Chapter 1211

Mrs. Yan, Lu Lingqi, and even Mrs. Du looked at Su Chen after hearing the middle-aged man's words.

They were worried that Su Chen would abandon them and leave. If Su Chen left regardless of their life or death, their end would probably be very miserable.

Mrs. Yan thought that Su Chen had nothing to do with them and was even very disdainful of Lu Bu.

She looked at Su Chen with a sad face and was very worried about him leaving.

Lu Lingqi looked at Su Chen without blinking.

Although she and Su Chen had known each other for less than a day, she felt that Su Chen would not care about the lives of women like them.

Su Chen looked at the middle-aged man and said disdainfully, "You guys who hide your head and show your tail, are you the one who planned this riot in Xiapi City?" The middle-aged man smiled, shook his head and replied,

"Master, you don't need to know this. You only have more than a hundred women in black. We have more than 3,000 people here, and there are even tens of thousands of people in Xiapi City. I hope you will not make any mistakes."

"Those rioters are just trash. Do you think they can kill me just by themselves?"

Su Chen looked at the rioters around him and said sarcastically.

As long as Su Chen wanted to, he could instantly deploy a hundred thousand black-armored troops in Xiapi City. It would be very easy for the black-armored army to massacre tens of thousands of rioters in Xiapi.

"Young Master, there are not only these rioters in Xiapi City, but there are also many masters among our people. We only want Lu Bu's wife and daughter, and the others can be taken away by Young Master. What do you think?"

"sure!"

Su Chen thought for a while and agreed.

He also wanted to see what Madam Yan and these women would do when they were desperate. Would they be afraid of being humiliated by these people? Or would they just kill themselves and die as a clean woman? ?

Lu Lingqi had an incredible expression when she heard Su Chen's words. When she came to her senses, she cursed at Su Chen, "You bastard, you don't care whether my mother or I live or die?"

When Mrs. Yan heard Su Chen's words, she held her hands tightly.

She didn't expect that Su Chen was really going to leave. This made her very disappointed with Su Chen. She thought of her wife and daughter when someone is in danger. They can be discarded, not to mention that they are not familiar with Su Chen in the first place.

Mrs. Yan took a deep look at Su Chen and sat on a stone. She knew that she would die here with her daughter this time.

"Miss Lu, are we familiar?"

Su Chen looked at Lu Lingqi and said with a smile.

Lu Lingqi clenched her fists and yelled angrily, "Damn bastard, you are just a shameless pervert who is greedy for life and afraid of death."

"Ha ha! You name it."

Su Chen smiled and looked at Mrs. Du. He was very curious about Mrs. Du's appearance, "Mrs. Du, do you want me to rescue you? And you women, have you ever thought about me bailing you out?"

"I....."

Mrs. Du looked at Su Chen and hesitated.

She guessed that the noble young master would definitely put some excessive conditions to save her, but if she stayed, she would definitely be humiliated by these rioters. Mrs. Du didn't know what to choose for a while.

"I am willing, sir, please take me away"

"I am willing too, sir, I am willing to leave with you"

"I, I am willing too, I'm sorry, madam, I don't want to die, I don't want to be humiliated to death by these rioters"

"Madam, I don't want to die either, right?.....sorry"

"Miss, please take care of yourself, I don't want to die in the hands of these rioters."

After Su Chen said these words, some of Lu Bu's concubines expressed their willingness to leave with Su Chen, and even some maids and family members of Lu's generals were also willing to leave with Su Chen.

Only Mrs. Yan was left with Lu Lingqi and Mrs. Du and the six maids did not come behind Su Chen.

Mrs. Yan looked at Gao Shun next to her and said seriously, "General Gao Shun, I'll trouble you later. You should know that we can't fall into the hands of those people.""

"Madam, I'm sorry!"

Gao Shun knelt down in front of Madam Yan. He knew what Madam Yan meant. She wanted him to kill Madam Yan and Lu Lingqi. Madam Yan and the others did not want to be humiliated by the mob. Madam Du heard that

Yan The lady was so frightened that she collapsed to the ground. She covered her face and looked at the people around her before crying softly. However, she did not go towards Su Chen to seek shelter. Bang bang bang.....

Su Chen clapped his hands when he looked at the woman left beside Madam Yan.

He did not expect that there would be six maids left beside Madam Yan. It seemed that those maids were the personal maids of Madam Yan and Lu Lingqi, and they should be loyal to Madam Yan and Lu Lingqi. Lu Lingqi is very loyal. but!

Su Chen was very surprised when he saw Mrs. Du crying in a low voice.

