### Chapter 1161

In the big tent, a weak scholar with a pale face reminded Cao Cao that although he knew that Cao Cao was unwilling to listen to his persuasion, he still reminded Cao Cao that after all, he was now Cao Cao's adviser.

If something unexpected happens in Yanzhou,

I am afraid that this war in Xuzhou will also end in an anticlimactic manner.

When Cao Cao heard Guo Jia's words, he waved his hand and said, "Feng Xiao, Lu Bu will not launch a war against us at this time. He has too much time to take care of himself."

Guo Jia, a weak scholar, frowned and continued,

"Lord, we don't have many troops in Yuzhou and Yanzhou to defend Lu Bu. We have mobilized seven layers of troops to attack Xuzhou this time. If Lu Bu launches a war at this time, Yanzhou may be captured by Lu Bu, and Yuzhou will also be very dangerous."

"Haha, Fengxiao, Lu Bu only has 5,000 troops, how could he possibly attack Yanzhou? You are worried more than you should this time."

Cao Cao felt that Guo Jia's worries this time were unnecessary.

Although Guo Jia was smart and talented,

Guo Jia was still too young.

Lu Bu was a lost dog.

It would be good if he didn't pray for other princes to attack him.

"Lord, what if someone cooperates with Lu Bri?"

"Okay, Fengxiao, don't worry about Lu Bu, we still discuss how to conquer Xuzhou as soon as possible."

Cao Cao didn't take Guo Jia's reminder to heart.

He is now bent on attacking Xuzhou and bloodbathing Xuzhou!

Kill Tao Qian!

Avenge his father.

Guo Jia saw that Cao Cao didn't listen to his advice and had nothing to do. After all, he just did what he said. Cao Cao's military adviser, and there was nothing he could do if Cao Cao didn't believe him.

At night,

Xu Du, Zhang Mansion!

When Su Chen came to Zhang Chunhua's mansion, he went directly into a room to rest. He didn't want to be with Zhang Chunhua, that wise and seductive woman. Too much contact.

Su Chen communicated about system problems while lying in bed, "System, why did I appear in the Northern Continent this time?"

"Ding, this is not something the system can decide. This time the host appears in the Tiandao Black Hole in the Northern Continent."

"Then how come I returned to my original place during the last foreign war?"

"Ding, the system doesn't know!"

I guess!

The system is also broken.

How come you don't know anything about it?

Su Chen closed his eyes and stopped asking. Foreign wars are beyond the control of the system. Foreign wars controlled by the law of heaven may not be penetrated by the system, either. I wonder if the system will be able to control foreign wars in the future?

Su Chen was lying on the bed boredly using his mental power to explore the situation in Xu Duli.

Suddenly, he discovered the situation in a building, which made Su Chen check it carefully.

"Huh? That should be Xu Du's palace. Why does the little emperor look like his parents are dead? oh! His parents are dead."

Su Chen saw the little emperor crying and walking around outside a room.

He was very curious.

When Su Chen checked the situation in the room, Su Chen was dumbfounded. He did not expect that someone would be in the little emperor. Su Chen found it very unbelievable that the young emperor's woman was about to be raped in front of him.

Su Chen felt that it was impossible for Cao Cao to attack the young emperor at this time.

Could someone have raped the emperor's woman without telling Cao Cao when he went to attack Xuzhou? Did you start?

Su Chen teleported and disappeared into the room. He wanted to see who had the courage to attack the little emperor's woman.

In the Xudu Palace, the little emperor Liu Xie clenched his fists and looked angry. Outside a room, he felt very heartbroken when he heard the shouts in the room.

But there was nothing he could do.

The entire palace was under Cao Cao's men, and the person who wanted to insult his queen was Cao Cao's son. Liu Xie just broke the door Even if you go in, you will be beaten out. He hates Cao Cao now.

Liu Xie swore that if he had the ability in the future, he would definitely destroy the nine tribes of Cao Cao.

In the room,

Cao Cao's son Cao Pi was very excited now.

He had long been jealous of the little one. The emperor's queen has been coveted for a long time. Ever since he saw the little emperor's queen, he has been trying to find a way to enjoy it.

This time his father went to Xuzhou to fight, which gave him the opportunity to have a kiss with the little queen in the palace.

Cao Pi watched Seeing the frightened little queen screaming, she laughed and said, "Haha, little beauty, no one can save you, just serve me once, otherwise your life will not be easy in the future."

When the little queen Fu Shou saw Cao Pi starting to touch her, she hurriedly dodged and cursed, "Cao Pi, I am the empress of the Han Dynasty. How dare you do this to me? Aren't you afraid that His Majesty the Emperor will punish your Cao family? Nine tribes?"

Stab it!

Cao Pi pulled off a section of Queen Fu's dress and said with gleaming eyes,

"Empress of the Han Dynasty? Kill the nine tribes? This is Xudu, the territory of my Cao family, little queen, can't you see the formality clearly? The little emperor is outside. Do you think he dares to come in and save you?"

Cao Pi swallowed when he saw Queen Fu's exposed snow-white skin. Queen Fu was much more beautiful than his wives and concubines, especially Queen Fu's identity aroused Cao Pi's beastly desires. Queen Fu hurriedly covered her hands. The exposed skin was hidden away.

She was very sad now. The emperor was outside the room, but she had been asking for help for so long and the emperor did not dare to come in. This made Empress Fu completely give up on Emperor Liu Xie. The queen looked around and was about to commit suicide. She could not let this shameless pervert taint her.

While looking for a tool to commit suicide, Empress

Fu asked Cao Pi angrily,

"Are your Cao family planning to rebel?"

When Cao Pi heard Queen Fu's words, he laughed with disdain and said, "Rebellion? Isn't that prince of the Han Empire plotting rebellion now? Little queen, be obedient and let me play with you. Maybe I will ask my father to let you live in the future."

"Don't even think about it, I won't let you insult me even if I die." Empress Fu was about to hit the wall and die with a livid look on her face, but she suddenly discovered that a person had appeared in the room at some point.

This made Empress Fu look at the sudden appearance of the person in confusion.

Su Chen saw the little boy in the room. When the beauty spotted him, he smiled and asked Cao Pi, who was still looking at Empress Fu with a lustful look,

"Boy, you are really good at playing!"

Su Chen didn't expect that this beautiful woman turned out to be Queen Fu, but Queen Fu was so beautiful at such a young age. No wonder Liu Xie was very sad after the death of Queen Fu.

"who?"

When Cao Pi was about to catch the Queen Fushou and enjoy it, he suddenly heard a strange voice. This time he came to the palace secretly, and there were his trusted subordinates outside, but why was there still someone in the room? Is there anyone else's voice?

Cao Pi turned around quickly and wanted to know who dared to disturb him, "Who are you? How did you get in?"

"Of course I walked in." Su Chen looked at Cao Pi and pointed to the door of the room and said with a smile.

When Cao Pi heard Su Chen's words, he looked arrogant and yelled, "Asshole, who are you? I am Cao Pi, the son of Cao Sikong. Don't you want to live if you dare to appear here?"

Bang!

Su Chen kicked Cao Pi away with one kick.

He saw Cao Pi hit the wall and vomited blood and fell to the ground.

Su Chen walked over and stepped on Cao Pi's head and threatened, "Little thief Cao Pi, you are quite arrogant. Yes, aren't you afraid that I will kill you?"

Chapter 1162

Su Chen also never expected that it would be Cao Cao's son Cao Pi who was plotting against Queen Fu. This Cao Pi was really the true successor of Cao Cao.

He was so lustful at a young age, and he boldly attacked the Empress of Han Dynasty.

This was something that even his father, Cao Cao, did not dare to do. Cao Pi was more capable than his father.

Can such a person become emperor in the future?

This made Su Chen look down on Cao Pi very much. He was just a dandy. If it weren't for the help of Sima Yi behind him, Cao Pi might not be able to become the emperor even until his death.

"Let me go, let me go quickly, or I'll kill you!" Cao Pi shouted when Su Chen stepped on him,

"If you make any more noise, I will trample you to death!"

"ah! I'm silent, let go, let go!"

"The little thief Cao who is afraid of death!" Su Chen let go of his foot on Cao Pi's head and quickly tapped his acupuncture points.

Su Chen looked at Queen Fu who was still stunned next to him and shook his head.

This little queen must have been scared to death. He wouldn't even save her. Say thank you, but the little queen is really beautiful, especially the disheveled look now, which makes her look very attractive.

Su Chen said to the still confused Queen Fu, "Little Cao, let me help. Now that you've dealt with it, you still need to think about how to tell the little emperor what happened just now, and how to explain to Cao Cao the disappearance of his son."

Empress Fu reacted when she heard Su Chen's words, but when she heard that Su Chen was going to kill Cao Pi, Empress Fu was worried and asked, "You..... You want to kill Cao Pi! Su

Chen nodded and confirmed, "Of course, this little Cao thief staying here is also a disaster. It would be better to kill him.""

Cao Pi fell to the ground and heard that Su Chen was going to kill him.

He was so frightened that he peed.

