Chapter 1051

In the tea shop, the young lady coming out of the carriage looked at Su Chen and smiled. She did not expect to meet this bastard here.

However, this bastard has become the emperor, why is he still running around alone?

Could it be because of the incident at Yihua Palace?

This lady is Zhu Qiqi, the daughter of Zhu Wanwan, the richest man in the Western Continent.

She just returned to the Central Plains from the Ghost Palace Beyond the Great Wall. She pretended to be a wealthy lady who went to do business outside the Great Wall, and she also temporarily recruited the guards here.

Zhu Qiqi brought the little girl to Su Chen and said with a smile, "Master, I think you are a weak scholar, why don't you go to my carriage and take a rest?"

"It is no longer necessary for men and women to accept each other but not to be intimate." Su Chen rolled his eyes at Zhu Qiqi and refused.

Su Chen didn't know what Zhu Qiqi was planning, but I'm afraid this little witch didn't invite her out of kindness.

Su Chen was a little confused. Isn't Zhu Qiqi and... Did Qing Wu, Shangguan Haitang and the others all go to Su Yan's Black Bird Legion?

Why didn't Zhu Qiqi stay in the Black Bird Legion? Did she leave the Black Bird Legion with Lu Xiaofeng and the others? What about these ordinary guards

?

What's going on?

Zhu Wanwan's men should have many powerful master guards. How could these ordinary guards protect Zhu Qiqi?

"I don't care. What do you care about? There is also a friend in the carriage. I think you will have a very pleasant chat." When Zhu Qiqi heard Su Chen's rejection, he pouted and said to Su Chen unhappily,

"Um?"

Su Chen was very confused when he heard Zhu Qiqi's words.

There was someone else in the carriage?

Who was with the little witch Zhu Qiqi?

And judging from Zhu Qiqi's appearance, he should know that person?

"Come to the carriage with me first!" Zhu Qiqi looked at Su Chen's confused look and directly pulled Su Chen towards the carriage.

She would not let this bastard leave alone. She finally met this bastard this time.

Zhu Qiqi could not let this bastard off easily. , besides, she is passionately devoted to this bastard. If she hadn't had something to do these days, she would have gone to the Black Bird Palace in the Southern Continent to find this unsympathetic bastard. I guess! How can this little witch be exposed to so many people? You want to pull yourself?

Is the dignified Zhu Wanwan's daughter trying to rob a man?

There is someone in the carriage, and it's someone he knows.

Su Chen was pulled by Zhu Qiqi and walked towards the carriage. He also wanted to take a look Who was with Zhu Qiqi?

The Jianghu in the tea shop and Zhu Qiqi's guards were all very surprised when they saw Zhu Qiqi pulling Su Chen and walking towards the carriage together.

"Damn it, brother, how can this little beauty pull a strange man into her carriage?"

"Yes, how could such a pure and beautiful beauty drag a man away so casually? Why didn't she come and pull me into the carriage?"

"Do they know each other?"

"It's possible that the little beauty just now said that there was an old friend of that man in the carriage."

"Forget it, mind your own business. Let's have some tea and rest. We haven't finished our work yet."

"yes, Sir!"

Although the people in the tea shop didn't mind their own business, they still watched Su Chen and Zhu Qiqi talking to each other, and they were still very envious of Su Chen being dragged away by a peerless little beauty.

In the carriage,

Su Chen and Zhu When Qiqi came up, he saw the peerless beauty in the carriage.

However!

Su Chen's face turned dark immediately when he saw this peerless beauty.

He did not expect that the person in the carriage turned out to be Bai Feifei, a ruthless woman. This woman was not the queen of the Forbidden City. Was she sent away by Bai Jing? Did Bai Feifei get involved with Shen Lang again?

Su Chen asked Bai Feifei expressionlessly, "Bai Feifei, why are you here?"

"Why can't I be here? Su Chen, where is my mother? What did you bastard do to my mother?" Bai Feifei glared at Su Chen and shouted without showing any weakness.

Bai Feifei didn't expect to meet this bastard here.

If she hadn't been looking around, she wouldn't have thought that this bastard would appear here. You know, this bastard is now He was an imperial emperor, and an imperial emperor was running around alone. This bastard was not afraid of being assassinated.

She was very angry when she saw Su Chen.

Her mother Bai Jing was deceived by this bastard, and she even lived in a house. This bastard's Black Bird Palace.

Is this damn bastard going to be her adoptive father?

"I'll do it! Bai Jing is not your biological mother. Hasn't she already made it clear to you? Bai Jing also leaves the Ghost Palace to you. Bai Jing will never see you again."

"Liar, how could my mother not see me? It must be you, the bastard, who deceived my mother, right?"

"I'm too lazy to deal with you idiot woman"

"You bastard!"

Bai Feifei held the sword angrily and wanted to kill this bastard.

How could he be such an idiot?

Could this bastard still be obsessed with assassinating him?

Zhu Qiqi next to her saw Bai Feifei was so angry that she wanted to take action, so she hurriedly He grabbed Bai Feifei and said, "Feifei, please calm down. When we go to Xuannio Palace in the future, you can ask your mother face to face. We will ignore this bastard.""

"Hum, I'll bypass you this time."

Bai Feifei also knew that this bastard was very powerful, and even if she took action, she could not be his opponent.

However, she did not intend to admit defeat at all.

Su Chen was very speechless when he heard Bai Feifei's words, "Tch! Bai Feifei, are you still with Shen Lang?"

"Yes, I am just with Shen Lang, do you care about this?" Bai Feifei proudly admitted that she and Zhu Qiqi came to the Central Plains from outside the Great Wall this time just to meet Shen Lang.

Shen Lang had disappeared since the martial arts competition in the Forbidden City. Bai Feifei asked Zhu Qiqi to send people to find Shen Lang several times. It has been months, and this time we finally got news about Shen Lang. Bai Feifei really wanted to see Shen Lang.

"I'm too lazy to care about you."

Su Chen shook his head and didn't want to worry about Bai Feifei's affairs.

This Bai Feifei is stubborn and will never give up on things she believes in.

Otherwise, Bai Feifei would not go around doing things for Shen Lang in the plot.

Su Chen looked at Zhu Qiqi and Bai Feifei, he couldn't understand how these two love rivals could become friends?

Oh!

Zhu Qiqi ignored Shen Lang in the mixed martial arts world, and did not have any feelings for Shen Lang. Could it be that Zhu Qiqi didn't Did the fight with Bai Feifei for Shen Lang make them become friends?

Zhu Qiqi sat next to Su Chen, and she hugged Su Chen's arm tightly and asked with a smile,"Su Chen, why did you come to the West alone? Mainland?"

"I'm bored and walking around"

"Liar, you must be here for the Yihua Palace thing, right?"

"You know and still ask? This shows how stupid you are"

"You bastard, can't you speak properly?"

Chapter 1052

Zhu Qiqi is very angry with Su Chen now.

Can't this bastard talk properly?

Why is Su Chen becoming more and more of a bastard now? He is a stunning beauty no matter what he says. Why can't this bastard please him a little?

When Su Chen saw that the little witch Zhu Qiqi was angry, he hurriedly hugged the little rich woman and asked,"Little witch, didn't you go to the Black Bird Legion? Why are you here?"

Zhu Qiqi was hugged by Su Chen After that, she leaned into Su Chen's arms with a shy face and said with a smile,

"The Blackbird Legion went to the Northern Continent"

"Some of us didn't want to go there and left one after another."

"Qingqing and Shangguan Haitang went to Liumen. Lu Xiaofeng and the others seemed to be investigating Qingyi or something. I originally wanted to go to Xuanniao Palace to find you, but my father gave me something to do, so I delayed my search. you"

"Then why is Bai Feifei with you?" Su Chen looked at Bai Feifei next to him and asked Zhu Qiqi,

"Feifei and I are good friends now. Don't mention the past things again, and don't embarrass Feifei in the future."

"Don't worry, I won't meet a little girl."

When Bai Feifei heard Su Chen's words, she shouted angrily, "Su Chen, am I a little girl? Are you blind?"

"I'll do it! You are not small, you are big, really big." Su Chen looked at Bai Feifei's two undulating mountains and nodded hurriedly.

Bai Feifei felt something was wrong when she heard Su Chen's words. When she saw Su Chen staring at her, she hurriedly lowered her head and looked at her clothes. It was dirty and messy there.

Suddenly, she discovered that this bastard Su Chen had been staring at her chest.

This made Bai Feifei's face turn red.

She now understood why this bastard meant what he said.

This shameless pervert!

Even after becoming an emperor, he still looked like a lecherous and shameless bastard.

When Su Chen saw Bai Feifei blushing, he quickly averted his eyes. He didn't want to offend Bai Feifei, a woman with an abnormal heart, so he should let her harm the prodigal Shen Lang.

Afterwards,

Su Chen sat in the carriage and rushed to Yihua Palace with Zhu Qiqi and the others.

