didn't expect that the Black Bird Jade Pendant would still be there. It has such a special meaning.

The future heir of the Xuantian Empire!

The eldest princess of the most powerful empire in the Tianxuan Continent will in the future be the queen of the powerful empire in the Tianxuan Continent, a future empress! This made Zhen Mi think Her heart started to tremble.

Cai Yan has now collapsed on the carpet.

She feels like she is dreaming now. What did she hear today? Can she hear these? These are the secrets of the Xuantian Empire. Although she She was also frightened by Su Yan's identity.

No!

She was frightened by Su Yan's identity.

Su Yan could be the queen of a powerful empire in the future, would she still have a chance to escape? Is there anyone who can escape from the Xuantian Empire's eldest princess? Want to save her?

She thought it was impossible even if she thought about it. Even if she was the princess of the Han Empire, it was impossible for anyone to save her. The Han Empire could not be compared with the Xuantian Empire at all.

Jiutian Saint Ji's Xuan Tian Jingtian and Miao Chengtian didn't react much.

They were just subordinates of Empress Li Maozhen, and they didn't know much about the Xuantian Empire.

They just knew that Empress Li Maozhen's husband was an imperial emperor, and Princess Su Yan was just one of Empress Li Maozhen's husbands. Daughters, they were just surprised that Su Yan would become a queen in the future.

Su Yan looked at the reactions of everyone around him and didn't care.

She was originally the first heir to the Xuantian Empire, and this time it was just exposed. With the existence of the Black Bird Jade Pendant, she believed that people here would not dare to talk about what happened today.

Su Yan played with the Black Bird Jade Pendant in his hand and put it into the space ring. She looked at Le Bingyun and the others and wanted to These powerful shadow teams are doing something, and she will not let go of the money Dong Zhuo looted in Luoyang City.

At this moment, a guard soldier reported outside the big tent, "Miss Qi, Dong Zhuo's reinforcements from Hulao Pass Arrived, the leader of the princes alliance Yuan Shao invited the lady to the commander's tent to discuss matters."

"I understand. Tell the messenger that I will be there in a moment."

"Yes, miss!"

Le Bingyun said to Su Yan after hearing what the guard soldiers said.

"Princess!"

"We know about the arrival of Dong Zhuo's reinforcements"

"The leading general who arrived this time was a general named Lu Bu. Lu Bu brought an army of 150,000 people, and there were also some powerful martial arts masters in the army. There were three or four people who were at a similar level to us. Su

Yan looked at Le Bingyun and reminded,"Le Bingyun, you guys call me miss from now on. Don't expose my identity to the outside world.""

"Yes, miss!"

Su Yan touched her chin and guessed,

"Lu Bu? Dong Zhuo's number one general, and also Dong Zhuo's adopted son, the three surnames are slaves, but Lu Bu should also be a great master, and his riding and archery skills should be very powerful"

"The martial arts masters in Lu Bu's army should be members of the Tianxiahui"

"This time the princes are in trouble again. There are no powerful masters in the coalition of princes, and the powerful generals they hide cannot be the opponents of the masters of the Tianxiahui."

When Xuan Jingtian heard Su Yan's words, he hurriedly said,"Miss, if Tianxiahui appears, people from Wushuang City may also appear. The tyrant of Tianxiahui is a mortal enemy of Duguyang, the lord of Wushuang City."

"Didn't Dugu Yifang disappear?"Su Yan asked Xuan Jingtian with some doubts.

Xuan Jingtian of the Nine Heavens Saint Princess smiled at Su Yan, and she told Su Yan some secrets in the world of Bei Continent.

"Miss, Dugu Fang is not missing. The real Dugu Fang died more than ten years ago. The current Dugu Fang is just a stand-in."

"True or false alone? interesting! Does the Sword Master know that Dugu Yifang is a substitute?"

Chapter 1007

Su Yan didn't expect that there were such secrets in the arena of the Northern Continent.

Wushuang City is one of the four major rivers and lakes forces in the Northern Continent, and the city lord of Wushuang City is actually a fake. This fake Dugu Yifang has been the city lord of Wushuang City for more than ten years.

This may have made Su Yan interested in the arena of the Northern Continent.

So how did Dugu Yifang really die?

Couldn't the Sword Master tell that the current Lord of Wushuang City, Dugu Yifang, was fake?