Cao Pi had not enjoyed enough of his glory and wealth. He didn't want to die like this. It was just that Su Chen tapped his acupuncture points.

Cao Pi was Even if she wanted to beg for mercy, she couldn't open her mouth.

Empress Fu hurriedly said to Su Chen,

"But he is Cao Cao's son after all. If we kill him, His Majesty the Emperor and I will be killed by Cao Cao."

Empress Fu no longer thinks about her status as a queen.

After Cao Pi's explanation, she also knows that the emperor is just a puppet in Cao Cao's hands. If Cao Cao is unhappy, no one will dare to say anything no matter what he wants to do with the emperor.

Su Chen After hearing Queen Fu's words, she smiled and said,

"Don't worry, Liu Xie is still useful to Cao Cao. It's impossible for Cao Cao to kill Liu Xie and you. You just need to tell Cao Cao the truth. Anyway, Cao Cao can't do anything to me."

The little emperor is very useful to Cao Cao now.

It is impossible for Cao Cao to kill the little emperor and the little queen for a dead son. If

Cao Cao wants to unify the Han Empire, it is impossible to kill the little emperor.

If Cao Cao dares to kill the little emperor, I am afraid that other princes of the Han Empire will unite to destroy Cao Cao.

After all, those princes are still ministers of the Han Empire in name. If the emperor is killed, if those princes do not show their expression, I am afraid that even the noble families and nobles will let the princes They united to destroy Cao Cao. Regicide was a very serious matter in ancient times.

Empress Fu was relieved when she heard Su Chen's words.

She was worried that after Su Chen killed Cao Pi in the palace, this would not only affect her family, but also The emperor will also be implicated.

Although she has given up on the emperor, the emperor is the emperor of the Han Empire after all, and she does not want the emperor of the Han Empire to die because of her implication.

"May I have your name?"

"Why meet before? We will meet again if we are destined, bye!" Su Chen waved his hand to Queen Fu and disappeared into the room with Cao Pi.

Su Chen didn't want to say anything more to Queen Fu. Today he came to meddle in the business here on a whim. He will never have anything to do with Queen Fu again in the future. There is no point in leaving a name after any intersection.

Empress Fu was very surprised when she saw Su Chen disappearing with Cao Pi in an instant. Although Empress Fu felt that Su Chen was a charlatan, such a charlatan was too much. Stronger.

Empress Fu shook her head and abandoned these thoughts.

Now she wanted to think about how to explain Cao Pi's disappearance, and even prevent Cao Cao from murdering her family and the emperor.

As for her relationship with the emperor?

Empress Fu also saw it After it was opened, she would no longer have any hope for Emperor Liu Xie in the future, but how could she leave this deep palace courtyard?

In Zhang's Mansion,

Su Chen returned to his room again, and Cao Pi had his neck broken by Su Chen He was thrown into Cao Cao's house. Cao Cao's house was probably in chaos now.

The next day,

Su Chen was called by Zhang Chunhua early in the morning.

They were going to Mi's house in Xuzhou today, and

Zhang Chunhua wanted to get there as soon as possible. Rushing over, the war was about to start. She was worried that the goods she ordered at Mi's house would be robbed by the rebels.

When setting off,

Zhang Chunhua suddenly discovered that Su Chen had entered her carriage, which made her very angry. Su Chen yelled, "You bastard, why did you get on the carriage? Get down quickly."

Su Chen got on the carriage and lay down on the couch and said ruthlessly, "I didn't get a good rest last night. I want to sleep in the carriage again. If you don't want to ride with me, just get off by yourself."

"Damn it, this is my carriage, get out of here." Zhang Chunhua pulled Su Chen to drive this bastard away, but Zhang Chunhua pulled Su Chen several times and failed to pull him away. This made her feel very incredible when she looked at Su Chen. She was at the peak of her cultivation level, and Su Chen was just An ordinary person without any cultivation strength.

How could Zhang Chunhua not be able to win over an ordinary person?

Is this bastard hiding his cultivation level?

"Don't even think about it!

Zhang Chunhua looked at Su Chen and asked in surprise, " You.....You actually know martial arts?"

"I'm not a good person, I'm just born with supernatural powers, I just have more strength." Su Chen rolled his eyes at Zhang Chunhua and said casually,

"You bastard!"

Zhang Chunhua nodded when she heard Su Chen's words.

She didn't feel the fluctuation of internal energy in Su Chen's body, which made her no longer doubt this bastard.

It's just that this bastard refused to get off the carriage, which made her very She was helpless.

Zhang Chunhua did not rush Su Chen out of the carriage.

She and Su Chen sat in the carriage together. Under the protection of hundreds of guards, the carriage drove slowly towards the Xudu City Gate.

When they arrived at the city gate ,

Zhang Chunhua's carriage and guards were intercepted by soldiers at Xudu City Gate,"Stop, the carriage will be inspected!"

Zhang Chunhua was staring at Su Chen in the carriage.

This bastard not only got into her carriage, but even occupied her soft bed to sleep. This made her want to beat this bastard very much, but the chaotic sounds outside made her mood... The bad Zhang Chunhua asked outside angrily,"What happened?"

A guard saluted the carriage and said,"Miss, Mr. Cao Pi was killed last night, and the city guards will now check the carriages leaving the city."

"What? Cao Pi was killed? How can this be?"

Chapter 1163

Zhang Chunhua was very surprised when he heard that Cao Pi was killed.

Cao Pi was one of Cao Cao's favorite sons.

Cao Pi was killed when Cao Cao went to Xuzhou. Cao Cao would be very angry if he knew about it, and Xu Du didn't know what to do. How many innocent people died in this turmoil.

When Zhang Chunhua saw that Su Chen was still sleeping soundly, she pushed Su Chen angrily and shouted, "Wake up, didn't you hear what the guard said? Why are you still sleeping?"

"What does Cao Pi's death have to do with me? Why can't I sleep?" Su Chen opened his eyes and said helplessly.

Su Chen didn't care how the city guards tried to check. Even if he stood in front of these city guards, it was impossible for the city guards here to know that he killed Cao Pi.

Besides, there was another person here. The official lady Zhang Chunhua was here, and the city guards here did not dare to interrogate him too much.

Zhang Chunhua was speechless at this bastard.

She pulled Su Chen and wanted to get off the carriage and let the city guards come and check.

"The city guard wants to check the carriage. You and I get off the carriage."

Su Chen shook off Zhang Chunhua's hand and continued to lie down and said, "Just check, I want to sleep, you let the city guards check at will."

"you.....What a jerk." Zhang Chunhua was very confused when she saw Su Chen throw away her hand.

She didn't expect that this bastard would dare to throw away her hand.

In Xudu, there were countless people who wanted to see her and even want to kiss her, but this bastard actually disliked her and threw away her hand?

Is this bastard still a man?

Zhang Chunhua glared at Su Chen angrily and got off the carriage. She wanted to be quiet now, and she didn't want to see it for the time being. This bastard.

Just when Zhang Chunhua was angry with Su Chen, a man's voice suddenly came over,

"Miss Zhang, didn't you expect that you would also want to leave the city?"

Zhang Chunhua heard someone calling her.

She turned around quickly and saw a weak and gloomy scholar. This gloomy scholar was walking towards her under the protection of more than ten guards.

"Sima Yi, why are you here?"

Zhang Chunhua didn't expect to meet Sima Yi here. This Sima Yi once went to her house to propose marriage. Zhang Chunhua couldn't stand him very much.

Sima Yi's gloomy look also made her feel very uncomfortable.

She would not agree to marry him. To Sima Yi.

But her father valued the Sima family very much and also intended for her to marry Sima Yi. She was very irritable these days.

Sima Yi smiled at Zhang Chunhua and said, "I also want to go to the city. Miss Zhang is going There?"

"Xuzhou!"

Zhang Chunhua replied coldly with a cold face under the veil.

Sima Yi didn't care about Zhang Chunhua's attitude.

He also knew that Zhang Chunhua had a cold look and kept away from strangers.

However, only such a woman is worthy of his pursuit.

Wisdom Extraordinary!

Beautiful appearance!

Perfect figure!

Sima Yi is bound to win over Zhang Chunhua

"oh! I understand, the goods ordered by your Zhang family in Xuzhou have not been delivered yet. I think you are worried that the war in Xuzhou will cause the gangsters to rob your Zhang family's goods. Miss Zhang is going to deliver the goods in person this time. those goods"

"Sima Yi, you are still so smart!"Zhang Chunhua unexpectedly glanced at Sima Yi and said coldly.

Zhang Chunhua did not expect that Sima Yi could know these things. It seems that Sima Yi has been paying attention to her family's affairs during this period.

No!

He should have been paying attention to her.

Sima Yi smiled. He smiled and offered his hand and said,"Thank you! A prize! I am just a little smart, Miss Zhang is the real smart person."

While Zhang Chunhua and Sima Yi were talking,

Su Chen's voice suddenly came from the carriage,

"Zhang Chunhua, pour me a cup of tea."

Zhang Chunhua's face was full of shame and anger when she heard Su Chen's words.