There were two beauties accompanying Su Chen along the way, and he didn't feel bored anymore.

In the Eastern Continent, part of Huang Rong's Southern Combat Corps had arrived. Jiuyuan City, 300,000 cavalry troops stationed outside Jiuyuan City is very shocking. This is much more shocking than thousands of troops.

Jiuyuan City Lord's Mansion, this was originally Hu Ji's residence, but Hu Ji After staying in Xuannio Palace, this is now the headquarters of Huang Rong's Southern Combat Legion.

In the hall of the city lord's palace, more than a dozen Southern Legion commanders looked at Huang Rong who was sitting on the main seat. They were all waiting for Commander Huang Rong's order. When preparing to attack Qin, a legion commander saw that Huang Rong had been looking at the intelligence on the Eastern Continent.

He stood up and saluted, saying,

"Commander, when will we attack Qin? Huang

Rong put down the information in her hand, shook her head and said, "Wait a little longer and send someone to contact Meng Tian?"

"Someone has been sent there, but Meng Tian is the only one. Can we trust him?"

"Don't worry, there are secret guards beside Meng Tian. If Meng Tian pretends to surrender to us, the secret guards will kill Meng Tian as soon as possible."

Huang Rong now also has a preliminary understanding of the Qin State. The military merit system of the Qin State makes Huang Rong very surprised. It can be said that all the people in the Qin State are soldiers. She may not be able to do it without carrying out mass killings.

Huang Rong thought about what to do in the future. After attacking Qin, she looked at Wang Meng and Liu Hai, the guards of Jiuyuan City, and said, "Wang Meng, Liu Hai, all the more than 300,000 black-armored troops in Jiuyuan City have been organized into the Southern Combat Legion. I will explain this to His Majesty the Emperor.""

"Yes, Commander!"

Wang Meng and Liu Hai hurriedly saluted Huang Rong and returned.

They knew that Huang Rong was not only the commander-in-chief of the Southern Combat Legion, but also the imperial concubine.

They obeyed the imperial concubine's orders unconditionally.

Huang Rong stood up and took a look. Map loudly ordered, "The first and second cavalry regiments will be stationed in Shangjun, the third and fourth cavalry regiments will be stationed in Beidi County, the fifth and sixth cavalry regiments will be stationed in Longxi County, and three days later they will launch an attack on Xianyang at the same time."

"Yes, Commander!"

"Wang Meng, Liu Hai, your black-armored army set out from Jiuyuan City to attack Yanmen County of Zhao State. Zhao State has nothing to worry about. Except for some border troops of Li Mu, Zhao State has no troops. This time you are all the way. We will attack Handan, the capital of Zhao State, and I will leave it to you to destroy Zhao."

"yes! commander in chief"

"Everyone, go down and get ready!"

"Yes, Commander!"

After the commanders of the Southern Combat Legion left,

Huang Rong looked at the map of the Eastern Continent again, and she thought that the other legions of the Southern Combat Legion should be able to land in Qi in less than five days, with 400,000 soldiers fighting in the South. It would be easy for the army of the Legion to destroy the Qi State.

She would destroy the remaining six countries in the Eastern Continent and four of them within a year.

Even the Qin State and the Chu State with poor roads would take some time.

At this moment,

Qin State's Xianyang City , in the palace,

King Qin Yingzheng also received news that the Xuantian Empire's army had arrived in Jiuyuan City. There were 300,000 black-armored cavalry plus Jiuyuan City's original black-armored army. This was more than 600,000 elite troops. Army.

The army arriving this time is the Xuantian Empire's most powerful southern combat legion. The six to seven hundred thousand southern combat legion is not something that Qin can deal with.

If Qin's million elite troops had not been destroyed or surrendered,

It is possible for Qin to fight, but Qin's elite army has less than 400,000 soldiers left. How can it fight against the Xuantian Empire's southern combat corps?

"Your Majesty, we need to arrange envoys to Jiuyuan City as soon as possible. Our Qin State does not have the ability to fight against the Xuantian Empire."

"Yes, Your Majesty, the Xuantian Empire has dispatched the most powerful Southern Combat Legion this time. The six to seven hundred thousand Southern Combat Legion plus the more than

300,000 black-armored troops from Jiuyuan City, this is a million troops. With our elite army, Da Qin is simply unable to withstand the attack of the Southern Combat Legion."

"Peace talks, we must have peace talks with the Xuantian Empire immediately"

"Your Majesty, the Xuantian Empire's army is definitely coming to conquer the Eastern Continent. We must unite the other five countries to fight against the Xuantian Empire."

In the palace hall, the ministers of the Qin State expressed their opinions to the King of Qin one after another. This time the Xuantian Empire's army came with bad intentions. The

Xuantian Empire had already conquered the Southern Continent and the Western Continent, and this time they arrived. The Southern Combat Legion is the most powerful combat legion of the Xuantian Empire. The Xuantian Empire may have conquered the Eastern Continent in one fell swoop and destroyed the other six countries in the Eastern Continent.

King Qin Yingzheng clenched his fists with an ugly face.

The war was still going on. Here we are, that bastard Su Chen still wants to conquer the Eastern Continent.

His woman Mi Hua was given to that bastard Su Chen in vain. This really cost his wife and troops, and the Qin State was also in danger.

"Do the Xuantian Empire's alien slave armies on the grassland intend to move?"

"Your Majesty, the alien armies have just gathered. Our scouts did not find any intention of the alien armies to move south in a large scale."

Chapter 1053

King Qin Yingzheng suddenly thought of the alien slave armies of the Xuantian Empire.

There were hundreds of thousands of alien slave armies.

If the Xuantian Empire gathered the alien slave armies on a large scale, I am afraid that those alien slave armies could also assemble millions of troops.

He really couldn't sit still now.

Even his army could not defeat the Xuantian Empire's Southern Combat Legion. If those alien slave armies came to participate in the war again, Qin would probably die without any chance of survival. He would probably be the last one of Qin to be defeated. The king who gave death.

King Qin breathed a sigh of relief after hearing Li Si's answer, but he was still worried because the alien slave army did not go south.

But the alien slave army has already gathered, and maybe those alien slave armies will go south to attack Qin at some time.

Damn Suchen!

How to convince that bastard not to attack Qin now? woman? money?

There's certainly no shortage of that bastard.

King Qin Ying Zheng sat on the throne and thought about it but couldn't think of any way to persuade that bastard Su Chen to stop the war. I'm afraid that bastard Su Chen is in Tianxuan Continent. He wants to be the only king of Tianxuan Continent.

King Qin Yingzheng looked at the map of northern Qin and ordered with a serious face,

"Wang Jian, you will lead 200,000 elite troops and 300,000 newly recruited troops to garrison the border of Beidi County."

"Meng Tian, you will lead 100,000 elite troops and 200,000 newly recruited troops to station at the border of Longxi County."

"Li Xin, you will lead one hundred thousand elite troops and two hundred thousand recruited troops to garrison the border of Shangjun."

"You must stop the Xuantian Empire's army from invading. It depends on you whether the Qin State will be destroyed or not."

"Yes, Your Majesty!"

Wang Jian, Meng Tian, and Li Xin all saluted King Qin Yingzheng with solemn faces.

Meng Tian silently looked at King Qin and sighed in his heart.

The Qin State is already hopeless, and the Xuantian Empire's southern combat regiment cannot be saved at all. It is not something that the Qin army can deal with.

Those black-armored troops in Jiuyuan City left the Qin army helpless. And the southern combat legion, which is more powerful than the black-armored army in Jiuyuan City, what can the Qin army do to resist the southern battle? The attack of the legion?

I am afraid that the Qin army will be scattered at the beginning of the war, and the Qin army will even be massacred by the southern combat legion.

King Qin Ying Zheng looked at Li Si again and continued to order, "Li Si, send someone to contact The troops of the Xuantian Empire from the Five Eastern Kingdoms have arrived. I believe that the other five countries have also received the news. This time I will join the Five Eastern Kingdoms to resist the invasion of the Xuantian Empire."

"Yes, Your Majesty!"

All the countries in the Eastern Continent have received news that the Xuantian Empire's army has begun to invade, but the kings of the five Eastern countries all want to watch the fun.

After all, the first one to bear the brunt is Qin, and the five Eastern countries are more or less the same as Qin. There is hatred.

Everyone knows that the Qin State wants to unify the Eastern Continent, but now it has become the Xuantian Empire and wants to unify the Eastern Continent. The five countries all want to see the

Qin State be crippled, and even want the Xuantian Empire's army to destroy the Qin State. All the armies.

As for how to deal with the Xuantian Empire in the future, that is also a matter of their five-nation alliance and has nothing to do with the Qin State. In the northern continent, the coalition of princes set out for the imperial capital Luoyang after several days of repairs. However, the coalition of princes came too late, the imperial capital Luoyang had been burned by Dong Zhuo, and the people and wealthy businessmen and officials of the imperial capital Luoyang were all taken to Chang'an by Dong Zhuo. The city of Luoyang had been burned beyond recognition, and such a city was no longer important in the eyes of the princes.

