Chapter 1141

In the middle of the battlefield outside the city of Troy, the duel between the King of Sparta and the second prince of Troy was watched by almost 200,000 troops.

Especially the King of Sparta suppressed the second prince of Troy and beat him, which made the kings of the Greek coalition laugh.

The eldest prince of Troy looked at his younger brother who was being beaten with a troubled expression. He now felt that the King of Sparta was humiliating his younger brother, otherwise his younger brother would have been killed long ago.

He was also the old king on the wall of Troy. He looked at the duel on the battlefield with worry. This duel started in front of more than 100,000 troops.

For the dignity of the Troy kingdom, the old king of Troy could not stop this sacred duel.

After the old king of Troy saw his second son being knocked down, he said to himself with an ugly face, "Stand up, stand up, Paris, you can't embarrass the kingdom of Troy."

A beautiful woman next to the old king After seeing the second prince Paris being knocked down, she turned pale and looked at Paris worriedly while holding on to the city wall. She knew that if Paris was killed by the King of Sparta, she would probably be sent back to the King of Sparta. Only in this way can the war end

"Paris, Paris, you don't want to die!"

On the battlefield, the King of Sparta looked at the city wall and shouted.

The second prince of Troy had been defeated by him and was even vulnerable to him.

He just wanted Helen, who betrayed him, to see who is the most powerful.

"Brother, save me, save me!" Paris, the second prince of Troy, crawled to the side of the eldest prince Hector. With blood on his face, he hugged Hector's legs tightly and asked for help.

Paris didn't want to die.

He was very scared now. He didn't think that the King of Sparta would be so powerful, if I had known he would not be in the limelight.

Facing death,

Paris's hope now relies on his brother Hector to save him

"Prince of Troy, do you want to interfere in this sacred duel?" The King of Sparta saw the eldest prince of Troy letting his younger brother hold his legs, and the eldest prince Hector did not stop or get out of the way. This made the king of Sparta ask angrily,

"He is my brother!"

Hector was very helpless now.

He refused to let Paris agree to the duel, but his brother did not listen.

In the duel, his brother was no match for the King of Sparta. Paris asked him for help again, but Hector could not. Seeing his brother being killed like this.

Su Chen was very disdainful when he saw Paris crawling to the side of the eldest prince of Troy and holding Hector's leg. It was really eye-opening for Su Chen that a prince could be so greedy for life and afraid of death. Maximus and Natasha also despised the second prince of Troy very much. They even wanted to duel aggressively just now. But after losing the duel, they crawled over and hugged their brother tightly to ask for help. How could such a greedy person dare to steal a king's woman? Paris is a dandy prince, a good-for-nothing pretty boy. Su Chen warned the eldest prince of Troy while riding on his horse,

"Hector, you must know that this is a fair duel, and I am a witness. If you dare to interfere in this sacred duel, you are violating the duel rules. This is contempt for me and a provocation to our Roman legion."

Su Chen knew that Prince Troy would definitely save his brother.

However,

Su Chen also wanted to know after he threatened Hector, would Hector kill the King of Sparta and save him like in the plot? His brother.

Does Hector care about the existence of the Roman Legion?

The Greek King Agamemnon also said to Hector with a serious face, "Yes, Hector, if you dare to take action, our Greek coalition will immediately attack Troy launches war"

"Come to hell with me, you damn pretty boy." The King of Sparta couldn't wait any longer. He was about to kill this pretty boy now. He raised his sword and struck at Paris who was lying on the ground.

Hector was very confused when he heard Su Chen's words.

Greece The coalition forces made him feel difficult to deal with. If he offended the Roman legions again, I was afraid that the Greek coalition forces and the Roman legions would jointly attack the Kingdom of Troy.

But he had no choice but to save Paris. Paris was his brother after all. When the King of Sparta was about to kill Paris,

Hector moved.

When the King of Sparta was about to kill Paris,

Hector pierced the chest of the King of Sparta with a sword.

The King of Sparta could not believe it. He looked at Hector and fell to the ground.

"Menelao! Ahhhhh....."King Agamemnon of Greece screamed crazily when he saw his brother, the King of Sparta, being killed.

Although he didn't like his brother, his brother always listened to him after all, and

Agamemnon didn't want him to His brother Menelaus died.

The other Greek kings also shouted

"Attack, attack, kill the Trojans, we're going to kill the whole kingdom of Troy"

"The whole army attacks!"

"Kill and attack the city of Troy!"

"Hector, you made a wrong decision! let's go!"Su Chen looked at Hector and said expressionlessly. He took Maximus and Natasha and left on horseback.

The war has begun, and

Su Chen will not stay here to participate in this war now. War.

On the way back,

Maximus asked Suchen,"Su Chen, the war has begun. Should we attack the city of Troy with the Greek coalition?"

Su Chen shook his head and said,

"No! The city of Troy is difficult to fight, and this time the Greek coalition is destined to return without success. Maximus, order your Roman legions to prepare for war. We will teach the Trojan

army a lesson later. After all, as witnesses, if we do not take action, Greece and Troy will look down on us."

Su Chen is also very strange now.

In a classic war like the Trojan horse massacre, the horseSims can be forgiven for not knowing. Why don't they understand modern Natasha and Serena?

Is it because after the spoilers in the last foreign war,

Heaven has blocked the knowledge of future foreign wars?

Then why wasn't he blocked?

Su Chen knew the plot of the Trojan horse massacre very well.

Is it because of the system?

"okay, I get it."

Maximus nodded when he heard Su Chen's words.

Now Su Chen is the leader among them, and Maximus also admires Su Chen very much.

No matter what Su Chen asks of him,

Maximus will do it. Do as you are told.

Natasha looked at Su Chen with her beautiful eyes and felt incredible.

She did not expect that Su Chen's guesses were all correct. The second prince of Troy was afraid of death and was saved by the eldest prince of Troy. The Greek coalition started the war. Such a bastard. They can also participate in this war openly.

The soldiers of the Greek coalition collided with the Trojan shield formation one after another. The sound of collision, the clash of weapons, and the screams of the soldiers continued to sound after the battle between the two armies.

Roman Legion,

Suchen and Maximus returned to the Roman Legion. After he saw the collision between the Greek coalition army and the Trojan army.

He looked at the archers on Troy and said,

"Too close, the Greek coalition forces are too close to the city wall!"

Maximus nodded when he heard Su Chen's words and said,

"Yes, the archers on the walls of Troy are very deadly. The Greek coalition will really fail this time, and may even kill and injure countless troops."

Natasha said speechlessly when she saw that the Greek coalition forces were approaching the city wall.

"Agamemnon was really an idiot. He didn't even have siege equipment when he attacked Troy. Did he have to rely on soldiers to climb the city wall?"

Natasha also saw that the Trojans wanted to use the archers on the city wall to shoot the Greek coalition forces.

She also did not expect that the kings of the Greek coalition forces would be so brainless and attack Troy without preparing siege equipment and defensive equipment. City, the Greek coalition forces may suffer heavy casualties this time.

Su Chen shook his head and explained,

"Natasha, King Agamemnon of Greece did not want to attack the city of Troy today. After all, the Greek coalition forces have just arrived in the Kingdom of Troy. I am afraid that they are not ready

with the siege equipment. I am afraid that he is too confused this time to destroy the city of Troy. the Trojan army,"

"Su Chen, what should we do?" Alice stood up bravely and looked at the battlefield and asked Su Chen.

She wanted to join this war.

They were all involved in the last war with the orcs.

Now they have all practiced Su Chen. The physical skills that Chen taught them, Alice's strength is very powerful.

This is another war between ordinary people, and Alice doesn't want to watch from behind like a vase.

"wait!"

Su Chen sat on Serena's seat and hugged Serena and said,

"wait?"

Alice was confused when she heard Su Chen's words.

