

Zongwu 1131

Chapter 1131

Bai Yunxuan was very surprised when she heard Liu Xinru call out Su Chen's name. She didn't expect that this woman also knew Su Chen. Wouldn't that shameless Su Chen also interact with this woman?

At this time, Liu Xinru was very happy.

She now knew why these two beautiful and powerful women wanted to capture Yang Dingtian alive. It turned out that these two beautiful and powerful women were sent by Su Chen, and they even captured Yang Dingtian alive. In order for her to kill Yang Dingtian with her own hands to take revenge.

At this moment, Liu Xinru was very touched.

Not only did Su Chen not break her promise, but she also did much better than she imagined.

Liu Xinru calmed down her excitement and said to Bai Yunxuan, "I am Su Chen's friend, Liu Xinru. I really want to thank you this time. If you hadn't arrived in time, we might have been killed by Yang Dingtian."

Bai Yunxuan said to Liu Xinru nodded and said,

"Even if you are friends with that bastard Su Chen, you don't need to thank us. My name is Bai Yunxuan, and that silly girl just now is called Ming Yuexin."

Dai Qisi and Xiao Zhao are now relaxed. They were scared to death just now. If these two powerful women hadn't arrived, they would have been killed or taken away.

But they looked at Bai Yunxuan and guessed ,

I am afraid that these two beautiful women who arrived have an unclear relationship with Su Chen. How come that bastard Su Chen knows all beautiful women?

Liu Xinru came to Bai Yunxuan and asked,

"Is Su Chen still in Qilian City? Bai

Yunxuan looked at Liu Xinru and said, "That bastard is still in Qilian City, but he should be here before tonight." "

Bai Yunxuan didn't expect that shameless pervert Su Chen to know a beautiful woman in the Mingjiao General Forum.

Oh!

No!

The remaining three beautiful women also knew that bastard by their expressions. Damn bastard,

Su Chen is everywhere. Shameless man who harms women

"By the way, what does the name Su Chen mean?" Liu Xinru suddenly thought of Dai Qisi saying Su Chen's name. There was nothing wrong now, so she asked Liu Xinru. When

Bai Yunxuan heard Liu Xinru's words, he said doubtfully,

"What does the name mean? Isn't Su Chen the emperor of the Xuantian Empire? What else does his name mean? Oh, Su Chen's name is synonymous with shameless, gangster, and bastard"

"emperor? Su Chen is the emperor of the Xuantian Empire?" Liu Xinru was stunned. Su Chen was actually the emperor of the Xuantian Empire?

How is this possible?

How could an emperor appear here in the Mingjiao?

There are countless masters in the Xuantian Empire. It was just a small rebellion of the Mingjiao. It is impossible for the emperor of an empire to come in person. Is Su Chen really the emperor of the Xuantian Empire?

Liu Xinru is a little upset now.

She thinks that if Su Chen is really the emperor of the empire, will she be able to see that bastard again in the future? ?

That bastard will definitely look down on a woman like her.

Seeing Liu Xinru's confused look, Bai Yunxuan asked hurriedly, "You don't know that Su Chen is the emperor of the Xuantian Empire?"

"I don't know, he didn't tell me!"

Bai Yunxuan felt that she had gotten into trouble again.

She didn't understand why Su Chen didn't tell Liu Xinru his identity, but she told Liu Xinru the identity of Su Chen.

If that bastard knew, the spiritual stone she wanted to get this time would definitely be lost to that Bastard, take it back.

Bai Yunxuan coughed and whispered to Liu Xinru,

"cough! That Liu Xinru, you still pretend not to know Su Chen's identity. Don't tell Su Chen that I told you his identity."

"I get it, I won't say it." Liu Xinru smiled and nodded in agreement.

Liu Xinru also found it funny.

No matter how Bai Yunxuan said it, he was a land immortal in the heavenly realm, but why was she so afraid of Su Chen?

Is it because Su Chen was the emperor of an empire ? Identity?

Liu Xinru thought it was impossible. How could a celestial being be afraid of an imperial emperor? Although the Xuantian Empire was very powerful, it was impossible to threaten a terrestrial immortal in the celestial realm, right?

"Hey, why is that Persian here too?"

At this moment,

Bai Yunxuan suddenly discovered that Huiyue Shi had also arrived. She had seen this Persian woman beside Su Chen, but wasn't this Persian woman beside Su Chen? What was she going to do when she came this time? ?

"What Persian?"

Liu Xinru asked strangely when she heard Bai Yunxuan's words.

Bai Yunxuan looked at the entrance of the hall and said casually, "A beautiful Persian woman has arrived. She is also someone beside Su Chen."

"Beautiful Persian woman? Could it be the Moonlight Envoy of the Persian Ming Cult?" Liu Xinru immediately thought of the Huiyue Messenger who injured her.

There was a woman in the Persian Ming Cult this time.

Well!

Dai Qisi was not included.

Although Dai Qisi looked like a Persian, she said that she was a Persian. People from the Central Plains.

Whoosh!

Hui Yue envoy saw Bai Yunxuan when she arrived.

She hurriedly came to Bai Yunxuan and said, "Bai Yunxuan, Su Chen asked you and Ming Yuexin to help me kill two people from the Persian Ming Cult."

Bai Yunxuan The man with his arms crossed refused, "Why should I help you kill two Persians? You'd better wait for Mingyue Xin to arrive and let her help you."

Bai Yunxuan will not do those thankless things. Although killing two Persians is easy for her, why should she do whatever Su Chen asks her to do?

Huiyue envoy saw that Bai Yunxuan refused She didn't dare to say anything for help.

She was no match for Bai Yunxuan.

If Bai Yunxuan was angered, she would probably be taught a lesson by this bad-tempered Bai Yunxuan.

"Forehead! Oh well!"

Huiyue Messenger could only sit aside and wait for Mingyue Xin to arrive. She patted her forehead and said to herself, "It's just that Su Chen said that he would get a piece of something from killing a Persian Mingjiao person, and that bastard didn't say anything. Know exactly what it is."

Bai Yunxuan suddenly appeared in front of Hui Yue Envoy after hearing Hui Yue Envoy's words. She pulled Hui Yue Envoy and said hurriedly, "Let's go, let's kill those two Persian Ming Cult people now."

Bai Yunxuan didn't expect that those two Persians were so valuable.

If you kill a Persian, you can get a spiritual stone.

This is a great good thing.

If Huiyue Shi had said it earlier, she would not have been able to refuse, and neither would Bai Yunxuan. She might have left such a good thing to that stupid woman Ming Yue Xin.

Hui Yue Shi was so confused that she was pulled away by Bai Yunxuan. She also didn't understand why Bai Yunxuan agreed again, as if she was still afraid that Ming Yue Xin would go first. Kill the two holy envoys of the Persian Ming Cult.

Liu Xinru and Dai Qisi also looked at all this in confusion. After Bai Yunxuan and Huiyue envoy quickly left, they looked at each other and couldn't figure out what was going on. It's the same thing.

Liu Xinru originally wanted to seek revenge from the Huiyue Envoy, but why did the Huiyue Envoy get involved with Su Chen? He even wanted to kill people from the Persian Ming Cult. There were only two holy envoys left from the Persian Ming Cult. Guangmingding, is Huiyue envoy going to kill her two companions?

Looking at all this, Dai Qisi asked Liu Xinru in confusion, "Liu Xinru, what's going on? That Persian woman is the Moonlight Envoy of the Three Holy Envoys of the Persian Ming Cult, right? Why did she want to kill people from the Persian Ming Cult?"

"I don't know, this may be Su Chen's intention. The Huiyue Envoy of the Persian Ming Cult may also be on Su Chen's side."

Chapter 1132

Liu Xinru was upset now.

Today's events came one after another, which made her confused.

Every beautiful woman who appeared today was related to that bastard. Even Huiyue wanted to kill that bastard. Shiya was incited to rebel by that bastard.

How on earth did that bastard Su Chen get these women to obey his orders? Liu Xinru can't figure it out now.

However, based on her understanding of Su Chen, it was impossible for that bastard to threaten those beautiful women.

Dai Qisi nodded when she heard Liu Xinru's words and didn't ask any more questions.

That bastard Su Chen always did things very unexpectedly, especially that bastard who had a way of dealing with women. As long as she was a beautiful woman, that bastard always had it. Find a way to do it.

Even that bastard enemy will make them come over.

At this time,

Qilian City also began to attack. The ladders and battering rams of the black armored army, driven by 10,000 black armored troops, attacked Qilian City.

"Defense, defend quickly, Xuantian Empire's army is attacking!"

"Archers, quickly shoot down the black-armored troops under the city."

