Chapter 1201

Jue Wushen originally wanted to establish a good relationship with Black and White Wuchang of Xuanming Sect so that he could conquer the remaining masters of Xuanming Sect in the future.

He has been in the Northern Continent for a while.

Jue Wushen knew that the Xuanming Sect was not as good as before after undergoing great changes. Basically all the masters in the Xuanming Sect were dead, and there were only a few remaining masters in the Xuanming Sect. A small shrimp.

If he wants to conquer the arena of the Northern Continent, he will need some powerful masters from the Central Plains, and the Xuanming Sect is the first force he wants to conquer.

It's just that Jue Wushen didn't expect that Yang Yantian of Huanyinfang would threaten him directly, which made his face look very ugly.

How dare a little great master threaten him like this? This caused Jue Wushen to directly burst out with a powerful momentum and threaten Yang Yantian,

Boom!

"Little girl, can you say it again and let me hear it?" boom.....bump!

"Absolutely no god, this is the Central Plains, not Japan. Do you want to die?" Luo Xian saw Jue Wushen using his momentum to put pressure on Yang Yantian. She immediately burst out with powerful momentum and threatened Jue Wushen.

Xiongba saw Jue Wushen's momentum and pressure and also threatened him. He also threatened with evil eyes, "Jue Wushen, you'd better restrain yourself in the Central Plains, otherwise we won't mind killing you."

"Are you trying to bully foreigners? Let's calm down and don't hurt each other." When Po Jun saw that Jue Wushen was being targeted by others, he persuaded with a flash of light in his eyes.

The sword demon of Baijian Villa and the nameless disciple Jian Chen were watching the excitement on the side.

They didn't care about these things. These are all matters. They are powerful forces and powerful people. Even if they want to take care of it, they will probably end up with something bad. They all think it is better to watch the excitement here.

Yang Yantian resists the pressure of Jue Wushen's aura and looks towards Tianmen. Luo Xian, she didn't know why Luo Xian from Tianmen wanted to help her.

Luo Xian looked at Po Jun and said with great disdain,

"Po Jun, you are really a scum. More than ten years ago, you relied on your father to defeat Wu Ming. Even the Sword Sect was destroyed at the hands of your father Jian Hui. Now you are begging for mercy from a foreigner, and you don't know your father. If Jian Hui were still alive, would he be mad at you again?"

"you.....Do you know what happened more than ten years ago?" Po Jun was very surprised when he heard Luo Xian's words.

Po Jun didn't expect that this woman knew about what happened more than ten years ago. This made him a little overwhelmed. After all, his father killed twelve top masters at that time. , and even destroyed the entire Sword Sect.

Luo Xian said with a mocking expression on his face,

"There is nothing that we at Tianmen don't know"

"When you competed with Wuming and you were already losing, your father was very partial to you and even used the Huitian Ice Art to unexpectedly freeze the twelve masters and the entire sword sect who were witnessing that time."

"Among these twelve masters is Dugu Yifang of Wushuang City."

After the masters here heard what Luo Xian said, they looked at Po Jun and said one after another,

"What? Wushuang City Lord died more than ten years ago? Or was he killed by Jian Hui from the Sword Sect?"

"No wonder there were so many masters missing from the world more than ten years ago. It turned out that those masters were all killed by Jian Hui of the Sword Sect."

"Didn't Jian Hui not appear for more than ten years? Could it be that Jian Hui was also killed at that time?"

"The Huitian Ice Art attacks without distinction between friend and foe. Jian Hui must have been frozen to death after using the Huitian Ice Art at that time."

Jue Wushen also looked at Po Jun in surprise.

He didn't expect that there was such a thing in the Central Plains. He now looked at Po Jun with a look of disdain. A top force was defeated because of this Po Jun. Po Jun can be called a super power. Prodigal son

"you wanna die! Seal of sacrifice!"

When Po Jun saw that Luo Xian had told all the secrets, he waved his palm and attacked Luo Xian with a gloomy face. This damn woman was going to die, and he would not let go of this Luo Xian who exposed and laughed at him.

"The four wonders of the Sacred Heart can penetrate the clouds!"

When Luo Xian saw that Po Jun dared to attack her, she immediately used the Four Sacred Heart Techniques of the Sacred Heart to attack Po Jun.

Wanren Chuanyun, one of the Four Sacred Heart Techniques, could turn ice into a blade, and Luo Xian After playing Wanren Chuanyun, many ice blades appeared around Luo Xian. These ice blades rushed towards Po Jun at a fast speed.

Boom boom boom.....

"The sword conquers the world!"

Po Jun drew out his Greedy Wolf Sword and quickly dodged towards Luo Xian.

Po Jun did not dare to be careless towards Luo Xian now.

This powerful woman was at the same cultivation level as him. They were both in the middle stage of the Heavenly Realm. She is a master, and this powerful woman's martial arts skills are also very strange. She can actually turn ice into a blade to attack.

"The four absolutes of the Sacred Heart are the absolutes of ice!"

Boom boom boom.....Bump!

After Po Jun and Luo Xian fought, everyone here hurriedly retreated. The fight between two powerful Heavenly Realm masters was not something they could watch at close range.

Xiongba looked at the destroyed walls of Wushuang City and hurriedly shouted, "Nie Feng, Qin Shuang, Bu Jingyun, you guys tell our Tianxiahui people to withdraw from Wushuang City as soon as possible."

"Yes, master!"

Qin Shuang, Nie Feng and Bu Jingyun also saw that these two powerful heavenly beings fought in Wushuang City, and the aftermath would probably kill the disciples of the Tianxiahui. They did not dare to hesitate, and they all hurriedly ordered the disciples of Tianxiahui to withdraw from Wushuang City.

"Little girl, it's time to settle our accounts." Jue Wushen saw the battle between Po Jun and Luo Xian, and he used a light skill to come to Yang Yantian.

Yang Yantian looked at the shameless Jue Wushen and laughed disdainfully, "Haha, Japanese people, you foreigners Are they all so shameless?"

Jue Wushen didn't seem to hear Yang Yantian's sarcasm.

He looked at Yang Yantian and threatened with a smile, "Little girl, don't you Central Plains people say that the winner is the king and the loser is the bandit? I am stronger than you, so what will happen if I kill you now?"

Jue Wushen wants to catch the beautiful Yang Yantian this time.

Yang Yantian of Huanyinfang is not only a master in the late stage of Grand Master, but also a very beautiful woman. Jue Wushen wants to catch Yang Yantian." Taught by Summer Queen to become his woman

"Japanese, would you like to kill me?"

At this moment, a cold female voice came over,

"who?"

Jue Wushen heard the woman's voice and looked over hurriedly.

When he saw a peerless beauty in red appearing on the city wall, Jue Wushen's eyes widened.

Jue Wushen did not expect that she would appear again. He has a peerless beauty, and this peerless beauty is also a powerful master, even stronger than him.

Jue Wushen thought of Luo Xian of Tianmen, Yang Yantian of Huanyinfang, and Bai Wuchang of Xuanming Sect. These women are a More beautiful than the other.

And the beautiful woman in red who just appeared, she is more beautiful than these women. The woman in red is a peerless beauty who has conquered the country.

Jue Wushen is very envious of the outstanding people and spirits of the Central Plains. The Central Plains Not only are powerful masters emerging in endlessly, but also the peerless beauties from the Central Plains are emerging in endlessly.

"Yang Yantian, see the Empress."

Chapter 1202

When Yang Yantian saw the arrival of the Empress Li Maozhen, she hurriedly saluted.

She was not worried now.

It had scared her to death just now. Jue Wushen was a powerful terrestrial immortal in the Heavenly Realm, and Yang Yantian was just a big Grandmaster, she just saw desire from Jue Wushen's eyes, even naked eyes that wanted to possess her.

"Empress? Are you Li Maozhen, the empress of Huanyinfang?" Jue Wushen looked at Li Maozhen in surprise when he heard Yang Yantian's words.

He did not expect that the empress of Huanyinfang would come in person, and that the empress of Huanyinfang was actually a land immortal in the late stage of the Celestial Realm.

This made him I find it incredible.

Years ago, his Japanese spies clearly said that the empress of Huanyinfang was seriously injured by a master of the Xuanming Sect in a surprise attack, and her strength even regressed. But why is the empress so strong now? The surrounding people Xiongba, Jianchen, Sword Demon, and even Black and White Wuchang of Xuanming Sect were all shocked when they heard that the empress of Huanyinfang had arrived. The mysterious empress of Huanyinfang turned out to be a stunning beauty, and even a powerful one. A master of the Heavenly Realm.

When Li Maozhen heard Jue Wushen calling her name, she shouted with cold eyes, "Japanese, are you allowed to call me my name?"