Su Chen took a sip of wine and said confidently,

"Yes, we have to wait for the Greek coalition to be defeated and the Trojan army to pursue the Greek coalition, that is when the Roman legions will attack."

Natasha asked suspiciously after hearing Su Chen's words.

"What if the Trojan Kingdom's army did not pursue the Greek coalition? We must know that our Roman legion is right next to us. The army of the Kingdom of Troy will not fail to guard against our Roman legion, right?"

Su Chen said to Natasha with a smile,

"Haha, if the great prince of Troy would not pursue the Greek coalition, but his arrogant father would not let go of the Greek coalition who beat the drowned dog, the Trojan army would definitely pursue the defeated Greek coalition."

"Are you that confident?"

Natasha looked at Su Chen with an expression of disbelief.

Although she knew that Su Chen had never guessed anything wrong after arriving, she just couldn't stand Su Chen's proud look.

Natasha just wanted to get along with this bastard.

"Want to bet? Forget it, there's no point in betting with you, Alice, Laura, do you want to bet?"

Su Chen originally wanted to make a bet with Natasha to tease her, but she thought that this was Natasha, a woman who lived a casual life.

Su Chen didn't want to provoke such a woman.

Su Chen looked at Alice and Laura next to him. I want to make a bet with them. The Goddess of War and the Bear Girl, Su Chen is very interested in them.

In Maximus's team of five,

Su Chen had already captured the vampire Serena in the last foreign war. This time See if he can handle Alice and Laura.

If he handles Alice and Laura again, the old man Maximus doesn't know if he will cry.

Laura looked at Suchen warily and asked,

"You bastard are not going to bet on us, are you?"

"Laura, you are so smart!"

"Get lost, you pervert! With Serena still daring to act recklessly, aren't you afraid that Serena will teach you a lesson?" Laura didn't expect that this bastard would admit it generously, which made her really speechless towards this shameless bastard.

Although she had a good impression of Su Chen and didn't even mind what happened with Su Chen, this bastard should He dared to say this in front of his woman.

This shameless pervert didn't even have any face.

Su Chen, a bastard, didn't have any face, but she still wanted face.

Alice smiled and ignored Su Chen.

She also regarded Su Chen. Very understanding, lustful!

Shameless!

Bastard!

But Su Chen is also a very responsible person.

He will not abandon his friends and his woman when he is in danger. Moreover, he will face danger alone and will not let them in the slightest. In crisis.

Even if there are any good items, he will think of her woman.

After the last foreign war,

Su Chen gave Selina many items. Although the bastard also gave her a space ring, but her The items in Serena's space ring are definitely not as good as those in Serena's space ring.

Su Chen will definitely give Serena some special items.

At this moment, Natasha looked at Su Chen with an angry face.

She didn't expect Su Chen to be so Looking down on her, although she would not bet on the bet that Laura guessed, but what does this bastard mean?

Is he not beautiful?

Or is this bastard deliberately bullying the newcomers?

Su Chen shook his head and said nothing more, and he ignored him Natasha was so angry that she wanted to eat him.

As for Laura and Alice, he would have many opportunities to tease Laura and Alice in the future, so he was not in a hurry now.

On the battlefield, after the archers on the wall of Troy took action,

Greece The coalition forces began to be unable to withstand it any longer.

Each Greek coalition soldier was shot dead by the archers on the city wall, which made the Greek coalition forces temporarily confused. The

Greek coalition forces had to face the fighting of the Trojan army, and at the same time they had to worry. The archers on the city wall shot and killed.

This caused the Greek coalition's casualties to increase.

On a hillside far away from the battlefield, dozens of soldiers in armor stood here and looked at the war on the battlefield.

They watched for a while The war on the battlefield looked at a tall and strong blond man in front of them.

The blond man looked at the battlefield and said silently, "That fool Agamemnon didn't order the army to retreat when he was so close to the city wall. Is this going to annihilate the Greek coalition forces?"

Chapter 1143

On the battlefield outside the city of Troy, the casualties of the Greek coalition forces were increasing. The archers from the city of Troy were a great threat to the Greek coalition forces. Most of the Greek coalition forces were killed by the archers on the walls of Troy..

The battlefield was full of corpses of the Greek coalition.

Although the soldiers of the Greek coalition bravely attacked the Trojan army's formation, more and more soldiers fell in front of the Trojan army's formation.

The giant shields, spears, swords, bows and arrows of the Trojan army caused the Greek soldiers to die tragically under the city of Troy one by one.

Woo woo woo.....

"Back up, back up!"

"Retreat, retreat quickly, get out of the shooting range of the archers!"

"Retreat, retreat quickly!"

"Retreat to the shoreline! The entire army retreats!"

After the horn sounded, the Greek coalition generals shouted at the top of their lungs. In today's war, the Greek coalition forces suffered heavy casualties.

This attack caused at least 20,000 casualties to the Greek coalition soldiers. This was the result of their Greek coalition forces. One-fifth of the troops, the kings of the Greek coalition all looked very ugly. The

Trojan prince Hector was relieved when he saw the Greek coalition fleeing. This time, he always repelled the attack of the Greek coalition..When

Hector saw the Trojan army that was about to pursue the fleeing Greek coalition, he hurriedly shouted to stop it,

"Stop chasing! Stop chasing!"

A general heard Hector's words and asked hurriedly,"Prince, why don't you pursue him? This is our best chance to destroy the Greek coalition forces"

"The Greek coalition still has 70,000 to 80,000 troops. We only have 30,000 troops here. It is impossible for us to destroy the Greek coalition."Hector shook his head and explained to the general.

The general nodded when he heard Hector's words, but he still hoped to kill more soldiers of the Greek coalition and even drive the Greek coalition away.

"Great Prince, now the Greek coalition forces are scared out of their wits. Although we cannot destroy the Greek coalition forces, we can kill more Greek coalition forces, and even chase the Greek coalition forces and escape by boat."

"No, we cannot pursue. There are still Roman legions in the distance. We must be careful of the Roman legions' attack."Hector pointed to the Roman Legion not far from the battlefield and said with a serious face.

He was worried that the Roman Legion would take action against the Trojan army. He still remembered the threat from the Roman Legion commander. For the well-equipped Roman Legion, Hector Tuo was more cautious against the Roman legions than against the Greek coalition.

"Great prince, this is....."

Woo woo woo.....

At this moment, the attack horn sounded on the wall of Troy. After the Trojan army outside the city wall heard the attack horn, the generals shouted and led their troops to pursue the fleeing Greek coalition.

"How could the father order the army to pursue him?" Hector didn't expect that the Trojan King would order the army to hunt down the Greek coalition forces. This made his face very ugly, but he had nothing to do.

At this time, on the wall of Troy, the Trojan King looked at the escaping people with a smile. The Greek coalition forces, he thought that the city of Troy was not only tall and easy to defend but difficult to attack, but the Trojan Kingdom's army was also very powerful.

This time the Greek coalition forces invaded the Troy Kingdom, he would let those arrogant Greeks know what it means to overestimate their capabilities.

The second prince on the city wall now has a very gloomy face.

After he was rescued by the eldest prince, he found that both the Trojan soldiers and the nobles looked at him with great disdain, which made him very angry. He was annoyed, but he had no choice.

This was very embarrassing for a prince who was greedy for life and afraid of death.

He didn't dare to face his father now.

After a beautiful woman saw Paris arriving, she hurriedly came. He went to Paris and asked concernedly, "Paris, your injury is okay, right?"

"My injury is not serious, Ellen, you don't have to worry." When Paris saw Ellen arriving, he felt better. The woman he fell in love with really loved and cared about him very much.

Ellen saw that there was still blood on Paris' arm, and she hurriedly found a piece of it. She said to Paris with concern, "Let me bandage it for you. Your wound is still bleeding."

"All right!"