A completely abandoned imperial capital is now of no use at all. Rebuilding this imperial capital will probably cost a lot of manpower and material resources. It is impossible for the princes to rebuild a completely abandoned imperial capital that was burned. Outside the imperial capital Luoyang,

Su Yan looked at the imperial capital Luoyang. As the fire in the city continued to burn, she said regretfully, "The Understanding Alliance is going to be disbanded, but it is a pity that the imperial capital Luoyang was burned down. Wei

Yan rode up to Su Yan and saluted, "Miss, are we going to put out the fire?"

"Save me, Luoyang City, the imperial capital, is already finished. Even if we extinguish the fire in Luoyang City, the imperial capital, Luoyang City will be useless."

"Huang Zhong ordered the army to prepare to return to Jingzhou. This time the alliance of princes has ended."

"Yes, miss!"

Su Yan looked at the other princes around him and shook his head. In the future, the melee between princes will begin. The wars in the northern continent will probably become more and more frequent. After a few years of war, about half of the people in the northern continent will be killed or injured.

"Withdraw the troops and return to Jingzhou"

"Yes, miss!"

The princes all withdrew their troops in unison.

No prince led an army to pursue Dong Zhuo.

Even Cao Cao, a prince who led an army to hunt down Dong Zhuo in history, did not go after Dong Zhuo this time.

Cao Cao now has Su Yan posed a huge threat. After failing to deal with Su Yan, he could not take the risk to pursue Dong Zhuo.

On the way back to Jingzhou,

Gan Ning came to Su Yan's carriage and reported, "Miss, Sun Jian's army After coming out of Luoyang City, he left in a hurry."

Su Yan said thoughtfully after hearing Gan Ning's report,

"oh? Sun Jian actually went to Luoyang City? No wonder Sun Jian's army was not found around Luoyang City, and Sun Jian left Luoyang in a hurry. Could it be that Sun Jian got something good? Or is Sun Jian afraid that someone among the princes will deal with him? Gan

Ning asked with a warlike expression, "Miss, Sun Jian only has thousands of troops left. Should we destroy Sun Jian?"

"Gan Ning, you and Dian Wei led 10,000 black-armored cavalry to destroy Sun Jian, and ask Sun Jian's subordinates what exactly Sun Jian got in Luoyang City."

Su Yan agreed after thinking about it.

Sun Jian is well-known in the south of the northern continent.

There will definitely be a conflict between them in the future. If Sun Jian can be killed now, she will have one less enemy in the south in the future.

Jiangdong Tiger!

Haha,

Let you die this time

"Yes, miss!"

In the carriage,

Su Yan leaned on the couch after giving orders to Gan Ning.

She was tired enough after being out for a month this time.

The alliance of princes came to an end, and

Su Yan also learned about the various princes in the northern continent. She will have to think carefully about how to deal with those princes in the future.

Su Yan looked at Xuan Jingxuan in the carriage and asked, "Xuan Jingtian, where is my aunt Li Maozhen now?"

Su Yan also wants to meet this aunt she has never seen before, the Empress of Huanyinfang!

This title is much cooler than her mother and Aunt Yan Fei,

Empress!

Haha!

Su Yan smiled and thought of her mother and other aunts. Do you know this title? If they knew this title of Aunt Li Maozhen, would they have other ideas

? In human realm, do you want to go to Huanyinfang to meet the Empress?"

"No, my aunt is in seclusion, so I won't disturb her." Su Yan shook his head when he heard Xuan Jingtian's words and said,

Retreat?

Is it good to retreat?

In this way, no one in the northern continent can control her. Su Yan wishes that Li Maozhen would stay in retreat for a longer period of time.

Also, what about the shadow assassin Youxue?" Not back yet?

Su Yan doesn't know the outcome of the battle between Tianxiahui and Wushuang City? I hope Youxue can complete the task assigned to her.

Chapter 1054

In the Western Continent, on the official road leading to the Xiuyu Valley Yihua Palace, a luxurious carriage was slowly moving forward on the official road, guarded by more than a dozen guards.

In the carriage,

Su Chen rested on Zhu Qiqi's legs and enjoyed eating the cakes fed by Zhu Qiqi.

However, if there wasn't that annoying Bai Feifei around,

Su Chen would probably be more comfortable in the carriage.

Suddenly,

Zhu Qiqi, who was in a escort carriage outside, reported, "Miss Qichen, there are people fighting in front of you, should we go there later?"

"No problem, keep going." Zhu Qiqi said nonchalantly after hearing the guard's report.

There was a great master named Bai Feifei in the carriage, and she and the little girl Xiaoya were also master masters.

She didn't believe that any powerful person would dare to attack them.

More What's more, there's this bastard Su Chen in the carriage.

His strength doesn't even matter to the masters of the Heavenly Realm. Zhu Qiqi is even more unafraid of anyone who dares to attack them.

"Yes, miss!"

"Xiaoya, pour me a cup of tea"

"Yes, miss! Zhu

Qiqi took the tea poured by the little girl Xiaoya and handed it to Su Chen and said with a smile, "Su Chen, after this trip to Yihua Palace, you must go with me to see my father, or I will bite you to death."

Su Chen touched Zhu Qiqi's shy and pretty face and smiled and said, "I know, your father Zhu Wanwan is a rich man. From now on, my empire will not have to worry about money."

"That's my money!" When Zhu Qiqi heard Su Chen's words, she pouted and said to Su Chen.

Su Chen hugged Zhu Qiqi's soft body and teased, "You are mine, and your money is mine too, isn't it? "

"You are so shameless!"

Zhu Qiqi glanced at this bastard with a shy face, but she was still very happy in her heart.

Su Chen had accepted her by saying this. Zhu Qiqi didn't care about money. If her father Zhu Bai Wan knew that his future son-in-law was the emperor of the Xuantian Empire.

Her father, Zhu Wanwan, would not hesitate to support Su Chen financially.

After all, she was the only daughter of her father, and her father's gold and silver treasures were all My own.

Bai Feifei next to her was very disdainful when she heard what Su Chen and Zhu Qiqi said.

She couldn't stand the bastard Su Chen who was messing around, especially when this bastard deceived her adoptive mother Bai Jing.

She also She couldn't understand how her adoptive mother Bai Jing, a shrewd woman, could fall in love with this shameless bastard. When Bai Feifei thought about her adoptive mother being with this bastard in the future, she wanted to strangle this shameless bastard to death.

Bai Feifei reminded Zhu Qiqi. ,

"Qiqi, he is a shameless bastard. If you like such a person, you may not be happy in the future."

Su Chen glanced at Bai Feifei and threatened,

"Little white girl, don't meddle in your own business here. Otherwise, I will drive you out of the carriage."

When Bai Feifei heard that Su Chen was giving her random nicknames, she angrily threatened, "Damn it, my name is Bai Feifei, not Little White Girl. You bastard, if you dare to talk nonsense again, I will kill you."

Zhu Qiqi laughed when she heard Su Chen call Bai Feifei "little white girl". She knew that Bai Feifei's skin was very white, tender and delicate.

She looked at Bai Feifei and teased,

"hehe! Feifei, don't be angry, Su Chen is joking with you too. However, Feifei, the title "Little White Girl" really suits you. Your skin is so fair and tender, how about you call me Little White Girl from now on? Hahaha....."

"Okay, Qiqi, how dare you make fun of me? See how I deal with you." Bai Feifei didn't expect that Zhu Qiqi would make fun of her like Su Chen.

Bai Feifei quickly grabbed Zhu Qiqi and started tickling her.

But she knew that Zhu Qiqi was most afraid of being tickled.

"ah! I don't dare anymore, Feifei, just spare me this time! Hahaha.... Su Chen, come and save me, hahaha..... Otherwise I would die laughing." Zhu Qiqi was frightened when Bai Feifei pinned her down and hurriedly asked Su Chen for help.

She was most afraid of being tickled.

Bai Feifei had treated her like this several times.

Zhu Qiqi could only rely on Su Chen to save her now. At this moment,

Bai Feifei and Zhu Qiqi were acting more and more mischievously.

Zhu Qiqi couldn't stand Bai Feifei tickling her, so she began to struggle wildly, and even pulled Bai Feifei's dress.

Bai Feifei was controlling Zhu Qiqi at the same time. , regardless of Zhu Qiqi's resistance, she also started to pull on Zhu Qiqi's dress.

The little girl Xiaoya watched Bai Feifei and Zhu Qiqi fooling around in the carriage, and she could not stop them.

She saw Bai Feifei The messy clothes and Zhu Qiqi's clothes exposed some privacy. She hurriedly turned to Su Chen with a red face, hoping that Su Chen would stop them quickly.