"Empress, this is a misunderstanding, I didn't mean it." Jue Wushen said hurriedly when he heard Li Maozhen's indifferent words.

Jue Wushen didn't dare to fight with the empress of Huanyinfang. This empress was much more powerful than him. If he fought with the empress, I'm afraid he would be killed by the empress. Kill without hesitation.

Empress Li Maozhen put her hands behind her back, looking noble and domineering.

She looked at Jue Wushen with indifference on her beautiful face and asked, "Misunderstanding? Didn't you just want to kill my men? And the way you look at me makes me very disgusted. Jue

Wushen shook his head in embarrassment and said, "I was just joking, empress, don't get me wrong!"

Li Maozhen didn't look at Jue Wushen again.

This Japanese is dead this time.

Li Maozhen will not let go of this foreigner who dares to look at her with disgusting eyes.

"Yang Yantian, catch Black and White Wuchang, they will be killed without mercy if they dare to resist"

"Yes, Empress!"

Yang Yantian walked towards Black and White Wuchang after hearing the empress' order.

At this moment, Black and White Wuchang was very frightened.

They did not expect that the empress really wanted to kill the Xuanming Sect. They were not among the people who attacked and killed the empress. The empress has already killed many members of the Xuanming Sect. Does Huanyinfang really want to kill the Xuanming Sect?

Hei Wuchang looked at the fake Dugu Fang next to him and said hurriedly,

"Dugu Yifang, we came here under the orders of Po Meng. If something happens to us here, even if your Wushuang City can escape the disaster of Tianxiahui, our Xuanming Sect will destroy your Wushuang City."

Hei Wuchang was very worried when he saw Yang Yantian walking over. He and Bai Wuchang's combined strength is probably equal to that of Yang Yantian.

If Yang Yantian kills them desperately,

Hei Wuchang may not belong to Yang Yantian. The opponent, Hei Wuchang, now hopes that Dugu Yifang can come forward to save them. The fake Dugu Yifang laughed when he heard Hei Wuchang's words,

"Ha ha! Hei Wuchang, do you think Wushuang City can be saved? We agreed to advance and retreat together at the beginning, but when the world comes to destroy Wushuang City, where are the masters of your Xuanming Sect?"

"It's none of our business, we're just following orders"

"Then your life and death don't concern me. Besides, I may die here before you do."Dugu Yifang looked at Xiong Ba next to him and said with a sneer.

Dugu Yifang knew that Xiong Ba could not let him go. Although he was a fake, Xiong Ba could not leave him as a hidden danger to Wushuang City. Jian Chen, who was next to him, looked at Black and White Wuchang said thoughtfully,"Black and White Wuchang, if your Xuanming Sect agrees to a condition, I can save your life."

Hei Wuchang hurriedly nodded in agreement,"Yes, as long as you save our lives, our Xuanming Sect can agree to one condition for you."

"I hope your Xuanming Sect will not go back on your word, otherwise I will destroy your Xuanming Sect."

Jian Chen showed a smile when he saw Hei Wuchang agreeing.

He looked at the Empress of Huanyinfang who was confronting Jue Wushen and shouted, "Empress, Hei Wuchang, you can't move?"

Yang Yantian frowned when he looked at Jian Chen.

It was a bit difficult for her to deal with Black and White Wuchang. If Jian Chen, who was in the early stage of a grand master, was added to the mix, Yang Yantian would definitely not be able to kill Black and White Wuchang. Yang Yan Tian looked at the empress and waited for her order.

Li Maozhen looked at Jian Chen and sneered and threatened, "Who do you think you are? It's embarrassing for Wuming to have a disciple like you. Get out of here quickly, or I'll kill you too."

"Empress, my master is unknown. Aren't you afraid that my master will destroy your Huanyin Workshop?" Jian Chen didn't expect that the Empress of Huanyinfang would be so arrogant, which made his face look very ugly.

Jian Chen was Wuming's disciple, and Wuming was a super master in the Northern Continent decades ago. Is the Empress really not afraid? Is his master unknown?

"Shadow Team!"

The empress looked at Jian Chen and suddenly shouted.

Li Maozhen also knew that with Yang Yantian alone, she would definitely not be able to kill Black and White Wuchang and Jian Chen.

Fortunately, Le Bingyun had not left yet this time.

Li Maozhen also thought of letting Le Bingyun and the others Cooperating with Yang Yantian to capture Black and White Wuchang, if the nameless disciple Jian Chen desperately wants to stop him, the empress doesn't mind letting Le Bingyun and the others kill Jian Chen.

Swish swish swish.....

When Le Bingyun and the others heard the call from Empress Li Maozhen, they quickly came to her side one by one.

"I've met the Empress!

The empress looked at Black and White Wuchang and Jian Chen indifferently, and then ordered Le Bingyun and the others, "You cooperate with Yang Yantian to take down Black and White Wuchang. Anyone who dares to stop him will be killed without mercy."

"Yes, Empress!"

Le Bingyun and the others hurriedly replied.

Jian Chen was confused now.

He didn't expect that there were people hiding here in Huanyinfang. This made Jian Chen not dare to save Black and White Wuchang anymore.

These women who just appeared can be They are all great masters, and even the weakest ones are masters in the later stages of the great masters. Every woman is much stronger than him.

Jian Chen doesn't want to seek death and offend the Empress of Huanyinfang again.

People like Xiongba and others are still angry when they see Huanyinfang. There are so many powerful masters hidden here, which makes them all very surprised.

Huanyinfang is too mysterious, and there are too many powerful masters.

Jiutian Shengji and the others are all great masters. And this time six more powerful grand masters appeared, which made Xiongba and the others very wary of the powerful Huanyinfang.

Black and White Wuchang's face was pale now, and they did not expect that Huanyinfang would dispatch so many grand masters. Masters, and these great masters are not Jiutian Saint Ji. Are they masters secretly trained by the Empress of Huanyinfang?

When Black and White Wuchang saw Yang Yantian and Le Bingyun approaching, they obediently did not resist. They were at the early stage of cultivation of the two great masters, and they were no match for these powerful women.

When Yang Yantian saw that Black and White Wuchang didn't resist, he clicked on their acupoints.

These two people were the ones the empress wanted to catch. Yang Yantian guessed that the empress might use them to find the whereabouts of the Ghost King. After all, he had ambushed the empress in the first place. Of the Xuanming Cult masters, only the Ghost King escaped.

There is also the elusive Meng Po. Although Meng Po did not participate in the ambush of the empress, there were many things that Meng Po was involved in. It is impossible for the empress to let Meng Po go unpunished.

Le Bingyun and the others also returned to the Empress with Yang Yantian.

The Empress was about to attack Jue Wushen, but she saw the battle between Luo Xian and Po Jun and did not take action.

The empress was also very confused, why did Luo Xian of Tianmen want to help Yang Yantian? Could it be that Luo Xian is also related to that bastard Su Chen?

Li Maozhen knew that that bastard Su Chen was just a pervert, but that bastard probably knew all the beautiful and powerful women, and even those powerful women might be the women of that bastard.

Li Maozhen felt that her suspicion was probably correct.

This Tianmen Luo Xian might really have something to do with that bastard.

At this moment, the fight between Luo Xian and Po Jun became more and more intense.

In Wushuang City, with the fight between Luo Xian and Po Jun, the entire Wushuang City was completely destroyed.

Po Jun was now everywhere. His body was riddled with scars and countless ice blades pierced him. Pojun, who was vomiting blood, wanted to escape.

He knew that he might die here if the fight continued. Although Luo Xian was equal to him in strength, Luo Xian's martial arts was too weird.

Po Jun felt that Luo Xian had not consumed any internal energy after fighting for so long, and Po Jun also felt that Luo Xian was absorbing his internal energy, and he also felt that his life force was constantly being consumed.

This made Po Jun even more afraid to continue fighting Luo Xian.

When Luo Xian saw Po Jun's eyes wandering, she guessed that Po Jun wanted to escape.

Luo Xian struck out with his palm and said coldly and arrogantly, "Don't try to escape, you are dead this time."

Boom boom!

Po Jun hurriedly blocked Luo Xian's attack with his sword and threatened, "Luo Xian, my junior brother is Wuming, do you really dare to kill me?"

"It's just a nameless person. Do you think that the nameless person is the best in the world? Even if Wuming is here, there is no way he can save you, a despicable and shameless villain."

"damn it!"

"The four tribulations of the Sacred Heart, shocking tribulations!"

Luo Xian glanced at Po Jun and suddenly attacked,"

Boom!

Po Jun was stunned when he saw Luo Xian's cold eyes. He felt that his heart and soul had been taken away.

