### Chapter 1111

In the room,

Su Chen and Liu Xinru glared at each other.

Liu Xinru now wanted to strangle this bastard to death. A man's mouth is a liar. This bastard has deceived her again and again, which made her feel uncomfortable. This bastard should be approached.

If it weren't for revenge,

Liu Xinru really wouldn't want to be with this bastard.

Su Chen now also has no good impression of this woman who is so unfaithful. This is the third time that he has told a false identity, but this damn woman doesn't believe him every time, which makes him feel that this woman is his nemesis. ,

Su Chen asked Liu Xinru, "Do you know Hua Wuque?"

"do not know! Liu Xinru shook her head and replied.

Su Chen continued to ask, "Then have you seen Hua Wuque?"

"Never seen it either!" Liu Xinru still shook her head and said.

Su Chen shouted angrily when he heard Liu Xinru's words,

"Damn it, you don't know or have seen Hua Wuque, how do you know I'm deceiving you? Liu

Xinru, not to be outdone, scolded,

"You damn bastard, you just faked your identity, can you please stop looking for a sect that is all women? are you an idiot? A man from the women's sect? Even if there are one or two men, do you think you can pretend?"

"I'll do it!"

Su Chen didn't expect that this would make Liu Xinru not believe in him every time.

What happened to the women's sect?

He was originally from the Emei sect and Yihua Palace. He could even be said to be the master of the Emei sect and Yihua Palace.

What's wrong with what he said?

Liu Xinru glared at Su Chen and said angrily, "What? You have nothing to say now, right? All men are jerks, none of them are good"

"I don't care about you!"

"Tell me who you really are?"

"I am the emperor of the Xuantian Empire, Su Chen"

"Am I still the Queen of Xuantian Empire, Concubine Yan? You shameless bastard."

Su Chen yelled at Liu Xinru, "It's him, believe it or not, don't bother me if you have nothing to do in the future, and don't bother me if you have something to do."

Su Chen is really helpless with Liu Xinru.

This crazy woman is simply unreasonable.

He plans to leave.

He asked the Shadow Assassin to inform the Xikang City army to prepare to attack the Mingjiao a few days ago. He has nothing to do here. , it's just a pity that I haven't found the Great Shifting Technique in the past few days.

"stop! You can't leave."Liu Xinru directly stopped Su Chen and stopped him from leaving.

Liu Xinru didn't want this bastard to leave, otherwise it would be difficult for her to find this bastard again in the future.

Her men could still find him in Guangmingding Mingjiao General Forum. If this bastard left Guangming Ding, she can't find him again. She will need him to deal with Yang Dingtian in the future. She doesn't want to lose the trace of this bastard.

Su Chen crossed his hands in front of his chest and said helplessly,"It's okay not to leave, tell me every time you How did you find me, and how did you know that I peeped at Hui Yue's bath?"

"I tell you it's okay, but if you disappear in an instant again, I will tell you on the Mingjiao Guangmingding that you are my pretty boy. Liu Xinru thought about it and warned with a serious face,

"Do you still want to face me?"

"I don't even care about my life, so what else do I need to do with my face?"

"You are awesome, I am speechless at what you said."

Liu Xinru saw that Su Chen compromised, she smiled and said to Su Chen,"I have trained some subordinates in Mingjiao over the years, and all the maids in Mingjiao are mine."

" 【Diewu】, this is the name of the organization I cultivated"

"I also cultivated some colorful butterflies that track people"

"As long as the scent on your body is smelled by the colorful butterflies, they can use the colorful butterflies to find you. As long as you are in the Mingjiao General Altar, my men can use the colorful butterflies to find you."

Su Chen was surprised when he heard Liu Xinru's words and said, "You are quite powerful. It seems that you have made a lot of preparations to deal with Yang Dingtian over the years. Liu

Xinru raised her snow-white neck and said proudly, "Of course, in order to blow up the Guangmingding, I spent more than ten years just collecting the gunpowder. I also invested a lot of energy in training these maids." Su

Chen looked at the arrogant Liu Xinru and continued to ask, "Liu Xinru, you didn't go to Persia with Yang Dingtian?"

"No!"

"Do you know about Yang Dingtian's fake death? Liu

Xinru said to Su Chen with a very ugly face,

"Of course, he could die so easily. Yang Dingtian went crazy while practicing martial arts more than 20 years ago. If he hadn't died early in the morning, he still had sequelae. His crazy practice made him a eunuch. Let Yang Dingtian prepare to fake his death and let the Persian Mingjiao cure his eunuch disease. Su

Chen asked, "Don't Yang Dingtian have a grudge against you?" Is he so relieved to leave you alone in Mingjiao? Isn't Yang Dingtian afraid of you running away?

Liu Xinru laughed crazily, "Haha!" He won't worry about me escaping, because he knows that I want to seek revenge from him. My whole family was killed by him. I can't escape until I kill him."

"Um? Your whole family was killed by Yang Dingtian?" Su Chen didn't expect that Yang Dingtian killed Liu Xinru's whole family. No wonder Liu Xinru wanted to kill Yang Dingtian for revenge. It turns out there is such a story.

Liu Xinru calmed down and continued, "Yes, in order to get me, Yang Dingtian first He deceived my family, and later killed him when his lie was exposed. I only found out accidentally a year later, when I was already married to Yang Dingtian.

Su Chen asked curiously, "Then what happened to your senior brother Cheng Kun?" Why did you kill Cheng Kun again? Liu

Xinru clenched her fists and said angrily,

"He is a scumbag. Cheng Kun actually knew that my family was killed by Yang Dingtian without telling me. He even secretly came to Mingjiao and asked me to steal the Great Shifting Technique for him. He even wanted to marry me.....And me....., he is a scumbag."

Su Chen was very speechless when he heard this.

This was completely different from the plot of the plot.

In the plot, Liu Xinru's parents fell in love with Yang Dingtian's wealth and status, so they married Liu Xinru to Yang Dingtian.

It seems that Liu Xinru may also be a gold-worshipping girl. Liu Xinru also fell in love with the identity of the leader of the Yangding Tianming Sect, and later got together with Cheng Kun. Liu Xinru is a complete white lotus woman in the plot.

Su Chen's feelings towards Liu Xinru There was some sympathy in the encounter, but it was only some sympathy.

There was no relationship between them, so how could Su Chen have sympathy for her.

Su Chen suddenly thought of Yang Dingtian scolding Liu Xinru for being incompetent. How could such Liu Xinru be a human being? A woman who is helpless?

He asked Liu Xinru doubtfully, "Then you are looking for men everywhere in Mingjiao to make you proud?"

When Liu Xinru heard Su Chen's words, she glared at Su Chen and shouted loudly,

"What are you talking nonsense about?"

"How could I possibly do that?"

"I found out that those Ming Cult members were the scum who harassed my subordinates. I called them over one by one just to find a reason to kill them. Who knew that Yang Dingtian would think that I was a woman who could do whatever she wanted?"

"Ha ha,"

"I'll take this for granted. Anyway, I can still be angry with Yang Dingtian. It's best if I can make that scumbag Yang Dingtian angry to death."

Chapter 1112

Su Chen was very speechless after hearing what Liu Xinru said.

Liu Xinru didn't even care about her reputation in order to take revenge.

However, a woman who didn't even care about her life really didn't need to care about her reputation.

It's really scary for a woman to hate someone like Liu Xinru, who has been carefully preparing for revenge for more than ten years, which is really frightening to think about.

If the gunpowder prepared for more than ten years explodes in Guangmingding, Guangmingding will probably be blown up. No Mingjiao believer in the Mingjiao main altar in Guangmingding will survive, and even Liu Xinru's maids and subordinates will probably not survive.

Su Chen thought of his ruthless women, such as Yao Yue, Shi Guanyin, Zhu Yuyan, Murong Qiuci, Hua Baifeng, etc. They were all ruthless, ruthless, and unscrupulous in doing things. He couldn't help but think of this. He shuddered.

His women were more hateful and crazy than Liu Xinru. If Su Chen dared to betray his women, I'm afraid his empire wouldn't be enough for them.

Su Chen could only wait to be slaughtered by them

"Liu Xinru, I agree to cooperate with you, but you must obey my orders from now on. You can do whatever I ask you to do. Your maids and subordinates are also under my command. Su

Chen thought of the gunpowder again and hurriedly continued to Liu Xinru, "By the way, there are also those gunpowders, put them away for me. I don't want to be blown up by those gunpowders silently." Liu

Xinru thought for a while and agreed, "These are all fine. When are you going to deal with Yang Dingtian?"

She just wants revenge. If she can rely on Su Chen to take revenge, her men and the gunpowder she prepared for more than ten years will be useless.

After revenge, she will commit suicide.

The maids she trained will be taken in by this bastard in the future.

Su Chen sat down and took a sip of tea and told Liu Xinru, "I have ordered the army to attack the Mingjiao. The army of the empire will arrive in one or two days. If you wait another one or two days, I will let you take revenge as you wish." "

Liu Xinru heard that the Xuantian Empire had dispatched troops, and she also thought that the Mingjiao had already gathered almost 300,000 Mingjiao troops. If the Xuantian Empire's troops came in small numbers this time, they might not be able to match the Mingjiao army.

