

Zongwu 1021

Chapter 1021

In front of Hulao Pass, hundreds of thousands of troops from the coalition of princes are waiting for the order to attack Hulao Pass. At this moment, the princes are also waiting for whether Lu Bu will go out to fight at Hulao Pass? Will the masters of the Huanyinfang under the young lady kill Lu Bu, a slave from three families, in one fell swoop this time?

"Miss Yan, will Lu Bu come out to fight at Hulao Pass?"

"Yes, Lu Bu has been very ruthless these days. He thinks he is powerful and is arrogant. He will come out of Hulao Pass to fight."

"Um! Lu Bu is a proud and arrogant person."Cao Cao looked at Su Yan with a wary look in his eyes.

He felt that this Miss Yan might be his biggest enemy in the future. Although the princes are united now, the princes like Yuan Shu, Sun Jian, Yuan Shu, and Ma Teng all have the same intentions. Ambition.

The Han Empire is also in the sunset.

The Han Empire will be full of smoke in the future. After the alliance, the war between the princes will definitely happen. The powerful princes will annex the weak princes.

This Miss Yan is so smart and smart at a young age, and she is behind the scenes. And with the support of Huanyinfang.

Cao Cao looked at Su Yan and wanted to get rid of this little girl after the princes came to understand the war. He believed that Yuan Shao and others would also have the same idea.

Le Bingyun noticed Cao Cao's hostility and looked at her Looking at the princes around her, she found that some princes were hostile to Su Yan,"Miss, be careful of these princes, they seem to have ill intentions towards young lady."

Su Yan smiled when she heard Le Bingyun's voice reminder.

It would be strange if these princes were not afraid of her, but she was not worried that these princes would deal with her now. Before the alliance was disbanded, the princes They will not attack each other, nor will they attack her.

Boom da da da da da.....

Suddenly, the gate of Hulao Pass opened, and tens of thousands of cavalry roared out from Hulao Pass. In just a quarter of an hour, one hundred thousand Xiliang cavalry lined up in front of Hulao Pass, preparing to charge into battle.

Lu Bu was wearing armor and riding on a red rabbit horse. He was holding a Fangtian painted halberd and stood in front of the Xiliang cavalry army with heroic spirit.

He looked at the coalition of princes and shouted disdainfully, "Lü Bu is here, who dares to come out to fight? Does that bastard who scolded me just now dare to come out to fight?"

Xiahou Dun shrank when he heard Lu Bu's scolding. But he didn't dare to fight Lu Bu alone. Lu Bu was very powerful. Even if he fought Lu Bu desperately, he would probably be killed within ten moves.

Su Yan looked at Lu Bu on his horse and asked loudly, "Are you Lu Bu, the slave of the Sanjia family? You are just average in appearance, and your strength is so-so. Aren't you afraid of dying without a burial place if you are so arrogant?" The powerful and heroic Lu Bu also feels good, but Lu Bu is a capricious villain, and she will not conquer such a dishonest person.

Lu Bu looked at the princes around him and laughed at Su Yan, "Little girl, are you Miss Yan from Jingzhou? A yellow-haired girl dares to appear on the battlefield. It seems that you are also a lawless rich lady. Yellow-haired girl, you don't want to die." , you should go home and nurse, hahaha!"

Boom!

"Be bold! Lu Bu, you are looking for death!"

"presumptuous!"

Le Bingyun, Yagyu Xueji, the shadow team, Xuan Jingtian and Miaochengtian from Huanyinfang, after hearing Lu Bu's words, they all looked at Lu Bu angrily and wanted to immediately kill this person who dared to insult the eldest princess. asshole

"Grandmaster? this.....Are they all great masters? How can this be? How could there be seven great masters around this little girl?"Lu Bu looked at the women around Su Yan in surprise and was very shocked.

Seven Grand Masters!

This is so scary!

How can this little girl have so many Grand Masters protecting her? Who is she?

Hu The masters of the Tianxiahui behind bars and the people from Wushuang City in the coalition of princes were all shocked when they looked at Su Yan. Although some people knew that there were many masters around Su Yan, the momentum burst out by the seven great masters made They were all shocked

"Lu Bu, laugh! Keep laughing!"

"What are you?"

"You, a capricious, selfish slave of three families, don't deserve to know my lady's name."

"hateful!"

Lu Bu didn't expect that this little girl would dare to look down on him like this, and even insult him in public.

However, he looked at the powerful and beautiful guards around Su Yan, which made him very cautious.

There were several of those women who were interested in him. The threat was huge. If he attacked those women, he might really die without a burial place.

Some of the princes looked at Su Yan with great vigilance.

They did not expect that Su Yan would have so many powerful guards. Originally, they thought that there were only two Jiutian Saint Ji from Huanyinfang, but they did not expect that there were five powerful Grand Master masters.

This made some princes have the idea of killing Su Yan. Miss Yan will not get rid of her now. , will become their main opponents in the future. Among them, Yuan Shao, Cao Cao, Yuan Shu, Ma Teng and others looked at Su Yan very clearly.

"Le Bingyun, go teach Lu Bu a lesson. Remember, all you need to do is defeat and injure Lu Bu. A selfish villain like Lu Bu is still useful, so let him continue to do whatever he wants with Dong Zhuo." Su Yan waved his hand to Le Bingyun and ordered,

It's not that Su Yan doesn't want to kill Lu Bu.

It's just that this time the Understanding Alliance will be disbanded after breaking through the Tiger Prison, and the princes will not be able to continue to attack Dong Zhuo. If Dong Zhuo escaped from Luoyang, and the princes would not be able to continue to hunt Dong Zhuo this time.

Dong Zhuo would be a disaster if he stayed, and Lu Bu was also a capricious, unruly and despicable villain.

If Lu Bu is let go this time,

Dong Zhuo and Lu Bu will definitely do it in the future. There will be conflicts and even cannibalism. Whether Dong Zhuo dies or Lu Bu dies, this will cause Dong Zhuo's power to be divided into five., Dong Zhuo's power will no longer be a concern in the future.

"Yes, miss!"

When Le Bingyun saw Lu Bu resisting his sword attack, he smiled and said, "Lu Bu, you really have some abilities."

"Ahem! Damn it, why are you so powerful?"

Chapter 1022

Lu Bu looked at Le Bingyun and was very wary.

He had resisted Le Bingyun's attack just now, but he was still injured by some sword energy. Although the injury was not serious, he was a little afraid of this powerful woman. The Jianghu people The strength is indeed very strong

"The sword god has no self! [Quiet] [Guard] [Void] [None]"

Boom!

Suddenly, after Le Bingyun's long sword lightly touched, four sword pillars suddenly appeared around Lu Bu and surrounded Lu Bu, and in the sword pillars The storm of swords that broke out began to attack Lu Bu continuously.

The Cihang Sword Art practiced by Le Bingyun was upgraded to the King-level Sword Art by Su Chen.

This is much more powerful than the previous Heaven-level Sword Art.

Although the King-level Sword Art is It cannot trigger the strange phenomena of heaven and earth, but the king-level sword art is much more powerful than the heaven-level sword art. The virtual sword pillar formation alone will not be able to break it even by a strong man who is half a step into the heavenly realm.

Boom. Boom boom boom.....

Lu Bu roared and shouted while smashing the sword that attacked him,

"What's this? Why did the sword pillar appear? hateful! Why is there a Blade Storm attack?"

"It depends on how long you can hold on. If I couldn't kill you, I wouldn't go to such trouble to deal with you." Le Bingyun controlled the sword pillar and whispered to himself.

The princes saw that the powerful Lu Bu was defeated by Su Yan's men in just three or five strokes. It didn't even take long to kill Lu Bu. This made them very surprised when they looked at Su Yan.

When Su Yan saw these princes looking at her, she knew that these princes were becoming more and more wary of her, "What are you looking at?" He did not even order the army to attack, but also notified Sun Jian to start a surprise attack on Hulao Pass."

"Oh, yes, beat the drums and order the army to attack Hulao Pass!" Yuan Shao looked at Su Yan when he heard what Su Yan said and hurriedly ordered.

He thought that now is not the time to break with Su Yan. The alliance of princes cannot kill each other now. It will be later that he has to deal with this girl Su Yan. , Dong Zhuo is still the number one enemy of their princes.

"Yes, leader!"

Dong dong.....

"kill! Kill with me!"

"Attack! Take Hulao Pass!"

"Catapult, release!"

"Attack, the whole army attacks."

The generals in the coalition of princes led their respective armies to attack, and Hou Cheng led one hundred thousand Xiliang cavalry and did not retreat into Hulao Pass. Lu Bu is now trapped, and they cannot leave their commander behind. escape

"Xiliang cavalry, follow me, General Lu Bu, kill!"

"kill! kill! kill!"

Boom boom boom boom.....

One hundred thousand Xiliang cavalry began to charge on their war horses, and the sound of huge horse hooves shook the ground. boom!

After the princes' coalition forces collided with the Xiliang cavalry, countless princes' coalition forces were killed by the Xiliang cavalry and trampled to death by war horses.

However, the coalition forces of the princes were large in number, and the Xiliang cavalry was surrounded by the coalition forces of the princes in just a short time.

The brutal fighting began.