"Log Roll, get ready to log roll!"

"Everyone returns to their posts and prepares to fight!"

On the dilapidated Qilian City Wall, the top brass of the Ming Cult shouted at the top of their lungs and ordered the Ming Cult army.

At this time, the Ming Cult army had no desire to fight at all. They continued to attack for more than an hour, with huge rocks, bows and arrows, The Mingjiao troops on the city wall were already frightened. They were surrounded by tragically dead Mingjiao believers, mutilated corpses, and the blood-soaked city wall was simply a living hell. Of the more than 50,000 Mingjiao troops, there were now less than 30,000 left.

Just on the city wall, almost half of the Mingjiao army was killed by huge rocks, bows and arrows. The Mingjiao army also knew that it could not stop the Xuantian Empire's army from attacking the city. Sooner or later, they would inevitably die. The

Mingjiao army no longer obeyed. After being attacked by boulders and bows and arrows, all of them hid in the fortress on the city wall and yelled.

But these ordinary Mingjiao believers had to withstand the attacks of boulders and bows and arrows. Kill, they are all fed up with the high-level officials of Mingjiao telling them what to do.

Boom boom boom.....

Under the city wall, the city-breaking hammers of the black-armored army began to hit the city gate of Qilian City, and the siege ladders were pushed up to the city wall one by one. The black-armored armies of the Xuantian Empire rushed towards Qilian City one by one like ferocious beasts. On the city wall

"Kill, for the empire, for His Majesty the Emperor!"

"Giant shield defense, be careful of archers!"

"kill!"

"Go up, go up, capture the city wall quickly!"

"For His Majesty the Emperor, kill!"

"The military crossbowmen covered the brothers who climbed up the city wall."

After the Xuantian Empire's black-armored troops rushed to the city wall one by one, they began to massacre the Mingjiao troops. The Mingjiao troops began to flee after the Xuantian Empire's troops rushed to the city wall.

A senior Mingjiao official saw the black armored troops rushing up the city wall. Army A cursed loudly, "Damn it, why did the Xuantian Empire's army rush to the city wall so quickly?"

"Let's go, let's run away quickly!"

"escape? Where can we escape? Qilian City has been surrounded. Can we escape from tens of thousands of troops?"

"We are dead this time, we shouldn't trust the leader"

"Where is the leader? It's already this time, why hasn't the leader arrived yet?"

"Ha ha! The leader will not come. The leader has arrived long ago. Now that the leader has not shown up, he must have escaped."

"Yang Dingtian is a bastard who is greedy for life and afraid of death. He started the rebellion, but what about others? The Persian lackey had long since escaped."

The other Mingjiao executives all started talking in despair, and even some of the Mingjiao executives insulted Yang Dingtian with angry expressions.

Boom!

The gates of Qilian City were knocked open, and groups of black-armored troops appeared. They all rushed into Qilian City, and the Mingjiao troops who stopped the black-armored army were slaughtered by the black-armored army with swords.

Outside Qilian City,

Su Chen saw that the gate of Qilian City had been breached, and he looked at the exterminator Taihe and Lin Chaoying smiled and joked, "Master Tai, Nvxia Lin, it's your turn to take action."

"we know." Master Jue and Lin Chaoying rolled their eyes at Su Chen at the same time. They stood up and prepared to take the masters of the Emei Sect out.

After Su Chen saw the eyes of Master Jue and Lin Chaoying, he almost couldn't help but want to slap them one by one. After a while, Su Chen thought about it and spared them this time. After all, this is a battlefield. If he teases Master Miejie and Lin Chaoying here, I'm afraid they will be completely angry.

"You Ruo!"

Su Chen shouted again to the side,

"Owner!"

A masked woman in black with a curvy figure suddenly appeared next to Su Chen and saluted,

"Let the shadow assassins cooperate with Master Tai and Lin Nuxia to kill the masters of the Ming Cult, especially the masters of the Persian Ming Cult. No one can be spared."

"Yes, master!"

Su Chen saw Master Miejie and the others rushing towards Qilian City.

He shook his head and thought, why are the masters around him all women? They are all beautiful women, and they are even more powerful than the others. Powerful, forget it, don't think about it anymore.

This war is almost over, the Mingjiao has been solved, and he will be ready to leave the northwest in a few days

"Young Master, the Mingjiao believers around Qilian City have almost been cleared away, but there are too many corpses and we are all short of manpower."

"Send someone to notify the city guards from other cities of their arrival. The bodies must be disposed of as soon as possible. I don't want a plague to break out in the northwest region."

"yes!" "Young Master"

Su Chen looked at Qilian City and sighed.

Hundreds of thousands of people were massacred today, and he felt that he was about to become a tyrant.

No wonder the ancient emperors always massacred those who rebelled. This is also There is no solution. If the massacre is not carried out, there will be rebellion. The wildfire will not burn out, but the spring breeze will blow again.

Su Chen understands this sentence very clearly now.

Su Chen does not mind becoming a tyrant, and he must eradicate his enemies. , he cannot leave any hidden dangers

"who?"

Su Chen suddenly noticed a strange aura appearing not far away. He immediately shouted to one side vigilantly, "Swish, swish, swish."

The surrounding black-armored troops quickly defended Su Chen one by one, with huge shields guarding Su Chen in the middle. The Qi-breaking crossbows of the black-armored troops were also pointed in the direction Su Chen was looking at.

"General of the Xuantian Empire Army! I don't mean any harm, I'm just passing through." A man's voice came from a distance.

When Su Chen heard the man's words, he said sarcastically, "A terrestrial immortal from the heavenly realm passed by here. Do you think I should believe you?"

"Yes, I'm not passing by here. I'm here to invite the leader of the Ming Cult, Yang Dingtian. However, I may not be able to invite the leader of the Ming Cult, Yang Dingtian, this time."

"Now that you know it and you still dare to come to me, you won't try to trick me, right?"

Chapter 1133

When Su Chen heard that the man who didn't show up was here to invite Yang Dingtian from the Ming Cult, he guessed who this man was. He was from Xiake Island, and should be said to be one of the two envoys who reward good and punish evil.

Knight Island!

Orders to reward good and punish evil?

Laba porridge?

Who do the Longmu Island Masters of Xiake Island think they are? The two Jianghu people actually wanted to use their little strength to punish the villains in the Jianghu. Although their idea was very remarkable, their selfishness was too serious.

The two island masters, Long and Mu, not only want to punish the villains, they also want to build up the prestige of Xiake Island so that those Jianghu people who have received orders to reward good and punish evil will not dare to resist and go to Xiake Island.

【Tai Xuan Jing】!

The two island masters, Longmu and others, have not been able to comprehend it for decades. They want the famous masters in the world to help them comprehend it.

The attitude of the island masters of Longmu and Mu is too obvious.

How about rewarding good and punishing evil?

Is Yang Dingtian good?

A rebellious leader of the Ming Cult is also invited to Xiake Island?

This is another slap in the face, this is another slap in the face of the Xuantian Empire.

The man's voice came over again and said,"General of the Xuantian Empire's army, I don't want to hit you, but I want to invite the two powerful women around you to go to Xiake Island."

"Hahaha!"

Su Chen burst out laughing when he heard the man's voice.

Su Chen didn't expect that Yang Dingtian, who rewards good and punishes evil, knew that he couldn't invite them, so he actually wanted to attract the attention of Ming Yuexin and Bai Yunxuan.

What did he want? court death

"Why are you laughing at General Xuantian Empire Army?"

"The people who hide their heads and show their tails, prepare their crossbows, and fire a volley in the air in front of the target"

"put!"

Swish swish swish".....

Thousands of black-armored soldiers raised their crossbows and fired volleys in front of them. Although they could not see the enemy in front, orders were orders, and the black-armored troops only had to obey orders.

Whoosh, a man in black suddenly appeared in front.

He was the evil punisher who came out of Knight Island this time. He did not expect that the commander of the Xuantian Empire would directly order the army to attack him, which made him very angry..

The Evil Punisher knocked down the crossbow arrow that killed him, looked at Su Chen with an ugly face and asked,"Damn it, you should know that these crossbows are useless to me, what are you going to do?"

"do what? What do you think?"

Su Chen said disdainfully as he looked at one of the envoys who appeared to reward good and punish evil.

Su Chen had already discovered this man with his mental power. Although he didn't know what secret skills this man used to hide around him, his The hiding ability is far worse than that of Shadow Assassin

"I just want to invite powerful people to Xia Ke Island. I don't mean any harm."

"no offence? Do you know who Yang Dingtian is?"