Here at the Roman Legion,

Suchen and Maximus saw 30,000 Trojan troops beginning to pursue the Greek coalition. This made Suchen and Maximus laugh.

Suchen smiled and said to Maximus, "Maximus, start preparing for war. It's up to you whether you can annihilate all the 30,000 troops of the Trojan Kingdom."

Maximus patted his chest and laughed and promised,

"Ha ha! Su Chen, don't worry. Although my Roman legion is also an army of 30,000 troops, my Roman legion is an army that has experienced hundreds of battles. The Roman legion has even defeated orcs. These soft-footed Trojan troops are simply unbearable. hit."

Su Chen also nodded after hearing Maximus's words.

The Roman legion has indeed become much stronger after the last foreign war. Although it is not as good as his black-armored army, the Roman legion is not what these Trojan armies can do. To compete.

Whether it is the weapons and armor of the Roman legion or the combat effectiveness of the Roman legion, the Trojan army and the Greek coalition are incomparable.

If the Roman legion has 60,000 to 70,000 troops in this foreign war,

I am afraid that Maximus and the others will also. There is no need to hire him to help them win this foreign war.

Su Chen looked at the war goddess Alice next to him and said, "Alice, you will go too this time. Prince Troy, I want to live."

"Okay, leave it to me."

Alice's eyes lit up when she heard Su Chen's words.

She has been preparing to go to the battlefield for a long time. In this war, she will let Su Chen know how powerful she is, whether it is her special ability or the physical skills she has cultivated. , Alice will surprise Su Chen this time

"I am coming too!"

When Natasha saw that Suchen asked Alice to attend this war, she volunteered.

When Suchen heard Natasha's words, he shook his head and said, "Natasha, you'd better not go. Although the extension is good, this is war, and I am worried that Maximus and the others will lose another teammate.

Although Natasha's fighting ability was good, this was a war.

Natasha had no martial arts skills and no special abilities. Among thousands of troops, Su Chen was worried that Natasha would be killed in the chaos.

If Natasha dies in this war,

Maximus and the others will have to change their teammates again.

When Natasha saw Su Chen's refusal, she asked angrily, "You bastard, you look down on me?"

Serena saw Natasha's angry look and hurriedly explained, "Natasha, Su Chen is worried about you. You If you don't know martial arts or practice physical skills, you may die in the war. Don't misunderstand Su Chen."

Laura hurriedly grabbed Natasha who was about to get angry and comforted,

"Yes, Natasha, Alice is different from you. Alice and we are very powerful, and Alice also has special abilities. You'd better not go to this war."

"Physical skills? special power? What exactly is this?"

Chapter 1144

Natasha was very confused when she heard Serena and Laura's words, physical skills? special power?

What exactly is this?

Could it be that these people have developed some kind of ability?

"Natasha, look!"

"Moon step!"

"Finger grab!"

"Lan jie!"

Boom!

Seeing Natasha's confused look,

Serena stood up from Su Chen's arms and began to demonstrate to Natasha.

Serena stood directly in the air with the moon step, and first penetrated it with a finger gun. She picked up a boulder, and then quickly kicked the boulder with her Lan kick.

Serena just did this in the blink of an eye.

Natasha stared at Serena's series of actions in shock, until Serena kicked it open. She didn't even react to the huge boulder next to her.

Natasha didn't expect that Serena could stand in the air, and could even penetrate and break a huge boulder with just one finger and one kick. This made her look at Serena. Na was very shocked.

Natasha was indeed frightened by Serena's strength.

Su Chen was also very surprised when he looked at Serena. He did not expect that Serena could practice the Sixth Form of the Navy in just a few months. He is so skilled, does a vampire have the talent to practice physical skills?

Laura was also very surprised when she saw the physical skills that Serena practiced.

She only practiced the moon step and iron block in the Sixth Marine Style, and Serena actually She has used three of the six naval moves, and Serena may have even mastered the other three moves.

This made her clenched her fists when she looked at Serena.

Laura would not be beaten by Serena.

She will step up her practice of the Sixth Form of the Navy this time when she goes back.

Su Chen looked at the stunned Natasha and smiled and asked, "Natasha, do you understand now? You're a scumbag in Serena's team."

"You bastard!"

When Natasha heard Su Chen's words, she cursed with an ugly face,

"Ha ha! Even if I'm a bastard, I can't change the fact that you are a scumbag woman."

"Shameless!"

Natasha doesn't go to any battlefields now.

She wants to be quiet now.

Why are Serena and the others so powerful?

A huge stone was penetrated with one finger as if it were a pistol, and she even hit it with one kick. It was incredible that the boulder was exploded without being kicked.

At this moment,

Maximus was riding on his horse and began to order the Roman legions to prepare for war,"The Roman legions are ready to let these Trojans Army, look at the strength of our Roman legions"

"Huha!"

"Onward, Roman legions!"

"kill! kill! kill!"

"No, the Roman legions were indeed dispatched."

The Prince of Troy has been paying attention to the Roman legions. When the Roman legions began to dispatch, he felt bad."The army is ready, the Roman legions are dispatched. They are all gathered together, and the archers are ready to shoot!"

The Trojan army was chasing the Greek coalition.

After they heard the order from the great prince Hector, 30,000 Trojan troops quickly gathered to prepare to meet the enemy.

20,000 Roman legion infantry and

10,000 Roman legion cavalry had stopped them. their way back to Troy

"Prepare to meet the enemy, prepare to meet the enemy!"

"Archers prepare! put!"

Swish swish swish"

The next moment, in the square formation of the Roman legions, Maximus smiled disdainfully when he saw that the Trojan army was now sending out archers to attack.

"Turtle shell array!"

After hearing Maximus's order, the Roman legions quickly formed bunkers composed of shields. With shield defense formations on all sides, they continued to attack the Trojan army.

Ding ding ding ding.....

Countless bows and arrows hit the shields with a clanging sound. The archers of the Trojan army did not pose any threat to the Roman army at all.

"Is this possible? What formation is this?"

"Hector, the great prince of Troy , was very surprised when he saw that the archers had no effect at all.

Maximus saw that the distance was almost there, and he shouted an order to the Roman legions,

"Javelin ready, throw!"

Swish swish swish"

Ahhhhh....

"Save me, my legs!"

"I....."

"Pull me up, I'm hurt!"

"Shields cover us, shields cover us.....puff!"

As the javelins of the Roman legion were thrown, the troops at the front of the Trojan army were penetrated and died one by one. Some javelins even directly penetrated one or two Trojan soldiers.

"Attack! Attack!"

Hector hurriedly ordered when he saw the numerous casualties in front of the army.

He knew that if they did not engage in close combat with the Roman legions, the Trojan army would suffer even greater casualties.

Maximus saw the Trojan army charging over quickly, and he also ordered,

"Diamond formation, kill!"

The Roman legions immediately formed a triangular formation and launched a charge against the Trojan army.

Bump, bump, bump.....

Poof! Stab!

After the collision between the two armies, the Roman legion's formation was not disrupted at all. The

Roman legion's shield was firmly in front, and the Roman soldiers behind the shield kept stabbing the Trojan soldiers in front of the shield with their spears. Each Trojan The soldier was directly penetrated by a spear and died

"Kill and break through the Roman legions, otherwise we will all die here."

Hector is very anxious now.

The dispatch of the Roman legions was within his expectation, but he did not expect the strength of the Roman legions.

If there is any further delay,

I am afraid that the Greek coalition forces will come over again, and then the Trojan army will They are about to face a double attack.

Here, when the Greek coalition forces saw the Roman legions dispatching and even fighting with the Trojan army, the Greek coalition forces also stopped escaping to the coastline. The Greek coalition forces now want to know whether the kings of the Greek coalition forces will He will order the Greek coalition forces to join in the siege of the Trojan army.

A king of the Greek coalition forces came to Agamemnon and said hurriedly,

"King Agamemnon, shall we also attack the Trojan army?"