People died every moment, including the corpses of the coalition forces of the princes and the corpses of the Xiliang cavalry. There were tragic scenes everywhere outside Hulao Pass.

Hulao was closed,

Zhang Liao saw that Lu Bu was trapped, and the Xiliang cavalry rescued Lu Bu was also stopped by the coalition forces of the princes.

Zhang Liao hurriedly said to Gao Shun, Zang Ba, and Cheng Lian, "Gao Shun, you, Zang Ba, and Cheng Lian quickly lead the left guard army to rescue the general. We cannot lose General Lu Bu."

Gao Shun heard Zhang Liao's words and Zou frowned and said, "Gao Shun understands, but if the 150,000 Left Guards troops leave Hulao Pass, can you hold Hulao Pass?"

"Hulao Pass will not be easily broken. As long as the rear of Hulao Pass is not attacked by surprise, I will definitely defend Hulao Pass with an army of 100,000 people."

"Okay, let's go rescue General Lu Bu."

After Zhang Liao and Gao Shun left, he looked at Wei Xu and said,"General Wei Xu, take 10,000 right guards to inspect the rear of Hulao. Be careful that a coalition of princes will attack Hulao Pass from behind."

Wei Xun shook his head when he heard Zhang Liao's words and said,"General Zhang, the allied forces of the princes outside Hulao Pass are here, and there is no way to bypass Hulao Pass. You are thinking too much."

"We'd better be a little more careful"

"Okay, I'll go do some patrolling."

Zhang Liao saw the masters of the Tianxiahui locked up in Hulao, and he was also worried that the people from Wushuang City would take action at this time.

He said to the masters of the Tianxiahui,"Qin Shuang, you can go out, the people from Wushuang City will Leave it to you"

"Okay, we will take action against the people in Wushuang City."

Qin Shuang nodded to Zhang Liao, then he looked at Nie Feng, Bu Jingyun and the others and said,"We can go out now. Don't let anyone in Wushuang City go this time."

"good!"

Subsequently, the masters of Tianxiahui also mobilized one after another.

Under Hulao Pass, as Gao Shun and others led an army of 150,000 people out of Hulao Pass to attack the coalition of princes, this unprecedented war in the northern continent completely broke out.

Su Yan When he saw hundreds of thousands of troops fighting, he ordered the surrounding guards,

"Come, order the Jingzhou army to stand still. No one is allowed to take any action without my order."

"Yes, miss!"

Su Yan shook his head when he saw the battle of hundreds of thousands of troops.

The combat effectiveness of the troops in the northern continent was not very good. Even Lu Bu's Xiliang Iron Cavalry was stronger. However, although the Xiliang Iron Cavalry was powerful, it was not as good as the Netherworld Iron Cavalry. It feels like nothing

"Xuan Jingtian, do you think the people from the Tianxiahui and the people from Wushuang City are stronger? Xuan

Jingtian bowed to Su Yan and said,

"Miss"

"It should be that Tianxiahui is stronger."

"Wushuang City has been destroyed after the departure of the Sword Master. Those great masters were also given birth to by the panacea. Although their cultivation level is that of a great master, their real strength is not very good."

"Tianxiahui's three-point martial arts Guiyuan is very powerful. Xiongba's three apprentices have learned Tianshuang Fist, Fengshen Kick, and Cloud Pavilion Palm respectively. Their strength cannot be underestimated."

Su Chen was surprised when he heard Xuan Jingtian's words,

"ha!"

"Then aren't the people in Wushuang City going to be destroyed by the people from Tianxiahui this time?"

"Interestingly, the young city lord of Wushuang City who arrived may be in trouble this time, so we will add fuel to their fire. It is best for Tianxiahui and Wushuang City to completely break out into a war."

Su Yan was also very confused.

Although she had heard that Wushuang City was in ruins, after the Sword Master Dugujian left Wushuang City, Wushuang City was in such a state of decline that it gave birth to great masters? Are those great masters still great masters? Are you a master?

Su Yan thought for a moment and shouted to the side,

"Youxue!"

"Miss!"

"Go and do something for me,....."Su Yan whispered something to the Shadow Assassin, and then asked the Shadow Assassin Youxue to leave.

Next to them, Yagyu Yukiji and the others, as well as Xuan Jingtian and Miao Chengtian from Huanyinfang, heard what Su Yan said to the Shadow Assassin Youxue. Those words.

Each of them opened their eyes wide.

They didn't expect Su Yan to do this, but if the shadow assassin Youxue completed Su Yan's mission, then Tianxiahui and Wushuang City might really fight to the death.

The war will even break out soon.

Chapter 1023

On one side of the allied forces of the princes, hundreds of people in Wushuang City were shocked to see the battle between hundreds of thousands of troops.

They are all Jianghu people, but they have never seen such a huge war scene, let alone such a tragic war. Hundreds or even thousands of people are dying on the battlefield every moment.

"The war is so brutal. Even if we experts enter the battlefield, we may not be able to come out alive."

"Um! We Jianghu people fight alone, and at most we are surrounded and killed by hundreds of people. It is like a battle involving hundreds of thousands of troops. We Jianghu people are not suitable to participate in such a war, and it is impossible for us to participate in such a war."

"Yes, Young City Lord, although we have an alliance with the princes, we people from Wushuang City cannot participate in the army's war."

"yes! The imperial army is not something our Wushuang City can deal with, so let the imperial army kill each other."

The great masters of Wushuang City all started talking worriedly. They were worried that the young city lord who was a playboy would be hot-headed and order them to participate in this war. At this moment, the young city lord of Wushuang City looked at the battlefield and was He was so frightened that he had been enjoying his life in Wushuang City and had never seen such a brutal war. If there were not hundreds of masters and five grand masters around him, he would have escaped from here long ago. When he heard his subordinates After the conversation,

Dugu Ming, the young city lord of Wushuang City, couldn't help but nodded. He would not risk his life to participate in this tragic war.

Mingyue glanced at Dugu Ming and was very disdainful.

This waste has no use at all. , and the great masters brought this time were also parallel imports. Now she regretted staying next to this trash.

Mingyue looked at Su Yan on the battlefield, and her eyes flashed with unknown light.

On the entire battlefield,

Su Yan was the only one who was afraid It is the safest.

The war involving hundreds of thousands of troops did not affect Su Yan's army. No matter the coalition of princes or Dong Zhuo's army, they did not take action against Su Yan's army. This is why people outside the battlefield saw this situation. I really don't understand.

Su Yan was obviously on the side of the coalition of princes, so why didn't Su Yan send out his army?

Why didn't Dong Zhuo's army attack Su Yan's army?

"Um? No, be careful, the masters from the Tianxiahui have arrived."Mingyue suddenly felt the arrival of several powerful auras, and she guessed that the masters of the Tianxiahui in Hulao Pass were coming.

When Dugu Ming heard Mingyue's words, he happily said in a hurry,

"Just in time, we will kill these masters of the world, so that we can also break Xiongba's arm"

"Everyone is ready to fight. Whoever kills the most enemies in a while, or even kills Xiongba's disciples, I will reward you well after returning to Wushuang City."

"Yes, Young City Lord"

"Mingyue, come to my side. As long as I am here, those masters of the world will not hurt you. I am a great master."Dugu Ming looked at Mingyue and said with a concern and a smile.

Mingyue rolled her eyes and Dugu Ming took the sword and prepared to fight,"No need, I am also a grand master, I will protect myself."

Dugu Ming threatened with an ugly face when he heard Mingyue's words,

"Mingyue, you are my fiancée. Although you are responsible for this action, I am the Young City Lord of Wushuang City. If you are ignoring me like this, don't force me to use force against you."

"up to you!"

"hateful!"

Dugu Ming glared at Mingyue fiercely and planned to teach this ungrateful woman a lesson after the battle. If Mingyue hadn't been extremely beautiful, he also liked Mingyue, a beautiful woman, very much. He would have long ago Let his men seize Mingyue and take her by force.

Boom!

"kill!"

"Tianshuang Fist!"

"Aeolian legs!"

"Cloud Expelling Palm!"

After the people from Tianxiahui arrived, they began to kill the masters of Wushuang City without saying a word. In just a moment, more than ten people from Wushuang City were killed. The masters of Wushuang City also hurriedly killed Qin Shuang and Nie. Feng and other great masters and masters

"Leave that woman to me, and you will kill the other masters in the world."When Dugu Ming saw Kong Ci in Tianxiahui, he hurriedly ordered.

Duguming did not expect that there would be such a beautiful woman in Tianxiahui. He would not let this beautiful woman go. As long as he could capture this beautiful woman, After that, no matter how he tortures this beauty, it's not up to him.

"Shameless, kill you!"When Kong Ci saw Dugu Ming looking at her lustfully, she angrily attacked Dugu Ming with her sword.

"Little lady, you are no match for me, Jianliu!"Dugu Ming took the sword and dodged towards Kong Ci.

Touch!

Dugu Ming knocked back Kong Ci with a sword and looked at Kong Ci with lust and said,

"Haha, I saw the masters in the late stage of grand master. How can you, a master in the middle stage of grand master, be my opponent? Little lady, surrender quickly, otherwise I will no longer show mercy to you."

"Spirit dance!"

"Twelve swords!"

Bang! Boom!"

"Spirit Phoenix!"

"Fifteen of swords!"