She didn't expect that bastard Su Chen to use her as a maid.

Damn you bastard!

Drink tea!

That bastard is so thirsty that Zhang Chunhua can't pour him tea.

"Who's in your carriage?"Sima Yi asked Zhang Chunhua with an ugly face after hearing Su Chen's words.

Sima Yi came to the city gate this time to wait for Zhang Chunhua.

Yesterday, he heard that Zhang Chunhua brought a man back to his house. This made Sima Yi not have such a rest all night.

Zhang Chunhua But he will not let other men get involved with the woman he identifies.

He will get rid of any man who dares to get involved with Zhang Chunhua.

"Are you so smart that you can't guess it?"Zhang Chunhua originally wanted to say that the person in the carriage was a rogue, but after thinking about it, she felt that this time was a way to get rid of Sima Yi.

That bastard Su Chen still had some uses, and

Zhang Chunhua also wanted to see if Su Chen had the ability to deal with Sima Yi..

She was very curious about Su Chen's identity, but that bastard never revealed his name and identity.

She wanted Sima Yi to test Su Chen today to see if he could find out the identity of this bastard.

Sima Yi looked He called to the carriage with a gloomy face,"My friends in the carriage, can you come out and see me?"

"I'm not interested in men"

"Poof! Hahaha....."Zhang Chunhua couldn't help but laugh when she heard Su Chen's words.

She didn't expect Su Chen to say this.

Sima Yi next to her now had a cold face with anger, which made Zhang Chunhua feel very comfortable.

Sima Yi didn't expect that the people in the carriage would say this.

He clenched his fists and looked at the carriage with a bad expression. Now he wanted to kill the man in the carriage immediately.

"Sir, you are joking. I just want to be a friend with you. Am I, Sima Yi, not worthy of being your friend?"

Su Chen lay leisurely on the couch in the carriage. When he heard Sima Yi's words, he curled his lips and said,"You.....No.....match!"

"presumptuous!"

"Be bold!"

"Young Master, I'm going to get the people in the carriage."

"Arrogant, he killed the people in the carriage."

Sima Yi's guards yelled angrily when they heard Su Chen's words. Some of the guards even drew their swords and prepared to rush into the carriage. The

Sima family is a famous family, and it is also a super wealthy family in Xudu. The guards did not expect that anyone would dare to insult their Sima family's young master.

"Stop, stop these people!"

Zhang Chunhua saw that Sima Yi was about to take action against the guards, but Sima Yi did not stop him. She hurriedly ordered the guards around her.

Zhang Chunhua also did not expect that Su Chen would dare to insult Sima Yi.

Sima Yi's family was a wealthy noble family in Xudu, and Cao Cao was against The Sima family treated them with great courtesy, and Zhang Chunhua was also worried that the bastard had completely offended the Sima family.

"Yes, miss!"

When Sima Yi saw Zhang Chunhua's guards protecting the carriage, he asked Zhang Chunhua with a sullen expression, "Zhang Chunhua, do you want to protect the man in the carriage?"

"So what?"

Chapter 1164

At the gate of Xudu City, some common people, wealthy businessmen, and even some wealthy officials who were leaving the city saw the tense situation between Sima Yi and Zhang Chunhua's guards. These people hid from a distance and watched the excitement.

Sima Yi was from a noble family in Xudu, and Zhang Chunhua's family background was also the son of an official family in Xudu.

Both of them were people who were not easy to mess with.

At this time, a luxurious carriage came towards the city gate under the protection of hundreds of soldiers. A beautiful woman sat in the carriage with a haggard look on her face.

When the carriage suddenly stopped, the beautiful woman asked the guard outside in confusion,

"What happened ahead?"

A general immediately saluted the carriage and said, "Madam, there is a conflict between Sima Yi from the Sima family and Miss Zhang from the Zhang family ahead."

"oh? Didn't Sima Yi of the Sima family fall in love at first sight with Zhang Chunhua of the Zhang family? Why is there a conflict now?"

"The subordinates don't know!"

"Come forward, I want to see what happened to Sima Yi and Zhang Chunhua?"

"Yes, ma'am!"

Mrs. Meiyan is interested in what is happening ahead.

She knows that Sima Yi from the Xudu noble family has been pursuing Zhang Chunhua from the Zhang family. How come there was a conflict at the city gate today? Could it be that Sima Yi became angry when he saw that the Zhang family has not agreed to the marriage? Are you there?

At the gate of the city, the city guards dare not take care of Sima Yi and Zhang Chunhua's affairs. These are the second-generation young ladies of Xu Du. They are just ordinary city guards guarding Xu Du. They are not qualified to take care of it. These troublesome things.

Sima Yi was already furious. He did not expect that Zhang Chunhua would shamelessly ride with a man. Even when he wanted to teach the man who insulted him, Zhang Chunhua dared to stop him. Sima Yi looked at Zhang Chunhua and said I wish I could kill this shameless slut.

Zhang Chunhua has no choice now.

No matter how much Su Chen says that she forced him to go to Xuzhou with her, she can't just watch Su Chen be caught or killed by Sima Yi.

Insidious and cunning Sima Yi is not a good person.

Zhang Chunhua would rather break up with Sima Yi completely than let him touch Su Chen.

A beautiful woman came to Zhang Chunhua with some guards. She looked at Sima Yi and asked Zhang Chunhua doubtfully, "Zhang Chunhua Sister, what happened to you here? Do you want my help?"

"Miss Guo, why are you here?"

Zhang Chunhua didn't expect that Queen Guo was also at the gate of the city. She didn't change her mind about this woman. This Queen Guo was too scheming.

Zhang Chunhua and Queen Guo had not contacted each other for a while, but he didn't expect to meet this woman here again. Queen Guo smiled at Zhang Chunhua and said, "Haha

, I went for an outing outside the city, but I didn't expect that Cao Pi was assassinated. The city is in chaos now. What happened here?"

"Nothing happened, just some misunderstandings with Mr. Sima"

"Mr. Sima, since it is a misunderstanding, let your guards disperse. After all, blocking the city gate will have bad effects."

"Miss Guo, this is none of your business, so you'd better stay out of it." Sima Yi didn't give Queen Guo any face. Sima Yi, the daughter of a prefect, didn't care. Sima Yi looked at Zhang Chunhua again and said sternly,

"Miss Zhang, you'd better let the man in the carriage come out, otherwise you won't be able to leave the city today."

Zhang Chunhua asked angrily when he heard Sima Yi's words,

"Sima Yi, are you in charge of whether I can leave the city or not? You are just a white man with no official position. Why do you say that I can't leave the city? Could it be that your Sima family can dominate Xudu with one hand?"

Sima Yi didn't expect Zhang Chunhua to say this in front of so many people.

The Sima family dominates Xudu?

If this is known by the suspicious Cao Cao,

I'm afraid the Sima family will be in disaster.

Sima Yi hurriedly retorted, "You're talking nonsense. , the man in your carriage must be the murderer of Master Cao Pi. I can report you to the city guard for harboring the murderer of Master Cao Pi."

Zhang Chunhua is really angry at this villain Sima Yi.

"Sima Yi, you are indeed a despicable and shameless person who does things unscrupulously. I am just a helpless scholar in the carriage, but you are calling me a murderer. Do you dare to take responsibility for what you say?"

Sima Yi smiled darkly and didn't reply.

He said this just to let the city guards next to him hear it. In this way, he didn't need to take action.

The city guards would also ask the people in the carriage to come down for inspection.

Then he would naturally know who was in the carriage. No matter who the person is, it will be very easy to kill him in the future.

Queen Guo looked at the carriage after hearing what Sima Yi and Zhang Chunhua said.

She was now interested in the person in the carriage and could make Sima Yi jealous. , and Zhang Chunhua desperately defended him.

Who is the person in the carriage?

"What exactly is going on? Didn't you hear that Sima Yi and Miss Zhang are getting engaged? Why doesn't it look like it now?"

"What a fart, didn't you see that the guards from the two families were about to start a fight? This must be because Miss Zhang dislikes Sima Yi. Sima Yi is stalking Miss Zhang to give in."

"Who is in the carriage? Could it be that he is Miss Zhang's crush?"

"It's possible, otherwise how could Ms. Zhang be in the same car with a man?"

"That's right, otherwise Miss Zhang would have to defend the man in the carriage like this, but who is the man in the carriage?"

"He must be a young man from a noble family, otherwise he would not be worthy of a peerless beauty like Miss Zhang."

The people around them all started talking after hearing Sima Yi and Zhang Chunhua's words. They didn't expect that not only did Cao Cao's son be assassinated today, but also at the gate of the city, they could see tit-for-tat confrontations between nobles and noble ladies..

Zhang Chunhua was very embarrassed and annoyed when she heard the comments from the people around her.

What kind of noble son?

Who is the person she likes?

What is this and what?

That shameless bastard has nothing to do with her.

At this time,

An official arrived with some official servants.

He looked at the people gathered here and asked,

"What are you doing here?"

An official immediately told the lord what happened here, "Sir, it's like this, Sima Yi from the Sima family and Miss Zhang from the Zhang family....."

