Chapter 1121

Su Chen was stunned when he heard the words of the Supreme Elder of the Persian Ming Cult.

Damn it, this old guy also said that he was a womanizer?

Su Chen saw that this old bastard was a womanizer, even an old gangster who raped women.

Damn it, an old womanizer said that he was a womanizer.

Su Chen now wants to kill this bastard

"Boy, give me a cup of tea"

"Yes, senior!"

Su Chen curled his lips and poured a cup of tea for this old pervert.

It has been a quarter of an hour now.

Su Chen didn't know when the toxicity of the black datura flower would take effect. The black datura flower would cause hallucinations. What does it look like? I don't know if the black mandala flower can deal with this old pervert.

After the Supreme Elder took the tea handed to him by Su Chen and drank it, he looked at Su Chen becoming more and more pleasing to his eyes.

This boy He is a lustful person like him, and even looks more lustful than him, and he is still a martial arts wizard.

This makes him feel that if his magic skills are passed on to this boy, his future achievements may exceed Himself.

The Supreme Elder thought for a while and said to Su Chen, "Boy, I think you are very pleasing to the eye. Do you want to go to Persia with me?" I am the Supreme Elder of the Persian Ming Cult, and you can be my close disciple from now on."

Su Chen felt disgusted when he heard what this old pervert said.

Damn this pervert, he actually wants to accept him as his disciple?

His women are all powerful masters, and there are many women who are more powerful than this old pervert. Yes.

Still want to accept him as his disciple?

Why didn't this old pervert just kill him?

Su Chen still pretended to say to the Supreme Elder of the Persian Ming Cult, "Really? Senior, do you want to accept me as your disciple?"

"Of course, how could I deceive you? Are you willing?"

"Yes, I do!"

"Haha, okay, after I kill the general of the black-armored army, I will take you back to the Persian Mingjiao"

"Thank you, senior!"

Su Chen now wants the poison of the black datura flower to take effect as soon as possible. If the black datura flower really has no effect on the heavenly realm, Su Chen doesn't want to play tricks with this old pervert. He can't wait to do it as soon as possible. Kill this old pervert.

After another quarter of an hour, this old pervert couldn't wait any longer, and Su Chen couldn't wait either.

The old pervert couldn't wait to kill the general of the black-armored army and leave as soon as possible, but Su Chen waited. Not as powerful as the poisonous explosion of the black-armored mandala flower, he was unwilling to stay with this old pervert any longer.

"Boy, how can your general return this?....."Before the Supreme Elder finished speaking, his eyes suddenly froze.

Su Chen looked at the Supreme Elder of the Persian Ming Cult and suddenly fell into a daze.

He waved his hands in front of the Supreme Elder and found that the old pervert didn't react at all.

This led Su Chen to guess that the hallucinogenic power of the black datura flower was acting up.

Su Chen smiled and patted the old pervert and said to himself,

"I guess, the black datura flower is really too powerful. This is just the black datura flower in its infancy, and the fragrance is very light. But even in this way, it can defeat the land gods in the middle stage of the heaven and human realm. This is really Too strong."

Su Chen sat down and wanted to see how long it would take the black mandala flower to kill this old pervert. He was not sleepy at all now, but the black mandala did not disappoint him.

Whoosh!

"who!"

Su Chen suddenly noticed that two powerful auras were coming.

He thought they were the accomplices of this old pervert.

Su Chen was immediately on guard and prepared to escape at any time.

He did not think that he would be the opponent of two powerful masters of the Heavenly Realm, and It will take time for the mandala flower's poison to explode. He can't wait here to be surrounded and killed by two masters of the Heavenly Realm who are about to come.

Besides, this is a military camp, so

Su Chen doesn't have to take action by himself to deal with the two coming masters. He didn't believe that a master of the Heavenly Realm would dare to assassinate him in the midst of an army of thousands of crossbows, as long as the army's Qi-breaking crossbows fired a few volleys.

"It's us."

After the two powerful auras arrived,

Ming Yue Xin's voice came over.

Su Chen was very speechless when he heard Ming Yue Xin's voice.

He had already managed to get the masters of the Heavenly Realm of the Persian Ming Cult to assassinate him. Ming Yue Xin and Bai Yunxuan They just arrived, aren't they afraid that they will be killed?

Well!

It seems that they are not worried about being killed!

And Bai Yunxuan is probably eager to be killed.

"Why did you come so late?"

Ming Yuexin and Bai Yunxuan came into the tent, and they saw Su Chen and a strange old man there.

Ming Yuexin ignored the old man.

She looked at Su Chen and yelled angrily, "You bastard, we have never We came here from Shu, hundreds of miles away, but you still think we came late? Why don't you die? Who is this old man? Why do you look like a Persian? He stood there so motionless?"

Bai Yunxuan didn't pay attention to Su Chen when she arrived.

She also looked at the Mingjiao Supreme Elder here with great confusion.

She found that this alien old man's eyes were dull, as if he was in a hallucination.

"Forehead! Thank you for your hard work."

Su Chen also forgot that Shu was a bit far away from here. He felt very apologetic when he saw Ming Yuexin and Bai Yunxuan looking dusty.

"This old pervert came to assassinate me, but he was killed by my black man....I come together, hurry up, Ming Yuexin, you and Bai Yunxuan, hurry up and suck a drop of my blood." Su Chen was talking about this old pervert to Ming Yue Xin.

He suddenly thought that the black mandala flowers had not been collected yet. This made Su Chen hurriedly force out some blood from his fingers and let Ming Yue Xin and Bai Yunxuan take it.

"Why should we suck a drop of your blood?" Ming Yuexin said with disgust when she heard Su Chen's words.

Bai Yunxuan also looked at Su Chen with disgust. She didn't expect that this bastard was so perverted. He actually forced the blood out of his fingers. This made her Looking at Su Chen, he wanted to strangle this bastard to death.

Su Chen knew that Ming Yuexin and Bai Yunxuan had misunderstood when they saw their expressions, but this was also very disgusting and perverted.

He let Ming Yuexin and Bai Yunxuan suck his cock without making it clear. Blood,

I'm afraid I would be disgusted by it.

Su Chen shook his head and hurriedly explained to them,

"You misunderstood, did you see this flower? This is a black datura flower, which is highly poisonous and hallucinogenic. Didn't you see this old pervert? He was possessed by the hallucinogenic power of the black datura flower, and this old pervert will die without knowing it soon."

Ming Yuexin and Bai Yunxuan were very surprised when they heard Su Chen's words.

They didn't expect that the black flower in Su Chen's hand had such ability. They both saw the situation of this alien old man, and they now believe in Su Chen. Chen said these words.

Ming Yuexin looked at Su Chen and asked doubtfully, "Can your blood detoxify and dispel hallucinogenic abilities?"

"Of course, otherwise why would I have to force out my own blood?" Su Chen nodded and replied,

"Maybe you are a pervert!"

"I'll go. If you want to fall into an illusion, just pretend I didn't say anything."

Chapter 1122

When Ming Yuexin heard Su Chen's words, she quickly grabbed his finger and started sucking it.

She didn't want to fall into a hallucination like that alien old man, and Ming Yuexin didn't think Su Chen would deceive her. This bastard had already taken advantage of her, and it was impossible for that bastard to do such childish things to deceive her.

When Su Chen saw Ming Yuexin, she started sucking his blood without saying a word, and kept sucking.

Although this scene looked very beautiful, it was sucking blood instead of washing her fingers.

Su Chen hurriedly pushed Ming Yuexin's head and asked her to let go.

"I'll go, Mingyue Xin, just a drop of blood is enough. Do you think this is tea? If you suck any more of my blood, I'll be sucked dry by you."

Ming Yuexin looked at Su Chen's distressed look and said with a smile, "Haha, aren't I afraid that the antidote is not enough?"

"Do you think I will believe you?" Su Chen rolled his eyes at Ming Yue Xin unhappily.

This Ming Yue Xin is getting more and more naughty now.

An old woman of several decades still pretends to be innocent.

This makes Su Chen look at Ming Yue Xin and want to train her again.

At this time,

Bai Yunxuan also quickly grabbed Su Chen's hand and started sucking it. She originally didn't want to suck this bastard's blood, and she didn't believe that this bastard's blood could detoxify and dispel hallucinations.

However, she thought This bastard actually has a spirit stone that has disappeared for thousands of years, so this bastard's blood may really have the ability to detoxify and dispel hallucinations. She also doesn't want to be silently hallucinated by this bastard's black mandala flower.

Su Chen saw that Bai Yunxuan was sucking his blood like Ming Yuexin, which made him very speechless.

Did these two women agree?

Why did they suck his blood for free?

Could it be that he Is the blood from Tang Monk's flesh?