At this moment,

Po Jun felt death. breath

"The Four Wonders of the Sacred Heart, the Thunder of the Emperor!"

Boom boom boom.....

Luo Xian quickly turned ice into blades and attacked Po Jun. These ice blades had the function of thunder and lightning, and exploded one by one when they attacked Po Jun.

"Ahhhhhhh....."Po Jun screamed in pain. His whole body was extremely miserable, and even one of Po Jun's arms was blown to pieces.

"Prisoner Sword Technique!"

Po Jun held the Greedy Wolf Sword in one hand and attacked Luo Xian fiercely. He knew that he might not be able to escape if he didn't fight hard this time. Po Jun could only fight back Luo Xian before he had a chance to escape.

Luo Xian also fought quickly. Use handprints to attack Po Jun.

"The four skills of the Sacred Heart, Xuanbingjue!"

Boom boom....

The powerful attacks of Po Jun and Luo Xian destroyed the surrounding buildings one by one. Smoke and dust billowed everywhere in Wushuang City. Po Jun took advantage of this opportunity to retreat quickly to escape from here.

"Did you escape?"

On the city wall,

Empress Li Maozhen saw Po Jun trying to escape, and she disappeared in a flash.

Boom!

Just when Po Jun was about to escape Wushuang City, the Empress suddenly appeared in front of Po Jun and kicked Po Jun back. Kicked back

"The four wonders of the Sacred Heart can penetrate the clouds!"

Boom boom.....

Countless ice blades quickly pierced Po Jun's body one by one. Po Jun held the Greedy Wolf Sword in one hand as a crutch to support his body.

He looked at the empress Li Maozhen next to him and was very frightened. He was no match for a powerful Luo Xian. , here comes another powerful woman, he knows that this time it is really more dangerous than ever

"The Four Wonders of the Sacred Heart, the Thunder of the Emperor!"

Boom boom boom boom.....

"I haven't defeated Wu Ming yet, I'm not willing to give in....."

As countless ice blades exploded like thunder on Po Jun's body, Po Jun completely exploded and died before he could finish his last words. His body was also blown up everywhere.

Luo Xian breathed a sigh of relief when he saw Po Jun completely dead. Po Jun was also very powerful. If Po Jun hadn't practiced the martial arts of killing, it would have been really uncertain who would win and who would lose this time.

Luo Xian wanted to thank the powerful women of Jellyfish Yinji this time.

She had practiced under the hibiscus tree in the Xuantiao Palace, which was full of spiritual energy, and even got some spiritual stones for practice.

Her cultivation realm was able to advance so quickly, and the guidance and discussions given to her by powerful women like Jellyfish Yin Ji also made Luo Xian's strength increase rapidly.

"Let's talk?"

Empress Li Maozhen came to Luo Xian and said coldly.

When Luo Xian saw Empress Li Maozhen, she offered her hand and said,

"Luo Xian has met the Empress!"

"You know me?"

"Madam Jing Salamander mentioned the Empress."

Li Maozhen said with a serious expression when Luo Xian mentioned the Frightened Salamander, "As expected, you know that bastard Su Chen!"

"Suchen? The emperor of the Xuantian Empire? Empress, I have never met Su Chen, the emperor of the Xuantian Empire, so don't get me wrong." Luo Xian's face turned red when she heard the empress's words and she hurriedly explained that when Luo Xian was in Xuanniao Palace, she was often mentioned as Su Chen by the powerful women in Xuanniao Palace. Those women even joked about it. , if Su Chen saw her, he would definitely bring her into the Xuandiao Palace.

Luo Xian was often made blushing by those women in the Xuandiao Palace.

She also really wanted to know what kind of person Su Chen was and why. Will there be so many proud women who will fall in love with him?

"Empress, Jue Wushen has escaped!"

At this moment,

Yang Yantian quickly came to the empress' side and said hurriedly,

Empress Li Maozhen did not expect that Jue Wushen would escape when she stopped Po Jun.

However, she did not care, a Japanese scum, she Sooner or later, she will kill that disgusting guy who dares to have any wrong thoughts about her.

"Just run away. As long as Jue Wushen is still in the Central Plains, I will kill him sooner or later."The empress looked at Wushuang City and shook her head.

She looked at Yang Yantian and ordered,

"Let's leave here first, Yang Yantian, let Le Bingyun and the others leave with Mingyue and Youruo."

"Yes, Empress!"

Chapter 1204

In Wushuang City, after the Empress of Huanyinfang left with everyone,

Jian Chen was killed,

Jue Wushen escaped, and

Black and White Wuchang of Xuanming Sect was captured.

The only ones left here are Sword Demon, Xiong Ba, Jian Chen, and the fake Dugu Yifang.

They were very surprised when they looked at the ruined and dilapidated Wushuang City.

In a small city, in the battle between two powerful masters of the Heavenly Realm, It has completely become a ruin. The destructive power of combat in the Heavenly Realm is really extremely powerful.

"Farewell!"

The sword demon offered his hand to Xiongba with a expressionless face, and he quickly left here. What he saw with his own eyes this time made him not dare to be arrogant.

The sword demon originally thought that after Wuming and the sword master retired, There are not many people in the world who can be stronger than him, but reality has hit him hard.

Empress Huanyinfang, Luo Xian of Tianmen, Po Jun, and even Xiong Ba are all stronger than him, even the one who escaped The Japanese people are also stronger than him.

This makes the sword demon still feel that he should not interfere with the grievances of these rivers and lakes.

He still feels that he should defend the Baijian Villa in order to win the favor of Mrs. Ao.

"goodbye!"

Jian Chen hurriedly left with a cold face.

Jian Chen had no face left this time.

He didn't expect that as an unknown disciple of the martial arts myth, no one here would take him seriously, and he was even attracted by the Empress of Huanyinfang. Threatened.

He also saw it just now.

If Jian Chen really dared to meddle in his own business, Empress Li Maozhen would really let her men kill him.

Jian Chen was very frightened when he thought of Empress Huanyinfang's cold and piercing eyes at that time. , that powerful woman is so terrifying. If the empress attacks him, I'm afraid he won't be able to take a single move. Xiongba saw that people from other forces had left, which made him very speechless.

Although Wushuang City was destroyed , but Wushuang City was also completely destroyed.

Even if he destroyed Wushuang City, he could not get Wushuang City. A small city was destroyed like this, and some masters of Wushuang City also took advantage of the battle between the Empress and Po Jun to escape. , he also failed to achieve the expected goal this time.

Xiongba looked at the fake Dugu Yifang and said coldly and arrogantly,"Dugu Yifang, you should also be destroyed together with Wushuang City."

"Want to kill me? Xiongba, although I am not your opponent, I cannot be killed by you like this. Let's die together!"

When Dugu Yifang heard Xiongba's words, he looked at the ruins of Wushuang City.

It's been more than twenty years!

He has been Dugu Yifang's substitute for more than twenty years. He has long been prepared to die for Dugu Yifang, but he Unexpectedly, Dugu Yifang had died long ago.

Today, he could not escape the pursuit of Xiong Ba.

Dugu Yifang gathered his inner strength and prepared to die with Xiong Ba.

"Damn it, you blew yourself up!"

When Xiongba saw Dugu Yifang gathering his inner strength to self-destruct, he immediately dodged and left here. Although the self-destruction of the Grand Master's peak strength could not kill him, Xiongba did not want to be hurt by Dugu Yifang's self-destruction.

"Let's destroy together!"

Boom! A huge explosion sounded in Wushuang City. Wushuang City, which had been in ruins, completely disappeared in the northern continent this time. A huge pit appeared in the original site of Wushuang City, and the surrounding area was shattered. The tiles and incomplete walls may remind people of the existence of Wushuang City, the top power in the Northern Continent. Wen Chou Chou and Nie Feng, the disciples of Xiong Ba, hurriedly came outside the ruins of Wushuang City. Wen Chou Chou saw Xiong Ba after He shouted loudly, "Gang leader, it's not good, the lady was taken away by Mingyue of Wushuang City."

"

"Damn it, if You Ruo was taken away, didn't you save the young lady?" Xiong Ba was very angry when he heard that his daughter Youruo had been arrested.

Boom!

Xiong Ba's body erupted with powerful aura and pressure, and he immediately shocked Wen Chou Chou and Nie Feng to the point of vomiting blood.

Puff! Puff! Puff!!

Wen Chou Chou and the others vomited blood and fell to the ground one by one.

Nie Feng wiped the blood from the corner of his mouth and said,

"Master, Mingyue and the young lady from Wushuang City left together with the Empress of Huanyinfang. All of us were hurt by the Empress's eyes. The Empress was too powerful."

When Xiongba heard Nie Feng's words, he put down his aura and said in confusion, "Empress? What on earth is the Empress of Huanyinfang going to do? Why did she want to arrest Youruo?"