The Greek King Agamemnon shook his head and refused,

"Odysseus, the morale of our army is low now. Let's take a look at the battle between the Roman legion and the Trojan army. This also allows our Greek coalition to take a rest."

Agamemnon will not let the Greek coalition join the war now.

He now hopes that the Roman legions and the Trojan army will die together, so that he can reap the benefits of fishing.

He has been guarding against the mysterious Roman legions.

Odysseus Si was worried when he heard what the Greek King Agamemnon said, "But will this make the commander of the Roman legion have a problem with us?"

Agamemnon laughed and looked at the war on the battlefield.

He waved his hand and said,

"Ha ha! This is what the Roman commander should do as a witness. The Trojans violated the duel rules, and the Roman commander also lost face. Now the young commander of the Roman legions is probably very angry. Let's just watch the show."

"Yes, King Agamemnon!"

Chapter 1145

The war between the Roman legion and the Trojan army began.

Under the tight and neat formation of the Roman legion, although the Trojan army fiercely attacked the Roman formation one by one, it had no effect at all. Every time the Roman legion took a step forward, it would Countless soldiers of the Trojan army were killed.

After Hector killed the Roman soldiers in front of him, he anxiously shouted an order to the Trojan army, "Break through the formation of the Roman legions and fight back to the city of Troy."

"Kill!"

On a hillside on the coastline, the blond Greek hero Achilles' eyes gleamed when he looked at the Roman legions. This was the first time he had seen such a powerful and well-disciplined army. Such an army is a real army.

Neat and unified. The armor and weapons, the strict discipline of the army, the powerful military formations, and even the soldiers with extremely strong combat effectiveness made Achilles look a little frightened. He thought that if he was surrounded by these soldiers, he might not be able to escape smoothly. He might even be killed.

Achilles frowned, he couldn't imagine which kingdom would have such a powerful army, "Roman Legion?" Where is the army coming from? Rome?"

On the wall of Troy, the old king saw that the Roman legions were dispatched and even started a war against the Trojan army.

This made him restless.

The old king walked to the wall and looked at the war in the distance and was very worried. There were thirty thousand people there. The Trojan army, and his eldest son were there.

Whether it was an army of 30,000 or his son, the old king hoped that they could return to the city of Troy smoothly.

"drive!"

On the battlefield,

Alice rode a war horse and ran rampant on the battlefield.

She didn't care about the soldiers here, but if the Trojan soldiers stopped her, they would be killed by her without hesitation. She searched everywhere on the battlefield. Looking at Hector, King of Troy.

Suchen said that she would capture this prince alive, and

Alice would not let Suchen disappoint her.

"Damn it, why is Alice so powerful? This is much stronger than him. That bastard Su Chen must have given Alice other martial arts and physical skills. Why is that bastard so good to a beautiful woman? It's a shame that I still consider that bastard my brother."

Maximus was very confused when he saw Alice massacring the Trojan soldiers on the battlefield.

Alice didn't take any action at all, but the Trojan soldiers who wanted to kill Alice were all stunned by Alice's glance. He flew backwards and died bleeding from his mouth and eyes. This made Maximus complain to that bastard Suchen.

Maximus felt that Su Chen was hiding something secret from him.

Is it because he was not a beautiful woman?

He is now I just want to go back and beat up that bastard who forgets his friends because of sex, eh!

I despise myself for not being able to beat that bastard.

"Found you, Hector!" Alice suddenly discovered Hector on the battlefield, and she smiled and rushed towards Hector on horseback.

Hector didn't know that the danger was approaching him, and he was leading his army to break through the siege of the Roman legions. , while killing the Roman soldiers in front of him

"Hector!"

"who? woman?"

Hector heard someone calling him.

He turned around and saw a woman rushing towards him on horseback. She even had a long sword and kept massacring the Trojan soldiers who stopped her.

This is a powerful woman.

Could it be? Those beautiful women around that Roman commander?

But why is this woman so powerful?

Alice came to Hector and said expressionlessly, "Hector, don't force me to take action, Suchen wants me to capture you alive."

"Don't even think about it, kill!"

Boom!

Alice's eyes suddenly changed color, and Hector was directly blown away by Alice's mind. This is because Alice did not use all her abilities, otherwise Hector would be killed by her in one go.

Hector Tuo stood up from the ground, wiped the blood from the corner of his mouth and looked at Alice in horror, "How is that possible? you.....Are you a witch? you must be a witch"

"Get ready now, or I will cripple you." Alice threatened Hector coldly,

"Don't even think about it. Gods above, I must kill you, a witch."

"Looking for death, shave!"

Bang!

Alice quickly kicked Hector away.

This bastard actually said that he was a witch?

A witch?

Are there any beautiful women like her among witches?

Damn it, if

Su Chen hadn't captured this Hector alive. Damn it,

Alice wants to kick this bastard to death

"Protect the eldest prince and kill that woman." When the surrounding Trojan soldiers saw Hector being knocked down, they came to kill Alice one by one.

"Paper painting!"

"Lanjie!"

Bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump.....

Alice moved quickly among these Trojan soldiers, and then quickly kicked these soldiers away one by one. The powerful shock wave prevented anyone around Alice from getting close.

Alice saw that all the Trojan soldiers around her were killed by her, so she ordered the Roman soldiers next to her, "Come here, take Hector back and give it to Suchen."

"Yes, Miss Alice!" A group of Roman soldiers quickly came to Alice and saluted.

They saw how powerful Alice was.

Although Alice and Maximus were both very powerful, the Roman legionnaires were loyal to the powerful Alice. Admire it.

A woman killed hundreds of Trojan soldiers in just an instant, which made the Roman soldiers think that Maximus was not as powerful as Alice.

Then, the group of Roman soldiers grabbed the injured Hector Rushing towards Suchen.

Maximus saw that the Trojan army was no longer able to attack, so he ordered the Roman legions,"Surround the Trojan army, attack in small groups, and do not let go of a single Trojan soldier.""

As the Trojan army began to retreat continuously, and Hector was captured and no one was left to command the army, the Trojan army began to collapse. The

Roman legions suddenly dispersed, and

Roman legions of hundreds began to attack. Trojan soldiers were besieging them.

Groups of Roman soldiers used shields to surround the Trojan soldiers who were trying to escape. They kept shrinking and surrounding them. Finally, they squeezed the Trojan soldiers together and stabbed them to death.

Su Chen looked at the special scene on the battlefield. Less than 10,000 of the Lodi army had been killed, and the Roman legion had only suffered four or five thousand casualties. This was because the Roman legion's 10,000 cavalry had not been dispatched.

He nodded and said with a smile,

"There is no suspense about the war. The Roman legion is indeed a powerful legion."

"Your black-armored army is even more powerful." Serina rolled her eyes at Su Chen when she heard what he said and said,

"Haha, of course."

At this time, a group of soldiers from the Roman Legion escorted Hector to Su Chen. A centurion from the Roman Legion saluted Su Chen,

"Mr. Wu Xiang, Miss Alice asked us to capture Hector."

"Hector, have you ever thought about this outcome?"

Chapter 1146

Su Chen smiled when he saw Hector's miserable appearance.

It seemed that Alice had given Hector a severe lesson, but with Hector's temper, it was probably impossible for him to be captured without mercy.

"Your name is Su Chen?" Hector was tied tightly by the Roman soldiers. He looked at the Roman commander and asked with an ugly face,

"good!"

Su Chen sat on the stone and nodded.

Hector asked Su Chen angrily, "Is this your revenge? Are the thirty thousand casualties of the Trojan army your revenge?"

Su Chen shook his head and said with a smile,

"No, no, that's not it. Hector, I said you will regret it. The city of Troy and even the Kingdom of Troy will be my goal in the future."

Hector was very surprised when he heard what Su Chen said.

