### Chapter 1171

Su Chen did not expect that Mrs. Ding would threaten her with death.

This made him feel very speechless.

Could Mrs. Ding really threaten herself by doing this?

Su Chen is the emperor of the Xuantian Empire.

Does he still need the emperor of the Xuantian Empire to believe his words?

Su Chen felt that what happened today was really ridiculous. Even Mrs. Ding found it unbelievable. Didn't Mrs. Ding want to reconcile with Cao Cao? Why are you helping Cao Cao again?

Does this mean that Mrs. Ding still has unresolved feelings for Cao Cao?

Mrs. Ding dodged a little under Su Chen's gaze.

She didn't want to help the Han Empire this time, nor did she want to help Cao Cao.

She just felt that if Su Chen let the Xuantian Empire and the Han Empire go to war, innocent people would be hurt. It may even make the war in the Han Empire even more chaotic and cruel.

Madam Ding has been extremely disappointed with Cao Cao.

She does not want Su Chen to bring greater disaster and destruction to the Han Empire.

In the main hall,

Xun Yu did not expect that Mrs. Ding would stand up and even threaten Su Chen in this way, but this was the best way.

If Su Chen didn't want to lose his reputation, there was no way he would dare to leave the Xudu Palace.

No matter how you say it, Mrs. Ding is still Cao Cao's wife. If Cao Cao's wife commits suicide and is said to be killed by an envoy from the Xuantian Empire, then even if Su Chen returns to the Xuantian Empire, I'm afraid he won't be able to tell the emperor of the Xuantian Empire. Be believed.

Even the emperor of the Xuantian Empire thought that Su Chen had insulted Cao Cao's wife because of his sexual desire, and he killed Cao Cao's wife out of fear that the matter would be exposed.

Xun Yu now admires Madam Ding very much, and even respects Madam Ding more. Such a woman can help Cao Cao at a critical moment. She is really a good wife for Cao Cao.

Xun Yu ordered a middle-aged official next to him, "Cheng Yu, drive all these rubbish out of the city and out of the palace. We can't let these rubbish cause us any more trouble."

"Yes, Shangshu Ling!"

Cheng Yu nodded hurriedly when he heard Xun Yu's words and replied.

He was also very angry with these former officials of the Han Dynasty. What happened today almost caused a war. If Cao Cao knew what happened this time, I am afraid that none of these officials would Those who are left will be captured.

Some may even be executed.

Cao Cao does not want to offend the Xuantian Empire before unifying the Han Empire. Zhang Chunhua and Queen Guo now looked at Su Chen and Madam

Ding in confusion.

Thinking that something like this would happen in the palace, a war between empires almost broke out. If Madam Ding hadn't stopped her, I'm afraid Su Chen would have really returned to the Xuantian Empire and asked the Emperor of the Xuantian Empire to start a war.

And what Madam Ding did today To their surprise, neither Zhang Chunhua nor Queen Guo expected that Madam Ding would threaten Su Chen with death.

In order to prevent a war between the two empires,

Madam Ding would sacrifice her own reputation and life to stop Su Chen..

This made them admire Mrs. Ding very much.

Mrs. Ding looked at Su Chen and said apologetically,

"Mr. Su, I have no choice. I don't want the Han Empire to become more chaotic."

"The princes of the Han Empire have caused wars everywhere in the Han Empire. The people have been displaced and have no place to live."

"I hope Mr. Su can understand my feelings."

Su Chen did not expect Mrs. Ding to say this.

The war in the Han Empire has nothing to do with him. Mrs. Ding ignored her husband Cao Cao, but now she is pressing him step by step. Does this mean that he is a soft-hearted person? Or is it? Do you think you can be persuaded by her threats?

Su Chen laughed and taunted Mrs. Ding, "Haha! Are the people of the Han Empire displaced? With nothing to rely on?"

"Is this my fault?"

"Is this the Xuantian Empire's fault?"

"Your husband Cao Cao is also waging war everywhere now. Why don't you force Cao Cao to give up the war at the risk of death?"

"Cao Cao now wants to attack Xuzhou and even massacre the people of Xuzhou to avenge his father. You are so noble, why don't you threaten Cao Cao with death to stop his army?"

"I....."

Mrs. Ding's face turned very pale when she heard Su Chen's words.

She really knew about Cao Cao's attack on Xuzhou, but she had already prepared to make peace with Cao Cao, and she no longer had any identity to persuade Cao Cao to stop the army.

Even if she said this to Cao Cao, it would be useless.

She knew Cao Cao's character very well, he was a lustful and happy wife!

Don't trust anyone,

【I would rather betray the world than let the world betray me! 】 This is what Cao Cao said when he escaped from the imperial capital Luoyang.

Mrs. Ding never intended to persuade Cao Cao to do what he wanted to do, because she knew that there was no way she could make Cao Cao change his mind.

When Su Chen saw Mrs. Ding's body shaking and speechless, he continued to mock,

"You have nothing to say? Or do you want to treat me and Cao Cao with double standards? You can pretend you didn't see Cao Cao launch a war, but I just threatened a war, so you threatened me with death."

"You are discrediting me in the Xuantian Empire, and even causing me to be dismissed from my position in the Xuantian Empire."

"Mrs. Ding has thought that if you did this, my future in the Xuantian Empire would be destroyed in your hands, and even me and my family would be marginalized in the Xuantian Empire in the future."

"I didn't think about this, I just didn't want another war to break out." When Mrs. Ding heard Su Chen's words, she hurriedly shook her head and explained to Su Chen that

Mrs. Ding really didn't think of this, nor did she think that doing so would cause such a big trouble to Su Chen.

When she heard what Su Chen said After saying these words, he regretted having done so impulsively.

Su Chen glanced at Mrs. Ding and said expressionlessly,

"I'm leaving. If you want to commit suicide, just commit suicide. I will teleport today's events to the Xuantian Empire. As for what the emperor of the Xuantian Empire will do, that is not something I can control."

Su Chen said and continued to walk out of the hall. The surrounding Forbidden Army were all looking at Su Chen with eager eyes.

They would not let Su Chen leave now.

The Forbidden Army here must carry out Mrs. Ding's order.

Su Chen saw these Forbidden Army. If he wanted to catch him, he threatened coldly,

"Get out of the way or die!"

"Go ahead and catch him!"

A Forbidden Army general looked at Su Chen and waved his hand and ordered,

"Youru, kill them!"

Stab it! Stab it! Stab it!.....

After Su Chen ordered the shadow assassins, shadow assassins suddenly appeared in the Forbidden Army and slit the throats of these Forbidden Army one by one. Hundreds of Forbidden Army were killed one by one without even the ability to react.

In the palace hall, some officials who had not left, Zhang Chunhua, Queen Guo and others saw that the imperial army was killed in an instant. This made the people here very surprised and horrified when they looked at Su Chen.

Xun Yu saw that Su Chen's guards slaughtered the imperial soldiers in the hall neatly, which made him not know what to do. Mrs. Ding was convinced by Su Chen in defiance, even when he heard Su Chen's words Almost convinced. but!

For the sake of the Han Empire,

Xun Yu thought about it and had to keep Su Chen. Otherwise, if the Xuantian Empire went to war against the Han Empire, the Han Empire would really be over.

Just how to keep the special envoy of Xuantian Empire?

This makes Xun Yu unable to think of a way now.

"what happened? Why were the Custodes killed? Who can explain this to me?"

Chapter 1172

Queen Fu eavesdropped outside the hall for a while and then prepared to enter the hall.

Now she also knew the identity of Su Chen. Su Chen's identity was actually the special envoy of the Xuantian Empire. This was something that Queen Fu did not expect, and she did not expect it either. The person who saved her last night would be the special envoy of the Xuantian Empire.

Although Queen Fu was just a decoration in the palace and had no power at all, it was impossible for her to watch Su Chen being captured by the imperial army and remain indifferent. She didn't care whether Su Chen would let the Xuantian Empire and the Han Empire go to war. Queen Fu just She wanted to save the savior who saved her last night from leaving the Xudu Palace safely.

When Queen Fu entered the hall, she found that the Imperial Guards were dead all over the place, and Su Chen was surrounded by more than a dozen veiled women wearing black tights.

She looked at the corpses on the ground and asked with a pale face,

"what happened? Why were the Custodes killed? Who can explain this to me?"

"Queen, why are you here? Leave quickly."

On the throne, the little emperor hurriedly shouted when he saw Queen Fu arriving.

Liu Xie was very afraid that Su Chen would take his queen hostage and leave the Xudu Palace. This special envoy of the Xuantian Empire had just been killed by his men. There are hundreds of forbidden troops, and he is also very afraid of Su Chen now.

Su Chen did not expect Queen Fu to arrive, which made Su Chen very speechless when he saw Queen Fu arriving.

Will a puppet queen come to the palace hall?

Su Chen Chen guessed that Queen Fu hurried over after noticing his arrival. Was Queen Fu worried that she would be caught? Or was she worried that being caught would implicate her?

Otherwise!