"The disciples don't know either!"

"Forget it, the empress will definitely not be unfavorable to You Ruo. Don't worry about these things. I will personally go to the empress of Huanyinfang to ask about it in the future."

"Yes, master (gang leader)."

Xiongba looked at Nie Feng and thought of his stunningly beautiful mother.

Xiongba was very fascinated by Yan Ying's beauty. He had been thinking about destroying Wushuang City before and had no time to look for Yan Ying.

Now Wushuang City was destroyed, and

Xiongba had long wanted to get the stunning Yan Ying. Yan Ying was not only a beautiful beauty, but Yan Ying was also a powerful land god in the heavenly realm, which was very important to him and the world. With great strength,

Xiongba looked at Nie Feng and ordered,

"Nie Feng, you go to Xudu in Yuzhou, and your mother Yan Ying appears in Xudu. Our world will need a powerful master like your mother Yan Ying. You can find a way to persuade your mother to join our Tianxiahui. From now on, she will be the deputy leader of the Tianxiahui. your mother's"

"Master, I will try my best to convince my mother."Nie Feng hurriedly replied after hearing Xiong Ba's words.

Nie Feng did not expect that his mother would appear in Xudu, which made him very happy.

He has been looking for his mother for more than ten years, but there has been no news, but he Thinking of his mother Yan Ying being heartbroken by his father Nie Feng Renwang,

Nie Feng thought that even if he passed this time, he might not be able to convince her mother to join the Tianxiahui.

Ever since his father went to that Lingyun Cave to practice in seclusion , his mother Yan Ying's personality has changed drastically, and she even left him without saying goodbye.

More than ten years ago,

Nie Feng also misses his mother very much.

Nie Feng has never given up on finding the news about her mother. Now that there is news about his mother, Nie Feng doesn't know if his mother will see him?

Xiongba suddenly thought that Xudu was Cao Cao's territory.

He was worried that Nie Feng would be in danger if he went there alone.

Xiongba thought about it and said to Nie Feng, Bu Jingyun and Kong Ci,

"Bu Jingyun and Kong Ci are also going with you. Cao Cao in Xudu will be hostile to our world. You must be careful along the way. As long as you are not surrounded by troops, nothing will happen to you with your strength."

"Yes, master!"

On the official road to Jingzhou,

Empress Li Maozhen also learned why the Shadow Squad did not directly take away Su Yan after the Shadow Squad arrived in the Northern Continent.

Li Maozhen did not expect that Su Chen had already established a successor, and the Black Bird Jade Pendant was actually in Su In the hands of that girl Yan, no matter how many masters Jing Salamang and the others send, it will be useless. Maybe only the women from Jing Salaman and Su Chen can take Su Yan away.

Otherwise!

No matter how many masters are sent to capture Su Yan, he can take her back. , those masters will be retained by Su Yan using the Black Bird Jade Pendant

"Let's speed up to Jingzhou. I want to meet that girl Su Yan!"

"Yes, Princess!"

Chapter 1205

In Xuzhou, after Cao Cao's army accepted Liu Bei's surrender in Peicheng, in other counties and counties in the northwest of Xuzhou, Cao Cao's army attacked cities and plundered territory, and began bloody massacres in all the cities they conquered, regardless of their size.

For a time, people in various counties and counties in Xuzhou fled towards Xuzhou City.

In a city surrounded by corpses,

Guo Jia looked very ugly when he saw the streets full of corpses. This was already the sixth city to be massacred. Guo Jia has seen too many streets full of blood and women who were insulted to death. Guo Jia was confused for a moment. He didn't know whether he should continue to assist Cao Cao in his struggle for world domination. Such a cruel person would be in the Central Plains. A good king for the people? Guo Jia came to the county governor's house and looked at the happy faces of the generals around him. He clenched his fists tightly. These generals got a lot of property in this war, even beautiful women. Guo Jia's face Ugly said to Cao Cao,

"My lord, you can no longer massacre people like this. These are all people of the Han Empire. You have massacred hundreds of thousands of people and avenged the old man. I hope my lord will not continue to massacre."

Cao Cao sat on a chair and drank tea carelessly and said, "Fengxiao, I swore an oath before I went on the expedition. I will massacre Xuzhou, and I will capture Tao Qian and execute him. You don't need to persuade him anymore.."

Guo Jia didn't expect that Cao Cao would continue to massacre the city, so he hurriedly continued to dissuade him with a pale face,

"Lord, if you continue to slaughter like this, how will the people in the world treat you? Other princes and people will think that the lord is a cruel and murderous person. What is the difference between the lord doing this and Dong Zhuo?"

"Moreover, in the future, the lord will conquer the world, and other princes and people will fight against the lord, which will be very disadvantageous for us."

"Besides, I am afraid that no one among the nobles and scholars in the Han Empire will seek refuge with my lord again. My lord, you should think twice!"

"Fengxiao, I will make my decision, and you won't try to persuade me anymore."Cao Cao waved his hand when he heard Guo Jia's words. He shouted to Guo Jia with a gloomy face.

Cao Cao did not expect Guo Jia to be so ignorant.

When Cao Cao attacked Xuzhou, he said that he wanted to massacre Xuzhou. Tao Qian also wanted to catch Tao Qian and execute him.

Besides, Cao Cao also had a purpose in massacring Xuzhou.

There were several powerful princes around Cao Cao, including Miss Yan of Jingzhou, Yuan Shao of Yizhou, and former Dong Zhuo of Sili.

These are all powerful princes.

If Cao Cao wants to develop, he needs a lot of money and food, otherwise he would be able to raise hundreds of thousands of troops.

This Xuzhou War is an opportunity, and

Cao Cao will not miss this opportunity.

He will rob tombs. If you do it, what's the point of slaughtering some people?

One general's achievements will lead to thousands of bones being withered. Besides, if he wants to be a king, shouldn't he be able to kill some people?

"Guo Jijiu, my lord is right, just killing some common people, this is nothing, you are still young, every prince has done this kind of thing"

"Yes, Guo Jijiu, we are here to avenge the old man. Even if we massacre the entire Xuzhou, no one will say anything."

"Just massacring some ordinary people, what's the point? I don't know how many people starve to death every year. Guo Jijiu doesn't have to worry about this."

"Guo Jijiu, please stop trying to persuade the lord. Didn't you see that when the lord ordered the massacre of the city, our soldiers mustered up the courage to attack the city? This is also a reward for our soldiers"

"Yes, the morale of our army is very high now, and the army is looking forward to conquering the massacre next time."

In the hall of the governor's house, some of Cao Cao's generals began to persuade Guo Jia. They generals could not let Guo Jia persuade Cao Cao.

Among the six cities that were conquered, these generals But there was a big gain. Although part of it had to be given to Cao Cao, their gain was also very big. They got a lot of money, women, and this was just the beginning. Xuzhou and the others had just invaded. In the future, they generals Their gains will be more and more.

In the main hall,

Yu Jin and Zhang He, and even the generals Xia Houchun and Cao Ren, brothers of the Cao Cao clan, remained silent.

They all knew that it was impossible to dissuade Cao Cao this time,

Xu Duli There was not much money and food.

Those who knew Cao Cao well could guess why Cao Cao wanted to massacre the city of Xuzhou.

Cao Cao was raising money and food for the army. Only by massacring the people in the entire city could Cao Cao get it. The large amounts of money and food and grass were all used by Cao Cao to satisfy his personal interests under the guise of revenge.

Guo Jia looked at the many generals in the hall and lowered his head with a pale face.

Guo Jia was wrong.

He felt that he should not come to assist Cao Cao.

Cao Cao, who was cruel by nature, won the empire of the Han Dynasty. This was also a disaster for ordinary people. He could massacre his own people wantonly. Will Cao Cao be a kind and wise monarch in the future?

Xuzhou City, after Tao Qian learned that Cao Cao had massacred the people of six cities, he kept cursing Cao Cao in the Prefectural Mufu. The

Xuzhou army was still gathering, and it was impossible for these old, weak, sick and disabled troops to stop it. Cao Cao's army made Tao Qian very concerned about the news in Jingzhou.

"Zhou Mu, Miss Yan is not in Jingzhou now. We may have to face Cao Cao's army independently this time."

"Not necessarily. Jingzhou has already sent a letter to Miss Yan. I believe Miss Yan will send out troops to rescue Xuzhou after getting the news."

"well! Why is Miss Yan looking for a beautiful woman at this time? If Miss Yan wants a beautiful woman, we can help her find her. How can Miss Yan find a beautiful woman herself with a body worth thousands of dollars?"

"General Cao Bao, how long can our Xuzhou army stop Cao Cao's army?"