He didn't expect that Su Chen would attack the city of Troy and even destroy the Kingdom of Troy.

But is this possible?

Troy is a high city that is easy to defend and difficult to attack.

This Roman commander No matter how many tens of thousands of troops there were, it would be impossible to break the city of Troy.

"Do you want to capture Troy? Want to destroy the Kingdom of Troy? Is it just you, the Roman legions? Stop dreaming. Even if you had 30,000 Roman legions, you still wouldn't be able to break the city of Troy."

"Haha, who can say for sure? Hector, I'm actually quite optimistic about you. However, your brother who steals women makes me very unhappy. He is lustful and greedy for life. You shouldn't actually save that loser in the duel."

"That's my brother!"

"Yes, he is your brother, a brother who is greedy for life and afraid of death. Who caused all these wars? Someone who stole a king's woman has to say that your brother is really a lustful playboy."

"I....."

Hector was speechless after hearing Suchen's words. Although he disdained the things Paris did, Paris was his brother after all, and he could not watch his brother being killed.

Suchen continued to ask Hector,

"Hector, have you ever thought about what would happen to the people of Troy if the city was attacked? Massacre, robbery, rape, have you never thought about these? For a dandy prince, are you willing to see what happens to the Kingdom of Troy in the future?"

Hector turned very pale when he heard Su Chen's words.

He knew that if the city of Troy was attacked, the people of Troy would either be massacred or demoted as slaves. No matter which outcome, the people of Troy would suffer the same fate. It won't be good

"I won't give up on my brother"

"laugh! So do you think your brother will come to save you?"

"Yes, my brother will definitely come to save me"

"Oh, then I have to see if your brother will come to save you." When Su Chen heard Hector's words, he thought he would give that pretty face a try to see if that pretty face would really come to exchange for Hector.

Su Chen ordered the Roman soldier next to him, "The one who came here ordered the Roman cavalry to follow. I'm going to Troy"

"Yes, Lord Wu Xiang"

"what are you up to? Hector asked hurriedly when he saw Su Chen ordering the troops to dispatch.

Su Chen walked to Hector and smiled and said,

"I'm going to trade you for your brother. Didn't you say that your brother would come to save you? I want to see if your brother will come out of the city to exchange for you. Don't worry, as long as your brother comes to exchange for you, I will let you two brothers go. I will do what I say."

"you....."

"Also, Hector, you'd better not speak when you get to the city of Troy, or I'll have your tongue cut out. Don't you want to see if your brother will save him and save you like you did?"

"You are a devil!"

Hector trembled all over and yelled at Su Chen.

He now felt that Su Chen was playing a game, and he and his brother were the puppets in his hands. This bastard wanted to use him to kill people.

Hector Although Tuo believed that his brother would save him, that was in the past.

Judging from Paris's performance today, Paris might really be afraid of life and death and not come to exchange for him.

The same thing Serena and Laura said to Su Chen They were very interested.

They also wanted to know whether these two brothers could really sacrifice their lives for each other.

Outside the walls of Troy,

10,000 Roman legionary cavalry had arrived.

The cavalymen of the Roman legion were arranged in neat formations, one by one. Looking at the city of Troy, he was cautious.

Su Chen took Serena and Laura to the city of Troy, and Hector was escorted by Roman soldiers.

Su Chen looked at Hector and said cried the Trojan king to the wall,

"King Troy, your eldest son Hector has been captured by me. If you want to save your eldest son's life, let your younger son Paris come out in exchange for Hector."

On the wall of Troy, the old king looked very ugly and pale when he saw Hector being captured. When he heard Su Chen's words, he clenched his fists angrily.

What was the Roman commander going to do?

Ask him to use a Will his son be exchanged for another son?

Does this make him decide to give up that son?

Paris trembled with fright when he heard Su Chen's words.

He was now afraid that his father would give up on him.

His brother Hector After all, he is better than him, and even more qualified than him to be the heir to the Kingdom of Troy.

Paris dare not look at his father now, and even thinks about how to leave the city of Troy. He does not want to die here, if he is exchanged. , the Roman commander would definitely execute him on the spot

"Father, save Hector! Hector's wife begged the old king, and the old king said helplessly to Hector's wife, "How can I save you?" Should Paris be asked to exchange for his brother?"

"I'll go, I'll exchange for Hector"

"Stop, Thetis, the Roman commander wants Paris, not you. Even if you go, it won't help."

"What to do? We can't watch Hector being killed"

"I will negotiate with the Roman commander."The old king looked at SETHIS and shook his head helplessly and said.

When the old king saw his youngest son's face pale and his head lowered, he knew that Paris would not be able to exchange for his brother on his own. He was interested in this little son. The son was extremely disappointed, but Paris was also his son. He could not let one son die for another son.

When Su Chen saw that there was no movement on the city wall, he continued to shout to the city wall,

"Paris, your brother's life is in your hands. Your brother Paris saved you, and this war was caused by you stealing women. Are you going to watch your brother die under the city of Troy? ?"

Asshole!

Shameless!

Damn Roman commander, are you going to ruin your reputation?

Why is the commander of the Roman legion so cruel to him? He didn't provoke the Roman commander's woman, why must he kill him?

Paris looked livid. He just wanted to kill the Roman commander under the city wall with one sword.

He didn't understand how he had offended the commander of the Roman legions. Why did that bastard have to be at odds with him?

"Su Chen, it seems that Hector's brother will not come out."

"How can that pretty boy who is greedy for life and afraid of death come to exchange for his brother? You are wasting your time."

Selena and Laura waited for a while but didn't see anyone coming out of Troy City, so they all smiled at Su Chen and said

"I also know that pretty boy won't show up. Aren't we all bored? It seems that Paris is even more despicable than I thought. Hector, how do you feel now?"

Chapter 1147

Su Chen never thought that Paris would come to exchange for his brother Hector.

This was all obvious.

How could a dandy prince who was greedy for life and afraid of death come to seek death?

Su Chen also wanted to have some fun.

Today's war is over.

Su Chen planned to destroy the Greek coalition forces at night.

Now he is idle.

Su Chen, the pretty boy who stole women, planned to ruin his reputation and even let Troy The people and the army hated him.

Suchen hated the character in Troy the most. When he watched the movie, he wanted to kill that bastard.

Now that he had the opportunity to kill that disgusting pretty boy,

Su Chen would not let him die easily.

As for that incompetent woman,

Su Chen didn't like her at all. If he met that woman named Helen, Su Chen would exile her even if he didn't kill her.

At this moment,

Hector was sitting on the ground with an indifferent expression.

He didn't care about anything now.

No matter whether Paris came to exchange for him or not,

Hector would not leave.

He felt that the commander of the Roman legions did not care about this time. In exchange, he still didn't know exactly what the young commander was going to do.

However, he always felt that Su Chen was looking for a joke.

Hector didn't care about Su Chen's words of ridicule to him. Paris was no longer the brother he knew. He was lustful, arrogant, greedy for life and afraid of death, and did things regardless of the consequences. These were all indulged by his father.

On the city wall,

Helen frowned when she looked at Paris sitting aside with a sullen face.

Although she liked Paris, the handsome second prince, she did not expect that Paris was not only greedy for life and fearful of death, but even did not say anything about his brother being arrested. In a word, you must know that his brother saved his life just now.

Helen was very disappointed with Paris.

She was afraid that if she encountered danger with Paris in the future,

Paris would abandon her without hesitation.

Helen regretted it now. Although she disliked the King of Sparta very much, she still loved Paris. Reese is also very disgusted now.

Helen thought about it and decided to exchange Hector.

She didn't want to see Paris again, and she didn't want to fall into the hands of the Greeks.

As for what the commander of the Roman legions would do to her,

Helen didn't care.

