Chapter 101

Su Chen looked at the girls of Yihua Palace who were about to take action and regretted not leaving Lu Xiaofeng earlier. The people in Yihua Palace must have thought that she and Lu Xiaofeng were together. Yao Yue was too sensitive and he just stared at her. It was discovered after a while that this woman was also a psychopath.

Song Zhi stood up at this time, cupped his hands to Yao Yue and said,

"Palace Master Yaoyue, we are from the Southern Song family in the Great Sui Mountains. Can you give our Song family a face and let Lu Xiaofeng and Mr. Su go?"

Song Zhi was also very speechless this time. He didn't expect that Lu Xiaofeng would offend the people of Yihua Palace and Wu Xiangjun. Why would he want to get close to a beautiful woman when he saw her? This time, he didn't know that Yao Yue, a moody old man, would Will the Grandmaster let them go for the sake of his eldest brother Song Que?

"Lingnan Song family? Who is Song Que to you?" Yao Yue looked at Song Zhi in surprise and asked.

Yao Yue didn't expect to meet someone from the Great Sui and Song Clan here. Although Song Que is the Grand Master, Yao Yue doesn't care.

As long as he can avoid provoking a Grand Master It's better not to provoke her. Besides, she also knew that Lu Xiaofeng was a meddlesome person. Last time, Lu Xiaofeng didn't hurt anyone in their Yihua Palace. It didn't matter if Yao Yue let Lu Xiaofeng go.

Song Yuzhi was very curious about Yao Yue. This is a great master like her father, and the master of Yao Yue Palace is very famous in the world. Although his reputation is not very good, Song Yuzhi still admires Yao Yue very much.

Song Yuzhi looked at the impressive Yao Yue and said,"Song Que This is my dad, this is my second uncle Song Zhi"

"Since it was a member of the Lingnan Song family who came to plead for mercy, Lu Xiaofeng would be let go this time, but this person could not be let go."

Yao Yue looked at Song Zhi and Song Yuzhi and nodded in agreement. Yao Yue pointed at Su Chen but had no intention of letting him go. The way Su Chen looked at her just now was very strange. Yao Yue also saw the way Su Chen looked at her just now. There was no evil in her eyes. She just wanted to understand what Su Chen meant when he looked at her just now.

Song Zhi became anxious when she saw that Yao Yue had no intention of letting Su Chen go.

"Palace Master Yao Yue, Mr. Su is not from the world of martial arts. He doesn't understand the rules of the world. I hope Palace Master Yao Yue can let him go."

Yao Yue's cold eyes looked at Song Zhi with some force and force and threatened,

"Song Zhi, I have already let Lu Xiaofeng go to save your face. I will not let this shameless person go."

"Second uncle, now that Palace Master Yueyue has let Lu Xiaofeng go, let's not worry about the rest."

Song Yuzhi hurriedly grabbed Song Zhi to prevent her second uncle from continuing to plead for the shameless Lord Wu Xiang. Song Yuzhi wanted to see how this shameless and rogue Lord Wu Xiang would survive this crisis.

Song Yuzhi is now waiting for this shameless Lord Wu Xiang. Lord Wu Xiang came to beg them, so that he would be able to take the initiative in future negotiations with him.

"Yuzhi, you....."

Song Zhi now doesn't understand why Song Yuzhi is holding him back. Nothing can happen to Lord Wu Xiang here. If something happens to Lord Wu Xiang here, and the Lingnan Song family is standing by, I'm afraid it will be impossible to borrow troops in the future..

Song Zhi is not worried that Wu Xiangjun will be killed by Yaoyue here. He believes that Wu Xiangjun will reveal his identity at the critical moment. Song Zhi also believes that Yaoyue will not dare to kill him after learning Wu Xiangjun's identity.

Wu Xiangjun is a super master with two grand masters. I believe Yao Yue has heard of the little Li Feidao Li Xunhuan who appeared in Xingzilin and the woman who is a late grand master.

Lu Xiaofeng was relaxing and drinking and looking at the unhappy Su Chen. Now that his crisis was relieved, Lu Xiaofeng wanted to see how Su Chen would solve his crisis.

If Su Chen really couldn't solve his crisis, Lu Xiaofeng would try his best to save Su Chen and leave. After all, this was the trouble he had caused for Su Chen.

Su Chen pushed Lu Xiaofeng, who was still drinking, and said hurriedly,

"What a bullshit, Lu Xiaoji, use your phoenix dance for nine days to take me away."

Su Chen became a little anxious when he saw that Yao Yue wouldn't let him go. Su Chen was also very puzzled. He just looked at Yao Yue and thought about something. Why would Yao Yue not let him go? Su Chen felt resentful when he saw Lu Xiaofeng. She thought that this bastard must have brought her bad luck.

Lu Xiaofeng put down the glass and smiled and said,

"Brother Su, if you are not a brother, I will not help you. Now you have seen that this place is such a big place, and it is also surrounded by Yihua Palace. How do you think I can take you away?"

Su Chen looked at Lu Xiaofeng and pointed angrily at the top of the inn and said,

"Damn it, you will just punch a hole in the inn and take me out. Don't tell me that you can't do it. Men can't say that they can't do it."

"I really can't do it."

Lu Xiaofeng leaned back on the chair leisurely and said to Su Chen with a smile,

"You are so shameless, you are as thick-skinned as a city wall."

Su Chen had no choice but to look at this shameless Lu Xiaofeng. This bastard must want to watch a show.

Yao Yue, Song Zhi and the others looked at Su Chen and Lu Xiaofeng without paying any attention to them. They were talking about escaping from the side. Speechless, doesn't Su Chen know that everyone here heard what he said?

Pfft.

At this moment, the chair Lu Xiaofeng was sitting on also made a sound like farting, and everyone here looked like Lu Xiaofeng.

"Damn it, Lu Xiaofeng, your farts stink like hell. I need to go out and get some air."

When Su Chen saw that Lu Xiaofeng's chair also made a sound like farting, he stood up quickly and wanted to take the opportunity to slip out.

Lu Xiaofeng pulled Su Chen and said awkwardly,

"No, this is the sound made by the chair. Brother Su, this is exactly the same as the sound you made just now."

Lu Xiaofeng didn't expect that his chair would make such a sound. Although he was thick-skinned, he was still very embarrassed about this kind of thing. After all, there are many beautiful beauties here. Lu Xiaofeng now also knows how Su Chen felt before. Got it

"It stinks. Let me go, Lu Xiaoji. Explanation is just a cover-up. Don't you know?"

Su Chen broke away from Lu Xiaofeng and ran outside, but before he could take a few steps, he was pointed at by several swords.

Su Chen slowly pushed away the sword pointed at him and said with a smile,

"Those beauties, this is a bit dangerous, put it down quickly, put it down quickly, I won't go out."

Su Chen knew that he might not be able to leave this time. There were only a few secret guards under him in this inn. They would definitely not be able to save him. Su Chen looked at Yao Yue and sat down again.

"How do you want to die?"

Yao Yue looked at these two shameless people and frowned and asked Su Chen.

Su Chen lay on the table and said without raising his head,

"I want to die in my sleep. It would be better to die unconsciously while having a sweet dream. It would be even better if you can find me a luxurious big bed."

Yao Yue laughed angrily at this shameless bastard. She originally hoped that after this shameless man begged for mercy, she could ask him what he meant by the way he looked at her just now, but this bastard was too shameless and shameless.

She looked at this bastard who was as shameless and shameless as Lu Xiaofeng and said,

"Don't worry, I will draw the sword quickly and you won't feel any pain."

When Su Chen saw Yao Yue taking out a dark green dagger, he knew it was a sword with blue blood shining on it. Su Chen looked at Yao Yue and said hurriedly,

"Wait, Lord Yuyue Palace, can I make a request before I die?"

Chapter 102

Su Chen raised his head and looked at Lian Xing, who was talking to Hua Wuque next to him, and thought of Lian Xing's physical disability. Lian Xing's left hand and left foot seemed to be a little deformed now. Su Chen knew that Yao Yue had been trying to cure Lian Xing's hands and feet. , maybe I won't have to reveal my identity this time.

Yaoyue's chest heaved with anger at this bastard and she asked coldly,

"Do you still want to make a request? What do you want from a dead person?"

Su Chen smiled and said to Yao Yue, "Palace Master Yao Yue, my request is that I want to tell you something. Your Blue Blood Illuminating Painting Sword will let me play with it for a month."

Su Chen now wants to know if Yao Yue will let her play with the Blue Blood Illuminating Painting Sword for a month in order to cure her sister's disability. This Blue Blood Illuminating Painting Sword is a divine weapon of Yihua Palace, and it should be better than Master Mie Mie's Yitian. The sword is still powerful, and Su Chen is also very interested in this Blue Blood Illuminating Painted Sword.

Lu Xiaofeng is now more and more interested in Su Chen. This bastard wanted to run away just now, so why is he now negotiating terms with Yao Yue like a normal person?. Yao

Yue stared at Su Chen and said coldly,

"Do you think I will promise you?"

Su Chen smiled mysteriously and said,

"You will agree. For the sake of your sister's hands and feet, I don't think you will refuse to agree."

"you.....Can you heal my sister's hands and feet?" Yao Yue appeared next to Su Chen in a flash, grabbed him and asked eagerly.

Su Chen looked at Yao Yue who was approaching slowly, smelled the fragrance of Yao Yue's body and said speechlessly,

"No, I'm not a doctor. How can I cure Lianxing's hands and feet?"

"You are looking for death."