"How many troops have arrived from the Xuantian Empire? There are almost 300,000 Mingjiao believers gathered in Yangdingtian."

Su Chen laughed disdainfully,

"After all, those are untrained peasant armies. The Eastern Combat Legion has three legions this time. The 150,000-strong black-armored army and the 300,000 Ming Cult believer legions are not enough to massacre in the Eastern Combat Legion."

Liu Xinru didn't think what Su Chen said was a big lie.

She also knew about the Xuantian Empire's army, especially the battle in Qilian City.

Qilian City only had three or four thousand city guards, but the Mingjiao paid almost 20,000. It took the lives of the believers to capture it, but what if it was a real combat legion? How many Christian troops did the Mingjiao have to pay to capture it?

Liu Xinru thought about it and continued to ask Su Chen, "What about Yang Dingtian? He is a terrestrial immortal in the Celestial Realm, and there are even masters of the Celestial Realm from the Persian Ming Cult. How are you going to deal with them?"

"You don't need to take care of this. Masters of the Heavenly Realm from the Xuantian Empire will also arrive in the next few days." Su Chen touched his nose and started talking nonsense again.

This time he came alone. There were two thugs from the land gods in the heaven and human realm, and he also sent them out to find the treasures of the Jinpeng Dynasty.

Su Chen Now, except for the shadow assassins who protect him, there are no subordinates here in Mingjiao, eh!

Dai Qisi and the other three girls are not included.

They are all women with very bad strength.

Even if they come, they will be cannon fodder.

Liu Xinru heard Su Chen's words and said easily,

"That's good. I can afford to wait for two days. I've been waiting for twenty years, and it's not less than two days."

"That's good, I'll leave first!"

Bang!

Just when Su Chen was about to leave,

Liu Xinru's room was kicked open, and a veiled woman wearing an alien costume came into the room aggressively. The alien beauty came in and cursed angrily when she saw Su Chen, "You bastard is hiding here, it's really easy for me to find you!"

"Holy shit! Hui Yue Envoy!" Su Chen was very surprised when he saw the Moonlight Envoy arriving.

He didn't expect that the Moonlight Envoy would find this place.

It seemed that he was about to teleport away again.

The Moonlight Envoy saw Su Chen trying to escape and became anxious.

She knew that this shameless pervert would disappear suddenly, and she didn't want this bastard to escape from her again. The

Huiyue Messenger looked at Liu Xinru and hurriedly threatened, "Shameless man, if you dare to escape today, I will kill you." Your woman?"

"Um? My woman?" When Su Chen heard Huiyue Shi's words, he pointed at Liu Xinru and asked doubtfully,

"Isn't she?"

"I'll do it! Huiyue Shi, don't you know the wife of Mingjiao Yang Dingtian?" Su Chen was completely speechless to Huiyue Xin.

Liu Xinru was clearly Yang Dingtian's wife, but

Huiyue Messenger actually said she was his woman.

Doesn't Huiyue Messenger even know Liu Xinru?

Liu Xinru was stunned when she heard Su Chen's words. He said angrily, "Asshole, I am not Yang Dingtian's wife."

Liu Xinru was originally very ashamed and angry when Huiyue Shi said she was this bastard woman, but she became even more angry when she heard Su Chen's words. Liu Xinru would never admit that she was Yang Dingtian's scumbag wife again.

"you shut up!"

Su Chen shouted hurriedly when he heard Liu Xinru's words.

Huiyue Shi looked at Liu Xinru and then at Su Chen and cursed angrily, "You shameless pervert still wants to lie to me. I won't be fooled again. You Do you think I will believe you?"

Su Chen looked at Hui Yue Shi in confusion and asked hurriedly, "Is it him? When have I cheated on you?"

"In the secret room in the secret passage, didn't you, the shameless person, say you should leave? Are you leaving? Damn you pervert, you're dead this time"

"Holy shit!"

Su Chen was also speechless.

He had really deceived the Huiyue Messenger.

This time, his identity as a liar could not be cleared.

"go to hell!"

Huiyue Shi saw that Su Chen had nothing to say, so he waved his palm and struck at Su Chen.

Touch!

"You can't kill him now." Liu Xinru suddenly appeared in front of Su Chen and blocked Hui Yue's attack and said,

"Go away, or I'll kill you first!"

"you wanna die!"

Boom boom!

In this small room,

Liu Xinru and Hui Yueshi started fighting after a disagreement.

In just a moment, the room was destroyed, including tables, chairs, beds, and even some of the furniture in the room. The precious furnishings were all tattered by their fighting.

Su Chen was very speechless when he saw the two girls fighting.

He did not expect that Liu Xinru would fight with Hui Yue Shi.

This made him unable to leave even if he wanted to..

Huiyue Shi is a master in the late stage of Grand Master, and Liu Xinru is only in the early stage of Grand Master. Liu Xinru is definitely not Huiyue Shi's opponent. Su Chen doesn't want Huiyue Shi to kill Liu Xinru now.

Chapter 1113

At this moment, outside Liu Xinru's room, the Ming Cult members who were guarding the room were stunned when they heard the fighting in the room. The

Ming Cult members knew who the woman who had just violently entered was, the Huiyue Messenger of the Persian Ming Cult, but Why did the Moonlight Envoy of the Persian Ming Cult start a fight with the leader's wife? This left the Mingjiao believers guarding here at a loss as to what to do. boom!

Liu Xinru and Huiyueshi flew out of the room respectively after fighting.

They couldn't use their fighting skills in the small room.

After passing through the corridor,

Liu Xinru and Huiyueshi appeared in an open space in the back hall, and at this time Liu Xinru had already held her hand. Holding a long sword, Huiyue Shi was still fighting Liu Xinru with bare hands.

When Huiyueshi saw Liu Xinru attacking her crazily, she warned Liu Xinru with a cold look on her face, "You'd better go away. For the sake of you being a woman, I won't kill you this time."

"Can you kill me?"

"If you want to die, I will help you!"

Boom, boom, boom!

Seeing Liu Xinru, Huiyue was still unwilling to give up.

She also let go of her hands and started fighting with Liu Xinru. At the beginning, she didn't make a killing move, but Liu Xinru attacked her again and again. This made the Huiyue Messenger completely angry.

"A sword dances lightly!"

"West Phoenix Palm!"

Boom boom boom.....

Ahem.....

When Liu Xinru attacked Huiyue Shi again with her long sword, she was knocked away by Huiyue Shi with a quick palm. Liu Xinru hit a pillar and vomited a few mouthfuls of blood, then looked at Huiyue Shi in surprise.

She knew that she was no match for Hui Yue Shi, but she didn't expect Hui Yue Shi's palm skills to be so weird. Hui Yue Shi's weird palm skills hit her chest quickly, and she didn't even have time to dodge..

Su Chen saw Liu Xinru being injured in the distance. He looked at the Mingjiao believers around him and cursed and ordered, "What are you doing standing there in a daze? Didn't you see that the leader's wife was injured? Kill her quickly." That Persian woman, otherwise you will all be killed by the leader." The surrounding Ming Cult believers felt helpless when they heard Su Chen's words.

One was the wife of the Ming Cult leader, and the other was the leader's distinguished guest, the Moonlight Envoy of the Persian Ming Cult.

They are all small people, and they have no way to get involved in these matters, but what Su Chen said is right, no matter what you say, Liu Xinru is the wife of the leader of the Ming Cult.

In the Guangmingding Ming Cult main altar, if the wife of the leader of the Ming Cult was injured, they, the Ming Cult members, would If we don't rescue them as soon as possible, I'm afraid if the leader finds out, he will really execute them all, little people like them.

A altar leader of the Ming Cult looked around and gritted his teeth and ordered, "Come on, come on over, protect the leader's wife and capture the Moon Envoy of the Persian Ming Cult.""

"yes!"

After the dozens of Mingjiao believers around heard the altar's order, they all took weapons and killed the Huiyue envoys.

"Damn bastard!"

Hui Yue Shi also heard what Su Chen said. When she saw the Ming Cult believers around her rushing towards her, she angrily yelled at Su Chen.

Hui Yue Shi did not expect that the woman she injured was actually the Yang of the Ming Cult. Madam Dingtian, it seems that she just misunderstood this damn bastard.

Huh?

It doesn't necessarily matter.

How can a leader of the Ming Cult be with this shameless person?

This shameless person is a complete pervert. Could it be that this bastard Are you having a private meeting with the wife of Yang Dingtian, the leader of the Ming Cult?

"Get out of here, I'm the Moonlight Envoy of the Persian Ming Cult."

"Go ahead and take her down!"

"Damn it, you are seeking death!"

Boom boom boom..... bump bump bump bump bump bump bump bump bump bump bump bump  
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump  
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump.....

Hui Yue Shi did not expect that these Ming Cult believers would actually dare to attack her, which made her angrily knock these scum away one by one with a palm of her hand.

The followers of the Ming Cult are no match for the Huiyue Envoys.