Under the gate of Troy,

Helen met Hector's wife, Thaddeus. After questioning, Helen did not expect that Thaddeus also planned to use her in exchange for Hector. In this way, the two women joined the soldiers and opened the city gate and left. go out

"Huh? Someone came out." Laura suddenly saw the city gate slowly opening, and she said to Su Chen doubtfully.

Serena looked at the city gate and guessed, "Will it be Hector's brother who comes to exchange for him?"

Su Chen shook his head and said with great certainty, "Impossible, how could that pretty boy who is greedy for life and afraid of death come to save Hector."

Su Chen doesn't believe that Paris will come to exchange for Hector, so who will come out this time?

If Paris doesn't come to exchange for Hector,

Su Chen will not let Hector go back.

"Why two women?" When Laura saw two women coming out, she frowned and said with confusion.

Serena also looked at the two women walking towards here and was very confused.

Su Chen wanted to exchange Hector. Paris, why did two women come out?

Did King Troy want to trade two beautiful women for Hector?

"Thetis? Sethis, go back quickly, what are you doing out here?" When Hector found out that it was his wife who came out, he stood up and hurriedly shouted to stop her.

"oh! It turns out to be Hector's wife, so who is the other woman?" Su Chen understood when he heard Hector's cry.

When Laura heard Su Chen's words, she glared at Su Chen and said angrily, "You bastard, you will not let Hector go for two beautiful women. Bar?"

Su Chen looked at Laura's angry look, he jumped on Laura's horse, hugged Laura from behind and teased, "How is that possible? There are beautiful beauties like you around me, how can I care about those women?"

"Let me go, you shameless pervert!" Laura yelled and cursed in embarrassment when Su Chen sat on his horse and hugged him.

This was in full view of everyone, and there were even tens of thousands of troops watching.

This bastard is simply a shameless person. shameless

"Ha ha!"

Su Chen hugged Laura and smiled without caring so much.

Laura, a hot girl, didn't expect that she would also be embarrassed and angry.

Isn't it said that Westerners are very open-minded?

How could Laura look like a little woman?

On the wall of Troy,

When the old king and Paris saw Thetis and Helen going to meet the commander of the Roman legion, they both looked ugly. The old king did not expect that the last person to go out was not Paris, but two women. This was so embarrassing. The Kingdom of Troy was brought into disgrace.

Paris did not expect that the woman he loved would exchange for his brother for him, which made him feel ashamed, angry and moved.

Paris now felt that the Trojans around him looked at him even more. Looking at him with disdain and even disgust made Paris even more unable to hold his head up.

After this war, he might be deprived of the title of prince by his father, and he might even be exiled for the sake of the Kingdom of Troy. He.

Under the wall of Troy, when Thetis and Helen were about to arrive, the archers of the Roman legion shot a row of warning arrows in front of them, "Stop, don't go any further, who are you?"

Thetis pulled Helen and said hurriedly in fear, "We are here to exchange for Hector, the great prince of Troy!"

"Let them come over!"

Su Chen touched his chin and ordered,

"Yes, Mr. Wu Xiang!"

After the Roman legionary cavalry moved out of the way,

Thetis and Helen pulled each other over and walked over.

"Thaddeus, Helen, why are you here? Go back quickly. I don't need you to exchange for me."

"Hector, I can't just watch you die!"

Thetis shook her head when she looked at Hector who was tied up. She looked at Suchen and saluted and said, "Commander of the Roman Legion, is it okay to exchange two of our women for Hector?"

"No, I want Paris! Hector heard Suchen's words and hurriedly chased Thaddeus and the others away," "Yes, Thaddeus, you and Helen leave quickly. He doesn't need you to exchange for mine. You two must get back to Troy.""

"Someone, shut up Hector!"

"Yes, Mr. Wu Xiang!"

Pengpengpeng.....

The guarding soldiers of the Roman legion punched and kicked Hector without mercy at all. The heavy punches caused blood to flow from Hector's body.

"Stop it, stop fighting! Please make them stop quickly"

"Commander of the Roman legions, please tell your soldiers to stop."

Thetis and Helen saw the Roman legionnaires beating Hector so hard that he even bled. This made them all worried and said to Suchen,

"Okay, stop it!"

Su Chen waved his hands to the Roman soldiers, then he looked at Hector and said with a smile, "Hector, I didn't expect that two beautiful women would come to exchange you. Do you think I am exchanging? Or not to exchange?"

When Hector heard Su Chen's words, he struggled to stand up and said hurriedly,

"Suchen, don't you want Paris? let her go, they are all useless women, there is no use even if you exchange them"

"Who says it's useless? It is rare to see beautiful women. I am a lustful person like your brother."

Chapter 1148

Su Chen would not let go of the two Trojan women who came over.

Although he was not interested in these two Trojan women, why should he let go of the two Trojan women who had thrown themselves into a trap? Besides, one of these two women is Hector's wife.

Suchen wanted to make the two brothers Hector and Paris turn against each other.

It would be best if Hector killed his brother Paris in anger.

"Su Chen, let them go, they are just two innocent women." Hector shouted angrily when he heard what Su Chen said.

Su Chen got off the horse and walked over to Thaddeus and Helen, looked at them, hugged the two women and said to Hector He smiled humiliatingly and said, "Do you think it's possible? Hector!"

Thaddeus and Helen struggled when Su Chen held them, but Su Chen held them tightly, making their struggles powerless. Thaddeus and Helen did not dare to insult Su Chen. They were also afraid of Su Chen. He was so angry that he killed Hector.

"I want to kill you, I must kill you." Hector saw Suchen humiliating his wife. He was so angry that he wanted to rush towards Su Chen, but he was knocked down by the Roman soldier next to him before he could take a few steps.

Although Serena and Laura didn't know what Su Chen was going to do, what Su Chen did now made them frown.

Su Chen now seemed like a big villain.

Although Serena and Laura couldn't stand what Su Chen was doing now, they didn't stop them.

They didn't believe what Su Chen would think of these two Trojan women.

"Serena, these two women have been entrusted to you. You cannot let these two women escape." Su Chen pushed Thaddeus and Helen next to Serena and Laura and said with a smile.

Then,

Su Chen looked at the city of Troy, got on his horse and left with the Roman cavalry.

Su Chen didn't plan to continue playing. , it was almost dark, and there was still a war tonight. He had to figure out the beach terrain of the Greek coalition forces. The war at night was to wipe out the Greek coalition forces in one fell swoop. Maximus and the others also had to complete their first mission as soon as possible.

Su Chen couldn't waste too much time in this foreign war.

His foreign war was coming soon.

When it got dark,

Maximus and Alice came back with the Roman legions. Thirty thousand Trojans The army has been destroyed by them, and very few Trojan troops have escaped.

Maximus can be said to be proud this time. His Roman legions did not do anything this time like they did in the last foreign war.

In the military tent, when Mark When Sims and Alice arrived, they found that there were two more beautiful women in the military tent.

Maximus looked at these two beautiful women, and he winked at Su Chen and said,"Brother, this is what happened? Why are there two more beautiful women?"

"This is for you."Su Chen rolled his eyes at Maximus and said teasingly.

When Maximus heard Su Chen's words, he hurriedly shouted,"Damn, I don't need a woman. I'm a real Roman general and I don't need slave women. , I also love my wife and children very much"

"Hahaha! Just kidding, these are two women who are coming to exchange for Hector"

"Um? You weren't going to exchange Paris, the second prince of Troy, so why did two women come?"

"They came voluntarily"

"Oh, have you let Hector go?"

"No, how could I let him go? Hector is now tied to a wooden pillar. He will be killed tomorrow to sacrifice the flag."

In the military tent,

Sethis hurriedly begged after hearing Su Chen's words, "You can't kill Hector. We are willing to exchange Hector. Please let Hector go."

Su Chen waved his hands expressionlessly and said,

"No, this is war. Since Hector violated the duel rules, he will definitely die. If his brother came to exchange for Hector today, Hector would be released as promised, but his brother did not come out to save him."