When Nine Heavens Saint Ji Xuan Jingtian saw that Su Yan was interested in the world of Northern Continent, she smiled and explained to Su Yan,

"Miss!"

"According to the information we received from Huanyinfang before, Dugu Yifang was frozen to death during a competition between Sword Master and Po Jun more than ten years ago."

"At that time, twelve martial arts masters were frozen to death together. As for who killed those martial arts masters, we at Huanyinfang did not find out. We only suspected that it was the sword master and Po Jun's master Jian Hui who did it."

"Sword Master Dugu Jian should know that Dugu Yifang of Wushuang City is a stand-in. The real dead swordsman Dugu Jian of Dugu Yifang must know, otherwise he would not be able to live in seclusion all the time."

After listening to Xuan Jingtian's words, Su Yan touched her chin and said, thinking,

"This is interesting"

"It is true that Dugu Fang died more than ten years ago, so what is false now is true, and the World Society will appear, then who will be the people from Wushuang City coming this time? Will Wushuang City help the alliance of princes?"

"Is the Sword Master Dugu Jian really living in seclusion?"

"Or have you been secretly observing every move in Wushuang City?"

Xuan Jingtian and Miaochengtian did not disturb Su Yan's thinking.

Huanyinfang also found out the information. As for whether the sword master Dugu Jian has really lived in seclusion? Or has the sword master Dugu Jian been secretly protecting Wushuang City? That's all It's not what they knew.

In Hulao Pass,

Lu Bu has now taken control of Hulao Pass.

Since Hua Xiong was killed, the 200,000 troops in Hulao Pass now have less than 150,000 left.

These days The non-stop siege by the princes also caused a lot of losses to Dong Zhuo's army in Hulao Pass. If Hulao Pass was not easy to defend but difficult to attack, I am afraid that Hulao Pass would have been breached without a commander.

Commander of Hulao Pass In the main hall,

Lu Bu sat at the head of the palace in armor and ordered, "Zhang Liao, I leave the defense of Hulao Pass to you. Let me integrate the remaining more than 100,000 troops in Hulao Pass.""

"Yes, Marquis Wen!" After Zhang Liao saluted Lu Bu, he hurried out to arrange the defense of Hulao Pass.

After Lu Bu checked the situation of the war in Hulao Pass in the past few days, he suddenly thought of those people from the Tianxiahui.

This time Dong Zhuo was the master of the Tianxiahui. He came to help guard Hulao Pass, but Lu Bu looked down on those Jianghu people. If Dong Zhuo hadn't ordered this, he would have sent those Jianghu people away long ago.

Lu Bu took a sip of tea and said to Cao Xing next to him, "Cao Xing, the world will do it." Have all the martial arts masters made arrangements?"

When Cao Xing heard Lu Bu's question, he hurriedly saluted and said, "Marquis Wen, those martial arts masters have made arrangements."

"Wen Hou"

"Do we need martial arts experts to help us? This is a war involving hundreds of thousands of troops. What is the use of those martial arts masters?"

Lu Bu thought of the arrogant people in the Tianxiahui and said boringly, "We don't need to worry about them. This is the agreement between Xiang Xiangguo and the Tianxiahui. Those Jianghu people will entertain them with good food and drink. Anyway, there is no need for this war. them"

"Yes, Marquis Wen!"

At this time, in a courtyard in Hulao Pass,

Nie Feng, Bu Jingyun, Qin Shuang, and Kong Ci from the Tianxiahui were sitting around a stone table, surrounded by people from the Tianxiahui. Some martial arts masters were guarding the four of them.

Kong Ci poured a cup of tea for Nie Feng and asked with a smile, "Nie Feng, will the people from Wushuang City really come?"

Nie Feng nodded to Kong Ci and said with a smile,

"It should be so, the master's arrangement is not wrong. As long as we kill the masters of Wushuang City who come this time, it will be easier to attack Wushuang City in the future."

Bu Jingyun looked at the gentle and kind Kong Ci and shook his head. He knew that Kong Ci liked Nie Feng, but he also knew that Kong Ci was about to be dominated by Master Xiong and wanted to marry her to Qin Shuang. I'm afraid Kong Ci couldn't resist the master. Xiongba's arrangement.

Qin Shuang clenched her fists when she looked at the gentle and kind-hearted Kong Ci who was affectionate towards Nie Feng.