Can you live forever if you suck too much?

Su Chen directly pressed Bai Yunxuan's head and hurriedly took out his hand and shouted,

"Holy shit! Bai Yunxuan, why did you start smoking too? That's enough. Just a drop of blood can detoxify and dispel hallucinations. Don't smoke it anymore. What the hell are you doing? You want to avenge a private vendetta. Bai

Yunxuan licked the blood from the corner of her mouth and said proudly, "I am just avenging my personal revenge. What's wrong?"

"wrong! Baiyunxuan, have you felt the change in your internal strength?"

At this time,

Ming Yuexin suddenly discovered that the internal force in her body had changed. This was not an increase in internal force, but the true essence in her body seemed to be turning into Yuan Dan.

Yuan Dan is only at the level of Jindan realm. What can be possessed is that only after the true essence is transformed into Yuan Dan, the land gods in the Heavenly Realm can advance to the Golden Core Realm.

But she is only at the middle stage of the Heavenly Realm, which is still far away from the Golden Core Realm.

She is at least a few It is impossible to break through to the Golden Core Realm in ten years, and the aura of heaven and earth has disappeared. It is probably impossible for her to break through to the Golden Core Realm in her lifetime.

But how can the true energy in her body change?

And she also feels that her strength has increased. a trace

"Variety? No! etc! What's going on? Why is my true essence transforming?" Bai Yunxuan was talking to Ming Yue Xinzheng in confusion. She also noticed the changes in her body. Bai Yunxuan immediately closed her eyes and hurriedly checked the changes in her body.

Damn it!

What happened to Ming Yue Xin and Bai Yun Xin?

Could it be that this Is it the sequelae of sucking his blood?

Are there any sequelae of my own blood?

He is an ordinary person. His blood can at best relieve hallucinations and detoxify. This is the ability he got today. Su Chen looked at Ming Yuexin and Bai Yunxuan. Want to know what happened to them?

After a while,

Ming Yuexin and Bai Yunxuan looked at Su Chen at the same time, and they looked at Su Chen with gleaming eyes at the same time.

Their eyes now looked like they wanted to eat Su Chen, which made Su Chen hurriedly took a few steps back.

Su Chen was scared.

The situation between these two people was very wrong. Their cannibalistic expressions made Su Chen extremely worried that these two crazy women would really eat him.

Su Chen hurriedly asked them while retreating,

"What do you do?"

Ming Yuexin watched Su Chen keep retreating in fear. She walked up to Su Chen step by step and said cheerfully, "Haha, Su Chen, we discovered a big secret. Do you want to hear it?"

"explain?"

Su Chen asked hurriedly, a little frightened.

"Is there something wrong with your blood?"

"There is something very wrong with your blood."

Ming Yuexin and Bai Yunxuan each said mysteriously to Su Chen.

When Su Chen heard what they said, he asked doubtfully, "I'll go, you should make it clear! What's wrong with my blood?"

Ming Yuexin said to Su Chen with a serious face, "Su Chen, you will become Tang Monk in the future. Your blood can actually increase your strength, and you can also convert the true essence into Yuan Dan in advance. This is really embarrassing. People are incredible.

Su Chen was frightened and continued to ask hurriedly, "Huh?" Ming Yuexin, is what you said true?"

His blood can actually increase his strength?

It can even transform true energy into Yuan Dan?

How is this possible?

Why didn't Su Chen find out that his blood has such an ability? Is it the ability of the black mandala flower to recognize its master?

Mingyue With a worried expression in his heart, he said to Su Chen, "It's true. If you don't believe it, you can ask Bai Yunxuan. Bai

Yunxuan also nodded hurriedly and cautiously said to Su Chen,"Yes, although the increased strength and transformed true energy are very small, it is true. What happened to your blood?"

Bai Yunxuan is now worried about this bastard.

If this bastard's blood is discovered by someone with ulterior motives, I'm afraid the entire world will be shaken.

This is really Tang Monk's meat.

Those powerful masters in the world, and even the old people who are hiding, will be shocked." Monsters, there is no way they would let this bastard Su Chen go.

If Bai Yunxuan had not gone to Shu and had not received the spiritual stone reward from Su Chen, she would not have cared about the life or death of this bastard. Su Chen, this bastard, was teasing and harassing her. , but he was really good to her. The Lingshi had disappeared in Tianxuan Continent for thousands of years, but this bastard was willing to pay her with the Lingshi.

This made Bai Yunxuan very touched.

The Lingshi was as precious as heaven. The heavenly materials and earthly treasures in Xuan Continent are even more precious than those heavenly materials and earthly treasures.

Bai Yunxuan looks at Su Chen with a very complicated look.

"how could I know?"

Su Chen was still confused after hearing this.

His blood can really enhance his strength and transform his true essence into Yuan Dan. Does this really mean that he should be the Tang Monk?

Damn it,

Su Chen doesn't want the whole world to come. Assassinate him and even eat his flesh and blood.

Bai Yunxuan saw that this bastard still refused to tell them at this time, which made her angry and continued to ask, "You really don't know?" Still don't want to tell us?"

"Don't ask, I'm bothered now, holy shit, when did this old pervert die?"

Chapter 1123

Su Chen is just confused now.

He just asked Black Mandala to recognize him as his master. How could these things happen? The changes in his body now make him feel incredible.

Just when Su Chen had a headache, he suddenly discovered that the old pervert from the Persian Ming Cult had fallen to the ground and died.

This made Su Chen's eyelids jump. The black mandala flower was so powerful that it was impossible to come from Mingyue Xin and Bai Yunxuan. In just over a quarter of an hour, this old pervert was smitten to death by the black mandala flower.

Ming Yuexin and Bai Yunxuan also saw the dead alien old man, but they didn't pay attention. They were now worried about Su Chen's future stability. The blood on Su Chen's body could not be known to others.

"Okay, as long as you know this, don't worry about me." Su Chen looked at the worried eyes of Ming Yuexin and Bai Yunxuan and smiled and said.

He did not expect that Ming Yuexin and Bai Yunxuan would be worried about him.

Ming Yuexin was worried that he still said it, but what happened to Bai Yunxuan?

Bai Yunxuan Doesn't Xuan want to kill himself?

Why are he worried about himself this time?

Bai Yunxuan felt uncomfortable when he heard Su Chen's words and said, "I'm worried about you, I want to kill you, this shameless person""

"Bai Yunxuan, do you want me to kill someone and silence you?" Su Chen looked at Bai Yunxuan and pretended to be cruel and threatened her.

"Come and kill!"

Bai Yunxuan didn't care about Su Chen at all.

She stretched out her snow-white neck and shouted to Su Chen with a arrogant look.

Su Chen hurriedly took a few steps back and shouted to Ming Yuexin who was watching the excitement, "I'm going. , Mingyue Xin, you come to deal with this crazy woman."

Ming Yuexin will not get involved in these messy things.

She and Bai Yunxuan went to Shu this time to open up the matter.

She and Bai Yunxuan are no longer rivals in love and life and death. She is too lazy to deal with Su Chen and Bai Yunxuan. Participate.

Mingyue Xin waved her hands in a hurry and refused, "I don't care, you can solve your own problems and don't involve me."

"traitor!"

Su Chen cursed when he heard Ming Yue Xin's words,

"Betray your sister!"

Ming Yuexin didn't expect that Su Chen would call her a traitor. What does this have to do with being a traitor? She and this bastard Su Chen are not in an alliance. This bastard is just talking nonsense.

Su Chen pointed at Ming Yue Xin and continued to shout. , "You said you're not a traitor, you and Bai Yunxuan are love rivals! not friend? Why are the love rivals reconciling now? Have you decided to serve the same husband in the future?"

"you wanna die!"

"Bastard, what are you talking about?"

Ming Yuexin and Bai Yunxuan stared at Su Chen and wanted to strangle this shameless person.

What do you mean by sharing the same husband?

Can't this bastard be more normal in his mind?

They are talking about Su Chen's blood now, but this How the bastard has tangled with their affectionate rival.

Su Chen saw that she wanted to make Mingyuexin and Bai Yunxuan, and he successfully shifted their goals, but he did not want to be beaten by Mingyue Xin and Bai Yunxuan. After a pause,

Su Chen coughed hurriedly and changed the subject, "Ahem, just kidding, do you know who this old pervert is?"

"This foreign race looks like a Persian. Could it be that he is a master from the Persian Ming Cult?"

"He was dressed in Persian attire."

Ming Yuexin and Bai Yunxuan looked at the dead alien old man and said one after another.

They were also interested in the identity of this alien old man. This alien old man dared to assassinate Su Chen, so his strength should not be simple.