When Yao Yue heard this bastard playing tricks on her, she threw Su Chen against the wall.

When Lu Xiaofeng saw it, she immediately used Qinggong to catch Su Chen who was about to be thrown against the wall. But what puzzled Lu Xiaofeng was that Yao Yue This time I didn't want to kill Su Chen.

Even if Su Chen was thrown against the wall, he would only suffer some physical pain. There was no danger at all. This made Lu Xiaofeng look at Yao Yue curiously.

Su Chen was beaten by Lu Xiaofeng After being rescued, he cursed at Yao Yue,

"Damn it, you crazy woman, can't you just let me finish my sentence?"

""Say,"

Yao Yue calmed down her anger and glanced at Su Chen with a domineering look and said angrily.

Su Chen looked at Yao Yue's aloof and domineering look and said in displeasure,

"I'm drinking now."

Yao Yue shouted sternly with a cold light in her eyes, "Don't be ungrateful. If you don't say it again, you will never say it again."

"Black jade intermittent ointment, this can cure Lianxing's hands and feet."

Su Chen didn't dare to provoke this vicious woman too much. If he really pissed her off, he might really be hunted down by this crazy woman.

"Black Jade Intermittent Cream? what is this?" Yao Yue thought about it and had never heard of Black Jade Intermittent Cream.

Su Chen looked at the beautiful Yao Yue and thought she was a little silly.

"Of course it's medicine, what do you think it is? Fruit?"

"Damn it, don't think I shouldn't kill you. Can this black jade intermittent ointment really cure my sister's hand gestures?"

"certainly"

"Where is the Black Jade Intermittent Cream?"

""Uh-huh,"

Su Chen hummed with a smile and stretched out his hand.

"you....."

Yao Yue angrily looked at this bastard reaching for her Blue Blood Illuminating Danqing Sword, and she wished she could chop off this bastard's hand with one sword.

Yao Yue thought that Lian Xing's hands and feet had been disabled by her since she was a child, and she had not found a way to save him until now. If the black jade intermittent ointment that Su Chen mentioned this time could really save Lian Xing, then the Blue Blood Illuminating Painting Sword would be given to him. One month is also ok

""Here you go."

Su Chen felt a little heavy after taking over the blue-blooded sword.

"Yes, it's a really good sword, but it's this dark green color that makes me uncomfortable. Lu

Xiaofeng asked suspiciously when she saw Su Chen holding the Blue Blood Illuminating Painting Sword and looking like he knew how to sword.

"Brother Su, do you know how to sword?"

"don't know"

"Then how do you say it is a good sword?"

Su Chen looked at Lu Xiaofeng as if he were a fool,

"I guess, Yao Yue is here, if I want to say this is a rubbish sword, then I am looking for death."

Lu Xiaofeng was speechless after hearing Su Chen's words. Damn it, he was almost deceived by this shameless bastard like himself. Today he met a person who was as shameless as him. Sometimes this bastard was even worse than him. You must be a bastard.

Yao Yue was very angry when she saw that her sword was being held by this shameless person.

"Now tell me where the Black Jade Intermittent Cream is? If the black jade intermittent ointment cannot heal my sister's hands and feet, you should know the consequences."

Su Chen didn't hide it from Yao Yue and told her directly,

"In the Great Yuan Dynasty, the Vajra Gate is very secretive. The leader of the Vajra Gate, Huo Gong Tutuo, may be a great master and has also joined the Great Yuan court. It may be difficult for you to obtain the black jade intermittent ointment. After all, the Great Yuan Dynasty There are also quite a few great masters"

"Diamond Gate? Huogong Tutuo? How come I have never heard of Vajra Gate and Huo Gong Tutuo?"

"That's because you are ignorant."

Yao Yue can't care less about this bastard Su Chen now. She just wants to know if this bastard can get the Black Jade Intermittent Cream. She will have time to teach this bastard a lesson in the future.

"Since you know about Black Jade Intermittent Cream, you should also be able to get Black Jade Intermittent Cream, right?"

"when.....Of course it's impossible to get it, and I don't know martial arts, how can I get it?"

Su Chen was so quick that he almost let it slip. It would be very easy for Su Chen to get the Black Jade Intermittent Cream. All he had to do was ask Zhao Min for it. Even though Zhao Min would be unhappy, she would still give it to him. of

"Tell me your conditions"

"I have no conditions, and I can't help you. Now I want to rest, 886."

Su Chen took the Blue Blood Illuminating Painting Sword and left. No one is stopping Su Chen now. Su Chen doesn't want to cause trouble to help Yao Yue.

If Su Chen said that Zhao Min has black jade intermittent ointment, then Didn't he bring hatred to that girl Zhao Min? Su Chen was also worried that if he said Zhao Min's name, Lu Xiaofeng and Yao Yue would definitely guess his identity. Su Chen also wanted to see the Sui Dynasty's Immortality Secret. By the way, it would be best if I could get that Yang Gong treasure.

""Ever, let's go rest too."

When Yue Yue saw that bastard Su Chen was going to have a rest, he looked at Lu Xiaofeng and Song Zhi and took the girls from Yihua Palace away.

Lu Xiaofeng saw that bastard Su Chen didn't say hello to her. He left, which made him a little unhappy. He smiled and nodded to Song Zhi and disappeared.

Seeing that everyone else had left, Song Zhi said to Song Yuzhi,

"Yuzhi, you did something wrong this time. You should not stop me from helping Mr. Wu Xiang."

Song Yuzhi is also very speechless now. She didn't expect that bastard Su Chen to resolve the crisis so easily.

"Second uncle, I also want us to help that bastard Mr. Wu Xiang after he is exhausted. When we need his help, Mr. Wu Xiang will definitely not refuse us."

"Who knew that that bastard could resolve the matter of Yao Yue trying to kill him in just a few words, and even deceived Yao Yue into taking away his sword?"

"Forget it, let's rest first. I hope I can have a good relationship with Wu Xiangjun in the future."

In the inn room, Su Chen returned to the room he had reserved and waited until midnight. Then he quietly left the inn. Su Chen did not want to go to Sui Dynasty with these dangerous people. Su Chen knew his secret. Mamoru will understand that he is leaving in the middle of the night when he sees his gestures.

"Brother Su, what are you doing sneakily up until midnight? Isn't it to steal fragrance and jade?"

"Damn it, Li Xiaoji, why are you still haunting me? I don't want to talk to you now. Just do whatever you have to do and don't follow me."

Chapter 103

Su Chen was startled by the sudden appearance of Lu Xiaofeng. Su Chen was a little angry when he saw Lu Xiaofeng who didn't sleep at midnight. I'm afraid everyone else would have heard what Lu Xiaofeng said just now, and then he teleported out..

Lu Xiaofeng looked at Su Chen who was about to leave secretly on the roof and smiled. Lu Xiaofeng guessed that Su Chen, who was as shameless and shameless as herself, would definitely leave in the middle of the night.

Lu Xiaofeng didn't expect that his guess this time was really correct. He now felt that Su Chen was very similar to him.

Lu Xiaofeng smiled and said to Su Chen on the house,

"Brother Su, you'd better not leave. The few people outside should be your guards. They were knocked unconscious by that woman Yaoyue. I'm afraid you will be knocked unconscious and brought back now that you leave this small courtyard."

Su Chen looked at Lu Xiaofeng in confusion and asked,

"I asked, how did that woman Yao Yue know that I was leaving?"

Lu Xiaofeng also couldn't figure out what Yao Yue wanted to do. Yao Yue didn't have to worry about Su Chen at all.

Lu Xiaofeng now felt that Yao Yue must be the same as him and wanted to know Su Chen's identity. After all, Su Chen But even Dayuan is very familiar with things.

"How do I know? Maybe I am worried that you will take away the Blue Blood Sword in your hand."

Su Chen waved to Lu Xiaofeng after seeing him coming down from the roof and said,

"Lu Xiaoji, take me away now, use your phoenix dancing for nine days to take me away quickly."

Lu Xiaofeng didn't come down by himself. He was forced down by a momentum. Lu Xiaofeng looked at Yao Yue who appeared behind Su Chen and knew that it was Yao Yue who forced him down just now.

"Brother Su, this is probably impossible."

Su Chen saw Lu Xiaofeng dilly-dallying and urged,

"What's impossible? Come on, come on, let's leave together. It's dangerous to stay here."

"that.....that....."

Lu Xiaofeng is now locked by Yao Yue's aura. If he really wants to take Su Chen away, he may be killed by Yao Yue before he takes any action.

Su Chen walked to Lu Xiaofeng and continued urging,

"What the hell are you doing? If you don't leave, you will be intercepted by that vicious Yao Yue."

"Brother Su, look back. Look back."

Lu Xiaofeng was also speechless. He kept blinking at Su Chen, but this bastard didn't even see him. Lu Xiaofeng was also afraid that Su Chen would say bad things about Yao Yue again, so he hurriedly reminded,

"What to reply.....My God, the moon is so round today. I didn't expect that the beautiful and noble Palace Master Yaoyue is also admiring the moon, so we won't disturb Palace Master Yaoyue."

Su Chen turned around and saw Yao Yue glaring at him with a frosty face. Su Chen was frightened and immediately flattered Yao Yue and pulled Lu Xiaofeng back to the inn.

After Su Chen and Lu Xiaofeng returned to the room, Su Chen grabbed Lu Xiaofeng and asked,

"Mine, when did that invitation to the moon appear? Lu Xiaoji, you bastard didn't even tell me, do you want me to die?"