Kong Ci attacked Dugu Ming with sword after sword, and Dugu Ming used the Holy Spirit Sword Technique to continuously repel Kong Ci's attacks. However, Kong Ci's attacks became more and more fierce, and Dugu Ming was somewhat unable to withstand Kong Ci's attacks.

At this time,

Mingyue and Nie Feng were fighting.

Although Nie Feng was strong,

Mingyue was not weak either.

The two of them were also at loggerheads, and there was no difference between them for a moment.

Mingyue could have killed him instantly. Nie Feng.

She has an artifact called Feng Wu Arrow. As long as she uses Feng Wu Arrow, Nie Feng can't avoid Mingyue's killing blow.

But she has an indescribable emotion when she looks at Nie Feng, and she doesn't use it. The Feng Wu Arrow on his back.

However, the other great masters of Wushuang City had a hard time.

Under the attack of Qin Shuang and Bu Jingyun.

Although there were four great masters of Wushuang City fighting Qin Shuang and the others, these parallel grand masters They were no match for Qin Shuang and Bu Jingyun at all, but after fighting for a while, a great master was seriously injured.

Just when Wushuang City and Tianxiahui were killing each other, a black shadow quickly appeared and disappeared here. , no one here noticed the black shadow that just appeared, or even sensed the aura.

Xuan Jingtian and Yagyu Yuki did not pay much attention to the fighting next to the battlefield.

They did not care about the fighting between the Jianghu forces.

Su Yan glanced at the battle next to the battlefield and smiled and said, "The people from Wushuang City and the masters from the Tianxiahui are also fighting. It's really lively this time."

"Madam, do we really not want the army to be dispatched?" Li Wu asked suspiciously after seeing the heavy losses of the coalition forces on the battlefield.

Su Yan waved his hand and said with a smile,

"No, Jingzhou's 50,000 troops are not that good. My Black Bird Army has not arrived yet. I still have use for Jingzhou's army. If Jingzhou's army suffers heavy losses here, I will have no troops to use in the future."

"Will the princes blame the lady for not helping this time?" Xueji Yagyu asked in a low voice while standing next to Su Yan.

Su Yan looked at the princes next to him and shook his head.

"They won't now"

"Don't even dare!"

"Not all countries are monolithic. The powerful princes only brought 70,000 to 80,000 troops this time. They will lose at least tens of thousands of troops in this war."

"Although I have less than 50,000 troops, the armies of those princes are hereThere is much left after the war, and the princes will not break with me now

"But I'm afraid it will be difficult to tell in the future"

"If we arrive in Luoyang, we must be careful if Yuan Shao, Cao Cao, Ma Teng, and even Sun Jian and other princes join forces to deal with us. They are all very wary of me and even want to get rid of me."

Chapter 1024

Under Hulao Pass, the fighting of hundreds of thousands of troops became increasingly fierce. Although the troops brought by Lu Bu were all Dong Zhuo's elite troops, the troops brought by the princes were also very elite, and their numbers were larger than Dong Zhuo's troops. Several times more.

Moreover, the generals of the various countries are also very powerful. Without Lu Bu, the left guards of Xiliang Iron Cavalry and Gao Shun can no longer hold on. As long as their armies are dispersed, The army will be completely confused, and there may even be deserters.

While leading his trapped camp to kill the coalition forces of princes, Gao Shun shouted to the surrounding troops to stabilize their morale,"Stay steady, we can survive only by killing these coalition forces of princes." A messenger suddenly arrived to confront him. Gao Shun reported,"General, it's bad, Hou Cheng led the Xiliang cavalry and completely retreated.""

"What? Damn Hou Cheng, how could he retreat at this time?" Gao Shun heard what the messenger said and looked to one side of the battlefield.

He saw that the Xiliang cavalry had given up rescuing Lu Bu and was breaking out of the siege. This made him very angry. If the besieged Xiliang cavalry were to escape, they would probably suffer heavy casualties. Tragic.

Gao Shun, who came from Wei Xun on horseback, said hurriedly next to him,

"Gao Shun and Hou Cheng may not be able to do anything. More than half of the 100,000 Xiliang cavalry have been killed or injured. The Xiliang cavalry belongs to General Lu Bu. If the entire Xiliang cavalry is wiped out here, General Lu Bu may have no troops to use in the future. Got it"

"Gao Shun, let's retreat too"

"We can only rely on Hulao Pass to stop the attack of the coalition of princes, otherwise we will be surrounded and annihilated by the coalition of princes.

Gao Shun wiped the blood on his face and asked expressionlessly, "What should I do, general?" Shouldn't we save General Lu Bu?"

"Gao Shun, even if General Lu Bu has been captured, we can find a way to rescue General Lu Bu in the future. We'd better retreat, otherwise the whole army will be annihilated. Gao

Shun waved his hand and refused, "No, drums, all the troops are advancing towards General Lu Bu. We must rescue General Lu Bu.""

"Yes, General!"

The messenger next to him left and replied,

"Gao Shun?"

"I will not retreat, and General Lu Bu cannot help but save me."

Wei Xu looked at Gao Shun with an ugly face. He didn't expect that Gao Shun was such a deadbeat. This time he was going to be killed by Gao Shun, the bastard.

Dong Dong Dong Dong Dong Dong.....

"Sons, follow me and kill us. If you rescue General Lu Bu, we will be saved. Our General Lu Bu is the best general in the world."

"kill! kill! kill!"

Following Gao Shun's order, the remaining 70,000 to 80,000 Left Guards began to move towards the place where Lu Bu was besieged.

Yuan Shao, Cao Cao and other princes saw that the Left Guards were trying to rescue Lu Bu, which made them panic. , if Lu Bu is rescued, I am afraid that something will happen in the war. Although Lu Bu is surrounded by the armies of the princes, these Lu Bu's troops are all heading towards Lu Bu.

They are also afraid that killing Lu Bu will result in failure.

Yuan Shao saw Then he hurriedly gave an order loudly,"Order the coalition forces to stop these armies and prevent them from rescuing Lu Bu. All the big armies press forward and destroy these Lu Bu's armies.""

"Yes, leader!"

Cao Cao looked at Yuan Shao who was coming to the battlefield and whispered,"Leader, leave a gap. Miss Yan's army has not been dispatched yet. Can we let Miss Yan do nothing, don't you think?""

"Um? good! Hahaha....."Yuan Shao laughed when he heard Cao Cao's words. After he explained to a close subordinate, Yuan Shao and Cao Cao smiled at each other.

On the battlefield, as Gao Shun led the army towards Lu Bu and Su Yan, the coalition forces of the princes continued to surround and kill the army led by Gao Shun.

When the Xiliang cavalry retreated and did not continue to rescue Lu Bu,

Gao Shun had to give up containing the coalition forces of the princes and led the army to rescue Lu Bu personally. This time he had to rescue Lu Bu no matter what.

Bai Qing'er saw Lu Bu's army coming and said with a smile, "Miss, all those troops are coming to save Lu Bu this time."

Su Yan looked at Lu Bu's army, nodded and said,

"Well, the general under Lu Bu is not bad. He did not abandon Lu Bu because of the heavy casualties in the army. At least he is much better than the general in the Xiliang Iron Cavalry who is greedy for life and afraid of death."

At this time, a scout rode up to Su Yan and hurriedly saluted, "Report, Miss Qi, there are about 100,000 black armored cavalry found ten miles away. We have not found out that they are the army of that prince."

"Black armored cavalry? How could there be black-armored cavalry in the northern continent? Could it be that the Tenglong Legion's army has arrived?"

Su Yan was very confused when she heard the scout's words.

She didn't believe that there were black-armored cavalry in the Northern Continent.

Su Yan suddenly thought of the Tenglong Legion that was coming to the Northern Continent. She guessed that those arriving this time were from the Tenglong Legion. The commander of the Black Armored Cavalry Legion and the Tenglong Legion, Gai Nie, probably also received orders from her mother.

This time she was in trouble again, but she had the Black Bird Jade Pendant, so even if the army arrived, she would not dare to take her back.

Su Yan thought for a while He took out the black bird jade pendant from the space ring and said to Bai Qing'er,

"Bai Qing'er, take my Black Bird Jade Pendant to see if the Tenglong Legion has arrived? If the Tenglong Legion arrives, let them not expose my identity. I will be useful for the black-armored cavalry arriving this time."

"Yes, miss!"

Yukiyuki Yuki looked at Su Yan and said with a smile, "Miss, if it is really the black-armored cavalry under the Tenglong Legion that has arrived, the commander of the Tenglong Legion may have received the order from the ladies, and the black-armored cavalry will also take Miss away when they arrive."

"I know, but this time they sent me 100,000 black armored cavalry, haha! Ge Nie will be sorry for him. These 100,000 black armored cavalry will belong to me from now on." Su Yan smiled and nodded.

How could she not know what the black armored cavalry was doing here?

But her mother and aunts had forgotten that they had the Black Bird Jade Pendant. As long as it was his father's army and power, they would Follow the orders of Black Bird Jade Pendant.

Unless her mother and aunts send some troops and forces that are not under her father, it might be possible to capture her back.

But is this possible?