"Um? What kind of mess is this? Mr. Cao Cao Pi was killed and the murderer has not yet been found. Are these noble gentlemen and official ladies all too full to do anything? Let the city guards check these people quickly. If there are no problems, let them out of the city. Don't surround them at the city gate."

"Yes, my lord!"

Sima Yi also saw Xu Duling coming, and he knew that the opportunity had come.

Xu Duling Man Chong was a man who was not recognized by his relatives. Sima Yi believed that as long as he revealed that the man in Zhang Chunhua's carriage was an assassin, Xu Duling would be doubtful, but he would definitely will have the carriages in the carriage inspected,

"Mr. Mandarin, you are here at the right time. You are Xu Duling from Xu Ducheng. I am reporting to you that I suspect that Miss Zhang's carriage is an assassin who assassinated Young Master Cao Pi."

When Zhang Chunhua heard that Sima Yi reported to Xu Duling, she angrily yelled at Sima Yi, "Sima Yi, you shameless villain, don't talk nonsense. The people in the carriage are just my friends. Why did you become an assassin?"

At this time, a carriage arrived under the escort of soldiers,

"Step aside! Get out of the way! Madam's carriage is coming, everyone, get out of the way!"

Chapter 1165

Su Chen was lying on the couch in the carriage and was very surprised.

He didn't expect that things would happen like this.

He originally disliked Sima Yi and wanted to humiliate him, but he didn't expect that Queen Guo had arrived, and even Xu Duling Man Chong had arrived..

Now, a certain lady has arrived, escorted by hundreds of soldiers, and the gate of Xudu City is really lively now.

Su Chen looked at the scene outside through the curtains in the carriage and shook his head.

The people who came here were all great people.

Needless to say, Sima Yi, a young man, was not a fuel-efficient woman. She was an absolutely ruthless woman. She killed Cao Pi's wife Zhen Mi in history. After Zhen Mi's death, she was even buried with hair on her face and rice bran stuffed in her mouth.

Queen Guo is really a woman with vicious thoughts.

Xu Duling Man Chong is a cool history. He was an upright official in history. He even killed many of Cao Cao's own people. Even Xia Houchun was punished by Man Chong.

And who is the other lady who comes?

Su Chen couldn't guess, but the background of a lady who could be protected by hundreds of soldiers was also very big in Xudu.

"Man Chong has met Mrs. Ding!"

"Zhang Chunhua has met Mrs. Ding!"

"Queen Guo of the Guo family has met Mrs. Ding!"

"Sima Yi, met Mrs. Ding!"

After the soldiers escorted the carriage, Xu Dulingman Chong, Zhang Chunhua, Queen Guo, and Sima Yi all saluted the carriage.

They knew what this luxurious carriage represented.

This was Cao Cao's wife, Mrs. Ding.

Although they heard that Mrs. Ding and Cao Cao had a conflict because of Cao Ang's death, Mrs. Ding was Cao Cao's main wife after all, and they did not dare to be presumptuous in front of Mrs. Ding. In the carriage, a woman's soft voice came. He came out and asked, "Who can tell me what happened here?"

Man Chong immediately said after hearing Mrs. Ding's words,

"Madam Qi, Sima Yi from the Sima family said that there was a murderer in Miss Zhang's carriage. I was about to search Miss Zhang's carriage.

Not to be outdone, Zhang Chunhua also hurriedly told Mrs. Ding, "Madam, this is a deliberate frame-up by Sima Yi. There was only one of my close friends in the carriage, and he was also a weak scholar. How could he be the murderer of Mr. Cao Pi?"

Sima Yi looked at Zhang Chunhua and smiled and said to Mrs. Ding,

"Madam, I am not talking nonsense. The murder of Mr. Cao Pi is full of doubts. At this time, Miss Zhang would actually bring a man of unknown origin out of the city. This is very unbelievable."

In the carriage,

Mrs. Ding understood what Zhang Chunhua and Sima Yi said.

She also understood now that

Sima Yi must have been hostile to the man in Zhang Chunhua's carriage.

Sima Yi wanted to marry Zhang Chunhua, but Zhang Chunhua was actually dating a stranger. Sima Yi might have become angry because of the man in the carriage. He even wanted to frame Zhang Chunhua for harboring an assassin, and also wanted to know who was in the carriage.

Mrs. Ding thought about it for a while and then said softly,

"Zhang Chunhua, I know you. You are a smart and intelligent woman. I also believe that you will not harbor assassins. However, Cao Pi's death is of great importance. You'd better let Lord Manchong check it out."

"Yes, ma'am! Zhang

Chunhua knew she couldn't refuse when she heard Mrs. Ding's words. When she came to the carriage, she patted the carriage and shouted, "You bastard, you haven't come out yet. Do you still want me to go up and ask you to come down?"

"Miss Zhang, I haven't had tea yet. I won't come down until I have your tea."

"Bastard, do you want to die? Come down here quickly." Zhang Chunhua didn't expect that bastard to still look arrogant.

At this time, this bastard is still thinking about pouring her tea by himself.

How is this possible?

This is Xudu.

Mrs. Ding's words are very obvious. She wants to let the carriage The people inside came out for examination, but what was this bastard still showing off?

Did he not want his life?

The people around him looked in disbelief when they heard Su Chen's words. They did not expect that the person in the carriage in front of Mrs. Ding It is disrespectful for people to be so ignorant.

Sima Yi looked at the carriage and smiled sinisterly.

This time, no one can save the people in the carriage. He dares to be disrespectful to Mrs. Ding, regardless of whether the people in the carriage are assassinating Cao Pi. The murderer of the young master, Xu Duling, would not let go of the people in the carriage.

Queen Guo looked at the carriage curiously.

She did not expect that the man in the carriage had not come out at this time, and even wanted Zhang Chunhua to pour him tea. Drink, she felt that the person in the carriage was either a fool or had someone to rely on.

Queen Guo looked at the carriage with her beautiful eyes and wanted to know, what kind of person is the man in the carriage?

What kind of identity does that man have that can harm Mrs. Ding's face? Not even giving it?

Man Chong had an incredible expression when he heard Su Chen's words. He didn't expect that the people in the carriage would say this. Aren't the people in the carriage afraid of offending Mrs. Ding and risking their lives?

Mrs. Ding Hearing Su Chen's words, she shook her head.

She didn't care about this.

Her identity was already dispensable in Xudu. He had already planned to make peace with Cao Cao. Wouldn't it be better if no one cared about her identity? It's just that She is very interested in the people in the carriage now.

No one knows that Mrs. Ding wants to reconcile with Cao Cao, but the man in the carriage actually knows that she is Mrs. Ding, but he still doesn't care about herself. Mrs. Ding also wants to know about the carriage. Who is inside?

What does he have to rely on to make him not afraid of himself at all?

"Asshole, come down here, I beg you." When Zhang Chunhua saw Man Chong preparing to let the city guards take action, she anxiously said to Su Chen,

"Give this to Man Chong, I believe he won't dare to check your carriage." Su Chen took out a Black Bird Token from the system space and handed it out of the carriage.

Su Chen gave Zhen Mi's father a Black Bird Token. This also gave Zhen Mi's father an identity in the Northern Continent.

At least the princes in the Northern Continent did not dare to take action against Zhen Mi's father after seeing the Black Bird Token. Zhen Mi's father was also selling the luxury jewelry from Gusu City in the Northern Continent.

Zhang Chunhua took the Black Bird Token and looked at it. She didn't see anything after looking at it, and she didn't know why Su Chen asked her to give Man Chong a black token with a bird painted on it.

However, she still took the token and walked towards Man Chong.

"Lord Mandarin, my friend asked me to give this to you."

Man Chong took the token handed to him by Zhang Chunhua in confusion. When he saw the Black Bird Token, he was surprised and said, "Is this the Black Bird Token? How can it be? How come the Xuantian Empire's Black Bird Order appears here?"

Man Chong took the token and hurried to the carriage and asked,

"Young Master, I wonder what your status is in the Xuantian Empire? Why did you come to Xuducheng?"

Su Chen was lying on the couch in the carriage and talking nonsense.

"I am just a special envoy of the Xuantian Empire. I came here secretly this time just to see how our Xuantian Empire's luxury jewelry sales are going in the northern continent, and to supervise whether the Zhen family is bending the law for personal gain."

"Young Master, I have offended you a lot this time. If you want to leave the city, you can leave the city at any time."

"Don't worry, Xu Duling, Sima Yi has insulted me again and again. This is a slap in the face of the Xuantian Empire. As Xu Duling, do you plan to turn a blind eye?"

Chapter 1166

When Su Chen was lying in the carriage, he did not expect at first that the person arriving this time was Cao Cao's first wife, Mrs. Ding.

Su Chen was very impressed with Mrs. Ding's change of heart. Not many women could divorce their husbands in ancient times, and Mrs. Ding still divorced a powerful prince, maybe even a future emperor.

Mrs. Ding is a strange woman, at least Su Chen thinks that Mrs. Ding is a strange woman who dares to do something.