"Yes, he is the Supreme Elder of the Persian Ming Cult, and a land immortal in the middle stage of the Heavenly Realm." Su Chen nodded and said to them.

Ming Yuexin was surprised when she heard Su Chen's words and exclaimed,

"A terrestrial immortal in the middle stage of the Heavenly Realm? Su Chen, that black mandala flower of yours is really powerful. It can even kill land gods in the middle stage of the Heavenly Realm without any sound. Bai

Yunxuan was also surprised and said, "Yes, this black mandala flower is too weird and powerful.""

Ming Yuexin and Bai Yunxuan were really shocked.

They did not expect that this foreign old man was actually the Supreme Elder of the Persian Ming Cult. He was even at the same level of cultivation as them, a land god in the middle stage of the Heavenly Realm.

And Su Chen That black mandala flower is really too powerful. How could such a flower appear in Tianxuan Continent? This should be a strange flower in the world of cultivation, or even the spirit flower of heaven and earth in the fairy world.

Su Chen shook his head and said,

"No, you are wrong"

"Although the black mandala flower can silently kill this old pervert in the heavenly realm, it takes too long. It will take at least half an hour to silently kill this old bastard."

"If this old pervert left midway, I'm afraid he wouldn't be able to kill him. After all, the black datura flower is still in its infancy, and its toxicity and hallucinogenic abilities are not too strong yet."

When Ming Yuexin and Bai Yunxuan heard Su Chen's words, they both rolled their eyes at Su Chen. The black mandala flower is now very powerful. If they don't know the situation, they may be killed by the evil unknowingly.

But Su Chen, this bastard, was not satisfied yet, which made them speechless.

Su Chen suddenly thought that there was a land immortal in the heavenly realm in the Ming Cult,

Yang Dingtian, the leader of the Ming Cult, and he had agreed to Liu Xinru's request. After capturing Yang Dingtian alive and giving it to her,

Su Chen looked at Bai Yunxuan and Ming Yue Xin and planned to use them again. Anyway, he had a lot of spirit stones now, and Ming Yue Xin and Bai Yun Xin might be completely attracted by him in the future. , it will be much easier to deal with the Qinglong Society in the future.

"By the way, you go to Guangmingding of Mingjiao tomorrow and capture Yang Dingtian, the leader of Mingjiao, alive."

"Why!"

"Are we your men?"

Ming Yuexin and Bai Yunxuan both mocked Su Chen with disdain,

"Three spiritual stones per person."

Su Chen smiled and said with three fingers.

Ming Yuexin's eyes lit up when she heard Su Chen's words.

She looked at Su Chen and said hurriedly,

"Anyway, I had nothing to do so I went to capture Yang Dingtian, the Ming Cult leader. Su Chen, I can capture Yang Dingtian by myself. If you give me six spiritual stones, I will capture Yang Dingtian alive for you."

When Bai Yunxuan heard Ming Yuexin's words, he cursed angrily, "Ming Yue Xin....moon....Heart, do you want to die?"

Ming Yuexin didn't care at all about Bai Yunxuan's attitude.

She looked at Bai Yunxuan and said mockingly, "Bai Yunxuan, don't you want to be Su Chen's subordinate? This time I will do all the work for you. Anyway, Yang Dingtian is a land immortal in the early stage of the Heavenly Realm. I can handle him with one hand."

"Mingyue Xin, you are so shameless. If I go this time, I can also kill Yang Dingtian, the leader of the Ming Cult, with one hand."

"Haha, Baiyunxuan, are you an idiot? Su Chen said that he must be captured alive, but killing Yang Dingtian is useless."

Chapter 1124

After Ming Yuexin and Bai Yunxuan began to argue with each other,

Su Chen quietly retreated.

Now he wanted to ask the system what happened to his body, but he didn't want his body to suddenly have inexplicable abilities again, or even in the future. What happens to his body?

Ming Yuexin and Bai Yunxuan also saw Su Chen leave.

They looked at each other and stopped arguing with each other.

Just now they saw that Su Chen had something on his mind. Maybe the bastard was worried about his health.

"Ming Yuexin, what do you think is going on with Su Chen's body?"

"how could I know? But that bastard's physical changes shouldn't be a bad thing."

"Aren't you talking nonsense? Su Chen is just like Tang Monk, something could happen to his body."

"Then what you asked is not nonsense?"

"I'm too lazy to pay attention to you, but you leave Yang Dingtian, the leader of the Ming Cult, to me. I'll leave Su Chen's tasks to you in the future."

"You're dreaming, Ming Yue Xin, why didn't I notice how your face is getting thicker and thicker?"

"Bullshit, Bai Yunxuan, if I'm not thick-skinned when I'm with that bastard, won't I be bullied to death by that bastard?"

"That's right. That bastard is too shameless. However, I will definitely capture the leader of the Ming Cult, Yang Dingtian."

"Then we'll all have to do our own thing."

Ming Yuexin and Bai Yunxuan started talking after Su Chen left.

After a while, their conversation turned into a quarrel.

Just then, two soldiers came in and saw Ming Yuexin and Bai Yunxuan arguing. He hurriedly saluted the two of them and said, "Madams, the young master asked us to dispose of the body."

Ming Yuexin and Bai Yunxuan were stunned when they heard what the soldiers said, madam?

What the hell is this?

What on earth did that bastard Su Chen say to these soldiers?

When Ming Yuexin saw the embarrassed soldiers, she waved her hand and ordered,

"Carry it out!"

"Yes, ma'am!"

After the soldiers carried away the body of the Supreme Elder of the Persian Ming Cult,

Ming Yuexin and Bai Yunxuan stared at each other, but their faces were a little red and their expressions were a little uncomfortable.

At this time, Su Chen,

He came to a small river in the military camp alone.

He sat by the river and communicated with the system.

"System, what's going on with the blood in my body?"

"Ding, host, the spirit sword, the lark fruit spirit tree, and the evolving hibiscus tree have all recognized you as their master, and even the black mandala flower that has just recognized you as its master. After the host's body is denied by those spiritual objects, the host's There is already a trace of spiritual power in the body"

"The host's body will naturally change, and the host's body will get better and better in the future. Just like the novels you have read, the host's body will evolve into the divine body and holy body in the novel."

Su Chen felt relaxed after hearing the system's explanation.

He didn't have to worry about any problems with his body.

However, he actually had spiritual power in his body, which made Su Chen feel incredible. He recognized himself as the master. Su Chen didn't expect that those spiritual trees and flowers could deny him.

But why not fairy power?

But what kind of spiritual power?

Su Chen couldn't figure it out.

"Ding, host, please prepare. There is a change in the exhibition qualification certificate."

"What? Are you going to participate in the national destiny war again?" Su Chen was confused when he heard the system prompts. How come the qualifications to participate in the war are about to start again so soon? It's only been a few months and the foreign war is about to start again?

"Ding, within ten days the host will participate in the foreign war again"

"clear!"

Su Chen thought about it and felt that it was nothing.

The benefits he got from the National Destiny War were very big. He made a lot of money in the last National Destiny War. If he won the National Destiny War again this time, he didn't know. What special items will be released from the victory gift bag?

Su Chen thought about it and asked, "System, what is this national destiny war?" Do you understand?"

"Ding, I don't know about the system, but I hope the host can win the foreign war again."

Su Chen stretched and said angrily, "Tsk, I won the war and you got huge benefits from the system, but you just rewarded me with a gift bag. System, you are really stingy."

Su Chen curled his lips when he didn't hear the system's reply.

The system should have disappeared again.

Su Chen looked at the night sky and prepared to go back.

There is nothing good to see in the middle of the night. There will be a siege war tomorrow. , Mingjiao, Persian Mingjiao, and even the army of the Persian Empire that will come in the future, all of them will be wiped out. There is still a war to participate in within ten days, a qualification certificate to participate in the war!

A war of national destiny! A war in a foreign land!

I don't know where to go this time. When I go to participate in the war in that world, I don't know if I can meet those people from before, Alice, Laura, Bai Yuekui, Li Maozhen and others, whether they will participate in this war together.

Su Chen returned to the tent and I found Ming Yuexin sitting alone drinking tea.

"What about Baiyunxuan?"

"Resting!" Ming Yuexin stood up and stretched her perfect figure, then glanced at Su Chen and replied,

"You should rest too!"

"Know!"

Mingjiao Guangmingding,

Liu Xinru has successfully broken through in the secret passage.

She is now at the peak cultivation level of a grand master, and all her physical injuries have recovered.

Liu Xinru thought that if she fights the Huiyue user again, she will He can defeat Huiyue User within ten moves. If he understands Huiyue User's martial arts routine, Liu Xinruhui can defeat Huiyue User in an instant.

"What about that shameless guy? Did he run away again?"Liu Xinru looked around but didn't find Su Chen and said to herself.

