Chapter 1151

Achilles will not surrender.

Although this will put his men and cousins in danger, but not resisting and letting him surrender directly is not Achilles's style. Besides, if they are all captured, Life or death is not within their control. bump!

Before Achilles could reach Serena with his long sword, he was quickly kicked away by Serena.

And this time Serena didn't stop.

She ducked and came to Achilles again. Before Achilles could get up, Serena hit Achilles on the back of the neck. I was immediately knocked unconscious by Serena.

"All throw down their weapons and surrender, or Achilles will be killed by me."After Serena subdued Achilles, she looked at Achilles' men and threatened, snap! Snap!".....

More than twenty of Achilles' men immediately threw away their weapons and surrendered.

They knew that no matter how they resisted, they could not escape. Even Achilles was instantly defeated by this beautiful woman. It was impossible for them to defeat this woman, and there were many black-armored troops around them who were eyeing them.

"Catch them all."When Serena saw that these people had surrendered, she waved her hands to the surrounding black-armored troops and ordered,

"Yes, ma'am!"

After Serena went to capture Achilles' men in the black-armored army, she looked at the woman next to her and asked coldly,"Who are you? Why did Achilles take you to escape?"

The woman next to her hurriedly saluted Selina and said, "My name is Briseis, I am a priest of the Kingdom of Troy and the cousin of Hector, the great prince of Troy."

"Hector's cousin?"

Selina didn't expect that this woman turned out to be the cousin of Prince Troy, but how could she be with the Greek hero Achilles?

However, she didn't care about this,

Selina ordered to the soldiers of the black-armored army,

"Take her with you"

"Yes, ma'am!"

After Serena finished handling the affairs here, she mounted her war horse and continued to rush towards the Greek coalition camp. The Greek coalition forces have not been wiped out yet. She, together with Alice and Maximus, will destroy all the Greek coalition forces.

And now At that time, the fire on the beach was also discovered by the people on the wall of Troy.

The King of Troy and some nobles went up to the city wall to look towards the beach. The fire soaring into the sky made the King of Troy unaware of what was happening on the beach, but they were fighting fiercely. He heard the sound.

At this time, a scout ran over and said to King Troy, "King, it's the Roman legion and the Greek coalition who are fighting."

"What? How could the Roman legions go to war with the Greek coalition?"

The old King of Troy was very surprised when he heard the scout's report.

During the day, the Roman legion and the Greek coalition launched wars against the Trojan army.

Why did the Roman legion and the Greek coalition fight at night?

The scout continued to attack the old man. The king said, "King, yes.....It was the Roman legions that attacked the Greek coalition forces, and now a tragic war is taking place on the beach.

The old king thought for a moment and stood up suddenly. He ordered his second son Paris next to him, "Paris, you immediately lead an army of ten thousand Trojans to rescue your brother Hector, as well as Thetis and Helen.""

The old king thought that all the soldiers of the Roman Legion had attacked the Greek coalition forces, so there must not be many troops in the camp of the Roman Legion. He wanted to take advantage of this moment to rescue his eldest son Hector and Helen.

"Yes, Father!"

After hearing the old king's order, Paris hurriedly went down the city wall to summon the army.

This time, when he showed up, the Roman legion was attacking the Greek coalition.

There must not be many troops left in the Roman legion's camp.

He will definitely be able to rescue him this time. His brother and Helen

"Hope everything goes well!"

The old king said to himself worriedly when he saw Paris getting ready.

He frowned when he looked at the beach.

He still didn't understand why the Roman legion would attack the Greek coalition.

The Roman legion had a total of 30,000 troops. Even if the Greek coalition lost more than 20,000 soldiers during the daytime war, the Greek coalition still has at least 70,000 troops. Is the Roman legion with less than 30,000 a match for the Greek coalition? Why would the

Roman legions launch a war against the Greek coalition ? ? What is the purpose of the Roman legions coming to Troy this time?

In the Roman legion camp,

Su Chen was lying on the couch and looked at Sethis and Helen next to him and was very speechless.

Why are these two women still here?

These two women Does he dare to rest here?

Su Chen was worried that he would be assassinated by these two women after sleeping.

Su Chen waved his hands to Sethis and Helen and said, "You all go out and find a place to rest. I want Go to sleep. Helen knelt down directly to Suchen and begged, "Sir, please let Hector go. He is a good man. If you want to kill Paris, go to Troy City and kill Paris. Hector, please let him go."."

Su Chen said coldly with his eyes closed,

"Hector will be executed tomorrow. No matter what you say, nothing can change his fate. There are many good people in this world. Since Hector dares to make me lose face, he must die."

After hearing Su Chen's words, Sethis also knelt down and begged, "Sir, Hector also violated the duel to save his brother. I am willing to die for him. Please let him go."

"go out!"

"grown ups!"

"If you don't go out, I will ask the soldiers to ask you out."

Su Chen was speechless to these two women.

Su Chen originally wanted to imprison them, but Alice and the others felt that the war had nothing to do with women, and they did not agree to imprison these two women, but they wanted to keep them. This woman is really troublesome.

When Sethis and Helen encountered Su Chen's threat, they looked at each other and had no choice.

The commander of the Roman legion must execute Hector, which made them think of what to do now. Save Hector.

Sethis looked at Suchen and said to Helen with a complicated expression,

"Helen, you go out first!"

"Thetis?"

Helen was very confused when she heard what Sethis said.

She didn't know what Sethis was going to do.

Was he going to assassinate Suchen?

Or was he going to commit himself to Suchen to save Hector?

"get out!"

"good....All right!"

Helen nodded anxiously to Thaddeus, and she slowly exited the luxurious tent. She didn't want Thaddeus to do anything stupid. She really couldn't save Hector this time, and Helen didn't want to either. Sethis made a fool of himself.

Suchen also heard what Sethis said.

He didn't want to know what Sethis was going to do, but just because Sethis wanted to catch or assassinate him, could Sethis do it?

Even if Si wanted to assassinate himself, he probably wouldn't be able to break his protective aura.

At this moment,

Sadie took off her robe and slowly walked towards the cave, but her clenched hands betrayed her nervousness.

"I must save Hector, no matter what the cost, I must save Hector."

Chapter 1152

Outside the city of Troy at night, another war broke out in the Roman legion camp, but this time the war came and went quickly.

The Trojan army's sneak attack was discovered by Natasha in advance, even when the Trojan army attacked the Roman legion camp. , Natasha has commanded the Roman legions to surround the Trojan army that came to attack this time.

Only a few of the ten thousand Trojan troops who arrived fled.

The rest were either killed or captured.

This time, even the second prince of Troy was captured by Natasha.

The war launched by Natasha this time was a complete victory.

The sky was getting brighter, and the Roman legion's camp had returned to calm.

Three to four thousand Trojan army prisoners were being guarded together. After a busy night, Natasha walked towards Suchen's tent..

This time she wanted Su Chen to praise her.

Not only did Natasha destroy the Trojan army, she even captured Paris, the second Trojan prince that Suchen had always wanted to catch.

If that bastard Suchen didn't say a few nice words to her,

Natasha would kill Paris and not hand Paris over to that bastard Suchen.

"Why are you here?"

When Natasha arrived at Suchen's tent, she found the Trojan woman Helen walking around outside the tent.

This made Natasha very confused when she looked at Helen.

They also forgot to arrange the two women yesterday, but Why is there a woman outside the tent this time, and where is the other woman?