One by one, they were knocked away and either hit the pillars and fainted, or hit the surrounding stone walls and vomited blood and fell to the ground. This was because Hui Yue had shown mercy, otherwise none of them, the Ming Cult believers, would have survived.

After Huiyueshi cleared away the dozens of Mingjiao believers who surrounded her, she suddenly discovered that Su Chen and Liu Xinru were missing.

This made Huiyueji yell angrily, "Huh? Damn it, you let that bastard escape again."

Huiyueji looked angry and helpless. She couldn't stop the bastard's teleportation at all, but that What is the relationship between the shameless pervert and Yang Dingtian's wife? Did Yang Dingtian's wife cheat on her?

"Shameless pervert, you can't escape. I will capture Yang Dingtian's wife. I don't believe you won't come to save her."

At this time,

Su Chen appeared in the secret passage with Liu Xinru in his arms.

This was where Su Chen thought he was safe now. He looked at Liu Xinru's badly injured look and shook his head.

Although Liu Xinru was a great master, Huiyue User However, he is a master in the late stage of the Grand Master, and the Persian martial arts is very weird. Even Su Chen was very curious when he saw Hui Yue Shi's palm skills.

Hui Yue Shi's weird palm skills made people unable to see the routine at first,

Hu Zuo Calling to the right, calling and appearing, this is really hard to guard against.

Su Chen thought for a while, then took out a red fruit and handed it to Liu Xinru and said,

"Eat this!"

"What's this?" After Liu Xinru wiped the blood on the corner of her mouth, she looked at the small fruit that Su Chen handed over and asked doubtfully,

"poisonous fruit"

"asshole!"

"Do you want to eat it or not? Liu

Xinru angrily pushed Su Chen away who was still supporting her, took the red fruit and ate it. She knew that Su Chen could not harm her and had no reason to kill herself. They were now in a cooperative relationship.

Su Chen Seeing that Liu Xinru really ate the red fruit without hesitation, he smiled. It seemed that Liu Xinru still believed in herself, which did not let him waste a red fruit to save Liu Xinru.

"Huh?"

After Liu Xinru ate Zhu Guo, she felt that Tian's injuries were recovering quickly, and even her skills were increasing rapidly. This made Liu Xinru look at Su Chen in confusion and wanted to know what was going on.

"What the hell are you doing? Hurry up and prepare for a breakthrough." Su Chen saw Liu Xinru's stupid look and knocked her on the head and shouted angrily. Liu Xinru was knocked on the head by Su Chen and gave Su Chen a fierce look.

She hurriedly sat down to use her skills to break through. She didn't have it now. Time to deal with this bastard, she must quickly break through her cultivation realm.

Su Chen originally didn't want to give Liu Xinru a red fruit, but the war is coming in a few days. If Liu Xinru's injury does not recover as soon as possible, I am afraid that this time Liu Xinru could not play any role in the war. Guangmingding General Su Chen still needed Liu Xinru and her men to deal with it.

"It's time to leave. The Eastern Combat Legion should arrive tomorrow, but what to do with those quacks in the mountains and forests who want to fish in troubled waters? Kill them all? Or let them go?"

Chapter 1114

The next morning in Qilian City, hundreds of thousands of Mingjiao troops were already outside Qilian City, ready to fight the incoming Xuantian Empire army.

The Jianghu people who got the news also appeared in the surrounding mountains one after another.

These Jianghu people wanted to see which side would win in the upcoming war. If the Xuantian Empire's army destroyed the Mingjiao army, then they could also take advantage of this opportunity. Fight towards Guangmingding to snatch the Mingjiao's Great Shifting Technique. woo woo woo.....

At this moment, the sound of a horn came from Yuan Fei, which made the top Mingjiao and hundreds of thousands of troops outside Qilian City become nervous. This was the arrival of the Xuantian Empire's regular army, and also the arrival of the Xuantian Empire's four The Eastern Combat Legion of the Grand Combat Legion arrives.

With the arrival of the powerful Xuantian Empire and the powerful Eastern Combat Legion, it is impossible for the top management of the Mingjiao and the 300,000 Mingjiao troops not to be afraid.

Dong Dong Dong Dong..... da da da da.....

The sound of heavy steps and messy horse hooves is getting closer and closer, now outside Qilian City. The atmosphere was very tense. The more than 300,000 Mingjiao troops looked at the black figure that had appeared in their eyes.

Less than a quarter of an hour later, the troops of the Eastern Combat Legion had arrived not far from Qilian City. The

150,000 black-armored troops stopped neatly not far from the Mingjiao army. However, the terrifying evil energy released by the black-armored troops, It made the Mingjiao army on the opposite side extremely frightened.

"hiss! The Xuantian Empire's army is indeed terrifying, and the Mingjiao's army cannot be compared with the Xuantian Empire's army."

"Yes, just the terrifying evil aura emanating from it can make people tremble with fear. The Xuantian Empire is indeed very powerful."

"Looking at the Xuantian Empire's army, and then looking at the Mingjiao's army, the Mingjiao's army is like a group of peasant soldiers, without any military momentum at all."

"The Mingjiao army is originally composed of Mingjiao believers. I am afraid that the Mingjiao army will be completely defeated in a war."

"This is not certain. After all, the Mingjiao army has 300,000 troops, and there are hundreds of thousands of Mingjiao believers around Qilian City. The Xuantian Empire has arrived with 150,000 troops this time. We can only see what the outcome of the war will be. Let's see."

On the mountains around Qilian, the Jianghu people here started talking one by one as they looked at the approaching Xuantian Empire army.

On this mountain,

Master Jue and Lin Chaoying were also looking at the arriving black-armored army.

They also wanted to see When Su Chen arrived with the black-armored army, Su Chen and the others did not notice it, but they saw the disciples of the Emei sect. After all, the presence of more than ten nuns in the black-armored army was very conspicuous.

Master Jue saw Ding Minjun and the others. He smiled and said, "It's Minjun and the others. I didn't expect them to arrive with the army."

Master Miejie was originally worried that something would happen to her disciples when they arrived this time, but she did not expect that Ding Minjun would arrive with the army, which also made her completely reassured about her disciples.

"Master, do we want to go there?" Lin Chaoying looked at the Emei sect disciples in the black armor army and asked Master Miejie.

Master Miejie nodded and said hurriedly,

"In the past, of course we had to go there. This time the black-armored army came a little short, but there were many masters in the Mingjiao. We wanted to go over and help the black-armored army deal with those masters of the Mingjiao."

Lin Chaoying agreed after hearing what Master Jue said.

After all, she had a close relationship with Su Chen. Her two apprentices were also abducted by that bastard. Lin Chaoying would not watch Su Chen's army appear here. Heavy casualties.

Then,

Master Jue and Lin Chaoying flew towards the Eastern Combat Army using Qinggong.

The people in the surrounding arena were very surprised when they saw Master Jue and Lin Chaoying flying towards the black-armored army. , the people in the Jianghu here did not expect that Master Miejie and the others would rush towards the black-armored army looking for death.

That was an army, a powerful black-armored army of more than 100,000 people.

However, they thought of the nuns in the black-armored army, here Everyone in the world thought that Master Jiejie and the others were going to save the nuns of the Emei sect.

"It's the master."

Ding Minjun and the others saw Master Jue and Lin Chaoying coming here. They, the disciples of the Emei Sect, were very happy.

Ding Minjun hurriedly ordered to a legion commander next to him,

"Commander Yang, that's the leader of our Emei sect, Master Jue. Please order the army to let our master come over."

"Yes, ma'am!"

After Master Miejie and Lin Chaoying arrived, Ding Minjun and Ji Xiaofu told Master Miejie one by one what happened after they met Su Chen.

Master Miejie was very happy after hearing what Ding Minjun and the others said. She was frightened.

She did not expect that Lonely Yihe would blackmail Ding Minjun and the others, advertise her engagement with him everywhere, and even prepare to use her disciples as cannon fodder. This made Master Mijie very angry. Master Mijie's expression The very big one said, "As long as you have nothing to do, Lonely Yihe's death is not a pity. Even if Su Chen didn't kill Lonely Yihe, I would kill that shameless bastard."

Lin Chaoying said with emotion after hearing this ,

"I didn't expect that your Emei sect would have such a thing. I've never heard of the Emei sect's Xuanzhen view."

"Those are all things of the past, so don't mention them." Jie Shitai shook his head and said with a smile, and the next time, the Mingjiao army began to move.

Three hundred thousand Mingjiao troops stepped heavily and began to attack the Eastern Combat Army. There were chaotic footsteps and messy horse hooves. The sound of neighing horses made the atmosphere on the battlefield suddenly become tense.

When the commander of the Eastern Combat Army saw that the Mingjiao army was about to attack, he ordered to the messenger,

"The Thirteenth and Fourteenth Legions are preparing."

[illegible]

After hearing the order, the black-armored troops erected giant shields one by one in front of the army.

"Kill, destroy the Xuantian Empire's army! Rush them all to me!" After getting closer and closer to the black-armored army, the commanders of the top Mingjiao ordered the troops to start charging.

"kill! kill! kill!"

The troops of the Ming Cult screamed crazily and quickly rushed towards the black armored army with their weapons raised.