Now,

Mrs. Ding may have reconciled with Cao Cao after Cao Ang's death, and may even leave Xu Du and return to her hometown to live alone for the rest of her life.

After Su Chen gave Man Chong Xuan Niao the order, he didn't want to be inspected too much, didn't want to cause trouble to Zhang Chunhua, and had to deal with Sima Yi.

Su Chen didn't believe that Xu Duling dared to offend him. Even Cao Cao didn't dare to offend the Xuantian Empire now, let alone a small Xu Duling.

Man Chong knew that he was in trouble when he heard Su Chen's words.

Sima Yi had offended someone he shouldn't have offended this time, the Xuantian Empire!

This is the most powerful empire in the Xuantian Continent.

There are four continents in the Xuantian Continent, and the Xuantian Empire occupies two of them. Even the Eastern Continent is being fought by millions of troops from the Xuantian Empire.

Cao Cao is the North A prince in the Han Empire on the mainland may not even have as much territory as a state in the Xuantian Empire.

Although Cao Cao has almost 200,000 troops, even if he recruits troops recklessly, he may only have more than 300,000 troops, which is not even as good as a combat legion of the Xuantian Empire.

A combat legion of the Xuantian Empire has six to seven hundred thousand troops.

If those foreign servants are added to the army, this is a legion with millions of troops.

Man Chong thought of this and looked at Sima Yi with sympathy. He knew that Sima Yi was dead this time, and even Cao Cao couldn't save Sima Yi here.

No!

If Cao Cao knew about this, he would probably execute Sima Yi immediately.

The Xuantian Empire could not afford to offend them.

Otherwise, they might not need the Xuantian Empire to take action. As long as the Xuantian Empire did some good to the princes of the Han Empire, the Han Empire would The princes will unite to destroy Cao Cao's power.

Zhang Chunhua was very confused.

She did not expect that after giving Man Chong the token, Man Chong would be so panicked and even respectful to Su Chen in the carriage.

Xuantian Empire?

That bastard is actually the envoy sent by the Xuantian Empire to the Northern Continent?

Zhang Chunhua was completely confused when she heard Su Chen's words.

She had heard about the power of the Xuantian Empire, a super empire spanning two continents with millions of troops. Such a powerful empire no matter which empire or All the forces will be afraid, and they won't even dare to offend

【Damn you bastard!】

【He turned out to be the envoy of the Xuantian Empire, why didn't he tell him earlier?】

【It made her worry for so long in vain】

【its not right!】

【How could this bastard be the envoy of the Xuantian Empire?】

【How could an envoy come to Xudu alone?】

【The Han Empire is in great chaos now. Bandits, bandits, and even some rebels are everywhere. This bastard is just a weak scholar. How could he come to Xudu in troubled times? 】

The more Zhang Chunhua thinks about it, the more something is wrong.

She is now afraid that this bastard is deceiving Xu Duling Man Chong. If this bastard is really deceiving Xu Du Ling Man Chong, I am afraid that her Zhang family will also be implicated by this bastard..

At this moment,

Sima Yi was frightened.

He did not expect that the person he wanted to kill was the special envoy of the Xuantian Empire. This made him want to escape from here now. He felt that if he did not leave, he would be caught and killed soon..

When Queen Guo looked at the carriage, her beautiful eyes showed some light.

She now understood what the man in the carriage had to rely on.

The envoy of the Xuantian Empire.

This status in the Northern Continent may even be inferior to that of some princes.

Queen Guo looked at Zhang Chunhua and felt that Zhang Chunhua was just lucky.

He was an envoy from the Xuantian Empire. This envoy was probably a top noble in the Xuantian Empire. The nobles of the Xuantian Empire were much more powerful than the nobles of the Han Empire. , or even not comparable at all.

Mrs. Ding did not expect that the person in the carriage would be a special envoy of the Xuantian Empire.

She did not want to care about the affairs here now, but she was afraid of causing trouble to Cao Cao with what she just said. Although she and Cao Cao wanted to reconcile, But she didn't want to have anything to do with Cao Cao anymore.

Mrs. Ding thought about it and made up for it,"Man Chong, capture Sima Yi, and then write a letter to Cao Sikong and tell him what happened here.""

"Yes, ma'am."

Man Chong nodded hurriedly after hearing Madam Ding's order.

He originally wanted to capture Sima Yi and then report to Cao Cao. Now with Madam Ding's order, he can capture Sima Yi first.

"Come on, capture Sima Yi. Anyone who resists will be killed!"

The city guards and detectives heard Man Chong's order and surrounded Sima Yi and his guards.

Sima Yi's guards also drew their swords and looked at the surrounding city guards and detectives warily. They were all Sima Yi. Domestic dead soldiers, these guards will not just watch Mr. Sima being caught.

"All lay down their weapons and surrender, otherwise they will be killed without mercy. Archers are ready!"When the general of the city guard saw that Sima Yi's guards were about to resist, he threatened the archers of the city guard and said,

"lay down your weapon! All laid down their weapons."Sima Yi ordered the guards next to him with a pale face.

Sima Yi knew that these guards were no match for the city guards. If his guards resisted now, they would probably bring disaster to the Sima family, and even the Sima family would be implicated by him. The entire clan was executed.

After Man Chong captured Sima Yi in the city guard, he hurriedly took the escorted Sima Yi back to the Xudu Ling Mansion.

He had to tell Cao Cao about today's events as soon as possible. The special envoy of the Xuantian Empire appeared in Xudu. This is a big deal.

Su Chen doesn't care about Man Chong leaving.

Sima Yi is dead this time.

No matter Man Chong or Cao Cao, they will not let go of the young Sima Yi. After all, his identity has been revealed..Cao

Cao would not turn against the Xuantian Empire for a Sima Yi.

In the carriage,

Zhang Chunhua got on the carriage and looked straight at Su Chen. She still did not believe that this bastard was the special envoy of the Xuantian Empire.

But the Xuantian Empire in her hand What happened to the bird token?

Did this bastard copy it?

"Are you really the special envoy of the Xuantian Empire?"Zhang Chunhua took the Black Bird Token and looked at it before asking Su Chen,

"What do you think?"

"how could I know?"

"Return the Black Bird Token to me?"

"Um? Didn't you give me the Black Bird Token?"

"I gave you a shit, give it back to me quickly?"

Zhang Chunhua hurriedly put the Black Bird Token into her arms and said mischievously, "Ha! Mr. Su, you personally handed me the Black Bird Token from the carriage. Are you going to regret it?"

I guess!

When did he give the Mysterious Bird Token to Zhang Chunhua?

Su Chen looked at Zhang Chunhua with a confused look on his face.

This beautiful woman wouldn't swallow his token, would she?

Zhang Chunhua took his Mysterious Bird Token. What is the use of the bird token?

Uh!

Su Chen suddenly thought that his black bird token is really very useful. The black bird token can not only protect Zhang Chunhua, but even if Zhang Chunhua wants to do the luxury jewelry business in Gusu City, I'm afraid he won't need it. You can get those goods with money.

This Zhang Chunhua is really a smart and intelligent woman

"Sister Zhang, Mrs. Ding wants to meet the envoy of the Xuantian Empire. Can Mrs. Ding and I get on your carriage?"

"ah! Please come up quickly, madam."

Chapter 1167

In the carriage, as Mrs. Ding and Queen Guo came up,

Zhang Chunhua's carriage seemed a little crowded.

Su Chen couldn't sit still in the carriage smelling the aroma wafting around.

Three beautiful women and He was sitting in the carriage, which made Su Chen very uncomfortable.

Mrs. Ding is mature and beautiful, Zhang Chunhua is sexy and sultry, Queen Guo is young and beautiful, these three beauties of various colors each have their own characteristics and beauty. Su Chen can't figure out why these women got on the carriage.

After Mrs. Ding and Queen Guo got on the carriage, they were very surprised to see Su Chen. This gorgeously dressed and extraordinary envoy of the Xuantian Empire, they did not expect to be so young and even very handsome.

This made them look at Zhang Chunhua and start to speculate.

Mrs. Ding and Queen Guo both thought that Zhang Chunhua and Su Chen might not have fallen in love at first sight. If Zhang Chunhua really got married to the special envoy of the Xuantian Empire, then the entire Zhang family might be It's soaring.

Zhang Chunhua also hurriedly introduced Mrs. Ding and Queen Guo to Su Chen.

However, when introducing Su Chen,

Zhang Chunhua only introduced Su Chen as Mr. Su.

But at this time, the carriage actually moved, and it was not leaving the city.

This made Su Chen look at Mrs. Ding and Queen Guo and couldn't figure out why they got on the carriage?

The carriage will not leave Xudu City.

Where are you planning to go?

Mrs. Ding was very helpless when she saw Su Chen's confused look.

She was about to leave Xudu just now, but Man Chong came back and begged her to invite Su Chen to the palace.

Mrs. Ding originally didn't want to care about these things, but Man Chong knelt down and refused to get up, which made her very speechless.

In the end, Mrs. Ding agreed to Man Chong's request.