There will be more and more strong men and troops around her. , her mother just sent some troops and forces that were not her father's. Can the master defeat the Shadow Team and the Nine Heavens Saint Princess? Can the army defeat the black armored cavalry? At this time, the princes also learned that there were about one hundred thousand The black-armored cavalry is about to arrive, which makes the princes nervous. Do you know whether the black-armored cavalry is an enemy or a friend? They also hurriedly detach some troops to prepare for the coming 100,000 black-armored cavalry.

Here is the Jingzhou Army,

Huang Zhong and Wei Yan had been guarding Su Yan with their troops. However, when Huang Zhong and the others saw a gap appeared in the allied forces of the princes, Lu Bu's army of ten to twenty thousand troops rushed out of the gap and came towards the place to kill.

"The whole army is ready for war! Protect Miss Yan!"

Chapter 1025

The Jingzhou army, led by Huang Zhong and Wei Yan, formed a military formation in front of Su Yan, preparing to fight Lu Bu's army, which was about to rush over.

Huang Zhong and others did not expect that the hundreds of thousands of princes' coalition forces would allow Lu Bu's army to create a gap, which made them very confused when they looked at the princes' coalition forces.

Tao Qian, the governor of Syria, saw tens of thousands of Lu Bu's troops breaking through the defense line of the allied forces of the princes.

He was very anxious.

When he saw that the gap was Yuan Shao's generals defending and besieging Lu Bu's army, this made Tao Qian look at Yuan Shao. Very angry.

There were 100,000 troops there to prevent Lu Bu's army from rescuing Lu Bu, but the defense of 100,000 troops allowed a mere 20,000 troops to rush over.

How is this possible?

"How is this going? Yuan Shao, why did your general let Lu Bu's army pass?"

"Mr. Tao, the battlefield is changing rapidly. How do I know that Lu Bu's army will break through the defense line? Kong

Rong looked at Yuan Shao and asked expressionlessly, "Yuan Shao, you don't want Lu Bu's army to deliberately rush and kill Miss Yan's army, do you?"

Although Kong Rong is pedantic, he is not stupid.

He has felt the hostility of Yuan Shao and Cao Cao towards Su Yan early on. Yuan Shao and the others must be afraid of Miss Yan's power. I am afraid they deliberately let Lu Bu's army go this time. Go rescue Lu Bu, so that Miss Yan's army can suffer casualties, even heavy casualties.

The expressions of the other princes changed when they heard Kong Rong's words. If this is really what Yuan Shao did intentionally, then the alliance of princes may also come to an end.

Miss Yan has a character of revenge.

Gongsun Zan of Youzhou is a good example. If Miss Yan knew that Yuan Shao did this, I am afraid that the coalition of princes will kill each other again

, and even the coalition of princes will be disbanded.

Cao Cao and Ma Teng and others didn't show any expressions.

They all had the same idea, and this time it was Cao Cao's plan for Yuan Shao.

They, the princes, really hoped that Miss Yan's army would suffer heavy casualties, so that they could get rid of this huge enemy in the future. The threat.

Yuan Shao immediately denied it after seeing the expressions of the princes, "I didn't. How did I know that Lu Bu's army would break through my army's defense. Wang

Kuang, the prefect of Hanoi County, looked at Yuan Shao and reminded,

"Yuan Shao, it's best that you didn't do this. You should know Miss Yan's temper. If Miss Yan knows that you did it on purpose this time, then you should think about what Miss Yan will do."

Yuan Shao turned pale when he heard Wang Kuang's words. He just wanted to consume Miss Yan's army, and simply forgot about Miss Yan's character of revenge.

Yuan Shao took one look at Cao Cao and was very resentful.

This strategy was Cao Cao's. It was given to him.

Did Cao Cao want to use Miss Yan's hand to get rid of him?

Damn you bastard,

I actually fell into the trap of Cao Aman, a short nigger.

At this moment,

Su Yan looked at General Lu Bu who was charging towards him. Looking at the princes, she understood that the princes deliberately let Lu Bu's army come over, which was obviously to consume her army. When

Yagyu Yukihime saw Lu Bu's army, she was about to rush over to save Lu Bu, "Miss, we need to send out the army." Destroy these Lu Bu's armies?"

Su Yan shook his head and said,

"No! Liu Shengxueji, informed Le Bingyun to let Lu Bu go. Lu Bu is useless now. Sun Jian's army will probably sneak into Hulao Pass. Hulao Pass will still be breached even if Lu Bu is let go. Let's continue watching the show"

"Yes, miss!"

After Su Yan saw Yagyu Yukiji leaving, she looked at the princes with fierce eyes and said to herself,

"Princes!"

"This time you are seeking death on your own"

"Wait until Hulao Pass is breached"

"The princes who let Lu Bu's army come over this time should be prepared to die."

Just a moment later, after Le Bingyun and Yagyu Yukiji returned, not far away,

Lu Bu, who was released with scars all over his body, joined Gao Shun. He looked at Su Yan angrily, but he did not dare to attack Su Yan. Yan's army.

Su Yan had an army of 50,000 people, and there were even more masters from the Grand Master.

The powerful woman just surrounded him and taught him a lesson. She had no murderous intention at all, otherwise he would have been killed long ago. Lu

Bu didn't know why that powerful woman did this, but he would not seek death by provoking Miss Yan again.

"General, what should we do?"

Gao Shun looked at the hundreds of thousands of princes' troops from behind who had killed all the remaining left guards. Now that the princes' coalition forces were approaching, if they wanted to escape, they could only charge towards Miss Yan's army in front.

Lu Bu rode the red rabbit horse that shared his fate and said angrily, "Kill the allied forces of the princes so that we can escape from the siege of the allied forces of the princes. Gao

Shun looked at Lu Bu and asked doubtfully, "General, there are hundreds of thousands of princes' coalition forces behind us. Wouldn't it be easier for us to kill the 50,000 troops in front?"

"It's easy as hell. The whole army obeys my order and follows me out." Lu Bu said helplessly to Gao Shun.

He didn't want to face those women anymore.

It would be easy for a powerful woman to kill him. There were seven powerful women there. If this time from Miss Yan, If he breaks through, I'm afraid he will die without a burial place no matter how lucky he is.

"Yes, General!"

"kill!"

Su Yan smiled when he saw Lu Bu leading his army to fight back against the coalition of princes. Lu Bu still had a brain. If he dared to rush towards him, Su Yan would not make it easy for Lu Bu.

Su Yan looked at Huang next to him Zhongjiu ordered,"Huang Zhong, lead the army to prepare to attack Hulao Pass. As long as the gate of Hulao Pass is opened, we must attack Hulao Pass as quickly as possible. The main palace of Hulao Pass must be controlled by me first.""

"Yes, miss!"

Le Bingyun asked suspiciously after hearing Su Yan's order,"Miss, can this Lu Bu still fight his way back to Hulao Pass?"

Su Yan shook his head and said with great certainty,"It's impossible. Lu Bu is facing hundreds of thousands of troops. He can't kill him back to Hulao Pass. However, it shouldn't be difficult for Lu Bu to lead the army to escape. It's just that his army is I'm afraid there won't be much left if we escape."

"Then Lu Bu will flee directly back to Luoyang?"Xuan Jingtian looked at the hundreds of thousands of troops around him and nodded.

"Um! After Lu Bu escaped, he saw that Hulao Pass was breached by the coalition forces of the princes. He could only escape back to the imperial capital Luoyang City."

Speaking!

Su Yan looked at Lu Bu who was fighting on the battlefield and continued,

"I hope that after Lu Bu escapes back to Luoyang, he will have a conflict with Dong Zhuo. It is best if Dong Zhuo reprimands Lu Bu severely and refuses to let Lu Bu control the army again. Then Lu Bu will definitely be resentful in the future, and maybe Lu Bu will kill him if his head gets hot. His adoptive father Dong Zhuo. Xuan

Jingtian smiled and said to Su Yan, "Miss, it's not like Lu Bu has never killed his foster father before. If Lu Bu kills another foster father, Lu Bu's reputation will be completely ruined.""

"Foster father killer? Ha ha!"

At this time, chaos broke out in Hulao Pass. Sun Jian led a coalition of 50,000 princes to sneak into Hulao Pass from the rear. Zhang Liao, who was guarding Hulao Pass, did not expect that the coalition of princes really came in from the rear..

Zhang Liao looked at the coalition of princes who had rushed to the city gate and shouted angrily, "Where is General Wei Xu?" Didn't he lead the army to inspect the rear of Hulao Pass?"

"General, General Wei Xu didn't inspect the rear of Hulao Pass at all. He just walked around Hulao Pass and came back." A messenger immediately saluted Zhang Liao and said,

"Damn it, hurry up and protect General Lu Bu's wife and young lady from Hulao Pass. Hulao Pass can't be defended anymore."

"Yes, General!"

Chapter 1026

Hulao Pass, after Sun Jian led the coalition of princes to successfully attack Hulao Pass, the gate of Hulao Pass was opened. When the coalition of princes guarding Hulao Pass saw that Hulao Pass was opened, they quickly organized their troops to attack.

Among them, the

Jingzhou army was faster at Hulao Pass. After the gate of Hulao Pass was opened, Huang Zhong and Wei Yan led the Jingzhou army to rush into Hulao Pass. They remembered Su Yan's order, Hulao Pass. They must control the Guancheng Lord's Mansion first.