The commander of the black armored army waved his hand and ordered with an expressionless face,

"Crossbows at the ready, archers at the ready!"

"put!"

Swish swish swish.....

A hail of arrows shot and killed the Mingjiao army that was charging towards them. The sky was full of arrows, killing thousands of Mingjiao believers at once. Many more Mingjiao believers were injured and fell to the ground.

"Ah, save me, I'm shot"

"My eyes, help me, my eyes!"

"Save me, I'm dying"

"Phew, me.....I don't....."

In the Mingjiao army, thousands of Mingjiao believers were injured and fell to the ground wailing. If they were not treated as soon as possible, they would probably bleed to death in a short time.

In the Mingjiao army,

Yang Xiao saw a single volley from the black-armored army.

The Mingjiao army killed and injured more than ten thousand people, which made him shout angrily.

"I told you not to let the army launch the attack first, but you didn't listen. Look, the archers of the black-armored army killed at least tens of thousands of our Mingjiao followers with a single volley, and thousands more were injured."

"Yang Zuoshi, this is the leader's order, are you going to disobey it?"

Chapter 1115

In the Mingjiao army, some high-level officials of the Mingjiao were watching the situation on the battlefield.

Their expressions were very serious now.

The war has just begun, and even before contact with the Xuantian Empire's army, the Mingjiao army has killed and injured tens of thousands of people. This makes them know that they are not as good as the generals of the Xuantian Empire in commanding the army. The messy attack of the army also makes these high-level officials He frowned as he looked at it.

After hearing what Yang Xiao said, King Baoshu of the Persian Ming Cult shouted and cursed at Yang Xiao expressionlessly, "Yang Xiao, the troops attacking the Xuantian Empire were ordered by your leader. Do you want to disobey your leader Yang Dingtian?" An order?"

"Where is the leader? I want to see Master Yang." Yang Xiao looked ugly and shouted to a precious tree king of the Persian Ming Cult. The ever-victorious Persian precious tree king looked at him with a sinister expression and threatened,

"Yang Xiao, you'd better command the army to fight honestly. We are sent by your leader to monitor you, the higher-ups of the Mingjiao. To tell you the truth, if you dare to violate the law, we have the right to kill you.

"you....."Yang Xiao did not expect that the Persians would dare to threaten him like this, but he also knew that Yang Dingtian did not believe him. He also believed that Yang Dingtian would probably let these Persians monitor him and even kill him if necessary.

The faces of the surrounding Mingjiao executives changed drastically after hearing this.

They did not expect that Yang Dingtian would give such an order.

Yang Dingtian actually believed that these foreign races did not believe in them, the people in the Mingjiao. This made them look at the Twelve Treasures. The tree king was very frightened.

The Twelve Treasure Tree Kings are all great masters.

Among the top Ming Cult leaders, only Yang Xiao is the great master. The others are either grandmasters or have innate cultivation realms.

If the King of the Twelve Treasure Trees of Persia kills them, none of them will be able to escape.

The Fire Treasure Tree King looked at the surrounding Mingjiao executives and ordered,"Everyone prepare for war. This time we must destroy the Xuantian Empire's army."

At this moment, after several rounds of shooting by the black-armored army, the Mingjiao's The army is about to rush over. The 300,000 Mingjiao army has been shot and killed by the black-armored army.

In the Eastern Combat Legion,

Miejie Shitai and Lin Chaoying all looked at the cruel war in front of them.

The battle between hundreds of thousands of troops made their blood boil with excitement, especially since the armies of both sides had not even come into contact with each other, and the Mingjiao army had already killed and injured tens of thousands. This gave Miejie Shitai and the others a new understanding of the power of the black-armored army.

The commander of the Eastern Combat Legion saw that he was going to fight hand-to-hand.

He also wanted to prepare to attack the Mingjiao army.

The Eastern Combat Legion has never been in the habit of being passively beaten. The best offense is defense. What will the Eastern Combat Legion do to the Mingjiao army? It is the real murderous army.

With a serious look on his face, he ordered, "The Thirteenth and Fourteenth Legions are preparing to attack, and the Seventh Cavalry Legion is attacking from the flanks." After hearing the order, the commanders of the various legions of the Eastern Combat Legion began to direct their respective legions to prepare for the attack. , the black-armored army of 100,000 infantrymen drew their swords one by one, holding a shield in one hand and prepared to charge.

The commander of the black-armored army mounted his horse and came to the front of the army.

Looking at the 150,000-strong black-armored army, he drew his sword and pointed it in the air and shouted,

"Soldiers of the Eastern Combat Legion, our Eastern Combat Legion has three subordinate legions in this war. This is the trust our Commander Li Xiuning has in these three legions."

"The Mingjiao rebel army has 300,000 troops, but we are the powerful Eastern Combat Legion. We are the Eastern Combat Legion of the Xuantian Empire's four major combat legions."

"For the glory of our Eastern Combat Legion!"

"For Commander Li Xiuning's trust in us!"

"For Xuantian Empire!"

"For His Majesty the Emperor!"

"Destroy the rebellious Mingjiao!"

"Fight bravely for the empire! It is not a pity to die for Your Majesty!"

When the 150,000 soldiers of the Eastern Combat Legion heard the command of the commander of the Legion, all the soldiers raised their weapons and shouted loudly.

"Fight bravely for the empire! It is not a pity to die for Your Majesty!"

"Fight bravely for the empire! It is not a pity to die for Your Majesty!"

"Fight bravely for the empire! It is not a pity to die for Your Majesty!"

Women such as Master Miejie and Lin Chaoying were very excited when they heard the shouts of the Eastern Combat Legion. The momentum that these black-armored troops are erupting now is very powerful, and even the slogans shouted by the Eastern Combat Legion are making people's blood boil.

"attack!"

Boom boom boom.....

"kill!"

"kill!"

"kill!"

After hearing the order, the one hundred thousand black-armored troops ran like tigers and rushed towards the Mingjiao army in front. The black-armored cavalry army also began to charge.

The fifty thousand black-armored cavalry soldiers held Changge and looked at them with smiles on their faces. The evil ghost masks rushed towards the Mingjiao army like evil ghosts. The

Mingjiao army became timid after hearing the shouts of the black-armored army, especially the powerful momentum erupted by the black-armored army. The Mingjiao army stopped on the spot.

Seeing the Mingjiao army stop charging, the higher-ups of the Mingjiao hurriedly shouted orders,

"Come on, everyone, we have 300,000 troops, and our Mingjiao will definitely win the war."

"Anyone who retreats will die, rush forward!"

"Kill, kill a soldier of the Xuantian Empire and you will be rewarded with one or two pieces of silver. Charge them all to me."

"Hurry up and rush towards me. Anyone who retreats will be killed without mercy."

After the Mingjiao leaders killed some Mingjiao soldiers who were stagnant and retreating, the Mingjiao army began to charge again.

Bump, bump, bump.....

Boom boom boom.....

After the two armies met in close combat, blood and flesh were everywhere on the battlefield. Broken arms and limbs were everywhere. The clash of weapons, fighting, shouts, and cries for help made the battlefield look very chaotic. Hundreds of thousands of troops collided on the battlefield. The scene together was very thrilling.

On both wings, the black-armored cavalry legions were constantly killing the Ming Cult cavalry troops. Their spears and spears were constantly picking off the Ming Cult cavalry believers, and the cavalry armed with crossbows were also constantly sniping and killing the Ming Cult cavalry generals.

"It's so cruel. The military's war is not something we Jianghu people can compare to."

"Yes, there is blood flying everywhere on the battlefield, and hundreds of people die every moment. The war of this army is very cruel."

"The black-armored army is too powerful. Now the black-armored army seems to be massacring the Mingjiao army. The Mingjiao army was simply killed and had no power to fight back."

"The defeat of the Mingjiao army was a foregone conclusion. Unexpectedly, the 300,000 Mingjiao army was really no match for the Xuantian Empire army. It was like a one-sided massacre."

"It is indeed impossible to compare the elite army and the peasant army."

"For the empire, for His Majesty the Emperor, it is not a pity to die! Those black-armored troops really died in the battle. With such an army in the Xuantian Empire, I am afraid that no empire can defeat the Xuantian Empire."

The Jianghu people in the mountains around Qilian City looked at the cruel war. They were also frightened and talked one after another. I am afraid that today's war will never be forgotten by all the Jianghu people here.

But at this time, a horse came to the edge of the battlefield,

There was also a man and a woman sitting on this horse, but one of the veiled women was tied up.

"It's too late. The war has already started. It's all your fault, you crazy woman. If it weren't for you, I would have arrived long ago."

"You shameless person, let me go and untie the rope from my body."

Chapter 1116

At the edge of the battlefield, two people arrived on a horse, and the two people who arrived were Su Chen and Hui Yue Shi, but

Hui Yue Shi was tied up by Su Chen and arrived together.

On the war horse,

Su Chen sat on the horse and hugged the bound Huiyue Shi tightly from behind.

Su Chen didn't care how Huiyue Shi struggled and cursed, he just didn't let go of the Huiyue Shi who was madly trying to kill him.

Su Chen was also very helpless.