"Don't get me wrong, sir. Cao Sikong was not in Xudu when he arrived. Just now, Manchong wanted the special envoy to go to the palace. Our Emperor of the Han Empire will definitely welcome your arrival."

Su Chen was shocked when he heard Mrs. Ding's words.

Wouldn't he be exposed if he went to the palace?

Queen Fu in the palace knew that he killed Cao Pi. If Queen Fu spilled the beans, there might be another incident in the palace. Caused trouble

"Madam Ding, there's no need to go to the palace, right? I have no interest in seeing your little emperor either. Mrs. Ding saw Su Chen not wanting to go to the palace and smiled and said, "Sir, you'd better go there. It won't take long and won't delay what you have to do.""

Su Chen looked at the beautiful Mrs. Ding and said helplessly,

"Madam Ding, your little emperor is just a puppet. The Han Empire has ceased to exist in name only. There is no point in me just going to see that little emperor."

"Moreover, my visit this time is not to meet with the various princes of the Han Empire. I just want to see how the luxury jewelry of our Xuantian Empire is selling in the Northern Continent."

Queen Guo poured a cup of tea for Su Chen and Mrs. Ding and said with a smile,

"Mr. Su, you'd better go to the palace. After all, you are also a special envoy of the empire. As long as your identity is not exposed, it doesn't matter whether you go to the palace or not."

"But now your identity has been exposed, and even known to many people at the city gate. If you don't go to the palace, it will appear that your Xuantian Empire is arrogant."

Queen Guo is very interested in Su Chen now.

She is very fond of Mr. Su who looks handsome and has a free and easy temperament. He is more handsome and elegant than Cao Cao's sons.

Her family originally If she wants to marry Cao Cao's son,

Queen Guo is no longer interested in Cao Cao's sons.

"Well, let's go to the palace!"

Su Chen took a sip of tea and nodded helplessly.

Queen Guo was right.

After his identity was exposed, Xu Duli must know that there are many people in Xu Duli. If the news spreads again, I am afraid that the entire Xu Duli people Everyone knows that it seems really unjustifiable if he really doesn't go to the palace.

Zhang Chunhua is very unhappy now.

Queen Guo kept looking at Su Chen after she arrived, which made her feel that her belongings were going to be robbed by Queen Guo As if leaving.

Zhang Chunhua now feels even worse about the scheming Queen Guo.

Zhang Chunhua touched the Black Bird token in her arms and smiled.

She would not return this token to this bastard, but she was still right Su Chen has doubts about her identity. Is this Black Bird Token real? She can find out whether it is genuine or not when she goes

to the Mi family in Xuzhou. The Mi family in Xuzhou has been doing the Xuantian Empire's luxury jewelry business.

Zhang Chunhua believes it. The Mi family will know about this Black Bird Token.

At this moment,

Mrs. Ding's face is getting redder and redder.

The crowded carriage keeps her and Su Chen's bodies close to each other, and even Su Chen's hands are moving from time to time. On her lap, although this may not have been intentional by Su Chen, it made Mrs. Ding very angry.

Su Chen was on her left,

Queen Guo on her right, and

Zhang Chunhua on the opposite side.

But why did this special envoy of the Xuantian Empire keep going Being crowded around her? Queen Guo is a beautiful woman. Why doesn't this special envoy of the Xuantian Empire sit next to Queen Guo?

Su Chen is helpless now.

The originally crowded carriage has some bumps after it moves, and Guo Guo next to him The queen was also close to him.

He didn't want to provoke the cruel Queen Guo.

Su Chen just planned to move towards Mrs. Ding. Who knew that the bumps of the carriage would bring him directly next to Mrs. Ding, and there would even be nowhere for him to go. His hand also touches Mrs. Ding's leg from time to time.

And why does Queen Guo keep leaning towards him?

Su Chen is now tightly surrounded by Queen Guo and Mrs. Ding.

Oh!

It's Su Chen who is right next to Mrs. Ding. , and Queen Guo is right next to him, which makes Su Chen feel very comfortable. After all, Queen Guo is a stunning beauty, and Mrs. Ding is a charming and beautiful woman.

But there is Zhang Chunhua opposite, what is going on here Although the three women did not notice it, they would definitely notice it over time.

Touch!

At this moment,

Zhang Chunhua, who was opposite Su Chen, kicked him in the leg.

Su Chen felt guilty when he looked at Zhang Chunhua. shouted,"I'll do it! Miss Zhang, why are you crazy? Why did you kick me?"

"You bastard, be honest with me."Zhang Chunhua also found that Queen Guo had been next to Su Chen, which made her very unhappy, so she kicked Su Chen hard.

Zhang Chunhua looked at Queen Guo and said happily,"Miss Guo, let's change Find your location."

Queen Guo knew why when she heard Zhang Chunhua's words, but she didn't want to sit next to Su Chen. Although she felt very good about Su Chen, it didn't mean that she wanted to commit herself to Su Chen now.

Next to her The tea set kept leaking out, and she leaned towards Su Chen to prevent her dress from getting wet.

Queen Guo pointed to the tea set and said helplessly, "Sister Zhang, your carriage is too small. Now We can't change places even if we want to, so we'd better make do with going to the palace."

"Huh! I have forgotten the tea set. Miss Guo, please pour the tea in the tea set, otherwise it will get your clothes wet."

Chapter 1168

Zhang Chunhua patted her forehead when she heard Queen Guo's words.

She also forgot about the tea set.

Her carriage was originally renovated for her own use. The tea set was soft and collapsed. These took up a lot of space. Now there are four in the carriage. Personally, this must be very crowded.

Queen Guo rolled her eyes at Zhang Chunhua and poured out the water in the tea set.

She poured the water in the tea set and did not move away from Su Chen. Although she poured the water in the tea set, Queen Guo discovered something amazing. things.

Just now when she was pouring water into the tea set,

Queen Guo accidentally discovered Su Chen's hand on Mrs. Ding's leg, which scared her so much that she almost screamed.

Queen Guo didn't expect that Su Chen would be so bold. He would dare to do this in public. Wasn't Su Chen afraid that Cao Cao would kill him if he found out?

This is Cao Cao's first wife, and this special envoy of the Xuantian Empire is too presumptuous.

No wonder Mrs. Ding's face was so red.

She thought it was because of the heat in the carriage. Now she had a particularly bad impression of Su Chen. If she hadn't been worried that Zhang Chunhua would discover Mrs. Ding's scandal, she wouldn't have been able to stay close to her. Sitting next to this shameless pervert.

After all, Zhang Chunhua had been paying attention to her.

If she stayed away from Su Chen,

Zhang Chunhua would definitely notice something strange about Mrs. Ding.

Queen Guo now regrets coming with Mrs. Ding. If she had known that Su Chen was such a pervert, she would never have come to see this shameless person.

At this moment,

Mrs. Ding really couldn't stand Su Chen's harassment to her.

She stretched out her hand and slapped Su Chen's hand on her lap, but she slapped Su Chen's hand away, but the bastard put his hand away again. Putting it behind her back made Mrs. Ding helpless against this bastard.

After a while,

Mrs. Ding's face turned even redder. She grabbed Su Chen's waist with one hand, trying to get this shameless man to take his hands from behind her.

Damn bastard,

Mrs. Ding wants to yell at this shameless pervert right now.

"Ahem, how long does it take to reach the palace?" Su Chen asked, coughing hurriedly when Mrs. Ding pinched her waist.

Su Chen was just as helpless as before.

He really didn't mean to tease Mrs. Ding, but this accident caused Su Chen to constantly harass Mrs. Ding.

This made him unable to stay in the carriage any longer.

Queen Guo looked at Su Chen and smiled and said, "There's still more than a quarter of an hour, don't worry, we'll be there in a minute."

Queen Guo is in a very good mood now.

Although she feels disgusted to sit next to Su Chen, it is good to see such a good show, especially when Mrs. Ding actually pinches this bastard, which makes her feel very relieved.

Su Chen heard that there was still an hour until he arrived at the palace. This made him unbearable. Madam Ding kept pinching his waist. If it had been another quarter of an hour, his waist would have been pinched by Madam Ding and bleed.

"Well, I'd better go down and ride a horse. It's too hot in the carriage."

"You bastard don't want to run away, do you?"

Zhang Chunhua felt that Su Chen was acting weird now.

Could she be absconding out of fear of crime?

Could it be that the Black Bird Token was really fake?

When Su Chen heard Zhang Chunhua's words, he shouted angrily, "I'm running away, I'm Why run away? I just felt a little hot in the carriage and wanted to get out for some air. Zhang

Chunhua glared at Su Chen and said angrily, "Just stay with me, I don't believe you."

Su Chen also let go.

If he doesn't go out, he won't go out.

Anyway, he is taking advantage of these women, so

Su Chen doesn't care.

Su Chen also directly grabbed Mrs. Ding's hand, but he would not let Mrs. Ding. She kept pinching his waist to play with.

However,

Mrs. Ding's hands were really soft.