"I.....that....."Helen was very uneasy when she saw Natasha arriving.

She didn't know the relationship between Natasha and Suchen, but Thaddeus was still in the tent. She heard clearly what happened in the tent at night. If Natasha entered, If you enter the tent, you may see an unsightly scene.

Helen didn't know how to stop Natasha from entering the tent.

"Um? What about the remaining woman?"Natasha looked at the uneasy Helen and continued to ask,

"I....."Seeing that Natasha was about to get angry, Helen trembled and was speechless.

Natasha looked at Helen expressionlessly and was about to enter the tent. She now guessed that that bastard Suchen must have insulted another woman. This made Natasha very angry when she thought of this.

Just when Natasha was about to enter When they were in the tent, the centurion of the Roman legions guarding the tent stopped Natasha and said,"Madam, you can't go in without Lord Wu Xiang's order.""

"Get out of the way, I am now the commander of the Roman legion camp!"Natasha did not expect that the Roman legions would dare to stop her. She angrily ordered these Roman legionnaires.

The centurion of the Roman legions saluted Natasha and refused,"I'm sorry, madam, there is no such thing as Mr. Wu Xiang. Order, you can't go in"

"presumptuous!"

When Natasha saw that the Roman legionnaires were still refusing to get out of the way, she was so angry that she wanted to rush in directly.

"Guard!"

There were hundreds of Roman legionnaires guarding the tent around the tent. When they saw Natasha trying to break into the tent, the Roman legionnaires immediately used shields outside the tent to block Natasha who was trying to break into the tent.

"Madam, please don't embarrass us!"

"Damn it, you disobeyed my orders?"

"Sorry, madam!"

"asshole!"

Natasha has no choice.

These Roman legionnaires don't know how they were bewitched by that bastard Suchen. The soldiers of the Roman legion probably respect that bastard Suchen more than they respect Maximus.

Helen is watching from the side Looking at all this, I feel incredible.

Last night, this woman led the Roman legion to destroy the Trojan army that came to attack. Even Paris was caught by this woman.

But the Roman legionnaires here were not polite to this woman at all.

He did not obey this woman's order.

This made Helen feel that Suchen's position as the commander of the Roman Legion could not be shaken in the entire Roman Legion.

At this time,

Suchen came out of the tent, and he looked at Nata Sha called Haqie and asked,"Natasha, what do you want from me?"

"You shameless bastard, what have you done?"When Natasha saw Su Chen coming out, she yelled angrily,

"Didn't you guess it?"

"Scum! Shameless! You are a shameless person"

"Natasha, you don't need to worry about what I do. If you dare to speak rudely to me again, don't blame me for being rude to you."Su Chen threatened Natasha with an expressionless face.

He didn't want to do what he did last night, but who knows why he couldn't withstand the temptation. He can only blame that woman for being too proactive.

Su Chen thought about yesterday Things were very helpless at night.

But Natasha came to scold him early in the morning, which made Su Chen feel bad.

Even if he did those things, it was none of Natasha's business, Natasha It's not like Sha is her own person, it's up to Serena to take care of herself.

Natasha is nothing here.

Natasha glared at Suchen with anger on her face and turned around to leave.

She was also angry just now I'm confused, this bastard Su Chen is not her, and she really doesn't need to take care of anything this bastard does.

Besides, this is an ancient battlefield, and women are men's trophies.

No matter what this bastard does to the captured woman, It's a matter of course.

But!

Natasha remembered what the bastard Su Chen threatened her today. She will avenge this in the future.

She must make this bastard regret what he did today.

Su Chen saw Natasha Sha shook his head as he left.

He waved to Helen next to him and asked her to enter the tent. The woman in the tent still needed someone to take care of her.

Then,

Suchen asked the Roman soldier next to him about the war last night. After he got Knowing that Natasha not only destroyed the 10,000 Trojan army that came to attack, she even captured Paris, the second prince of Troy.

This was something Suchen did not expect.

Now that the two princes of the Trojan Kingdom were in his hands,

Su Chen Prepare to see if the Trojan King will open the city of Troy and surrender.

Suchen looked towards the beach and said to himself,

"I don't know how the war on the beach is going, but there are 50,000 black-armored cavalry and 10,000 Roman cavalry. The Greek coalition cannot be an opponent of the black-armored cavalry and Roman cavalry. The war on the beach should be over soon."

Su Chen thought for a moment and then ordered,

"Someone ordered 10,000 Roman legions to march towards the city of Troy. Take the two princes of Troy and their captives with them. I will execute them under the city of Troy."

"Yes, Mr. Wu Xiang!"

Chapter 1153

Under the wall of Troy,

Natasha led 10,000 Roman legions to the outside of the city wall, while the two princes of Troy and more than 3,000 captives were escorted by Roman legionnaires and knelt under the wall. They, the captives of the Trojan army, were waiting Let Su Chen deal with their final fate

"Hector, Paris."

On the city wall, the old king of the Kingdom of Troy saw that his two sons had been captured. This made him hold the wall and look at the two sons below the city with worry.

Wuwuwuwu.....

At this time,

Su Chen arrived on horseback.

He looked at the thousands of captives kneeling under the city of Troy and shook his head.

The war was cruel, but the life and death of these Trojans was none of his business.

Suchen looked at Troy City and shouted,

"King of Troy, open the city gates and surrender, otherwise your two sons will die under the walls of Troy."

The old king on the city wall shouted angrily when he heard Su Chen's words, "Roman commander, our Kingdom of Troy has no enmity against you, why should we start a war with Troy?"

"You Trojans violated the rules of the duel, and I, as a witness, was turned a blind eye by you Trojans. For my dignity and my glory, you Trojans must pay the price."

Su Chen said to the old king of Troy that he felt a little red in the face.

These were all his excuses.

However, this was the only way to launch a war against the Kingdom of Troy openly.

Su Chen had no choice.

Natasha next to her was speechless when she heard Su Chen's words.

She knew Su Chen's purpose and conspiracy.

What for dignity?

What for glory?

Does this bastard have dignity?

Does he have glory?

Natasha looked contemptuous. Then he blurted out to Su Chen,

"shameless!"

Su Chen looked at Natasha and yelled angrily,

"Damn it, Natasha, if you are talking bad about me, do you believe that I will not care about this war? If I hear you scolding me again, I will leave immediately with my army. I don't care how you want to break Troy."

"You go on, you go on, I won't say anything." Natasha's heart tightened when she heard Su Chen's words.

Natasha was really worried that if she offended this bastard, this bastard really didn't care about this war. Their team really didn't know that the city of Troy was easy to defend and difficult to attack. How to break through.

Natasha doesn't want to fail this trial mission and she will be killed.

"You really need to clean up!"

When Natasha heard Su Chen's words, she cursed in her heart,

【Damn you bastard, you are the one who needs to be punished. I have also recorded this. You bastard, wait, I will record all the insults you have given me. If I become stronger in the future, I will deal with you, this shameless person.】

"Someone came and executed these prisoners." Su Chen saw that there was no movement in Troy City, and there was no reply. Su Chen waved his hand and ordered,

"Yes, Mr. Wu Xiang!"

The soldiers of the Roman legion pushed the prisoners of the Trojan army to the ground one by one, while the soldiers of the Roman legion behind held long swords and began to execute them. The heads of the Trojan prisoners were chopped off one by one.

"I don't want to die, help me, I don't want to die!"

"King, save us, we don't want to die!"