However, that bastard was able to give her the Heaven and Earth Spirit Fruit to heal her injuries, and even made her cultivation strength greatly improve. This made Liu Xinru... Su Chen was not too angry for leaving without saying goodbye this time.

After Liu Xinru returned to Guangmingding, she found that something was wrong with the atmosphere at Guangmingding. The atmosphere was even very depressing, as if something had happened to Guangmingding.

"Our Mingjiao army was massacred, and I don't know if the Xuantian Empire's army will come to surround and kill our Mingjiao Guangmingding?"

"Definitely. Xuantian Empire did not leave any survivors this time. Even the surrendered troops of our Mingjiao were ruthlessly killed. The Xuantian Empire wanted to kill our Mingjiao completely."

"The Mingjiao rebellion was originally intended to kill the nine tribes. It is reasonable for the Xuantian Empire to treat our Mingjiao like this. However, we are all small believers. If the Xuantian Empire's army arrives, we will have no chance to survive."

"The Xuantian Empire was too powerful. Our 300,000 troops were destroyed as soon as we were told. We didn't even last a day."

"Who can say otherwise? I heard that outside Qilian City there were corpses everywhere and rivers of blood. The thought of hundreds of thousands of Mingjiao army corpses was terrifying."

On the top of the light, the patrolling believers of the Ming Sect are all discussing the war in Qilian City, and even some believers are worried about their future fate.

"That bastard's army destroyed the Ming Cult's 300,000 troops so quickly? Unexpectedly, the Xuantian Empire's army was really powerful. The 300,000 Mingjiao army was wiped out in less than a day. It seems that Qilian will be breached tomorrow, and the Mingjiao General Altar's Bright Summit cannot be saved."

Chapter 1125

Liu Xinru did not expect that the Xuantian Empire's army had already begun to march, and even destroyed the Mingjiao's 300,000 troops during the day. It seemed that the bastard was going to command the army to fight.

Liu Xinru thought about it and decided to look for Yang Dingtian's whereabouts in Guangmingding.

That bastard will definitely come to Guangmingding tomorrow. She doesn't know if Yang Dingtian is in Guangmingding now, but she must know Yang Dingtian's whereabouts, otherwise If Yang Dingtian escapes, I'm afraid she will have no hope of revenge.

"Huh? Why is there still someone breaking into Guangmingding at this time?"

Liu Xinru was looking for Yang Dingtian.

She suddenly found three people sneaking around Guangmingding looking for something, and they seemed very familiar with Guangmingding, which made her curious.

Liu Xinru thought for a while and disappeared in a flash. At the same place, she wanted to catch these three people and ask them who they were and why they knew Guangmingding so well.

In an abandoned room in Guangmingding, three sneaky people were looking for something in the room. Yes, an old woman opened a wooden board and a secret passage appeared in front of her eyes. She looked at the secret passage and shouted to the two women next to her in a low voice, "Xiao Zhao, I found the entrance. You and Ali, come here quickly"

"Okay mom, let's go there."

These people are Dai Qisi, Xiao Zhao, Yin Li and the others in the forest.

This war in Qilian City attracted all the people in the world to watch, and the masters of Mingjiao also went to Qilian City.

Dai Qisi They decided to take Xiao Zhao and the others to steal the Ming Cult's Great Shifting Technique, and also look for that bastard Su Chen. In the secret passage,

Dai Qisi and Xiao Zhao just came down and found that someone had been in the secret passage, and there were people on the ground. There were many footprints, and even these footprints passed by here recently, which made them afraid to make loud noises.

"Be careful, there may be someone in the secret passage. Dai Qisi looked at Xiao Zhao and A Li and gave careful instructions.

A Li looked at the footprints in the secret passage and asked doubtfully, "Mother-in-law, is Su Chen also in the secret passage?"

Dai Qisi checked her surroundings, then waved her hand for Xiao Zhao and the others to follow, "It's possible, but that bastard might have gone to Qilian City, after all, there was a war there. Xiao

Zhao took Yin Li and whispered to Dai Qisi, "Mom, are you saying that Su Chen went to command the army to fight the Ming Cult army?" Then why don't we go to Qilian City to help Su Chen?"

"Help that bastard for what? That bastard is a shameless person and I never want to see that bastard again." Dai Qisi said angrily when she heard Xiao Zhao's words.

Dai Qisi had a very big complaint against Su Chen. That bastard actually knew her identity but never revealed it. He even lied on her lap teasingly. , This made Dai Qisi very angry.

Xiao Zhao and Yin Li looked at each other and narrowed their mouths and smiled.

The two little girls knew why Dai Qisi was so angry. Su Chen was indeed a shameless person. After knowing the true identity of Dai Qisi, she pretended not to know, and even teased Dai Qisi for a time. At this moment,

Liu Xinru, who was hiding aside, heard the conversation between Dai Qisi and the others, and she felt that these three people The Su Chen mentioned should be the same person as the bastard she knew, a shameless pervert! Shameless bastard, that bastard is just that kind of person

"Who are you? Liu Xinru suddenly appeared in front of Dai Qisi and the others and asked expressionlessly.

Dai Qisi and the others were very surprised when they saw the woman who suddenly appeared.

They did not expect that they would be discovered as soon as they entered the secret passage, and this woman was also It was so powerful that they all looked at Liu Xinru warily.

Dai Qisi protected Xiao Zhao and Yin Li behind her and said expressionlessly,

"We are Jianghu people!"

Liu Xinru smiled with an arrogant look and said,"A charlatan? Hahaha! You are such a Jianghu man, tell me about your relationship with Su Chen?"

"Do you know Su Chen?"Xiao Zhao stretched out his head and asked Liu Xinru.

Liu Xinru shook her head when she heard Xiao Zhaohe's words and said,"I don't know, but the Su Chen you just mentioned and the person I know are very familiar. They are both lustful and shameless. asshole.

Dai Qisi glared at Xiao Zhao and said seriously,"I don't know what you are talking about. The Su Chen we are talking about is just a kid from a rich family.""

Xiao Zhao also knew that she was in trouble.

She stuck out her tongue and hurriedly hid behind Dai Qisi's body.

Liu Xinru threatened with a cold face,"You still want to lie to me? Rich kid? How could a kid from a rich family come near Guangmingding? Tell me your relationship with that bastard, or I'll kill you."

Dai Qisi and the others were very surprised when they looked at Liu Xinru.

This beautiful woman is much more powerful than them, and she is also a powerful grandmaster. But what is her relationship with Su Chen?

Liu Xinru looked at Dai Qisi and the others continued, "Don't worry, if the Su Chen you are talking about is the same person I know, then I am not your enemy."

"you.....You're not that bastard woman, are you?" Dai Qisi looked at this beautiful woman and asked doubtfully.

Dai Qisi knew the nature of that bastard Su Chen. This woman was very beautiful. If Su Chen knew this woman, I am afraid that this woman and Su Chen The relationship between Chen and Chen is also unclear.

"I don't mean you don't need to think too much, just tell me about Su Chen." Liu Xinru shouted angrily when she heard Dai Qisi's words.

However, she felt a little uncomfortable thinking about what she had said to Su Chen before.

Liu Xinru had said that if Su Chen helped her get revenge, she would stay with that bastard all night, but She didn't expect that she would scare that bastard away just by saying that. Wasn't she beautiful?

Or did the bastard dislike her for being old?

Looking at Liu Xinru, Dai Qisi and the others felt that her relationship with Su Chen must be extraordinary. But why doesn't she know Su Chen's name?

Even if she doesn't know Su Chen's name, then she doesn't know the name of the Emperor of the Xuantian Empire?

Dai Qisi also half-truthfully said to Liu Xinru,"Su Chen and We came to the vicinity of Guangmingding together. Ever since Su Chen went to Guangmingding, we have not seen him come back, so we came to look for him this time. Liu

Xinru frowned when she heard Dai Qisi's words and said,"You lied. I noticed that you are very familiar with Guangmingding. Who are you?" Take off your human skin mask too."

Liu Xinru saw on Guangmingding that they were very familiar with the route of Guangmingding, and they even knew the secret passage of Guangmingding. This made her feel that this old woman should be in disguise, and she might even be someone from the Ming Cult.

"I do not know what you're talking about"

"Take off your human skin mask, or I will do it myself."

Chapter 1126

Dai Qisi had no choice but to do anything when she heard Liu Xinru's threat.

Liu Xinru was much stronger than them. If this woman was really allowed to take action, she and Xiao Zhao would not be able to resist.

Stab!

Dai Qisi directly took off her human skin mask.