At this moment, on the battlefield outside Hulao Pass,

Lu Bu led an army of less than 20,000 men and charged through the coalition of princes. Although the troops of the coalition of princes were numerous, the powerful Lu Bu was unstoppable on the battlefield and stood in front of him. All the soldiers and generals who ignored him were killed by him with one blow.

This caused the troops and generals of the coalition of princes to flee in panic when they saw Lu Bu's arrival.

"General, Hulao Pass has been breached."

On the battlefield,

Gao Shun saw that the gate of Hulao Pass was opened, and some troops from the coalition of princes had rushed to Hulao Pass. He hurriedly said next to Lu Bu.

Lu Bu's face was very ugly.

He originally wanted to rush out of the coalition of princes. After the siege, I tried to find a way to return to Hulao Pass, but I didn't expect that Hulao Pass was actually breached.

Zhang Liao!

Damn it!

Didn't Zhang Liao swear that the Hulao Pass would be foolproof?

The allied forces of the princes were on the battlefield. How was the prison gate breached?

Did Zhang Liao betray him?

Lu Bu waved Fang Tian's painted halberd while killing the allied forces of the princes who stopped him, and shouted, "I saw it, follow me and rush out of the siege of the allied forces of the princes. Let's go back." Luoyang, the imperial capital"

"The general, his wife and the young lady are still in Hulao Pass, why don't we go and rescue them?"

"There is no way to save us. There are many armies from the coalition of princes. Our remaining armies are too exhausted. We can only escape first."

"Yes, General!"

As for the princes, after Hulao Pass was opened, they, the princes, also knew that Sun Jian's sneak attack on Hulao Pass was successful. However, on the battlefield, after Lu Bu was rescued, the allied troops of the princes were surrounding and killing Lu Bu. At Laoguan, only some armies of small princes rushed in.

When Tao Qian saw Lu Bu killing everyone on the battlefield, he shouted angrily, "Yuan Shao, it's all your fault for being rescued. Lu Bu is the leader. Lu Bu is powerful. You see." Look how many of our soldiers and generals were killed by Lu Bu?"

"I....."

Yuan Shao also regretted it very much.

He did not expect that Miss Yan would directly let Lu Bu go. However, after Lu Bu was let go, he did not seek revenge from Miss Yan, but wanted to break out from the allied forces of the princes.

If Lu Bu escapes, it will be a greater disaster in the future.

Yuan Shao can only hope that the army can surround Lu Bu and kill him.

"Yuan Shao, I will leave Lu Bu to you. We will lead the army to attack Hulao Pass."

Kong Rong, Wang Kuang and other princes next to them looked at Yuan Shao with disdain, and then they left here with their guards.

"damn it!"

Yuan Shao was very angry when he saw the princes leaving. He looked at Cao Cao aside and became even more angry, "Cao Cao, this is all because you, a bastard, bewitched me. You just want me to have a conflict with Miss Yan, right?"

"Alliance leader, I don't know what you are talking about. I am going to capture Hulao Pass, and Lu Bu will trouble the alliance leader." Cao Cao smiled at Yuan Shao without changing his expression and left in a hurry.

He saw the killing intent in Yuan Shao's eyes. If he continued to stay here, I'm afraid Yuan Shao would be angry and attack him.

None of Cao Cao's troops are here.

He didn't want to stay here and be killed by Yuan Shao's men.

When Yuan Shao saw Cao Cao leaving, he yelled and cursed, "You villain, Cao Mengde, you are a complete villain."

Ma Teng and some of the remaining princes looked at the angry Yuan Shao and smiled silently.

Yuan Shao was obviously taken advantage of by Cao Cao, that short black man.

However, this can only be blamed on Yuan Shao's stupidity. They I also thought that Cao Cao would be in bad luck in the future. Yuan Shao would definitely not let that short black man off Cao Cao in the future.

Da da da da.....

At this time, a huge sound of horse hooves came from the distance, and the ground outside Hulao Pass was shaken. The princes who stayed here looked nervously in the direction of the sound of horse hooves. They all knew that mysterious weapon The army has arrived.

In the distance, a black-armored cavalry army galloped from a distance. One hundred thousand black-armored cavalry troops charged. The scene was very shocking. This was an army that was far more powerful than the Xiliang cavalry.

The black-armored cavalry army has not arrived yet, but there is a murderous aura coming from all over.

The troops of the princes here and the princes who stayed here were very frightened.

Only an army that has often experienced wars can have such murderous intent. These 100,000 black-armored cavalry troops are all the best among the best.

Boom boom boom.....

When a prince saw the movement of the black-armored cavalry army, he exclaimed, "Those black-armored cavalry troops are heading towards Miss Yan? Are they going to attack Miss Yan?"

Yuan Shao also saw the movement of the black-armored cavalry army, and he thought If these black-armored cavalry troops kill Miss Yan, this will help him solve a big threat. As for the origin of this black-armored cavalry army, he will find a way to find out whose army this black-armored cavalry army belongs to in the future.

"Ha ha! These black-armored cavalry troops must be Miss Yan's enemies. Miss Yan will be finished this time."

"This may also be Miss Yan's army." Ma Teng looked at the approaching black-armored cavalry army with a solemn face and was very shocked.

This was an army even more powerful than the Xiliang cavalry, and these black-armored cavalry troops rushed towards Miss Yan, which made him feel a little bad. Premonition!

Miss Yan's Jingzhou troops all rushed into Hulao Pass. If these black-armored cavalry troops are Miss Yan's enemies, then why didn't Miss Yan leave her troops behind to prepare for war with the black-armored cavalry troops?

"This is impossible. How could that girl have so many powerful cavalry?"Yuan Shao shouted with disbelief,

"Just read on and you'll find out."

At this moment, less than a hundred meters away from Su Yan, the 100,000 black-armored cavalry army stopped in order.

In front of Su Yan, a general wearing black armor came on horseback.

He hurriedly dismounted and knelt down to salute. road,

"Black-armored cavalry general, Yue Fei, see Miss."

In order not to expose Su Yan's identity or the arrival of the Xuantian Empire's Tenglong Legion in the Northern Continent, Yue Fei could only address Su Yan as Miss, and the First Cavalry Regiment under the Tenglong Combat Legion could only address him as the Black Armored Cavalry.

"See Miss!"

One hundred thousand black-armored cavalry also knelt down in order and saluted Su Yan.

Su Yan looked at the cavalry of the Tenglong Legion and waved and said,"Get up, Yue Fei. Your black-armored cavalry army will be under my command from now on. I will send a letter to Gai Nie to inform him."

"Yes, miss!"

Yue Fei hurriedly saluted after hearing Su Yan's words.

He knew Su Yan's true identity, the eldest princess of the empire!

She was also the first heir to the empire.

And the existence of the black bird jade pendant confirmed the future of the eldest princess Su Yan's empire. The identity of the heir.

He did not dare to be disrespectful to Su Yan. Even when Genie, the commander-in-chief of the Tenglong Combat Legion, arrived, he had to show his utmost respect to the eldest princess Su Yan.

The two great Nine Heavens Saint Ji from the Shadow Team and Huanyinfang beside Su Yan They all looked at the black-armored cavalry army and nodded. These are the real armies. This is an army more powerful than the coalition of princes and Dong Zhuo's army.

Cai Yan looked at the arriving black-armored cavalry army in stunned silence.

The Jingzhou army was attacking Hu. After being imprisoned,

Cai Yan and Zhen Mi came to Su Yan.

Cai Yan originally thought that the arrival of the black armored cavalry army would be detrimental to Su Yan. When she saw Su Yan and Zhen Mi next to her, she did not panic at all. Even Zhen Mi looked at She even smiled when the black-armored cavalry army arrived.

This made her very confused, but now she understood.

These black-armored cavalry troops were Su Yan's army, and

Su Yan's identity made Cai Yan even more curious.

Chapter 1027

Cai Yan thought about all the powerful armies in the Han Empire, and she never thought that any prince had such a powerful army.

White horse follows the righteousness!

Xiliang Iron Cavalry!

Dong Zhuo's Flying Bear Army!

The imperial guards in the imperial capital!

These powerful armies are not as powerful as the black armored cavalry.

At this moment, the remaining princes were dumbfounded as they watched the black-armored cavalry army kneel down and salute Su Yan. They did not expect that such a powerful army would be Miss Yan's army.

Does Jingzhou have such a powerful army?

Is this 100,000 black armored cavalry army Miss Yan's private army?

Or even the reinforcements sent by Miss Yan's parents to Miss Yan?

Yuan Shao looked at Su Yan in the distance with trembling eyes.

Those black-armored cavalry troops turned out to be Miss Yan's army. They were a hundred thousand elite cavalry troops. This was terrifying.

Yuan Shao was very afraid that Su Yan would come to trouble him.

He thought of Gongsun Zan's fate and decided to leave here immediately.

What kind of leader of the alliance of princes?

What is the war against Dong Zhuo?

He didn't care anymore, he would definitely be killed by Miss Yan if he stayed.

Yuan Shao didn't want to end up like Gongsun Zan.

Ma Teng's face was also very ugly.

Miss Yan's power was too powerful.

I am afraid that none of the princes will be Miss Yan's opponent. It seems that they will unite with some princes in the future. Otherwise, these princes will be killed one by one by Miss Yan's army.