Su Chen separated Bai Feifei and Zhu Qiqi one by one and said hurriedly, "Don't make trouble again. Well, the gangsters outside have discovered us. I'll go over and take a look. You guys are waiting for me in the carriage."

Su Chen felt very helpless when he looked at the two disheveled women.

He saw both what he should see and what he shouldn't see. The two of them didn't even notice that there was a man in the carriage.

However, such a benefit It's really good.

Bai Feifei's skin is really white, tender and delicate.

I don't know how she maintains it.

And Zhu Qiqi's figure is even more so. Su Chen didn't expect that Zhu Qiqi, who always wears loose clothes, would have such a perfect figure. Su Chen never thought of the mountains

"What are you looking at, you shameless bastard!" Bai Feifei shouted with embarrassment when she saw Su Chen constantly looking at her and Zhu Qiqi.

She also found that her clothes were messy and she was exposed in front of this bastard Su Chen. This made Bai Feifei very upset. Angry.

After Zhu Qiqi tidied her clothes with a shy face, she looked at Su Chen and felt very embarrassed.

This time she was taken advantage of by this bastard, but she did not reprimand Su Chen. They will be husband and wife in the future, and it is okay for this bastard to see them today.

Su Chen shook his head and got out of the carriage.

He was too lazy to care about Bai Feifei and Zhu Qiqi's mischief.

Not far from the carriage, more than a dozen masked men in black were surrounding and killing two people.

Su Chen had seen these people on the road, but what puzzled Su Chen was that the masked man who was besieged turned out to be a woman, and This woman is still protecting a man.

Su Chen also discovered that something was wrong with the veiled woman.

This veiled woman seemed to be poisoned, but how could the man protected by the veiled woman turn out to be an ordinary person with no power? This made Su Chen very curious.

A masked man said arrogantly after being beaten back by a veiled woman,

"Ning Yuxi, Sect Master Ning, you are in doom this time. The poison is specially prepared for you."

"You, a master at the peak of Grand Master, have now fallen to the realm of late Grand Master cultivation. If you continue to use your internal power, your cultivation realm will continue to fall."

The veiled woman Ning Yuxi said coldly,"You are indeed the demons of the White Lotus Sect. You have even used poisoning methods. Where is An Biru? Why hasn't your Holy Mother arrived?"

Chapter 1055

Su Chen was confused after hearing the conversation between the masked and veiled women.

Ning Yuxi?

Holy Mother An Biru of the White Lotus Sect?

Isn't he a character in Jia Ding?

And Ning Yuxi is Xiao Yuruo's master. Although the plot is slightly different, these characters all appear vividly.

Ning Yuxi has been poisoned now.

Is that San Gong poison so powerful?

A master at the peak of Grand Master has now become a master master.

Is this poison or poison?

Su Chen thought that An Biru was a saint in Miao territory, so what Ning Yuxi had been poisoned must not be as simple as poison.

Who is that ordinary man next to Ning Yuxi?

Lin San?

It's impossible.

Xiao Yuruo, mother and daughter are all in the Xuannio Palace now. Even if Lin San appears, he can't be Lin San anymore.

Even if this person is that Lin San, Su Chen's aunt and cousins have absolutely no contact with Lin San, and Lin San has no ability to go to Xuannio Palace to find Xiao Yuruo, mother and daughter.
boom!

"Go up, catch Ning Yuxi, kill that man"

"Yes, Commander!"

The masked men in black are all very powerful.

Each of them has a master's level of cultivation. The commander with the highest level of cultivation is a master in the later stage of the master's stage.

Ning Yuxi sighed when he saw the White Lotus disciples who were surrounding them again. Said, "Alas! Mr. Lin, I might get you involved this time."

"No, fairy sister, you can't defeat these masked assassins?" Next to him, Mr. Lin was confused.

He was just a kid from a rich family.

If this beautiful fairy hadn't fascinated him, he wouldn't have been involved in the vendetta of the Jianghu people.

He is scared now.

Ning Yuxi is no longer these things. The opponents of the White Lotus Sect, these people of the White Lotus Sect will definitely kill him in a while.

He looked around and prepared to run away.

He had not finished enjoying the glory and wealth, and his beautiful wife and concubine at home still needed to be loved and cherished. Wouldn't he Will die here together with the great beauty Ning Yuxi

"I have been poisoned, and now my cultivation level is constantly falling. I am no match for these people."

Ning Yuxi also discovered the intention of this Young Master Lin.

This Young Master Lin wanted to become her disciple at first. If she had not seen that this Young Master Lin had helped her in the Western Continent, Ning Yuxi would not have been able to deal with this ordinary person. Now that he wants to escape, Ning Yuxi doesn't want to say anything more

"Fairy sister, there are Jianghu people nearby, I can go and ask for help"

"Those Jianghu people have low strength and are no match for these White Lotus Sect masters. We are doomed this time."

Boom! Touch!"

"Sect Leader Ning, let me see how long you can hold on."

The masked man hit Ning Yuxi, who was talking, with a palm strike. Although Ning Yuxi's strength was greatly reduced, her reaction ability was still very fast. She hurriedly grabbed Mr. Lin next to her and jumped up to avoid the White Lotus Sect. The commander's attack.

The surrounding masked men all held weapons and stepped forward to kill Ning Yuxi and the Mr. Lin she was protecting. Mr.

Lin next to Ning Yuxi saw the masked man and surrounded him. , he hurriedly abandoned Ning Yuxi and ran towards Su Chen.

"Help me, help me, I am the eldest young master of the Lin family in Jining Prefecture. If you save me, I will definitely reward you heavily."

"kill him!"

Su Chen looked at Mr. Lin who was running over and ordered expressionlessly.

He didn't care whether this Mr. Lin was the same Lin San or not, but if this Mr. Lin dared to divert misfortune, then he should die.

Su Chen hated it the most. I am not used to such a shameless person who is greedy for life and afraid of death, and brings trouble to others.

"Yes, Master!"After the guards guarding the carriage heard Su Chen's order, they took out their weapons one by one and prepared to kill Mr. Lin who arrived.

These guards knew that their young lady was this man's woman.

So the future uncle's order,

They also have to obey 100%.

Xiaoya, the little girl next to Su Chen, stood beside Su Chen with a long sword and said anxiously, "Master, you'd better get in the carriage. These Jianghu people are very powerful. Here The guards are no match for the masked man"

"It's okay, Xiaoya, call that little white girl Bai Feifei out." Su Chen touched the nervous Xiaoya beside him and said comfortingly,

"this.....All right!" Xiao Yabai, Su Chen touched her head and hurriedly walked to the carriage with her face flushed.

She did not expect that Su Chen would touch her head, which made her very shy.

However, she thought that she was Miss Zhu Qiqi's personal maid. If the young lady marries this young master in the future, she will also be his concubine in the future. Xiaoya's face turned even redder when she thought of this.

Poof!

Just when Mr. Lin ran not far away from Su Chen, a guard took the The long sword pierced through the heart and killed Mr. Lin.

Mr. Lin covered his chest with an expression of indignation and asked, "Why do you want to do this?"....Want to kill me!"

"idiot!"

Plop! Mr. Lin fell to the ground after the guard pulled out the long sword from his body. He stared at his eyes and looked unwilling to die here completely. If he could choose again, he would

definitely not do it for What kind of beauty wanders around the rivers and lakes regardless of comfort?

"Mr. Lin!"

Ning Yuxi did not expect that those Jianghu people actually killed Mr. Lin.

Although she knew that those Jianghu people were afraid of getting burned before killing Mr. Lin, but these people also had too little regard for the morality of the Jianghu. Not saving people at the risk of death was due to their low strength and could not be done. , but they can't kill an ordinary person who has no power to restrain a chicken!

After Ning Yuxi rushed out from the masked men, she came to Mr. Lin who was lying on the ground. She looked at him and saw that he was dead. Mr. Lin didn't say much.

This was fate.

Ever since Mr. Lin had followed him despite his dissuasion, he should have thought that one day he would be killed by Jianghu people.

Zhu Qiqi's guards saw Ning Yu Everyone in the past was alert. After they protected Su Chen one by one, they were ready to kill the veiled woman with weapons.

Su Chen waved his hands to the vigilant guards and told them to get out of the way, and then he left. He came to Ning Yuxi and asked, "Your name is Ning Yuxi?" Is that the leader of some holy virtue or some kind of workshop?"

"good!"

Ning Yuxi frowned and looked at the young master who had arrived and was very surprised. Isn't this young master afraid that he would kill him to avenge Mr. Lin?

Su Chen looked at Ning Yuxi's perfect figure with bulging front and back, dressed in white. Ning Yuxi's temperament in the skirt is very outstanding. Although her face is blocked by the veil so that he cannot see it, for such a woman with a perfect figure, Ning Yuxi's face is also very beautiful. Su Chen looked at Ning

Yu Xi smiled and continued to ask,

"Xiao Yuruo is your apprentice?"