Lu Xiaofeng looked at Su Chen speechlessly,

"Haven't I been giving you a wink? You bastard didn't see it."

Su Chen wanted to beat this bastard after hearing what Lu Xiaofeng said.

"Damn it, you winked at me in the middle of the night? Do you think I can see it?"

"Um, I forgot, Brother Su, you don't know martial arts."

Lu Xiaofeng now also thought that Su Chen didn't know martial arts, which made Lu Xiaofeng very embarrassed. Almost all his friends knew martial arts. This was the first time that Lu Xiaofeng had a friend who didn't know martial arts. He didn't react for a while.

Su Chen Now she is a little confused about what Yao Yue wants to do to her. If she wants the black jade intermittent ointment, she doesn't have to spend much effort at all. She just needs to intimidate herself. Su Chen didn't understand it after thinking about it.

"Lu Xiaoji, what do you think Yao Yue is going to do? Lu

Xiaofeng looked at Su Chen and asked,

"Brother Su, how do I know this? But, Brother Su, what is your identity? I suspect that Lord Yaoyue may want to investigate your identity"

"Then why didn't she catch me and force me?"

Lu Xiaofeng touched his beard but couldn't figure it out.

"I don't understand this either. It stands to reason that if Yao Yue, a moody and ruthless madwoman, knew something, she would definitely be caught and tortured. But this time something is a little strange."

""Sleep, I don't want to think about it anymore." Su Chen felt that it was useless to think about it any more. It was better to rest now, as he had to travel tomorrow.

On the roof outside the inn, Yao Yue stood alone on the roof and looked at the night sky. It was cloudy today. , now there is no moon in the sky, not even the stars can be seen. Yao Yue moved the corner of her mouth slightly when she thought of Su Chen talking nonsense. At this time, a white figure appeared next to Yao Yue and asked,

"Sister, do you think what that shameless guy said is true?"

Yao Yue looked at Lian Xing and nodded and said,

"It should be true. I can see that he didn't lie to us. It's just that it may be difficult for us to get the black jade intermittent ointment. After all, we don't know the Great Yuan of the grassland very well, and the King Kong Sect may not be available in a short while. You can find it."

Lian Xing is now a little strange about what sister Yao Yue did this time. In the past, if Yao Yue wanted to get any information, she would either force or kill him. Why, this time, sister Yao Yue just trapped that bastard without forcing or torturing him.

Lian Xing Xing asked Yao Yue in confusion,

"Sister, are you leaving that shameless bastard to tell us where the black jade intermittent ointment is? Why don't we just force him?"

Yao Yue said to Lian Xing somewhat seriously,

"Lianxing, that shameless bastard is not simple. When I was about to throw him against the wall in the inn, I almost failed to control that bastard. He gave me the feeling that he could escape from my hands at any time. Lian

Xing was a little surprised and said hurriedly,

"No way? Doesn't that guy named Su know martial arts? I have observed that it is impossible for him to practice martial arts because his meridians are blocked. Sister, don't you feel wrong?"

"No, when we reach the realm of cultivation, we will not be wrong. From now on, we will slowly observe him. Anyway, he is also going to Sui Dynasty this time."

""Well."

Half a month later, on the sea, there was a big boat of the Song family.

Su Chen lay on the side of the boat and vomited for a while and then sat aside. It had been three or four days since they got on the big boat of the Song family. Su Chen also I've been vomiting for a few days. If it hadn't been for the weather, they would have arrived in Da Sui by now.

"Brother Su, drink some water and rinse your mouth."

Hua Wuque handed Su Chen a glass of water and looked at Su Chen who had been vomiting since he got on the boat. Hua Wuque didn't expect that Su Chen started vomiting since he got on the boat. This is already the fourth day. Could it be that this brother Su is going to vomit? To Sui Dynasty?

"Pretty boy, thank you."

Su Chen is also very depressed now. Before he traveled through time, he was an out-and-out northerner. Even Su Chen couldn't even swim. He didn't expect that he would almost kill half of his life just by taking a boat.

"A ship ahead of us ran aground on a rock. A ship ahead of us ran aground on a rock."

Chapter 104

Su Chen and Hua Wuque heard the shouts of the Song family's men and looked into the distance. A large ship in front of them had half sunk into the sea, and some people on the ship jumped off the ship to escape.

Hua Wuque looked at the sinking ship ahead and said,

"Brother Su, the ship in front seems to be a merchant ship, but I don't know which country it is from. It seems to be going to the Sui Dynasty. I don't know how many people will die."

"Just die, you can't avoid natural disasters and man-made disasters even if you want to."

Su Chen patted his dizzy head and said casually.

After hearing what Su Chen said, Hua Wuque said sternly to Su Chen

"Brother Su is right, it seems that I am a little unfounded."

I guess, this Hua Wuque has been deceived by me these days. I just take it seriously when I say it casually. Yaoyue and Lianxing should not cause trouble for themselves if they know about it. Who asked them to raise this child? At this time, Song Zhi also let the boat sail over to rescue people, Hua Wuque also ran away, and Su Chen sat on a rocking chair, feeling uncomfortable and not wanting to move.

"Master, you have tea," a guard in black attire came to Su Chen and said.

Su Chen looked at his unlucky secret guard and asked,

"Su Ming, how many days do we have until we can arrive in Sui Dynasty?"

Su Chen's six secret guards were knocked unconscious by the woman Yao Yue and fed mosquitoes outside the inn all night. When Su Chen saw that they were exposed, he took them away openly.

"Master, we will arrive in about two days. Master, can you still hold on?"

"It's okay. Maybe I'll get used to it in a day or two. Su Ming, have all the secret guards in the brigade passed?"

"Young Master, the brigade of secret guards set off two days earlier than us. They should be arriving in Sui Dynasty now."

"Huh, that's good. I'll contact them when I get to Sui Dynasty and bring me all the information I want."

"Yes, Master."

Su Chen leaned on the rocking chair and wanted to sleep. He had been feeling uncomfortable for the past few days, but he couldn't even sleep well.

At this time, the guards of the Song family also rescued more than ten people who fell into the water, and the rest were not rescued. Most of the people had drowned.

When Song Zhi saw the people who had been rescued, he shouted in surprise,

"Li Shimin? How did you end up on that ship?"

Song Zhi did not expect that among the people he rescued this time was Li Shimin, the second son of Li Yuan of the Li Clan in the Sui Dynasty. This made Song Zhi wonder how Li Shimin could return to the Sui Dynasty as a merchant ship. This second son of the Li Clan must be a secret this time. What happened?

When Li Shimin saw that the person who rescued them was the second head of the Song clan, he immediately saluted and said,

"It turned out to be Uncle Song. Thanks to Uncle Song this time, otherwise I might have died in the sea this time. Song

Zhi looked at Li Shimin and asked calmly,

"No need to be polite, Li Shimin, where are you going by boat?"

Li Shimin pointed to a beautiful woman next to him and said with a smile,

"Second Uncle Song, I took my fiancée to visit Daming this time, but I didn't expect anything to happen. Where did Second Uncle Song go this time?"

Song Zhi looked at the woman next to Li Shimin and nodded.

"So that's it, I'm taking Yuzhi to the Song Dynasty to let her see the world of the Song Dynasty. You go and change your clothes first."

"Thank you very much, Uncle Song."

Song Zhi frowned when he saw Li Shimin and the others leaving. This second young master Li did not tell the truth. They definitely did not return to the Sui Dynasty from the Ming Dynasty.

Li Shimin must have met someone or someone with some strength near the Song Dynasty. Li Clan wanted to The rebellion was already an open matter. Song Zhi believed that Li Shimin must be uniting with some force this time, otherwise he would not have dispatched the second son of the Li family.

In the cabin, Li Shimin and his party came out one after another after changing their clothes. Li Shimin led After walking out with his fiancée Changsun Wuchuan, he saw that dinner had already begun on the boat.

Changsun Wuchuan looked next to him and said to Li Shimin,

"Shimin, what you are doing this time will not be discovered by the Song family, right?"

Li Shimin frowned and thought for a while before saying,

"Not sure, just wait and see, Wuyu, I will make you suffer this time. Changsun

Wuchu smiled and said to Li Shimin nonchalantly, "It's okay. I can't blame you for the ship hitting the rocks this time.""

Li Shimin looked at the people next to Song Zhi and walked over with his eldest son Wu Chuan. Li Shimin also wanted to know what the Song family was doing in the Song Dynasty this time.

Now the Great Sui Dynasty is about to be full of war, and all the clans like them are gathering. The troops were preparing to rebel. Li Shimin was worried that the Song clan went to the Song Dynasty to find foreign aid.

"Uncle Song, I'm sorry to bother you this time."

"Shimin, you're welcome. Come on, let me introduce you. This is Lu Xiaofeng from Ming Dynasty, the Lu Xiaofeng with four eyebrows."

"This is Hua Wuque, the young master of Yihua Palace in the Ming Dynasty. Brother Lu, Hua Shaoxia, this is Li Shimin, the second son of the Li clan in the Sui Dynasty, and next to him is his fiancée"

"Li Shimin has seen Li Daxia and Hua Shaoxia."

Li Shimin was very surprised when he saw Lu Xiaofeng and Hua Wuque. Lu Xiaofeng with four eyebrows was famous, and Lu Xiaofeng's reputation was also very great in the Sui Dynasty.

And this Lu Xiaofeng was not only a grandmaster Masters, and his friends are all masters with strong cultivation. Li Shimin did not expect that Song Zhi could invite Lu Xiaofeng to Sui Dynasty.