In the dark secret passage, an exotic and stunning beauty appeared in front of Liu Xinru and Xiao Zhao. She had a cold face with melon seeds, blue eyes, and a small nose. , exquisite appearance, which made Liu Xinru very surprised when she looked at Dai Qisi.

She didn't expect this woman to be so beautiful, and she was also a woman of a foreign race.

When Liu Xinru saw Dai Qisi's face, she asked fiercely,"Are you from the Persian Ming Cult? What's your name?"

Xiao Zhao and Yin Li They were also very surprised when they saw Dai Qisi.

Although they had seen Dai Qisi's face before, they only saw it once in a hurry. They didn't expect that Dai Qisi would be so beautiful.

When Dai Qisi saw that Liu Xinru was about to kill her, she said coldly, "Dai Qisi, the former saint of the Persian Ming Cult, is also the purple-robed Dragon King of the Central Plains Ming Cult."

Liu Xinru was very shocked when she heard Dai Qisi's words.

Dai Qisi was She knew who it was.

Ever since she and Yang Dingtian turned against each other, she had also heard that Yang Dingtian had adopted a Persian woman as his adopted daughter, but she had never seen Dai Qisi.

"Are you Dai Qisi? Yang Dingtian's adopted daughter, I never thought we would meet like this"

"and who are you?" Dai Qisi didn't expect that this woman also knew about her. She looked at Liu Xinru and asked.

Liu Xinru said mockingly, "Liu Xinru, you should have heard of my name. Dai

Qisi looked at Liu Xinru in surprise and asked, "Are you the wife of Yang Dingtian, the leader of the Ming Cult?"

Dai Qisi did not expect to meet Liu Xinru under such circumstances.

After Dai Qisi came to Mingjiao, she heard that Yang Dingtian's wife and Yang Dingtian were not getting along. It was even rumored that Yang Dingtian killed Liu Xinru's whole family and imprisoned her. Liu Xinru, she just never had the chance to see Liu Xinru.

Decades have passed, and

Liu Xinru is not dead, and is even so strong.

Could it be that Liu Xinru has been practicing martial arts to avenge Yang Dingtian?

Liu Xinru was so angry at Dai Qi Si shouted, "I am no longer Yang Dingtian's wife, now I want to kill that despicable villain."

Dai Qisi was very speechless when she looked at the angry Liu Xinru. Although she knew the hatred between Liu Xinru and Yang Dingtian, it was a matter between them and it had nothing to do with her.

But!

How did Su Chen get along with the leader of the Ming Cult? The woman got involved.

Is that bastard really interested in Liu Xinru?

Dai Qisi shook her head and stopped thinking about these boring things. She asked Liu Xinru, "Mrs. Liu, what is your relationship with Su Chen?"

Liu Xinru asked hurriedly, "Su Chen?" Is he the special envoy of the Xuantian Empire this time? Or the Emei sect, the people from Yihua Palace?"

"Forehead! Yes!"

Dai Qisi was very speechless when she heard Liu Xinru's words.

She didn't expect that bastard Su Chen would say this to Liu Xinru, even if you make it up, you should be more realistic.

That bastard even mentioned the Yihua Palace and the Emei Sect. Those But for the women's sect, why didn't he just say that he was the emperor of the Xuantian Empire?

Liu Xinru continued to ask in disbelief, "Is that bastard really from the Yihua Palace and the Emei Sect?"

"He can also be said to be a member of the Yihua Palace and the Emei Sect." Dai Qisi didn't know whether Liu Xinru believed it or not, but she was still sure about Liu Xinru.

Liu Xinru was confused when she heard Dai Qisi's words.

That bastard didn't deceive her?

But how could that bastard be both the special envoy of the Xuantian Empire and the other? Are they from the Yihua Palace and the Emei Sect? Why can't this be explained?

Dai Qisi looked at Liu Xinru's confused look and didn't even know who Su Chen was, so she asked,

"Don't you know what the name Su Chen represents?"

"Um? What does Su Chen's name represent?" Liu Xinru didn't know why Dai Qisi asked this, but she really didn't know what the name Su Chen meant. Could it be that the name Su Chen had other meanings?

"You'll find out later."

Dai Qisi shook her head and did not tell Liu Xinru.

She knew that as long as Liu Xinru inquired casually, she would know what the name Su Chen represented.

Liu Xinru nodded and did not ask Dai Qisi anything else. Since she already knew the name of that bastard name, then she will definitely know who that bastard is in the future.

Liu Xinru waved to Dai Qisi and the others and said,

"Come with me, it's not safe here. The bastard you mentioned went to Qilian City yesterday. He should be back today."

"All right!"

In Qilian City, after dawn, the black armored troops began to dispatch.

This time, the black armored troops only dispatched 50,000 black armored troops. Moreover, the city guards of Xikang City had also sent siege equipment last night. The 50,000 black armored troops were dispatched. The army is enough to break Qilian City. woo woo woo woo.....

Dong dong dong dong dong dong dong.....

When the horn sounded,

50,000 black-armored troops lined up neatly outside Qilian City, and catapults, ladders, and city-breaking hammers were also pushed not far outside Qilian City.

On the Qilian City Wall, the top leaders of Mingjiao were sweating profusely and hurriedly ordered their armies to prepare for the Xuantian Empire's army to attack.

"Be on guard, be on guard. Everyone return to their respective posts to defend. If Qilian City is breached, we will all die. We must defend Qilian City."

"Don't run away. Qilian City has been surrounded by the Xuantian Empire's army. Only by guarding Qilian City can we have a chance to survive."

"Archers prepare, archers prepare, the black armored army is about to attack"

"Hurry up, I will kill whoever dares to fight timidly. We are all ready to welcome the Xuantian Empire's army to attack."

"Why isn't the rolling log ready yet? Get ready!"

At this time!

The Twelve Treasure Tree Kings of the Persian Ming Cult also came to the city wall, but their faces were very ugly.

Last night, the Supreme Elder of the Persian Ming Cult went to assassinate the generals of the Xuantian Empire army, but last night Once they left, they didn't know whether the Supreme Elder was killed or whether he escaped secretly.

"Will the Supreme Elder escape?"

"possible!"

"That old bastard is a bastard who is greedy for life and afraid of death. He definitely did not assassinate the general of Xuantian Empire army last night. The military camp of Xuantian Empire was very quiet last night, and there was no sound of fighting at all."

"Forget it, we don't need to worry about the Supreme Elder. Let's think about how we can escape."

"The Supreme Elder must have escaped long ago. Let's think about how to save our lives.".....

The Twelve Treasure Tree Kings of the Persian Ming Cult all looked at the Xuantian Empire troops under the city wall and chatted with each other. The Supreme Elder of the Persian Ming Cult never returned, which made them all very angry.

A Baoshu King looked at Yang Xiao and asked expressionlessly,

"Where is your Mingjiao leader?"

"How do I know, isn't our leader always in contact with you?"

Chapter 1127

Yang Xiao doesn't care now.

He doesn't bother to talk to these people from the Persian Ming Cult.

He doesn't know whether he can survive this war. He doesn't care about the threat from the Persian Ming Cult now.

The Twelve Treasure Tree King didn't say much when he saw Yang Xiao's appearance, and they had no hope for these people from the Central Plains Ming Cult. It would be a miracle if these people could survive this war. At this time, outside Qilian City On the edge of the mountain, a man in black robe appeared here. He saw that the Xuantian Empire's army was about to attack the city. His hands under the black robe were tightly held together.

"It's over. Mingjiao is over in my generation."

This man in black robe is Yang Dingtian.

This time he came from Guangmingding just to know if the Mingjiao can still be saved. Yesterday, 300,000 Mingjiao troops were destroyed, and he didn't rest all night.

Three hundred thousand troops!

The 300,000 Mingjiao army didn't even hold on for a day, and was destroyed by the Xuantian Empire's army at the cost of 20,000 to 30,000 troops. This made Yang Dingtian very angry and helpless. No! I can't die in this Here,

Yang Dingtian received a flying pigeon message from the Persians last night. The Supreme Elder of the Persian Ming Cult went to assassinate the general of the Black Armored Army last night, but he never returned, and there was not even a trace of news.

The Xuantian Empire's army There must be powerful masters here. The Supreme Elders who were more powerful than him all died in the hands of the Xuantian Empire. He was no match for the masters of the Xuantian Empire.

Yang Dingtian was about to leave the northwest region when he suddenly thought of returning. Liu Xinru in Guangmingding was the woman he had endured for decades.

Yang Dingtian would not let her live anymore. Anyway, the Mingjiao was almost over, and he didn't care about Liu Xinru's actions and threats.

His thoughts Liu Xinru said to herself with a gloomy look,

"Liu Xinru, this woman can't be let go. Before she leaves, she must kill that slut who can do anything for her. I have tolerated that damn woman for decades, so let's do it today."