"Um? who are you? How do you know Xiao Yuruo?" Ning Yuxi heard the man talking about Xiao Yuruo, which made her look at Su Chen very curiously.

Who is this man?

How did she know Xiao Yuruo, her own registered disciple in the Southern Continent?

"If Xiao Yu is my cousin, Sect Leader Ning should know who I am, right?"

"Are you Xiao Yuruo's cousin? Why haven't I heard her say anything about a cousin?"

Chapter 1056

Ning Yuxi was very confused about Su Chen's origins.

How did this person know that Xiao Yuruo was her apprentice?

She knew Xiao Yuruo's family very well. There were only three people left in the family, her mother. She had never heard of Xiao Yuruo's cousins, but how could this man know about Xiao Yuruo?

You must know that she is from the Southern Continent.

It is impossible for anyone in the Western Continent to know her.

Could it be that this person also came from the Southern Continent?

And Su Chen was stunned when he heard Ning Yuxi's words.

Ning Yuxi had never heard of him?

Didn't Xiao Yuruo tell Ning Yuxi about herself? Or did Xiao Yuruo not tell Ning Yuxi about him to keep it secret?

Su Chen frowned and thought for a moment before asking, "Ning Yuxi, how long have you not seen Xiao Yuruo?"

When Ning Yuxi heard Su Chen's words, she felt that this man must not have lied, but Xiao Yuruo had something to do with her cousin. It's true that I have never heard of it, "It's been almost half a year, I've been in the Western Continent for the past six months, are you really Xiao Yuruo's cousin?"

"Well, we only met a few years ago, and my cousin's family moved to Suzhou City"

"So that's it."

Boom!

A huge boulder hit not far from Su Chen's side.

"Boy, get out of here quickly, or we'll kill you too." At this time, people from the White Lotus Sect also gathered around. They all looked at Su Chen fiercely and threatened,

"White Lotus Sect? Are you the subordinate of that woman An Biru?" Su Chen looked at the people from the White Lotus Sect who had gathered around and asked with a smile.

The leader of the White Lotus Sect looked at Su Chen and frowned.

Why is this ordinary person not afraid of them at all?

And that boy seems to know Bai Lian. The Holy Mother An Biru made him dare not take action against this rich young man.

"Boy, do you know we are from the White Lotus Sect? Do you know our Holy Mother?"

Su Chen looked at these people from the White Lotus Sect and shook his head.

Although these people from the White Lotus Sect are pretty good, if they are looking for death, Bai Feifei, a ruthless person, will kill them like a chicken. After all, a great master has nothing to kill these masters. Difficult.

However!

Su Chen thought that it would be better not to take action. The aliens in the southern continent have not been cleaned up yet. If An Biru's Miao territory can be used for him, then the aliens in the southwestern region of the southern continent should be very easy to deal with.

Su Chen didn't want to rule those foreign races just by killing.

Su Chen thought about it and threatened the White Lotus Sect members, "An Biru, the saint of Miao territory, how could I not know? You should leave, Ning Yu. If you can't kill me in the past, why don't you go back and tell that bitch An Biru that the White Lotus Sect had better not make trouble in the Xuantian Empire, otherwise her entire Miao territory will be destroyed."

"Boy, who are you?" The leader of the White Lotus Sect asked with an ugly face when he heard Su Chen's words.

He heard from this boy's words that this person should be an official of the Xuantian Empire, and he might even be a top noble.

But he heard that Su Chen. The threat made me feel very unhappy.

Everyone in the White Lotus Sect is a master of the master cultivation realm. This boy's guards are some innate cultivation realms. Isn't this kid afraid of angering them and killing him?

"You're not qualified enough to know"

"Bastard, you're looking for death!"

Boom!

Ahem!

Just when the leader of the White Lotus Sect was about to teach Su Chen a lesson, a woman suddenly appeared and knocked him away with a palm. The leader of the White Lotus Sect vomited blood and fell to the ground, and looked at the woman who suddenly appeared in horror and asked ,

"who are you?"

Ning Yuxi originally wanted to save Su Chen, but she didn't expect that Su Chen would be saved by a powerful woman, and this beautiful woman was also a master at the peak of Grand Master, which was the same level of cultivation as hers.

Who is this woman who suddenly appears?

"Will I kill you if you talk nonsense any more?" Bai Feifei threatened everyone in the White Lotus Sect with her powerful aura and pressure.

She was very unwilling to save this bastard Su Chen.

Besides, this bastard was more powerful than her, so there was no need for her to save this bastard.

But!

She also knew it. Su Chen's identity cannot be exposed. The appearance of an imperial emperor here may cause unnecessary trouble. She is here for her adoptive mother Bai Jing, and she also wants to protect this bastard.

"big.....The peak strength of the Grand Master!"The leader of the White Lotus Sect shouted in horror when he saw Bai Feifei's exposed cultivation level.

Su Chen nodded to Bai Feifei and said with a smile,"Little Bai Niu, you performed well this time."

"Bastard, don't call me little white girl again. If you want to die, I can help you." Bai Feifei was very angry when Su Chen called her "little white girl" again.

In the carriage, this bastard saw something she shouldn't have, which made her very embarrassed, but this bastard still dared to talk nonsense. She is now He really wanted to strangle this shameless pervert.

Su Chen smiled at Bai Feifei and looked at everyone in the White Lotus Sect.

He waved his hands to the leader of the White Lotus Sect who was being helped up and said, "You can leave now."

"who are you? How will we explain to the Holy Mother when we go back?" The leader of the White Lotus Sect covered his chest, looked at Bai Feifei, and asked Su Chen seriously.

He did not expect that this young master would be protected by a master at the peak of the Grand Master, and there were actually two people in the carriage.

Although those two Personal strength is only at the cultivation level of a grandmaster, but a master at the peak of a grandmaster is not something they can deal with.

If they don't use poison,

I'm afraid none of them can survive.

It's just that poison and they have already dealt with Ning Yu They had used it before, but they no longer had the poison given by the Holy Mother.

After thinking about it, Su Chen decided to meet An Biru, the Holy Mother of the White Lotus Sect, the Miao, Yi, Qiang, Naxi, etc. in the southwest region of the Southern Continent. Alien races, although these alien races are not popular, they all live among the high mountains and ridges, and it is very difficult to destroy them.

Su Chen wanted to use alien races to deal with alien races, so that Mu Guiying's Western Combat Legion could also There is no need to clean up these alien races on a large scale

"Let your holy mother go to Yihua Palace. I will go to Yihua Palace to watch the battle between Yan Nantian and Yao Yue. As for my name, you can call me Mr. Su."

"good? We will tell Our Lady the truth."The leader of the White Lotus Sect nodded and replied after hearing Su Chen's words.

Then, everyone in the White Lotus Sect quickly used Qinggong to leave here quickly.

"What's going on with this woman?"Bai Feifei looked at Ning Yuxi and asked Su Chen rudely.

Su Chen waved his hand like a fly and said to Bai Feifei,"It's none of your business. You can go back to the carriage and rest."

"You are such a shameless bastard. I will abandon you when you are done with it. How could there be such a shameless person like you in Tianxuan Continent?"

"I'll do it! Little white girl, can you use words? What should be thrown away after use? What are you talking nonsense about, you silly girl?".....

Chapter 1057

Su Chen was speechless to Bai Feifei, who spoke openly.

But how did Bai Feifei advance to the peak of grandmaster strength?

This made Su Chen very surprised, but he thought that Bai Jing might have eaten the red fruit for her, otherwise Bai Feifei's cultivation level would not have improved so much.

Bai Feifei is also very uncomfortable now.

She didn't mean to say those words just now.

She regretted saying those words.

But Su Chen, the bastard, looked disgusted, which made her even more angry. not angry! not angry!

This bastard didn't deserve her anger.

This time, he just treated it as a mad dog barking everywhere.

There was no need to be angry with this bastard.

Bai Feifei glared at Su Chen fiercely and walked towards the carriage.

She didn't want to look at this bastard now.

Su Chen looked at Ning Yuxi after Bai Feifei left. Ning Yuxi was in a very bad state now. Her strength had dropped to the innate realm. It seemed that the poison of that bitch from White Lotus An Biru was really good. Very poisonous.

An Biru is trying to cure Ning Yuxi to death.

These two senior sisters are really not merciless at all when they kill each other.

"Eat this." Su Chen took out a red fruit from the system space and handed it to Ning Yuxi.

Su Chen didn't know whether the red fruit could detoxify the poison, but now he can only treat the dead horse as a living doctor. Ning Yuxi can If she couldn't be saved, she could only rely on God's will. Su Chen didn't want a peerless beauty to fade away like this.

Ning Yuxi was very surprised when she took the red fruit that Su Chen gave her, "This.....Is this a spiritual fruit? You actually have the Heaven and Earth Spirit Fruit?"