Li Shimin was even more shocked when he saw Hua Wuque. There were two great masters in Yihua Palace. , what is the Song family going to do? How could they have a relationship with Lu Xiaofeng and Yihua Palace?

"You're welcome, Brother Song, you can eat now."

Lu Xiaofeng looked at Li Shimin and said to Song Zhi.

Lu Xiaofeng didn't want to talk about anything here now. After dinner, he wanted to laugh at Su Chen. These days, Lu Xiaofeng treated Su Chen The fight in the morning was fierce.

Now Su Chen is seasick. If he doesn't take advantage of this opportunity to fight with Su Chen, he would be very sorry for himself.

Li Shimin saw that there are all men here, and it is inconvenient for Zhangsun Wuchu to be here. Li Shimin He asked Changsun Wuchu to eat at the table next to him.

Hua Wuque looked at Su Chen and said to Lu Xiaofeng,

"Brother Lu, why don't you call me Brother Su this time? Lu

Xiaofeng patted Hua Wuque, who had been deceived by herself and Su Chen these days, and said with a smile,

"Xiaobai, Brother Su can't eat even if he's here, so let him vomit there, haha"

"That's right, Brother Su suffered a little this time."

Hua Wuque was a little speechless when he heard that Lu Xiaofeng called him Xiaobai. Su Chen called him Xiaobailian, and Lu Xiaofeng called him Xiaobai. Hua Wuque felt that Su Chen was

right. Calling him Xiaobai was like calling him a kitten or puppy. , it's better for Su Chen to call himself pretty boy

"Let's eat first, and after that we'll continue to brag with Su Chen"

""Okay."

Li Shimin was a little surprised when he heard that Lu Xiaofeng and Hua Wuque said"yes", but now they are eating their food quickly, and Li Shimin is not easy to interfere now.

Changsun Wuchu looked at the food on the table, which was a lot, and he couldn't eat alone. After finishing, she was going to send some to Li Shimin, but before she could take a few steps with a plate of dishes, the boat suddenly shook, and Changsun Wuchu fell directly to the side before he could stand still.

"Damn it, who is this? Are you going to crush me to death? Um, holy shit, sorry, I didn't touch anything."

Chapter 105

Su Chen was resting on a chair. Who knew that a person suddenly pressed heavily on his body? This made Su Chen, who was already seasick, even more uncomfortable. He immediately wanted to push up the person who dared to press on his body.

Su Chen was embarrassed when he stretched out his hand to push this away. He did not expect that the person pressing on his body was a woman. The softness that Su Chen just touched made Su Chen not even able to hold back his hands.

Changsun Wuchu was also confused now. She just wanted to deliver some food to Li Shimin. The sudden rocking of the boat caused her to fall onto the person resting next to her.

Changsun Wuchu was about to stand up and apologize to this person, but he was tainted by the person he suppressed. The shameless person even took action, which made Changsun Wuchu stunned.

Su Chen's secret guards didn't know what to do now. When this woman passed by Su Chen just now, they all saw that this woman didn't know martial arts.

They just stared at this woman without stopping her. Now that this woman is pressing on Wu Xiangjun's body, they are also a little confused now.

"Captain, what should we do now?" A secret guard said hurriedly when he saw that the woman was still holding down Su Chen and didn't get up.

Su Ming was also very confused now. This time they, the secret guards, had failed in their duties. He looked at the woman and frowned and said,

"I don't know what to do, so be careful. We failed in our duty this time. If this woman was an assassin, Your Majesty might have been assassinated. Let's prepare to receive the punishment after we go back."

"Yes, captain."

At this time, people like Li Shimin and Lu Xiaofeng beside them were also looking at Changsun Wuchu and Su Chen in shock.

In this situation, Changsun Wuchu was lying on Su Chen's body, and this bastard Su Chen actually had two Pushing Changsun Wuchu, Lu Xiaofeng and the others couldn't help but look at Li Shimin, who was turning blue.

Su Chen opened his eyes and hurriedly urged, "Get up quickly, how long are you going to hold me down?"

"Ah, you shameless person."

Changsun Wuchu reacted and shouted loudly. Then she put the dish on Su Chen's head and immediately got up and ran to the side.

"Damn it."

When Su Chen saw this woman grabbing the vegetables from his head and running away, he hurriedly got up and wiped the vegetables from his head. Now Su Chen looked extremely embarrassed. Su Chen looked at the vegetables on his clothes. Grumbling depressedly,

"What's going on with him?"

Li Shimin asked with concern when he came to Changsun Wuchuan,

"Wuchu, are you okay?"

Now Li Shimin is very angry. He just held his fiancée's hand, but this bastard actually defiled his fiancée, and it was seen by so many people.

"Come on, kill this shameless guy for me"

"Yes, Second Young Master."

Li Shimin's remaining dozen guards immediately raised their knives to kill Su Chen.

"Li Shimin, tell your men to stop."

Song Zhi didn't expect that Li Shimin wanted to kill Wu Xiangjun, so he hurriedly shouted to Li Shimin to save Su Chen, while Lu Xiaofeng and Hua Wuque did not take action to save Su Chen. They knew that Su Chen's guards were right next to him. Lu Xiaofeng and Hua Wuque also wanted to see how Su Chen would deal with the guards who wanted to kill him this time. At this time, on the second floor of the ship, Yao Yue and Lian Xing were on the other side. Looking at the farce below with interest, Yao Yue and Lian Xing saw it clearly from beginning to end.

Lian Xing smiled and said to Yao Yue next to him, "Sister, this bastard is too funny."

Yao Yue said angrily while holding back her smile,

"This damn bastard deserves it, Lianxing. Wuque should warn him in the future. That bastard Su Chen has tricked us into everything. Wuque is too honest. It seems that it is impossible to expect Wuque to ask about this bastard."

"I understand, this person is so shameless, he and Lu Xiaofeng are probably going to lead Wu Que into trouble now."

Yao Yue just frowned and looked at Su Chen below without saying anything.

When Li Shimin's guards were about to kill Su Chen, Su Chen didn't even look at them. Now Su Chen is just focusing on cleaning him up. Su Ming looked at the guards coldly and made a gesture. Two of the guards who were protecting Su Chen rushed out with short blades. Before

Li Shimin's guards could react, they The secret guards appeared and slit the throats of these guards one by one. In just an instant, more than ten of Li Shimin's guards fell to the ground.

Li Shimin saw that his guards were killed instantly, which made Li Shimin a little scared. These guards of his were all at the seventh or eighth level of acquired cultivation.

Li Shimin did not expect that more than a dozen of the guards at the acquired level were easily killed by two guards from the other side.

Changsun Wuchu was stunned as he watched being killed. Guard, when Li Shimin was about to kill that person just now, Changsun Wuchu had to stop him.

After all, it was her fault just now, the man seemed to have touched her before he woke up, but now it seems that there is no need to stop him, Changsun Wuchu now The one who had to worry was Li Shimin.

Song Zhi also looked at Su Chen's guards in disbelief. Su Chen's guards were all of the acquired cultivation realm, but they were also guards of the acquired cultivation realm. Li Shimin's guards were instantly Su Chen's bodyguard had his throat cut.

Hua Wuque looked at Su Chen's bodyguard and said in surprise,

"Brother Lu, why do these guards of Brother Su look like assassins? Moreover, these guards are so elusive that they are hard to guard against. People of the same level will only be killed by them instantly. However, these guards kill people without making a second blow."

Lu Xiaofeng was also a little surprised by Su Chen's guards. At first, he just thought that these guards were ordinary acquired skills. Now it seems that Su Chen's identity is not simple.

"Brother Su is not a simple person. Now I don't even know who he is?"

Hua Wuwei nodded and said a little tangledly,

"Well, my aunt also said that Su Chen is not a simple person. She also asked me to find out Brother Su's identity. But now I only know that Brother Su's surname is Su, and I haven't found out anything else."

Lu Xiaofeng almost laughed when she looked at Hua Wuque. Hua Wuque didn't ask about Su Chen's information, but that bastard Su Chen asked everything about Yao Yue and Lian Xing.

If Hua Wuque is still in Su Chen's After spending some time with the bastard, I am afraid that Hua Wuque will be completely crippled by Su Chen.

Su Chen is also a little surprised now. He did not expect that the person who wanted to kill him was Li Shimin. Why is this Li Shimin here?

Su Chen suddenly thought of the sunken ship that sank earlier. Ship, why did Li Shimin, the second son of the Li clan, appear on the sea by boat? Where did he go back to the Sui Dynasty from where he finished his work?

Su Chen suddenly thought of the Dongming sect. This Li Shimin must have gone overseas to order weapons for the Dongming sect.

Li Shimin must have a ledger of customized weapons. Should he snatch it and threaten him? It would not be fun to kill Li Shimin now. The Great Sui Rebellion was not the Great Song Rebellion anyway. Su Chen looked at the man next to Li Shimin The woman was a little confused. Who was the woman next to Li Shimin? She didn't know martial arts, so she was definitely not the person Cihang Jingzhai sent to protect him.

"Okay, will you, a shameless person like you, rape a common girl when I'm not around for a while? Get off our Song family's boat now."

Su Chen was thinking about Li Shimin when he heard Song Yuzhi scolding him. This made Su Chen's face completely change. This Song Yuzhi had been at odds with him from the beginning. If he hadn't seen her as a woman, Su Chen would have smoked her long ago. She, well, it seems like I can't beat her.

Su Chen was already in a bad mood, and this young lady from the Song family came to provoke him. This made Su Chen annoyed when he looked at Song Yuzhi.