Kong Ci would be his wife in the future, but Kong Ci's affection for Nie Feng made him very uncomfortable.

Qin Shuang, as Xiong Ba's eldest disciple and Xiong Ba's adopted son, was also the leader of this operation.

Qin Shuang looked at Nie Feng, Bu Jingyun and Kong Ci and reminded, "I don't know who is coming to Wushuang City this time. who? We should also be careful when meeting people in Wushuang City. We must complete the master's mission."

Bu Jingyun said nonchalantly, "Qin Shuang, Wushuang City has been destroyed. Except for the Ming family, the guardians of Wushuang City, the people in the Dugu family are useless. As long as Dugu doesn't show up, how many people from Wushuang City will come to us? Just kill as many as you want"

"What if the sword master Dugu Jian appears?" Kong Ci looked at Bu Jingyun and said with a smile,

"Forehead! When I didn't say it."

Bu Jingyun was very speechless when he looked at Kong Ci.

Can he deal with the Sword Master?

The Sword Master is a land immortal in the heavenly realm. Even Master Xiongba may not be his opponent. If Dugu Jian, the sword master of Wushuang City, comes, , then these people should wash their necks and wait to be killed.

"Hahaha!"

Kong Ci laughed when he saw Bu Jingyun's deflated look.

Qin Shuang shook his head when he saw Kong Ci and Bu Jingyun fooling around. He stood up and said expressionlessly,"General Lu Bu under Dong Zhuo seems to look down on him. We are quacks."

Bu Jingyun nodded and said disdainfully,

"Yes, Lu Bu looks arrogant as if he is the best in the world. I can't stand him either."

"Lu Bu is not weak in strength. Among thousands of troops, even we cannot be Lu Bu's opponent."Nie Feng reminded Qin Shuang and Bu Jingyun that he had observed Lu Bu on the way to Hulao Pass.

Lu Bu's momentum on horseback and without riding were two different things.

Nie Feng thought that Lu Bu was a military commander, so he wanted to come here. Lu Bu's martial arts was cultivated through war. In the war, his momentum will be even more powerful, and his strength will probably increase several times.

Bu Jingyun looked at Nie Feng and asked doubtfully,"Lü Bu is a master in the middle stage of the Grand Master." , Nie Feng, do you think too much of Lu Bu?"

Nie Feng shook his head and observed the situation. Master Bu Jingyun said,

"No! Although Lu Bu's strength is not as strong as ours, he is good at riding and shooting, and his combat effectiveness on horseback will probably be great. If Lu Bu doesn't ride a horse, I can kill him within fifty moves, but if Lu Bu fights me on horseback, I'm afraid he will win. Negative to the number of fifty-five"

"Then when fighting Lu Bu, kill his horse first." Kong Ci showed his little tiger teeth and pretended to be fierce.

Nie Feng, Bu Jingyun and Qin Shuang laughed when they looked at Kong Ci.

In the woods not far from Hulao Pass, dozens of rivers and lakes. The masters are hidden here. These are the masters sent by Wushuang City to kill Tianxiahui.

Tianxiahui has formed an alliance with Dong Zhuo, but Wushuang City does not want Tianxiahui to become stronger.

Wushuang City is a mortal enemy of Tianxiahui, and so do the people of Wushuang City. We must take advantage of the war between the princes and Dong Zhuo to destroy the Xiong Ba's minions.

"Miss Mingyue, should we go to the coalition of princes? Dong Zhuo has the help of experts from the Tianxiahui, and I think the princes will also need the help of our Wushuang City."

Chapter 1008

In the woods, a very beautiful and sweet woman was sitting under a big tree and resting. After she heard the questions from her subordinates, she stood up. She moved her perfect body and looked not far away. The direction of the camp of the princes' coalition forces.

Dozens of people nearby stood up one after another when they saw Miss Mingyue standing up. Miss Mingyue's perfect figure with bulging front and back made these people hurriedly lower their heads after just one glance.

Miss Mingyue is the fiancée of the young master of Wushuang City, and Miss Mingyue is also very powerful.

None of them dare to offend this beautiful and sweet Miss Mingyue.

"Duguju, go contact those princes. This time we have to rely on these princes."

"Yes, Miss Mingyue!"