"Isn't Yang Dingtian the leader of the Ming Cult?"The Evil Punisher said to Su Chen with a confused look on his face.

When Su Chen heard what the Evil Punisher said, he shouted with a livid face,

"Yang Dingtian is the leader of the Ming Cult, but Yang Dingtian is also a rebel and an enemy of the empire. How dare your Xiake Island invite enemies of the empire? Do you want your Xiake Island to be annihilated by the Xuantian Empire?"

The Evil Punisher heard Su Chen's words and understood that the Xuantian Empire's military commander was dissatisfied with him for inviting Yang Dingtian,"We are just Jianghu people and don't care about the affairs of the imperial court."

Su Chen laughed when he heard the words of the Evil Punisher.

"What a charlatan, what a good one who doesn't ask anything at all. If that's the case, then what's the use of your knight island's order of rewarding good and punishing evil? Punish evil and promote good? Hahaha! Isn't this just a joke?"

"General, what do you want?"

"Have you ever heard of Jellyfish Yinji? Have you ever heard of Shi Guanyin? Have you heard of Fairy Yunmeng? Have you heard of Mrs. Night Emperor? Are there also Hua Baifeng, Bai Jing and other powerful women?"

Su Chen kept saying the names of his powerful women to the Evil Punisher. He wanted to threaten the Evil Punisher. Did n't the Knight Island claim to be powerful and secretive?

Su Chen just wanted to see if they knew about the jellyfish. After Yin Ji and those powerful women, can Xiake Island still be so awesome? Will the owners of Long Mu and Long Mu on Xiake Island be afraid of the jellyfish Yin Ji and the others and go to Xiake Island to kill them? The

Evil Punisher heard that Su Chen He was frightened by the names he mentioned.

He knew those powerful women, and those powerful women seemed to be closely related to the emperor of the Xuantian Empire. All of them were either land gods in the Heavenly Realm or half-step golden elixirs. A master of the Heavenly Realm.

He was just a land immortal in the early stage of the Heavenly Realm, and the two island owners of Xiake Island, Longmu, were only land immortals in the late Heavenly Realm.

He was very frightened when he heard the name of Jellyfish Yinji , even Jellyfish Yinji, no one in the Knight Island is her opponent, not to mention the powerful women like Shi Guanyin. The

Evil Punisher looked at Su Chen in panic and asked,"You.....What exactly do you mean?"

Su Chen looked at the frightened Evil Punisher and said mockingly,

"Go back and tell you the two island owners Long Mu. I know where Xiake Island is. If the two island owners don't want to die, they'd better go to Gusu City in the Xuantian Empire to plead guilty. If the two island owners Long Mu don't die in a month, Appearing in Gusu City, there will no longer be a Knight Island in the future."

"you.....I....."

"get out!"

Su Chen doesn't want to listen to this bullshit about rewarding good and punishing evildoers anymore.

Xia Ke Island is a fart force that wants to save face and make trouble in the world. This time, Long Mu and Long Mu Islands on Xia Ke Island are still ignorant. Su Chen I don't mind letting Jellyfish Yinji and the others destroy Xiake Island.

The Evil Punisher turned pale when he heard Su Chen's words and didn't know what to do. He knew that he did something wrong this time, and it also brought crisis to Xiake Island. Even Xia Ke Island is in danger of being destroyed.

The Evil Punisher doesn't know if Su Chen really knows where the Xia Ke Island is, but with the power of the Xuantian Empire, it will be easy for the Xuantian Empire to find the Xia Ke Island.

The Evil Punisher finally After taking one look at Su Chen, he disappeared.

He didn't dare to kill the Xuantian Empire general who dared to insult him. Now he had offended the Xuantian Empire. He didn't want to bring another disaster to Xiake Island. He hurried back to Xiake Island to ask Long The two island owners in Mu reported this matter

"It's really overestimating one's abilities."

Su Chen looked at the disappearing envoy of Rewarding Good and Punishing Evil and shook his head mockingly.

If this envoy of Rewarding Good and Punishing Evil wanted to attack him,

Su Chen wouldn't mind killing him on the spot.

A master in the early stage of the Heavenly Realm,

It would be very easy for Su Chen to kill him

"Someone coming"

"Young Master!"

"Bring me a pen and paper!"

"Yes, sir!"

Su Chen wants to write a secret letter to Concubine Yan.

He doesn't know the strength of the two island owners of Xiake Island, Longmu, but their cultivation level is definitely not low. One is a messenger who rewards good and punishes evil. Masters at the early stage of the Heavenly Realm, what about the strength of the two island masters Long and Mu?

Late stage of the Heavenly Realm?

Or half-step to the Golden Core Stage?

Su Chen would not go to the Knight Island just to seek death.

At this moment, a fast horse The horse quickly arrived at Su Chen's place. A secret guard got off the horse and hurriedly saluted Su Chen,

"Young Master, Mrs. Yaoyue's secret message"

"Invite the moon? Why would she write a secret letter to herself at this time? bring here!"

"Yes, sir!"

Chapter 1134

Su Chen read Yao Yue's secret letter after receiving it.

After a while,

Su Chen frowned.

He didn't expect Yao Yue to go to Yanjing City in person.

Could something happen to Qingyi Tower again?

Lu Xiaofeng and the others should be able to find Huo Xiu and kill him, so why would Yao Yue go there in person? Could it be that something happened again?

"Ask the secret guards to pay attention to the situation in Qingyi Building and notify me immediately if anything happens."

"Yes, sir!"

In Qilian City, the black-armored army started massacring them as soon as they entered Qilian City. All members of the Ming Sect, regardless of gender, died under the sword. There were corpses everywhere in Qilian City and rivers of blood.

"Yang Xiao, you are dead this time." Master Jue discovered Yang Xiao of the Ming Cult and kept chasing him.

Yang Xiao looked around at the high-level officials of the Ming Cult being killed by the Emei sect, and he said with a pale face, "Master Jue, do you really want to kill everyone? Rebellion is an order from Yang Dingtian, and we Mingjiao believers have no choice but to obey the order. Master

Miejie held the Yitian Sword in his hand and said coldly to Yang Xiao, "Yang Xiao, it's useless to say more. The Xuantian Empire will kill all the Mingjiao believers this time. If you are to blame, the Mingjiao should not have rebelled.""

"Damn it, why are you Emei sect so powerful?" Yang Xiao saw Mingjiao masters being killed by disciples of the Emei Sect one by one.

He was angry and very surprised.

The masters of the Mingjiao were all in the Xiantian and Grandmaster realms, but they did not resist at all when faced with the executions of the Emei Sect. Ability, Yang Xiao doesn't understand why the Emei Sect has become so powerful in less than a year.

"You can ask the underworld to ask Lord Yama, Kenpachi!" bump!

"Jianjiu!"

"The world has shifted greatly!"

Crash!

Ahem!.....

Yang Xiao was pierced through the right chest by Master Jue's sword. He fell to the ground, coughed and asked in surprise, "What kind of swordsmanship is this? This is not the swordsmanship of your Emei sect." The swordsmanship used by Master Jue was Su Chen's Holy Spirit. Swordsmanship, she now feels no guilt at all about using Su Chen's martial arts secrets. Not only did that bastard deceive her disciple Zhou Zhiruo, but this time she also discovered that Ding Minjun was also harmed by that bastard.

Master Mijie was both angry and helpless towards that bastard Su Chen. Although she had long known that that bastard would distract her other disciples, she did not expect how quickly it would happen.

Master Mijie looked at the injured Yang Xiao and waved his sword and said, "Who said this is not the swordsmanship of the Emei Sect? What I am using now is the swordsmanship of the Emei Sect. Die for me, Sword Fifteen!"

"I can't die here, the world has shifted greatly!"

Stab it!

"I am unwilling!....."

Plop!

This time, Yang Xiao's neck was cut open by Mijie Shitai's sword. Before he could say anything, he completely fell to the ground and died.

When Mijie Shitai saw Yang Xiao being killed by her, she hurriedly attacked the other senior Mingjiao leaders. The senior Mingjiao leaders were all very powerful. If the masters of the Mingjiao faced off against the black-armored army, the black-armored army would probably have a huge appearance. of casualties.

The shadow assassins also appeared and assassinated the masters of the Ming Cult. Every time they appeared, they assassinated the masters of the Ming Cult with one hit. The assassins of the shadow assassins could kill faster than the disciples of the Emei Sect.

After Lin Chaoying killed a Mingjiao master, she suddenly discovered that more than a dozen people were trying to break out of Qilian City, and they were still massacring the black-armored troops who stopped them. "Master, look over there, those are people from the Persian Mingjiao." , let's go quickly"

"good!"