He originally came out of the secret passage to Qilian City when Liu Xinru broke through, but he didn't expect that he would be discovered by the Huiyue envoy just after he came down from Guangmingding.

The Huiyue Messenger has been monitoring the entire Guangmingding from the top of the Guangmingding Hall.

After discovering Su Chen, she has been chasing this shameless person.

Su Chen originally wanted to teleport away, but when he thought of Liu Xinru's breakthrough, he decided to lure the Huiyue Envoy away from Guangmingding.

What he didn't expect was that the Huiyue Messenger was chasing him while threatening that if Su Chen escaped, the Huiyue Messenger would kill his mistress Liu Xinru.

This made Su Chen blush so hard that he didn't dare to teleport away.

In the end,

Su Chen was so annoyed by the Hui Yue Envoy that he captured the Hui Yue Envoy and headed towards Qilian City together.

At this time,

Huiyueshi was struggling and yelled at Su Chen in shame and anger, "Let me go quickly. We have already arrived in Qilian City. Don't you mean what you say?"

Bang!

"Be honest"

"You are shameless!"

"You are just a prisoner. If you keep nagging me, I will beat you."

"asshole!"

The Huiyue envoy turned her head in shame and anger and bit Su Chen's arm hard. She couldn't care about ladies now. This bastard is so shameless. Even if she died, she wouldn't let this bastard have an easy time.

"I'll do it! Relax!"

What the hell!

The Moonlight Envoy from Persia actually bit people.

The Moonlight Envoy from the Persian Ming Cult actually bit people like a little woman.

This was something Su Chen didn't expect.

Su Chen hurriedly pulled out his arm. He looked at the person who had been bitten. I was very speechless after biting my bleeding arm.

On the battlefield, the black-armored army was mercilessly slaughtering the Mingjiao army. The entire battlefield was littered with corpses of Mingjiao believers wearing silver armor. The blood on the ground dyed the entire battlefield red and was broken. The unbearable corpses, flying arrows, waving swords, and the neighing of war horses made everyone watching this war feel terrified.

Behind the black-armored army,

Master Jue and Lin Chaoying led the disciples of the Emei Sect. They have been staying here, and there are thousands of black-armored troops around them with huge shields erected to protect them. Now is not the time for Master Jiejie and the others to go out. The powerful masters of the Ming Cult have not yet appeared, and they cannot do it now. Just join the war

"See Young Master!"

When Su Chen came here on horseback, the surrounding black-armored troops all knelt down and saluted when they saw Su Chen,"

"I've seen the young master!"

The disciples of the Emei Sect also saluted when they saw Su Chen's arrival.

Master Jue and Lin Chaoying just nodded to Su Chen. They also knew that Su Chen was hiding his identity, and they had no intention of exposing this bastard's identity at this time.

"Mr. Su, you actually captured a Persian woman. Do you want to take her home and make her your wife?" Lin Chaoying looked at the Huiyue Messenger in Su Chen's arms and asked sarcastically.

Lin Chaoying knew Su Chen very well.

This bastard was a lustful and shameless person who would get entangled with beautiful women wherever he went. She looked at the figure in front of her. The bulging Huiyue Shi knew what bad idea this bastard had.

Su Chen waved his hands around and looked at Lin Chaoying, who was very surprised.

Wasn't Lin Chaoying captured by Bai Jing and taken back to the Ghost Palace?

Moreover, Bai Jing heard that Jing said that Lin Chaoying was practicing in seclusion in the Ghost Palace.

How could she appear here?

Su Chen came down from the horse with Huiyue Envoy and said to Lin Chaoying with a smile, "Lin Chaoying, I didn't expect to meet you here. It's been half a year." I don't see you still so beautiful and charming"

"shameless!"

When Lin Chaoying heard Su Chen's words, she yelled at Su Chen angrily,"

This damn bastard, he has become the emperor and is still so shameless. He dared to tease her on the battlefield. If this was not a battlefield, she would I will definitely teach this shameless pervert a lesson.

"Ha ha.....! "

Su Chen laughed when he saw Lin Chaoying's shameful and angry look and how helpless he was.

At this time, Huiyue envoy was very surprised.

She did not think that Su Chen was actually from the Xuantian Empire, and her status was not low in the Xuantian Empire. But why did the wife of Yang Dingtian of the Mingjiao marry this shameless person? together?

Could it be that Yang Dingtian's wife betrayed Yang Dingtian?

Did you even sell information to this shameless pervert?

Su Chen talked with Master Miejie and Lin Chaoying for a while, and then he looked at the battlefield with a serious face.

Su Chen wanted to kill everyone in the Ming Cult this time. The followers of the Ming Cult were all brainwashed. Religious believers, religious believers are very crazy, and it is impossible for these Mingjiao believers to submit to the Xuantian Empire in the future.

Su Chen would not leave these hidden dangers behind.

The higher-ups of the Mingjiao asked masters such as Mijie Shitai and Lin Chaoying to kill all the 300,000 Mingjiao troops on the battlefield, and even the hundreds of thousands of Mingjiao believers around Qilian City.

"Someone come!"

"Young Master!"

A captain in black armor came to Su Chen and saluted,

"Hang up the bloody blackbird flag and sound the death horn!"

"Yes, sir!"

Uuuuuuuuuuuuuuuuuuuuu".....

A low sound of the horn sounded on the battlefield, and on the battlefield, after hearing the sound of the horn, all the black-armored troops were shocked.

The soldiers of the black-armored army knew the meaning of the horn sound. The low sound of the horn is synonymous with death. After the black-armored army saw the bloody black bird flag hoisted, the momentum of the black-armored army became even more murderous.

The bloody black bird flag is hung up to slaughter all the enemies without leaving a single prisoner.

"Kill, kill all the Mingjiao troops, leaving no one behind!" After seeing the bloody black bird flag, a captain of the black-armored army shouted loudly,

"Kill all the enemy troops, leaving no one behind!"

"Crossbow ready, shoot! No one from the Mingjiao army will be spared, they will all be killed!"

"The whole army attacked and destroyed the Mingjiao army, leaving no one alive."

After the captains of the Black Armored Army heard the sound of the death horn and saw the bloody black bird flag hanging, they ordered loudly one by one while massacring the Mingjiao army. The soldiers of the Black Armored Army also began to be cruel. While massacring the Mingjiao army, even the Mingjiao believers who fell to the ground and died, the soldiers of the black-armored army would strike again. The black-armored army was worried that some Mingjiao believers would pretend to be dead and escape.

Originally, the black-armored army was suppressing the Mingjiao. The army is fighting, and now it is even more brutally massacring the Mingjiao army, waving swords one by one to harvest the lives of Mingjiao believers.

"Devils, the black-armored troops are all devils, I won't fight, I surrender!"

"Run away quickly, the Xuantian Empire's troops are going crazy!"

"I don't want to die, run away! I want to escape!"

"Our Mingjiao army is no match for the Xuantian Empire's army. We retreat quickly, otherwise we will all die here."

"I want to run away, I want to run away, I won't rebel anymore."

Chapter 1117

On the battlefield, the Mingjiao army completely collapsed.

Under the ruthless massacre by the black-armored army, deserters began to appear in the Mingjiao army, and even groups of Mingjiao believers began to flee in all directions.

It's just that this is a battlefield, surrounded by a wide area.

These Mingjiao believers cannot escape. Unless the Mingjiao army flees into Qilian City, it is impossible for the Mingjiao army to escape the massacre by the black-armored army.

Su Chen saw the Mingjiao troops starting to flee in all directions and ordered, "Come here, order the black-armored cavalry to send out 10,000 cavalry to hunt down the fleeing Mingjiao troops."

"Yes, sir!"

Master Jue was very surprised when she saw the Mingjiao believers who knelt down and surrendered on the battlefield and were mercilessly slaughtered by the black-armored army.

This made her very surprised. The Xuantian Empire's army would not massacre prisoners, but today's black-armored army actually They massacred the surrendered Mingjiao army, which puzzled Master Miejie very much. She looked at Su Chen next to her and asked doubtfully, "Master Su, are you going to massacre all the Mingjiao troops?"

Su Chen said with a cold face,

"Mingjiao believers are all fanatical religious believers, and keeping them will be a disaster. I will not keep any Mingjiao believers this time, and it is impossible to leave unstable factors such as Mingjiao believers in the northwest region."

Master Miejie heard Su Chen's words and asked in fear, "What are you doing?.....Do you want to kill all the Mingjiao believers? There are 500,000 to 600,000 people, including old men and women. Do you really want to kill them all?"

"Kill them all, leaving no one alive!" Su Chen said expressionlessly without hesitation.

Lin Chaoying and the disciples of the Emei Sect were very shocked when they heard Su Chen's words.

They did not expect that Su Chen would do this.

They originally thought that Su Chen just destroyed The rebel army and high-ranking Mingjiao people, but Su Chen actually wanted to massacre all the Mingjiao believers.

This made them very frightened when they looked at Su Chen.

The five to six million Mingjiao believers were massacred as they were told, but Su Chen was getting more and more Ruthless.

After hearing Su Chen's words, Huiyue Shi looked at this shameless man with gleaming eyes.