Ning Yuxi didn't expect that Su Chen would have the Heaven and Earth Spirit Fruit. She knew that the Heaven and Earth Spirit Fruit had disappeared in Tianxuan Continent. There was no Heaven and Earth Spirit Fruit even in the secret land.

How could this Mr. Su have it? Where is the Heaven and Earth Spirit Fruit?

Su Chen looked at the surprised Ning Yuxi and urged, "Stop talking nonsense and eat it quickly. If I hadn't seen you as Xiao Yuruo's master, I wouldn't have saved you."

"you....."

Ning Yuxi's face under the veil was very angry.

This bastard was so rude to save people.

No wonder the woman just scolded this bastard. If she hadn't scolded anyone before, now she wanted to scold this bastard too.

Ning Yuxi walked to a tree, took off her veil and ate the red fruit.

She is also aware of the condition of her body. If she does not clean up the poison in her body quickly, she is afraid that her cultivation level will continue to decline. After completely losing her internal strength, she may become an ordinary person.

I'll do it!

Why is this Ning Yuxi so beautiful?

Su Chen looked at Ning Yuxi's clear big eyes, soft and full red lips, and delicate little nose, which were all delicate and delicate on her beautiful face. Broken beauty.

This is a truly stunning beauty

"Master, you drink tea." At this time, the little girl Xiaoya came to Su Chen and handed him a cup of tea and whispered.

Su Chen took Xiaoya's tea and drank it and sighed, "Xiaoya, why do you think this woman looks like this? Beautiful and glamorous."

Xiaoya also discovered Ning Yuxi's peerless appearance.

She didn't expect this veiled woman to be so beautiful. When she looked at Ning Yuxi, she was worried that Master Su would dislike her because of this beautiful woman.

Xiaoya did the same. He hurriedly said to Su Chen, "Master, the lady is also very beautiful!"

"Ha ha! You little girl is really loyal to your lady." Su Chen rubbed the little girl's hair and laughed.

The little girl was a little overwhelmed when Su Chen rubbed her head. She lowered her head with her face flushed and thought about whether she should leave now.

However, she saw When Ning Yuxi came to the side, she decided to watch Su Chen here. Otherwise, if Su Chen was fascinated by this beautiful beauty, her lady would be very sad.

In the carriage,

Bai Feifei kept talking about Su Chen after he came back. Zhu Qiqi listened to Bai Feifei's nonsense with a smile on her face. She knew Su Chen very well. Su Chen could be said to be a lustful person, but Su Chen would not force a woman to do something she didn't want to do. Things to do.

Bai Feifei asked angrily when he saw Zhu Qiqi holding her chin and smiling,

"Qiqi"

"Did you hear me?"

"That bastard must have fallen in love with that woman named Ning Yuxi"

"Although I haven't seen Ning Yuxi's appearance, her figure is very perfect and even better than yours. You have to be careful of that bastard who has a different crush on you."

Zhu Qiqi shook her head when she heard Bai Feifei's words.

She knew that Bai Feifei disliked Su Chen very much, and because of Bai Jing's matter, Bai Feifei was very angry with Su Chen.

Zhu Qiqi smiled and said to Bai Feifei explained,

"Ha ha!"

"Feifei, do you know how many women Su Chen has?"

"He has so many women that he can't even count them on his hands, and all of them are extremely beautiful women."

"As for Yaoyue and Lianxing from Yihua Palace, they are not only stunning beauties, but also very powerful. If I were jealous now, I would probably be jealous for the rest of my life."

"hateful! You girl can't be saved." Bai Feifei was very dissatisfied when she heard Zhu Qiqi's words.

She didn't expect that this girl would be passionately devoted to Su Chen. If this girl marries Su Chen in the future, what should she be called Zhu Qiqi?

Her adoptive mother is like this too. Damn you bastard woman!

I don't want to think about it anymore, but the more she thinks about it, the more troubled she becomes.

Bai Feifei still thinks Shen Lang is good.

Shen Lang is a very dedicated person. He will not show mercy like this bastard and can't move when he sees a beautiful woman.

Seven days later, many Jianghu people have arrived in

Xiuyu Valley. The entire Xiuyu Valley is full of Jianghu people who came to see Yan Nantian, the best swordsman in the world, come to Yihua Palace to seek revenge on Yueyue. Yan Nantian is coming to Yihua. Gong Xian and Yaoyue Xunxun have spread in the martial arts world of the Western Continent, and the land gods who Yan Nantian has advanced to the realm of heaven and humans are also known to the Jianghu people. The people in the Valley of Evil are going everywhere to build momentum for Yan Nantian, as if they are afraid of the people in the Western Continent. The people in the world of Jianghu didn't know that Yan Nantian had advanced to the Heavenly Realm. In Yihua Palace, Yaoyue and Lianxing were sitting together drinking tea. They all knew about the people in Jianghu outside Xiuyu Valley, but they were too lazy to care about those who wanted to see. As long as those Jianghu people did not break into the Xiuyu Valley Yihua Palace, Yaoyue had no intention of driving those Jianghu people away. Lianxing drank tea and asked Yaoyue doubtfully, "Sister, my husband is almost here." Here we come, why did that bastard come to the Western Continent in person this time?" Yao Yue smiled when she thought of Su Chen and said,

"He must be restless. He doesn't bother to care about things in the empire. He came to the Western Continent non-stop from the Eastern Continent. That bastard was also attracted by the chaotic world of the Western Continent."

Yao Yue feels that she has changed a lot now.

Yao Yue, who never smiled before, has been smiling more and more frequently since she met Su Chen. She is no longer the cold and heartless Yao Yue, and she is also right. She is very satisfied with her life now.

After Yan Nantian is solved this time, she and Lian Xing will return to Xuannian Palace, which will be their home from now on.

Chapter 1058

Lian Xing shook her head when she saw her sister Yao Yue thinking deeply.

She actually wanted to return to the Black Bird Palace in the Southern Continent immediately, but the chaos in the Western Continent still needed to be resolved.

Lu Xiaofeng and the others in Qingyi Tower had a clue. The Sun Moon God Sect and the Five Mountains Sword Sect were solved by Su Chen. There was still no news about the reward and punishment order for good and evil in the south.

And the martial arts masters who got those tokens were also going to see where the Knight Island was. Why were they invited to the Knight Island?

Lianxing thought that there was also the elusive Qinglong Society. The Qinglong Society had been tracking down the group since it was discovered by the secret guards.

But by killing some of the Green Dragon Society's minions, we only got some basic information about the Blue Dragon Society. How many people are there in the Blue Dragon Society?

Who are those dragon capitals?

None of these were found.

At this moment,

Yao Yue came to her senses and then told Lian Xing,

"Lian Xing, Yan Nantian is coming in the next few days, let the maids of Yihua Palace get ready, and order the shadow assassins to always pay attention to people related to Yan Nantian. This time Yan Nantian and those who support Yan Nantian are Don't let it go"

"I know sister."

Lianxing nodded and replied.

Yaoyue touched Lianxing's hair and smiled and said,"Well, I'm going to practice, and Yihua Palace will be left to you."

"good!"

Outside Xiuyu Valley, a luxury carriage slowly drove over.

The more than ten guards guarding the carriage were very nervous now.

There were two to three thousand Jianghu people outside Xiuyu Valley, and there were many martial arts masters among them. They They are all guards with low strength, and they are all losers here.

These guards are very worried that people from the world will cause trouble for them.

In the carriage,

Bai Feifei looked at Su Chen and asked angrily,

"You bastard, can you please stop squeezing around? The space in the carriage is small, so why are you bastard moving around?"

Bai Feifei is very reluctant to sit with this bastard, but for the sake of Zhu Qiqi and her adoptive mother Bai Jing, Bai Feifei cannot let Ning Yuxi sit next to this bastard.

But this bastard is like a hyperactive child The same, constantly moving around in the carriage.

Looking at Su Chen who kept harassing her, she wanted to kick this bastard away.

Su Chen was very speechless when he heard Bai Feifei's words.

Zhu Qiqi's carriage was very It's luxurious, but it's a bit small.

It's a bit crowded for four people in the carriage.

But if you throw the sleeping bag into the carriage, it will be much more spacious. But Zhu Qiqi and the others have to rest in the carriage at night, so it's impossible to sleep on the sleeping bag. Throw it away.

The fragrances on the bodies of women like Zhu Qiqi and Ning Yuxi are very charming.

Su Chen has been very uncomfortable smelling these fragrances for the past ten days.

If these women had no place to go,

I am afraid that this place would be This is the love nest of Zhu Qiqi and Su Chen.

Su Chen glanced at Bai Feifei who was looking at him all the way and said dissatisfiedly,

"Little white girl, this is such a big place. Besides, the fragrance of your women's bodies makes me feel very uncomfortable. I just stretched myself and you have so many opinions. Why don't you and Ning Yuxi change places?"

"You are dreaming!"

"I'll do it! Then don't blame me"

"Ah, you shameless gangster, get out of here."