Yang Dingtian didn't care what the outcome of the war in Qilian City would be. He jumped up and flew towards Guangmingding.

In the Heijia Military Camp,

Su Chen was sending Mingyue Xin and Bai Yunxuan to capture Empress Yang Dingtian. , he prepared for the army to attack Qilian City. He had been delayed for more than half an hour, but the army waited for him at the foot of Qilian City for more than half an hour.

"Master Mijie, Lin Chaoying, you and the Emei sect masters are preparing to deal with the Mingjiao masters. Once Qilian City is broken, you will lead the Emei masters to take action. This time there will be shadow assassins to cooperate with you."

"We know that with the shadow assassins cooperating with us, we will definitely stay all those Ming Cult masters."

"Don't worry, leave it to us."

Master Mijie and Lin Chaoying both nodded to Su Chen with long swords in their hands.

They had also heard about the assassins last night. The land gods of the Celestial Realm of the Persian Ming Cult had been killed, and the remaining ten There are many great masters with shadow assassins cooperating, so they don't have anything to worry about.

Su Chen looked at Hui Yue Envoy who was doing nothing and thought for a while and asked, "Hui Yue Envoy, where are the remaining Persian Holy Envoys?"

"At the bright summit of Mingjiao. Huiyue envoy came to Su Chen with a veil and replied.

Su Chen did not expect that the remaining two holy envoys were not in Qilian City,"Why didn't they come to Qilian City?"

Huiyue Shi said without thinking,

"Those two holy envoys are practicing the Mingjiao Great Shifting Technique. They have only reached the fourth level and can no longer practice. They should still be studying how to successfully practice the Great Shifting Technique at Guangmingding."

"Well, Huiyue Envoy, I'll give you a task, kill the remaining two holy envoys, and then bring back the Great Shifting Technique of the Universe."

"Do you want me to die? I am equally powerful as those two holy envoys. How could I kill them?"

"Someone will help you. The two women who left today both went to Guangmingding. Let them help you when the time comes."

"real?"

Huiyue Shi's eyes lit up when she heard Su Chen's words.

She knew the two powerful women she met in the morning.

She could feel the powerful aura just standing next to those two women. She will break through the heavenly beings in the future. Jing wanted to ask those two powerful women for advice. This was an opportunity to get acquainted with them.

Su Chen nodded and confirmed,"Of course, as long as you mention my name, they will definitely help you."

"I agreed!"

"Then go quickly, otherwise Ming Yuexin and the others will catch Yang Dingtian, and the two great sage envoys will probably escape."

"I'll go now."

On the Qilian City Wall, more than 50,000 Mingjiao troops were already nervously waiting for the Xuantian Empire's army to attack.

However, almost an hour later, the Xuantian Empire's black-armored army still stood neatly under the city and did not attack. This made Qi The Mingjiao troops on Liancheng were nervous and frightened. The feeling of being threatened with death at all times made them very uncomfortable.

Wuwuwuwu.....

At this time, the Xuantian Empire's horn sounded again, and the sound of horse hooves came from a distance.

Su Chen and Master Jue, protected by thousands of black-armored cavalry, arrived quickly on horseback. Under Qilian City

"The Thirteenth Legion of Xuantian Empire's Eastern Combat Legion, Legion Commander Wu Tao meets the Young Master!"

"See Young Master!"

Below the Qilian City, the 50,000-member Black Armored Army and 50,000 soldiers saw Su Chen arriving. They all knelt down and saluted Su Chen.

Su Chen waved to the Black-armored Army and then said to the Black-armored Army Commander. The order said, "Commander Wu Army, order the catapults to start attacking."

"Yes, sir"

"Catapult ready, attack!"

Swish swish swish.....

Catapult after catapult threw huge stones towards Qilian City, boom boom boom.....

Dozens of huge stones smashed into Qilian City from the air.

For a while,

Qilian City was smashed with rubble flying everywhere. Some of the soldiers on the city wall were smashed into meat paste, and some corners of the city wall were smashed. It collapsed.

"Get out of the way, the rocks are coming again"

"Help me, I'm trapped"

"Help me, I'm going to fall off the wall"

"Be careful, the catapult is attacking again"

"Get away, get away."

The city of Qilian is now in chaos, with chaotic shouts, the sound of huge rocks hitting the city, and the commands of the top management of the Mingjiao. The voices of the Mingjiao believers crying for their fathers and mothers can be heard everywhere in Qilian City.

"God's Arm Bow is ready!"

In the fifty thousand black-armored army, the five thousand archers of the black-armored army walked out of the military formation neatly after hearing the order. Each of these archers took huge bows and arrows and aimed at Qilian City. As long as the order is given, they will Do not hesitate to shoot the Mingjiao troops on Qilian City Wall

"Target the Mingjiao army on the Qilian City Wall, release!"

Swish swish swish".....

On the Qilian City Wall, the black-armored army's trebuchets continued to attack.

Under the bombardment of huge rocks, Qilian City had been severely shattered, and it would not take long for the city wall to completely collapse.

After all, Qilian City is just a small city, and the city wall is less than twenty meters high.

Moreover, it was destroyed by the Mingjiao army half a month ago. Although the Qilian City Wall has been repaired, it cannot withstand the bombardment of dozens of huge stones every round. Smash.

At this time, the archers of the black-armored army also began to shoot at the Mingjiao army on Qilian City. The divine arm bow has a maximum range of more than 400 meters, and shooting enemies within 300 meters can directly penetrate the armor.

Five thousand black-armored god-armed bows were shooting at the Qilian city wall one after another.

On the chaotic city wall, the Mingjiao army had no time to avoid the archers' shooting. The catapult attack had left the city wall in a state of chaos. There was chaos, and the shooting of the divine arm bow caused heavy casualties to the Mingjiao army.

On Qilian City, as the divine arm bows continued to shoot and kill Mingjiao believers, the top leaders of Mingjiao were all anxious and ordered the troops.

"Be careful with bows and arrows, raise your shield, and quickly raise your shield to defend"

"The archers come out and shoot the archers of the black-armored army below the city for me."

"Put up a shield, put it up on the wall to block the archers' attacks."

"What about the archers? Where are our Mingjiao archers? Quickly kill the archers of the black-armored army under the city wall."

On the city wall, an archer commander of the Mingjiao army said to the Mingjiao senior officials with a mournful face, "Altar Master, the distance is too far, and our archers cannot shoot the archers of the black-armored army at all."

Bang!

A high-ranking Mingjiao official kicked away the archer commander in front of him, and he angrily cursed at the archers on the city wall,

"Damn it, why can the black-armored army shoot us? Our Ming Cult archers can't kill the black-armored army, are you all useless?"

Another Mingjiao archer leader said angrily, "Altar Master, we are all ordinary archers, not professional archers in the army. We cannot be compared with the archers of the Xuantian Empire." boom!

"They all use bows and arrows, why can't they compare? Are all the branches in your hands? If it's useless, what's the use of you?" The altar leader of Mingjiao knocked down the archer commander who dared to talk back with one palm.

He looked at the archers on the city wall and continued to order viciously, "Shoot the black-armored troops below the city for me, otherwise All will die!"

The archers of the Ming Cult hurriedly shot at the black-armored troops outside the city wall.

They didn't care whether they could shoot the black-armored troops outside the city, but the archers on the city wall also knew that if they didn't take action now, they would be killed by the crazy Mingjiao leaders.

Outside Qilian City,

Master Jue and Lin Chaoying looked at the mess in Qilian City and shook their heads.

The Mingjiao army and the black-armored army are very different.

From the siege war However, the black-armored army has not suffered any casualties yet, and the Mingjiao army is now suffering heavy casualties. The Mingjiao army on the Qilian City Wall may have suffered tens of thousands of casualties, and countless others were injured. They all think that they can attack Qilian City now. It was said that it was easy to capture, but why did Su Chen just let the catapults and archers keep attacking? Why didn't he just send out the army to attack Qilian City?

Lin Chaoying looked at Su Chen and asked doubtfully, "Su Chen, why don't you let the troops attack Qilian City now?" The army attacks Qilian City?"

Su Chen smiled and explained,

"Qilian City is very easy to capture. My target this time is not only Qilian City, but there are hundreds of thousands of Mingjiao believers in all the small towns around Qilian City."

"The reason why I dispatched 50,000 troops to attack Qilian City this time is that when I attack Qilian City, all the Mingjiao believers in all the small towns around Qilian City will be killed."

Master Miejie was very frightened when she heard Su Chen's words. She thought of Su Chen's plan to eradicate the Mingjiao. She did not expect that Su Chen would start massacring those Mingjiao believers today. "You.....Did you let the remaining 60,000 to 70,000 troops go to kill those Mingjiao believers?"