She felt that Su Chen was very handsome at this time.

In Persia, such massacres can be seen at any time, between tribes with different beliefs. But they would be massacred by other tribes at any time, including old people, women, and even children. She had often seen such massacres in Persia.

Master Miejie was frightened by Su Chen's ruthlessness.

"hiss! You are so heartless."

Su Chen looked at the battle on the battlefield and said firmly,

"This is not a ruthless thing. The temporary pain can completely stabilize the northwest region, and there will even be no unrest in the future. This is good news to millions of people in the northwest, and the people in the northwest will no longer be taught by the Ming Dynasty. The believers instigated rebellion."

Su Chen did not want to massacre the Mingjiao believers who were also from the Central Plains, but these Mingjiao believers were all a group of fanatical religious elements.

It was impossible for Su Chen to change the beliefs of these Mingjiao believers. Without massacring these Mingjiao believers, the northwest region would never It may be settled down, and there may even be riots by Mingjiao believers every year.

Master Miejie nodded after hearing Su Chen's explanation, but she still couldn't accept the massacre of hundreds of thousands of Mingjiao believers at once.

"But this is too cruel after all."

Su Chen pointed to the battlefield and asked with a serious face,

"cruel? What about these? Do I have to send troops every few years to suppress the rebellion of Mingjiao believers? If this were the case, millions of people in the northwest would live in dire straits forever."

Master Miejie has nothing to say now, yes!

If the Mingjiao believers rebelled every few years, the northwest region would never have peace.

Even Su Chen's army came to suppress the rebellion of the Mingjiao believers every few years. I am afraid that the black-armored army will also suffer huge casualties.

The war continued until the afternoon and did not stop.

There are not many 300,000 Mingjiao troops left. Except for the Mingjiao army that fled to Qilian City, the remaining seven or eight The Wanmingjiao army was also surrounded by the black-armored army.

The black-armored army also surrounded and killed the surrounded Mingjiao army step by step.

In Qilian City, the top brass of the Mingjiao and the Twelve Treasure Tree King of the Persian Mingjiao all retreated. In Qilian City, they all looked embarrassed as they stood on the Qilian City Wall and looked at the tens of thousands of Mingjiao troops surrounded outside the city.

Their war had failed, and they had been failing from beginning to end.

The Mingjiao army was not black at all. Opponent of Army A

"It failed, the Mingjiao army was massacred, and even the surrendered Mingjiao believers were massacred. The Xuantian Empire is going to kill our Mingjiao to death!"

"Yes, our Mingjiao army has been being massacred from beginning to end. The Xuantian Empire's army is too powerful."

"Our Mingjiao is over. After the bloody black bird flag was hung up, the Xuantian Empire's army did not accept the surrender of our Mingjiao believers. Even those believers who surrendered, the black-armored army slaughtered those believers mercilessly."

"what should we do? Qilian City cannot withstand the attack of the Black Armored Army. We will be massacred by the Black Armored Army if we stay here."

"What else can we do? Qilian City is now surrounded by black-armored troops, and even the masters of the Xuantian Empire have not moved out. If we escape at this time, I am afraid that the masters of the Xuantian Empire will also hunt us down."

The senior officials of the Mingjiao all started talking in panic.

The Mingjiao has failed in the war.

No, it has never won from the beginning.

The Mingjiao army has not gained the upper hand from the beginning of the war. The Mingjiao army and the Xuantian Empire's army have no chance at all. They are not on the same level. If the Xuantian Empire's army destroys the Mingjiao army outside Qilian City, Qilian City may not be able to be saved.

Yang Xiao stood on the Qilian City with a helpless face.

He was originally not optimistic about the Mingjiao rebellion. It's just that the Mingjiao army was too disappointing. An army of 300,000 people was defeated in less than a day. Even 300,000 pigs couldn't be as incompetent as the Mingjiao army.

Yang Xiao wanted to escape, so he could only stay here. It is a dead end, and he does not want to stay and wait for death.

But now the Twelve Treasure Tree Kings of the Persian Ming Cult are on the Qilian City Wall. Even if he wants to escape, he needs to wait for the opportunity, otherwise, the Twelve Treasure Tree Kings of the Persian Ming Cult will definitely kill him first.

At this time, outside Qilian City,

Huiyue Envoy looked at Su Chen and said softly, "Asshole, untie the rope for me, I won't run away.""

"Do you think I'm an idiot?"

Su Chen said mockingly when she heard Hui Yue Shi's words.

Hui Yue Shi saw that Su Chen was believed in her, which made her very anxious.

She no longer planned to trouble Su Chen, and she didn't even want to kill this shameless person..

The Huiyue Messenger thought that this bastard not only looked at her, but also caught her without any effort. She also accepted her fate. This bastard is not bad looking anyway. Although he is very shameless and lustful, I am afraid that all men are like this. In this way.

Huiyue Shi is also determined to break away from the Persian Ming Cult. She plans to stay with this shameless person in the future.

"Really, I won't escape. Besides, your troops are everywhere here. Where can I escape? Su

Chen walked up to Hui Yue Shi and asked doubtfully, "Hui Yue Shi, what tricks are you planning to play?"

"I'm playing a trick, let me go now"

"Just dream!"

Chapter 1118

Su Chen did not expect that Huiyue Shi would dare to be arrogant at this time. It was even more impossible for him to let Huiyue Shi go, and he would not let go of the masters from the Persian Ming Cult who were not of my race.

The Persian Mingjiao and the Persian Empire are also ambitious for the Central Plains.

Otherwise, they would not have sent experts and troops to help the Mingjiao rebel this time. If Su Chen stabilized the situation within the Xuantian Empire, he would destroy all these foreign countries one by one in the next step. , he would order the army to slaughter all the foreigners who dared to resist.

Huiyue Shi was also helpless.

This shameless person didn't believe her at all.

This made her look at Su Chen and want to bite this bastard again.

The Huiyue Messenger thought for a while and said seriously to Su Chen,

"Su, the Persian Ming Cult has come this time with the Three Holy Envoys and the Twelve Treasure Tree Kings, and even a Supreme Elder from the Persian Ming Cult. The Supreme Elder is a terrestrial immortal in the Heavenly Realm. There is no Heavenly Realm here in the first place. As a master, even if your army is strong, it may not be realistic to destroy the Ming Cult."

Su Chen was very confused when he heard Huiyue Envoy's words, "Three Holy Envoys? The Twelve Treasure Tree King? There is also a Supreme Elder of the Persian Ming Cult? The Supreme Elder is even a land immortal in the heavenly realm? Hui Yue Shi, you didn't deceive me!"

Su Chen only knew that the Twelve Treasure Tree King and the Huiyue Envoy had arrived. He did not find the remaining two Holy Envoys and the Supreme Elder of the Heavenly Realm in the Guangmingding Mingjiao General Altar. Could it be that the remaining two The Holy Envoy and the Supreme Elder were not at the Guangmingding Mingjiao General Altar?

Then where did they go?

The Huiyue Envoy glanced at Su Chen and asked, "Do you think I will deceive you in my current state?"

"meeting!"

"You bastard!"

"Ahem! I'm joking, don't take it seriously"

"shameless!"

"Hui Yue Envoy, what are the strengths of those people from the Persian Ming Cult?" Su Chen asked hurriedly when he saw Hui Yue Shi's angry look.

Su Chen also felt that Hui Yue Shi was a little strange now.

He didn't expect Hui Yue Shi to tell him this information about the Persian Ming Cult. Did Hui Yue Shi really want to do this? Did she betray the people of the Persian Ming Cult after he let her go?

Or is Huiyue Messenger plotting something else?

Su Chen didn't believe that Huiyue Messenger would let her go.

After all, he had peeped at Huiyue Messenger taking a bath.

Huiyue Messenger Meimei stared at Su Chen and replied angrily,

"The three holy envoys are all masters in the late stage of grand master. Four of the Twelve Treasure Tree Kings are masters in the middle stage of grand master. The rest are all in the early stage of grand master cultivation. The Supreme Elder is in the middle stage of heaven and human realm. God, he is even more powerful than Yang Dingtian."

Master Mijie and Lin Chaoying were also very frightened when they heard Huiyue Shi's words.

They did not expect that the Persian Ming Cult would have fifteen great masters and even a land immortal in the middle stage of the Heavenly Realm.

Although these forces are against Su Chen's Xuantian Empire is not a concern at all, but here,

Su Chen does not have powerful masters.

Qilian City only has them and some masters from the Emei sect. There are only four great masters in Emei. The rest of the sect are all at the master's level of cultivation. Four versus fifteen, this is a certain death outcome.

This does not include the masters in the Mingjiao and the two land gods in the heavenly realm.

Miejie Shitai and Lin Chaoying was a little worried about Su Chen's safety if he stayed here.

Master Jue looked at Su Chen and said worriedly, "Master Su, you'd better leave here. There are too many masters from the Persian Mingjiao and the Central Plains Mingjiao. We can't do it this time." "Not many experts come"

"Yes, you bastard, you better leave as soon as possible, this place is very dangerous now." Lin Chaoying thought of the Heavenly Realm of the Persian Ming Cult and the Yang Dingtian of the Ming Cult, and hurriedly said to Su Chen,

Lin Chaoying didn't want anything to happen to Su Chen here.