You Ruo, the leader of the Shadow Assassins, also discovered the people of the Persian Ming Cult. She quickly ordered the Shadow Assassins, "Leave a team here to assassinate the masters of the Ming Cult, and the other teams will follow me to assassinate the Persians."

"Yes, Commander!"

At the gate of Qilian City, the Twelve Treasure Tree Kings of the Persian Ming Cult are breaking out at the gate of Qilian City.

As long as they escape from Qilian City, they may escape.

Otherwise, they will die if they stay in Qilian City.

However, the black-armored army ignores them. Life and death were trying to stop them, which made the Twelve Treasure Tree King continue to kill the black-armored troops who were blocking them, while trying to break through the black-armored army's defenses and escape from Qilian City.

Boom!

"You all stand down!" After Master Jue and Lin Chaoying arrived, they quickly took action against the masters of the Persian Ming Cult. Master Jue saw the black-armored troops who suffered heavy casualties at the gate of Qilian City and ordered,

"yes!"

The black-armored army received the order from Master Jiejie, and the remaining hundreds of black-armored troops returned to the city gate and stood on guard.

"The jade girl's sword skills fly together!"

"Fifteen of swords!"

Boom boom boom.....

"Kill these two women, or we will all....."

Stab!

A black figure suddenly appeared next to the King of Wisdom Treasure Tree, and his throat was cut to death before he could react.

"who? Everyone, be careful, an assassin appears!"

Pengpeng.....

The remaining Baoshu Kings gathered together one by one.

While they were carefully guarding against the assassins who suddenly assassinated them, they also faced the attacks from Master Mijie and Lin Chaoying.

With the cooperation of Master Mijie and the Shadow Assassins, each of the Twelve Treasure Tree Kings was either killed or injured. It was only a matter of time before they were killed.

At Mingjiao Guangmingding,

Liu Xinru and Dai Qisi were still waiting for the arrival of Ming Yuexin and Bai Yunxuan in this side hall, while Liu Xinru's maids were also supporting each other and sitting on the side to heal their injuries.

Liu Xinru sat next to Dai Qisi and asked doubtfully, "Dai Qisi, how did you meet Su Chen?"

"It's a long story. The bastard was in a restaurant in the former capital of the Ming Dynasty....." When Dai Qisi thought about her acquaintance with Su Chen, she said with a helpless smile on her face.

Liu Xinru laughed when she heard Dai Qisi's story, "So that's it, you actually wanted to be that bastard's mother at that time." ? You are so amazing."

Dai Qisi also said very embarrassedly, "I.....It was not easy for me to become an old woman at that time. Besides, I also wanted to save that bastard. Who knew he was Lord Wu Xiang at that time?"

"Ha ha! Then Su Chen will definitely take revenge on you in the future, right?"

"That bastard is a pervert. He has known my identity for a long time, and he has been pretending to be nonchalant. He even takes advantage of me at every turn. I want to strangle that bastard to death just thinking about it now."

Dai Qisi is very resentful towards Su Chen. She has not forgotten what that bastard deceived her about. She let Su Chen escape last time. As long as she sees that bastard again, Dai Qisi will not let that shameless bastard go.

"Dai Qisi, are you really married to that silver leaf?" Liu Xinru suddenly thought of Dai Qisi's betrayal of the Ming Cult for a man, so she asked Dai Qisi curiously, and

Dai Qisi said seriously,

"No, I am still pure and pure. I just wanted to escape from the Mingjiao and did not want to return to the Persian Mingjiao. I pretended to like Mr. Silver Leaf. How could I like someone weaker than me?"

"So that's it, then why do you call this little girl your mother?"

"This is the daughter of my maid from the Central Plains who I brought from Persia. I have been adopting her since my maid died."

Chapter 1135

Dai Qisi looked at Xiao Zhao and smiled.

Xiao Zhao was the daughter of her maid, and she had always raised Xiao Zhao as her own biological daughter.

If Dai Qisi hadn't tried to steal the Ming Cult's Great Shifting Technique a few years ago, it would have been impossible for Xiao Zhao to sneak into the Ming Cult.

Fortunately, when she met Su Chen, Xiao Zhao came back to her. She had been worried that Xiao Zhao would be exposed in the Ming Cult, or even be executed after being discovered by the Ming Cult.

Xiao Zhao smiled when she heard what Dai Qisi and Liu Xinru said.

She had known these things for a long time.

Although Dai Qisi was not her biological mother, Xiao Zhao regarded Dai Qisi as her biological mother. Qisi was very kind to her, otherwise she would not have volunteered to sneak into the Ming Cult to help Dai Qisi steal the Ming Cult's Great Shifting Technique.

Liu Xinru heard Dai Qisi's words and said sympathetically, "Then it's not hard for you and your children to hide around in these years, right?"

"It's not bad, after all, I prepared it early in the morning, and I haven't suffered much in these years. Dai Qisi shook her head and replied with a smile. Although she had taken Xiao Zhaodong to hide in Tibet these years

, they did not suffer much. It was just that they always wore a human skin mask, which made Dai Qisi very uncomfortable. It's uncomfortable. Dai Qisi has been wearing a disgusting human skin mask for more than ten years. Thinking about it now, Dai Qisi feels uncomfortable all over.

However, starting from today, she no longer needs to wear this disgusting human skin mask.

The Ming Cult has been destroyed.

The Persian Mingjiao will also be seriously injured this time.

The Twelve Treasure Tree Kings and Three Holy Envoys of the Persian Mingjiao were either betrayed or killed this time. I am afraid that the Persian Mingjiao will not dare to send people to appear in the Central Plains in the future.

And there will be that bastard Su Chen in the future. Now,

Dai Qisi didn't believe that Su Chen would not protect her.

Touch!

At this time, a person was thrown in from the outside.

When Dai Qisi and Liu Xinru saw the person who was thrown in, they stood up one by one. After walking over, Liu Xinru's maids, Xiao Zhao, and Yin Li also looked at the gate warily.

"It's Yang Dingtian! Dai Qisi exclaimed after seeing clearly the person who was thrown in,

"Haha, Yang Dingtian, I never thought you would be here today." Liu Xinru laughed when she saw clearly that it was Empress Yang Dingtian.

Yang Dingtian was now covered in blood, and her acupoints had been sealed.

Liu Xinru drew out her long sword and prepared to torture to death the enemy who killed her whole family.

"stop!"

A woman in white suddenly appeared in the hall and hurriedly stopped Liu Xinru.

"Why? Liu

Xinru asked suspiciously when Ming Yuexin appeared to stop her.

Ming Yuexin said to Liu Xinru expressionlessly, "Su Chen wants to capture Yang Dingtian alive, you can't kill him.""

Liu Xinru smiled when she heard Ming Yuexin's words and said,

"Ming Yuexin, I know that Su Chen wanted to capture Yang Dingtian alive, but Su Chen captured Yang Dingtian alive so that I could kill him with my own hands. If I kill Yang Dingtian now, Su Chen will not blame you."

"Um? Did Su Chen let us capture Yang Dingtian alive because of you? Why?" Ming Yuexin didn't expect that Su Chen wanted to capture Yang Dingtian alive because of this Liu Xinru.

She looked at Liu Xinru and couldn't understand why Su Chen wanted to help her.

Does that bastard have thoughts about this beautiful Liu Xinru?

Or is that bastard still trying to kill Liu Xinru ? Have a leg?

"This is the condition that Su Chen agreed to me. Yang Dingtian killed my whole family, and I made a deal with Su Chen. Yang Dingtian must be killed by me myself."

"So that's it, you weren't the woman who agreed to be that shameless pervert, so that bastard helped you!"

"No, don't talk nonsense, how could I do this? Liu Xinru waved her hand hurriedly and replied shyly.

Liu Xinru thought that she had promised to accompany that bastard for one night, and that bastard was scared away.

She guessed that Su Chen might look down on a woman like her who had lost her virginity. After all, Su Chen But the emperor of an empire will not have any beautiful women he wants.

Even Ming Yuexin and Dai Qisi here are both stunning beauties, and they are both virgins.

She can no longer compare to these beautiful women

"Haha, I'm just saying, but you didn't lie to me, right? If I handed over Yang Dingtian to you, that bastard Su Chen wouldn't deny it, right?"Ming Yuexin smiled when she saw Liu Xinru's shy look and said, but

Ming Yuexin was also worried that Liu Xinru would deceive her. Yang Dingtian was worth three spiritual stones. If Liu Xinru killed Yang Dingtian, if that bastard Su Chen didn't admit it, , then she would probably cry to death.

Liu Xinru hurriedly shook her head and confirmed,"No, I will tell Su Chen personally when the time comes."