After giving the order, Mingyue suddenly appeared on a big tree. She just felt the powerful aura erupting from the coalition of princes. She didn't know how there were powerful masters in the coalition of princes.

But this was her only chance. , if she can kill several of Xiongba's disciples this time, she will have the opportunity to terminate her engagement with Dugu Ming, the young master of Wushuang City. She will not miss this opportunity,

Dugu Ming is a loser, but she does not want to marry him

-

In the Western Continent, in Shengjing City outside the Pass,

Su Chen, Gongsun Liji, and Mei Sanniang have already appeared here. They killed several horses along the way and arrived in the Western Continent in just over ten days.

Outside Shengjing City,

Gongsun Liji lay on her horse and yelled weakly at Su Chen, "Su Chen, you bastard, are you going to exhaust us to death? You only have about three hours of rest every day, are you in such a hurry?"

Gongsun Liji was completely speechless towards Su Chen.

They were traveling leisurely at first, but this bastard kept urging them to leave after receiving a letter. They basically spent more than ten days on horseback. of.

This made Gongsun Liji, who had never endured hardship, feel very cruel to this bastard.

Su Chen also apologized very much to Gongsun Liji.

If something hadn't happened in Shengjing City this time, he wouldn't have rushed on his way.

"Gongsun Liji, don't complain. Shengjing City is ahead. We can have a good rest when we arrive in Shengjing City. Today you can lie down on the luxurious bed and have a good sleep in Shengjing City."

"I really can't do it anymore. I'm going to be exhausted these days. I'm going to have a night's rest today. Please don't disturb me."Gongsun Liji shook her head and said as if she was falling apart.

Su Chen directly hugged Gongsun Liji into his arms and said with disgust,

"You are so delicate. Look at Mei Sanniang. She has nothing to do. After traveling for more than ten days in a row, Mei Sanniang still looks lively. She is really a muscular woman."

She didn't care anymore when Gongsun Liji was hugged by Su Chen again. This bastard would hold her in his arms at every turn during this mile. She is used to it now and won't blush because of being hugged by this bastard.

Mei Sanniang At first she was very happy when Su Chen praised her.

Although she was also very tired, especially her PG was numb.

But in order to compete with Su Chen, she persisted in not being beaten by Su Chen. Gongsun Liji was carried on the road by this bastard half the time, otherwise Gongsun Liji would have fallen behind.

When she heard Su Chen call her a muscle girl again, she was very angry. Stop mocking yourself, muscular woman!

A real man!

A female man!

A female tiger!

These are the nicknames this bastard gave her all the way.

Is this bastard blind?

Her body is bulging forward and backward, and it should be bulging. Qiao, even the mountain peak is bigger than Gongsun Liji. Didn't this damn bastard realize it?

Although her skin is not as fair and delicate as those of Gongsun Liji's women, her skin is healthy and she is also an out-and-out Beauty!

When Mei Sanniang thought of this, she angrily raised her huge scythe and pointed it at Su Chen and threatened, "Asshole, do you want to die? If you call me a muscle girl again, I will cut off your head with a sickle."

"Ha ha! Mei Sanniang, why are you still so tough?"

"What?"

"Female tiger!"

"Bastard, I'm going to kill you!"

Mei Sanniang couldn't bear it anymore and swung her sickle to kill Su Chen.

Poof!

After Su Chen appeared on her horse with Gongsun Liji in her arms, Su Chen's horse was beheaded by Mei Sanniang with a sickle. Su Chen's war horse fell to the ground and kicked on its four legs without even letting out a scream, and died slowly.

"I'll do it! Mei Sanniang, are you too cruel?" Su Chen shook his head as he watched his horse die and said to Mei Sanniang.

Mei Sanniang put away her sickle, glared at Su Chen and shouted angrily, "Asshole, you asked for this."

She knew that she couldn't beat this bastard. This bastard was a grand master. With her strength, she couldn't hurt this bastard at all.

Mei Sanniang was also very helpless.

The bastard was right in front of her, but she couldn't beat him.

This made Mei Sanniang was angry and helpless. After Su Chen and Mei Sanniang arrived at the gate of Shengjing City, having a fight, they saw a group of female soldiers waiting for them at the city gate.

A female general wearing black armor looked at them. After arriving at Su Chen, he hurriedly saluted and said, "I've met the young master!"