【Shameless!】

【asshole!】

【Scum!】

Madam Ding wanted to pull her hand out when Su Chen grabbed it, but her hand was tightly held by this bastard, and she couldn't pull it out no matter how hard she tried. This made Mrs. Ding curse this shameless pervert in her heart.

When Queen Guo saw Su Chen grabbing Mrs. Ding's hand, she was so frightened that she hurriedly covered her mouth.

However, her movement was too big, which made Zhang Chunhua, Su Chen, and Mrs. Ding all look at her.

Queen Guo hurriedly thought about it and asked Su Chen, "Mr. Su, where are your men? Why are you alone? Didn't you come to the Northern Continent this time without your men?"

Su Chen looked at Queen Guo and was suspicious. She discovered the private actions between herself and Mrs. Ding, which made Su Chen hurriedly let go of Mrs. Ding's hand.

Su Chen smiled and said to Queen Guo, "Yes, there are many, and they are very powerful masters. Why are you Want to meet?"

"Want to meet!"

Queen Guo did not hear the meaning of Su Chen's words.

She was also curious about the men who protected Su Chen.

Su Chen looked at Queen Guo and was about to warn her not to talk nonsense, "Miss Guo, there are some things you see and you just don't do anything. You saw it, otherwise someone would have died. Do you still want to see it?"

Queen Guo heard Su Chen's words and said evasively, "No.....Isn't it just to meet your men? How could someone be killed?"

Queen Guo heard what Su Chen meant.

This bastard found out about the scandal she saw between him and Mrs. Ding. This bastard was warning her not to talk nonsense, otherwise he would kill someone and silence her.

"Ha ha! What do you think?" Su Chen laughed when she saw Queen Guo understood his warning.

Mrs. Ding looked at Su Chen and guessed that this bastard was warning Queen Guo.

She also understood now that

Queen Guo must have discovered what Su Chen did to her. Harassment, this bastard wants to block Queen Guo's mouth, otherwise he will kill Queen Guo

"Su Chen, what are you talking about? Are you threatening Miss Guo?" Zhang Chunhua is very confused now.

What Su Chen said is obviously threatening Queen Guo, but Queen Guo has never offended Su Chen since she arrived. Why did Su Chen threaten Queen Guo?

"No, I was just joking with Miss Guo."

When Queen Guo heard Su Chen's words, she curled her lips and thought disdainfully,

I'm kidding your sister!

If she hadn't really dared to say these things, she would have wanted to expose this shameless pervert now. After all, that woman belongs to Cao Cao. Madam, if she dares to be exposed, I am afraid that their whole family will be executed by Cao Cao in the future.

A quarter of an hour later, the carriage arrived at the palace.

Su Chen, Queen Guo, Madam Ding, and Zhang Chunhua all got off the carriage.

In the palace, everyone Soldiers were guarding the surroundings, but the palace here was too shabby. This was the shabbiest palace Su Chen had ever seen. The low walls and dilapidated buildings were still being repaired, and even the imperial gardens and gardens were in ruins. No, there are only a few stone sculptures in the bare palace. Even this palace is not as big as his former Wu Xiangjun Mansion.

"Miss Guo, do you still want to meet my guard?" Su Chen looked at the dilapidated palace and asked Queen Guo.

Queen Guo was very angry when she heard Su Chen's words.

This bastard even threatened her.

It was impossible for her to tell what she just saw, but this The bastard was still worried about her, which made Queen Guo angrily say word by word,

"I.....think.....See!"

"as you wish!"

Su Chen nodded to Queen Guo, then communicated with the system and asked the system to deploy the remaining three hundred shadow assassins in the system space around.

After Su Chen deployed the shadow assassins, he shouted to the surroundings,

"Yours!"

Whoosh!"

"Owner!"

A masked woman in black tights suddenly appeared next to Su Chen and saluted,

Chapter 1169

Outside the palace hall,

Zhang Chunhua, Queen Guo and Madam Ding looked at Su Chen in surprise when they saw the sudden appearance of the masked woman. They did not expect that there was always someone around Su Chen secretly protecting him.

But where is this woman hiding?

They didn't notice it at all, not even their guards noticed.

Zhang Chunhua looked at Su Chen and felt incredible.

She was an innate master, but the appearance of this masked woman shocked her.

No!

She was completely shocked.

This masked woman was much higher than her level of cultivation. She even couldn't tell the level of this masked woman's level of cultivation.

Queen Guo felt very scared after touching her neck. She was really scared of Su Chen now. If Su Chen asked this masked woman to kill her, she might not even understand how she died.

"Youru, let your men come out and let these people see you."

"Yes, master!"

You Ru waved her hands around after hearing Su Chen's words.

In just a moment, hundreds of shadow assassins appeared outside the palace hall. Each of these shadow assassins wore black veils and black tights. Her figure makes people don't want to take their eyes off her

"See the owner!"

After the three hundred shadow assassins appeared, they all saluted Su Chen.

Zhang Chunhua, Queen Guo, and Mrs. Ding were stunned when they saw hundreds of shadow assassins appearing.

A powerful shadow assassin had already surprised them all, but The appearance of hundreds of shadow assassins shocked them into confusion.

"Let's go back!" Su Chen waved his hands to Youru and the Shadow Assassins and said.

After hearing Su Chen's words, the Shadow Assassins suddenly disappeared outside the palace hall one by one, as if they had never appeared at all.

Su Chen also saw the surroundings. The soldiers discovered that the Shadow Assassins were showing up, and he did not want the Shadow Assassins to conflict with the soldiers in the palace.

This time he just threatened Queen Guo, so that the ruthless Queen Guo would not cause trouble for him in the future.

But Su Chen What they didn't know was that in an attic of the palace,

Queen Fu also discovered Su Chen's arrival, and even saw the shadow assassin clearly when he appeared.

Queen Fu originally thought that Su Chen had been caught,

He wanted to come to the palace for her to recognize someone, but this series of things happened that made her very confused.

She found that there were no sergeants guarding Su Chen, and Su Chen was not tied up. Even the soldiers around him did not respond to his arrival. Indifferent, and there were three beautiful women beside him.

This made Queen Fu unable to figure out what Su Chen was going to do when he came this time?

After Su Chen let the shadow assassin hide again, the soldiers guarding the palace surrounded him in a The general led him and ran over,"Madam, did an assassin appear just now? Mrs.

Ding looked at Su Chen and waved her hands and said,"No, those are the guards of the Xuantian Empire's envoys. Don't worry, go down!"

"Yes, ma'am!"

Su Chen ignored the arrival of these soldiers.

He looked at Queen Guo and walked towards the palace hall.

Su Chen believed that this time Queen Guo saw these shadow assassins, she would not dare to tell him about teasing Mrs. Ding. Things.

Zhang Chunhua and Mrs. Ding saw Su Chen walking towards the main hall, and they hurriedly followed him. As for why they followed Su Chen? They don't know now, but they subconsciously followed Su Chen when they saw him leaving.

"Bastard, shameless pervert."

Queen Guo looked at Su Chen who was leaving with an angry expression.

She also noticed the way Su Chen looked at her just now. That bastard was threatening her endlessly.

However, those shadow assassins really scared her. Now, a shadow assassin would probably kill her like a chicken. Su Chen has hundreds of shadow assassins under his command, and they are all women with perfect figures. That bastard is a lustful noble.

Queen Guo stamped her feet angrily and followed suit. Entering the palace hall, she felt helpless towards that bastard. If she dared to leave now, I'm afraid those shadow assassins would look for her at night.

Queen Guo really regretted being curious this time. She had known that these things would happen. She would definitely not choose to go out today.

In the main hall of Xudu Palace, many Han officials have gathered here, but most of these officials are in name only.

As long as they are not Cao Cao's subordinates, these Han Empire officials are just decorations. It can even be said that these officials are just a show for the Han princes.

Su Chen came into the hall and looked at the officials here. The officials here are all old guys, and they are all old guys without power.

However,

The old guys here are loyal to the Han Empire, and they are all nerds who study the books of sages.

Your Highness, an old man saw Su Chen coming to the palace and looking around, and did not even kneel down to salute the emperor.

This old man was right Su Chen scolded, "The envoy of the Xuantian Empire, why don't you kneel down when you see our Emperor of the Han Empire?"

When Su Chen heard what the old man said, he looked at the little emperor who was sitting high up. He looked at the thin and pale little emperor and said disdainfully, "Does this little emperor want me to kneel down? Little emperor, do you dare to make me kneel down?"

"Be bold, envoy of the Xuantian Empire, do you want to cause a war between the two countries?"

"Envoy of the Xuantian Empire, haven't you read the sages' books? Haven't you learned etiquette and respect?"

"The Forbidden Army has not yet captured this arrogant man."

"Arrogant, too arrogant, this is disrespectful to our Han Empire, kill this envoy, and then start a war against the Xuantian Empire!"

"Your Majesty, the Xuantian Empire's envoy is ignorant. We must negotiate with the Xuantian Empire and even denounce the arrogance of the Xuantian Empire's envoy."

In the palace hall, after Su Chen was unwilling to kneel down and even disrespected the emperor of the Han Empire, the officials in the hall were criticizing Su Chen one by one, and even arrogantly wanted to go to war with the Xuantian Empire.