This bastard is the emperor of a country after all.

If something happened to him here,

I'm afraid the Xuantian Empire would be destroyed. There will be another turmoil.

Even Su Chen's ruthless women will go crazy. Those crazy women will probably take revenge for this bastard one by one regardless of the consequences.

Ding Minjun and Ji Xiaofu, the nuns of the Emei sect, each of them They also looked at Su Chen worriedly. They also hoped that Su Chen would leave here quickly. The land gods in the heavenly realm were not something they could deal with.

Sun Xiuqing and the other four looked at Su Chen, looking at her with beautiful eyes. Although they didn't know whether Su Chen would leave this imperial emperor, but since Su Chen could

capture a powerful Persian female master, they also guessed that Su Chen's strength should not be low.

But there is a land in the heavenly realm here. God, the four of them felt scared just thinking about it.

Su Chen smiled and said to Master Miejie and the others, "Who said we don't have masters coming?"

"Um? Did you bring the experts here?" Lin Chaoying asked hurriedly after hearing Su Chen's words.

Master Jiejie and the nuns from the Emei Sect also looked at Su Chen one by one. They also wanted to know if Su Chen really came with experts.

"No!"

Su Chen looked at the girls and said.

Lin Chaoying glared at Su Chen angrily and couldn't help but want to beat this bastard, "Are you bastard deceiving us?"

Master Miejie and the others also stared at Su Chen with evil eyes.

When Su Chen saw that Lin Chaoying and Master Miejie were angry, he hurriedly explained to them,

"cough! I don't dare to lie to you. I really didn't bring a master this time, but I did have two free thugs, and they are both land gods in the Celestial Realm, and even land gods in the middle stage of the Celestial Realm."

"What about that person?"

"It should be coming soon. I asked them to do their work. Now depending on the time, they should be back."

"That means it hasn't arrived yet?"

"I asked the Shadow Assassin to inform them that it will arrive tonight. Don't worry, I can escape quickly even if there is danger. I won't stay here to die."

When Su Chen knew that the masters from the Persian Ming Cult had arrived, he asked the Shadow Assassin to inform Ming Yuexin and Bai Yunxuan. This time, the masters of the Heavenly Realm and Yang Ding Tianke from the Persian Ming Cult needed the two of them to deal with them. The remaining twelve treasure tree kings and the two holy envoys of the Persian Ming Cult were dealt with by Mijie Shitai and the Shadow Assassins. They were also able to destroy the masters of the Persian Ming Cult.

As for the scum of the Ming Cult,

Su Chen was Liu Xinru was ready to deal with

Liu Xinru, who successfully broke through.

Su Chen believed that with Liu Xinru's strength, she would be able to deal with the masters of the Ming Cult.

Mijie Shitai and the others all nodded when they heard Su Chen's words. They all knew Su Chen's teleportation. The ability is very powerful. If there is danger and Su Chen can escape quickly, they don't have to worry about Su Chen's safety. The

Huiyue Messenger walked to Su Chen and said to Su Chen coldly, "Su, can you let me go now?"

"Forehead! Not yet!"

Su Chen still shook his head and refused,

"Damn it, how can you let me go? I don't even intend to seek revenge from you, but I also told you the information about the arrival of the Persian Ming Cult, and even you peeked at me....."

"Cough cough cough....."

## Chapter 1119

Just when Hui Yue Shi was about to tell Su Chen about peeking at her bathing,

Su Chen hurriedly coughed and interrupted Hui Yue Shi's words.

Su Chen did not expect Hui Yue Shi to want to tell that thing in front of so many people. , this made Su Chen feel something was very wrong when he looked at Hui Yue Shi.

Didn't the Huiyue Messenger always want to kill him to silence him?

Why doesn't it seem like he doesn't care about peeking at her bathing now?

Lin Chaoying and others looked at Su Chen and then at Hui Yue Shi, and they felt that something was very wrong between Su Chen and Hui Yue Shi.

There seems to be some adultery between the two of them.

Huiyue Shi might have said something just now, but Su Chen hurriedly interrupted her.

"If I let you go, won't you seek revenge from me again?" Su Chen warned after untying the rope that bound Huiyue Envoy,

"knew!"

Hui Yue Shi moved her body after being let go by Su Chen.

She will not seek revenge from Su Chen now. Hui

Yue Shi will have to rely on this shameless person in the future. She doesn't plan to go back to Persia, anyway. She also has no relatives.

The Huiyue Envoy decided to observe this bastard again. If he is really a person she can rely on, she will be prepared to be this bastard's woman.

Su Chen looked at the black-armored army that had almost finished killing the surrounded Mingjiao army. , he looked at the time and it was already getting dark.

Qilian City was not going to attack today. After all, the black-armored army was very tired from today's war.

"The war is coming to an end. We will stop here today and capture Qilian City tomorrow."

Master Jue looked at the battlefield and nodded, "Well, your army also suffered a lot this time, so there's no need to rush in attacking Qilian City. Lin

Chaoying looked at the battlefield and praised Su Chen,

"Yes, it seems that the black-armored army may have lost 20,000 to 30,000 people, but this is already very good. After all, the Mingjiao army originally had 300,000 troops. It can be destroyed this time with such a small loss. Mingjiao army, your army is still very powerful."

Although Lin Chaoying knew that Su Chen's army was powerful, he did not expect that the black-armored army would be so powerful. It only lost 20,000 to 30,000 troops before annihilating the 300,000 troops that rebelled against the Ming Cult. This was beyond Lin Chaoying's expectation.

Su Chen also said with some pride,

"The black-armored army is well-trained and well-equipped. If you have to pay a huge price to destroy these peasant armies, then the Eastern Combat Legion should not be called the four major combat legions of the Xuantian Empire."

"Just be a stinker!" Lin Chaoying looked at Su Chen's proud look and mocked disdainfully,

"Too lazy to care about you!"

In the evening, the war was completely over.

Except for the tens of thousands of Mingjiao troops who fled into Qilian City, the 300,000 Mingjiao troops were all destroyed outside Qilian City. There were now corpses outside Qilian City. The fields were filled with blood, and the cruel war made all the Jianghu people on the mountain look pale.

Although the Jianghu people often fought, they had never encountered such a battlefield, with hundreds of thousands of people fighting. They have never encountered it before. A war in which countless people die every moment on the battlefield can be described as extremely cruel.

"It's too cruel. I won't go to the Ming Cult. I want to go back. We are seeking death when facing the army. I will not fight for the Ming Cult's martial arts secrets."

"I also quit. With Xuantian Empire's army here, we can't fish in troubled waters to seize Mingjiao's martial arts secrets."

"Yes, the Xuantian Empire's army is too powerful. The black-armored army only paid 20,000 to 30,000 soldiers to destroy almost 300,000 Mingjiao troops. It was like a massacre."

"The Mingjiao is going to be completely destroyed. Let's all leave. If we go against the Xuantian Empire's army, we will all die."

"Yes, let's leave. While the black-armored army doesn't notice us quacks, we'd better not provoke the black-armored army."

"Well, that's right. Even if we fish in troubled waters this time and get the Mingjiao's Great Shifting Technique, I'm afraid the Xuantian Empire will settle accounts with us in the future. I don't want to face the Xuantian Empire's army and masters."

The Jianghu people on the mountain all started talking with pale faces, and some of the Jianghu people even left quickly without saying anything.

Those Jianghu people who left did not go to the Bright Summit of the Mingjiao, they all headed towards the mainland of the Central Plains. After leaving, they have given up on competing for the Mingjiao's Great Cosmic Shifting Technique.

However, there are still some people who are unwilling to give up. They are determined to obtain the Great Cosmic Shifting Technique, but they have not obtained the Great Cosmic Shifting Technique. It was impossible for them to leave before the law.

At night!

In the temporary camp of the black-armored army, in Su Chen's tent, he explained tomorrow's mission to the commanders of the Eastern Combat Legion and prepared to rest.

Mingyue Xin Xin and Bai Yunxuan have not arrived yet, and

Su Chen has no intention of waiting for them.

He believes that as long as Ming Yuexin and Bai Yunxuan get his notice, they will rush over as soon as possible.

At this time, in Qilian City, an old Persian man Appearing in a mansion in Qilian City, the Twelve Treasure Tree Kings of the Persian Ming Cult all looked respectfully at the old man who arrived.

This Persian old man was the Supreme Elder of the Persian Ming Cult, and he was also a land god in the realm of heaven and man. They were ten The Erbaoshu King did not dare to show any disrespect to this old man.

"I've met the Supreme Elder!"

The Supreme Elder of the Persian Ming Cult waved his hands with a gloomy look on his face and said,

"Everyone, get up. I have also seen today's war. The army of the Central Plains is really very powerful, even much more powerful than the army of the Persian Empire. This time our plan may fail."

The Treasure Tree King of Wisdom saluted the Supreme Elder and asked,"Supreme Elder, what should we do in the future?"