How could a puppet queen dare to come to the palace hall?

Xun People like Yu and Zhang Chunhua did not expect Queen Fu to come. This is the court hall of the palace. How could a puppet queen come here? This made people here feel very confused when they looked at Queen Fu.

"Mr. Su? Why are you here?" Queen Fu looked at Su Chen and pretended to know her and asked,

"Queen, do you know Mr. Su? Xun

Yu looked at Queen Fu and asked in confusion.

Queen Fu nodded and admitted, "Yeah!" I knew Young Master Su before I entered the palace. Young Master Su is a businessman from the Southern Continent who came to the Northern Continent to do business. But why is Young Master Su in the palace?"

Su Chen was very speechless when he looked at Queen Fu.

This Queen Fu really failed in success and failed in many things.

Xun Yu and the few officials left behind are all old foxes. What Queen Fu said has made these old foxes suspicious, and even Cao Pi's death last night probably made them suspect that it was him.

Xun Yu looked at Su Chen and smiled and said, "I didn't expect Queen Fu to know Mr. Su. Mr. Su, why don't you stay with Queen Fu?" Reminiscing about old times?"

Xun Yu is now very sure that Queen Fu is Su Chen, whom he met just last night. Even Cao Pi's death was done by Su Chen.

Queen Fu was checked by Cao Cao before she entered the palace. Queen Fu has been so... Everyone I know has investigated.

There is no news about Su Chen here, which means that Queen Fu lied.

In addition, Queen Fu came to the palace as an exception today, and Cao Pi was killed when he wanted to insult Queen Fu last night. Xun Yu guessed that Su Chen must have saved Queen Fu last night.

Looking at Xun Yu's expression, Su Chen knew that Xun Yu might have guessed what happened last night, "Xun Yu, you are indeed an old fox. Have you already guessed it?"

"Um! Mr. Su, can you lend me a moment to speak?"

"Can!"

After Su Chen waved the Shadow Assassins to retreat,

Su Chen and Xun Yu walked aside and started talking.

In the palace hall,

Zhang Chunhua, Queen Guo, and even Mrs. Ding looked at Queen Fu with deep thoughts. They were also suspicious of Queen Fu who appeared here rashly. They even didn't believe what Queen Fu said she knew Su Chen just now. Why did they know each other before?

Su Chen is the special envoy of the Xuantian Empire, and this bastard is probably the only one who came to the Northern Continent. A few months.

How could Queen Fu, who had been in the deep palace, know Su Chen?

This Queen Fu had obviously lied, but why did Queen Fu lie? Did Queen Fu really know Su Chen? But Su Chen was also the first. When they first came to the palace, Su Chen didn't have time to get to know Queen Fu.

Cheng Yu and several officials looked at Xun Yu and Su Chen and were confused.

They also didn't expect that Su Chen, who had been firm just now, was actually in Fu. After the queen arrived, she actually agreed to talk to Xun Yu in private.

They all couldn't help but think that Su Chen and Queen Fu really knew each other?

Queen Fu was very confused now.

Why did Su Chen look at her like an idiot?

Did she come to save him ? Did you do something wrong?

Empress Fu is a little uneasy now. She is now afraid that good things will turn into bad things, which will even make Su Chen's situation more dangerous.

Xun Yu talked with Su Chen for a while, and he came over to the palace with a smile. Officials like Cheng Yu in the hall said,

"Cheng Yu, let's all leave, and Your Majesty, please leave with us. Mr. Su and Queen Fu have known each other before. With Queen Fu here, Mr. Su will not let the Xuantian Empire go to war against the Han Empire again.

Xun Yu even wanted to send the little emperor away.

This time the matter was successfully resolved, thanks to the arrival of Queen Fu.

Xun Yu also did not expect that Su Chen would kill Cao Pi to save Queen Fu, but he would not tell Cao Cao about this matter.

Cao Pi dared to come to the palace to insult the queen, which was a crime of disrespect. Xun Yu was loyal to the Han Dynasty, and he would also rot in his stomach for these things.

As for women such as Mrs. Ding, Queen Guo and Zhang Chunhua,

Xun Yu had no right to interfere.

After all, with Mrs. Ding here, he did not dare to drive Mrs. Ding and the others away.

The little emperor didn't want to leave at first, but officials like Xun Yu and Cheng Yu protected the little emperor and let him leave. They said they were protecting the little emperor, but in fact they

were forcing the little emperor to leave. These officials didn't want the little emperor to offend Su Chen again here..

After Xun Yu and the officials left with the young emperor,

Su Chen looked at the four women in the palace hall and shook his head. Things happened again and again today, especially the arrival of Queen Fu. This made Su Chen very speechless.

Su Chen has reached an agreement with Xun Yu.

Even if what happened last night has passed,

Su Chen will no longer insist on what happened today.

It's just that Su Chen wouldn't let it go like this. It would be very easy to find an excuse to start a war with the Han Empire. Su Chen, who was familiar with the plot, had many ways to start a war with the Han Empire.

Su Chen ignored the four women in the hall, although the four women, Mrs. Ding and Queen Guo, were all beautiful beauties.

But these women are too troublesome, and each one is stupider than the last, oh!

Queen Guo and Zhang Chunhua are still smarter.

He came directly and sat down on the little emperor's throne.

It was almost noon and he couldn't go to Xuzhou today.

When Queen Fu saw Su Chen sitting on the emperor's throne, she hurriedly said, "Mr. Su, that is the throne, you can't sit there."

When Su Chen heard Queen Fu's words, he said with disdain, "Shit, I can sit wherever I want. Queen Fu, what are you doing here in the court hall? You are such a stupid woman."

"I.....I'm not worried about you getting caught, that's why I came to save you"

"You, a puppet queen, save me? Why don't you find a piece of tofu and kill him? You are really stupid."

Chapter 1173

Su Chen sat on the Han Emperor's throne and didn't care at all. What's the good of a broken throne? If it wasn't the only seat in the entire hall, he wouldn't bother to sit on this unlucky throne.

Su Chen was also completely speechless with Queen Fu.

What time of year is it now?

This woman is still worrying about the emperor's seat. If

Queen Fu has a brain, she might as well think about how much trouble she has caused this time. If he hadn't given Fu a The queen solved her worries.

I'm afraid that when Cao Cao comes back, Queen Fu will die.

Queen Fu glared at Su Chen with an ugly face.

She didn't expect that this bastard would call her a stupid woman, which made her very angry now.

Queen Fu risked her life to save Su Chen, but this bastard didn't appreciate it?

And she kept scolding herself, which made Queen Fu feel that she was being too passionate. If this bastard hadn't saved her last night, Queen Fu wouldn't have cared about this bastard's life or death.

"Mr. Su, did you kill Cao Pi? right?"Mrs. Ding looked at Su Chen and asked seriously.

When Zhang Chunhua and Queen Guo heard what Mrs. Ding said, they looked at Su Chen in surprise. They didn't understand why Mrs. Ding said this. Could it be that Cao Pi really Did Su Chen kill him?

Su Chen was very helpless when he heard Mrs. Ding's words.

He didn't expect that Mrs. Ding had also guessed it. This made Su Chen not know how to tell Mrs. Ding, "Mrs. Ding, it doesn't matter." Regarding your business, aren't you going to leave the city? Leave now?"

Mrs. Ding asked Su Chen in a cold voice,

"Mr. Su, Cao Pi came to see Queen Fu last night, and then Cao Pi was killed and thrown into the Cao Mansion. Do you think this has nothing to do with you?"

Zhang Chunhua was very surprised after hearing Mrs. Ding's words.

She did not expect that Cao Pi would plot evil against Queen Fu.

However,

Su Chen was in her mansion yesterday.

Did that bastard sneak into the palace at night? He even encountered When it came to Cao Pi's insult to Queen Fu, Su Chen killed Cao Pi who wanted to insult Queen Fu. In this way, Queen Fu could know what Su Chen said.

Zhang Chunhua guessed these things and confirmed to Madam Ding, "Madam, you It means that Cao Pi came to the palace last night to find Queen Fu. Could it be that Cao Pi wanted to attack Queen Fu?....., that's why Mr. Su killed Cao Pi?"

Mrs. Ding nodded and continued, "Yes, Queen Fu should not come to the palace today. I think Xun Yu also guessed it, otherwise Xun Yu and Su Chen would not be able to have peace talks."

Queen Guo was very confused when she heard that Queen Fu should not come to the court hall.

Why did Queen Fu arrive?

Madam Ding and Xun Yu both guessed that Cao Pi's death was related to Su Chen.

Queen Guo was a little confused. He asked,"Why did Queen Fu's arrival make Xun Yu guess that Mr. Su had killed Cao Pi?"

Mrs. Ding glanced at Queen Fu and explained to Queen Guo,

"How could Queen Fu know this bastard? Before Empress Fu entered the palace, all her affairs were found to be innocent. And Mr. Su had probably only been in the Northern Continent for a few months. Empress Fu had been living in the palace. How could they know each other?"