At this moment, in Hulao Pass, the allied forces of the princes continued to attack Hulao Pass.

Zhang Liao also gave up guarding Hulao Pass. Hulao Pass was now in chaos. Lu Bu's army was divided, and Zhang Liao could only Gather as many troops as possible to break out of Hulao Pass and return to the imperial capital Luoyang.

A general ran to Zhang Liao and said hurriedly, "It's not good, general, my wife and young lady were not rescued. The coalition of princes has taken control of the city."

"What? Let's save the lady and the young lady!" After Zhang Liao heard this, he ordered very anxiously.

He was thrown away in Hulao Prison.

If his wife and young lady were caught by the princes again, how could he explain to Lu Bu? Lu Bu might kill him in anger.

"General, we can't go. More than 200,000 princes' coalition forces have rushed into Hulao Pass. If we don't leave, we will be surrounded by the princes' coalition forces."

"Damn it, how can I explain this to General Lu Bu?"

"General, make a decision quickly!"

"Withdraw, the entire army will follow me back to Luoyang, the imperial capital."

"Yes, General!"

Zhang Liao looked at Hulao Pass with a pale face and ordered the army to retreat helplessly.

He also knew that if he did not retreat, he might not be able to save the remaining 60,000 to 70,000 troops. The Xiliang cavalry had already escaped. Even if he stayed, he might not be able to save them. Lu Bu's wife and daughter came out.

As Zhang Liao withdrew his army,

Hulao Pass also fell into the hands of the coalition forces of the princes.

This had opened the final passage to the imperial capital Luoyang, which was already in the possession of the princes.

In the lord's palace of Hulao Pass, Lu Bu's wife and daughter have been arrested by Huang Zhong and others. However, Huang Zhong did not embarrass Lu Bu's wife and daughter. He just kept Lu Bu's wife and daughter in the same room. He didn't care about them anymore.

In a room in the city lord's mansion, a beautiful little beauty pulled a gentle and elegant woman and asked hurriedly,

"Mom, father has escaped?"

The beautiful woman touched the little beauty's hair and said comfortingly, "Well, didn't the general just say that? Your father is not dead. He came to save us after he escaped."

The little beauty clenched her fists and said with conviction, "Father will definitely come to save us. Father is the best general in the world."

"Most definitely."

In the evening,

Su Yan also entered Hulao Pass with his army of black-armored cavalry.

In the city lord's palace,

Su Yan smashed the teacups and porcelain in the room with an angry look. She did not expect that Yuan Shao actually ran away with his, that bastard who dared to scheme against her actually escaped at noon

"Miss, why don't you let the black-armored cavalry army hunt down Yuan Shao? Le Bingyun looked at the angry Su Yan and said.

Su Yan thought about it and said helplessly, "Forget it, we will deal with that insidious guy in the future. Are all the materials in Hulao Pass under our control?" Huang

Zhong immediately saluted Su Yan and said,

"Let me tell you, Miss, the granaries and weapons and equipment in Hulao Pass are all under our control, and the princes have not robbed them from us."

"Haha, that's because they don't dare." Su Yan felt better after hearing this. With the food, grass and weapons for hundreds of thousands of troops in Hulao Pass, she didn't have to worry about the army's material supplies.

Su Yan suddenly thought of the battle between Tianxiahui and Wushuang City. He said to himself, "I don't know how the battle between Tianxiahui and Wushuang City will go? Why is there no news yet? Xuan

Jingtian poured a cup of tea for Su Yan and said with a smile, "Miss, people from the Tianxiahui may still be chasing people from Wushuang City, and there may not be any news today." Su

Yan nodded and said, "Well, with Youxue here, the people in Wushuang City will definitely be wiped out this time, and Mingyue will also be captured by Youxue.""

Wei Yan saw that Su Yan was now in a better mood, and he bowed and said, "Miss Lu Bu's wife and daughter have also been captured by us. Miss, do you want to meet them?"

Su Yan nodded when he heard Wei Yan's words and said, "Take me there, I want to see what Lu Bu's wife and the woman look like."

"Yes, miss!"

In the Western Continent,

Su Chen, Gongsun Liji, and Mei Sanniang have already entered the pass.

They rushed all the way towards Heimuya, where the Sun Moon God Sect is based.

Su Chen has also arranged everything in Shengjing City. Su Chen also They spent another day with Hai Lanzhu and the others. They originally left at noon, but Su Chen lingered before leaving Shengjing the next day.

In a small town,

Su Chen, Gongsun Liji and the others stayed in an inn. We are not far from Heimu Cliff, and there are also a lot of Jianghu people in this town. These Jianghu people are preparing to see the Five Mountains Sword Sect merge and attack the Sun Moon God Sect.

In the room in the inn,

Gongsun Liji After pouring a cup of tea for Su Chen, he asked doubtfully, "Su Chen, do we really want to go directly to the Sun and Moon God Sect? The leader of the Sun Moon God Sect, Dongfang Bubai, is a powerful master. Can you defeat Dongfang Bubai?"

Su Chen shook his head while drinking tea and said, "I don't know, I don't know what level of cultivation Dongfang Bubai is, but I don't have to fight Dongfang Bubai this time. I'll try to see if I can convince Dongfang Bubai. Undefeated."

Su Chen is very interested in Dongfang Bubai.

The unparalleled Dongfang Bubai is a beautiful woman.

Although Dongfang Bubai has a weird and cruel personality, he has a trump card.

Yilin!

Dongfang Bubai's biological sister!

As long as Dongfang Bubai treats her sister like in the plot, it will be impossible for Dongfang Bubai to take action against him. Su Chen can also take advantage of Dongfang Bubai's cold beauty, Dongfang Bubai's royal sister at will. But it is inevitable

"Do you plan to make Dongfang Bubai surrender to your empire?"

"Um! I have this plan!"

Chapter 1028

Su Chen smiled and hugged Gongsun Liji in his arms.

Su Chen not only wanted to conquer Dongfang Bubai, but he would not let go of the beautiful Dongfang Bubai. Although he had many women, Dongfang Bubai There is a kind of network plot to defeat Su Chen.

Judging from the intelligence, Dongfang Bubai did not meet Linghu Chong of the Huashan Sect, and Linghu Chong was imprisoned by Yue Buqun after he was deposed by Su Yan.

Su Chen even suspected that Yue Buqun had killed Linghu Chong, but why did Feng Qingyang of the Huashan Sect watch Linghu Chong being imprisoned? Didn't you try to save him? This was something Su Chen couldn't understand.

Gongsun Liji was hugged by Su Chen, and she looked at Mei Sanniang next to her with a shy face. She was helpless to this bastard Su Chen. This bastard always touched her, which made Gongsun Liji... Ashamed and helpless

"How shameless!"

Mei Sanniang curled her lips and cursed when she saw Su Chen hugging Gongsun Liji again.

When Su Chen heard Mei Sanniang scolding him again, he said teasingly, "Mei Sanniang, are you jealous?"

"I'm jealous? I'm so jealous, you shameless pervert is a bastard. Even if I'm blind, I won't like you, a shameless bastard."

Mei Sanniang wants to strangle this shameless pervert to death while kicking Su Chen.

How could she be jealous?

This bastard is an unabashed bastard.

"I'll do it! Mei Sanniang, I regret it, I shouldn't have given you Zhu Guo." Su Chen looked at Mei Sanniang with a fierce look and was very speechless. Mei Sanniang still acted like the boss of the world and her second child. It seems that the lessons he has taught her these days have been in vain.

Mei Sanniang With a proud expression, he smiled and said, "It's too late to regret it, I've already eaten the Zhu Guo."

Mei Sanniang is now a master in the late stage of the Grand Master. Coupled with the armor-clad door technique that she practices, Mei Sanniang is not afraid even if she encounters masters with the peak strength of the Grand Master.

However!

She is not afraid of Su. This bastard Chen is still very depressed.

Su Chen's teleportation is her nemesis. Every time she fights with Su Chen these days, she will be kicked to the PG by this bastard, and she will be kicked away by this bastard for several days in a row. Several times.

Mei Sanniang was offended by Su Chen's unsympathetic attitude several times, but every time that bastard took advantage. She also understood that Su Chen, that bastard, was not something she could deal with, and she would not let that bastard He continued to take advantage of her.

Su Chen shook his head and stopped talking to Mei Sanniang. This crazy woman had calmed down a lot by not provoking him these days.

Gongsun Liji looked at Mei Sanniang and shook her head. She knew Mei Sanniang very well. Even when she went to bed at night and dreamed about settling accounts with Su Chen, Mei Sanniang would definitely fall to this bastard in the future.

Gongsun Liji was worried when she thought of Su Chen's words. Brow said,

"Isn't Dongfang Bubai's Sun and Moon God Sect a demon sect? Will this bring your empire into disrepute?"

Su Chen kissed Gongsun Liji and smiled and said, "Haha, what's this? Zhu Yuyan's Yin Kui Sect, Murong Qiuci's Tianzun Organization, and Shi Guanyin, these are all demon sects and villains in the world. Do I care about them?"

Gongsun Liji slapped Su Chen, and she sat in Su Chen's arms and was too shy to see anyone.