The Supreme Elder thought for a moment and then looked at the Twelve Treasure Tree King and said,

"We will help Yang Dingtian, the leader of the Mingjiao in the Central Plains, one last time. I will assassinate the generals of the black-armored army outside the city tonight. I hope Yang Dingtian can find a way to make a comeback. If anyone wants to escape from those high-ranking Mingjiao leaders with evil intentions, Kill without mercy!"

"Yes, Supreme Elder!"

The Supreme Elder suddenly said when he left, "Find me some beautiful women from the Central Plains. The women from the Central Plains are quite good."

"yes!"

The King of the Twelve Treasure Trees looked at each other as they saw the Supreme Elder leaving.

They all knew that the Supreme Elder practiced magic skills and had harmed many women when he was in the Persian Ming Cult.

Even the saints of the Persian Ming Cult The woman was also harmed by the Supreme Elder. If the Supreme Elder had not been a super master of the Persian Ming Cult, he would have been executed by the leader of the Persian Ming Cult.

"Go and prepare beautiful women for the Supreme Elder!"

"Um! Anyway, there are a lot of women from the Central Plains here, so we can just ask the Mingjiao to send over a few beautiful women."

"King of Victory, can the Supreme Elder kill the general of the black-armored army tonight?"

"It should be possible. The Supreme Elder is a land immortal in the Heavenly Realm. No one in the black-armored army can be the opponent of the Supreme Elder."

"The black-armored army is too powerful. Do you think we can defeat the black-armored army if our army from the Persian Empire arrives?"

"Defeat it. It's not like you don't know what the army of the Persian Empire looks like. The Xuantian Empire has four major combat legions. Each combat legion has six to seven million black-armored troops. The Xuantian Empire is too powerful."

"Yes, we, the Persian Ming Cult and the Persian Empire, are a little bit blind to the sky. This war has made us see the reality clearly. I am very not optimistic about future wars."

The Twelve Treasure Tree Kings sat together and discussed one after another. They all gave up hope for the future war, and were even a little timid and did not dare to face the Xuantian Empire's black-armored army.

Chapter 1120

Qilian City, in the middle of the night, is still brightly lit.

The walls of Qilian City are full of Mingjiao troops standing guard and patrolling. The Mingjiao leaders in Qilian City are worried that the Xuantian Empire's black-armored army will attack them late at night. At that time, he attacked Qilian City.

The Mingjiao army has been destroyed by the black-armored army. There are less than 50,000 Mingjiao troops left in Qilian City, and even these troops have no combat effectiveness.

Today's battle frightened the members of the Ming Sect, and they were even afraid of fighting the Xuantian Empire's army.

But the Mingjiao believers in Qilian City had no choice.

The Xuantian Empire would not accept surrender this time.

In this war, it is obvious that the Xuantian Empire's army wants to eradicate the Mingjiao. Anyone who is a member of the Mingjiao will be killed mercilessly.

If the Mingjiao believers didn't want to die, they could only take up arms to resist the massacre by the Xuantian Empire's army.

In the Xuantian Empire's army camp,

Su Chen was resting alone tonight. He originally wanted Ding Minjun to come over to accompany him, but Ding Minjun was afraid that Master Jue would punish her, and she did not dare to come over to accompany Su Chen at this time.

"Ding, host, one month is up and the monthly gift package has been refreshed. Does the host want to receive this month's monthly gift package now?"

While Su Chen was resting, the system prompt sound suddenly rang.

This made Su Chen very angry. He had been suffering from insomnia and didn't fall asleep until late at night, but the system sound woke him up again. Su Chen had already suffered from insomnia and did not fall asleep until late at night.

Chen angrily sat up from the bed and swore, "What the hell, system, why did you receive a gift package in the middle of the night? Didn't you remind me during the day before?"

"Ding, does the host want to receive the monthly gift package?"

Su Chen was very speechless when he heard the system's repeated voice, "Holy crap, it's really a robot. Get the monthly gift package."

"Ding, the monthly gift package has been received successfully. Do you want to open the monthly gift package?"

"Open it, I can't sleep now anyway"

"Ding, the monthly gift package is open. Congratulations to the host for getting: the spiritual flower [Black Mandala], a jar of spiritual liquid, one hundred primary spiritual stones, twenty intermediate spiritual stones, twenty red fruits, and one hundred thousand elite troops [Military Branch Optional], material supplies for one hundred thousand troops for five years."

What a blast!

This month's gift pack is a blast!

Su Chen didn't expect how many items he would get today. He felt it was not a loss to get so many spiritual stones and Zhuguos this time, not to mention the 100,000 troops. , but what is the spiritual flower [Black Mandala]?

What is the spiritual liquid?

Su Chen looked at the spiritual flowers and spiritual liquid in the system space and asked, "System, what is the spiritual flower [Black Mandala]?" ? What's the use of spiritual liquid?"

"Ding, the spiritual flower [Black Mandala]: endless love, the precursor of death, the call of hell, the spiritual flower [Black Mandala] is highly poisonous and magical, as long as you smell the black [Dandala] The fragrance of flowers will fall into endless hallucinations, and will die silently in the hallucinations."

"The fragrance of the black [Dandala] flowers in the early stage is irresistible to those under the golden elixir realm. People who are above the golden elixir realm cannot resist it after smelling it for a long time. The mature black [Dandora] flowers are Even gods can't bear it"

"Spiritual liquid: Necessary for cultivating spiritual flowers, spiritual grass, and spiritual fruit trees. Even an ordinary flower can be cultivated with spiritual liquid to cultivate spiritual flowers."

My God!

Is this going to go against heaven?

Even the gods can't resist the black mandala. This is a treasure among treasures, but the black mandala is still a seedling like a small weed. This is going to happen. How long does it take to cultivate it to maturity?

No!

Black Datura is highly toxic and hallucinogenic.

How should he cultivate it?

Could it be that if he has not cultivated the black Datura flower, he will be black Datura flower?  
Death in the dark?

Su Chen asked with an ugly face when he thought of this,

"System, how do I cultivate black mandala flowers? Black datura flowers are extremely poisonous and hallucinogenic. If I were poisoned by black datura flowers, wouldn't I die?"

"Ding, host, the black datura flower can recognize its host. After recognizing its host, the host's blood can detoxify and dispel hallucinations."

"I'll do it! There are thousands of people in the Black Bird Palace. Do you want me to drain the blood from my body?"

"Ding, host, a drop of your blood can detoxify the poison. The floral fragrance of the black datura flower can be controlled by the host within a certain range."

"That's it, that's okay, system, is Black Mandala in its infancy stage now?"

"Ding, the black datura flower is in its infancy stage, but if you smell the black datura flower for a long time, you will unconsciously fall into hallucinations."

Su Chen understood when he heard the system's explanation.

After he took out the black mandala flower from the system space, he hurriedly asked the system to help him identify the owner. He didn't want to be tricked to death by this black mandala flower.

That's all. Just after Su Chen recognized the black mandala flower, he suddenly found an old man breaking in, and he was also a foreign old man. This made Su Chen look at the foreign old man and guess that he should be from the Persian Ming Cult. That master of the Celestial Realm.

This old man is indeed the supreme elder of the Persian Ming Sect.

He came so late to assassinate the general of the black-armored army. When he saw this luxurious military tent, he guessed that this must be the black-armored general. In the camp, the Persian Supreme Elder came in and found that there was only one young man here. None of the generals of the black-armored army were here. He threatened Su Chen with a ferocious face, "Boy, where are the generals here? Will I kill you if you don't tell me?"

Su Chen was very speechless when he heard the words of the Supreme Elder of the Persian Ming Cult. How dare a land god in the middle stage of the Heavenly Realm dare to threaten him like this?

He had previously defeated two land gods in the middle stage of the Heavenly Realm, Mingyue Xin and Bai Yunxuan. They were all land gods in the middle stage of the Heavenly Realm, so they were still submissive to him.

However!

Su Chen looked at the black mandala flower in his hand and smiled strangely.

This time, there was a very good one. What is the power of the test object, the black mandala flower? He wanted to know very much. Although it was a black mandala flower in its infancy, Su Chen also wanted to know if it could defeat the land gods in the middle stage of the heavenly realm.

Su Chen looked at The Supreme Elder of the Persian Ming Cult pretended to be a soldier who was greedy for life and feared death, and said, "The general has gone to find a camp and will be back soon. Senior, please don't kill me. I'm just a soldier. I won't scream."

"Well, just stay with me or I'll kill you." The Supreme Elder looked at Su Chen, who was only in the realm of acquired cultivation, and threatened him nonchalantly,

"Yes, yes, I'm standing here, I won't move." Su Chen answered hastily while holding the black mandala flower,

"What flower is that in your hand? Why haven't I seen it?"

"Senior, this is the peony flower that symbolizes love."

"Peony? Aren't peonies red and pink?"

Su Chen didn't expect that a Persian actually knew about peonies. This made Su Chen feel guilty and hurriedly coughed and said nonsense, "Cough! Senior, this is the black peony that symbolizes undying love."

"Till death do us part? Yes, black symbolizes endless love, and it is also the love of death. If you don't love, you will die. It seems that you are also a womanizer."