Queen Guo understood, and she was also speechless to the stupid Empress Fu.

Empress Fu really failed this time and failed.

Queen Guo looked at the still confused Empress Fu and asked Mrs. Ding,"That's it. It is said that Queen Fu met Mr. Su last night, and Mr. Su also killed Cao Pi when he was rescuing Queen Fu. Is that true?"

"good!"

Mrs. Ding nodded and replied.

Empress Fu now understood why Su Chen called her stupid.

She was really stupid.

Empress Fu looked at Su Chen and felt very apologetic,"So that's it! I am so stupid, Mr. Su, I am the one who got you into trouble this time."

Mrs. Ding, Queen Guo, and Zhang Chunhua also looked at Su Chen. Although they didn't care about Su Chen killing Cao Pi, why did Su Chen come to the palace at night? This made them all very curious.

Su Chen really didn't expect this. Several beauties were able to quickly analyze that Cao Pi's death was related to them, "Why are you looking at me? You continue, since you have nothing to do now, let me see what else you pretty beauties can guess?"

"You are not the special envoy of the Xuantian Empire, right? Zhang Chunhua looked at Su Chen and asked me directly.

Su Chen looked at Zhang Chunhua in surprise and asked, "Why am I not the special envoy of the Xuantian Empire?"

Zhang Chunhua walked to Su Chen and continued with a cold face,

"What you do is not like the attitude that a special envoy should have. If a special envoy is as arrogant as you, even if the Xuantian Empire is very powerful, there should be proper etiquette."

"But when you arrived, you didn't look down on the Han Emperor at all, and you didn't even bend down to salute. Do you think this is what a special envoy should do? Your status is definitely unusual in the Xuantian Empire, at least you don't salute people often.

Queen Guo also looked at Su Chen suspiciously and said, "Yeah!" I also think Mr. Su is too arrogant, and his temperament and majesty exuded from his body are not something ordinary officials can possess."

"Mr. Su, who are you?" Empress Fu asked Su Chen in confusion.

Mrs. Ding also looked at Su Chen and wanted to know the true identity of this bastard.

This bastard is indeed not like an ordinary envoy. Even some officials do not have his temperament. Mrs. Ding She found that even Cao Cao didn't have the majestic aura of Su Chen when he was angry.

Zhang Chunhua's face under the veil was now very ugly.

She touched the black bird token in her arms and now she didn't think it was fake. It's just that this bastard is What is her identity in the Xuantian Empire? This made her look at Su Chen and want to ask.

Su Chen didn't expect that these women were really smart and intelligent.

All these clues were discovered by them.

Salute?

Su Chen has never been there since he arrived in the Xuantian Continent. He has saluted others, not to mention that he is now the emperor of a powerful empire. Who can be worthy of his salute?

Su Chen looked at these four beauties and smiled and said, "The person who knows my identity is either a dead person or me. People, are you sure you want to know?"

"Shameless!"

"color embryo"

"shameless!"

"asshole!"

When Mrs. Ding and Queen Guo heard what Su Chen said, they all shouted and cursed at Su Chen with blushing faces.

They didn't expect this bastard to be so shameless.

Who are his people?

This bastard wouldn't think Do you want to trick the four of them?

Mrs. Ding and the four of them all think that this bastard is too bold. They are either official ladies, wives of princes, and even the queen of an empire. Is this shameless and lustful bastard? Don't want to die?

"Damn it, you all think too much. What kind of beauty do I want? Will I like you?"

"Shameless pervert, are you saying we are bad?"

Chapter 1174

Su Chen became angry when he heard women like Zhang Chunhua scolding him.

These women were simply too narcissistic.

Wasn't Su Chen any other beautiful woman?

There are even a lot of beauties who are prettier than them.

Zhang Chunhua and the others are just some beautiful vases.

Su Chen really doesn't like these women.

His women are either the masters of a sect, or super masters in the world, and they can even lead the army. The commander-in-chief of the battle, and all of them are extremely beautiful beauties, can Zhang Chunhua and the others be compared with his women?

Zhang Chunhua and the others were very angry when they heard Su Chen's words.

What did this bastard mean?

Do you look down on these women?

All four of them are stunning beauties.

Can this bastard be blind?

Zhang Chunhua suddenly thought about the identity of this bastard they had guessed just now. This bastard was actually trying to fool him?"No, we were almost fooled by this bastard. He hasn't told us his identity yet."

"Yeah, damn bastard, tell us who you are? Queen Guo reacted and asked Su Chen forcefully.

Queen Fu was also very curious about Su Chen's identity,"Mr. Su, you'd better tell us your identity. We promise not to reveal it.""

"Tell us who you are, and forget about the things you looked down on us about just now."Mrs. Ding looked at Su Chen with a cold expression and said,

Su Chen didn't pay attention to these women.

Can his identity be told to these women?

He touched his belly and shouted to Queen Fu,"Queen Fu, order some food and drinks. Come here, I'm hungry now"

"go.....Go to my bedroom, this is not a place to eat."When Queen Fu heard Su Chen's words, she said helplessly, this is the main hall of the Han Empire, and hundreds of forbidden soldiers have just died in the hall. Queen Fu can't eat here.

"casual!"

Su Chen nodded and agreed.

He can eat wherever he wants, as long as the little emperor doesn't come to provoke him. Anyway, he will leave Xudu City tomorrow, and he doesn't want to deal with things here anymore.

However,

Sima Yi doesn't If he could let it go,

Sima Yi could be an insidious person.

Su Chen decided to kill Sima Yi before leaving. Whether it was for revenge or for conquering the Northern Continent in the future, it would be very beneficial to him.

Zhang Chunhua, Mrs. Ding and others mutually After looking at it, they decided to have dinner together first. If this bastard didn't tell his identity today, Zhang Chunhua and Mrs. Ding would not let him go.

They were all interested in Su Chen's identity, and

Zhang Chunhua and the others even suspected Su Chen. His status in the Xuantian Empire must be very high. It is possible that this bastard is a king in the Xuantian Empire, or the commander of a combat regiment.

Han Empire,

Yangzhou!

Lujiang County, Qiao Family.

Thousands of Qiao Family arrived today After these black-armored cavalry escorted a luxurious carriage to Qiao's house, even the county guard of Lujiang County personally waited respectfully at the door of Qiao's house for the people in the carriage to come out.

"Miss, the Qiao family has arrived."A black-armored cavalry captain reported respectfully to the carriage.

In the carriage,

Su Yan was playing chess with Huang Yueying, and Cai Yan next to him played the piano for Su Yan reluctantly.

Su Yan heard that the black-armored cavalry After hearing the warning, she stood up and moved her body and said, "Are you here? Sister Cai, Sister Huang, let's get off the carriage. I want to see how beautiful Jiangdong's big and small Qiao are."

Cai Yan is also helpless towards Su Yan.

In the past few months, Su Yan has been looking for beauties everywhere, and even she has found very few beauties sent by the princes.

Cai Yan also doesn't know why Su Yan is looking for beauties at such a young age. Beauties, it can even be said to be capturing beauties, Huang Yueying and she were captured by force.

However,

Su Yan did not let them do anything they did not want to do, but Cai Yan never understood why Su Yan wanted to find so many beauties. what to do

"Miss Yan, what are you doing with so many beauties? Many beauties have been sent to Xiangyang City in Jingzhou by the princes. Aren't those beauties enough?"

Su Yan smiled when she heard Cai Yan's words.

She would not tell Cai Yan and Huang Yueying that she was looking for a beautiful woman for her father, otherwise Cai Yan and Huang Yueying would definitely force her to leave.

And this time they came to Lujiang County , she also heard that Jiangdong Erqiao of Lujiang County was very beautiful, and after Sun Jian's death,

Sun Jian's son Sun Ce refused to admit it. He didn't even give away the beauties promised to her, and even wanted to rob Jiangdong Erqiao.

This was something she couldn't handle.

Su Yan wanted to steal the second Qiao from Jiangdong first, and then settle the score with Sun Ce, the second Qiao.

"Sister Cai, the beauties sent by the princes are not very good. Although those beauties are much more beautiful than ordinary women, they are still far from you. This time Sun Jian's son actually wants to snatch the second Qiao from Jiangdong. How could I possibly let them have their way. Huang

Yueying heard Su Yan's words and said mockingly, "Just say you want to rob Jiangdong's second Qiao. You and Sun Ce are the same.""

Su Yan explained to Huang Yueying with a serious face,

"Sister Huang, I'm a girl. Even if I rob Jiangdong Erqiao, I won't do anything to them. But Sun Ce is different. Sun Ce and Zhou Yu want to separate Jiangdong Erqiao one by one. This is forcing a wife. , can I be the same as Sun Ce? Huang

Yueying also knew that Su Yan was right, but she was still worried about Su Yan's threat to her, "I'm too lazy to pay attention to you. Unless you let us go, you are not a good child.""

When Su Yan heard that Huang Yueying was still leaving, she thought that she would have to send people to strengthen supervision of Huang Yueying, who had always refused to admit defeat.