And some Cao Cao's subordinates looked at Su Chen with very ugly expressions. They originally wanted to persuade those arrogant officials not to be so extreme, but Su Chen's words made them unable to listen. No matter what, the little emperor is still the emperor of the Han Empire. , although the little emperor is a puppet, the Han Empire has not been destroyed yet. The envoys of the Xuantian Empire are really too rampant, and they, Cao Cao's subordinates, did not care about these officials who criticized Su Chen verbally and writtenly.

Zhang Chunhua and Mrs. Ding , Queen Guo and the others stood on the edge of the hall and were very angry at first when they heard the words of those officials, but what Su Chen said made them also very angry. Does

Su Chen look down on their Han Empire?

How can this make them not angry?

But when these officials criticized Su Chen verbally and even wanted to start a war with the Xuantian Empire arrogantly, they all lowered their heads in shame. They all knew what was going on with the Han Empire. What qualifications did the Han Empire have in name only? Going to war with the huge Xuantian Empire?

"War? Going to war with the Xuantian Empire? Just you? Just based on the current Han Empire? Okay, let's start the war, right? I understand. I will inform the Emperor of our Xuantian Empire that your Han Empire is ready to welcome the arrival of our Xuantian Empire's army."

"messenger! Envoy of the Xuantian Empire, wait a moment, please wait a moment!"

Chapter 1170

Su Chen laughed angrily when he heard the words of the officials in the hall.

Did these old guys still live when the Han Empire was strong?

Even if the Han Empire is still strong and is a unified empire, is the Han Empire the opponent of the Xuantian Empire?

Now that the Han Empire has ceased to exist in name only, it is an era where various princes are fighting for hegemony. Haven't these old guys seen the formality clearly?

After Su Chen declared war on these ignorant old guys, he was ready to leave.

He just had no excuse to let Genie's Tenglong Combat Legion begin a massive attack on the Han Empire.

This time I have an excuse.

Ge Nie's Tenglong Combat Legion no longer needs to hide in Qingzhou, the Han Dynasty.

In the main hall,

Shangshu Ling Xun Yu knew that something big was going to happen when he heard Su Chen's words. He regretted very much why he didn't stop those idiots just now.

Now the Xuantian Empire's envoy is angry.

If the Xuantian Empire really wants to launch a war against the Han Empire, I am afraid that the Han Empire will really be destroyed by the Xuantian Empire.

Xun Yu hurriedly stood up to stop Su Chen from leaving, but he did not dare to let Su Chen leave like this.

The departure of the Xuantian Empire's envoy would mean the outbreak of war.

"messenger! Envoy from the Xuantian Empire, please wait a moment. Please wait a moment."

All the ministers of the Han Empire in the hall, whether they were loyal to the young emperor or loyal to Cao Cao, were stunned now. They did not expect that Su Chen actually declared war on the Han Empire. Here is the power of

Xuantian Empire Everyone knows that if the Xuantian Empire's army really crosses the sea and arrives.

How can the Han Empire prevent the Xuantian Empire's army from arriving?

With Cao Cao's less than 200,000 troops?

Or with the armies of other princes?

The ministers here They were all very frightened now.

They had scolded them happily just now, but now Xuantian Empire's declaration of war has directly pushed them to the brink of death.

They all thought that if Cao Cao knew what happened today, he might not need Xuantian Empire's army to come and destroy them. They, Cao Cao would raise his sword and kill them to calm the Xuantian Empire.

The little emperor on the throne did not speak from the beginning to the end.

Even after Su Chen announced the war with the Han Empire, he showed some smiles on his face. He was a puppet emperor. He really didn't want to do it.

An imperial emperor couldn't even protect the queen, and even Cao Cao's son wanted to rape the queen in front of him, the emperor.

What's the point of being an emperor?

Su Chen ignored these officials and Without stopping, he walked towards the entrance of the hall.

The imperial guards at the entrance saw Su Chen leaving and didn't know whether to stop him.

These forbidden soldiers heard clearly what happened in the hall just now, and they also knew that Xuan The departure of the Heavenly Empire's envoy would mean the outbreak of war, and the Xuantian Empire might even go to war directly against Cao Cao's forces.

However, without an order, the Imperial Army did not dare to prevent the Xuantian Empire's envoy from leaving.

Seeing Su Chen, Xun Yu still took steps to After leaving, he hurriedly ordered to the Imperial Guards in the hall, "Stop the Xuantian Empire's envoys, Imperial Guards, stop the Xuantian Empire's envoys."

Swish, swish, swish" .....

At the entrance of the hall, the Forbidden Soldiers held long spears and surrounded Su Chen. They did not dare to take action against Su Chen. These Forbidden Soldiers just held weapons to prevent Su Chen from leaving the hall.

Su Chen saw hundreds of soldiers surrounding him at the entrance of the hall.

He looked at Xun Yu behind him and asked disdainfully, "Why do you want to capture me? Or do you want to imprison me?"

Xun Yu hurriedly came to Su Chen. Chen offered his hand beside him and said, "Envoy, the envoy has misunderstood. I am Xun Yu, the minister of the Han Empire. Envoy, can you listen to some of my chatter?"

"Ha ha! The Shangshu Order of the Han Empire? Why didn't you say it was Cao Cao's Shangshu Ling? Xun Yu, I've heard of you. Haven't you always been loyal to the Han Empire? Why are you now an official under Cao Cao? Was it even you who came up with the strategy of 'bringing the emperor to command the princes'?"

"I have always been loyal to the Han Empire and the Han Dynasty. This should never change."

"I hope, Xun Yu, I don't have time to talk nonsense with you. The war has been started by you. Just prepare for the war. In one month, more than 600,000 troops from the Xuantian Empire's Tenglong Combat Legion will cross the sea and arrive. I hope you can bring some pressure to the Tenglong Combat Legion"

"Envoy, it was all a misunderstanding. I hope the envoy will not take it to heart. How could the Han Empire declare war with the Xuantian Empire? These are all said by officials who do not know their own abilities. Our Emperor has not spoken. Envoy, please do not misunderstand."

Su Chen was too lazy to talk nonsense with these officials.

He looked at Xun Yu and walked directly outside the hall. He wanted to see if these forbidden troops dared to take action against him.

Su Chen walked towards the outside of the hall step by step.

The Imperial Guards followed Su Chen back step by step with weapons in hand. They did not dare to take action against Su Chen without orders.

Xun Yu was so anxious that he had no choice but to spread the news in Xudu that the envoys from the Xuantian Empire had arrived at the palace. , if he orders the imprisonment of the Xuantian Empire's envoy,

I'm afraid there will be no chance for peace talks in the future.

Just when Su Chen was about to leave the hall,

Mrs. Ding stopped Su Chen.

She looked at Su Chen with her beautiful eyes and asked seriously,"Master Su, is there really no room for turning around? If a war breaks out, countless people will be killed or injured. Do you want to see countless people die?"

Su Chen looked at Mrs. Ding, who had a plump figure and beautiful appearance, and smiled and said,"Mrs. Ding, is there no war in the Han Empire now? All the princes in the Han Empire are fighting everywhere. Isn't even your husband Cao Cao going to bloodbath Xuzhou now?"

"Why didn't you persuade your husband, Cao Cao, to stop fighting?"

"Bloodbath in Xuzhou? How many people will die? Ten thousand? One hundred thousand? a few millions? Or millions? Don't you know this?"

"I.....I tried to persuade him, but it was of no use."Mrs. Ding said to Su Chen with a pale face.

Su Chen was speechless to this Mrs. Ding.

She couldn't even persuade Cao Cao, so why should she persuade him?

"Mrs. Ding, war is a man's business, so you'd better not worry about it. It's better for women to stay away from war. Mrs. Ding looked straight at Su Chen and asked again,"Mr. Su, is there no room for maneuver?"

"No!"

"I'm sorry, Mr. Su."

Mrs. Ding bent over Su Chen and gave the command to the Imperial Guards without expression,"The Imperial Guards obey the order and seize Mr. Su. Don't hurt him."

"Yes, ma'am!"

I guess!

Is Mrs. Ding trying to force her to stay?

Doesn't Mrs. Ding know that she has hundreds of powerful shadow assassins?

Can these forbidden troops keep her?

Su Chen looked at Mrs. Ding in surprise. He didn't. Thinking that Mrs. Ding was so courageous to keep him, Su Chen raised his hand and prepared to let the shadow assassins come out to kill these forbidden soldiers who dared to catch him.

Mrs. Ding saw Su Chen preparing to wave, and she guessed that Su Chen was going to summon those elusive guards. When

Mrs. Ding appeared, she quickly took out a dagger and put it against her chest before saying coldly to Su Chen,

"Mr. Su, I know you have hundreds of men secretly protecting you, but you dare to summon those men to come out"

"I will commit suicide!"

"And everyone here will say that you killed me. Even if you return to the Xuantian Empire, I believe that your Emperor will not believe your words and start a war with the Han Empire."

"Holy shit! Mrs. Ding, you are so vicious!"