"Don't kill me, I have surrendered, don't kill me"

"No, no, these are all done by Prince Paris and Prince Hector. It's none of our business. Don't kill us."

"Ah, I don't want to die, I don't want to die!"

The prisoners of the Trojan army were executed row after row, which frightened the Trojan soldiers who had not yet been executed and shouted.

Hector was tied to one side and saw the Roman legions executing Trojan prisoners one after another. He The man with his head full of veins yelled angrily, "Su Chen, you devil, the Trojan army has surrendered, why do you still want to kill them? Why?"

When Su Chen heard Hector's words, he waved his hand and told the Roman legions to stop the massacre.

More than three thousand Trojan prisoners were killed in just an instant, and five to six hundred of them were killed. The remaining Trojan prisoners turned pale with fear..

Su Chen looked at Hector and smiled and said, "Hector, who caused all this? It was your lecherous brother who caused this because you were trying to save a brother who was greedy for life and afraid of death."

"I will give you a chance to kill your brother Paris. I will let the captives of the Trojan army go safely. Otherwise, I will order the execution of all the captives here."

Paris turned pale with fright when he heard Su Chen's words. He was really afraid that Hector would kill him for these prisoners.

Hector looked at Paris with a pale face after hearing Su Chen's words. He gritted his teeth and shook his head and said,

"No, I won't kill my brother."

Su Chen was very disappointed when Hector refused.

He had already given Hector a chance, and not just once or twice.

Although Hector was a great hero, he was too pedantic. Brother, for the sake of a younger brother who brought disaster to the kingdom,

Hector would rather sacrifice these Trojan army prisoners than kill his brother. This made Su Chen very surprised. The Trojan hero Hector actually ignored the Trojan army. Are the soldiers alive or dead?

At this moment,

Helen and Sestis also arrived.

They originally asked Suchen to let Hector go, but after they heard what Suchen and Hector said, they did not think of Hector. He would risk the lives of thousands of soldiers for his brother.

For a moment,

Sethis and Helen didn't know what to do.

"Then don't blame me."

Su Chen shook his head at Hector, and he looked at the Trojan prisoners kneeling on the ground and said,

"Did you hear that, all you Trojan prisoners? Your great eldest prince, your lives are cheap. Your lives cannot be compared with the lives of the second prince. If you die, don't wrong me."

"The Roman legions obeyed orders and....."

Just when Su Chen was about to order the execution of these prisoners,

Sethis ran over from the Roman legion and stopped Su Chen, saying,

"Stop, Su Chen, you promised me one thing, please let these Trojan soldiers go."

Natasha curled her lips when she saw Sethis appearing.

This woman must be the woman who was bullied by that bastard Suchen. And listening to this woman's words, that bastard Suchen must have promised this woman some conditions. Now It depends on what this bastard is going to do.

Su Chen was speechless when he saw Sethis arriving.

Sethis had sex with him last night, and he also agreed to Sethis's condition. This is considered a reconciliation between the two of them.

Su Chen knew that she wanted to save Hector, but why did she want to save these captive soldiers today?

Su Chen looked at Thaddeus and asked coldly, "Thaddeus, don't you want to save Hector, the great prince of Troy?" I just agree to one condition. You have to think clearly about who to save?"

"I.....I....."

Chapter 1154

Thetis was stunned when she heard Su Chen's words.

She did those things to save Hector, but now Su Chen wants to kill three thousand prisoners of the Trojan army.

This made Thetis stunned for a moment.

To save Hector, more than 3,000 soldiers and captives would be executed, and to save these captives,

Hector would be killed.

Thetis slumped on the ground with a pale face, not knowing what decision to make.

Seeing Seth's dejected look, Su Chen shook his head and said, "You think about it yourself, I'll give you half an hour."

"many.....Thank you!"

Su Chen looked back at Natasha and ordered, "Natasha, ask the army to prepare five war horses. Paris, I will cut him into pieces."

"knew."

Natasha nodded hurriedly when she heard Suchen's words.

She didn't dare to offend this bastard now.

Paris fell to the ground in fright after hearing Suchen's words. He pulled at Hector next to him. He rubbed his neck and shouted loudly,

"No, no, I don't want to die, brother, brother, save me, they are going to cut me into pieces, please save me.

Hector struggled to stand up, but he was held down by the Roman soldiers and could not move. He yelled and cursed at Su Chen, "Su Chen, you devil, if you want to kill me, just kill me and let me go.

" younger brother!"

"Hector, you are really a brother-in-law, but you can't help me this time." Su Chen looked at Hector disdainfully, and he ordered to the Roman soldier next to him,

"Prepare for execution!"

Dong dong dong.....

At this moment, there was a sound of horse hooves in the distance.

When Suchen and Natasha looked into the distance, everyone on the wall of Troy also looked over.

The sound of horse hooves got closer and closer, and became more and more intensive. The huge sound of horse hooves shook the road surface.

After a while, a black figure appeared in front of everyone's eyes, and thousands of black-armored troops arrived quickly from a distance.

After tens of thousands of black-armored troops arrived, a black-armored cavalry general dismounted and saluted Su Chen,

"Netherworld Cavalry Legion, Legion Commander Li Jie meets the Young Master"

"The Netherworld Cavalry Legion meets the Young Master."

The more than 40,000 Netherworld Cavalry Legions all dismounted neatly and saluted Su Chen.

Su Chen looked at these Netherworld Cavalry Legions that had not yet been incorporated into the Xuantian Empire's combat legions.

He waved his hands and said,

"Everyone, get up!"

"Thanks, sir!"

Su Chen looked at Alice, Serena, and Laura and asked, "Where's Maximus? Why didn't he and his Roman cavalry arrive?"

"came, with Maximus leading the Roman cavalry and escorting the prisoners behind." Selena came to Su Chen and said with a smile.

Su Chen looked at the tired Serena and Alice and asked with a smile,

"How was this war?"

Serena laughed and said when Su Chen asked them,

"Haha, we won a complete victory in this war. We captured more than 10,000 people from the Greek coalition, and the rest were destroyed. We even captured several kings of the Greek coalition alive, as well as the Greek hero Aki. Reese was also captured alive by me"

"You guys are really awesome."

Su Chen didn't expect that Achilles didn't escape.

He thought that Achilles would escape in the dark night. He didn't expect that Achilles would be captured alive by Serena.

But what to do with Achilles?

Kill him?

Or Let him go?

Although Achilles is unruly, he has never done anything evil, and he has not even offended herself.

Alice looked at the hundreds of prisoners who were executed in front of her, and Troy who was tied up and prepared to be quartered. The second prince, she asked Su Chen in confusion, "Su Chen, what's going on?"

Su Chen looked at the city of Troy and said helplessly, "I'm going to kill someone to punish him, but the old king of the Kingdom of Troy doesn't surrender. I'm going to kill his second son first to show the old king."

"Isn't this too cruel?"

Alice frowned and said to Su Chen.

Su Chen hugged Alice's waist and said with a smile, "Little girl, I was very surprised when the word cruel came out of your mouth. Aren't things happening in the world more cruel now?"

"Forget it, I'm too lazy to care about you." Alice shook her head and said when she thought of those things in the world of Resident Evil.

Alice was just talking.

After all, in the Middle Ages here, the lives of civilians were at stake, not to mention the soldiers of these armies. If the battle was defeated, All soldiers will be executed, and the best result is to be demoted as a slave.

Besides, the world of Resident Evil is much crueler than these, and

Alice is used to seeing life and death.