Su Yan would not let the beauty she had obtained slip away from her hands again. She had already let Zhen Mi leave. , she only has four or five beautiful beauties in her hands.

Su Yan will not let her beauties in her hands become fewer and fewer.

"It is impossible for you to leave. The Han Empire is now in chaos, and the princes are all fighting against each other. Beauties like you will definitely be attracted by some princes. If you are snatched away, you will be in misery in the future."

Cai Yan patted Huang Yueying's shoulder and said with a smile,

"Yueying, Miss Yan is right. Everything in the Han Empire is not peaceful now. Even if you live in your house, something will happen. As long as we women are beautiful, we will be a disaster in troubled times."

Huang Yueying also knew that Su Yan was just joking around with these beauties, otherwise it would be impossible to let the stunning beauty Zhen Mi go. She was also angry with this lawless little girl who went around plundering beauties.

"We got off the carriage and went to see how beautiful Jiangdong Erqiao was." Su Yan stuck out her tongue at Huang Yueying and got off the carriage first. She was very curious about Jiangdong Erqiao.

"This little girl, why doesn't anyone in her family take care of this crazy girl?"

"Yueying, Miss Yan has an extraordinary background. Judging from Miss Yan's speech, behavior and temperament, as well as those powerful masters and the elite black-armored army, Miss Yan's parents are definitely not ordinary people."

Chapter 1175

Lujiang County,

Wancheng, Qiao Mansion.

Qiao Xuan looked at the thousands of black-armored troops surrounding him with fear.

He was now very worried and frightened. The Lujiang County Sheriff who came to his house today said that a big shot was coming, and he was coming for his two daughters.

The Qiao family is just a small gentry, or even a declining gentry.

First, Sun Ce, the little overlord of Jiangdong, threatened to marry his daughter, and now a big shot wants to take away his daughter.

This makes Qiao Xuan angry and confused. Helpless, he couldn't afford to offend Sun Ce or this big shot, otherwise his whole family would suffer unreasonable disasters, but Qiao Xuan was very reluctant to ask him to hand over his two beautiful and fragrant daughters.

Liu Xun, the governor of Lujiang County, looked at the frowning Qiao Xuan beside him and smiled and said, "Mr. Qiao, your family will become more prosperous in the future, and even Yangzhou Shepherd Yuan Shu will look at you differently in the future."

Liu Xun knew that this time was coming. Who is it?

Miss Yan from Jingzhou.

Although Miss Yan is young,

Miss Yan is a big man. The most powerful princes in the country have hundreds of thousands of troops alone, and Miss Yan is also the little princess of Huanyinfang, the most mysterious force in the world. Liu Xun dare not offend Miss Yan even if he has some courage, and so does Liu Xun. Yuan Shu had specifically told her that Miss Yan must be well received when she arrived this time. No matter what Miss Yan ordered, he would complete it.

"Sheriff Liu, who is coming this time?" Qiao Xuan asked suspiciously when he heard the words of Liu Xun, the governor of Lujiang County.

Qiao Xuan did not expect that Yangzhou Shepherd Yuan Shu would be fawning over the big shot who came this time.

This surprised Qiao Xuan very much.

Yuan Shu was from a family with four generations and three nobles. The family leader is also the Yangzhou Mu of the Han Empire, and has more than 200,000 troops under his command. Who is it that the arrival of Yangzhou Mu Yuan Shu will not let him be careless?

"Miss Jingzhou Yan! Liu

Xun looked at Qiao Xuan and said slowly.

Qiao Xuan looked at Liu Xun in surprise and hurriedly confirmed, "What?" Miss Yan from Jingzhou? Is she the most powerful Miss Yan among the princes? Liu

Xun nodded and confirmed,

"good! Mr. Qiao, you should know how powerful Miss Yan's Jingzhou is. Miss Yan has more than 300,000 elite troops. If you add the city guards from each county, Miss Yan will have more than 500,000 troops."

"Moreover, it is rumored that Miss Yan's mother is the empress of Huanyinfang, the top power in the world. Do you understand what this means?"

Qiao Xuan hurriedly smiled and nodded when he heard Liu Xun's words, "I know, I didn't expect Miss Yan to come this time. Why are these black armored cavalry so tough and powerful? It turns out that these are Jingzhou Yan. Lady's Army."

Qiao Xuan is completely relieved now.

He has heard about Miss Yan from Jingzhou. When the princes were discussing the alliance, Miss Yan was the most outstanding person among the princes.

Although Miss Yan is very young, she is very good at what she does. He was decisive and ruthless. The white horse Congyi Gongsun Zan in Youzhou was destroyed by Miss Yan at a disagreement, and Miss Yan's Jingzhou army was also very powerful.

If Miss Yan had not launched a war with the outside world, the princes around Miss Yan would have I am afraid that each one of them has been killed by Miss Yan.

Qiao Xuan now has no objection to Miss Yan taking away his daughters. Miss Yan is a little girl after all, and he is now very relieved that Miss Yan will take away his two daughters. A daughter.

Liu Xun looked at the surrounding black-armored troops and said with emotion, "Yes, Jingzhou's army is too powerful. No other princes in the Han Empire can be the opponent of these powerful armies. Qiao

Xuan suddenly thought of Sun Ce from Wu County and asked worriedly, "Mr. Liu, but Sun Ce also has some evil thoughts about my daughter. Will there be any surprises when Miss Yan arrives this time?" Liu

Xun heard Qiao Xuan say that Sun Ce smiled disdainfully and said,

"Hahaha!"

"Mr. Qiao, don't worry, Sun Ce is a lost dog, and Miss Yan's army this time is not just the five thousand black armored cavalry."

"Ten miles away from Wancheng!"

"Miss Yan's 100,000 black-armored troops will be dispatched at any time to protect Miss Yan. Do you think Miss Yan will only bring these troops to Lujiang County this time?"

"That's good, that's good!"

At this time,

Su Yan also came out of the carriage,

"In Lujiang County, County Governor Liu Xun met Miss Yan."

"Lujiang, Qiao Xuan met Miss Yan!"

When Liu Xun and Qiao Xuan saw a beautiful little girl coming out of the carriage, they hurriedly saluted,

"Everyone, get up! Su

Yan looked at Liu Xun, the governor of Lujiang County, and said, "Liu Xun, thank you very much this time, and tell Yuan Shu that I will support him with another 100,000 dan of food and grass. The remaining counties in Yangzhou hope that he can get them all as soon as possible." Come down."

When Su Yan came to Lujiang County this time,

Liu Xun treated him very well.

In Lujiang County, any city that Su Yan passed by would warmly entertain Su Yan. Even when Su Yan came with his army, Liu Xun also directly let him go without any obstruction.

"The official understands and I will definitely tell the state pastor." Liu Xun was very happy when he heard Su Yan's words.

This time he deliberately wanted to please Su Yan.

Although Liu Xun was Yuan Shu's general, he knew who Yuan Shu was.

Liu Xun guessed that Yuan Shu would be thorough in the future. He turned to Miss Yan. He might also become Miss Yan's general in the future. This time he went out of his way to please Su Yan in the hope that Miss Yan could reuse him in the future.

Su Yan then looked at Qiao Xuan and asked directly, "Qiao Xuan, You know what's going on when I come here this time, right?"

Qiao Xuan saluted Su Yan hurriedly and replied, "Miss Yan, I understand that my two daughters will cause trouble to Miss Yan in the future."

Su Yan glanced at Qiao Xuan unexpectedly and continued, "Well, you are very good, Qiao Xuan. You can move your family to Xiangyang, Jingzhou, and I will arrange a residence for your Qiao family in Xiangyang City."

Su Yan agreed without expecting Qiao Xuan to be in such pain. This made Su Yan feel that it was much easier. At least he didn't have to snatch Da Qiao and Xiao Qiao away.

"Thank you, Miss Yan. Thank you, Miss Yan." Qiao Xuan was very happy when he heard Su Yan's words.

Among the various princes in the Han Empire, Miss Yan's Jingzhou is probably the safest place. This time, the Qiao family will rely on Miss Yan in the future. Even in Jingzhou, there is no one Dare to touch their Qiao family?

"Take me to meet your two daughters. I want to see how beautiful Jiangdong Erqiao is."

"Miss Yan, please follow me into the house."

"Miss Yan, wait for us."

At this time,

Cai Yan and Huang Yueying also got out of the carriage. They had also heard what Su Yan and Qiao Xuan said just now. They also did not expect that Qiao Xuan agreed so readily, which made them all feel very confused..

When Su Yan heard Cai Yan's cry, he waved and said,"Hurry up, I thought you didn't want to meet Jiangdong Erqiao?"

Cai Yan pulled Huang Yueying and smiled at Su Yan and said,"We need to meet Jiangdong Erqiao, who is famous in the Han Empire. Miss Yan, let's go meet Jiangdong Erqiao together!"

"Let's go! I also want to know whether you and Huang Yueying are more beautiful, or Jiangdong Erqiao is more beautiful than you."