"Song Yuzhi, if you don't understand the situation, don't babble in front of me. I'm not in the mood to talk nonsense with you, a woman now."

"You bastard, I....."

"Su Ming, get this woman for me."

Su Chen saw that Song Yuzhi kept calling him a bastard. Although he is a bit of a bastard, I am not familiar with you, Song Yuzhi. This time, Su Chen wants to teach Song Yuzhi a lesson.

"Yes, young master."

Su Ming and his secret guards suddenly rushed toward Song Yuzhi quickly.

"Kill this bastard and his guards for me"

"Yes, miss."

When Su Ming and the other secret guards saw the Song family guards protecting Song Yuzhi, they drew out their short blades and killed them.

Song Zhi suddenly appeared in front of Song Yuzhi and blocked the attack of Su Chen's guards. He knew Song Yuzhi's The guards could not stop the killings of Su Chen's guards.

"Mr. Su, please don't be impulsive. Please forgive Yuzhi for not being sensible this time."

Su Chen said to Song Zhi expressionlessly,

"Song Zhi, you'd better not get involved. I must teach you, my niece, a lesson this time. If the Song family doesn't want to be my enemy, it's best for your guards to retreat."

Song Yuzhi looked at Su Chen angrily and said to Song Zhi,

"Second uncle, we don't have to be afraid of this guy named Su. This bastard is a shameless person."

"Shut up."

Song Zhi said sternly to Song Yuzhi with some anger.

Su Chen said to Song Zhi expressionlessly,

"Song Zhi, what are your thoughts? Song

Zhi looked at it and Song Yuzhi said to the helpless Su Chen,

"Mr. Su, can't you let Yuzhi go for once?"

"I understand, Song Zhi, I will leave when we reach the shore."

After Su Chen said to Song Zhi, he led Su Ming and the others towards Li Shimin. This time Su Chen can be said to have broken with the Song family of the Sui Dynasty. Although they have not formed an alliance, they may become enemies in the future. When

Song Zhi saw Su Chen leaving, he glared at Song Yuzhi. If Song Yuzhi was not his eldest brother's daughter, Song Zhi would have wanted to teach her a lesson.

Song Yuzhi framed Wu Xiangjun without understanding the situation, and even kept scolding Wu Xiangjun. Bastard, I wouldn't be able to stand her.

Song Zhi also knew that they could no longer cooperate with Wu Xiangjun, and Wu Xiangjun might even become the enemy of their Lingnan Song family.

Song Yuzhi was a little panicked now, she hadn't thought of anything. It will become like this. Now that Wu Xiangjun has fallen out with the Song family, he will definitely not be able to borrow an army in the future.

Without a strong army, his father will definitely marry his friend Xie Hui, and his sister Song Yuhua will also marry Xie Wenlong. This was tantamount to her pushing her sister into the pit of fire.

Su Chen looked at the famous Tang Taizong Li Shimin in history. This Li Shimin was also a ruthless man. He killed his brother and imprisoned his father, and even took over his brother's wife. He didn't know what Li Shimin would do in the future. How did you clear yourself?

"Li Shimin, right? Did you just want to kill me?"

Li Shimin was a little surprised when he looked at this Su Chen. He didn't understand why Song Zhi was polite to this Su Chen, but Li Shimin was not afraid of him killing him. After all, he was the second son of the Li clan.

"Yes, you were unreasonable to my fiancée, why can't I kill you."

Su Chen looked at the calm Li Shimin and ordered,

"Haha, why are you showing off to me at this point? Do you want me to cut off one of your arms before you beg for mercy? Su Ming, take him down and kill him if he resists."

"Yes, young master."

Su Ming led two secret guards and walked towards Li Shimin. When Li Shimin saw Su Chen's guards approaching, he shook hands and wanted to resist. However, Li Shimin knew that he was no match for these guards. If he resisted, he might really Will be killed by these guards.

When these guards came to him, Li Shimin was captured without resisting. He doesn't want to die yet. Su Chen probably won't kill him if he catches him.

Changsun Wuchuan is a little at a loss now. Looking at Li Shimin who was caught, she ran to Song Zhi next to her and said immediately,

"Uncle Song, please save Shimin, otherwise he will be killed."

"I do not know what to do. Changsun

Wuchu was a little surprised and said to Song Zhi,

"What? Second Uncle Song, this is on your Song family's ship. If something happens to Li Shimin on your Song family's ship, I think your Song family will also be involved."

Changsun Wuchu didn't expect that Su Chen had such a big background. Even the current Song family didn't dare to offend him. This made Zhangsun Wuchu look at Su Chen and wonder who he was.

Song Yuzhi looked at Su Chen and caught Li Shimin. Said angrily,

"Second uncle, are we really not going to save Li Shimin? That bastard is too arrogant."

Song Zhi roared at Song Yuzhi angrily, "Shut up, if we want to marry the Hei family this time, I will tell my eldest brother to let you do the marriage."

Song Yuzhi looked at Song Zhi with a gloomy face in shock. She did not expect that her second uncle Song Zhi, who had always loved her, would threaten her like this.

"What? Second uncle, you....."

"Come, take Song Yuzhi back to the cabin. She is not allowed to come out without my order."

"Yes, Second Master."

When Song Zhi saw what Song Yuzhi wanted to say, he asked the guards to take Song Yuzhi back to the room. He was so upset now that he didn't want to see this silly girl who had done bad things.

When Su Chen came to Li Shimin, he escaped from his arms. Box, Su Chen looked at the box and smiled. It should be the contract signed by Li Shimin and Shan Meixian to purchase weapons.

Li Shimin said hurriedly when he saw Su Chen took the contract for purchasing weapons from him,

"What do you do, give me my belongings back."

Su Chen saw Li Shimin's nervous look and knew that the item here must be the ledger contract.

"Haha, why should I return it to you, Li Shimin, what do you think if I give this box to the emperor of the Sui Dynasty, what will the emperor of the Sui Dynasty do to you Li Clan?"

"Do you actually know what's in this? How can this be?"

Li Shimin looked at Su Chen in shock. He didn't expect that Su Chen actually knew about their Li Clan's purchase of weapons. This made Li Shimin suspect that his trip to the Dongming Sect to purchase weapons was leaked.

Su Chen smiled. He laughed and said nonsense to Li Shimin,

"There is no possibility. The Dongming Sect has something to do with me. They will definitely know what I want to know."

"How can you give it back to me?"

Li Shimin knew that he was in trouble this time. If Su Chen really handed over the account books and contracts to the emperor, then the Li family would be doomed. Now the Li clan is not ready to rebel yet.

Su Chen looked at Li Shimin with some fun. asked,

"Li Shimin, your fiancée is pretty. What is her name?"

"you....you....."

"If you raise your finger again, I will chop off your hand. Li Shimin, do you want to tell me?"

"My name is Changsun Wuchu, you don't need to force the people of the world."

Chapter 107

Su Chen looked at Li Shimin with some amusement. Su Chen wanted to know if Li Shimin would give up his fiancée for the sake of their Li family's great cause. Li Shimin's fiancée should be the eldest grandson of Empress Wende, Wuchuan, who was famous in history.

"My name is Changsun Wuchu, you don't need to force the people of the world."

Changsun Wuchuan said expressionlessly when he came to Su Chen.

Changsun Wuchuan didn't know what Su Chen was going to do to her, but she couldn't just watch Li Shimin die here. After all, she and Li Shimin were already engaged..Su

Chen looked at Changsun Wuchuan indifferently and said coldly,

"Changsun Wuchu, I don't think I asked you, right? Su Ming, cut off Li Shimin's arm"

""Yes, young master"

Changsun Wuchu immediately stopped in front of Li Shimin and shouted,

"Wait, I've already told you my name, why do I still have to deal with Li Shimin?"

Su Chen was speechless when he saw Lu Xiaofeng and Hua Wuque looking at this. Now I'm afraid he has become a bully in their eyes.

"Because Li Shimin didn't answer my question, Li Shimin, if I chop off one of your arms now, your Li family will gain the power of the Sui Dynasty in the future. Do you think you can still inherit your father's position?"

Li Shimin was pressed down by two secret guards and knelt in front of Su Chen and said angrily.

"I'm just the second son of the Li clan. Even if I didn't lose my arm, I wouldn't inherit my father's position. You don't need to sow discord here."

Su Chen smiled and immediately ordered,

"Haha, that's right. Since you don't care about your arms, there's no point in keeping them. Su Ming, do you want me to say it again?"

"I'm sorry, young master, I cut off his arm immediately."

Su Ming hurriedly took out his short blade and was about to step forward to cut off Li Shimin's arm. Hua

Wuque, who was beside him, frowned and said to Lu Xiaofeng,

"Brother Lu, did Brother Su go too far this time?"

Lu Xiaofeng looked at Li Shimin, took a sip of wine, patted Hua Wuque's shoulder and said,

"Xiaobai, you don't understand. Brother Su has seen through this Li Shimin. This Li Shimin is also a hypocritical person. Do you believe it? When Brother Su's guards come to Li Shimin's side, Li Shimin will definitely do something that is difficult for you to accept. Hua

Wuque looked at Li Shimin and asked doubtfully,

"No way? I think this Li Shimin is also an aboveboard person. Why is he so hypocritical?"

"That's why you're called Xiaobai. You'll know it soon."

Li Shimin was a little anxious when he saw that Su Chen's guards were coming. Li Shimin thought that if he really lost an arm. In the future, if the Li clan really captured the Sui Dynasty, there would be no chance for him to inherit his father's position..Besides

, the current Emperor of the Sui Dynasty is not the eldest son. Li Shimin also has his own ambitions.