"Xuzhou's elite army was basically lost during the last battle. Now Xuzhou's army is an army without combat effectiveness. It is difficult for us to stop Cao Cao's elite army."

"Didn't Cao Cao fear that the world would condemn him when he massacred the city? What is the difference between such a cruel man and Dong Zhuo?"

"Cao Cao's power is stronger than ours in Xuzhou. Now the princes in the Han Empire are fighting for their own wars. Who will offend Cao Cao at this time?"

Many officials and generals in the Prefectural Mufu Mansion started talking one after another. They did not expect that Miss Yan from Jingzhou was not in Jingzhou, and at the same time they were very helpless when they thought of Cao Cao's brutal massacre of the city.

At this moment, a school captain walked quickly. He ran into the main hall of the Prefectural Mufu and shouted, "Report to the Prefectural Mufu that Miss Yan from Jingzhou has sent out troops. This is the message from the flying pigeon arriving from Jingzhou."

"Get it quickly!"

"Yes, Zhou Mu!"

Chapter 1206

Tao Qian hurriedly read the letter from Jingzhou.

After a while,

Tao Qian smiled.

He did not expect that Miss Yan sent a cavalry to Xuzhou quickly after learning about the situation in Xuzhou. Tao Qian was very happy.

"Zhou Mu, what does the letter say? Mi Zhu looked at Tao Qian who was smiling and asked hurriedly.

Tao Qian handed the letter to Mi Zhu and said with a laugh,

"Haha, Mi Zhu, Miss Yan sent troops. After Miss Yan learned about Xuzhou, she sent a letter to Zhao Yun and Wei Yan to lead 50,000 elite cavalry to rescue Xuzhou.

Mi Zhu was surprised when he heard Tao Qian's words and said, "Fifty thousand elite cavalry?" Zhou Mu, Xuzhou is saved this time. Tao

Qian touched his beard and said with emotion,

"Yes, I didn't expect that Miss Yan is really a young lady who attaches great importance to love and justice. I, Xuzhou, am really saved this time." The officials and nobles in the Prefecture Mufu were very happy when they heard Tao Qian's words. I didn't expect Miss Yan to be able to dispatch 50,000 elite cavalry.

In the Han Empire, other princes would laugh out loud if they wanted not only 50,000 cavalry, but even 10,000 cavalry.

The Han Empire is very scarce in cavalry.

These officials and nobles all laughed and talked.

"Zhou Mu still has a good eye!"

"Yes, Zhou Mu made friends with Miss Haoyan early in the morning. Zhou Mu's ability to read people is really good."

"Miss Yan will send troops to rescue our Xuzhou at a young age. Miss Yan is really a woman. If Miss Yan grows up in the future, the Han Empire will probably be completely destroyed by Miss Yan."

"That's right, Jingzhou was very prosperous and prosperous under Miss Yan's governance. If Miss Yan hadn't sent out troops to conquer other princes, I'm afraid half of the princes in the Han Empire would have been quickly wiped out by Miss Yan. Tao

Qian waved his hand and stopped these officials from continuing, "Cao Bao, you and Zang Ba mobilize our troops immediately. You must cooperate with Jingzhou's army to destroy Cao Cao's army.""

"Yes, Zhou Mu!"

Tao Qian stood up weakly, looked at these people and continued,

"Also, after the crisis in Xuzhou is resolved, Xuzhou will announce to the outside world that Miss Yan belongs to Jingzhou. I hope everyone will be prepared. Miss Yan is not a heartless and unjust person. Everyone, you must help Miss Yan in the future."

"I obey, Zhou Mu!"

In Xiapi County, in the governor's mansion, Su Chen came out of the room in the afternoon, but his face was very ugly. In a garden, Su Chen sat by a small pond and pulled his hair with a frown on his face. Didn't you expect that one day it would be reversed? This is his great shame! Su Chen didn't know how to arrange for Yan Ying. Killed? Or lock him up? Su Chen thought that killing Yan Ying would definitely not work. He was not a ruthless person. Su Chen would not have killed Yan Ying before Yan Ying did those bad things. It's just that Su Chen is really worried about Yan Ying. Su Chen doesn't want to be cuckolded by Yan Ying. He just wants to imprison Yan Ying. There is no place to imprison her now. This is the Northern Continent after all, and there is no one here who can. Look at this powerful woman Yan Ying

"Sir, please have tea!" When the maid next to her saw Su Chen sitting here, she brought a cup of tea to Su Chen.

"Where are you ladies?"

"Sir, the lady is with the madam now, do you need me to inform the lady?"

"No need, go down!"

"Yes, sir!"

Su Chen was drinking tea in depression after the maid left.

Su Chen can't think of how to treat Yan Ying in the future. He can only take it one step at a time. He also hopes that Yan Ying will not do those bad things. , otherwise, Su Chen would have decided to kill Yan Ying.

In Su Chen's room,

Yan Ying was lying on the bed tiredly.

She didn't want to move at all now.

For more than an hour,

Yan Ying was beaten by that bastard. The torture was severe.

Ever since Yan Ying unlocked Su Chen's acupuncture points, the initiative had been in Su Chen's hands. Yan Ying did not expect how powerful Su Chen would be, which made her a little afraid of Su Chen.

Yan Ying stroked her wet hair, and she thought about who Su Chen was.

Judging from Su Chen's behavior, words, and temperament, she could tell what Su Chen's status was in the Xuantian Empire. He is very high, maybe even second only to His Majesty the Emperor of Xuantian Empire.

Yan Ying suddenly thought of Lu Lingqi calling that bastard Mr. Su, "surnamed Su?" That bastard's last name is Su? The emperor of the Xuantian Empire also has the surname Su, so that bastard can't be the prince of the Xuantian Empire, right?"

Yan Ying laughed when she thought of this.

Yan Ying regretted doing this impulsively at first. She had no intention of selling her body in exchange for powerful power. Yan Ying was also made dizzy by what Su Chen said. The bastard was pushed back.

Yan Ying's face was full of shame and anger when she thought about what she had done before.

She sat up, touched her delicate chin and said to herself, "Should we control that bastard in the future? Forget it, let's think about it, at least this bastard is her man now, let's just keep observing what this bastard is saying!"

When Yan Ying saw that Su Chen didn't come back after going out, she was also worried that the bastard would escape.

Yan Ying quickly put on her clothes and hurriedly went to find the bastard. She didn't want Su Chen to leave without saying goodbye or escape back to Xuantian. Empire.

At this moment,

Su Chen asked the maid to bring over a fishing rod, and he sat boredly by the small pond and caught fish.

"You didn't plan on escaping?" Yan Ying found Su Chen and came to sit next to him and asked curiously.

Su Chen rolled his eyes at Yan Ying, who was even more beautiful, and said angrily,

"I want to run away, you can't stop me"

"Do you think I will believe you?"

"What do you think?" Su Chen suddenly appeared silently from Yan Ying's left to her right and asked with a smile,

"you.....how did you do that?"

Yan Ying looked at Su Chen in surprise.

She didn't feel Su Chen's internal energy fluctuations just now, but how could this bastard appear silently on her right? He even disappeared and appeared suddenly in front of her.

"You'll know later, give me more tea"

"You want me to pour you tea?"

"Um? do you have any opinion?"

"Bastard, I'm not your maid, why should I serve you tea? Su

Chen looked at Yan Ying expressionlessly and asked coldly, "Are you really not going to fall?"
You'd better know who you are now."

Yan Ying shivered when she saw Su Chen's expressionless look. She didn't understand why she was suddenly afraid of this bastard, but the serious look on his face made her very confused.

"Damn it, I'll do it!"

Su Chen smiled when he saw Yan Ying pouring tea for him.

This color just needs discipline, but!

Yan Ying's performance is still good this time.

Su Chen also plans to teach this woman her bad habits. If she can't be disciplined, If he succeeds, he can only imprison Yan Ying in the future. Now it seems that Yan Ying is not hopeless.

Chapter 1207

Yan Ying gritted her teeth and poured a cup of tea for Su Chen.

She looked at Su Chen and wanted to strangle this bastard to death. She had tortured her for more than an hour before, and now she was asked to serve this bastard. This bastard really regarded him as an emperor. ?

Su Chen took the tea poured by Yan Ying and smiled and said, "Well done, you will be responsible for serving tea and pouring water from now on."

"Asshole, don't even think about it." Yan Ying glared at Su Chen fiercely and cursed.

Su Chen looked at Yan Ying and said strangely, "The consequences of disobedience will be very serious. You won't forget the feeling of life and death before, right?"

"You are shameless!"

When Yan Ying heard Su Chen's words, she was filled with shame and anger and wanted to kill this bastard.