"I'll leave Yang Dingtian to you. However, you will go to Qilian City with me later. I'm worried that that bastard won't admit it."

"Okay, it doesn't matter, Yang Dingtian will do whatever you want."

When Liu Xinru and Ming Yuexin were talking,

Yang Dingtian stared in fear. He knew that if he fell into Liu Xinru's hands, he would probably be worse off than dead. Liu Xinru wanted to cut him into pieces.

But he Now that he doesn't even have the ability to commit suicide,

Yang Dingtian stares into the sky with a look of despair.

"Thank you very much, Miss Ming!"

When Liu Xinru heard that Ming Yuexin handed Yang Dingtian to her, she excitedly saluted and thanked Ming Yuexin.

Ming Yuexin waved her hand and said, "You're welcome. Anyway, that bastard only let us go because of you. Grasp the sun and reach the sky."

Liu Xinru nodded to Ming Yuexin, then raised Yang Dingtian and walked towards the back hall. She had better not let these people see the scene where she wanted to torture Yang Dingtian, otherwise the cruel scene would scare these women. Outside

Qilian City,

Su Chen heard the cries of killing in Qilian City becoming less and less.

He also knew that most of the Mingjiao believers in Qilian City were about to be killed. He was also planning to go to Qilian City to see the masters of the Mingjiao and the Persian Mingjiao. Can the assassin Su Chen let them escape?

"Huh? Why does the War Qualification Certificate react? Doesn't the system say that foreign wars can only be carried out within ten days? Why are you reacting just after the sun has passed?"

Just when Su Chen was about to enter Qilian City, he suddenly felt that the war qualification certificate in the system space was vibrating violently.

This made Su Chen confused for a moment.

Wasn't the foreign war agreed to within ten days?

Damn it!

Why did the war qualification certificate respond after just one day?

It would be better to say that he would participate in the foreign war within three days.

Su Chen was not ready to participate in the foreign war. Although the Mingjiao here was already a sure shot But he still has a lot of things that he hasn't explained.

If he disappears suddenly like this,

I'm afraid his women will go crazy.

"Ding, host, in an emergency situation, someone has used the war employment order. The host is summoned and hired by another witness who is qualified to participate in the war. The host can agree or refuse."

Su Chen asked suspiciously after hearing the system's explanation, "War mercenary order? Are there any such items? System, if I agree to the employment, can I still carry out the foreign war within ten days?"

"Ding, the war mercenary order may be a reward item from heaven, and it does not conflict with the host's foreign war. The host agrees to the mercenary order and it will not affect the host's foreign war."

"System, do you know who is hiring me? Is the foreign war a war in that world?"

"Ding, the system doesn't know!"

Chapter 1136

On the foreign battlefield, in the Aegean Sea, under the city of Troy, there are two armies confronting each other outside the city of Troy.

One is the 100,000 Greek coalition troops who have crossed the sea, and the other is the 30,000 Roman legionaries flying the Roman legionary flag. The city of Troy is also on guard. It was heavily guarded, with 50,000 Trojan troops guarding the two armies under the city of Troy.

Thirty thousand Roman legions are here.

Alice, Serena, Laura, Maximus, who are participating in the foreign war this time, and a supplementary person, Black Widow Natasha, are riding horses and watching in front of the Roman legions. The Greek coalition forces on the opposite side.

This foreign war is a trial world for newcomer Natasha.

Heaven stipulates that to recruit a newcomer, a trial war must be conducted.

Last time in the foreign war, Maximus and the others lost a teammate. Natasha was added this time. It is a trial war, and Maximus and the others must accompany their new teammates in this trial war.

Laura looked at the Greek coalition on the opposite side and said with an ugly face, "Maximus, this war is not easy to fight. I didn't expect that the Greek coalition would have 100,000 troops. This is different from what we imagined."

Alice shook her head and said, "Yes, the 40,000 Greek coalition forces have become 100,000 Greek coalition forces, and we only have Maximus' 30,000 Roman legions."

Serena looked at the 100,000 Greek coalition forces, and then looked at Looking at the tall walls of Troy, he said feebly, "Don't forget this mission. We must not only destroy the Greek coalition forces, but also break through the city of Troy. This is simply an impossible task."

Maximus was riding on the battlefield. He was immediately speechless. This time, his army was 10,000 more than the army in the last foreign war. It was originally an easy task, but he didn't expect that this task would be so difficult.

Maximus shook his head and said to the girls, "It will be very difficult for the 100,000 Greek coalition troops to disappear, let alone break through the city of Troy with its tall walls. The city of Troy is defended by 50,000 troops!"

Natasha looked at the Greek coalition and then at Troy.

She was very confused now.

She was very surprised when she came to this foreign world. After she understood the beginning of the matter, she also accepted this unbelievable thing. things.

It's just that 30,000 Roman legions have to deal with 100,000 Greek troops, and they also have to break through the city of Troy, which is almost 30 meters high. This is an impossible task. This time she will involve her teammates.

It's just that she has no choice.

These are beyond her control.

Maximus looked at Alice and said helplessly, "Alice, use your employment order, otherwise we will not be able to complete this trial war mission at all." Maximus, Laura and the others said last time After the foreign war ended, although they did not win, Tiandao still rewarded each of them with an item.

Alice got an employment order.

The employment order allows them to hire someone to help them complete the task during the mission.

"So who do we hire?" Alice took out the employment order and said with a smile.

She knew that she would have to hire that bastard Suchen this time.

She hadn't seen that bastard for a few months, and

Alice also missed that bastard a little.

Laura said to Alice At one glance, he was speechless and said, "What do you think? Aren't you asking knowingly?"

Alice smiled, raised the employment order and prepared to hire, "Haha! If I hire Su Chen, I wonder if he will accept my employment? Serena looked at Alice and said with a cold face, "That pervert will definitely accept it. I know that the shameless person gave you an item last time.""

Maximus was afraid that Serena and Alice would have a conflict, so he hurriedly persuaded Serena, "Selena, although your relationship with Su Chen is unusual, Su Chen is a pervert."

"Moreover, Su Chen is a top noble in his continent, with millions of troops under his command. I'm afraid there are a lot of that bastard women. You must be able to understand this."

"I know, I'm just saying." Serena nodded and said helplessly, how could she not know about Su Chen's pervert? She was just curious about what Su Chen gave Alice at that time.

Natasha now felt like she was a fool. , she couldn't understand what these people said at all.

Who was Su Chen these people were talking about?

Why did Laura and even Serena look embarrassed and annoyed when talking about Su Chen? What kind of pervert, pervert, then why did you hire that Su Chen?

As Alice moved the employment order, the employment order in her hand disappeared instantly, and Alice and the others could only wait to see if Su Chen would arrive. , this time it was a special envoy situation, and they did not know whether Su Chen would have time to arrive.

At this moment, the

Greek coalition forces were also very strange.

The kings were very confused when they saw the sudden arrival of the army. They Greeks The coalition forces arrived to attack the city of Troy, but no other troops were found.

Where did these well-equipped and powerful troops come from?

The Greek King Agamemnon looked at the Roman legions [Note: No one knows about the Roman legions here. Here There is no Roman Empire, don't rant.] He frowned, and he didn't understand why there were 30,000 strong troops here in the Kingdom of Troy? But these armies were obviously not here to help the Kingdom of Troy.

Then these armies were probably coming to attack the Kingdom of Troy. Note, even trying to capture Troy

"Come, ask the generals of those armies. I want to know the purpose of their arrival this time. They are the army of that kingdom."

"Yes, King Agamemnon!"

On the wall of Troy,

King Troy was very surprised when he saw the two armies outside the city. He knew why the Greek coalition forces had arrived, but the arrival of the 30,000 troops next to him made him very puzzled.

"Hector, do you know what kind of armies those are?"

Hector, the great prince of Troy, shook his head and replied, "I don't know, I have never seen such a powerful army."

King Troy continued to ask, "Are these troops also coming to invade our Kingdom of Troy?"

Hector shook his head and frowned and said, "I can't see that those troops are just guarding against the Greek coalition now, and I don't know what these troops will do when they arrive."

"Then let's wait and see and prepare the army. Whether it is the Greek coalition or those powerful armies, we must be prepared."

"Yes, Father!"

At this time,

Alice and the others are anxiously waiting for Su Chen's arrival. It has been almost twenty minutes now, and Su Chen still has not appeared. They are worried that Su Chen will refuse the employment for this war.

"Hello, beauties, do you miss me?"

Suddenly, a voice rang behind Alice and the others.