She didn't expect that Su Chen would kiss her. This was the first time that Su Chen kissed her. Gongsun Liji's heartbeat was so fast that she didn't dare. When she got up, she was worried that Mei Sanniang would laugh at her for being weak and be bullied by Su Chen.

Su Chen touched Gongsun Liji's hair and said with a smile, "You guys rest in the inn, I'll go outside to find out about the Sun Moon God Sect." information"

"Um! Your idea is safe"

"I know."

On the street of the town,

Su Chen walked around the town after coming out of the inn. Although this town is not big, it is still very prosperous. It may be an important town for businessmen to rest.

"Did you hear that a beautiful courtesan has arrived in Time Past? Today we have to choose a guest, let's go and take a look."

"real?"

"Of course, many wealthy businessmen and people from all walks of life have passed by, so hurry up or there will be no seats left."

"Okay, Brother Li, let's go there quickly."

Su Chen heard the conversation between the two people next to him and thought that there seemed to be something like this in the plot.

The first time Dongfang Bubai and Linghu Chong met was in Lost Time, and later in an alley, Dongfang Bubai faced off against Linghu Chong. I'm interested.

Could it be that the one in Lost Time is Dongfang Bubai?

In the world of mixed martial arts, does Dongfang Bubai have to pretend to be an oiran who is a prostitute?

Su Chen rubbed his chin and thought about how to deal with Dongfang Bubai. After teasing Dongfang Bubai for the first time,

Su Chen disappeared in a flash.

In the past years, this place is now very lively. Rich businessmen, people from the world, and even some former officials have appeared here.

They all I want to see the beautiful courtesan who has arrived in the past.

It's just that these people don't know that the past is secretly established by the Sun and Moon God Sect. This is a branch of the Sun and Moon God Sect to inquire about information. No matter whether the people here are The young servant is still a prostitute, and even the old crow here is a member of the Sun and Moon God Sect.

In a gorgeous room, a beautiful woman is sitting here listening to the report of an old woman next to her.

The old crow who has passed the time looks at Xiang Dongfang Bubai said to Keke Zhanzhan,"Master, this is what happened with the merger of the Five Sacred Sword Sects.

Dongfang Bubai frowned and said expressionlessly,"Yeah!" In other words, Yue Buqun of the Huashan Sect behaves strangely, and Yue Buqun has even advanced to the level of Grand Master?"

"Yes, leader, but we just think that Yue Buqun's level of cultivation has not been determined yet."Lao Ya nodded hurriedly and said,

"waste!"

Dongfang Bubai looked at Lao Ya, waved his hand and shouted,

"The sin of subordinates! Ask the Lord to have mercy."

Old Ya was so frightened that he hurriedly knelt down and begged for mercy.

Dongfang Bubai looked at Old Ya kneeling on the ground.

After thinking about it, she couldn't blame these people. These disciples of the Sun and Moon God Sect are also innately at the right level of cultivation. If Yue Buqun really advanced to Grand Master, then they really wouldn't be able to find out any useful information.

"Get up and continue to inquire about the Five Mountains Sword Sect these days. I have been bored for so long and it's time to get active."

After Lao Ya got up, he lowered his head and continued, "Master, the officials of the Xuantian Empire are also interested in the affairs of our Sun Moon God Sect and the Five Mountains Sword Sect. Even the masters of the Six Sects have appeared in this town."

"Xuantian Empire? The master of six doors has arrived here?"

"Yes, leader"

"Don't provoke people from the Xuantian Empire's government. That's not something we can offend. The Xuantian Empire is too powerful. Go down."

"Yes, leader."

Dongfang Bubai didn't expect that the Xuantian Empire's government would come here.

It seems that this time it's going to be troublesome.

The Xuantian Empire's strength is very terrifying. Masters in the heavenly realm will kill at will. Dongfang Bubai didn't think about the future." The Moon God Sect dares to challenge the Xuantian Empire.

Moreover, the Xuantian Empire has many masters of the Heavenly Realm. Even Yihua Palace, which is more powerful than the Sun Moon God Sect, is a force of the Xuantian Empire. Dongfang Invincible will not do this. It's time to provoke Xuantian Empire

"Let me guess, the oiran in Time Past is indeed beautiful."

"who?"

Chapter 1029

Su Chen had appeared here long ago, after he heard the conversation between Dongfang Bubai and Lao Ya.

He was very sure that this beautiful beauty was Dongfang Bubai, Dongfang Bubai was not inferior to Dongfang Bubai. Not only did she have a very strong aura, but she was also a cold and cold beauty with a very outstanding temperament.

Dongfang Bubai, Yaoyue and Zhu Yuyan are all the same people. Not only do they have strong aura and outstanding temperament, but they are also ice beauties. There are not many such gorgeous women in the world.

This Dongfang Bubai was going to take her in no matter what.

Su Chen appeared from the window and looked at the beautiful Dongfang Bubai, pretending to exclaim, "I guess, the oiran in Time Past is really beautiful."

"who?"

Dongfang Bubai was very surprised when he heard a strange voice. She didn't feel any strange atmosphere just now, but why did a man's voice appear in her room?

Su Chen leaned against the window and smiled. said,

"Beauty, it's me, my brother"

"Who are you?"

Dongfang Bubai looked at the window and asked Su Chen with an unkind expression.

When Dongfang Bubai was about to kill this uninvited guest, she suddenly thought of her hidden identity.

She hurriedly pretended to be nonchalant. This person was obviously He is a master of martial arts. He probably didn't hear what she said to Lost Time Old Crow just now, otherwise he wouldn't dare to show up here.

"I am Laowang next door"

"Lao Wang next door?" Dongfang Bubai was filled with doubts when he heard Su Chen's words,

Lao Wang next door?

What kind of bad name is this?

This person should be deceiving himself, hateful!

If she didn't want to expose her identity, she would definitely make this bastard want to die. , the Three Corpse Brain Pills will make this bastard eat two pills. If she doesn't torture this bastard to death, she won't be Dongfang Bubai.

"cough! Then my nickname, beauty, won't you invite me in and sit down?"Su Chen felt strange when he heard Dongfang Bubai calling him Lao Wang next door. He coughed hurriedly and said to Dongfang Bubai,

"Your Excellency is from the world of martial arts, and I am just a weak prostitute. It would be better for you to leave."Dongfang Bubai's eyes flashed with a fierce light and he pretended to be weak and said.

She thought that as long as this bastard left, she would follow him and kill him in a deserted place.

"Thank you girl for the kind invitation!"When Su Chen heard Dongfang Bubai's words, he pretended to be confused and came in directly, sat down and thanked him.

He had just felt Dongfang Bubai's murderous intention.

As long as he left,

Dongfang Bubai would probably kill him later. Bubai is a vicious woman who kills people. But if she wasn't cruel in the world, I'm afraid Dongfang Bubai wouldn't be alive now.

"What?"

Dongfang was confused when he saw Su Chen jump in from the window and sit in front of him.
Did she invite this bastard in?

And invited this bastard warmly?

Did she say something wrong?

Or did this bastard understand it wrong?

Dongfang Bubai He looked at Su Chen expressionlessly and threatened, "Coming uninvited is a thief! Your Excellency, aren't you afraid that I will report you to the official position?"

Su Chen poured himself a cup of tea and drank it and said, "Don't be afraid, I know the people in the government, and the people in the government won't meddle in my business."

"Are you from the government?" Dongfang Bubai was shocked when he heard Su Chen's words. She just knew that people from the Six Gates of the government had arrived in this town.

Could this bastard be from the Six Gates?

Has he discovered his identity?

"no!"

Su Chen shook his head and denied that he was indeed not from the government.

However, all the officials in the Xuantian Empire were under his control.

Su Chen was the head of all the officials in the Xuantian Empire. He refused to admit that he was from the government. Not impossible

"Then why does the government not care about your business?"

"Lu Xiaofeng and I are friends, and Lu Xiaofeng is very familiar with people in the government. With Lu Xiaofeng here, how could anything happen to me?"

"Lu Xiaofeng? So that's it."

Dongfang Bubai understood after hearing Su Chen's words that if this bastard knew Lu Xiaofeng, then the government would indeed be unable to do anything to him.

Lu Xiaofeng now has the power to mobilize officials from the six sects, the state government, and counties. He even heard that Even the city guards can be mobilized. Lu Xiaofeng is a good friend of His Majesty the Emperor of the Xuantian Empire. It is not surprising that Lu Xiaofeng has such power.

Su Chen suddenly grabbed Dongfang Bubai's hand and pretended to be lustful and said, "Beauty, look at the long night It's been a long time since we met again. This may be a kind of fate. Tonight may be our sleepless night."

He was going to test Dongfang Bubai's endurance.

Dongfang Bubai's appearance in Time Past must be for the Five Sacred Sword Sects. The Five Sacred Sword Sects are about to merge. Dongfang Bubai wanted to come to inquire about the news in person. She is now Su Chen couldn't tell whether his identity would be exposed.

However, in the plot, Dongfang Bubai's identity was not revealed. She only killed those people from the Qingcheng faction who wanted to have her idea after the fact.

This time, Su Chen just wanted to pretend to be a pervert. Teasing Dongfang Bubai, such an opportunity is rare. I am afraid it will be difficult to encounter such an opportunity in the future.