"What about Hailanzhu?"

Su Chen asked as he looked at the good-looking female general.

The female general replied hurriedly, "The legion commander is in the city. Originally, the legion commander was going to pick up the young master in person, but the people in the city are too arrogant. The legion commander Afraid of exposing the young master's identity."

This female general knows the identity of Su Chen,

His Majesty the Emperor of the Xuantian Empire.

She met Su Chen when he was establishing the country in Gusu City.

Today, the regiment commander Hai Lanzhu did not come to greet His Majesty the Emperor in person. She is afraid that His Majesty the Emperor will do anything to him. The legion commander Hai Lanzhu was dissatisfied.

The Jurchen women are living very well now, with various supplies supported by the Xuantian Empire. Their Shengjing City is the largest and richest town on the grassland, and there are foreign

merchants coming and going everywhere in the city. This is something that Jurchen women could not even imagine before.

"It doesn't matter, take us to find Hai Lanzhu"

"Yes, Master!"

In the former palace of the Jurchens, now the headquarters of the Jurchen Women's Legion, the three Hailanzhu sisters are waiting for Su Chen's arrival. The secret guards informed them in advance that Su Chen will arrive today.

Xiao Yu'er is wearing a black armor and looks heroic. Standing next to Hai Lanzhu, she was a little anxious now.

That bastard Su Chen was about to arrive, but her eldest sister Hai Lanzhu didn't go to greet Su Chen. Could it be because Su Chen didn't seal Hai Lanzhu as a concubine? The eldest sister is dissatisfied with Su Chen?

Xiao Yu'er hesitated for a while and asked Hai Lanzhu, "Eldest sister, will nothing happen if you don't pick up the Emperor?"

"What can happen?" Hai Lanzhu asked with a smile while sitting on a chair with a leisurely look, drinking tea.

Xiao Yu'er said anxiously when she saw Hai Lanzhu still looked indifferent,

"no! Sister, Su Chen is a powerful emperor after all. Although Su Chen is also your husband, will your actions make that bastard Su Chen dissatisfied with you?"

"hehe! Xiao Yu'er, don't worry about it. I know that bastard better than you do. He doesn't care about this at all. You should prepare the army for war. The war will start when Su Chen arrives."

Chapter 1009

Hai Lanzhu knew what Xiao Yu'er was worried about.

Xiao Yu'er was still immature.

Didn't she see that Da Yu'er didn't say anything at the side? well!

After reading it, I still need to experience Xiao Yu'er. He is a general with an army of more than 100,000 men, but he still can't calm down.

Da Yu'er patted her forehead and called to Xiao Yu'er speechlessly, "Little sister, sit down and drink tea. His Majesty the Emperor will not blame eldest sister."

Xiao Yu'er was very confused when he heard Da Yu'er's words.

Why is he always so smart? Da Yu'er doesn't care about her eldest sister? Does Da Yu'er still have hatred for that bastard Su Chen?

Xiao Yu'er looked at Da Yu'er and asked hurriedly, "No, second sister, why do you think His Majesty the Emperor will not blame the eldest sister?"

Da Yu'er poured a cup of tea for Xiao Yu'er and said with a smile,

"Xiao Yu'er, have you ever seen that imperial emperor running around? Have you ever seen an emperor who would leave state affairs to the queen and some concubines? Our Emperor is not an ordinary person, he even doesn't care about some etiquette. Your worries are unnecessary."

The more Da Yu'er got to know Su Chen, the more she admired that bastard.

In the Xuanniao Palace, she followed Hai Lanzhu and saw many beautiful beauties, and each of those beautiful beauties can be said to be heavenly. She is a proud daughter.

But all those beautiful beauties are devoted to being with Su Chen, which makes her a woman very envious.

Xiao Yu'er seemed to have enlightened after hearing Da Yu'er's words.

"Huh?"

"The second sister is right. It seems that there is no such emperor as our Emperor. Just a few days after the founding of the country, our Emperor abandoned state affairs and ran to the Eastern Continent."

"That bastard Su Chen is really weird"

"Isn't he worried about rebellion in his empire? Won't his concubines make him an outcast in the empire?"

Da Yu'er shook her head and defended Su Chen with a smile,

"hehe!"