Bai Feifei didn't expect Su Chen to be so shameless. Looking at Su Chen who was leaning on her shoulder, Bai Feifei wanted to strangle this bastard to death. As soon as she pushed Su Chen away, she stared at the bastard with a red face.

Zhu Qiqi saw Su Chen and Bai Feifei quarreled again, so she pulled Su Chen and asked him to lean against her body. She didn't want Su Chen to continue to provoke Bai Feifei, otherwise the two would fight again.

Ning Yuxi still brought him with her She sat quietly with her veil on the side.

She didn't care at all about the quarrel between Su Chen and Bai Feifei. Maybe she had seen such things too much and had become immune. Maybe she thought this was a normal exchange between Su Chen and Bai Feifei. Anyway, Ning Yuxi rarely spoke along the way.

But now she was very curious about Su Chen's identity.

She didn't understand how this Su Chen could have thousands of spiritual fruits that disappeared. The spiritual fruit she ate not only solved her Poison, and even her strength has increased a lot. If Zhu Guoli's spiritual power had not been used to detoxify most of the poison.

Otherwise, she might have advanced to the realm of heaven.

Ning Yuxi's current strength is half

She was only one chance away from breaking through to the Heavenly Realm. After

Su Chen opened the curtains in the carriage, he found that there were Jianghu people everywhere outside Xiuyu Valley. There were at least thousands of Jianghu people in Xiuyu Valley. Outside, "I'll do it!" Why are there so many Jianghu people here? Even if they came to see the battle between Yao Yue and Yan Nantian, why did so many Jianghu people come?"

Bai Feifei said with a serious face,

"Someone must have deliberately revealed the news about Yao Yue's fight with Yan Nantian, or even publicized the news about Yao Yue's upcoming fight with Yan Nantian."

Bai Feifei is not a novice now. After experiencing what happened in the Ming Dynasty, she has grown a lot, and she no longer just looks at problems at face value.

"Well, I think so too." Zhu Qiqi nodded and agreed with Bai Feifei's view.

Zhu Qiqi is now worried that Yao Yue will not be Yan Nantian's opponent. Yan Nantian has now advanced to the heavenly realm, but Yao Yue is still a grand master. If so, In a fight, Yao Yue will definitely not be Yan Nantian's opponent.

However!

This time Su Chen has arrived.

She believes that Su Chen cannot watch his woman being killed by Yan Nantian.

Su Chen must have a way to deal with Yan Nantian.

Ning Yu When Xi heard what Su Chen and Bai Feifei said, he whispered,

"You don't need to guess, this is what those people in the Valley of Evil are deliberately spreading everywhere, and Yan Nantian has already advanced to the Heavenly Realm, so Yao Yue of Yihua Palace may be in trouble this time."

In the past few months that Ning Yuxi has been in the Western Continent, she has heard about Yan Nantian's plan to seek revenge on Yao Yue, and she even knew about the fact that some people were behind it.

But she didn't understand people like Su Chen. Why come to see the battle between Yan Nantian and Yao Yue?

These things should have nothing to do with them.

They are not just watching the fun.

Do they have something to do with Yihua Palace or Yan Nantian?

Su Chen heard how many of them The woman shook her head and said, "I don't think so. Even if Yan Nantian is promoted to the Heavenly Realm, he will not be Yao Yue's opponent.""

"laugh! boast!"

Bai Feifei said sarcastically to Su Chen disdainfully.

Although she knew that Yao Yue was this bastard's woman, she didn't think that a great master could kill a strong man in the heavenly realm.

Uh!

This bastard doesn't count, he is just a Abnormal.

When Su Chen saw Bai Feifei mocking him, he shouted angrily, "What the hell, Bai Feifei, do you want to make a bet?"

"What to bet on?"

"If Yao Yue kills Yan Nantian, even if I win, you must unconditionally obey any of my orders from now on."

"shameless bastard! I agree, though! If you lose, you must also unconditionally obey any of my orders."

"It's a deal!"

"It's a deal!"

Su Chen smiled sinisterly when he heard Bai Feifei agreed.

Bai Feifei will prepare to dance for himself in the future.

The Pure Land of Paradise will be ready for Bai Feifei.

I want to use Bai Feifei's tall body and perfect figure to dance. The Pure Land of Ultimate Bliss should be very beautiful.

Chapter 1059

Su Chen looked at Bai Feifei sinisterly and smiled.

He knew that Yao Yue had practiced the Divine Sword Controlling Thunder True Art and the Ghost-Slaying True Art. Among the four emperor-level sword techniques, Yao Yue had mastered two great sword techniques, and also They have all achieved great success in cultivation.

Even if Yan Nantian was a terrestrial immortal in the heavenly realm, he would probably be killed by Yao Yue on the spot.

Bai Feifei dared to make a bet with him.

She would definitely lose this time.

Su Chen looked at Zhu Qiqi and Ning Yuxi and asked with a smile, "Do you two want to make a bet with me? I have the same conditions as Bai Feifei, do you dare?"

"I don't bet with you."

Zhu Qiqi shook her head and hurriedly refused.

Although she didn't know why Su Chen had such confidence, she believed that Su Chen couldn't lose. This bastard was not absolutely sure. It was impossible for him to propose such a condition.

"If I win, can I have another red fruit?" Ning Yuxi thought for a moment after hearing Su Chen's words and said, she cares very much about Su Chen's spiritual fruit, the red fruit. If she eats another red fruit, she will definitely break through to the heavenly realm.

As for Yao Yue In the battle with Yan Nantian, she didn't think that the great master's invitation to the moon could defeat Yan Nantian in the heaven and human realm.

Su Chen didn't expect that Ning Yuxi would actually have Zhu Guo's idea, but it was okay, there was one more person dancing in the Pure Land. It should be very good, especially for a beautiful and cool woman like Ning Yuxi. If she dances to the Pure Land, the effect should be very exciting.

Su Chen explained to Ning Yuxi in advance, "Ning Yuxi, Zhu Guo will live a lifetime." You can only eat one. If you eat more, it will only heal your wounds and detoxify. It is impossible to increase your power and allow you to break through to the heavenly realm."

"It's also good for healing and detoxifying"

"Okay, as long as you win, I will give you a red fruit."

"OK, the bet is established!"

"The bet is established."

Su Chen was very happy when he saw another beautiful girl who fell into the trap.

Gaga!

In the future, should Bai Feifei and Ning Yuxi dance to the Pure Land together?

Or should they dance for themselves one by one?

I have to think more about this.

At this moment, the guard outside the carriage shouted to Su Chen, "The young master has a woman who wants to see you. Her name is An Biru."

"I'll do it! That witch An Biru came so quickly? Ning Yuxi and An Biru are also in the Western Continent?" Su Chen didn't expect An Biru to arrive so quickly. He looked at Ning Yuxi and asked doubtfully,

"Well, An Biru has a mysterious ally in the Western Continent. I tracked down An Biru and came to the Western Continent before I chased him."

"So that's it."

Su Chen heard Ning Yuxi's words and understood why Ning Yuxi appeared in the Western Continent. It turned out that she came to the Western Continent to track down An Biru, but who or what was An Biru's ally? Power?

Su Chen continued to ask Ning Yuxi,

"Who is An Biru's ally?"

Ning Yuxi shook her head and reminded, "I don't know, I just saw a masked man in black interact with her, and the masked man in black is not weak, and the masked man in black is at least as strong. A master at the late stage of a great master."

Su Chen smiled when he heard Ning Yuxi's words and said, "Then won't you be in trouble in the future? Your junior sister is bent on killing you."

"She can't kill me, especially after I break through to the half-step heavenly realm, An Biru will not be my opponent."

"What about using poison?"

"After I failed once, do you think I will still be poisoned by An Biru?"

"Are you so confident?"

"It's not that I have confidence, it's that I know An Biru very well"

"Forget it, I'm going to meet your junior sister An Biru. Ning Yuxi, you'd better not show up. Let An Biru not know your situation now, so that you can catch her by surprise in the future."

"I see."

Ning Yuxi nodded when he heard Su Chen's words.

This is not the place to fight An Biru. After all, there are too many people here, and it's unclear whether An Biru's ally is here.

An Is Biru's ally a person?

Or a force?

She also didn't figure it out.

Ning Yuxi thought about it and couldn't act rashly at this time.

Outside the carriage, a woman with a coquettish appearance and a perfect figure stood not far from the carriage.

Every movement and stillness of her is very attractive, especially her curved figure and two straight and slender legs, which makes the people around her look at this peerless beauty secretly.

And this The bastard and coquettish woman is Ning Yuxi's junior sister An Biru.

Su Chen got out of the carriage and saw An Biru not far away.

His eyes lit up when he saw An Biru.

Come on!

Witch, witch!

This is But the mature An Biru, who is even more seductive than Wanwan, cannot be compared to the young Wanwan.