Dongfang Bubai hurriedly took out his hand and cursed with a cold face, "Deng Tuzi, you'd better leave, like water There are many people in the world in my time, so don't force me to cry out for help."

Su Chen smelled the lingering fragrance in his hand and said with a smile, "Jugglers? Am I afraid of them? Beauty, there are people from Six Doors coming to this small town. Do you think these people from the world dare to act recklessly here?"

"you....."Dongfang Bubai was very angry when she saw Su Chen's shameless look. She couldn't help but kill this shameless bastard now. Su Chen looked at Dongfang Bubai's angry chest rising and falling. He touched his nose and smiled awkwardly. Dongfang Bubai seemed to be very angry with him and hoped that she would not kill him at this time. I'll do it! Su Chen was speechless when he noticed that Dongfang Bubai was already holding a few embroidery needles in his hand. Dongfang Bubai was trying to kill him silently. As expected, powerful women are not easy to deal with. Su Chen hurriedly said to Dongfang Bubai,"Beauty, do you want to know why the Six Gates came to this town this time?

"

"Why?"

Dongfang Bubai held the embroidery needle and looked at Su Chen and asked.

She also wanted to know why the Six Gates under the Xuantian Empire's secret guards came to this town. Did the Six Gates come for the Five Mountains Sword Sect? Or for Her Sun and Moon Cult?

"Beauty, do you know the Sun and Moon God Cult?"Su Chen smiled when he saw Dongfang Bubai taking the bait and said,

"I know! Who doesn't know about the Demonic Sun and Moon Sect in the southeast region? Are you saying that the experts from the Six Gates are here to deal with the Demonic Sun and Moon Sect?"

Dongfang Bubai was shocked when he heard Su Chen's words.

She felt that the arrival of the Six Gates this time was probably to deal with her Sun Moon God Sect. However, the Sun Moon God Sect has never offended the Xuantian Empire. Why should the Xuantian Empire deal with her? The Sun and Moon God Sect?

Su Chen drank tea and shook his head as if he couldn't reveal the secret,"Don't tell! unless....."

"Unless what?

"You kiss me and I will tell you the secret of the arrival of the six doors."

"Shameless!"

Chapter 1030

When Dongfang Bubai heard Su Chen's words, he glared angrily at this bastard.

If his eyes could kill anyone, Su Chen would have been cut into pieces by Dongfang Bubai. The embroidery needle in Dongfang Bubai's hand would have to be endured. Keep shooting this shameless pervert.

Su Chen looked at the cold Dongfang Bubai and continued, "Beauty, you know there are many masters coming from the Six Gates this time, and there are even some masters who are hiding, are you sure you don't want to hear it?"

"I....."

Dongfang Bubai is very confused now. This bastard is shameless and perverted. She wants to know what the Six Doors are going to do this time, and looking at this bastard, it seems that the Six Doors are out in force.

"Forget it, it's okay if you don't want to know. After all, you are not a Jianghu person, so knowing this is useless to you." Su Chen stood up and said to Dongfang Bubai, preparing to pretend to leave. He didn't believe that Dongfang Bubai would let him leave.

When Dongfang Bubai saw that Su Chen was about to leave, he hurriedly shouted, "Wait, I just want to kiss you. , will you just tell me everything you know?"

Su Chen smiled when he heard Dongfang Bubai's words.

As expected, Dongfang Bubai took the bait.

This time he was going to get a kiss from Dongfang Bubai.

However,

Su Chen still pretended to be embarrassed and was unhappy with Dongfang Bai said,"Beauty, it's better that you don't know about the affairs in the world. Besides, I don't dare to reveal too much. If Six Doors or Lu Xiaofeng finds out, I will suffer the consequences."

Dongfang Bubai saw this bastard and wanted to leave. She hurriedly grabbed Su Chen and said with a fake smile,"I am very interested in the affairs of the world, especially the recent merger of the Five Mountains Sword Sect and the Five Mountains Sword Sect's plan to attack Japan. Regarding the Moon God Sect, you also know that I am a promiscuous woman, and I am very bored every day."

"Well, let me tell you something less important."Su Chen shook his head and sat down again and said.

After hearing Su Chen's words, Dongfang Bubai personally poured a cup of tea for Su Chen.

She thought about killing this bastard after he finished speaking. This time she was beaten by this bastard. He was so angry that he actually poured tea for this bastard himself.

This is a fatal tea.

You bastard, enjoy the tea that this leader poured for you.

"talk!"

Dongfang Bubai saw that this bastard hadn't spoken for a long time and urged him,

"I'll do it! Before you even kissed me, you wanted to tell me, is there such a good thing?"Su Chen looked at Dongfang Bubai and was very speechless.

Did Dongfang Bubai really not know or pretend that he didn't know? He clearly said that he wanted to kiss him, so why did he let himself say it before he kissed him?

Dongfang Bubai was stunned for a moment.

Do she really want to kiss this bastard?

But she really wants to know about the arrival of the Six Doors this time.

Even if the Sun Moon God Sect is destroyed by the Six Doors, she doesn't care, but she wants to know why the Six Doors Are they going to deal with the Sun and Moon God Sect? Are they targeting the Sun and Moon God Sect? Or are they targeting her, Dongfang Bubai?

If the Six Sects are targeting her, it is impossible for Dongfang Bubai to escape the pursuit of the Xuantian Empire. She has not been found yet. His sister, Dongfang Bubai, didn't want to be killed by the masters of the Xuantian Empire like this.

Dongfang Bubai clenched his fist and looked at Su Chen and said helplessly, "You.....I.....you close your eyes"

"oh.....good....." Su Chen closed his eyes and looked at Dongfang Bubai with all his concentration. He didn't want Dongfang Bubai to suddenly kill him with a few embroidery needles. If so, he might lose his life if he didn't get the beautiful woman.

When Dongfang Bubai saw Su Chen closing his eyes, he clenched his fist and hit this bastard hard, forget it!

Just think it's for my sister!

If I were killed by a master from the Xuantian Empire like this, what would my sister do in the future?

Even if she wanted to find her sister in the future, she couldn't just die like this, so she had to kiss a dog this time.

Bo!

Pfft!

Su Chen laughed after being kissed by Dongfang Bubai, "Hahaha! Beauty, is this your first relative? Why do you still have a voice?"

"Bastard, shameless pervert, I've already kissed you, tell me what you know now." Dongfang Bubai looked at Su Chen with a cold face and wanted to strangle this bastard to death. She had never kissed anyone before, and she didn't expect that a kiss would make any noise. This bastard actually dared to laugh at her. Now she wants to kill him at all costs. This shameless pervert.

Seeing Dongfang Bubai's cold face, Su Chen hurriedly said,

"Okay, the six gates are here for Dongfang Bubai, the leader of the Sun and Moon Sect. You just said that the Sun and Moon Sect is a demon sect. Since the Sun and Moon Sect is a demon sect, do you think Xuantian Empire will keep Sun and Moon? Does the divine religion endanger the people of Xuantian Empire?"

Dongfang Bubai was very shocked when he heard Su Chen's words. The Six Gates were really here to deal with her. She didn't expect that she had already restrained the followers of the Sun and Moon God Sect. The Xuantian Empire still refused to let go of the Sun and Moon God Sect. Dongfang

Bubai looked at Su Chen and asked confusedly,

"But I heard that the Sun and Moon God Sect did not conflict with the Xuantian Empire, and did not even violate the laws of the Xuantian Empire. Why did the Governor of the Xuantian Empire in the Western Continent do this to the Sun and Moon God Sect?"

"Governor of the Western Continent? What governor?" Su Chen was very confused when he heard Dongfang Bubai's words.

When did the governor appear in the Western Continent?

Why didn't he know about this?

What does the governor of the Western Continent do? Is he, the emperor of the Xuantian Empire, a useless person? Emperor?

Uh!

It seems that he is a useless emperor.

After thinking about it, Su Chen felt that this might be the decision of Concubine Yan and the others. The Xuantian Empire was huge, spanning two continents and covering tens of thousands of miles. It would be difficult to manage it this way. It's very troublesome, but what is the official position of this governor?

Dongfang Bubai suddenly grabbed Su Chen's clothes and asked with a cold look, "Who are you?" You don't even know about the governor of the Western Continent. You deceived me before, right?"

"I.....I just didn't think about it from time to time, how could I not know about the governor." Su Chen was caught by Dongfang Bubai and hurriedly tried to fool him. He didn't expect that a so-called governor almost exposed him this time.

Dongfang Bubai glared at Su Chen with a frosty face and continued to ask, "Then what are you doing? Tell me who is the governor of the Western Continent? What kind of official position does a governor have?"

Dongfang Bubai is now very suspicious that this bastard was deceiving himself before.

This damn bastard. If this bastard really deceived herself, she would kill this bastard no matter what, no? She would torture this bastard until he survived. He had to die.

Su Chen looked at Dongfang Bubai and was speechless. He didn't know who the governor of the Western Continent was, and he didn't even know what his official position was.

This time it was troublesome, and he was a little panicked now.

Dongfang Bubai was confused. If Bubai knew that he had deceived her, she would probably hunt him down even if his identity was exposed.

"explain?"

"I.....I don't know, I'll guess! etc.....Damn me! Can't you wait until I finish?"