She didn't expect that this bastard was so shameless and would threaten her with such a thing. Damn shameless pervert, he actually wants to do it again. , this bastard is so unwilling to die

"Hahaha....."

"Mr. Su, I am Gao Shun, is a lieutenant under General Lu Bu."

At this moment, a resolute-looking general came over and saluted Su Chen.

Su Chen did not expect that Gao Shun would come to him.

This made him look at Gao Shun curiously and asked, "Gao Shun, are you looking for him? What's wrong with me? Gao

Shun asked Su Chen directly with a resolute look on his face, "Sir, Mrs. Yan just told me your opinion on our general's expedition to Yanzhou. I would like to ask you to help our general."

Gao Shun also listened to Mrs. Yan's story.

He was also very unfavorable about Lu Bu's expedition to Yanzhou. He did not expect that if Lu Bu really occupied Yanzhou, Cao Cao would be provoked to give up the attack on Xuzhou and even return to attack. Lu Bu.

If Cao Cao's army attacks Lu Bu, even if Lu Bu recruits tens of thousands of troops in Yanzhou, an army without combat effectiveness is of no use. I am afraid that after a big battle, those troops will either escape or surrender.

Su Chen shook his head and refused,

"Gao Shun, Lu Bu is not a person to follow. Lu Bu is headstrong, arrogant, and unwilling to be inferior to others. He wants power and beauty, but he has no talent but wants to arrogantly respect the world. Such a person is not a good choice."

"It's impossible for me to betray General Lu Bu. Master, I'd better not say any more. Master, can you help our general?"

"No, Gao Shun, even if I try to persuade Lu Bu, Lu Bu won't listen to me. You should think about how to protect Lu Bu's wife and daughter."

"Gao Shun understood."

Su Chen looked at Gao Shun and thought for a while and said,

"Gaoshun, Xiapi is not far from Qingzhou and Jingzhou"

"if!"

"I said that if Lu Bu captures Yanzhou, you should not take Lu Bu's wife and daughter to Yanzhou, and Xiapi is not a place to stay for a long time. You'd better take Mrs. Yan and Lu Lingqi to Qingzhou or Jingzhou."

Gao Shun saluted Su Chen and said seriously, "Thank you, Master, for reminding me, but Mrs. Yan and Miss Lu will not leave General Lu Bu, and I can't watch General Lu Bu escape in danger."

"Gao Shun is right, you bastard, why don't you try to be smart here?"

At this time,

Lu Lingqi and Mrs. Yan also arrived together.

Lu Lingqi scolded Su Chen before she came.

They heard from the maid that Su Chen was here, so

Mrs. Yan and Lu Lingqi wanted to persuade Su Chen again.

Lu Bu's Life and death are very important to them. Without Lu Bu, they will have no support. Unless they die, their future fate will be very miserable.

Su Chen was very speechless when he saw Mrs. Yan and Lu Lingqi arriving.

He didn't want to face these women now, and there was no end to these women. He had clearly said that he would not help Lu Bu, but why did Madam Yan and Lu Lingqi refuse to give up?

Yan Ying looked at Madam Yan and her daughter who arrived. She just smiled.

She understood now that

Lu Bu was going to conquer Yanzhou this time, but Su Chen was not optimistic about Lu Bu's success this time. Madam Yan and the others wanted to ask this bastard to help Lu Bu.

Now it is getting more and more interesting.

Lu Bu's This time, while Cao Cao was attacking Xuzhou, he went to attack Cao Cao's Yanzhou. Wasn't Lu Bu able to successfully capture the empty Yanzhou? Why was Su Chen not optimistic about Lu Bu's war this time?

"You guys chat, we're going back!"

Su Chen threw down the fishing rod and stood up to go back to the room.

He didn't want to listen to these women's chatter anymore.

Just when Su Chen was about to leave, a guard ran over quickly and shouted loudly, "No. Okay, madam, some rebels have rebelled. There is chaos in Xiapi City. Many rebels are going to attack the county governor's house."

Mrs. Yan and Lu Lingqi originally wanted to persuade Su Chen again, but they didn't expect that there would be a rebellion, which made them all nervous.

"How many rioters are going to attack the county governor's house? Gao Shun looked at the guard and asked hurriedly,

"General, yes.....There are thousands of people, and now Xiapi City is completely in chaos."

Gao Shun looked helpless now.

Lu Bu went to attack Yanzhou but took away all the troops. Only some of the troops he had just recruited were left in Xiapi City. These soldiers are still common people in Xiapi City. Those troops may also rebel..Gao

Shun doesn't want Lu Bu's wife and daughter to stay here anymore.

"Damn it, we only have more than 2,000 troops left behind in Xiapi City. These were all recruited while they were still in Xiapi. Madam, those troops may rebel. We must leave here. Xiapi City is not safe now.."

Lu Lingqi shouted excitedly when she heard that Gao Shun was about to give up Xiapi City,

"Gao Shun, we can't leave. Xiapi City is my father's only territory. If Xiapi County is occupied by rebels and my father is defeated in Yanzhou, we will have no place to stay in the future."

Gao Shun explained to Lu Lingqi with a serious face,

"Miss, we have no soldiers at all in Xiapi, and there are only two hundred guards in the county governor's mansion. They are no match for thousands or even tens of thousands of rioters. We must leave immediately."

"What to do? What to do?" Mrs. Yan looked at Gao Shun and then at Lu Lingqi in confusion.

Su Chen slapped his forehead when he saw all this.

He was originally going to take part in a foreign war in Xiapi City for a few days, but this was all his fault. What happened?

Lu Bu must have done something outrageous in Xiapi City. Otherwise, Lu Bu would have left Xiapi City with his army, and the people of Pi City would have rebelled. That bastard Lu Bu is just a pig-brained person.

Mrs. Yan After calming down his nervousness for a while, he hurriedly said to Gao Shun, "General Gao Shun, hurry up, gather all the general's family members here, and we will leave together in a while."

"Yes, ma'am!"

Gao Shun immediately arranged for hundreds of guards to protect Mrs. Yan and the others.

He took the remaining guards to save the families of other generals. Gao Shun did not want the families of other generals to be killed or insulted by the mob.

Yan When the lady saw that Su Chen still looked calm, she hurriedly came to Su Chen and said,

"Mr. Su, where are your men? Get all your men over quickly, and we will break out of Xiapi City together in a moment."

Su Chen hugged Yan Yingshui beside her and said with a smile,

"Haha, I have a strong woman to protect me, and those gangsters pose no threat to me."

"Go away, I am not your woman!"

Chapter 1208

Yan Ying was very uncomfortable being hugged by Su Chen, and she became even more uncomfortable when she heard Su Chen's words.

This bastard despised herself very much when nothing happened, but when he was in danger, he thought of herself. Could it be that Is she what this bastard is wearing? Do you just throw it aside when it's useless, but when it's cold, do you think of putting on clothes?

Snapped!

Su Chen hit Yan Ying and warned, "You just need to be dealt with. If you dare to talk back to me again, I will teach you a lesson.""

"How dare you hit me? Do you want to die?" Yan Ying didn't expect that this bastard would hit her in front of so many people. This made Yan Ying feel embarrassed and angry. She now wanted to strangle this shameless pervert to death.

"Be honest!"

Su Chen hugged Yan Yingshui tightly and said with a serious face.

Yan Ying was confused again when she saw Su Chen's serious look.

She leaned in Su Chen's arms and did not dare to say anything.

Yan Ying felt that Su Chen was her nemesis. , why does she care so much about this bastard's attitude?

As long as Su Chen keeps a straight face, why is she worried that this bastard will abandon her?

Yan Ying's mind is empty now.

This is not the character she should have. If she had not killed this bastard in the past, Yan Ying would have taken action to teach this bastard a lesson. Was it because she had a relationship with this bastard?

"How shameless!"

Lu Lingqi looked down upon Su Chen's treatment of Yan Ying like this.

This bastard is just a pervert. On the one hand, she said that Yan Ying was a vain and shameless woman, and on the other hand, she got together with Yan Ying. This bastard is just a pervert. A complete womanizer.

"I have teeth. Look at them, they are quite white." Su Chen looked at Lu Lingqi and opened her mouth to say with a smile.

When Lu Lingqi heard what Su Chen said, her chest heaved with anger and she yelled, "You are so shameless and shameless!"

Su Chen hugged Yan Ying and sat down again, shook his head and said,

"Lu Lingqi!"

"You should think about how to escape from Xiapi City for a while."

"These are all the sins of your father. If your father Lu Bu had not tyrannized the people of Xiapi City and even allowed his troops to oppress the people of Xiapi City wantonly, would the people of Xiapi City have rioted?"

Lu Lingqi was silent when she heard Su Chen's words.