When Serena heard Su Chen's words, she hurriedly turned to look at Su Chen and said, "Su Chen, you bastard is finally here. I was worried that you would refuse this time. war mercenary"

"The damn bastard has finally arrived."

"Just come, I'll worry about it for so long."

"Brother, you are welcome."

Alice, Laura, and Maximus all laughed and said when they saw Suchen appearing.

Natasha was very confused when she saw an Oriental appeared.

Aren't Orientals not in the same camp as them? Why did Maxi Are Tom and Alice so enthusiastic about this coming Oriental?

"Roman Legion, see Wu Xiangjun!"

Chapter 1137

Outside the city of Troy, after Su Chen appeared, all the Roman legionnaires knelt down and saluted Su Chen,

"The Roman Legion meets Lord Wu Xiang!"

The original 20,000 Roman soldiers in the Roman legion knew Su Chen, knew how powerful Su Chen was, and even more aware of the power of Su Chen's black-armored army.

If Su Chen's black-armored army hadn't been there in the last war, their Roman legion would have been Even if the entire army was wiped out, it would be impossible for those orcs to defeat them. If Su Chen and his black-armored army had not completed all the tasks, the soldiers of the Roman Legion who died in foreign lands at that time would not have been able to be resurrected.

The remaining members of the Roman Legion The 10,000 Roman soldiers had never seen Su Chen, but they had heard other Roman soldiers tell about Su Chen.

After the 20,000 Roman legionnaires knelt down and saluted Su Chen, the remaining 10,000 Roman soldiers also paid homage to Su Chen. In the morning, he knelt down and said,

"Roman Legion, see Wu Xiangjun!"

Both the Greek coalition forces and the Trojans on the walls of Troy heard the cheers of the Roman legions, and they all saw the Roman legions kneeling down and saluting a man in white clothes.

This made both sides think that an important figure from the Roman legions had arrived.

The Greek coalition forces and the Trojans both wanted to know who was coming.

Why did the Roman legionnaires kneel down to salute the arriving people?

"Haha, everyone, get up!" Su Chen smiled and waved his hand when he saw the Roman legions saluting him and said,

"Thank you, Mr. Wu Xiang!"

Laura didn't expect that Maximus's Roman Legion would kneel down and salute Su Chen, which made her, a strong woman, very unhappy. "You bastard is so majestic, but Maximus's Roman Legion is not. Kneel down and salute any of us."

Su Chen shook his head and looked at Laura and said, "You don't understand. This is the recognition of me by the Roman Legion. The army has the glory of the army and their dignity. The army will not recognize a person easily."

"Just be beautiful!" Alice looked at Su Chen's happy look and said mockingly.

Maximus patted Su Chen on the shoulder.

He looked at Alice and the others and said seriously,

"Su Chen was right when he said that as long as a legion recognizes and even trusts one person, the entire legion will be loyal to that person, even at the expense of their lives."

Serena smiled when she heard Maximus' words and said,

"Maximus, this is your legion, and Su Chen has robbed you of your prestige."

Maximus waved his hand and said indifferently,

"It doesn't matter, the Roman Legion was saved by Su Chen. If Su Chen hadn't completed all the last mission, my Roman Legion would have been completely finished. It's understandable that the soldiers of the Roman Legion worship Su Chen."

"What happened this time? Why did you hire me to come?"

Maximus and Alice heard what Su Chen said, and they told Su Chen about this trial war one by one.

"Black Widow Natasha, I said it looks so familiar." Su Chen understood after listening to what Maximus and Alice said. He looked at Natasha next to him and smiled and said,

Natasha was exactly the same as the Natasha in his impression, wearing a tight-fitting outfit. Natasha's clothes reveal her perfect curves, her convex figure and delicate face. This is Natasha's most beautiful time.

However,

I don't know if Natasha has slept through it now. Thinking about the people in the Avengers, especially the Hulk,

Su Chen felt that he should stay away from Natasha.

Natasha was a very powerful cuckold woman, and he couldn't afford to offend such a woman.

"Do you know me?"

Natasha asked in surprise when Su Chen said her nickname.

This Oriental is wearing ancient clothes.

How could he know her?

They are all from different worlds, and Laura can say It was very strange to hear her name, but how could Su Chen know her nickname, Black Widow? This made her a little curious.

Su Chen nodded and said with a smile, "Have I heard of you? Natasha, do you know Iron Man Tony Stark?"

Natasha looked at Su Chen more and more strangely. This person also knew Iron Man Tony Stark, "Of course I do. Tony developed Iron Man. How did you know this?"

"Tony just developed Iron Man? So your world hasn't been invaded by aliens yet?"

"What? Will our world be invaded by aliens?" Natasha exclaimed when she heard Su Chen's words.

Su Chen shook his head and did not dare to say any more.

He was worried about being warned by heaven.

As long as Su Chen knew the plot of Natasha's world, Natasha would be fine. The plot of Tasha's world has just begun, and her world will be very lively in the future.

Su Chen looked at Natasha and thought about it before forgetting it. No matter how beautiful Natasha is, she is still a person who can do anything for the mission. She may have sold her body frequently, so it would be better not to mess with such a woman such as Suchen.

At this time, a Roman soldier came to the rescue quickly and saluted Maximus,

"General, the Greek envoy has arrived"

"Let him come over!" Maximus looked at the others and nodded and then ordered,

"Yes, General!"

After a while, a tall man wearing armor came to Suchen under the leadership of Roman soldiers.

After the Greek envoy arrived, he looked at Maximus and several women, and then he faced Maximus in armor. James saluted and said, "Greek envoy, Cromwell has seen the general"

"Greek envoy, what is the purpose of your arrival? Maximus said expressionlessly to the Greek envoy.

The Greek envoy looked at the menacing Maximus and said carefully,

"General, my king wants to know what the general and his army will do when they come to the Kingdom of Troy this time?"

The Greek envoy felt that this general was very powerful, even more powerful than their Greek hero Achilles, which made him cautious and did not dare to make any mistakes in front of Maximus.

"we want....."

"Maximus, shut up!"

Just when Maximus was about to say something, Su Chen hurriedly interrupted Maximus. Su Chen didn't want Maximus to say that he would come and fight the Greek coalition without any brain.

Maximus listened. Su Chen hurriedly stopped what he was about to say, and he almost said what he was going to do this time.

Although the Romans thought that war was war, and there was nothing to be deceived about it, this was a war in a foreign land, and even a war with a narrow escape. , Maximus still thought it would be better to let Su Chen handle these matters.

The Greek envoy looked at Su Chen and felt strange, how could this Oriental man order this general?

Moreover, this Oriental man was still holding a beautiful woman on the battlefield. Beauties, it seems that the remaining beauties are also standing next to this Oriental. Who does this Oriental get?

"Natasha, go get this messenger!" Su Chen hugged Serena and looked at Natasha next to him and smiled and said,

Natasha is a very deceitful agent.

With Natasha coming forward,

Su Chen believed that this Greek envoy would be deceived by Natasha. Play around

"yes!"

Chapter 1138

Su Chen held Serena and sat on the chair prepared by the soldiers, and he began to think about the plot of the Trojan horse massacre.

This war mission was very difficult for Maximus and the others. According to Maximus and the others, the plot changed.

There were supposed to be 40,000 Greek coalition troops to attack the city of Troy, but now the 40,000 troops turned into more than 100,000 troops.

The army of Troy City also has more than 50,000 people.

If King Troy recruits ordinary people to join the army again, I am afraid that the army of the Kingdom of Troy will also have 60,000 or 70,000 people.

Maximus only had 30,000 Roman legionnaires. This was basically a death mission. Could that chick Natasha be a disaster? She encountered such difficult trial tasks.

Fortunately, it was not a confrontation mission this time.

If someone with a war certificate appeared on one side of Troy, the war would be a farce. Maximus and the others could just go to sleep. The trial mission would be impossible to complete.

Serena leaned into Su Chen's arms and said with a smile,

"Su Chen, we need you to summon the army this time, otherwise we won't be able to complete this trial mission at all."

"I know, but this time I was restricted by the law of heaven and could only summon half of the army." Su Chen touched Serena's hair and said with a speechless smile.

Su Chen worked for nothing on this employment mission.

Not only was his strength restricted, he was even restricted from summoning the army, and he completed it. There is no reward for the task Tiandao, and there is no reward package even in the system.

This makes Su Chen very depressed. If

Su Chen was not worried about the women who hired him this time, he would not participate in this employment task. Lao next to him was surprised when he heard Su Chen's words and asked, "Su Chen, you mean you can only summon 50,000 troops this time?"

Su Chen nodded and said with a wry smile,

"Yes, I was hired by you this time. You already have a full team. I can only contribute half of my efforts when I join. Not only the army, but also my strength is limited, and he doesn't have any rewards."