The girls next to them, Natasha and Alice, all despised Su Chen when they heard Su Chen's words.

It was clear that this was Su Chen's conspiracy, but now he said it so righteously.

This bastard is simply a despicable conspirator. After hearing Su Chen's words, Sethis slumped in the tent, and Helen supported Sethis on the side, but there was nothing she could do. Although they knew the result when they arrived this time, they were helpless.

Su Chen suddenly stood up and looked at the temporary He drew the beach map and ordered,

"Maximus, destroy the Greek coalition tonight. My black-armored army will arrive in the evening. Fifty thousand black-armored cavalry will begin to attack the Greek coalition tonight. Your 10,000 Roman cavalry will attack the Greek coalition from the front."

"yes!"

Maximus made a Roman salute after hearing Su Chen's words.

Su Chen looked at Alice and the others and ordered, "Alice, you lead 20,000 black-armored cavalry to attack the Greek coalition from the left wing. Serena, you Lead 20,000 black-armored cavalry to attack the Greek coalition from the right wing. Laura, you lead 10,000 black-armored cavalry and Maximus to attack the Greek coalition."

"good!"

"clear!"

"I know."

Alice, Laura, and Serena all nodded seriously to Su Chen.

They didn't expect that Su Chen would destroy the Greek coalition tonight, but with Su Chen's 50,000 black-armored army here, they would destroy it. The Greek coalition is also very easy.

Tonight, there are 50,000 black-armored cavalry and 10,000 Roman cavalry attacking the Greek coalition. The Greek coalition cannot resist the attack of the black-armored army in any case. Their first foreign war mission will be tonight. It can be done.

Natasha heard Su Chen's orders to Maximus and Alice, but she was not mentioned alone.

This made Natasha angrily question Su Chen.

"And me?"

Su Chen glanced at Natasha and smiled and said, "You take the remaining more than 10,000 Roman legions to defend the camp to prevent the Trojan army from coming to rescue Hector."

"Why? I will also lead the army to attack the Greek coalition." Natasha shouted with anger on her face when she heard Su Chen's words.

Su Chen rolled his eyes at Natasha and said mercilessly, "Don't dream anymore, just follow my orders honestly."

"asshole!"

Although Natasha was very angry, she had no choice. This bastard wouldn't let her lead the army to attack the Greek coalition, so she could only stay in the Roman military camp. She had no ability to oppose this bastard's decision.

Thaddeus and Helen were on the side. They were all very surprised when they heard Su Chen's words.

They didn't expect that Su Chen would destroy the Greek coalition, and the commander of this Roman legion actually had 50,000 troops nearby.

They looked at each other and couldn't guess this Roman legion. What did the commander want to do, and what was the purpose of the Roman legions coming to Troy this time, but they were all worried about the Kingdom of Troy.

Late at night,

Suchen summoned 50,000 black armored cavalry near the Roman legion's camp, and in Alice and the others beside Su Chen all set off under the night with their assigned black armored cavalry.

The beach battle was about to begin.

Chapter 1149

On the beach, in the camp of the Greek coalition forces.

The kings of the Greek coalition are all sitting together now.

Today's war shocked these kings. The

30,000 Trojan army was actually wiped out by the 20,000 Roman legion. Even the Roman legion only suffered thousands of casualties. Soldiers, this made these kings very surprised at the combat effectiveness of the Roman legions.

"We cannot ignore the Roman legion. The Roman legion is too powerful."

"Yes, 20,000 Roman legions faced 30,000 Trojan troops, and they were able to destroy the Trojan army with minimal casualties. Such an army was too powerful."

"We must be careful about the Roman legion. We, the Greek coalition, must take precautions tonight to prevent the Roman legion from taking action against our Greek coalition."

"Hester, you are worrying too much. The Roman legions only have 30,000 troops in total, and now there are more than 20,000 troops left, and the Roman legions have already started war against the Kingdom of Troy. Do you think the Roman legions still dare to go to war against our Greek coalition at this time?"

"Yes, it is impossible for the Roman legions to wage war against our Greek coalition forces, and there is no need for them to wage war against our Greek coalition forces."

"Should we unite with the Roman legions to attack Troy? In this way, our Greek coalition will surely quickly break through the city of Troy, and we can quickly conquer the Kingdom of Troy."

In the tent, all the kings of Greece were talking about today's war between the Roman legion and the Trojan army. The kings of Greece were worried about the Roman legion and felt that if they united with the Roman legion to attack the city of Troy, they could quickly win it. Kingdom of Troy.

King Agamemnon of Greece patted the table and said loudly,

"That's enough. Let's go meet the commander of the Roman Legion tomorrow. If the Roman Legion agrees to unite, after capturing the Kingdom of Troy, we can distribute some spoils to the Roman Legion."

"Well, let's take a look at the attitude of the Roman legion commander tomorrow." One king nodded and agreed, and the remaining kings also nodded.

They also knew that the city of Troy was not easy to be breached. With the help of the Roman legions, it would be very easy for the city of Troy to be breached. The people in the city of Troy Treasures and women are waiting for them to claim it. With the arrival of the black-armored army in the Roman legion camp, the entire Roman legion camp is boiling. Black armor, devil masks, and powerful black-armored soldiers make the Roman legionnaires excited. The Roman soldiers who had never seen the black-armored army were shocked. No wonder the Roman legions worshiped the black-armored army very much. It turned out that the black-armored army was really very powerful. This was a much more powerful army than the Roman legions. He was tied to a wooden pillar. Hector, who was on board, also discovered the arrival of the black-armored army. He was very surprised when he saw the powerful black-armored army.

"How can this be? Why did Su Chen still have troops coming? These armies were even more powerful than the Roman legions. How could the Roman commander have such a powerful army?"

Dong dong dong dong.....

As groups of black-armored cavalry were taken away by Alice and the others, the beach war was about to begin.

After Natasha next to Su Chen saw the black-armored troops leaving, she looked at Su Chen and felt very incredible. She didn't know much about Chen.

She had also heard Alice and the others talk about Su Chen, a top noble in the continent and now the emperor of an empire. Even this bastard had a huge army, countless people, and a vast territory.

But Natasha was shocked by the troops she saw today.

These murderous troops were very elite, and it took countless wars to cultivate such a powerful army.

Natasha looked at Suchen and said silently,

"Your army is indeed strong"

"You don't have to say that."

Su Chen said angrily when she heard Natasha's words.

When Natasha saw Su Chen's arrogance, she clenched her fists and wanted to punch this bastard, "Bastard, can't you speak properly?"

Su Chen got angry and Natasha said with a smile,

"Come on, Natasha, you have to be prepared for an attack by the Trojan army tonight. If the beach war starts, the Trojan army will definitely be dispatched. Don't let our camp be attacked."

"I will guard against Troy, you don't need to tell me." Natasha rolled her eyes at Su Chen coquettishly and didn't want to talk to this bastard anymore.

"Okay, then I'm going to bed."

Su Chen waved his hands after hearing Natasha's words and prepared to go back to rest.

It's already midnight.

Su Chen didn't even have a good rest in Qilian City before coming to the foreign battlefield. He needs to have a good sleep now. Sleep. The city of Troy will be conquered tomorrow, and he will be needed to open the gate of Troy.

Su Chen must recharge his batteries and wait for tomorrow's war.

Natasha asked in confusion after hearing Su Chen's words, "go to sleep? There's a war tonight. How can you sleep?"

"I have arranged everything, you just need to follow my orders."

"Bastard, aren't you going to join this war?" Natasha didn't expect that the war was about to start tonight, but this bastard was going to bed. This made Natasha really speechless to this bastard.

Su Chen pointed at herself and said speechlessly, "I am the emperor. Have you ever seen the emperor charging into battle?"

Natasha was confused again.

This bastard is actually showing off his status as an emperor here.