She also knew the situation in Xiapi City.

Ever since Xiapi City was taken over by his father,

Xiapi City has been in great chaos.

The soldiers of the army acted recklessly in Xiapi City, even at every turn. Just massacre the people and rape and humiliate the beautiful women.

The people in Xiapi City would riot and rebel, which was also caused by her father Lu Bu.

Madam Yan opened her mouth to say something but in the end she didn't say it.

She didn't know what to do. Tell Su Chen,

I don't even know what to say to Su Chen

"Hurry, hurry up!"

In the garden,

Gao Shun came here with his guards to protect several people. However, there were fewer than ten family members left there, and all of them were covered with injuries.

"Madam, let's go quickly, the Sheriff's Mansion is about to be breached." Gao Shun came to Madam Yan covered in blood and said hurriedly,

"Okay, let's leave quickly!"

Mrs. Yan originally wanted to ask about other family members, but she stopped when she saw Gao Shun covered in blood. She thought that the other family members were probably in danger.

In the garden,

Mrs. Yan looked at the gathering here. The maids and guards hurriedly ordered Gao Shun to take them away. More than a hundred guards protected Mrs. Yan and dozens of them hurriedly ran towards the backyard.

Su Chen looked at the people around him and frowned. The people are basically women and children. There are almost 20 maids alone, and there are also more than 10 of Lu Bu's beautiful wives and concubines.

Plus Lu Bu's general's 10 or so family members, there are almost 40 women here. With more than a hundred guards, it is impossible to escape from Xiapi City with so many women and children.

"sorry Sorry!"

When Su Chen was following these women and thinking about whether to save them, a dirty woman bumped into Su Chen's body. The dirty woman hurriedly apologized to Su Chen,

"nothing!"

Su Chen looked at this dirty woman and shook his head.

Yan Ying frowned when she saw the stains on Su Chen's clothes. Su Chen's clothes were very expensive and gorgeous, and they were all dark. The stains ruined Su Chen's clothes.

Yan Ying took out her handkerchief and wiped the stains on Su Chen's clothes.

Su Chen grabbed Yan Ying's hand and shook her head and said,"No need to wipe it. There are many such clothes"

"I don't like it!"

"If you don't like it, just look at it first. Do you want me to change my clothes here?"

"Pooh! shameless!"

"Shameless is also your man. Don't cause trouble for me in the future, especially stay away from other men, otherwise you will not be able to bear the consequences."

"Why should I listen to you? I want to use you, you bastard, don't take it for granted."

"It's up to you, don't regret it if you do it."

Su Chen saw that Gao Shun was already fighting with some rioters, and he didn't bother to talk to Yan Ying.

He said everything that needed to be said, and warned what needed to be warned.

If Yan Ying doesn't love herself as much as in the plot in the future.

Su Chen Chen will kill her without hesitation

"Kill, kill everyone in the Sheriff's Mansion, avenge our brothers and sisters"

"Sister, I want to avenge you"

"Kill, Lu Bu in the governor's mansion killed my son, I want to kill all Lu Bu's family members"

"Madam, I want to avenge you. These are not humans but beasts. They will all die.".....

At the back door of the governor's house, people wearing rags and rags rushed in one after another with all kinds of weapons. Their families were either killed by Lu Bu's soldiers, or their women were snatched away or insulted.

After his death, they, the common people, all want to avenge their families.

"The shield man goes forward to protect the wife and young lady. Kill the others. Only after killing these rogues can we escape!" While Gao Shun was killing the rushing mob, he ordered the guards to protect Madam Yan and Lu Lingqi.

Not far away from Su Chen, a dirty woman looked at the rushing mob, and she hurriedly wanted to run to Mrs. Yan. , but in the panic, this dirty woman bumped into Su Chen again.

The dirty woman was a little overwhelmed and apologized to Su Chen,

"sorry Sorry!"

"why is it you again?"

Su Chen was very speechless when he looked at this dirty woman. This has happened twice. Does this woman have a grudge against him? Su Chen's clothes were completely messed up by this woman.

This dirty woman The ugly woman lowered her head and kept apologizing, "I didn't mean it, I really didn't mean it."

"Um? Look up."

Chapter 1209

Su Chen was very curious when he saw the woman who hit him twice in a row.

At first he didn't pay attention to this dirty woman, but this time the dirty woman's voice made Su Chen curious. Her voice was soft and delicate. With a panicked tone, Su Chen felt that this woman seemed to be no ordinary woman, and this woman seemed to have deliberately made herself look dirty.

Su Chen felt that this woman's appearance must also be unusual.

After Yan Ying heard Su Chen's words, she looked at the dirty woman next to her with confusion.

Yan Ying was originally displeased with this dirty woman for soiling Su Chen's clothes twice in a row. She was dissatisfied with this woman. She was very dissatisfied, but Su Chen's words made her feel bad.

Could it be that this dirty woman is a stunning beauty? Yan Ying was worried about what Su Chen would think of this dirty woman.

"I.....I....."After this dirty woman heard Su Chen's words, she lowered her head and quickly backed away in panic.

"Kill, kill these guards and take away these beautiful women!"A rioter holding a sledgehammer rushed to Su Chen's side and hit Su Chen hard with the sledgehammer.

Boom!

"court death!"

After Yan Ying blasted the rioter away with her palm, she looked disdainfully at the other rioters who were about to rush over, then waved her hand and quickly killed these rioters one by one. The dirty woman next to her was so frightened that she ran to Su Su Chen and her were already far away from Mrs. Yan and the others. If she had not come to Su Chen, the mob would have killed her or taken her away.

Su Chen looked at this dirty The woman ran back and smiled.

There were more and more rioters in the Sheriff's Mansion, and it seemed that these rioters came specifically for Lu Bu's wife and daughter.

Su Chen thought, did someone deliberately incite these rioters to riot?

"Yan Ying, go check to see if there are any hidden masters nearby. I think there might be someone behind these rioters inciting them to riot. Yan

Ying frowned and asked after hearing Su Chen's words.

"If I leave, no one will protect you. Although you are quite strong, there are thousands of rioters here, and even the entire people of Xiapi City are rioting. I am afraid that tens of thousands of rioters will attack the county governor's mansion. You yourself Can you handle it?"

Su Chen smiled and suddenly shouted,

"Youru!"

"Owner!"

A masked woman wearing black tights suddenly appeared next to Su Chen and saluted,

"Lead the shadow assassins to kill the approaching mob!"

"Yes, master!"

The shadow assassin You Ru waved her hand when she heard Su Chen's order.

After You Ru waved her hand, hundreds of masked women wearing black tights suddenly appeared around Su Chen one by one. When they came over, these shadow assassins were like ghosts, killing the mobs who were about to rush over.

Yan Ying looked at the women in black clothes and masks who appeared in surprise.

She was not aware of the appearance of these women in black clothes and masks. , This shocked Yan Ying very much.

Yan Ying was a terrestrial immortal in the heavenly realm, but these shadow assassins were just some great masters, or even more just the cultivation realm of some masters. She actually had no control over these shadow assassins. The assassin was hiding around and didn't notice it at all?

Yan Ying looked at Su Chen and asked with an incredulous expression, "You are really not simple. I didn't even notice that your subordinates were hiding nearby. Who are you?"

"Yan Ying first goes to find out who is behind these rioters. I will tell you my identity later." Su Chen sat on a rock and looked at Yan Ying's surprised expression and smiled and said,

"You better keep your word or you're dead." Yan Ying nodded to Su Chen and disappeared.

At the back door of the county governor's house, more and more rioters rushed in.

Among them were some masters of innate cultivation realm. These rioters pretended to be city rioters. Innate masters, they rushed into the Sheriff's Mansion and killed Madam Yan.

Although the guards in the Sheriff's Mansion were elite, they faced enemies who were at the innate level.

The guards in the Sheriff's Mansion also suffered heavy casualties. , if the powerful Gao Shun had not been struggling to support them, I am afraid that these innate masters would have led the rebels to Mrs. Yan and the others.

"Mom, go to that bastard quickly, it's not safe here anymore." Lu Lingqi held a spear in one hand and killed the rushing mob, while calling Mrs. Yan to go to Su Chen.

Lu Lingqi also discovered that there were many powerful women in black around Su Chen. Those powerful women in black were very powerful. So powerful that the mob that rushed into the magistrate's mansion couldn't reach Su Chen. They were killed one by one by those powerful women, even killing them with one hit.

"I understand. You should be careful. If that doesn't work, go to Mr. Su." Mrs. Yan looked at Su Chen and hurriedly said to Lu Lingqi,

"I know!"

When Mrs. Yan heard Lu Lingqi's answer, she hurriedly led the women around her and ran towards Su Chen.