Maximus took a sip of wine after hearing Su Chen's words.

Although Su Chen's strength and army were limited, fifty thousand black-armored troops would be enough. He knew that Su Chen's army was very powerful..

As for whether Su Chen gets a reward or not, he has no control over it.

Maximus handed Su Chen a bottle of wine and said with a smile,

"Ha ha! Brother, you only need an army of 50,000. Your black-armored troops are so powerful. With 50,000 black-armored troops, you can deal with the armies of the Greek coalition and the Kingdom of Troy. It's hard to say without rewards. With Serena Alice and the others, It's not a loss for you to have a beautiful woman accompany you this time."

When Su Chen heard Maximus's words, he was very unhappy and yelled,

"roll! Maximus, I noticed that you have changed. You are no longer the honest Maximus I knew before. You are still the Qilin brother of our team. You sit silently all day long and go to work when you have a task. The task is to rest quietly"

"Yep, people like Brother Qilin will never find a wife in their lifetime." Maximus laughed disdainfully at Su Chen raising his middle finger.

Serena, Laura, and Alice next to him all stared at Maximus. They also didn't expect that Maximus, the big brother, would do this. Said, this made Alice and Laura look at Maximus with unkind eyes. After a while,

Natasha came over and said to Maximus, "Maximus, I have taken care of the Greek envoys. Maximus looked at Natasha and asked hurriedly, "Natasha, how did you get the Greek envoy?" Natasha sat down and drank wine and said, "I just said that we are passing through Troy City, we need supplies, and we will leave Troy City as soon as we get supplies." As for the details, it's better that you don't know."

Then,

Natasha looked at Su Chen and asked, "Su Chen, are we going to sit on the mountain and watch the fight between tigers and tigers? Are you prepared to let the Greek coalition go to war with the Kingdom of Troy first?"

Su Chen nodded and confirmed, "Well, if we have this plan, we can first look at the specific situation. If the Greek coalition forces do not conflict with us, then we will sit on the mountain and watch the fight."

"You are so cunning, how did you know I would say this to the Greek messenger?" Natasha didn't expect Su Chen to have such a plan, but how did Su Chen know that she would do this?

This bastard doesn't have the ability to predict the future, right?

Su Chen rolled his eyes at Natasha and said mockingly,

"Don't agents often deceive people? I only believe one or two of the ten words you say, so you'd better not lie to me in the future, otherwise, I think Maximus and the others will have to change their teammates again."

Natasha's face turned very ugly when she heard Su Chen's words. She didn't expect to be threatened, "You are such a bastard, you don't show mercy at all."

Su Chen was not polite to Natasha either, "Being sympathetic to a Black Widow agent?" I still want to live for a few more years. My empire has only been established for a few months. I don't want to die after being emperor for only a few months."

"Su Chen, have you established a country?" Selena didn't want Su Chen to have a conflict with her teammates, so she hurriedly changed the topic and asked.

Serena thought that if Su Chen and Natasha really had a conflict, they would definitely have conflicts with Natasha in the future. , even in future foreign wars, they will not cooperate together.

Maximus, Laura and others also glared at Su Chen. Although what Su Chen said may be right, this bastard threatened their teammates like this. That's not good either.

At the very least, you have to tell them privately.

If you say it in public, wouldn't it embarrass other people?

Su Chen didn't pay attention to the expressions of Maximus and the others. He hugged Serena and kissed her. He said in one breath, "Of course, my power is so strong, isn't it natural for me to establish a country?"

Su Chen didn't look at Natasha again.

Although he went too far this time, he didn't regret what he said.

He knew very well what kind of person Natasha was. Although Natasha had always been Man-controlled, but she has been an agent for so many years, Natasha's actions may have a purpose. I am afraid that after Natasha returns to this foreign war, she will report to that black red egg.

Of course, if Heaven prevents Natasha from speaking out, that is another matter.

Maximus was also very curious about Su Chen's founding of the country, and he hurriedly asked Su Chen, "Su Chen, how big is your empire? How many troops are there? How many people are there?"

"Haha, my empire is so big that you can't imagine it. Just like Greece, in my empire, it's only the size of one county. My empire has twenty-four states, and each state has about ten counties. What do you think? How big is my empire?"

"hiss! I never thought your empire would be that big." Maximus was very shocked when he heard Su Chen's words.

Greece here in the Aegean Sea is not small, but in Su Chen's empire it can only be regarded as the size of a county.

This bastard's empire is too big.

Su Chen shook his head and continued,

"This is still temporary. My army is still attacking other empires. In Tianxuan Continent, I have occupied the southern and western continents. My millions of troops are attacking the eastern and northern continents."

"Within a few years"

"My army can defeat the other two continents, and then the entire Tianxuan Continent will belong to my Xuantian Empire."

"You are a warmonger!"

"Natasha, I don't want to talk to you now!"

Chapter 1139

Natasha was also very shocked when she heard Su Chen's words, but this bastard was too annoying and didn't want to talk to her?

She didn't want to deal with this bastard yet.

And what's wrong with being an agent?

Although she often deceives people and lies, that is her job. If an agent did not do this, she would have been killed long ago.

Natasha didn't expect that Su Chen was the emperor of a powerful empire.

Even if this bastard was an emperor,

I'm afraid he was also a tyrant.

This damn bastard dared to threaten her.

Natasha stared at Su Chen and thought, this bastard Even if she is the emperor of a powerful empire, she will still find opportunities to take revenge on this bastard in the future.

Su Chen glanced at Natasha and continued to say to Maximus and the others, "Yeah, only a unified Tianxuan Continent can avoid war. I'm thinking about the ordinary people."

Alice brought some fruit to Su Chen and asked He asked, "How big is your army? And how many people are there in your empire?"

Su Chen took an apple and ate it before continuing,

"What about my army? I now have five combat legions, each with six to seven hundred thousand troops. Counting the servants of each legion, one legion has millions of troops. I also have a prairie cavalry combat legion being formed, one consisting entirely of cavalry. Alien War Combat Legion"

"I haven't counted the people of my empire clearly, but now there are at least 70 to 80 million people in the empire."

When Maximus heard Su Chen's words, he looked at Su Chen in surprise.

An ancient empire actually had 70 to 80 million imperial subjects and millions of troops. This is very terrifying, even for some modern countries. I'm afraid there are not so many people.

However, they thought that Su Chen's empire was very huge, and it was natural to have so many people and troops. The other women were shocked and couldn't open their mouths when they heard Su Chen's words.

Su Chen smiled when he saw this in the distance, "Which of you will go with me? There's something good to watch this time"

"I dont go!"

"I won't go either!"

"I was even more disinclined to go. The soldier looked at us with evil intentions, and I didn't want to let those disgusting eyes look at me."

Selena, Laura, and Alice all refused to go to the battlefield. They were so disgusted by the looks of those disgusting troops that they couldn't help but want to kill those troops.

"Brother, let me go with you, hahaha!" When Maximus saw Elena and the others rejected him, he laughed and comforted Su Chen and said,

"I am coming too!"

When Natasha saw that other women didn't want to go, she wanted to go see what Su Chen was going to do.

I'm afraid this bastard also wanted to cause trouble in the past. Natasha just wanted to know if this bastard had the ability to predict the future. She was very confused about this bastard saying that her world would be invaded by aliens.

Suchen stood up and said to Maximus, "Maximus, bring a group of soldiers and we will go there, otherwise the show will be over soon." It's over"

"good!"

"Damn bastard, didn't you hear I'm going too? Natasha asked angrily when she saw that the bastard Suchen ignored her.

When Su Chen heard Natasha's words, he was speechless and said, "Did I say I won't let you go?" There are horses nearby. If you want to go, bring me a horse quickly."

"Why don't you lead the horse yourself?"

"I'm lazy!"

"damn it!"

"Hurry up or we won't let you go"

"Inglorious bastard, no gentleman at all."

Su Chen smiled when he saw Natasha going to lead the horse.

Gentlemanly manner?

Can it be eaten?

Or can it be used as money?

Serena and Alice watched Suchen and Natasha bicker and didn't bother to persuade them. When Alice saw that Su Chen was about to leave, she hurriedly said,"Su Chen, leave some food. I know you have a lot of food and wine in your storage space.""

"knew."

Su Chen took out some food and wine from the system space and placed them on the boulder. These were enough for these beauties to eat for some time.

Su Chen took out another jar of wine and gave it to Serena and said,

"Serena, you can all drink some, but each of you can only drink one or two glasses. This is wine brewed with spiritual stones. The spiritual energy in the wine is very rich. If you drink too much, you will burst.