Chapter 1176

In Qiao's Mansion, there were two beautiful beauties with exactly the same appearance and even the same figure. They held each other's hands and looked nervously outside the mansion.

These two girls are Da Qiao and Xiao Qiao in the Qiao Mansion.

Da Qiao and Xiao Qiao are both worried about the big shot coming to snatch them away. Even the governor of Lujiang County is a person who must be treated with caution. This makes just Xiao Xiao It was impossible for the Qiao family, a noble family, to resist.

The two sisters are also very worried about their future fate.

"Sister, will we be captured?" Xiao Qiao nervously asked her sister Da Qiao beside her.

Da Qiao shook his head with some sadness on his face and said, "I don't know. I believe my father won't see us being taken away."

"But this time a big shot is coming. Even the Lujiang County Sheriff has to greet him outside the house. Can our father protect us?" Xiao Qiao doesn't believe that their father can save the two sisters this time.

This time, even the Lujiang County Sheriff has to be careful. Xiao Qiao doesn't think that his father can save the two sisters.

Da Qiao took the photo He patted Xiao Qiao on the shoulder and said comfortingly, "Sister, don't worry, maybe the upcoming big shot just wants to meet us, and we may be overthinking it."

Xiao Qiao looked at Da Qiao and said speechlessly,

"Sister, is this possible? Ever since the rumor spread that Sun Ce wanted to steal our sisters, many people have been trying to steal our sisters again in the past month or so. This time it must be a big shot who wants to steal us as his wives and concubines. Da

Qiao smiled softly and said, "Don't worry, let's see first what kind of big shot is coming."

"That's all we can do, I hope it's not an old man who wants to kidnap us. Otherwise, I won't be kidnapped even if I die." Xiao Qiao nodded and stopped guessing.

What will be the fate of the two sisters in the future will be known soon. She just hopes that the big man coming is just curious about them and will not kidnap them. sisters

"I am not an old man who has suffered, and there is no need for you two sisters to commit suicide."

Just as Da Qiao and Xiao Qiao were talking,

Su Yan's voice came from outside the room.

Da Qiao and Xiao Qiao heard Su Yan's words. She hurriedly looked towards the door. When they saw a little girl arriving with two beautiful women, the two sisters were stunned.

They didn't expect that the big shot who was about to come turned out to be a little girl. If it weren't for their father and the Lujiang County Sheriff They all followed the little girl cautiously. They couldn't believe everything they saw.

When Qiao Xuan saw the confused looks on Da Qiao and Xiao Qiao's faces, he hurriedly shouted, "Da Qiao, Xiao Qiao, this is Miss Yan from Jingzhou, why don't you salute quickly!"

"Da Qiao (Xiao Qiao) met Miss Yan." When Da Qiao and Xiao Qiao heard their father's words, they hurriedly bowed to Su Yan.

They didn't expect that Miss Yan from Jingzhou would come this time.

They had also heard of Miss Yan from Jingzhou. A little girl actually did this. The governor of Jingzhou was even the most powerful prince in the Han Empire, which made them very curious when they looked at Su Yan.

Su Yan waved to Da Qiao and Xiao Qiao and looked at the two sisters.

Da Qiao and Xiao Qiao Xiao Qiao and Su Yan are very satisfied with the twin sisters. They have exquisite looks, convex figures, exactly the same face, and even the figure is exactly the same.

Although they are not as beautiful as Zhen Mi, they are a beautiful pair. twin sisters.

Su Yan nodded to Da Qiao and Xiao Qiao and said with a smile, "You are very good. You didn't let me come to Lujiang County in vain."

"Miss Yan, what are you going to do to us?" Xiao Qiao looked at the young Su Yan and asked doubtfully,

"Haha, what do you think?"

Su Yan looked at Xiao Qiao and asked with a smile,

"Miss Yan, you don't really want to arrest our sisters, do you?"

"Won't!"

"Phew, that's good!"

"I will not arrest you two sisters, but your father gave you two sisters to me, haha!"

"What? How can this be?"

When Xiao Qiao heard Su Yan's words, she looked at her father in confusion.

She didn't expect that her father would hand the sisters over to Miss Yan, but how could this be possible? Their father loved the two sisters very much. Qiao also didn't believe that her father would hand the two sisters over to Miss Yan.

Da Qiao also looked at her father with a look of disbelief.

She also didn't believe that their father would do this.

Qiao Xuan stroked his beard and smiled in response to her doubts. Da Qiao and Xiao Qiao said,

"Da Qiao, Xiao Qiao, the Han Empire is in complete chaos now. If you sisters continue to stay in Lujiang, something will happen."

"If you don't leave, I'm afraid even Sun Ce from Wu County will come and snatch your sisters away. You will be very safe with Miss Yan in the future."

"Besides, our Qiao family is also going to settle in Xiangyang, Jingzhou. You sisters can follow Miss Yan from now on."

When Da Qiao and Xiao Qiao heard Qiao Xuan's words, they understood that their father was worried that someone would do harm to their sisters in the future, and even wanted to avoid Wu Jun Sun Ce's greed for their beauty. At this time,

Cai Yan and Huang Yueying also looked at Da Qiao and Xiao Qiao nodded.

No wonder Su Yan came to Lujiang County in person to meet Jiangdong Er Qiao. Jiang Dong Er Qiao was indeed very beautiful, especially a pair of twins. This made them look at Da Qiao and Xiao Qiao. They were all surprised.

Su Yan looked at Da Qiao and Xiao Qiao and asked with a smile, "Do you believe it now? Are you willing to leave with me?"

"I'll have to worry about Miss Yan from now on." Da Qiao smiled softly and saluted after hearing Su Yan's words.

Su Yan nodded her little head and said happily, "It's not troublesome. You should be my sister Da Qiao. My sister Da Qiao has a gentle and virtuous personality. My sister Xiao Qiao has a lively and cute personality. You two sisters are very good. I believe my father....."

Su Yan almost let it slip as she spoke.

Fortunately, even if she reacted, otherwise,

Da Qiao and Xiao Qiao might not be willing to leave with her, and even Cai Yan and Huang Yueying would have to leave desperately.

"What is your father? Huang Yueying asked suspiciously when she heard Su Yan's intermittent words.

Su Yan rolled his little eyes and hurriedly lied, "It's nothing. I just haven't seen my father for a long time and I miss him a little." Huang

Yueying looked at Su Yan and said speechlessly, "If you miss your father, go see your father. Miss Yan, who is your father?" What's your last name?"

Su Yan waved his hand and said confusedly,

"You will know this later. I don't know where my father is now. I can't see anyone even when I go home."

Huang Yueying saw that Su Yan still refused to reveal anything, which made her more and more curious about Su Yan's parents, "Your parents are really big-hearted. You are doing these things at a young age. How could your parents Aren't you worried?"

"Miss Yan, is your mother really the empress of Huanyinfang?" Xiao Qiao looked at Su Yan and asked doubtfully,

"I escaped secretly this time. The empress of Huanyinfang is my aunt. My biological mother is not Li Maozhen, the empress of Huanyinfang. Empress Li Maozhen is only one of my father's women."

Chapter 1177

Huang Yueying, Cai Yan, and even Da Qiao and Xiao Qiao were very shocked when they heard Su Yan's words.

None of them thought that Su Yan's biological mother was not the empress Li Maozhen of Huanyinfang, but that the empress Li Maozhen of Huanyinfang was actually one of Su Yan's father's women?

How can this be?

In the Northern Continent,

Huanyinfang is one of the four top Jianghu forces alongside Tianxiahui, Wushuang City, and Xuanming Sect, and Huanyinfang is the most mysterious hidden force among them.

Cai Yan and the others knew that several of the nine holy ladies of Huanyinfang had been protecting Su Yan, and from the respectful attitude of the saintly ladies of Huanyinfang towards Su Yan, they also knew that Huanyinfang valued Su Yan..

Cai Yan and the others originally thought that Su Yan was the daughter of Empress Li Maozhen, but they did not expect that Su Yan was not the daughter of Empress Li Maozhen.

She was Su Yan's aunt.

How could they believe this?

Liu Xun and Qiao Xuan looked at Su Yan in shock.

Today they heard very surprising news.

The empress Li Maozhen of Huanyinfang actually became a man's concubine. The powerful empress actually became a concubine?

This scared them too.

Empress Li Maozhen recently heard that a land immortal who was promoted to the heavenly realm actually became a man's concubine?

So who is Su Yan's father?

Xiao Qiao looked surprised and asked Su Yan,

"Miss Yan, you didn't deceive us, did you? How could the empress Li Maozhen not be your biological mother?"

"What's so deceptive about this? My mother is indeed not the empress Li Maozhen." Su Yan glanced at Xiao Qiao and shook his head.

Huang Yueying looked at Su Yan and asked bluntly,

"So who is your mother?"

Su Yan still shook his head and refused, "Haha, you want to trick me? This is not okay, but I won't tell you now."