"Her name is Changsun Wuchu"

"Su Ming, stop"

""Yes, young master."

Su Chen looked at Li Shimin and smiled. He knew that Li Shimin actually answered, which proved that his ambition for himself was greater than that of his beloved woman.

Changsun Wuchu looked back at Li Shimin, and now she felt very complicated. , from the moment Li Shimin said his name, Changsun Wuchu knew that she was not as important in Li Shimin's heart as what he was about to do.

"Li Shimin, that's right. Women are not as important as what you, the Li clan, are going to do. If you, the Li clan, win the empire of the Sui Dynasty,"

"You may also succeed your father's throne. No woman will be able to get it then. Now I ask you a question and you have to answer me. If you don't answer or answer slowly, you should know the consequences."

"I know."

Su Chen looked at Li Shimin and asked with a smile,

"Whose woman will Zhangsun Wuchu be in the future?"

Li Shimin looked at Su Chen angrily after hearing what he said. He knew that this bastard was obviously trying to steal his fiancée. Li Shimin looked at the guard next to Su Chen and said helplessly,

"I.....She is your woman."

Changsun Wuchuan slumped down on the deck after listening to Li Shimin's words. She did not expect that Li Shimin would say this. How long has it been since Li Shimin now made Changsun Wuchuan unable to see clearly.

Su Chen looked at Changsun Wuchu, who was slumped on the deck, had no intention of continuing to play.

"Let go of Li Shimin and get him a pen and paper. Li Shimin, after the engagement with Changsun Wuchu is terminated, I will let you go. As for this box, I will keep it for you first."

After Su Chen said that, he took some secret guards back to the cabin. Su Chen didn't plan to see the people here anymore. He would leave as soon as the ship docked.

Lu Xiaofeng leaned on the chair and asked Hua Wuque, "Xiao Bai, how do you feel about Li Shimin now?"

""A hypocrite."

Hua Wuque never thought that Li Shimin, who was upright and upright, would be such a person. Su Chen taught him a lesson today, and Hua Wuque would never judge people by their appearance in the future.

Lu Xiaofeng laughed after hearing Hua Wuque's words. ,

"Haha, I have made progress. In fact, Su Chen had no intention of killing Li Shimin from the beginning, nor did he intend to cut off Li Shimin's arm."

"Think about it, Brother Su's guard wants to chop off Li Shimin's arm. His guard can do it in an instant, but what you see is the guard slowly walking over. Isn't this waiting for Li Shimin's answer?"

Hua Wuque frowned and thought after hearing what Lu Xiaofeng said, and found that it was indeed what Lu Xiaofeng said. This made Hua Wuque admire Su Chen even more.

Two days later, when the ship arrived in Sui Dynasty, Su Chen took his guards with him. He got off the boat and left. Now Su Chen didn't want to see Lu Xiaofeng and everyone in Yihua Palace.

They were not going the same way as him anyway. Su Chen got off the boat early this time, and Lu Xiaofeng, Yao Yue and the others were going to Yangzhou City in the Sui Dynasty..Su

Chen is not afraid that they will continue to keep him. This time, Su Chen believes that neither Lu Xiaofeng nor Yao Yue will keep him. They are all going to fight for the secret of longevity, and they will not bring him as a burden.

Su Chen doesn't know. What's more, he just got off the boat with his secret guards, and Changsun Wuchu also got off the boat. In the past two days on the boat, Changsun Wuchu, like Su Chen, had never left the cabin. She also saw the man who forced Li Shimin get off the boat from the window. , she also got off the boat.

When Li Shimin saw Changsun Wuchu and the man named Su both getting off the boat, his face became very ugly. Li Shimin, named Su, would not let him go. Li Shimin thought of Changsun Wuchu. They sighed.

Yao Yue and Lu Xiaofeng knew that Su Chen was gone, but they didn't stop Su Chen this time. There might be a big battle when they compete for the secret of longevity. It would be inconvenient for Su Chen to follow them without martial arts.

Song Zhi watched Su Chen leave and sighed. He could have established a good relationship with Su Chen, but if Song Yuzhi had not ruined it, they might not have any chance of cooperation in the future.

Su Chen came to a cold hall and waited. His secret guards arrived. This time Su Chen planned to meet the emperor of the Sui Dynasty to see if there was any chance of cooperation with Yang Guang. Yang Guang would not live for a few more years.

Su Chen planned to defraud Yang Guang of some supplies. After all, Huang Rong and Wang Meng have begun to conquer the counties near Gusu City. Gusu City may need more supplies in the future.

With Yang Guang here, who can borrow supplies without having to pay them back, Su Chen plans to deceive Emperor Yang of the Sui Dynasty. wide

"Young Master, the eldest grandson Wu Chuan is here."

"Um? Is she alone?"

"Yes, Master."

Chapter 108

Su Chen was a little surprised when he was sitting in the pavilion. He didn't expect that Changsun Wuchu would also get off the boat and follow him.

He broke the marriage contract between Changsun Wuchu and Li Shimin, just to make Changsun Wuchu's brother and Li Shimin turn against each other, so that Changsun Wuji would not assist Li Shimin in the future.

Now Changsun Wuchu also disembarked with him, which made Su Chen a little speechless. Now Lu Xiaofeng, Hua Wuque and the others must think that he is an out-and-out lustful person.

"Bring her here, she's not safe alone"

""Yes, young master."

Changsun Wuchuan doesn't know where to go now. Although Li Shimin has been threatened and has terminated his engagement, Changsun Wuchuan has no idea of being with Li Shimin anymore. If

Li Shimin can be threatened to abandon him once, then he will If she is threatened, she will definitely abandon herself.

If she goes back and lets her brother Changsun Wuji and her uncle know that they have terminated their engagement, I am afraid that her brother and uncle will fall out with

Li Shimin. Changsun Wuchu knows that his brother and uncle are now working under the Li family, and Changsun Wuchu didn't want her brother and uncle to fall out with Li Clan.

Changsun Wuchu looked around. She didn't know where this place was. She only followed Su Chen off the boat when she saw Su Chen coming down.

Su Chen was on the boat. She had never seen Li Shimin appear after threatening him. Changsun Wuchu also had many things to ask Su Chen. Now Changsun Wuchu was a little scared.

If she couldn't keep up with Su Chen, something might happen here. Changsun Wuchu found that there was something wrong with Su Chen on the pier. Many people were already observing her.

At this time, Changsun Wuchu found that Su Chen's guards were coming, which made Changsun Wuchu breath a sigh of relief.

"Miss, our young master invites you to come over"

"Lead the way."

When Changsun Wuchu was brought to the pavilion by Su Chen's guards, she found that more than a hundred people had gathered here. Looking at the clothes of these people, Changsun Wuchu knew that they were Su Chen's guards.

She did not expect that Su Chen still had so many subordinates in the Sui Dynasty. Changsun Wuchu thought that these were probably not all of Su Chen's subordinates.

Su Chen was looking at the intelligence about the Sui Dynasty collected by the secret guards. Su Chen frowned after looking at the information. , he did not expect that a longevity secret would bring some martial arts masters from various countries to come. Now Yangzhou is probably very chaotic.

Su Chen looked up and saw Changsun Wuchuan coming and smiled. This Changsun Wuchuan was quite tall. She is so beautiful. No wonder she will be named queen by Li Shimin in the future.

"Changsun Wuchu, why did you get off the boat too? Aren't you going to Taiyuan to find your brother Changsun Wuji?"

Changsun Wuchu felt a little angry when she saw Su Chen smiling. Although Su Chen allowed her to see Li Shimin's true face, this guy was not a good person either. Not only did he slander himself in public, but he also threatened Li Shimin to mention her. Now everyone on the ship must have thought that Su Chen threatened Li Shimin because he liked him.

Changsun Wuchuan said to Su Chen in a bad mood,

"Mr. Su, do you think I will return to Taiyuan with Li Shimin?"

"Well, just follow me first, and I will take you to Taiyuan after I finish my work."

Su Chen thought about it and felt that he had not considered it properly at that time. Su Chen only focused on dealing with Li Shimin at that time and did not consider Changsun Wuchuan's reputation. Now it is definitely impossible for Changsun Wuchuan to continue to be with Li Shimin.

Changsun Wuchuan looks at it. Looking at Su Chen, she didn't tell Su Chen that she had no plans to return to Taiyuan. Now Changsun Wuchu didn't know where he was going. At least Su Chen was safer here.

"Mr. Su, why are you threatening Li Shimin? You have to know that he is the second son of the Li clan, one of the four great clans of the Sui Dynasty. Aren't you afraid that Li Shimin will retaliate against you in the future?"

Su Chen poured a cup of tea for Changsun Wuchu and handed it to her.

"Changsun Wuchu, I am not from the Sui Dynasty. Do you think Li Shimin can reach out to the Song Dynasty?"

"What if Li Shimin sends someone to assassinate you?"

"Haha, the assassins who assassinated me have never stopped. Am I still alive and well now? Changsun Wuchu, are you caring about me?"

"Bah, I'm just afraid that if you are killed, I will be implicated."

Changsun Wuchuan blushed a little when Su Chen said that. She felt that the current Su Chen was nothing like the Su Chen on the ship. The Su Chen on the ship was cold and ruthless, but the current Su Chen felt that he was a bit shameless no matter how she looked at him.

"Master, the carriage has arrived"

"Set off for Jiangdu"

"Yes, young master."