Serena and Laura don't have much understanding of these. What to say, they just looked at each other when they saw Su Chen holding Alice. They knew that this bastard Su Chen would not let Alice go. Now this bastard might be going to take action against Alice.

Su Chen held Alice in his arms. Alice looked at the wall of Troy again and shouted, "Old King of Troy, I will give you another cup of tea. If you don't open the city gate and surrender, your second son Paris will be quartered by my horses."

On the city wall, the voice of the old King of Troy suddenly came over, "Roman commander, don't think about it. Even if you kill our two sons, I can't let you, a devil, enter the city of Troy."

"The execution was carried out immediately, and the second prince of Troy was quartered with five horses." When Su Chen heard the old king's words, he immediately ordered with an expressionless face,

"Yes, Mr. Wu Xiang!"

"No, father, I don't want to die, I don't want to die! Ahhhhh...." As the horse was whipped by the Roman cavalry, Paris shouted in pain to the old king of Troy.

When Hector saw his brother's miserable state, he yelled in horror, "Devil, you devil, you will definitely do it." You will definitely go to hell."

Su Chen sneered at Hector disdainfully,

"Go to hell? Even if I go to hell, I will be a king, and the demons in hell will not dare to go against my will."

Ah ah ah..... bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump.....

As the war horse neighed and pulled, Paris was completely pulled to death by the war horse. An arm and head were torn off first. Paris, the scourge of the war, was also completely dead.

"Paris!"

"Paris!"

After Paris died,

Hector and the old king on the city wall both screamed in grief.

Suchen ignored the sorrowful cries of Hector and the old king on the city wall.

He ordered to Alice and the others. , "Alice, Laura, Serena, Natasha, as soon as you all prepare your troops, I will open the gates of Troy after I finish handling the things here. You must lead the troops into Troy as soon as possible.

Serena asked worriedly after hearing Su Chen's words, "Su Chen, do you want to take action personally?"

Su Chen nodded and confirmed, "Well, the wall of Troy is too high. This time my army is all cavalry. It's better for me to open the gate of Troy and let the army rush in."

"But isn't your strength limited? Let's take a long-term approach. I don't want anything to happen to you."

"Yes, this is too dangerous. You'd better not take the risk yourself."

"Su Chen, don't do this. At worst, we can delay it for some time. Your strength is limited now, and we don't want anything to happen to you."

When Alice and the others heard Su Chen's words, they all tried to persuade him.

They all knew that Su Chen's strength was limited by heaven. Alice and the others did not want Su Chen to be injured for their mission, or even lose his life in the city of Troy.

Chapter 1155

Su Chen shook his head when he heard the words of Serena and Alice.

Although the way of heaven limited his strength this time, with his current peak innate strength, these Trojan troops cannot deal with him. Besides, although his teleportation Movement is also restricted within ten miles, so he can escape quickly if there is danger.

Natasha was very disdainful when she heard that Serena and the others were worried about Suchen.

She thought about what good this bastard could do. Every one of these women looked like they were devoted to this bastard. He was a philandering bastard. Such a man would give She won't even look at her.

Su Chen looked at Sethis and wanted to know what her final choice would be, but the time had not yet come, and

Su Chen did not force Sethis to make a choice now.

However, the Trojan War must be resolved today, and Su Chen didn't want to delay any longer. The foreign war in a few days was still waiting for him to complete.

On the wall of Troy, the old king was in a trance when he saw the black-armored army arriving again.

He now understood why the Roman Legion would sneak attack on the Greek coalition. There were so many troops in the Roman Legion, and the commander of the Roman Legion must also intend to seize the Kingdom of Troy..

Moreover, the commander of the Roman legion probably did not want to cooperate with the Greek coalition, so he destroyed the Greek coalition first.

The old king regretted letting his younger son rescue his eldest son, otherwise, his younger son would not have died so tragically.

With a gloomy face, the old king ordered the generals around him, "Order our Trojan army to be on guard. We must not let the Roman legions attack our city of Troy."

"Your Majesty, don't we save the eldest prince?" A fat general looked at the old king and asked with a frown.

The old king shook his head and looked at the sky and said, "It can't be saved. All this is the will of the gods. For the people of Troy, there is no way the Kingdom of Troy will surrender to that devil"

"Yes, Your Majesty the King!" woo woo woo woo.....

At this time,

Maximus's Roman cavalry escorted the prisoners of the Greek coalition and was too late.

The black-armored army and the Roman legions were lined up neatly outside the city of Troy, while the prisoners of the Greek coalition and the Trojan army were kneeling under the city of Troy. Each of these prisoners looked worried.

"Achilles? Why was he beaten so badly?" Su Chen was very speechless when he saw Achilles being brought to him. Achilles's nose was bruised and his face was swollen, but the fact that he was covered in blood made Su Chen feel pain just looking at him.

Maximus came to Su Chen's side. He smiled and said, "This Achilles was dishonest along the way. He might have been beaten by my soldiers."

"Brother, are all these prisoners going to be executed?"

"Forehead! It's up to you"

"You are so cunning, I have done all the bad things, so what will you do in the future?"

"Hahaha! I am following your orders and preparing to attack Troy."

"Forget it, I'm too lazy to care about you."

Su Chen was also speechless about Maximus.

Since meeting Maximus, Maximus has become more and more cunning. He is not as steady and honest as Maximus in Gladiator.

Achilles Looking at Su Chen with a bruised nose and face, he couldn't help but ask, "Are you the commander of the Roman legions?"

No one paid attention to him when he was brought here, and no one even interrogated himself.

This Roman commander kept talking to the Roman general, as if he had forgotten that there was another prisoner here.

This made Achilles, who had always been valued,... Very angry

"You can think so!"

Su Chen looked at Achilles and nodded and said,

"Why did you want to destroy the Greek coalition?"

"I couldn't stand the Greek coalition forces, so I destroyed them. Why do you have any objections?"

"you....."

When Achilles heard Su Chen's words, his head was full of black threads.

What does it mean that he can't stand it?

Is it okay to slaughter tens of thousands of troops at will if you don't like it?

Those were the most elite troops of the Greek coalition. Without those troops, the entire Greek countries would be shaken, and wars over territory and supplies would even break out. but!

Achilles had nothing to say when he thought of Su Chen's powerful army.

No matter which kingdom had such a powerful army, they would probably start a war willfully.

Seeing that Achilles had nothing to say, Su Chen shook his head and didn't want to talk to Achilles now. Achilles would be useful in the future.

Su Chen turned around and asked Maximus, "Maximus, have you completed the first task?"

"not yet?" Maximus frowned and shook his head when he heard Su Chen's words.

Su Chen didn't expect that the task of destroying the Greek coalition forces had not been completed. This made Su Chen very confused and asked, "Huh? The Greek coalition forces have been destroyed, why haven't they completed their mission?"

"I don't know about this either. Do we want to massacre all the soldiers of the Greek coalition?"

"First go and kill the kings of the Greek coalition."

"Forehead! All right!"

Su Chen saw Maximus leaving, and Alice and the others were preparing for the army. He looked at the confused Achilles next to him and ignored him.

At this time,

Sethis turned towards Su Chen. Coming here, she walked to Su Chen and lowered her head and said, "Commander, can you let Hector and Troy's prisoners go?"

"What do you think? Thaddeus, don't push yourself too far." Su Chen was very speechless when he heard Sethis's words. This woman has been thinking about this for a long time? Is it so difficult to choose one of the two?