Su Chen nodded and admitted, "Yes, I have sent out the remaining black-armored cavalry and infantry. The Mingjiao believers in twelve small towns and villages will all die."

"So your attack on Qilian City was an illusion? Lin Chaoying asked Su Chen in confusion.

Su Chen pointed at Qi Liancheng and shook his head and said,

"Not an illusion"

"If I capture Qilian City early in the morning, I'm afraid the Mingjiao believers in the surrounding towns and villages will escape."

"I also made a time difference. When the Mingjiao believers in the surrounding towns were not captured by Qilian, the Mingjiao believers did not dare to escape without orders. I also used this time difference to surround and kill the Mingjiao believers."

Lin Chaoying said with a strange look in her eyes when she heard Su Chen's explanation,

"You are so insidious!"

Su Chen knocked on Lin Chaoying's head and warned, "What's so sinister? This is wisdom, this is a war that never tires of deceit"

"Bastard, don't touch me, or I'll do it"

"Have you ever beaten me?"

"Shameless!"

Mingjiao Guangmingding.

Today's Mingjiao Guangmingding is in great chaos.

Thousands of Jianghu people have been attacking the Mingjiao Guangmingding Main Altar since the morning. These Jianghu people also want to wait until Xuantian Empire's army fails to capture Qilian City. , they want to come to Guangmingding as soon as possible to snatch the Mingjiao's Great Shifting Technique.

If the Xuantian Empire's army breaks Qilian City today, they, the Jianghu people, may return empty-handed. The

Jianghu people here don't dare to go against the Xuantian Empire, they We can only seize the Mingjiao's protective skills from the Mingjiao main altar before the Xuantian Empire's army arrives.

"Kill, kill these Mingjiao believers, and we can obtain the Mingjiao's Great Shifting Technique."

"Come on, kill these Mingjiao believers."

"There are no powerful masters in the Mingjiao Guangmingding. Give them all to me and destroy the Mingjiao believers in the Guangmingding."

"Master He, should we act separately or together?"

"Let's come together. We sects have all discussed it. If we get the Great Shifting Technique, we can make a copy of it. If we act together, we can also monitor each other."

"Okay, let's do it together!"

On Guangmingding, the leaders of more than ten Jianghu sects ordered their disciples to rush into the Mingjiao main altar on Guangmingding.

In a side hall of Guangmingding,

Liu Xinru and Dai Qisi are all here. Today The Jianghu people came in, but they were all surprised.

Liu Xinru drank tea and shook her head, thinking that although there were no masters in the Mingjiao general altar, the Five Elements Flags of the Mingjiao were all left at Guangmingding, and Yang Dingtian asked the Five Elements Flags to stay at Guangmingding. Guangmingding is probably just to deal with these Jianghu people.

This time those Jianghu people will be in trouble.

At this moment, a maid Jin came to the room and saluted Liu Xinru and said, "Master, the Jianghu people at the bottom of the mountain are going to rush into the main altar of Guangmingding."

"Xiaoru ordered all our people to come to this side hall, and let the Jianghu people and the Five Elements Banners of Mingjiao fight each other."

"Yes, master!"

Chapter 1129

In the Western Region of the Western Continent, in a series of huge military camps on the grassland, more than 400,000 cavalry troops have been stationed here, but tens of thousands more cavalry arrive every day.

These cavalry troops in foreign costumes are all the troops of the former Dayuan Empire.

However, the troops here now all fly the Xuantian Empire's Xuantian flag.

The troops here belong to Zhao Min and also belong to the Xuantian Empire's troops.

In a luxurious tent, Zhao

Min, dressed in a military uniform, was sitting at the main seat in the tent. With a beautiful face and a perfect figure, Zhao Min was becoming more and more beautiful now. After becoming Su Chen's woman, Zhao Min's body is becoming more and more like a mature woman's.

In the tent, Zhao Min was discussing with more than a dozen generals how to deal with the 500,000-strong army that was about to arrive in the Persian Empire.

At this moment, a guard soldier came into the tent and saluted Zhao Min and said, "Commander, the black-armored army at Yanmen Pass has sent ordnance and food. The commander of the black-armored army wants to see the commander-in-chief."

"Oh, it was delivered so quickly, let him in." Zhao Min touched her delicate chin and said with a smile.

Zhao Min also did not expect that the black-armored troops at Yanmen Pass would deliver all the supplies she needed so quickly.

She had only given the notice for a few days. The black-armored army delivered the supplies she needed, which surprised Zhao Min. The efficiency of the Xuantian Empire was much faster than that of the Great Yuan Empire before. The foreign generals in the tent also looked at each other. The difference was that the generals did not expect that the troops at Yanmen Pass would move so quickly. In just a few days, hundreds of thousands of weapons and supplies for the army were delivered.

However, they all thought that Zhao Min was the imperial concubine of the Xuantian Empire. It is reasonable for Army A to send supplies so quickly.

"Yes, Commander!"

After a while, a black-armored general came to the tent and knelt down to Zhao Min and saluted, "Cao Yang, commander of the Eastern Combat Legion and the Ninth Legion, has met the imperial concubine. Zhao

Min waved his hand to the black-armored army and said, "Captain Cao, thank you for delivering the supplies in time.""

"This is what subordinates should do. No thanks, Princess."

"Is there any news about my husband?"

"Princess, Your Majesty has a secret message for you." The commander of the Ninth Army handed Zhao Min a secret letter with a black bird pattern.

Zhao Min took the secret letter and read it.

She also wanted to know what mission the bastard was going to give her.

Huh?

That bastard. You actually agreed to my formation of a combat legion?

Xuantian Empire Wolf Combat Legion, this name is good, the aliens on the grassland believe in the wolf god, wolf!

But the totem of each alien race on the grassland,

Su Chen is a good name.

Zhao Chen Min looked at Su Chen's secret message and stood up with a smile and said,

"Everyone, His Majesty the Emperor has agreed to my formation of the Xuantian Empire's combat legion, and His Majesty has given a name to our future combat legion."

"Xuantian Empire Canglang Combat Legion"

"The Wolf Combat Legion has twelve legions, six hundred thousand troops, and each legion has 50,000 troops. After this war is over, I will start to form the Empire's Gray Wolf Combat Legion. Who of you wants to be the commander of the legion? This war will be It depends on your performance."

A foreign general heard Zhao Min's words and asked excitedly,"Commander, will we also change to the armor and weapons of the black armored army in the future?"

Zhao Min nodded and said with a smile,"Yes, our legion will have the same armor and weapons as the four legions of the empire in the future. We will have the weapons and equipment of the four legions in the future."

"Then our future legion will also be a black-armored army?"

"good!"

The generals in the tent are all very happy now.

They are all aliens. Although they followed Zhao Min and submitted to the Xuantian Empire, they all feel that they are inferior in the Xuantian Empire.

Although their alien army has almost hundreds Ten thousand, but it is simply incomparable to the Xuantian Empire's black-armored army. Regardless of the army's combat effectiveness or weapons and equipment, their alien army is incomparable.

This time His Majesty the Emperor agreed to form a grassland alien combat legion, which allowed them They all felt that His Majesty the Emperor recognized their foreign army very much. Their

Canglang Combat Legion will be the fifth combat legion of the Xuantian Empire from now on, fighting for the Emperor in the world.

Zhao Min knocked on the table and said seriously,

"Everyone, please be quiet. You all know the four major combat legions of Xuantian Empire, but I want to tell you that Xuantian Empire also has one more combat legion."

"Tenglong combat legion!"

"The fifth Tenglong Combat Legion is now in the Northern Continent. Conquering the North Continent will be the mission of the Tenglong Combat Legion in the future."

"As for the mission of our Blue Wolf Combat Legion, His Majesty the Emperor also issued an order. Starting from the Western Regions, Tianzhu, Persia and other foreign countries, these are the goals of our Blue Wolf Combat Legion."

"We, the iron cavalry of the Canglang Combat Legion, want to conquer these foreign races and let the Xuantian Empire's Black Bird Flag be planted on the royal cities of these foreign races."

The generals in the tent all stood up and saluted Zhao Min with excited expressions, saying,

"Yes, Commander!"

Zhao Min waved his hand and ordered these generals,

"Everyone go down and prepare. The Persian Empire's army is coming. This time we are going to destroy half a million of the Persian Empire's army. The Persian Empire's army will leave no one alive. All Persians will be killed without mercy."

"Yes, Commander!"

After all the generals left, Zhao Min took the secret letter and opened it again.

There were two letters in the secret letter.

Zhao Min only read one secret letter. She knew that the other secret letters were written by that bastard. Although she would blush every time she received a secret message from Su Chen, she still read it with gusto every time.