Serena took the wine that Su Chen handed him and asked, "Reiki?" Is this the spiritual energy that you Easterners need for your cultivation?"

Alice and Laura also looked at Su Chen intently. Since they last fought a foreign war with Su Chen, they have checked some training information in the Eastern world after they returned.

"Yes, if you drink these, it will be good for your body. You may have an immortal appearance in the future, and you may even live a long life, hahaha!" Su Chen smiled and got on a horse led by Natasha and said.

In the middle of the battlefield, the Greeks and Trojans were still negotiating.

At this time,

Su Chen took Maximus and Natasha, Under the protection of cavalry from more than twenty Roman legions, they moved toward the center of the battlefield. Along the way, both the Greek coalition and the Trojan army watched the arrival of these uninvited guests.

People on both sides of the battlefield also discovered that Su Chen and others

However, they did not send troops to stop them.

Both of them also wanted to know what these people were going to do when they arrived.

When Su Chen arrived in the middle of the battlefield, he smiled and said, "Ha, everyone, are your negotiations completed? I'm not late, am I?"

A king in the Greek coalition looked at Su Chen and asked nonchalantly, "Who are you? What does our negotiation have to do with you?"

"Presumptuous, this is the supreme commander of our Roman Legion. If you dare to disrespect me again, I will kill you." When Maximus saw a king being rude to Su Chen, he drew his sword and threatened,

"Hals, don't be rude!"The Greek king waved his hand to the king next to him and said,

"OK!"

"Commander, I wonder what brings you here this time?"Greek King Agamemnon asked Su Chen with a smile.

Su Chen smiled at the old fat man and said,"I have nothing else to do. Since you want to negotiate, do you need a bystander to help you?" Witness it?"

"We don't need you as a witness."A young man among the Trojans looked at Su Chen and said disdainfully,

"Oh, you are just the second prince of Troy who stole the woman of the King of Sparta. You are just a loser, little one.Face, if you have the guts, have a life-and-death duel with King Menelaus of Sparta."

"Commander of the Roman Legion, I like what you said. Second Prince of Troy, do you dare to have a life-and-death duel with me, a pretty boy?"

Chapter 1140

Su Chen was very disdainful when he heard that the second prince of Troy was dissatisfied with him.

He dragged the Kingdom of Troy into a war for the sake of a beautiful woman, and even feared death during a duel with the King of Sparta. Such a pretty boy had no sense of responsibility at all. Su Chen hated such people the most.

Throughout the Trojan War,

Su Chen only had a favorable impression of Hector, the eldest prince of Troy. Others looked down upon him, including the fat idiot king of Greece and the arrogant old king of Troy.

There is also the arrogant Greek hero Achilles.

If Achilles was Su Chen's subordinate,

Su Chen would have killed him long ago.

A subordinate or mercenary who has no respect for the king at all.

What use does such an uncontrolled person have for him?

In the Central Plains,

I am afraid that no emperor would like such a person. An arrogant person like Achilles would have been executed long ago in other empires in the Central Plains, but none of the emperors in the Central Plains like such a person.

The fat man of the Greek king was an ambitious man.

Although he was not capable, at least this idiot knew what could be done and what must be done. He was on guard against and exploited the Greek hero Achilles, but at least the idiot king did not give up. Grind and kill the donkey.

The old king of Troy was an arrogant and incompetent king.

His son stole a king's woman and came back without punishment? Nor was there any intention of sending back the Spartan king's women.

He even comforted his son that it was no big deal. The old king of Troy either doted on his younger son or had blind confidence in the Kingdom of Troy.

This is really a weird old king.

On the one hand, he wants the Kingdom of Troy and the Kingdom of Sparta to live in peace, but on the other hand, he doesn't care at all about what his son does. Such a weird Kingdom of Troy also makes Su Chen very speechless.

At this moment, after Su Chen ridiculed the second prince of Troy, King Menelao of Sparta also began to declare a challenge to the second prince of Troy. The king of Sparta wanted to personally kill the second prince of Troy who stole his woman. prince.

King Agamemnon of Greece looked at Suchen and asked expressionlessly, "Roman commander, are you sowing discord?"

Agamemnon wanted to conquer the Kingdom of Troy this time, and he was not here for him. The younger brother is seeking revenge. If later his younger brother Menelao of Sparta and the Kingdom of Troy reach an agreement to resolve the war through a duel, then wouldn't he return in vain this time with his army?

Su Chen shook his head and said to the Greek King Agamemnon,

"Sow discord? No, I just simply can't stand that pretty boy. King Agamemnon, your brother's woman was robbed, and now your brother wants to kill the second prince of Troy with his own hands. What's wrong with this? Agamemnon thought for a while and threatened Su Chen, "You'd better not have any purpose, otherwise my army will destroy your army first.""

"Want to start a war? I'm always here for you!"

"snort!"

At this time, the second prince of Troy also agreed to duel with the King of Sparta. After the King of Sparta and his brother King Agamemnon of Greece said something, King Agamemnon of Greece also agreed. Agreeing to his brother's duel.

Maximus saw that he was about to start preparing for a duel in the middle of the battlefield.

He didn't understand how Su Chen could cause a duel between the King of Sparta and the second prince of Troy by saying a few words, but by doing so But it was not good for them.

If the Greek coalition did not go to war with the Kingdom of Troy, then why would they want to take advantage of it?

Maximus asked Su Chen in confusion,

"Su Chen, what are you doing? If the second prince of Troy and the king of Sparta use a duel to resolve this war, then their war will not be fought. Isn't it a waste of your efforts?"

Natasha rode beside Su Chen and stared at Su Chen with a puzzled expression.

She didn't understand Su Chen's purpose of doing this now, although she knew the cause of the war between the Greek coalition forces and the Kingdom of Troy.

But a A duel between a king and a prince to resolve a war has happened in history. What is Su Chen's purpose of doing this? She can't guess now. Su Chen looked at the two princes of Troy who were about to start a duel in the middle of the battlefield, and The King of Sparta smiled and said,

"Maximus, don't worry, the war will definitely start. The second prince of Troy is no match for the king of Sparta. The second prince of Troy, who is greedy for life and afraid of death, will definitely ask his brother for help when he is dying."

"And the duel was just a joke. Even if the King of Sparta killed the second prince of Troy, do you think the King of Greece would easily retreat? Maximus heard Su Chen's words and continued to ask,"Are you saying that no matter what the outcome of the duel is, the war will happen?""

"Yes, the duel is a joke, but it also gives us an excuse to launch a war against Troy. Don't you think that if the second prince of Troy breaks the rules of the duel, it would be bad for us as witnesses not to do something?"

"you.....You are so insidious!"Maximus was confused when he heard Su Chen's words.

He did not expect that Su Chen would use this duel to participate in this war openly, so that neither the Greek coalition nor the Kingdom of Troy would What are you talking about?

This bastard is too insidious.

Fortunately, they are not enemies.

Otherwise, he would have been beaten to death by this bastard and he would have had to count his money.

When Su Chen heard what Maximus said, he cursed with a black line,"He Yes, Maximus, this is wisdom, this is wisdom."

When Natasha heard Su Chen's words, she felt that she should stay away from this bastard.

She now felt that this bastard had a purpose no matter what he did.

When this bastard came, he said a few words and let the second prince of Troy She started a duel with the King of Sparta. The words of this bastard that captured people's hearts made her shudder when she thought about it now. The duel began in the middle of the battlefield.

In front of the three armies, with the attention of the kings of various Greek cities, Under the attention of the old King of Troy on the wall of Troy, and witnessed by Suchen, Maximus, and Natasha

, the tall and powerful Spartan King Menelao started to attack with a shield in one hand and a sword in the other. The second prince of Troy attacked.

The second prince of Troy also held a shield in one hand and a sword in the other and started a duel with the king of Sparta.

Bang!

The king of Sparta used his shield to repel the second prince of Troy. He laughed. He shouted to the second prince of Troy,"Young boy, is this all you have? This time I'm going to tear you alive"

"I am going to kill you!"

Bump! Bump!

Ding, ding , ding."

The Spartan king threw down his shield and attacked the second prince of Troy fiercely. Several times he hit the second prince of Troy with his fists and fell to the ground.

The king of Sparta wanted to humiliate the second prince of Troy in front of more than 100,000 troops.

This pretty boy who stole his woman, this pretty boy who embarrassed him in front of other kings, even if he wanted to kill him, he would humiliate him severely.

"Helen, is this the pretty boy you like? Did you see that, I am the most powerful, I will kill this pretty boy, and you will pay the price for your betrayal."