Mrs. Du looked very scared, but even though Mrs. Du was very scared, she still did not come behind Su Chen. This made Su Chen feel sorry for Mrs. Du. Some people looked at it differently.

Su Chen looked at Mrs. Du and the maids and smiled and said, "Yes, you really made me look at you differently."

"What do you mean you bastard?" Lu Lingqi asked in confusion when she heard Su Chen's words,

"I won't talk to Hu Niu"

"Inglorious bastard, I'll kill you!"

"Lingqi, whatever you do, be honest with me." Mrs. Yan hurriedly grabbed Lu Lingqi and shouted.

Mrs. Yan has also seen it now.

Su Chen never abandoned them and left.

No, he did not abandon them as women. Su Chen may have wanted to test the worth of these women. It's not worth saving.

Gao Shun also looked at Su Chen unexpectedly.

He originally thought that the special envoy of the Xuantian Empire was going to leave, but he didn't expect that Su Chen was actually testing these women.

This made Gao Shun very speechless.

What's there to test these women?

The women here have nothing to do with Su Chen. What's the use of Su Chen trying to find out how greedy and fearful these women are? The middle-aged man has never had any plans when he sees Su Chen. After leaving, he urged, "Master, you can take these women away."

"Hey, I have another question." Su Chen coughed and said to the middle-aged man,

"Sir, please tell me."

Su Chen looked at the middle-aged man and asked doubtfully,

"Which force are you from? Are they from the princes? Or someone from the world? What are you going to do to arrest Lu Bu's wife and daughter?"

When the middle-aged man heard Su Chen's words, he warned with a serious face, "Sir, the more you know, the more dangerous it is. It's better for you not to know some things. This is also for your own good."

"Hey, you can't be from the princes. The princes will not let you kidnap Lu Bu's wife and daughter. You are from the Jianghu, Xuanming Sect? Will the world meet? Unparalleled city? Or Tianmen? No, Tianmen is not interested in the world. You are not from Tianmen. Are you a bad person?"

Chapter 1212

Su Chen has had enough fun now.

He is very satisfied with the performance of Madam Yan and Madam Du. Madam Yan would rather let Gao Shun kill them than let them fall into the hands of the mob. Although Madam Du is very scared, She didn't come to beg her, the person who had designs on her.

Oh, no,

Su Chen was just interested in Mrs. Du's appearance.

The middle-aged man's face changed drastically when he heard Su Chen's words. He looked at Su Chen and said viciously, "You know too much, Master. Although your identity may not be simple, you can't leave. Kill me." Everyone here, the beautiful women here are at your disposal"

"kill! That woman in the yellow dress is mine"

"I want revenge for my sister! kill!"

"Haha, I have been waiting for this sentence for a long time. I don't want to let the women here leave."

"Go ahead and snatch the beautiful beauties here"

"Kill, kill, kill, I will kill Lu Bu's wife and daughter to avenge my wife."

After hearing the middle-aged man's order, thousands of rioters in the county governor's mansion rushed toward Su Chen with weapons raised.

Su Chen looked at the rioters who were about to rush over and ordered coldly, "You Ru , summon all the shadow assassins, kill all the rioters and those quacks here"

"Yes, master!"

Shadow Assassin Youru heard Su Chen's order, and she summoned all three hundred Shadow Assassins. These Shadow Assassins who had been guarding the surroundings appeared one after another and began to slaughter the insurgents who were rushing over.

"I'm going to help too!"

Lu Lingqi saw the shadow assassins quickly dodge and slaughter the mobs one by one, and she rushed over with a spear.

"Lingqi, be careful!" Madam Yan shouted with concern when she saw Lu Lingqi rushing over.

Gao Shun stood up with the sword in his hand.

He wiped the blood and sweat on his face and said to Madam Yan, "Madam, I will protect you. Miss"

"General Gao should also be more careful."

"Madam, don't worry."

Su Chen came to Mrs. Du and looked her up and down.

Su Chen didn't give up on seeing Mrs. Du's face. The more Mrs. Du tried to evade and didn't want Su Chen to see her face, the more he wanted to see her. I'm afraid. The more you have to have, the more you want it.

Su Chen looked at the anxious Mrs. Du and asked with a smile, "Mrs. Du, I saved your life, can you let me see your face now?" Mrs. Du hurriedly bowed to Su Chen with her body trembling and said, "Thank you, Master. However, I look ugly and I'm afraid of scaring you. You better not look at me.""

"Forget it, I won't watch it."

Su Chen looked at Mrs. Du's worried look and shook her head.