"That's because Su Chen is very confident"

"His Majesty the Emperor's troops are all very loyal to His Majesty the Emperor, and those women in the Xuantiao Palace are not the proud ones of heaven. They are all committed to His Majesty the Emperor, so there will be no second thoughts."

"His Majesty the Emperor is very good at judging people."

"Second sister, don't you also have a crush on that bastard Su Chen?" Xiao Yu'er feels why Da Yu'er is acting weird today.

Why does Da Yu'er keep defending that bastard Su Chen today?

Could it be that Da Yu'er is also in love with that shameless pervert?

"No, you are overthinking." Da Yu'er's face suddenly turned red. She didn't expect that Xiao Yu'er would ask this. Knowing that her eldest sister Hai Lanzhu was still beside her, she was worried about what her eldest sister Hai Lanzhu would think.

Although Da Yu'er was not interested in Su Chen She had a slight affection for him, and even dreamed of that bastard bullying her several times, but that bastard was too shameless and such a bastard. She had not yet decided whether to get involved in Su Chen's life.

Hai Lanzhu just looked at it. Da Yu'er didn't say anything.

She had seen Da Yu'er's thoughts early on, but she had no intention of taking care of it.

Things between Da Yu'er and Su Chen should just let it develop naturally. Maybe that bastard Su Chen didn't like Da Yu at all. Maybe Dayu'er will find someone who truly loves him in the future.

At this moment, after Su Chen arranged for Gongsun Liji and Mei Sanniang to rest, he was taken to a garden by the maid.

Su Chen saw Hailan The three Zhu sisters were here, so they walked over and asked with a smile, "You are all here!" Tell me what happened in Goryeo?"

"I have met His Majesty!"

"Get up, everyone, my family doesn't need so many rules." Su Chen waved his hands to Hailanzhu and the others and said.

The three Hailanzhu sisters smiled when they heard Su Chen's words.

Su Chen is still the bastard Su Chen.

Even after becoming the emperor, he is still the same as before.

Hailan Zhu asked Su Chen to sit next to her and poured him a cup of tea and said,

"Husband"

"Goryeo is currently being invaded by Japanese Japanese pirates, and Baekje and Silla are now struggling to resist Japanese Japanese pirates."

"One-third of Goryeo's territory has been occupied by the Japanese, and there are many refugees from Goryeo on the grassland."

"But now that the Japanese suddenly appear in the Han River, I am worried that the Japanese pirates will invade the Liaodong County of the empire."

Su Chen was very speechless when he heard Hai Lanzhu's words.

He patted his head regretfully and thought.

Japan?

Damn it! I almost forgot about this small Japanese pirate country.

The Japanese Japanese pirate country is rich in silver and gold, but he is not willing to let it go. He passed through the small country of Japanese pirates.

Besides, whether before or after he crossed over, he wanted to destroy the Japanese pirates. Before he crossed over, he didn't have the ability, but now he has the ability to destroy that small country.

Su Chen thought for a while Looking at Hai Lanzhu, he asked,"How many troops are there in the Jurchen Women's Army now?"

Xiao Yu'er said hurriedly when she heard Su Chen's words,

"Your Majesty, I know that the Jurchen Women's Legion now has 230,000 troops, and the elite Women's Legion has 150,000 troops. The remaining troops can go to the battlefield to kill the enemy as long as they train for half a year."

Su Chen shook his head and felt that the Jurchen Women's Legion did not have enough troops.

To destroy these small countries, one million troops would probably be needed. After all, it was to completely subjugate the country, not to conquer these small countries.

To conquer these small countries, only 300,000 elite troops would be needed. Yes, but Su Chen wants to destroy all the men in these countries. Without a huge army, I'm afraid he won't be able to completely destroy these small countries.

"It's still not enough. Goryeo, Baekje, Silla, and Japanese pirates, these countries will be destroyed, and they will be completely destroyed. All the men in these countries will be reduced to slaves. In the future, men in these countries will not be allowed to marry and have children. Women who resist will be killed. No forgiveness."

Hailanzhu Da Yu'er and the others were surprised when they heard Su Chen's words.

They also thought of what happened to the Jurchens and the Thirty-Six of the Western Regions in the past. Their small countries were also killed by Su Chen's legions and were wiped out. Da

Yu'er looked at Su Chen and asked in fear, "Hiss?" Why do you hate these small countries so much?"