Su Yan is most afraid of her mother Jing Salad. Jing Salad, who has always been cold-faced and expressionless, is very strict with her. If she hadn't been unable to stand Jing Sala's control in Xuannio Palace, she wouldn't have been able to get along with Zhen Mi. Came to the Northern Continent secretly

"What about your father? Who is your father?"

Cai Yan is also very curious about Su Yan's father.

Su Yan's father can take down the empress Li Maozhen, so Su Yan's father must not be an ordinary man, and she also guesses that Su Yan's current black-armored army may also belong to her father. Army.

But in the Han Empire in the Northern Continent,

Cai Yan couldn't think of that prince who would be Su Yan's father.

After all, Su Yan was now the most powerful prince in the Han Empire. If Su Yan's father was also a prince, then Su Yan would His father must be more powerful than Su Yan, and now Su Yan's Jingzhou is the most powerful among the princes. So who is Su Yan's father? After hearing

Cai Yan's words, Su Yan shook his head and said,

"My father? I can't tell you this. You will know it later, so don't ask any more questions now."

Xiao Qiao and Huang Yueying were very helpless when they heard Su Yan's answer.

This little girl was too strict.

Her mother refused to reveal it, and even her father refused to reveal it, which made them feel very uncomfortable. good

"Miss Qi, a secret message from Xiangyang, Jingzhou!" A secret guard hurriedly arrived and saluted Su Yan, saying,

"bring here!"

"Yes, miss!"

Su Yan took the secret letter and read it, but she frowned as she read it.

Su Yan did not expect that Cao Cao would launch a war against Xuzhou. Didn't Cao Cao know that Tao Qian of Xuzhou was her friend?

Moreover , He threatened to bloodbath Xuzhou.

Is Cao Cao going to inhumane and start a massacre?

Su Yan thought about it and immediately ordered the secret guard,

"Ordered Zhao Yun and Wei Yan, with Zhao Yun as the commander and Wei Yan as the deputy general, and asked Zhao Yun to lead a black armored cavalry regiment to Xuzhou to help Tao Qian. He told Zhao Yun that this mission only needs to drive Cao Cao's army out of Xuzhou. It is not about destroying Cao Cao yet. when"

"Yes, miss!"

Su Yan shook her head when she saw the secret guard leaving. She couldn't leave Tao Qian in Xuzhou without saving him. Tao Qian was a loyal younger brother of hers, and Xuzhou was also in her pocket. Su Yan wouldn't let Cao Cao ruin it. Xuzhou

"Da Qiao, Xiao Qiao, please clean up. We will return to Xiangyang City in Jingzhou in a moment."

"Yes, Miss Yan!"

Da Qiao and Xiao Qiao also saw that something had happened, and they did not dare to ask any more questions.

Su Yan was very serious when he issued the order just now. They also knew that Su Yan, at a young age, was a powerful figure in the Han Empire. A prince, and a powerful prince who could decide countless lives and deaths with just one word.

Su Yan then explained to Liu Xun of Lujiang County, and ordered the army to prepare to march back to Xiangyang City, Jingzhou.

Xudu,

Han Dynasty Palace, in the queen's palace.

Su Chen was very helpless when he saw Zhang Chunhua and the four of them drunkenly.

Zhang Chunhua and the other four girls were planning to get him drunk and ask for his identity. Su Chen was not drunk yet, but they were all drunk one by one.

Su Chen put them one by one on Queen Fu's bed and prepared to leave.

He didn't want to listen to four drunkards talking nonsense here.

"You want to leave?"

Just when Su Chen was about to turn around and leave,

Zhang Chunhua's voice came from the bed.

Su Chen looked at Zhang Chunhua sitting up and shouted in confusion,

"I'll do it! You're not drunk?"

Zhang Chunhua laughed when he saw Su Chen's surprised look, "Haha! I'm an innate master, can these drinks make me drunk?"

"Miss Zhang, so you are pretending to be drunk?"

"Yes, I just want to test your bastard's character. I didn't expect that you, bastard, are still a decent man."

"Damn it, if I had known I would have fucked you first"

"Shameless, you bastard is such a shameless bastard." Zhang Chunhua cursed angrily when he heard Su Chen's words.

Su Chen ignored Zhang Chunhua. He looked at the other three women and found that something was wrong with Mrs. Ding, "Mrs. Ding, you Stop pretending. Your eyelashes are always moving. Are you pretending to be drunk?"

"Mr. Su, I didn't expect you to observe so carefully." Mrs. Ding also sat up from the bed and said to Su Chen with a blushing face.

She was very uncomfortable being held by Su Chen and put on the bed just now. She was even worried that Su Chen would be scornful of her, but she didn't expect that Su Chen would treat her badly. The four girls were indifferent. Did this bastard look down on their beauty?

Su Chen looked at Mrs. Ding and then continued to look at Queen Guo and Queen Fu. He wanted to know if the remaining two girls were also pretending to be drunk. , "Queen Guo, Queen Fu, aren't you pretending to be drunk too?"

Queen Guo coughed when she heard Su Chen's words and said blankly, "Ahem, I'm not pretending to be drunk, I just feel dizzy and want to take a rest."

"I drank too much just now, and now I feel better!" Empress Fu sat up a little embarrassed and rubbed her head shyly and said,

"What the hell! You women are all pretending to be drunk? If I had known I would have thrown you all to the ground."

Chapter 1178

Su Chen also didn't expect that Zhang Chunhua and the other four women would all pretend to be drunk. This made him very speechless when he looked at these four women.

Is this to test his character?

Or do you think you are just a gentleman and don't dare to do anything to them?

Zhang Chunhua and the others also looked at each other. They did not expect that the others were also pretending to be drunk. They were also very embarrassed now. After all, they all pretended to be drunk one by one without prior notice.

Mrs. Ding looked at Su Chen and asked directly, "Mr. Su, are you ready to leave Xudu?"

She just found out that Su Chen was leaving here, but Su Chen couldn't leave yet, although today's matter has been resolved. However, Su Chen's influence is still there, and she also hopes that Su Chen can stop Cao Cao's bloodbath in Xuzhou.

Su Chen looked at Mrs. Ding and the four daughters and said angrily, "Yes, if I don't leave, am I going to sleep with you here?"

"You are so shameless!"

When Queen Guo heard Su Chen's words, she shouted with shame and anger.

Mrs. Ding, Zhang Chunhua, and Queen Fu also stared at Su Chen with red faces. They didn't expect that this bastard would say such shameless words. Mrs. Ding and the others I believe I would like to strangle this shameless pervert to death

"I'm so shameless, even if you don't have a few ounces of flesh on your body, I won't be indifferent even if you lie next to me." Su Chen mocked Queen Guo with a look of disdain.

Although Queen Guo's body is not as dry as he said, and her body is even plump and bumpy, she will not show mercy.

"Bastard, I'm going to kill you!"

"Damn it, crazy woman, get down here quickly"

"Go to hell!"

"Farke, hiss! Are you going to bite me to death?" Su Chen didn't expect that Queen Guo would pounce on him like a crazy woman, and even bite Su Chen's neck. This made Su Chen so painful that he wanted to get rid of this crazy woman.

"Woohoo!"

"Let go, you're going to bite my neck and bleed."

"Woohoo!"

"Damn it, Queen Guo, you asked for this." Su Chen saw that Queen Guo refused to let go, which made Su Chen anxious. He was really afraid that Queen Guo, a vicious woman, would bite off a piece of flesh from his neck.

Su Chen stretched out his hand and hugged Queen Guo, even when Queen Guo hurriedly let go, he kissed Queen Guo with one breath, and the two of them fell on Queen Fu's bed together. Mrs.

Ding and Zhang Chunhua were stunned when they saw this situation. Everyone left the room in a hurry.

They would not look at those embarrassing things.

Outside the room, after Mrs. Ding and her three daughters ran out, they all looked at each other uneasily.

Zhang Chunhua looked worried when he looked into the room. Said, "Mrs. Ding, what should I do? Should we just ignore Miss Guo?"

"Then go save Queen Guo!" Mrs. Ding fanned herself with one hand to calm down, and rolled her eyes at Zhang Chunhua. Zhang Chunhua thought of what Su Chen and Queen Guo were doing in the room, and she hurriedly shook her head and said, "This.....Forget it, I don't want to see those embarrassing things"

"Forget it, we don't need to worry about them, it's too late today, we will rest in the palace all night, and we will talk about anything tomorrow." Mrs. Ding saw that Zhang Chunhua did not go to the room to save Queen Guo. It was even more impossible for her to go.

Mrs. Ding shook her head and turned to Queen Fu and said,

"Queen Fu, please arrange some rooms for us first. We will rest here for the night and send someone to watch over the place. Can Su Chen let him escape?"

"I.....I see." Empress Fu is very helpless now. This room is her room, and now it will be occupied by Su Chen and Queen Guo, which makes her feel very helpless. At this moment, in Cao Cao's mansion,

Xun Yu and Some Cao Cao officials are discussing what happened today, especially the arrival of the Xuantian Empire's envoy, which is an opportunity for Cao Cao's power.