Su Chen felt a little embarrassed as he took his eldest grandson Wuchu into the carriage. The carriage that Su Ming temporarily drove to was too small. If he moved now, he would bump into his eldest grandson.

Su Chen looked at the blushing eldest grandson. Wu Chu smiled and said,

"Changsun Wuchu, this carriage is a bit small, we can only make do with it."

"Then why don't you go ride a horse?"

Changsun Wuchu didn't expect that Su Chen would get on the carriage. At first, she thought that Su Chen was preparing a carriage for her. Her good impression of Su Chen disappeared without a trace in an instant.

"If you ask me to ride a horse instead of riding in a carriage, you think I'm stupid."

Su Chen has no intention of riding a horse. He doesn't know how to ride a horse. He suffered from seasickness on the boat for a few days. He is still a little weak. If he rides a horse for a few more days, Su Chen is afraid that he will collapse completely.

Changsun Wuchuan She looked at Su Chen and ignored him. This Su Chen was becoming more and more shameless. If Changsun Wuchu got more and more concerned with Su Chen, Su Chen would have a hundred reasons to fight back against her. She now wants to know what Su Chen did in Jiangdu. What?

Four days later

, Su Chen and the others also arrived in Jiangdu. Now their carriage had been replaced by a luxurious carriage. There were no robbers on the road, which made Su Chen guess that it might be because there were so many of them.

Su Chen looked at the situation now Jiangdu, which was still prosperous, told Su Ming,

"Su Ming, whoever contacted us, just ask anyone to send a greeting note to Yu Wenhua." "

"Yes, Your Majesty"

"Su Chen, what do you want to do with Yu Wenhua?"

Changsun Wuchu also knew Su Chen's identity now. She didn't expect that Su Chen was actually a monarch of the Song Dynasty. This made Changsun Wuchu look at Su Chen with disbelief.

But Changsun Wuchu looked at Su Chen. More and more guards appeared around Chen, and they even arranged things properly on the road. This made Changsun Wuchu gradually believe in this shameless Lord Wu Xiang.

"Make a deal with Yu Wenhua. Changsun

Wuchu looked at Su Chen strangely and asked,

"So when you came to the Sui Dynasty this time, didn't you meet Hanwan from the Yinkui sect and Concubine Xuan from Cihang Jingzhai?"

Changsun Wuchuang looked at this Wu Xiangjun and thought of his relationship with the women on the martial arts beauty list. This shameless Wuxiangjun was related to half of the beauties on the martial arts beauty list.

Changsun Wuchuang looked at Su Chen up and down. I didn't find anything special about this shameless Su Chen. Shamelessness may be his special feature.

"What are you looking for? Huanwan and Shi Feixuan should be in Yangzhou City now. We will go and have a look after the things here are finished."

Su Chen doesn't want to see Hanwan and Shi Feixuan now. He hasn't got Yang Gong's treasure yet. If Hanwan and Shi Feixuan know that he is coming to Sui Dynasty, I'm afraid they will tell them where Yang Gong's treasure is.

Jiangdu On a tall building, two women in white dresses watched Su Chen's carriage enter Jiangdu City under the protection of guards.

"Hua Xingnu, go and tell the Second Palace Master that Master Su has arrived in Jiangdu, and I will continue to follow you here."

Chapter 109

In Jiangdu, in each of the exquisite courtyards, Lianxing sat in the courtyard and looked at the sky. This time she did not go to Yangzhou with her sister Yao Yue because she wanted to spy on Su Chen. This Su Chen knew where the black jade intermittent ointment was..

Whether the deformity of her hands or feet can be cured depends on the black jade intermittent ointment that Su Chen mentioned. However, the shameless person never told them the exact place of the black jade intermittent ointment. This makes Lianxing want to ask Su Chen now..

Just by monitoring Su Chen in the past few days, Lianxing became curious about Su Chen's identity. Su Chen's bodyguards had gathered more and more in the past few days.

Although his guards were not very powerful, Lian Xing was a little surprised by the Qi-breaking crossbows in their hands. Hundreds of guards with acquired skills were holding crossbows. Even the Grandmaster would probably be protected by Su Chen. They were killed instantly

"Second Palace Master, Mr. Su has arrived in Jiangdu City."

"Finally here, Star Slave, continue to monitor that shameless bastard, report anything to me immediately, remember not to get too close, that bastard's guards are not simple."

"Yes, Lord of the Second Palace." Li Qingluo and Jing salamander from Gusu City in the Great Song Dynasty were sitting in Su Chen's study, talking about Duan Zhengchun and Wanyankang. Now that the Jin Kingdom has sent the ransom, Li Qingluo wants to let go now. That Wanyan Kang.

Li Qingluo also did not expect that Wanyan Honglie of the Jin Kingdom would send the ransom without hesitation. Seeing that Wanyan Honglie loved his son very much,

"Jing Salamander, Wanyan Kang and Suchen said in the letter that he would be released as long as a ransom was paid. Now that the ransom has been sent from the Kingdom of Jin, do we want to release him?"

Jing Salamander tugged her hair and said to Li Qingluo,

"Aunt Li, since your husband has made arrangements, let's let Wan Yankang go, and let's not disrupt Su Chen's plan."

Li Qingluo clicked and thought of the assassins who broke into Wu Xiangjun's mansion yesterday.

"Well, I had Wan Yankang released at that moment. Did you find out who those people you killed last night who wanted to invade our house were?"

Jing Salamander thought of those assassins and said with cold faces,

"Dali, those are all monks from Dali Tianlong Temple, three masters and one great master. They may want to save Duan Zhengchun."

Li Qingluo was very happy. She did not expect that the people she killed yesterday were monks from Tianlong Temple in Dali. Now that Li Qingluo has let go, she no longer has any thoughts about Duan Zhengchun. If Duan Zhengchun was not Wang Yuyan's biological father, Li Qingluo would have will kill him,

"Haha, okay, the killing was good this time. Concubine Yan is really powerful. One person actually killed three grandmasters, and it was very easy. Jing Salamander, did my mother tell you about Concubine Yan?"

Jing Salamander nodded and said to Li Qingluo,

"Having said that, I have no objection and I don't like to show off. Concubine Yan is indeed a very suitable wife for her husband. Aunt Li will let her husband marry Concubine Yan when Su Chen comes back."

Li Qingluo took Jingshao's hand and said comfortingly,

"Alas, I just want to wrong you. It would be great if your character could be changed. That bastard Su Chen will definitely have many women in the future. You don't want to act like you don't care about anything."

Jing Salamander showed a smile and said,

"I believe that my husband will be good to me, and you don't have to worry, Aunt Li."

Jing Sala thought that every moment since she met Su Chen, she felt happy. She didn't care about being Su Chen's wife, as long as she and Su Chen could raise Su Yan well in the future.

"I know that although Su Chen is a loser, he is a good man. Su Chen will not let you down. If he dares to bully you, just tell me and I will teach him a lesson."

"No, my husband will not bully me."

Li Qingluo suddenly thought that the secret guard was controlled by Jing Salamander and asked hurriedly.

"By the way, you must know where Su Chen is going, right? You are responsible for controlling the secret guard. You should know all his whereabouts, right?"

Jing Salamander thought about it and confessed to Li Qingluo,

"I know, Aunt Li, my husband has gone to the Great Sui Dynasty now. Isn't there a heaven-level secret book in the Great Sui Dynasty now? He might have gone to join in the fun."

Li Qingluo was very angry after hearing what Jingshao said.

"This bastard boy, there are a lot of things going on in Gusu City, but he himself is quite free."

"Huang Rong is indeed a smart woman. In less than a month, she captured all the counties around Gusu City. Even Yangzhou may be captured in the next few days."

"If we take Yangzhou and surrounding counties, we will already occupy a quarter of the southern part of the Song Dynasty, and I am afraid we can capture the rest within half a year."

"All the monks from the Shaolin Temple escaped from the Song Dynasty. Unexpectedly, the monks from the Shaolin Temple escaped very quickly. We have nothing to do with the Ming Dynasty. Now we can only wait for Su Chen to come back."

Jingshao looked at Li Qingluo talking happily and shook his head and said,

"I don't understand this either, Aunt Li, just figure it out."

"Jing Salamander, let Concubine Yan go to the Sui Dynasty. Concubine Yan can protect Su Chen. I don't feel comfortable if Su Chen is alone in the Sui Dynasty."

"OK, I will inform Concubine Yan."

Sui Dynasty, Yu Wenhua's Mansion.

Su Chen brought his eldest son Wuchu and Su Ming to Yu Wenhua's mansion this time. Su Chen didn't want to bring his eldest grandson Wuchu, but Changsun Wuchuan insisted on following her.

Su Chen was annoyed by her for a few days and brought her with him. Suchen thought that if there was danger, he could also use teleportation to take Changsun Wuchuan away.

In the living room, Yu Wenhua When he saw Su Chen, he smiled and said to Su Chen,

"Lord Wuxiang of the Song Dynasty, I have admired you for a long time."

Yu Wenhua also didn't expect that he would receive a greeting from Lord Wu Xiang of the Song Dynasty a few days ago. He knew the name of Lord Wu Xiang. Half of the beauties on the Wulin beauty list are related to Lord Wu Xiang. This is what Yu Wenhua said. Ji was very envious.

In the past few days, Yu Wenhua also knew what was happening in the Song Dynasty through spies. He did not expect that Wu Xiangjun also planned to rebel, and had quietly begun to control the southern part of the Song Dynasty. This made Yu Wenhua and Feeling have found a confidant, and now Yu Wenhua is also preparing to rebel.