At Guangmingding of Mingjiao, thousands of Jianghu people and the Five Elements Flag of Mingjiao are fighting each other on Guangmingding, but the Jianghu people are now at a disadvantage.

There are now more than 400 Jianghu people who attacked Guangmingding. The Mingjiao Five Elements Banner took advantage of the Mingjiao's terrain and secret passages to kill the Jianghu people. Many Jianghu people were killed by traps.

At this time,

Yang Dingtian is looking for Liu Xinru on Guangmingding.

He is completely indifferent to the battle between Jianghu and Five Elements Banner. He now wants to kill Liu Xinru and escape from the northwest region of Xuantian Empire.

"I found you, you bitch is dead this time." After Yang Dingtian suddenly sensed Liu Xinru, he flew towards a side hall of Guangmingding.

In a side hall of Guangmingding,

Liu Xinru suddenly sensed the arrival of a powerful aura, and even rushed towards them quickly. Coming here, she quickly stood up to see who was coming, "Huh?" A master has arrived, yes.....Did Yang Dingtian not expect that Yang Dingtian didn't go to Qilian City?"

Dai Qisi was very worried when she heard Liu Xinru's words.

Yang Dingtian is a terrestrial immortal in the Heavenly Realm, and her strength is only at the Grandmaster Realm. Liu Xinru is only a Grandmaster. If Yang Dingtian's arrival is going to be detrimental to them, They had no ability to resist.

Boom!

After Yang Dingtian arrived, he smashed the door of the side hall with one palm and shouted, "Liu Xinru, it's time to put an end to our decades of grievances.""

"Yang Dingtian, you finally couldn't help but want to kill me. It's over after seeing the Ming Cult, otherwise you wouldn't be able to do this. Come and kill me later."

Chapter 1130

Liu Xinru guessed from Yang Dingtian's menacing arrival that Yang Dingtian probably didn't need to disguise himself. He was here to kill him this time.

The defeat of the 300,000 Mingjiao troops in Qilian City made Yang Dingtian unable to sit still.

No,

Yang Dingtian should be afraid.

Since he did not go to Qilian City today,

Liu Xinru guessed that Yang Dingtian might run away, but he would definitely not leave her alive before escaping.

The Mingjiao was about to be destroyed, and

Yang Dingtian did not need to maintain his image of a positive gentleman.

Yang Dingtian had tolerated her for decades, and this time he would definitely kill her before escaping.

Yang Dingtian laughed when he heard Liu Xinru's words.

"Hahaha!"

"Yes, I want to kill you and then run away."

"The Mingjiao army is finished. Qilian City will be captured by the Xuantian Empire's army today, and the Supreme Elder of the Mingjiao Heavenly Realm in Persia was also killed by your concubine."

"Liu Xinru!"

"I didn't expect that your mistress turned out to be a high-ranking member of Xuantian Empire, or even the commander of this attack on Mingjiao. It seems that you have been fully prepared during the more than ten years since I have been away from the Central Plains?"

Liu Xinru's face turned red when she heard Yang Dingtian's words.

Su Chen was not her mistress, but she could not master Yang Dingtian.

Liu Xinru did not expect that Su Chen's subordinates were even the supreme elders of the Persian Ming Cult. Killed, it seems that the bastard really did not deceive her.

But this time the bastard is going to break his promise,

Yang Dingtian is really going to kill himself this time, and the bastard is still commanding the army in Qilian City, she really She was doomed, and she was unwilling to let her die without taking revenge with her own hands.

Dai Qisi and Xiao Zhao looked at Liu Xinru when they heard Yang Dingtian's words.

They originally suspected the relationship between Liu Xinru and Su Chen, but now after Yang Dingtian... After hearing what they said, they all felt that their guess was correct.

Liu Xinru really had a relationship with that bastard, and a majestic emperor actually became the mistress of a married woman?

This made them feel very speechless.

Liu Xinru was ready to take action at any time, so she shouted to Yang Dingtian, "Yang Dingtian, if you want to kill me, even if you take action, I will not sit still and wait to die.""

"Haha, just with dozens of scumbag men like you? Yang

Dingtian looked at the maids around him with disdain, but was very surprised when he saw Dai Qisi that day, "Huh?" Dai Qisi, I didn't expect that you would show up too. It seems that God has brought me a lot of luck and allowed me to meet you at this time. Please come back to the Persian Mingjiao with me this time."

"Yang Dingtian, do you think I will go back to Persia with you? Dai Qisi refused with a pale face,

"You are a saint of the Persian Ming Cult. Of course you must return to the Persian Ming Cult with me."

"I am from the Central Plains and China. I will not return to the Persian Ming religion. Just give up on this idea."

"Ha ha! That's not up to you."

Yang Dingtian laughed and didn't care about Dai Qisi's attitude at all. As a little master, he can catch Dai Qisi with one move. Whether Dai Qisi wants it or not, he will take Dai Qisi back with him. Persian Mingjiao

"Go ahead, kill Yang Dingtian!"

"court death!"

Boom!

Bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump!.....

When Liu Xinru's men around them were attacking Yang Dingtian, Yang Dingtian quickly slapped the maids with his palm.

Yang Dingtian's powerful attack directly knocked away the surrounding maids who were attacking one by one.

Dozens of Liu Xinru's maids flew out and fell to the ground one after another. They even directly faced more than ten of Yang Dingtian's attacks. The maid was killed on the spot

"You guys run away, I'll stop him." Liu Xinru saw that her men did not stop Yang Dingtian at all, so she hurriedly asked Dai Qisi and the others to leave here quickly. When

Yang Dingtian heard Liu Xinru's words, he said mockingly, "None of you can escape, Liu Xinru, you die. It's decided, Dai Qisi, you must return to the Persian Ming Cult with me. No one can save you this time."

At this moment, a cold voice suddenly came over,

"oh! Really?"

"who?"

When Yang Dingtian heard this voice, he hurriedly looked around and said,

Whoosh!

Two beautiful women appeared in this side hall one after another. They frowned when they looked at the people here. They are here to arrest them. Yang Dingtian is not here to save anyone.

There are a lot of women in this hall, and a few of them are very beautiful, which makes them unable to help but glance at Liu Xinru and Dai Qisi.

Yang Dingtian was very surprised when he saw the two beautiful women who suddenly appeared. These two beautiful women were more powerful than him. Why did they come to Mingjiao? He didn't know whether they were enemies or friends. Yang

Ding God is very wary of the arrival of these two beautiful women,

"who are you?"

These two beautiful women are Ming Yuexin and Bai Yunxuan.

They were betting that whoever found Yang Dingtian first would be captured by the person who found Yang Dingtian first.

However, this time Ming Yuexin arrived first, which made Bai Yunxuan see that. Xiang Mingyue Xin was very dissatisfied.

Bai Yunxuan glared at Mingyue Xin angrily, then looked at Xiang Yang Dingtian and asked with cold eyes, "Are you Yang Dingtian, the leader of the Ming Cult?"

Ming Yuexin smiled at Bai Yunxuan and ignored her.

This time she arrived first, so the task of catching Yang Dingtian was hers. Bai Yunxuan could only get one spiritual stone when he returned, but he could get three A piece of spiritual stone, Bai Yunxuan lost to him this time.

Yang Dingtian looked at these two powerful women and admitted, "I am Yang Dingtian, the leader of the Ming Cult, who are you?"

Ming Yuexin took a step forward and threatened, "Whoever is arresting you, do you want to catch you yourself or do I take action to defeat you?"

Liu Xinru and Dai Qisi's eyes lit up when they heard Ming Yuexin's words.

They didn't expect that when they were preparing for a life-and-death battle, the situation changed again.

But who are these two powerful women?

Why did they want to capture Yang Ding ? Heaven?

Yang Dingtian's face turned very ugly when he heard Ming Yuexin's words. He didn't expect that these two powerful women came to arrest him, "We don't know each other at all, why do you want to arrest me?"

Ming Yuexin said to Yang Dingtian disdainfully, "Stop talking nonsense, either surrender or I will cripple you. If that bastard hadn't wanted to capture you alive, I would have killed you long ago."

Whoosh!"

"Want to escape! Did you escape?" Ming Yuexin didn't expect that Yang Dingtian would dare to escape, which made her smile and quickly chased after her.

Liu Xinru was very confused when she heard Ming Yuexin's words.

She didn't expect that these two powerful and beautiful women were actually sent by others. Come to catch Yang Dingtian, that bastard?

Is this Su Chen?

Liu Xinru looked at Bai Yunxuan who had not left and asked doubtfully, "Who are you? Was it Su Chen who asked you to capture Yang Dingtian?"

"Um? Do you know that shameless person Su Chen?"