If Cao Cao can get the support of the Xuantian Empire, it will be very difficult for Cao Cao to destroy other princes in the future. It's easy.

Xu Duling Man Chong stood up and said to Xun Yu, "Master Xun, I have already sent people to tell the lord quickly about the arrival of the Xuantian Empire's envoy, but how should we deal with Sima Yi and the Sima family?"

Xun Yu began to think after hearing Xu Duling Manchong's words.

He also knew that Sima Yi offended Su Chen.

All this was for a woman.

Zhang Chunhua of the Zhang family did not expect to have such a relationship with Su Chen, but this is also an opportunity for Cao Cao's forces. After all, Zhang Chunhua's father is an official under Cao Cao. If Su Chen marries Zhang Chunhua in the future, Cao Cao can also use Su Chen to establish a relationship with the Xuantian Empire.

"Sima Yi is imprisoned in your Xudu prison first. This matter needs to be resolved by the lord. After all, the Sima family is a noble family and we have no power to deal with the Sima family."

"Yes, my lord! Cheng

Yu thought of what happened in the palace and asked Xun Yu in confusion, "Master Xun, what did you say to the Xuantian Empire's envoy in the palace?" Why did the Xuantian Empire's envoy change his attitude so much?"

"Haha, you don't need to know this." Xun Yu glanced at Cheng Yu, smiled, shook his head and said,

Xun Yu will not tell Su Chen about killing Cao Pi.

Let Cao Pi die!

How dare Cao Pi have any objections to the queen of the Han Empire? Even if Su Chen didn't kill Cao Pi this time, Xun Yu would have forced Cao Cao to execute Cao Pi.

"Mr. Xun, we still have no information about the murderer of Cao Pi. How can we tell the master about this?"

Xun Yu thought of what Su Chen said to him, and he said expressionlessly,

"The person who killed Mr. Cao Pi is said to be a master of the Xuanming Sect. This is what the Xuantian Empire envoy told me. We can't find those Jianghu people now. Let the Lord decide after he comes back."

"Well, that's all we can do. After all, the Xuanming Sect is a top-notch martial arts force. We don't know the specific location of the Xuanming Sect. Even if we want to send out troops, we must first find the Xuanming Sect's home base."

In the middle of the night, the palace!

Su Chen came out of Queen Fu's room.

He was very regretful now. He was going to teach Queen Guo a lesson, but why did he teach her a lesson in bed? This time he was flirting with women again. , and also provoked a cruel Queen Guo

"Shameless pervert, you finally came out."

Just when Su Chen was thinking about these troubles, a woman's voice came from behind Su Chen.

Su Chen turned around and saw Empress Fu in palace clothes staring at her with a face of shame and anger. Su Chen was a little embarrassed. He asked,"Queen Fu, why are you here? It's so late and you haven't rested yet?"

"You occupy my room, how can I rest?"Empress Fu asked with a face of shame and anger.

Empress Fu had been waiting here for several hours.

She originally planned to find a room to rest, but when she thought of what Su Chen and Queen Guo did in her room, she couldn't help but ask. She was not angry, and she even almost broke into her room a few times and chased the two idiots away.

Su Chen looked at the embarrassed Empress Fu and smiled and teased,"The palace is so big, I don't believe you don't have a place to rest." , Queen Fu, you won't repay my life-saving grace with your life, right?"

"Shameless, you are such a shameless bastard."

Chapter 1179

Queen Fu didn't expect that Su Chen would tease her, which made her impression of Su Chen become increasingly bad, especially since this bastard did shameless things to Queen Guo and did it in her room. This made me feel very bad.

Seeing Queen Fu's shameful and angry look, Su Chen smiled and said, "Haha, I'm just joking with you. I'm not interested in a little queen like you."

Queen Fu didn't believe what this bastard said. Just now she was Queen Guo was not satisfied with anything, but this bastard also did those embarrassing things to Queen Guo, "You are so shameless. You said earlier that Queen Guo was dry and had no interest in her. Why don't you do the same to Queen Guo?" That disgusting thing?"

"cough! That was an accident. I'm leaving, so you can take care of yourself." Su Chen coughed in embarrassment when he heard Queen Fu's words.

He didn't want to stay here anymore.

If Mrs. Ding and Zhang Chunhua were to come, it would only be more embarrassing for him to stay here, and he didn't know how to face it. To Queen Guo, that cruel woman.

When Queen Fu saw that Su Chen was about to leave, she hurriedly said, "Wait a minute, Mrs. Ding won't let you leave. You'd better wait until you meet Mrs. Ding tomorrow before leaving. Su

Chen thought of Mrs. Ding's threat to him in the hall and sneered, "Hey, why should I see Mrs. Ding?" Everything here has nothing to do with me. If it weren't for your sudden appearance, would I have so many troubles?"

Empress Fu also knew that she shouldn't appear in the court hall today.

It can be said that Su Chen's trouble today was caused by her, which made her very apologetic to Su Chen, "I.....I just wanted to help you, and I didn't expect to cause you any trouble."

Su Chen shook his head and didn't want to blame the little queen anymore.

After all, it was the little queen who kindly came to save him yesterday.

However!

Su Chen thought of the little queen's tragic ending, and he was about to remind Queen Fu before leaving,

"Forget it, you should be more careful in the future. Your father is not a peaceful person. In order to gain greater power, your father will definitely seduce the young emperor to fight against Cao Cao. However, this is asking for death. If your father fails, You'd better think about your future consequences."

Empress Fu was shocked when she heard Su Chen's words.

She knew her father's obsession with power.

If her father hadn't wanted more power, she wouldn't have been sent to the palace to be the little emperor's woman.

And now His father actually wanted to use the young emperor to fight against Cao Cao. This was obviously seeking death. There were Cao Cao's men everywhere in Xudu, and even all the troops belonged to Cao Cao. Wasn't his father seeking death by doing this?

"you....Is what you said true? Does my father really want to go against Cao Cao?"

"Guess it yourself! By the way, give this to Queen Guo. This is my compensation to Queen Guo. Goodbye, little queen!" Su Chen took out a jade box from the system space and asked Queen Fu to give it to Queen Guo and then disappeared.

Su Chen was also a kind of compensation to Queen Guo.

He hoped that the cruel woman would not seek revenge from him in the future.

"Hello! You wait, you wait.....Damn bastard, why are you running so fast?"

Empress Fu took the jade box and wanted to ask Su Chen something, but she didn't expect that Su Chen would disappear without a trace in the blink of an eye. This made Empress Fu so angry that she wanted to throw the jade box in her hand.

Empress Fu Holding the jade box, he shouted angrily, "Damn bastard, shameless pervert, what on earth is my father going to do? Why not make it clear?"

At this moment, in Queen Fu's room,

Queen Guo curled up and stared at the sky with her eyes blankly. She did not expect to be insulted by that bastard Su Chen, and she was still in the palace. This made her want to die. Yes.

Click!

The door to the room was opened.

Queen Fu came in and shook her head when she saw Queen Guo looking lost. She didn't know how to persuade Queen Guo about this matter. After all, this was Su Chen, that bastard. I'm sorry. Queen Guo

"Mr. Su asked me to give this to you." Queen Fu came to the bedside and handed the jade box that Su Chen handed her to Queen Guo.

Queen Guo did not accept the jade box that Queen Fu handed over, and she didn't even look at it.

She asked in a hoarse voice,

"Where's that bastard? I'm going to kill him!

Empress Fu put the jade box beside the bed and sighed, "Master Su has left. He left just now."

"left? Ha ha! That bastard actually ran away. Even if he went to the end of the world, I would find that bastard. I won't give up until I kill that bastard." Queen Guo didn't expect that Su Chen would run away, which made her curse with a sinister expression on her beautiful face,

"Have a good rest! I left first."

After Queen Fu left, she looked at the jade box left by Queen Fu and wanted to throw it out, but she thought it was left by Su Chen, and she also wanted to know what items Su Chen would leave for her.

Queen Guo thought for a while and opened the jade box.

"this....What are these?"

In the Northern Continent, in the Yizhou and Shu lands of the Han Empire, in the Prefectural Mufu's Mansion, a beautiful woman sat on the Prefecture Mu's seat, and a man over fifty years old stood respectfully in front of the beautiful woman. The beautiful beauty looked at it With the letter in her hand, she asked the old man in front of her, "Liu Yan, is Yizhou so controlled?" When Liu Yan heard the beautiful woman's question, he hurriedly saluted and said,

"Miss Jiang, with the help of Miss Jiang's masters, all the counties in Yizhou have been controlled, but the Nanman in southern Yizhou have not been solved yet. Also, Hanzhong is controlled by a man named Bai Yifei, the county guard of Hanzhong Zhang Lu has been confirmed to be killed."

Liu Yan is now very afraid of this Miss Jiang.

This Miss Jiang is cruel and reckless.

In just a few months since arriving in Yizhou, she has completely taken control of the entire Yizhou officials and army. , but he didn't dare to have any resistance to this ruthless Miss Jiang.