Sethis lowered his head and whispered helplessly to Su Chen, "I know. But I.....I can accompany you again."

"I'll do it! Forget it, I can't bear it, you are too expensive." Su Chen was startled by Sethis.

This woman must be sick.

Why should she agree to a condition just once to accompany him?

Is his promise so cheap now?

Sethis' face was filled with emotion when he heard Su Chen's words. She stared at Su Chen with shame and anger, but she thought of Hector and the prisoners of the Trojan army, and Thetis did not dare to yell at Su Chen.

She knelt down to Su Chen again and begged, "Commander, please, these The army prisoners are not a threat to you. I will let Hector do nothing to you in the future. Just forgive them."

"Thaddeus, go and ask Hector if he will give up his hatred? Come to me again and tell me your answer!"

Su Chen felt helpless towards this woman.

He could only send her away from him now. He didn't want Achilles next to him to know too much, but Su Chen found that Achilles was listening with great interest.

After Thetis left, Achilles looked at Suchen and mocked, "Roman Commander, I didn't expect that you would have an affair with the wife of the Prince of Troy."

"Shut up or you won't even think about talking again." Su Chen heard that Achilles dared to taunt him, which made Su Chen step on Achilles' head and threaten him.

Achilles saw that this bastard dared to step on his head, which made him struggle and curse in anger. Said, "Asshole, move your stinky feet away from me. By the gods, I will definitely kill you.""

"Achilles, I heard that you also robbed a woman, who seems to be Hector's cousin. Do you think I could reward that woman to the soldiers in the army?"

"You win, Roman commander."

Chapter 1157

When Suchen heard Serena's words, he knew that Maximus had executed the old king and Hector.

The king and princes of the Troy Kingdom were all killed, and the city of Troy was captured.

Serena and the others' second mission would naturally be completed.

Su Chen ordered Serena beside him, "Selena, you and Alice gather together the prisoners of the Trojan army and the prisoners of the Greek coalition. I have use for those prisoners.""

"All right!" Su Chen looked at the remaining people after Serena left, Achilles, Thetis, Helen, Briseis

"Achilles!"

"My God, what have you commanded?"

I guess!

Is Achilles crazy?

When did he become a god?

Su Chen was very confused when he saw Achilles' respectful look now.

Is this all his fault?

Is Achilles mentally insane ? Is it abnormal?

Su Chen suddenly thought that Achilles must have seen him when he disappeared using teleportation ability in Troy City. Achilles wouldn't regard him as a god, right?

However, that's fine,

Su Chen also He can use his identity as a god to do some things, and he believes that Achilles will obey his arrangements.

"Achilles, you will command the army of Troy from now on, and you will command the surrendered Trojan army and the Greek coalition forces. However, you will be loyal to Queen Thetis, the new queen of the Kingdom of Troy."

"Yes, my God!"

Achilles bowed and replied when he heard Su Chen's words.

Su Chen looked at the surprised Thetis and smiled and said,

"Thetis, you will be the queen of the Kingdom of Troy from now on. I will give you some divine power so that you can protect yourself."

"you.....you are God?"

Whoosh!

Su Chen suddenly appeared next to Sethis and said with a smile,

"What do you think?"

"ah....."

Sethis was frightened by Su Chen's appearance.

She was very surprised when she looked at Su Chen.

Su Chen turned out to be a god?

She actually had a relationship with a god, and the god even wanted her to be the queen of the Kingdom of Troy.

Helen and Briseis were also frightened by Su Chen's sudden appearance.

They now believe what Achilles just said. They thought Achilles was talking nonsense just now, but now they know that Achilles may have known about it a long time ago. Su Chen is a god

"System, passing Navy Six to Sethis." Su Chen touched Sethis's head and said about the communication system,

"Ding, host, Navy Type 6 is being transmitted.....Ding, the transmission of Navy Type 6 is completed."

"Eat this."

Su Chen directly fed a Zhu Guo to Sethis.

Sethis couldn't master the Sixth Form of the Navy in a short time.

Su Chen also gave Sethis more than ten years of internal energy. With the help of Zhu Guo, Sethis Even if she has not completely mastered the Sixth Marine Style, no one in this world can match her strength.

Sethis now feels that she has huge energy in her body, and she even feels that she can break a huge stone with one punch.

This makes She looked at Su Chen and was very confused.

She knew that Su Chen must have sent her divine power, but why did Su Chen do this?

Could it be that Su Chen just wanted to have a night of fun?

"Forget it, you eat this too!"

Su Chen saw that Sethis kept looking at him, which made Su Chen feel sorry for Sethis.

He took out another beauty pill and handed it to Sethis. After all, they might not see each other again in the future. Su Chen was like this It was done to compensate Sethis.

Sethis looked at Su Chen with complicated eyes and asked,

"Are you leaving?"

"Yes, I'm leaving your world"

"Do you want to return to God Realm?"

"Well, so be it."

What the hell!

These ancient people are all insane.

Su Chen didn't expect that he would be regarded as a god just by teleporting. A real god can move mountains and seas and resurrect the dead. Su Chen didn't do that. Knowing this, he is not even a false god.

When SETHIS heard that Su Chen was going to return to the God Realm, she nervously asked Su Chen, "You.....will you come back?"

"Yes, but the time is uncertain."

Su Chen originally wanted to say that this world would never appear again, but that might be too cruel. Su Chen could only deceive SETHIS.

"That's good!"

SETHIS heard that Su Chen could come back, which made her feel better. She didn't know why, but everything Su Chen did for her made her view of Su Chen change. Later,

Su

Chen Chen asked Achilles next to him to receive the surrendered troops.

Su Chen was also preparing to go back.

If he didn't leave,

I'm afraid God would force them to leave.

In the square of Troy, the black-armored army and the Roman legions lined up. Here, Achilles also accepted the prisoners of the Greek coalition and the Trojan prisoners. Maximus and Alice were talking happily.

After Su Chen arrived, he said to Maximus, "Maximus, Ready to return. Seeing that Su Chen was about to leave in a hurry, Serena grabbed him and said, "Wait a minute, Su Chen, Natasha doesn't

have the method to practice physical skills yet. You can also teach Natasha the ability to practice physical skills.""

"All right!"

Su Chen nodded when he heard Serena's words.

He held down Natasha's head with one hand and passed the Marine Sixth Form over.

After all, Natasha will also be Serena's teammate in the future, and

Su Chen doesn't want to Treat one favorably.

After being taught the Sixth Naval Style by Su Chen, Natasha looked at Su Chen and nodded.

She would not thank this bastard, but Su Chen's strength surprised Natasha.

Natasha Sha felt that the physical skills in her mind were very powerful. No wonder Maximus and Alice both admired Su Chen and even blindly trusted Su Chen.

How powerful is this bastard?

Natasha It is unimaginable now.

Su Chen talked with Serena and the others for a while and then asked them to go back first. After all, they would meet again in a few days.

In the square of Troy City, a black hole suddenly appeared in the square,

Mark After Sims and Alice hugged Suchen, they led the Roman legions and walked into the black hole.

Seeing this, the troops and people of Troy knelt down one by one.

This was a miracle.

These armies are armies trained by God

"The black-armored army obeyed the order and returned!"

"Yes, sir!"

Su Chen ordered the black-armored army to go into the black hole after Maximus and Alice left.

Su Chen could have taken the black-armored army back into the system space, but he wanted the soldiers of Troy City to see the miracles with the people will also be beneficial to Sethis in ruling the Kingdom of Troy in the future.