"May I have your name?" Su Chen took out a bottle of wine from the system space. He took a sip of wine and looked at the dirty woman beside him and asked.

"I.....I am the wife of General Lu's subordinate Qin Yilu, Mrs. Du!" The dirty woman said nervously when she heard Su Chen's question.

She didn't dare not answer.

Su Chen was very safe in the county magistrate's mansion.

She was afraid that if she didn't answer this noble young master, he would I am afraid that the young master will not protect her, or even drive her away from here.

When Su Chen heard the dirty woman's answer, he was surprised and asked again, "Are you Qin Yilu's wife, Mrs. Du?"

"yes.....Yes, sir."

Mrs. Du nodded nervously and replied,

I guess!

This woman turned out to be the woman that Guan Yu and Cao Cao were fighting for.

Mrs. Du!

Is this woman really that beautiful?

Guan Yu is not a lustful person. Mrs. Du who could be attracted by Guan Yu, this Mrs. Du may be really very beautiful.

And Cao Cao's wife Cao, he originally promised to hand over Mrs. Du to Guan Yu, but when the wife Cao saw Mrs. Du, the wife Cao immediately regretted it, and even occupied Mrs. Du directly.

Su Chen felt that Cao Cao, the pervert, must have been fascinated by Mrs. Du's beauty. Otherwise, it would be impossible for the wife Cao to marry an ordinary woman. Give up conquering a general who has ten thousand enemies.

Qin Yilu is the most miserable cuckold king in the Three Kingdoms. His wife is remembered by many people. Those people are still stronger than the other. Guan Yu, Cao Cao, and even Lu Bu may have defeated him. Mrs. Du's attention.

Su Chen looked at the dirty look on Mrs. Du's face and understood.

Mrs. Du must be worried that her peerless appearance would be noticed by those gangsters. She deliberately made herself dirty. I don't want to attract the attention of those rioters.

Otherwise, if Mrs. Du's stunning appearance is discovered by those rioters, or even caught by those rioters, her end will be very miserable.

Chapter 1210

Mrs. Du saw Su Chen staring at her, which made Mrs. Du very nervous. She didn't understand why Su Chen looked at her strangely when he knew she was Qin Yilu's wife.

"Wipe your face clean!"

Su Chen looked at Mrs. Du and ordered her,

"Um? No, what are you going to do?" When Mrs. Du heard Su Chen's words, she nervously protected her chest with her hands.

Mrs. Du looked at Su Chen in panic, fearing that this noble young man would also pay attention to her.

Mrs. Du had been noticed by many people, even Even Lu Bu has been harassing her. In order to get her, Lu Bu even sent her husband Qin Yilu to Shouchun. She lives in fear every day.

Su Chen looked at the panicked Mrs. Du and was very worried. Speechless,

"Holy shit, what are you afraid of? I just want to see what you look like."

Su Chen just wanted to see how beautiful this woman that Cao Cao and Guan Yu were competing for was.

He had never thought of trying to catch Mrs. Du's attention, well!

At least he didn't have this idea now.

Mrs. Du was in a panic. He waved his hands and refused, "No.....No, sir, please don't do this, I'm just an ordinary woman."

Damn it!

Su Chen was helpless. Why is this Mrs. Du so neurotic? Why shouldn't she be like this?

Su Chen didn't do anything to Mrs. Du. Why does this Mrs. Du seem to have delusional persecution?

"Mr. Su, what are you doing?"

At this time,

Mrs. Yan came to Su Chen with many women. He looked at the panicked and dirty women around Su Chen and asked doubtfully. When

Su Chen saw Mrs. Yan arriving, he shook his head and said, "Nothing, I just wanted to see what Mrs. Du looked like, but I didn't expect that she would be frightened to death.

Mrs. Yan looked at the dirty woman and asked in surprise, "Mrs. Du?" Are you Qin Yilu's wife, Mrs. Du?"

"Yes, ma'am! Mrs. Du bowed and saluted Mrs. Yan with a flustered expression.

Mrs. Yan asked in confusion when she heard Mrs. Du's words, "Why are you dressed like this?"

Su Chen looked at Mrs. Yan and interjected,

"Aren't you asking knowingly? The war is going on right now. If Mrs. Du showed a face as beautiful as yours, I'm afraid those rioters would also be scrambling to catch Mrs. Du."

Mrs. Yan nodded when she heard Su Chen's words.

She had also heard about Mrs. Du's beauty, and also heard that her husband Lu Bu was also trying to get Mrs. Du's attention. In order to get Mrs. Du, Lu Bu even Qin Yilu sent Yuan Shu.

She couldn't control these things as a woman, and she didn't even have a chance to dissuade Lu Bu.

Lu Bu had not seen her since he fled from Chang'an to Xiapi City. Even if Madam Yan wanted to persuade Lu Bu, she had no chance.

"Madam, I'm afraid we can't escape."

At this time,

Gao Shun came to Madam Yan quickly with blood stains on his face and said,

Gao Shun did not expect that there would be Jianghu people among these chaos.

His more than 200 elite guards could have protected Madam Yan and the others. After leaving Xiapi City, those Jianghu people disrupted his plan, and even the more than 200 elite guards were killed or injured.

"General Gao, don't worry, with Mr. Su's men here, we will be very safe."

Mrs. Yan looked at Gao Shun who was covered in blood and comforted her, but she suddenly found that Lu Lingqi was missing, which made her hurriedly ask Gao Shun, "General Gao, where is Lingqi? Why didn't you see her come back?"

"When I came, I didn't expect that this girl Lu Lingqi was pretty good."

When Su Chen heard Mrs. Yan's words, he saw Lu Lingqi coming to kill from the other side.

However,

Lu Lingqi might have gone crazy.

If she hadn't lost her physical strength, the tiger girl might not have withdrawn.

Mrs. Yan saw Lu Lingqi was relieved when she came back, but she was very worried that something would happen to Lu Lingqi.

At this moment, thousands of rioters had surrounded Su Chen's place. If it weren't for the shadow assassins around Su Chen, they kept killing the rioters who were about to rush over. , I'm afraid those mobsters will swarm up and snatch away beautiful women like Madam Yan.

"If you go to the former, you will be killed without mercy!"

Su Chen looked at the rioters around him and shouted loudly,

"Come on, kill these women in black. The beauties inside are all ours."

"Lu Bu's wife is inside. We can't let it go. Let's go together and kill these women in black."

"There are only more than a hundred of them. Let's go together. I want to play with Lu Bu's wife."

"And we can't let go of Lu Bu's daughter either."

"Ha ha! Lu Bu robbed my wife, this time I want to rob Lu Bu's wife and daughter."

In the backyard of the Sheriff's Mansion, thousands of mobs were shouting around with weapons. They could swarm up at any time to snatch Lu Bu's wife and daughter.

With the help of the shadow assassin, Lu Lingqi retreated to Su Chen. She looked at the murderer. The decisive Shadow Assassin said with envy, "Huh, I'm exhausted. Bastard Su, your men are really powerful. Thanks to you this time."

"Don't come near me, you are covered in blood!"

"you.....You are an asshole." When Lu Lingqi heard Su Chen's words of disdain for her, she looked at the blood on her body and cursed in shame.

Madam Yan saw that Lu Lingqi started scolding Su Chen.

She hurriedly grabbed Lu Lingqi and scolded her, "Lingqi, don't cause trouble here, you and General Gao Shun take a rest quickly, I'm afraid you will be needed to deal with these chaos later."

"I know, mother!"

Lu Lingqi deliberately walked past Su Chen and even touched some of her blood on Su Chen. She was deliberately taking revenge on this bastard. Dare you think she was dirty?

Lu Lingqi would not let this bastard have an easy time.

Su Chen looked at it. The unruly Lu Lingqi ignored her. His clothes were already dirty anyway, so it didn't matter if there was some blood on them. At this time, a strong middle-aged man walked out from the crowd.

This middle-aged man was a master.

He didn't want to stand up at this time, but he saw a stranger among the people surrounded, and this stranger's subordinates were all very powerful beings.

Even he was not one of those women in black. To complete his mission, he must capture Lu Bu's wife and daughter, and this stranger disrupted his plan.

The middle-aged man looked at Su Chen and said sincerely, "Sir, you should not be Lu Bu's subordinate." Will you be with friends? You are not one of Lu Bu's people, we can let you go."

"and who are you?"

When Su Chen saw a middle-aged man appearing in front of the rioters, he guessed that the mastermind of the riot had appeared. He didn't know if Yan Ying could find other masterminds in Xiapi City.

"I'm just a nobody. Young Master, I'm afraid your status is not ordinary. We don't want to make enemies with you. We hope that Young Master will not get involved in our grudges with Lu Bu."