Su Chen came to An Biru and asked, "An Biru, you are more beautiful than I thought. be beautiful"

"Ha ha! Mr. Su, do you know the Nu family?" An Biru smiled delicately, exuding a mature charm, and patted Su Chen's chest and said,

I'm going to do it! I can't stand it!

Why is this An Biru so seductive?

Su Chen took a few steps back and coughed and said, "Cough! cough! How could I not know the Holy Aunt of the Miao Territory? An Biru, if you don't want the Miao Territory to be slaughtered by the army, you'd better cooperate with me. Otherwise, the troops of the Western Combat Legion will kill all the Miao people in the Miao Territory."

"Mr. Su, are you threatening the slave family?" An Biru said with murderous intent in her eyes when she heard Su Chen's words.

An Biru cares very much about Miao Jiang. She came to the Western Continent this time to find allies so that Miao Jiang would not be destroyed by the Xuantian Empire. To overthrow the Xuantian Empire, otherwise, how could she come all the way to the Western Continent.

Su Chen also noticed An Biru's murderous eyes, but he didn't care. An Biru's cultivation level was lower than Ning Yuxi's. At the late stage of a great master's cultivation, Su Chen could suppress her with one hand

"You can understand it this way."

An Biru looked at Su Chen and smiled.

She felt that Mr. Su should be a noble of the Xuantian Empire, and even his family's status in the Xuantian Empire was not low. She felt that if she controlled this boy, then in the future It should be very easy to subvert the Xuantian Empire

"Ha ha! The Miao territory is located in a mountain with hundreds of thousands of people. It is very difficult for the Xuantian Empire's army to destroy the Miao territory. Do you think the Xuantian Empire's army will spend a lot of manpower and material resources to destroy a small Miao territory?"

Su Chen walked up to An Biru and whispered in her ear,"An Biru, have you heard of the mountain jungle corps formed by the Western Combat Corps?"

"Are you talking about those jungle legions composed of alien races?" An Biru was shocked when she heard Su Chen's words.

When An Biru came to the Western Continent, she saw those foreign legions gathering for training.

If those foreign legions went to destroy the Miao people in the Miao territory,

So it would be useless for the Miao people to escape to the mountains.

The South Vietnamese aliens who are good at tracking in the jungle are not something the Miao people can deal with.

"Yes, the armies that came from the small South Vietnamese country are very good at fighting in the mountains and jungles. Do you think the 100,000 mountain jungle army can find the location of the Miao territory? Can the Miao people in the Miao territory be wiped out?"

Chapter 1060

Su Chen now wants to scare An Biru, the witch, and want An Biru to be obedient in the future. The Miao people in Miao territory are An Biru's weakness. If An Biru doesn't want the Miao people in Miao territory to be massacred, An Biru should have a clear decision.

An Biru was very shocked now.

What Su Chen revealed this time shocked her so much. Although she knew that the Xuantian Empire was very powerful, she had no confidence in subverting the Xuantian Empire, but this time she heard The news made her uneasy.

An Birumei stared at Su Chen and shouted coldly,

"who are you?"

Su Chen smiled and lifted An Biru's chin and said,

"Someone you didn't expect, An Biru, you can think about it for a few days. If you didn't come to me after the battle between Yan Nantian and Yao Yue, the Jungle Combat Corps would go to Miao territory in a month. You should know the consequences. What is it. An

Biru slapped Su Chen's hand away and threatened angrily, "Damn it, aren't you afraid that I will kill you now?"

"An Biru, you are too arrogant. You can't beat me or kill me. Don't ask for humiliation here." Su Chen shrugged his shoulders and looked at An Biru's angry pretty face and said,

Su Chen is not afraid of An Biru's action.

If she dares to take action, Su Chen can take advantage of her openly and beat An Biru's head. The PG should be very good.

An Biru didn't expect Su Chen to say this.

She didn't feel a trace of inner strength in Mr. Su's body. How dare an ordinary noble prince speak like this? Could there be a master protecting him? ? Why didn't she realize it?

An Biru thought for a while, then twisted her waist and touched Su Chen's shoulder and said with a sweet smile, "How could the Nu family take action? Mr. Su, why don't we find a place to talk about Fengyue, the Nu family? But I know a very good place. Would you like to go and see it with me?"

Holy crap! I can't stand it anymore!

An Biru is so damn seductive.

Hold on!

Hold on!

This witch An Biru must have some conspiracy.

Can he fall into An Biru's beauty trap?

"cough! Forget it, there are several beauties in my carriage waiting for me to love them, and I cannot afford the tenderness of the holy aunt."

An Biru didn't expect that Su Chen actually refused.

Didn't she catch the eye of this bastard?

This is impossible!

This bastard looked at her and wanted to eat her. Could it be that he found that she wanted to use poison to control him?

An Biru shook her head and made other plans.

"Mr. Su, where is my senior sister Ning Yuxi? If you want to cooperate with me, Ning Yuxi, you must leave it to me. Su

Chen rolled his eyes at An Biru, shook his head and said, "Do you think it's possible?" Ning Yuxi is a peerless beauty. Once she is in my hands, she is mine. You'd better not waste your efforts here."

"I didn't expect that this noble young master like you is still a lecherous person, but my senior sister is a woman who doesn't know how to be charming. Do you want to consider me?" An Biru leaned against Su Chen and blew the fragrance into Su Chen's ears and said,

Damn!

I can't stand it anymore!

Demon Girl An!

I will definitely conquer demons and eliminate demons in the future.

Su Chen directly hugged An Biru's waist. He smiled and said, "You should consider my proposal, I hope you can make the right choice."

I'm sorry for not taking advantage of the free benefits, but!

An Biru's water snake waist is so damn soft.

An Biru escaped from Su Chen's arms as soon as she turned around.

She didn't expect that this bastard dared to hug her. This But An Biru wanted to kill this shameless pervert.

"The slave family will give you an answer in a few days. Mr. Su, are you here to watch the battle between Yihua Palace Yao Yue and Yan Nantian, the best sword in the world?"

"I'm here to find beauties. I heard that Yaoyue and Lianxing from Yihua Palace are very beautiful. I plan to marry them home."

"hehe! Then I wish you success soon." An Biru rolled her eyes and guessed that this bastard was lying.

This little fox was difficult to deal with.

She didn't have any advantage in front of this little fox.

An Biru looked at Su Chen and guessed what this bastard got. People? He is not an ordinary person who can command the army, but is there such a young high-ranking official in the Xuantian Empire?

Except for Ximen Chuixue, there seems to be no young high-ranking officials in the Xuantian Empire.

People like Lu Xiaofeng are all Jianghu people, the four major They can't command the combat legion.

Who is he?

The commander of the Western Combat Legion is Mu Guiying, and I heard that Mu Guiying is also the princess of the Xuantian Empire, so how can this bastard order the subordinates of the Western Combat Legion? Alien legion?

At this moment, a young man in white came to Su Chen with several women in white.

The young man in white looked at Su Chen and said with a smile, "Mr. Su, I didn't expect you to come too."

Su Chen asked suspiciously when he saw Hua Wuque arriving, "Hua Wuque, you came from outside like this? Did your aunt tell you to do something?"

"Young Master, I just came back from Yanjing. I haven't seen my two aunts for more than a month." Hua Wuque shook his head at Su Chen and explained.

Hua Wuque didn't expect that Su Chen would appear here, but when he thought about Yao Yue's fight with Yan Nantian in a few days, he guessed that Su Chen must be very fond of Yao Yue. He came all the way to visit his aunt Yao Yue and Lian Xing to comfort him.

Hua Wuque was also very embarrassed when he saw Su Chen.

He didn't expect that he and Su Chen were friends, but this bastard actually had a crush on his aunt, and once again Hua Wuque complained to Su Chen very much when he found out.

How will he call this bastard uncle from now on?

He can't say it.

But if he doesn't, I'm afraid his two aunts will teach him a lesson. ,

Su Chen understood after hearing Hua Wuque's words, "So that's it, but, Xiaohua, what did you do in Yanjing?"

Hua Wuque looked at An Biru next to him and whispered, "For the Qingyi Building, Lu Xiaofeng and the others need some support, so my aunt asked me to give them a token.""

"Well, Xiaohua, please go back to Yihua Palace first. I will be there in a moment."

"good!"

After Hua Wuque left with the girls from Yihua Palace,

An Biru looked at Su Chen and felt very incredible. She felt that she had discovered a huge secret, and this bastard was actually related to

Hua Yihua Palace. Wuque is the young palace master of Yihua Palace, but why does Hua Wuque seem to be a little respectful to Su Chen?

Hua Wuque even went to Yanjing to give Lu Xiaofeng and the others some tokens.

The relationship between the legend of Yihua Palace and the emperor of the Xuantian Empire Closely, Yaoyue may even be the imperial concubine of the Xuantian Empire.

Are these legends true?

An Biru looked at Su Chen and said with a sweet smile, "I have some guesses about your identity now, you have to listen Do you want to listen?"

"Bet?"