Su Chen looked at Sethis and waved his hand and said, "Sethis, I am leaving, please take care of yourself in the future."

"I will!"

Satis looked at Su Chen and nodded a little upset.

Sadis's mood is very complicated now.

Although Su Chen killed her husband, he was very kind to her, even with divine power and divine objects. All given to her, Saidi felt that the chance of them meeting again in the future was probably very slim.

Whoosh!

When Su Chen entered the black hole, he sent another object to Saidi. Si's last legacy, I hope that Sethis can live well in the future.

Chapter 1158

Tianxuan Continent, Northern Continent.

Xudu.

When Su Chen came back from a foreign battlefield, he found that he was in a strange place, which made Su Chen suddenly confused.

Fortunately, he recovered the black-armored army in the black hole.

Otherwise, if the black-armored army appeared in this strange place, it would probably cause a war.

"Xudu? Xuchang? Is this Cao Cao's territory in the Northern Continent?"

Su Chen walked around this strange city. After hearing the conversations around him, he discovered that this was Xudu, the northern continent.

This made Su Chen feel very bad.

He was obviously in the west Why did the mainland enter the foreign battlefield and then go to Xudu in the northern continent?

Damn it, he still has many things to do in the western continent.

Damn it, he is so far away and he can't rush back now. It will take about a month.

In the tea shop,

Su Chen sat here depressed, drinking tea and thinking about what to do in the future.

Should he go back to the Western Continent?

Or stay in the Northern Continent for a while?

"Have you heard that Cao Sikong is going to launch an army to attack Tao Qian to avenge the old lady? I don't know how many people will die this time."

"well! Isn't it? If the war breaks out, our business will be even more difficult. The old lady was killed by bandits. Why do you think Cao Sikong wanted to attack Tao Qian, the governor of Xuzhou?"

"I heard that Tao Qian, the governor of Xuzhou, wanted to kill people and seize wealth, so Xuzhou troops rushed into the bandits and robbed and killed the old lady."

"We are all citizens of the city. We can't control these things, and we can't control them. We may lead to death."

"Yes, but it seems that Xuzhou Dongtao Governor asked Jingzhou for help. I wonder if Miss Yan from Jingzhou will help Xuzhou Tao Governor?"

"This is uncertain. Miss Yan of Jingzhou is a powerful prince. If Tao Jishishe has the capital, Miss Yan may send troops to help Tao Qian and Tao Jishi."

In the tea shop, some businessmen passing by were talking quietly to each other about Cao Cao's attack on Tao Qian. These businessmen were also very resistant to war. If a war broke out, their business would not be easy.

And Su Chen I was very interested when I heard what these merchants said.

Cao Cao wants to attack Xuzhou to avenge his father?

So Cao Cao has just occupied Yuzhou now. Cao Cao has probably occupied more than half of Yanzhou now. Xuzhou will not fall into Cao Cao's hands this time. Lu Bu, that troublemaker, would have a hand in Cao Cao's backyard at this time.

If Cao Cao's counselor Xun Yu hadn't been there,

Lu Bu might have snatched away Cao Cao's territory in Yanzhou.

And that girl Su Yan actually controlled Jingzhou.

This But what Su Chen didn't expect was that Su Yan's girl did not go to Qingzhou to meet Gai Nie. She actually developed and controlled Jingzhou on her own.

What about Liu Biao, the prince of Jingzhou?

Was he killed?

Or was he driven away?

Su Chen thought No wonder that girl wants to transfer her black bird army from the Western Continent to the Northern Continent. Is Su Yan trying to dominate the world in the Northern Continent?

"Who are you? You don't look like someone from the Northern Continent."

At this moment, a veiled woman came to Su Chen's table with some guards and sat down. She asked Su Chen in a cold voice, but the veiled woman discovered that Su Chen was out of place in Xuduli on the street, and even This man seemed to not know where he was, which made her interested in this gorgeously dressed Su Chen.

Su Chen didn't expect that there would be beautiful women chatting with him in an ordinary tea shop.

Shouldn't he be chatting with beautiful women?

Why ? Now it's the other way around?

Su Chen looked at this veiled woman and took a look.

She had black hair, a white dress, and a curvy figure. She just didn't know what her appearance looked like. However, with such a good figure and... Temperament, this veiled woman will definitely not be an ugly woman

"Miss, I didn't invite you to sit down. Don't you think this is bad?"

"Haha, this tea shop is run by my family. Do I still need your permission to open a tea shop in my home?"The veiled woman laughed when she heard Su Chen's words.

She now thinks this person is interesting.

She is a beautiful woman.

Although she is wearing a veil now, her temperament and figure have not attracted this person's attention. This makes her She felt that this person was not an ordinary person, even beautiful women were probably used to it.

When Su Chen heard the veiled woman's words, he smiled unexpectedly and said,"Uh! It's really not necessary. However, I am a guest in your tea shop now. It's not good for you to disturb your guests like this."

"I don't feel bad. What's your name?"The veiled woman spread her hands and said with a smile,

"My surname is Su"

"Su? Where's the name?"

"It seems that we are not that familiar, forget the names."Su Chen will not tell his name. If someone in the northern continent knows his name, I am afraid he will be in trouble along the way. The veiled woman nodded and did not continue to ask.

She introduced herself to Su Chen. , "My surname is Zhang, you can call me Miss Zhang"

"Your surname is Zhang? Aren't you Zhang Chunhua?"Su Chen blurted out after hearing the veiled woman's words,

"you.....You actually know me? Who are you?"Zhang Chunhua didn't expect that Su Chen knew her name, which made her immediately stand up and stare at Su Chen to question. The more than ten guards around her also looked at Su Chen warily.

If Su Chen did anything strange, they would They would draw their swords and kill Su Chen mercilessly.

I guess!

This woman turned out to be Zhang Chunhua.

She was the wife of Sima Yi, and she would also be the mother of Sima Zhao in the future.

Zhang Chunhua was not a simple woman, and her wisdom and knowledge were beyond ordinary people. , she was Sima Yi's good wife when she was young.

However, Zhang Chunhua's life was not good in his later years. Zhang Chunhua may have lost his luster due to old age. Sima Yi didn't like her and kept giving her a cold shoulder. Even Zhang Chunhua would be scolded when he went to see Sima Yi in his later years. Come on, that old banker is very heartless. Su Chen still doesn't know if Zhang Chunhua is married to Sima Yi, but Zhang Chunhua can actually do martial arts, and he is also an innate peak existence, which makes Su Chen very confused. Su Chen Seeing Zhang Chunhua looking at him warily, he smiled and said,

"Don't look at me like this, I just guessed it. Besides, you have so many guards, what will I, an ordinary person who doesn't know martial arts, do to you?"

"Say, what's your name? Where did it come from?"

Zhang Chunhua did not let down his guard against Su Chen.

Very few people knew her name. Besides, this was Xudu. Their family had just moved to Xudu a few months ago. How could this person named Su guess her name at once?

And he came to their tea shop to drink tea?

Did this person named Su want to attract his attention? But how could an ordinary person with no strength dare to attract her attention?

Su Chen took a sip of tea, shook his head and said, "I'm just a passerby. Tomorrow, no, we may part ways in a while, and we will never see each other again. Miss Zhang, why do you need to ask so clearly?"

"Mr. Su, do you think you can still leave?" Zhang Chunhua waved his hand for the guards to gather around him and said coldly,

"Um? Do you want to snatch me as your door-to-door son-in-law?"