Liu Yan, the Yizhou Shepherd, is just a decoration now.

If this beautiful Miss Jiang is unhappy that day, he will probably be ignored by Miss Jiang. Killed mercilessly.

Liu Yan is now absolutely obedient to Miss Jiang's orders.

He does not want to be killed unknowingly in his sleep.

This beautiful Miss Jiang heard that Bai Yifei actually controlled Hanzhong, which made her She sneered disdainfully,

"Bai Yifei? Haha, they're just a lost dog. Bai Yifei doesn't care about them yet. The Southern Barbarians are a threat. If we don't defeat those Southern Barbarians, we won't be able to march into the Central Plains. Liu Yan, send someone to contact the leader of the Southern Barbarians. I want to meet the leader of the Southern Barbarians in person."

"Yes, Miss Jiang!"

After Liu Yan went out, Miss Jiang stood up and looked out the window and said to herself with a sinister face,

"Suchen! The emperor of the Xuantian Empire!"

"I have not forgotten what you did to me. My hard work in the Ming Empire was ruined by you. As long as I conquer the Han Empire in the Northern Continent, I will lead an army to attack your Xuantian Empire."

"When the time comes, I will make you pay a huge price"

"Hahaha....."

Chapter 1180

Han Empire, Hanzhong County!

The Sheriff's Mansion,

Bai Yifei, Xie Xiaofeng, Duan Yu and others have taken control of Hanzhong County, and even the more than 50,000 troops in Hanzhong County. They, the people of the anti-Soviet alliance, now have a territory and an army.

Bai Yifei, Duan Yu, Xie Xiaofeng, Xiaoyao Hou and others sat together and discussed how to attack the city and expand their territory in the future.

Duan Yu sat on the chair and said with excitement on his face,

"We finally have a territory. Even if that bastard Daozhuo was killed, we didn't take away a city from his territory. Now that we have Hanzhong County, we can recruit troops to conquer the Northern Continent in the future."

Xie Xiaofeng nodded and followed suit,

"Um! Hanzhong County is located between the forces of Yizhou and Dongzhuo. If we want to expand, we must first destroy the other one. We must first choose a target of Yizhou and Dongzhuo."

"Just choose Sili. After Dong Zhuo died, Li Que, Guo Si, and Zhang Xiu went their separate ways. It will be easier for us to deal with them." Xiaoyao Hou also said with an excited expression on his face, these people have been living under someone else's roof for several months, and one of them is looked down upon by Dong Zhuo and his men. After today, they want territory and territory, and armies and armies, and they will never have to look at others again. People's faces do things.

Bai Yifei waved his hands and objected with a cold face,

"Everyone, we are not in a hurry to start a war. Although Sili is now divided, Li Que, Guo Si, and Zhang Xiu were Dong Zhuo's subordinates after all. If we attack them rashly, they will start to cooperate against us again."

"Bai Yifei, what should we do?" When Duan Yu heard that Bai Yifei disagreed, he frowned and asked with confusion,

"Contact Jiang Yuyan in Yizhou. Jiang Yuyan has already controlled Yizhou, which has a large population. Yizhou is very prosperous without going through war, and Yizhou has more than 300,000 troops."

Duan Yu reminded Bai Yifei when he heard what he said, "Bai Yifei, Jiang Yuyan has rejected us many times. Although Jiang Yuyan has a grudge against Su Chen, that woman does things cruelly and without regard to the consequences. She is now powerful, and it is even more impossible to fight with her. We work together. Bai

Yifei shook his head and continued with a gloomy face, "I know this, but our goal is the same, to overthrow the Xuantian Empire and kill Su Chen. As long as there is a glimmer of hope, we cannot give up and continue to contact Jiang Yu." Yan, she can't always reject us."

Xiaoyao Hou nodded when he heard Bai Yifei's words.

"Yes, but we can't ignore Ma Teng from Liangzhou and Miss Yan from Jingzhou, especially Miss Yan from Jingzhou. What is her identity? We don't have it figured out yet. Xie

Xiaofeng frowned and asked in confusion, "Isn't it said that Miss Yan is the daughter of the Empress of Huanyinfang?" Could this be fake?"

Bai Yifei heard other people talking about Miss Yan from Jingzhou, which made him feel very bad. Miss Yan's army in Jingzhou is very powerful, and the army in Jingzhou is very familiar with the Xuantian Empire's army. They all know each other very well.

It was the black-armored army and the black-armored cavalry.

However,

Bai Yifei did not doubt that Miss Yan from Jingzhou was related to the Xuantian Empire. The black-armored army did not mean that it was related to the Xuantian Empire. After all, the Great Qin Empire in the Eastern Continent also had black armor. Army,

Bai Yifei stood up and said coldly and arrogantly,

"It can't be false. Huanyinfang has always been very mysterious. Judging from the news we have received, people from Huanyinfang rarely appear in the world. As far as the lady is concerned, there is Jiutian Shengji protecting her."

"Jiutian Shengji is the most powerful master under the Empress of Huanyinfang. I suspect that Empress of Huanyinfang also aims at the world."

"This time Empress Huanyinfang asked her daughter to come out to fight for world supremacy. The appearance of a little girl will definitely not make other princes too afraid."

"It's just that the Empress of Huanyinfang also miscalculated"

"The empress probably did not expect that Jingzhou, controlled by her daughter, would become the most powerful prince in the Han Empire. This is why the army in Jingzhou has not launched a war during this period."

"The empress may also be worried that launching a war against other princes will be jointly targeted by other princes in the Han Empire, so I think the empress should order her daughter to stay put and wait for the opportunity to start a war again."

"What Bai Yifei said makes sense. As long as Jingzhou, the most powerful among the princes, does not start a war, this is good news for us." Xiaoyao Hou nodded and agreed with Bai Yifei's approach, but he was still worried about the ruthless Jiang Yuyan in Yizhou.

Xiaoyao Hou thought about it and asked Bai Yifei, "Bai Yifei, if Jiang Yuyan launches a war against us Woolen cloth? By then, I am afraid that the small Hanzhong County will not be able to withstand the attack of the Yizhou army."

Bai Yifei rubbed his head and forehead and was very helpless. That crazy woman Jiang Yuyan was not easy to persuade. He looked at the others and gave up and let others go over to negotiate. "I will go to Yizhou and Chengdu in person, Jiang Yu Yan I will personally persuade her to join our anti-Soviet alliance."

Xie Xiaofeng picked up his long sword and said to Bai Yifei,

"Then I will go to Wushuang City. Wushuang City is in a difficult situation right now. The young city lord was killed by people from the Tianxiahui, and the Tianxiahui is going to completely destroy Wushuang City. This is our best chance to unite Wushuang City."

Duan Yu stood up with a look of helplessness and said,

"Then I will continue to look for people from the Xuanming Sect. Although the Xuanming Sect has suffered a disaster and is not as powerful as before, after all, the Xuanming Sect is one of the four top forces in the northern continent. I believe there should be some powerful ones in the Xuanming Sect. master."

Duan Yu has been searching for the Xuanming Sect for several months, but no information about the Xuanming Sect has been found.

This makes Duan Yu feel more and more useless among the four of them.

Duan Yu wants strength but does not have the strength. If he wants power but not power, he is a dispensable person in the anti-Soviet alliance.

Duan Yu thinks that if he doesn't make some achievements, he is afraid that he will be marginalized by people like Bai Yifei in the future, and they will even use him as cannon fodder. To complete some of Bai Yifei's conspiracies

"Okay, then we will split up and you, Xiaoyaohou, will stay in Hanzhong." Bai Yifei nodded and said coldly,

"clear!"

Xu Du, the palace.

After dawn,

Mrs. Ding and Zhang Chunhua also knew that Su Chen left the palace last night.

Zhang Chunhua and the others did not expect that Su Chen could actually do martial arts and was very powerful. This made them listen. After receiving the news from Queen Fu, they were all in a very bad mood.

Zhang Chunhua was now surprised.

She had checked Su Chen many times and she was very sure that Su Chen had no cultivation level. Now Queen Fu said Su Chen disappeared in front of her eyes, so that bastard must be very powerful.

"That bastard actually knows martial arts? But I clearly didn't feel any internal fluctuations in his body. How did that bastard hide his cultivation level? Mrs.

Ding looked pale and smiled bitterly and said,"Since Mr. Su has left, let's leave the palace too. I originally wanted Mr. Su to warn Cao Cao not to massacre and retaliate against Xuzhou, but now I can't do anything." Zhang

Chunhua shouted with an angry look on his face,"No, I'm going to find that bastard myself. He will definitely go to Xuzhou. I'm going to Xuzhou immediately to find that liar.""

"Miss Zhang, are you sure Mr. Su will go to Xuzhou?"Empress Fu asked hurriedly when she heard Zhang Chunhua's words,

"Yes, that bastard seems to be very curious about Xuzhou. Yesterday we were going to Xuzhou together. That bastard must be going to Xuzhou to do something or meet someone."