Su Chen smiled and looked at Dayu'er and said,

"Ha ha! Goryeo, Baekje, and Silla, these three countries are too shameless. If they stay, they will be a disaster. The Japanese pirates are just white-eyed wolves who feed unfamiliar people. If the Japanese stay, they will be a bigger disaster."

Hai Lanzhu thought for a while and said to Su Chen expressionlessly, "Then it will take at least six to seven million troops to completely defeat these small countries. Do you want to mobilize Li Xiuning's Dongdawang Combat Corps?"

Su Chen banged the table and thought, how to attack the capricious small countries of Japan and Goryeo?

Li Xiuning's Eastern Combat Legion can send one or two subordinate legions by boat to attack the Japanese pirates, and Goryeo, Baekje, let the three countries of Silla let Hai Lanzhu start a war.

The foreign tribes who took refuge in the grassland should also bleed. Many foreign tribes in the grassland will slowly consume their populations, but he will not let those foreign tribes. The tribe gradually became stronger.

Su Chen thought of this and told Hai Lanzhu,

"Hai Lanzhu issued a war call order to many foreign tribes on the grassland. Foreign tribes with a population of more than 10,000 sent 2,000 troops, foreign tribes with a population of more than 20,000 sent 4,000 troops, and so on."

"Let all the alien tribes in the grassland gather their troops quickly. If the alien tribes in the grassland do not come or deliberately fool them, they will be wiped out. It will be completely wiped out. Regardless of men and women, regardless of age, they will be killed."

"I understand. I will send out the war call immediately."

Chapter 1010

Hai Lanzhu nodded when he heard Su Chen's words.

She understood that Su Chen was going to start consuming the troops of the foreign tribes, but this would be very beneficial to the empire's future rule of the grasslands.

Except for the Great Yuan Empire in the northwest, the grasslands in the central and eastern parts of the grasslands are all under the rule of the Xuantian Empire. There are millions of aliens living here.

Linhu, Rouran, Xianbei, Wuheng, Beidi tribes, etc. These tribes are large and small. If the population of these foreign tribes is not consumed, I am afraid that they will also pose a certain threat to the Xuanniao Empire's control of the grassland in the future.

Su Chen thought for a while and continued to say to Hai Lanzhu,

"Hai Lanzhu, you will be the commander of this war against Goryeo, Baekje and Silla. You will also be the commander of the slave armies of the foreign tribes. I will dispatch 200,000 black-armored troops for you."

"Your legion is mainly composed of the Jurchen Women's Legion and the 200,000 black-armored troops, supplemented by the slave armies of the foreign races. This war will not only destroy the Three Kingdoms of Goryeo, but also consume the slave armies of the foreign races."

"I see!"

Hai Lanzhu was very happy when she heard Su Chen's words.

Su Chen asked her to serve as the commander-in-chief of this war.

This is a great trust in her.

There are millions of troops in this war. Although the fighting power of those alien slaves It wasn't great, but it also made Hailanzhu very happy.

After hearing Su Chen's words, Xiao Yuer jumped up and shouted, "Wow! Twenty black-armored troops? And the alien slave army summoned this time, there must be millions of troops, right? Then I can command hundreds of thousands of troops, right?"

"Your Majesty, how can we deal with so much army food and fodder?"

Da Yu'er is very calm now.

She is responsible for managing the logistics of the Jurchen Women's Legion.

This time, millions of troops were summoned at once. It is difficult to gather the food, grass and weapons for the army.

Their Jurchen Women's Legion is not a regular battle. It is impossible for them to dispatch the army's food, grass and weapons from other states and counties for a while.

Su Chen patted Da Yu'er on the shoulder and said with a smile,

"Ha ha! Don't the armies of foreign tribes often raid grassy valleys? As long as they enter the Three Kingdoms of Goryeo, they will relax the ban on the slave armies of foreign tribes and allow them to burn, kill and loot."

"However, women from the Three Kingdoms of Goryeo are not allowed to move."

"Those women are strategic capital. With those women, Xuantian Empire will increase its population by millions in a few years."

Su Chen doesn't care whether the people of the Three Kingdoms of Goryeo live or die, as long as there are enough slaves to mine, the rest will not say anything even if they all kill Su Chen.

Then Su Chen told Hailanzhu and the others. After seeing some details, he hugged the blushing Hai Lanzhu to rest. After more than ten days of rushing, Su Chen was also very tired.