"Shameless, you are dreaming!"

Chapter 1159

Zhang Chunhua did not expect that Su Chen would speak so frivolously, which made her have a very bad impression of Su Chen. If the bastard had not come from an unknown place, she would not bother to deal with this shameless man.

When Su Chen saw Zhang Chunhua who was about to get angry, he coughed quickly and said,

"Cough cough cough! Just kidding, Miss Zhang, we don't know each other, and we don't have any similar interests and ambitions. What about me? I'll take my Yangguan Road, and you'll cross your single-plank bridge. No one needs to worry about the other person. What do you think?"

"Not so!"

Zhang Chunhua said to Su Chen with a cold face under the veil.

It is even more impossible for her to let this bastard leave now. Not only does this bastard have an unknown origin, but he also dares to tease her. If Zhang Chunhua doesn't figure out the origin of this bastard, how can she Maybe let this bastard go?

"What do you want?"

"name? Where did it come from?"

"I said, Miss Zhang, we don't know each other, and we only have this one-time relationship. We won't see each other again after this time. Why are you so persistent?"

"If you don't tell me, I will report it to the official. I guess you must not have the ID to come to Xudu. If you don't have the ID in Xudu, you will be put in jail."

"Um? Xudu still needs proof of identity?"

Su Chen was very surprised when he heard Zhang Chunhua's words.

Why do you need proof of identity to enter a city?

This Zhang Chunhua couldn't have deceived him, right?

Zhang Chunhua smiled when he saw Su Chen's surprised look and said,

"Haha, I knew you didn't have identification. Now during the war, Lu Bu, Tao Qian, and Miss Yan from Jingzhou are all hostile to Cao Cao. You must have identification to enter Xudu, otherwise you will be regarded as The spies took him to prison for interrogation."

Damn it, why is Cao Cao so careful? He needs proof of identity even to enter the city?

Then does he also need to verify his identity when he returns home?

Isn't Cao Cao afraid that someone might disguise him and pretend to be a cuckold? ?

Su Chen stood up and was about to leave.

He didn't want to talk to Zhang Chunhua too much. This woman was too smart. Su Chen didn't want his identity to be seen through by Zhang Chunhua.

"I'm leaving. Miss Zhang, please help yourself."

Zhang Chunhua immediately stopped in front of Su Chen and threatened coldly, "Stop! If you dare to leave, I will let the guards catch you."

"My name is Su Haoren. I came from the Western Continent. Can I leave?"

Su Chen shook his head helplessly and casually said a false name.

He didn't care whether Zhang Chunhua believed it or not.

He just wanted to get rid of Zhang Chunhua quickly so he could leave here.

When Zhang Chunhua heard Su Chen's words, he cursed with anger on his face, "Su Haoren? Good guy? You bastard, why don't you call me Bastard Su? Do you think I will believe this bad name?"

Su Chen stared at Zhang Chunhua and asked angrily, "What the hell, Zhang Xiaoni, what do you want?"

Su Chen also wanted to teleport away directly, but leaving casually in front of so many people was too ostentatious, and there were many people in the world who knew about his teleportation ability. Su Chen didn't want his teleportation ability to be exposed here. Ability.

Zhang Chunhua smoothed her hair and said with bright eyes, "Leave with me. You will go to Xuzhou with me tomorrow."

"Why?"

"Your life is in my hands. If you don't leave with me, I will report you to the government."

"What are you doing in Xuzhou? Didn't Cao Cao want to attack Xuzhou? Aren't you looking for death?"

"I have business dealings with the Mi family in Xuzhou. Besides, my father is an official. Nothing happened to me along the way."

"Okay, I will go to Xuzhou with you tomorrow." Su Chen nodded in agreement after hearing Zhang Chunhua's words.

Su Chen thought about it and thought about it.

Miss Mi from the Mi family is Liu Bei's future wife. Maybe this time she can see the man who said "Women are like clothes."] Liu Paopao

"Um? Why did you agree?"

Zhang Chunhua didn't expect that Su Chen would agree.

This made her look at Su Chen and think that this bastard would not deliberately agree to her, and then he would find a chance to escape.

"Can I object?"

"Can't!"

"Then what the hell are you asking?"

"Rude bastard!"

Zhang Chunhua glared at Su Chen, then waved her hands and left the tea shop with the guards.

Su Chen saw how many guards were left and knew that he would not be able to leave. These guards were obviously waiting for Su Chen to catch up with Zhang Chunhua.

Su Chen shook his head and walked out of the tea shop. He was going to Xuzhou anyway, and he would not leave secretly at this time.

Han Empire, Xuzhou!

The current Xuzhou is a mess,

Cao Cao One hundred thousand troops were dispatched to attack Xuzhou, which made the old Tao Qian very flustered.

Although Xuzhou also had more than one hundred thousand troops, these troops were all old, weak, sick and disabled, and had no fighting capacity at all.

Cao Cao threatened to have a bloodbath Xuzhou,

Xuzhou's wealthy families and wealthy businessmen are now in private contact with Cao Cao. They are all worried that Cao Cao will also bloodbath their families.

Although Tao Qian knows the current situation in Xuzhou, there is nothing he can do.

Xuzhou originally relied on these wealthy families and wealthy businessmen. Support.

If these wealthy families and wealthy businessmen no longer support him,

Xuzhou may really have to change his surname.

Tao Qian was seriously ill and leaned on the couch. He coughed and looked at the important officials in Xuzhou and asked, "Ahem, everyone. Everyone talks about how we in Xuzhou can stop Cao Cao's army from attacking."

"Mr. Tao, Miss Yan from Jingzhou has not received a letter yet. I believe that Miss Yan will not refuse to save her."

"Well, although Miss Yan is young, our Xuzhou and Jingzhou have been on good terms in the past few months. Miss Yan will definitely send out troops to stop Cao Cao's attack."

"Mr. Tao, our envoy should have arrived in Jingzhou now. I might as well wait a few more days to see the situation."

"Yes, Mr. Tao, you have a good relationship with Miss Yan. Miss Yan will definitely not leave her alone, and our envoy may have just arrived in Xiangyang, Jingzhou. We can get the news as soon as the day after tomorrow."

"Mr. Tao, please take care of yourself. Miss Yan will definitely send out troops to save Xuzhou."

The important officials in Xuzhou all persuaded Tao Qian one by one.

These officials also saw that Tao Qian had a good relationship with Miss Yan from Jingzhou, so they did not find another way out. They were all waiting for the army from Jingzhou to arrive to save Xuzhou.

Jingzhou Miss Yan has hundreds of thousands of elite troops. If Miss Yan had not launched a war against other princes, the surrounding princes would have been wiped out by Miss Yan long ago.

Miss Yan's Jingzhou is now the most powerful in the Han Empire. The princes, even the powerful princes Yuan Shao and Cao Cao did not dare to offend Miss Yan of Jingzhou, and Miss Yan was the little princess of Huanyinfang, and all the masters of Huanyinfang were under the command of Miss Yan.

Tao Qian heard. His subordinates smiled and nodded at their words.

He had a good relationship with Miss Yan in private. He had even sent the beauties Miss Yan asked for long ago. If something happened in Xuzhou this time, he also believed that Miss Yan would not leave her alone.

"You are right, Miss Yan will definitely send troops to rescue Xuzhou."

"Tao Gong, what should Liu Bei do? Liu Bei has been lazy in Pei County and refused to leave. Should we send troops to drive Liu Bei away?"