Su Chen looked at the handsome Yu Wenhua and raised his hands and said,

"General Yuwen, this time I took the liberty of disturbing the general."

Yu Wenhua looked familiar to the woman next to Su Chen. He felt as if he had seen this woman before.

"Haha, it is an honor for me to have Mr. Wu Xiang come to my house. Who is this?"

Su Chen looked at Changsun Wuchuan and smiled and said,

"This is my wife, I brought her to Sui this time for fun."

When Changsun Wuchu heard that the shameless bastard Su Chen was taking advantage of him, he calmly reached out and pinched Su Chen's waist.

Su Chen hurriedly held Changsun Wuchu's hand when she pinched her waist. Su Chen didn't He will suffer a loss. Now Su Chen grabs Changsun Wuchu's soft little hand and doesn't let go.

Changsun Wuchuan blushes a little when he sees this shameless guy grabbing his hand. Now Changsun Wuchu is afraid that he can't even take his hand away. It can't be done.

This shameless person will definitely not let her go. In the past few days, she has been taken advantage of by this shameless Lord Wu Xiang.

"Mr. Wu Xiang, Madam Jun, please have tea."

Su Chen took a sip of tea and said with a smile,

"General Yuwen, do you know about the appearance of heaven-level secrets in Yangzhou this time?"

Yu Wenhuaaji looked at Su Chen. He also saw that Su Chen didn't know martial arts. Now Yu Wenhuaaji didn't know what he was going to do.

"Wu Xiangjun is also interested in that heaven-level secret book?"

Su Chen took Changsun Wuchu's hand, touched it, shook his head and said,

"The general joked, 'My wife and I don't know martial arts, so it's useless to ask for martial arts secrets.'"

At this moment, a masked man in black suddenly flew in from outside. After she came in, she looked at the people here and rushed towards Su Chen with a sword.

"Dog officer, I want to kill you, the most dog officer, for the sake of the people of the world."

I wonder, why would this female assassin assassinate me? And I'm not a dog official either.

Chapter 110

Su Chen was a little confused when he saw the female assassin rushing towards him. He had only been in Sui Dynasty for a few days, how could an assassin assassinate him?

Changsun Wuchu hurriedly leaned next to Su Chen. She saw that this female assassin was coming for Su Chen. Now she was also a little worried that Su Chen would be killed by this female assassin.

Although Su Chen was a bit shameless and lustful, Changsun Wuchu still felt very happy to be with Su Chen. She could say whatever she wanted around Su Chen, and she could even teach him a lesson when she quarreled with Su Chen.

Changsun Wuchu felt that he was carefree by Su Chen's side and didn't have to pretend to be himself. This made Changsun Wuchu like this kind of life.

Su Ming immediately pulled out the broken blade and stood in front of Su Chen and Changsun Wuyu. He did not expect that someone would assassinate Wu Xiangjun in Yu Wenji's mansion.

Yu Wenhuaaji looked at Wu Xiangjun who came to assassinate and was a little confused as to why this assassin came to assassinate Wu Xiangjun in his own house.

Doesn't this little assassin in the Xiantian realm know that he is a master? Or do you want to frame yourself?

When the female assassin was about to rush over, Su Ming shot towards the female assassin.

Bump, tear, pull. Although this female assassin is an innate master, under Su Ming's magic, Su Ming cut her dress instantly, and blood immediately flowed out of her arm.

"protect the general"

"Quick, protect the general."

At this time, Yu Wenhuaaji's military guards also rushed in. When these troops rushed in, they immediately surrounded the female assassin and killed her.

"kill"

""Yi Swordsmanship" ahhhhhh.

The female assassin quickly killed some soldiers with Yi Swordsmanship and quickly fled outside. She also saw that there were more and more troops here, and the assassination failed.

Su Ming saw that the female assassin was trying to escape. , he didn't chase him. He was the only secret guard here now. Su Ming was also afraid that this female assassin would lure the tiger away from the mountain, which would put Lord Wu Xiang in danger.

Yu Wenhuaaji saw this assassin's swordsmanship and hurriedly ordered,

"Yi swordsmanship? Goryeo, catch him. This is the assassin who assassinated the emperor."

"If you want to catch me, you are not worthy, Yuwen Dog Officer, I will come to kill you next time."

The female assassin killed the nearby soldiers and then used Qing Kung Fu to jump to the wall and glared at Su Chen and said loudly.

After hearing what the assassin said, Su Chen knew that the assassin had mistakenly admitted the wrong person. I am the one who killed him. I am here to help Yu Wenji. Taking the blame, this female assassin is also a fool. Yu Wenhuaaji is almost forty, and he is only in his twenties. No matter how he looks at it, he cannot be Yu Wenhuaaji.

Su Chen now also thinks that this woman should be Fu Junzhuo of Goryeo will be the adoptive mother of Kou Zhong and Xu Ziling in the future. She should have assassinated Yu Wenji after the assassination of the emperor failed. This Fu Junzhuo will flee to Yangzhou in the future, and the plot of Double Dragons of the Tang Dynasty will also begin.

"You want to run, can you run?"

""

—

_ She vomited blood and ran away without making another move. She was hit by his Xuan Bing Jin. This female assassin was doomed.

"Go find this female assassin for me. If you want to see her alive, you want to see her body if she dies."

"Yes, general."

Yu Wenhuaaji saw the assassin escape and returned to the living room. He also knew that the assassin had mistakenly recognized the wrong person. This female assassin was here to assassinate him.

But he did not expect that he would think that Wu Xiangjun was him. Yu Wenhuaaji After looking at Wu Xiangjun, he couldn't understand. Could it be that Wu Xiangjun was more noble than himself?

After Yu Wenhuaaji came back, he apologized to Su Chen,

"Mr. Wu Xiang, I can't help myself this time. I didn't expect that the assassin who assassinated the emperor would come to assassinate me this time, and he mistook Mr. Wu Xiang for me."

Su Chen looked at Yu Wenhuaaji and didn't want to stay here anymore. Now Fu Junzhuo has appeared. Su Chen knows where the longevity secret is. Su Chen also wants to get the longevity secret to see what secret it is.

"Isn't there nothing wrong with me? Let this go. General Yuwen, I came to Sui Dynasty this time to make a deal with you. I need a large amount of food and weapons, and I hope the general can provide them for me."

Yu Wenhuaaji looked at Su Chen in a nonchalant manner. Although he knew that Su Chen was rebelling, why did he come to him for help?

Yu Wenhuaaji said to Su Chen calmly,

"Haha, Mr. Wu Xiang is joking, you should go see our Sui Emperor about this, but I can't make the decision."

Su Chen looked at the cunning Yu Wenji and smiled and said,

"General Yuwen, although I am not from the Sui Dynasty, I still understand some things in the Sui Dynasty. I also know who is in charge of Jiangdu now. General Yuwen, there is no need to beat around the bush."

"I like to be direct and straightforward, so let's get straight to the point. General Yuwen, as long as you provide me with what I need, I will control the southern part of the Song Dynasty in a year and I will provide you with twenty elite troops. Help you win the Great Sui Dynasty."

Yu Wenhuaaji was a little surprised now. He didn't expect Su Chen to be so courageous. Yu Wenhuaaji knew that Wu Xiangjun's current army was more than 100,000, and it was still a very powerful army.

One year later, if Su Chen By controlling the southern part of the Song Dynasty, his army will be even larger. Yu Wenhuaaji believes in Su Chen very much on this point.

"Is this true?"

Su Chen saw that Yu Wenhuaaji was a little moved and continued,

"I, Su Chen, keep my word, and we can also form an alliance. I will launch a war in the Song Dynasty, and you will launch a war in the Sui Dynasty, so that we can help each other if anyone has difficulties in the future."

Yu Wenhuaaji laughed loudly after hearing Su Chen's words.

"Haha, okay, Mr. Wu Xiang, we can form an alliance, and I will provide you with the supplies you want. I hope to see your twenty troops arrive in a year."

Su Chen smiled when he saw Yu Wenhuaaji agreed. It's hard to say whether Yu Wenhuaaji can live for more than a year. Now he can get some food and weapons with nothing, and then he can slowly bring Yu Wenhuaaji to him. The army accepted it and hoped that Yu Wenhuaaji would prepare more money and troops during this period.

Su Chen took out a box and handed it to Yu Wenhuaaji and said with a smile,

"Don't worry, you will definitely see my army arrive, General Yuwen. During this time, you can only gather your troops and wait for the arrival of my army. You can use this."

Yu Wenhuaaji took the box Su Chen handed him and asked doubtfully,

"I understand, what is this?"

"A small gift. The rebellious rebels everywhere in the Sui Dynasty are just small things. The object in your hand can make the Sui Dynasty completely chaotic. It depends on how you use it."

"Oh, then I want to see this gift."

After Su Chen and Yu Wenhuaaji discussed the needed food and weapons, they left Yu Wenhuaaji's mansion with Changsun Wuchuan.

On the way back, Changsun Wuchuan asked Su Chen and Yu Wenhuaaji several times. What exactly is the alliance going to do? Changsun Wuchu just thinks that it has nothing to do with Su Chen. She doesn't know if Su Chen will tell her. The secret that Changsun Wuchu heard this time also made her uneasy.

Su Chen looked at it. Seeing Zhangsun Wuchu who was a little uneasy, he hugged her and said,

"Don't ask any more questions, I'll tell you later"

"Let me go, we are on the street now, let me go quickly"