This is a war in a foreign land, and people will die if they fail to complete the task.

Damn bastard.

Doesn't this bastard not care about her life or death at all?

Natasha watched Su Chen wandering back to the tent, which made her rub her head and feel helpless.

She had no choice but to deal with this bastard.

It seemed that the battle tonight would depend on Maximus and Alice. Those people.

But, why didn't Su Chen participate in this war?

She felt flustered.

Could this bastard do anything to make people feel at ease?

Wow oh oh oh.....

Around the beach camp of the Greek coalition, after Alice and the others were in place with their troops, the attack horn of the black-armored army sounded.

Dong Dong Dong Dong.....

The sound of the horseshoes of the black-armored cavalry rang. The black-armored troops on the left and right wings of the beach simultaneously launched an attack on the Greek coalition forces on the beach. Maximus and Laura, the horses on the front, also attacked the Greek coalition forces from a high position.

"Rocket ready, release!"

Swish swish swish".....

Countless rockets were fired at the Greek coalition camp. For a while, fires broke out everywhere in the Greek coalition camp.

"Enemy attack! Enemy attack! Meet the enemy quickly!"

"It's on fire, put it out quickly"

"There are enemy troops on the left wing. Hurry up and meet them!"

"There are enemies on the front, and there are enemies on the right. We are surrounded."

"Fight, fight with me!"

Chapter 1150

The Greek coalition is now in great chaos.

There are burning tents everywhere, panicked soldiers, scurrying horses, the generals of the Greek coalition shouting and cursing, and the soldiers in the Greek coalition are confused about where the enemy is and what they are. The army came and attacked them?

"The crossbow is ready, let go!"

Swish swish swish.....

Alice led 20,000 black-armored troops and rushed to the Greek coalition's security forces and began to massacre them. The black-armored troops held crossbows and shot and killed them one after another. The black-armored troops on horses, holding long swords and swords, slaughtered and fled to Greece in panic. Soldier.

The black armored army attacked the Greek coalition forces from three directions at the same time. This made the generals and kings of the Greek coalition forces not know which direction to fight the enemy. The panicked Greek coalition forces could not organize a large army to fight against the black armored army.

Just when the Greek coalition forces were in chaos, the soldiers of the Greek coalition forces suddenly discovered Achilles. They saw Achilles leading some Greek coalition forces towards the right wing, which made the soldiers of the Greek coalition forces shout and follow Achilles. Kill it

"Achilles, it's Achilles!"

"Achilles!"

"Achilles!"

"Go ahead and kill the enemy with Achilles!"

"Kill, Achilles, kill the enemy with Achilles!"

In the Greek coalition,

Achilles saw the Greek coalition being attacked. He hurriedly led his men to quickly attack the black-armored army.

The sneak attack tonight made him feel very bad.

The black-armored army he saw was not at all It's not the Trojan army and the Roman legion. He has never seen these armies wearing black armor and evil ghost masks.

But these murderous black armored armies are very elite.

Soldiers of the Greek coalition were killed when they met. , such an army is too powerful.

On the beach, more and more Greek coalition forces followed Achilles to kill on the right wing.

At this moment,

Selena, with her black-armored army, saw the Greek coalition forces coming towards her and was disdainful. smiled

"Get ready to kill!" woo woo woo woo.....

After the 20,000 black-armored cavalry heard Serena's order, all the black-armored troops lined up in formation on war horses and held long poles. Each long pole stood in front, ready to pierce the enemy at any time.

"rush!"

"Kill, kill, kill!"

Dong dong dong.....

As the horses started running, the black-armored troops charged directly towards the Greek coalition forces that broke out to the right.

Poof! Poof! Poof!..... bump bump bump bump bump bump bump bump bump bump bump

After the black-armored army collided with the Greek coalition forces, the soldiers of the Greek coalition were either penetrated by Changge or trampled to death by war horses. The black-armored army did not stop at all. Even the Greek soldiers who were lucky enough to escape would be killed. Killed by the black armored army coming from behind.

Woo woo woo.....

At this time,

Alice on the left and Maximus and Laura on the front also rushed into the Greek coalition camp. The chaotic Greek coalition was now filled with Greek soldiers fleeing everywhere. However, under the fighting between the black armored army and the Roman legions, the fleeing Greek coalition forces were also beheaded one by one.

"I surrender!"

"Don't kill me, I will surrender too!"

"Surrender, we surrender"

"Demons, these are demons, we surrender, don't kill us"

"By the gods, these are demons!"

"Surrender, I surrender!"

Pengpengpeng.....

In the Greek coalition, some Greek soldiers threw away their weapons and knelt on the ground and surrendered to the black-armored army and the Roman legions. They were all scared. These armies were demons, and they were no match for these armies.

On the right wing, after Selina saw a Greek soldier killing several black-armored soldiers, she rode on a war horse and killed him.

When Selina arrived in front of Achilles, she asked, "Are you Achilles? In the Greek coalition army The myth of invincibility?"

"woman?"

Achilles asked in confusion when he saw Serena blocking him in front of him.

He didn't expect that it would be a woman who led the army to attack the Greek coalition this time. This made Achilles very surprised.

"Do you look down on women?"

Selena frowned when she heard Achilles' words.

She didn't expect that the heroes of the Greek coalition also looked down on women.

However, when she saw there was a woman behind Achilles,

Serena smiled. He smiled and said, "Oh, you actually want to escape with a woman? It seems that you are also a lover"

"I don't kill women!"

"Then you will kill me too."

Selena was so angry with Achilles that a little scumbag actually looked down on her.

Serena ordered the surrounding black-armored troops who were preparing to surround and kill Achilles, "The black-armored troops obey the order. Give it to me, you go kill the other Greek coalition forces"

"Yes, ma'am!"

After the surrounding black-armored cavalry heard Serena's order, they saluted Serena and then started to kill other Greek coalition forces.

"Woman, you are seeking death!"

Achilles didn't expect that Serena wanted to stop them all by herself, but he and dozens of his men were here. This made him very angry and attacked Serena,

Bang!"

"What did you say?"

Selena quickly jumped up from the horse and kicked Achilles away.

For Achilles, an ordinary person,

Serena didn't care at all.

Although Achilles was much more powerful than some Greek soldiers, he didn't care about her. It was just a slightly powerful reptile, and she could kill him without even using her full strength.

"Go ahead, kill this woman!"

After Achilles' cousin saw Achilles being kicked down, he rushed towards Serena with a spear and shouted.

"court death"

"Moon step!"

"shave!"

[illegible]

Dozens of Achilles's men, before they could rush in front of Serena, were kicked away by Serena quickly.

Serena showed no mercy this time. At least half of the dozens of Achilles' men were kicked to death on the spot. If the remaining Greek soldiers had not been knocked away by other soldiers, they would have been killed by Serena one by one..

Achilles struggled to stand up with blood streaming from the corner of his mouth. He looked at Serena in surprise and asked, "Why are you so powerful?"

"Surrender or I'll kill you on the spot!" Selena has no skills and Achilles is chattering. She also wants to lead the black-armored army to destroy the Greek coalition. She doesn't want to waste time here.

Achilles was angry when he heard what Serena said. He yelled, "There is no way I, Achilles, will surrender!"

"oh? Then I must capture you, Achilles. If you don't surrender, I will kill all your men and that woman."Selena looked at the remaining Greek soldiers and a woman next to her and threatened Achilles.

Selina also heard Su Chen talk about Achilles,

Achilles in the Greek coalition, and Heck in the Kingdom of Troy. Oh, these two people, Su Chen has mentioned their names repeatedly, and Su Chen seems to be very interested in them. The eldest prince of Troy, Hector, has been captured alive by Alice, and

Serena wants to bring Greece to Greece too. The hero Achilles was also captured alive

"kill!"

"Still dare to kill? Then I will cripple you! Lanjie!"