Chapter 1160

In Xuzhou Prefectural Mufu,

Tao Qian frowned when he heard the words of his general Zang Ba.

He did not want to take Liu Bei in. Since Liu Bei escaped from the alliance of princes, it can be said that all the princes do not want to see Liu Bei.

Liu Bei had come to Xuzhou to seek refuge with him, and

Tao Qian took him in for a while because of Lu Zhi's sake.

However, he did not expect that Liu Bei would start recruiting troops in Peixian County, and he had no intention of leaving Peixian County at all.

This made Tao Qian very angry.

Xuzhou Biejia Mi Zhu smiled when he heard Zangba's words and said,

"Mr. Tao, we actually don't need to worry about Liu Bei now. Cao Cao wants to attack our Xuzhou, and Pei County will bear the brunt. If Liu Bei can resist Cao Cao's army for a period of time, it will also be good for our Xuzhou. Chen

Deng, a nobleman from Xuzhou, nodded and agreed,

"Yes, let Liu Bei resist Cao Cao's attack for us first. If Liu Bei is defeated, we can also expel Liu Bei from our Xuzhou."

Other officials also nodded in agreement. With Liu Bei's army resisting Cao Cao's army first, they can also have a lot of time to prepare for the war, and even have time to wait for Miss Yan's army to arrive for rescue.

Tao Qian heard what his men said. Liu Bei agreed and said, "Okay, let's decide like this. I hope Miss Yan's army will arrive soon."

"Everyone,"

"You all should go back and think about what I said before. If Miss Yan can really take over Xuzhou, it will be good news for us in Xuzhou."

"Under the rule of Miss Yan, the people of Jingzhou live and work in peace and contentment, and the people are prosperous and the military is strong. If Xuzhou is also ruled by Miss Yan, I believe Xuzhou will get better and better in the future."

"I am already old, and none of my sons are suitable to manage Xuzhou. You all should go back and think about it carefully."

The officials, nobles and nobles in Xuzhou surrendered and left after hearing Tao Qian's words.

They had already decided.

It would be much better for Miss Yan to rule Xuzhou than for Tao Qian to rule Xuzhou, but Tao Qian After all, they are still the governor of Xuzhou. Although they agree with Miss Yan to take over Xuzhou, they can't show it now. In

Pei County, Xuzhou,

Liu Bei was restlessly walking around the room, while Zhang Fei and Guan Yu were sitting next to them. An ugly expression on his face.

Cao Cao's army is about to reach the border of Xuzhou. If Cao Cao's army arrives, Peixian County will be the first to stand in front of Cao Cao's army.

Liu Bei and Guan Yu are now discussing whether to escape Xuzhou?

Escape from Peixian County?

Zhang Fei looked at Liu Bei walking around and puffed his beard and said with a glare,"Brother, let's escape. Cao Cao has dispatched an army of 100,000 troops. We only have 3,000 troops now. There is no way we can be Cao Cao's opponent.""

Guan Yu next to him also nodded in agreement,"Well, the third brother is right, we cannot have a war with Cao Cao, our army is too small, and we cannot help Xuzhou Tao Qian fight this war with no chance of winning. Liu

Bei sat down, waved his hands and sighed,

"well! Second brother, third brother, I understand all this, but we finally have a territory. If we abandon Peixian now, where can we go? I am afraid that none of the princes in the Han Dynasty will take us in."

"Then we can't stay in Pei County and wait to die!"Zhang Fei took a sip of wine and said loudly to Liu Bei.

Liu Bei thought about it and said resolutely,"Don't worry, if it doesn't work, we will go to Cao Cao first. I don't believe Cao Cao dares to kill me. After all, I belong to the Han Empire. Emperor's uncle"

"Brother, what if Cao Cao captures us and sends us to Jingzhou?"Guan Yu was worried and hurriedly reminded Liu Bei.

Liu Bei smiled when he heard Guan Yu's words.

He had seen through Cao Cao a long time ago. When he took the Emperor of Han back to Xudu from Cao Cao, Cao Cao showed his ambition to dominate the world. Now He even coerced the emperor to order the princes.

Miss Yan was Cao Cao's number one enemy, and

Liu Bei was Miss Yan's enemy. Cao Cao would not be able to hand him over to Miss Yan. Liu Bei was very sure of this.

"No, Cao Cao is a tyrant, even a traitor. There will definitely be a conflict between him and Miss Yan of Jingzhou, or a war will break out. It is impossible for Cao Cao to send me to Jingzhou to hand over to Miss Yan."

Guan Yu and Zhang Fei nodded after listening to Liu Bei's words.

They didn't understand any of this. However, as long as it was decided by Liu Bei, they would support it unconditionally.

At this moment, in a military camp less than a hundred miles away from Xuzhou, one hundred thousand Cao Cao's army was temporarily stationed here. It was getting late now, and Cao Cao's army did not continue to march towards Xuzhou after dark.

In Cao Cao's tent,

Cao Cao and many generals discussed the attack on Xuzhou tomorrow, but here many of the generals are preoccupied

"Lord, our army will arrive in Xuzhou tomorrow. However, if Miss Yan from Jingzhou sends out her army, will we really have a war with the Jingzhou army?"

"Yes, my lord, Jingzhou's army has hundreds of thousands, and they are all very elite troops. If there is a war between us and the Jingzhou army, I am afraid that the Jingzhou army will launch a full-scale attack on our Yuzhou and Yanzhou, and we may not be able to defend it by then. Live in Yuzhou and Yanzhou"

"Lord, we cannot be against Miss Yan from Jingzhou, at least we cannot be against Miss Yan from Jingzhou until we are strong."

"Yes, if we turn against Miss Jingzhou Yan now, I'm afraid Jingzhou's army will really launch a war against us."

In the big tent,

Cao Cao's generals all tried to persuade Cao Cao.

These generals knew how powerful the Jingzhou army was. Although Miss Yan of Jingzhou had not launched a war against any princes, this does not mean that Miss Yan would not launch one. War.

Tao Qian of Xuzhou is Miss Jingzhou Yan's lackey.

If Miss Yan sends troops to rescue Xuzhou in this war, their generals don't want to start a war with Jingzhou at this time.

Cao Cao looked at the generals in the tent and said bluntly. ,

"I know all this, but that Miss Yan is not in Jingzhou. We just want to capture Xuzhou before Miss Yan has time to react. Tao Qian in Xuzhou must die. There is no way I will not avenge my father."

Cao Cao is also very worried that Miss Yan from Jingzhou will interfere, but it is impossible for him not to take revenge. If his father is killed and he is indifferent, then what kind of face does Cao Cao have in the world?

Cao Cao has been sending people to pay attention to Jingzhou. Under all circumstances, Miss Yan from Jingzhou is now in Yangzhou, and this is his opportunity.

Cao Cao just wants to take Xuzhou before Miss Yan knows about Xuzhou.

Even if Miss Yan from Jingzhou knows that he is attacking Xuzhou, she will dispatch I am afraid that the army will not be able to rescue Xuzhou in time. It will take at least a month to gather the army from Jingzhou and then to Xuzhou.

In this month, he will have destroyed the scumbag army in Xuzhou long ago, and Xuzhou will be bloodbathed by his army. Tao Qian will die in his hands

"My lord, we can't do anything to Lu Bu. Lu Bu won't stay in Xiapi City honestly."

"Don't worry, Lu Bu is a prodigal dog. He doesn't dare to launch a war against me at this time."