After Su Chen and Hai Lanzhu left,

Da Yu'er and Xiao Yu'er looked at each other. They all blushed and lowered their heads. They knew what that bastard Su Chen had brought Hai Lanzhu to.

Da Yuer was now very envious of her eldest sister Hai Lanzhu. Hai Lanzhu had already found her happiness, and she was still alone, she looked at the leaving figures of Su Chen and Hai Lanzhu with very complicated eyes.

She clenched her fists and made up her mind.

【He also needs to act quickly. This bastard doesn't know how many days he will stay here. He can't wait any longer. He doesn't know how long it will take to see this bastard again next time. 】

Da Yuer stabilized her beating heart and hurriedly said to Xiao Yuer,

"Xiao Yu'er, you go prepare the army, and I'll send out the war call order, and let the secret guards monitor the foreign tribes. If there are foreign tribes that don't obey the orders, or even fool us with old, weak and disabled soldiers, you will lead the army to destroy those tribes. And we must completely eradicate the weeds"

"I know, second sister!"

Xiao Yu'er didn't see anything unusual about Da Yu'er.

All she could think about now was that she could command hundreds of thousands of troops in the future. Hundreds of thousands of troops. This made her very excited. The commander-in-chief of the coalition forces of the princes in the Northern Continent

In the military tent, after Lu Bu came to Hulao with reinforcements, the princes were silent in the big tent. This time the princes gathered to attack Dong Zhuo, it can be said that there were twists and turns. Now they, the princes, can even reach the Hulao Pass, the first pass in the world. They can't be attacked.

So how can you explain it?

Is it possible that the despondent coalition of princes will disband and go back to their respective territories?

This will probably make people in the world laugh at their alliance of princes, and they will also be laughed at by people in the world, even by those The literati who were still loyal to the royal family of the Han Empire were rejected, and even the talents they conquered would stay away from them.

After Su Yan arrived at the command tent, he looked at the lifeless atmosphere and said speechlessly, "What? Is Hulao Pass really that difficult to defeat?"

A prince nearby heard Su Yan's words and said helplessly, "Miss Yan, Hulao Pass is the best in the world. In the past few days, we attacked Hulao Pass day and night without defeating it. Now Lu Bu leads fifteen With the arrival of tens of thousands of reinforcements, Hulao Pass may be even more difficult to defeat."

Su Yan was very contemptuous when he heard what this prince said.

The coalition of 700,000 princes could not attack Hulao Pass.

Wouldn't they be smart if Hulao Pass could not be conquered?

Isn't there a path in Hulao Pass?

Su Yan can't Do you believe that the road to Luoyang must pass through Hulao Pass? Do the victims, refugees, and even the hunters around Hulao Pass all enter and exit from Hulao Pass? Isn't there a path in the surrounding hills?

Su Yan looked at it The princes with angry faces all around reminded them,

"oh!"

"That's it!"

"Then there is nothing I can do. I know nothing about war, but is it impossible to bypass Hulao Pass?"

"Haven't you princes found some small roads? I don't believe that the only way to Luoyang, the imperial capital, is from Hulao Pass. Didn't you send someone to ask the hunters living around?"

The princes were very happy after hearing Su Yan's words. They all spoke as if they suddenly understood.

"Holy shit! yes! There must be a small road in Hulao Pass. As long as we find a small road and send an elite army into Hulao Pass, then we can work together from inside and outside to capture Hulao Pass."

"Miss Yan is indeed a smart young lady. None of us thought of such a method. It is all thanks to Miss Yan this time."

"yes! We didn't even think of such a simple method, we are really stupid"

"Miss Yan is so talented!"

"We quickly sent people to find nearby hunters to see if there is a path that bypasses Hulao Pass.".....

Powerful princes such as Yuan Shao and Cao Cao also smiled. They all sent their generals and asked them to quickly go to the surrounding hunters and mountain people to ask if there were other paths into Hulao Pass.

Su Yan looked at these princes and shook his head and muttered,

"This is really an alliance of idiots. With such pig teammates, trying to understand the war will probably be an anticlimax. And the coming masters of the Tianxiahui, these princes, don't even know about it? If there were masters from the Tianxiahui to assassinate these princes at night, it would be exciting."