This Mrs. Du is too cautious.

Su Chen is not willing to force others to do anything. Anyway, as long as Mrs. Du stays with him, what will happen to him in the future? Opportunity to see Mrs. Du's face

"Thanks.....Thanks!"

Mrs. Yan looked at Su Chen and Mrs. Du and was very speechless.

They were fighting next to them, but Su Chen was still in the mood to tease Mrs. Du. This made Mrs. Yan look at Su Chen and think that this bastard was also a pervert. Embryos.

In the open space in the backyard of the Sheriff's Mansion, there were more and more corpses of rioters, and there was a lot of blood on the clothes of the Shadow Assassins. This person made Su Chen frown when he looked at Zou.

His Shadow Assassins They are all delicate beauties, and now that the disgusting blood is stuck on their bodies, Su Chen feels very uncomfortable.

"System, deploy five thousand black armored cavalry in the governor's mansion." Su Chen said to the communication system while watching the fighting in the Sheriff's Mansion.

Su Chen also felt that just relying on the Shadow Assassins to kill these rioters was making a fuss. The Shadow Assassins had to deal with some powerful enemies and let the delicate beauties like the Shadow Assassins massacre them. Su Chen doesn't want his shadow beauties to get all dirty with these gangsters.

"Ding, five thousand black armored cavalry have been deployed."

Dong dong dong dong.....

The sound of horse hooves suddenly came over, and the fighting mobs and shadow assassins also stopped fighting. The mobs retreated one after another, and the shadow assassins guarded Su Chen and looked around vigilantly.

Dong Dong Dong Dong.....

After a while, cavalry in black armor appeared in the backyard, and more and more cavalry in black armor came to the backyard of the county governor's house.

The middle-aged men in the crowd were very surprised when they saw the black-armored cavalry appearing.

How could these powerful black-armored troops appear in Xiapi County?

Their organization had a clear grasp of Xiapi County. There could not be such elite black-armored cavalry in Xiapi City, but thousands of black-armored cavalry appeared here. This made the middle-aged man very confused and shocked..

Women such as Gao Shun, Mrs. Yan, and Lu Lingqi were also very surprised when they saw the black armored cavalry appearing. They did not know whether these black armored cavalry were enemies or friends. If these elite black armored cavalry were enemies, then everyone here would probably flee. No more

"Black Armored Cavalry Legion, Legion Commander Wang Ling meets the Young Master!"

"See Young Master."

When the black-armored cavalry saw Su Chen, they all dismounted and knelt down to salute Su Chen.

"Get up, everyone!"

"Thanks, sir!"

"Commander Wang Ling, order your black-armored army to destroy these rioters."

"Yes, sir!"

"Youru, go kill those Jianghu people among the chaos."

"Yes, master!"

"The crossbow is ready, let go!" Commander Wang Ling looked at the rioters expressionlessly, and then ordered the black-armored cavalry, swish, swish, swish, swish, swish.....

As the crossbows began to shoot, the rioters without shields were shot one after another like living targets. Each of the rioters was shot directly through the crossbows and died without even letting out a scream.

"Run, these are the imperial troops, we are no match at all!"

"Run away, run away quickly, these are elite troops, we will all die here if we don't run away."

"Oh my God, why are there imperial troops? we were lied to"

"Retreat, all retreat, we will die if we stay."

The rioters shouted and turned around, trying to escape from the county governor's house quickly. They were no match for the heavily armed army.

"Prepare your spear, charge into formation, charge to kill!"

"kill! kill! kill!"

The black-armored cavalry will not let these rebels escape.

Su Chen's order is to wipe out all these rebels. The black-armored cavalry must drive these rebels to death.

Madam Yan, Lu Lingqi, Gao Shun, and even Madam Du are still acting like The other women next to them looked confused.

Madam Yan and the others did not expect that these black-armored cavalry were Su Chen's army, but how did these troops come to the county governor's mansion?

When did Su Chen Mobilizing a large army to come to Xiapi County?

All this puzzled them.

Madam Yan came back to her senses.

She patted her heaving chest and asked Su Chen in surprise, "Mr. Su, these are the Xuantian Empire." army?"

"That's right, you don't think that I will come to the Northern Continent without an escort army, right?"

Chapter 1213

Su Chen did not hide anything from Madam Yan.

The black-armored cavalry had already been deployed.

Su Chen had no need to hide it anymore. Anyway, his identity as the envoy of the Xuantian Empire had been spread, even if the princes knew that he had five thousand elite cavalry. , those princes did not dare to take action against him.

Madam Yan watched the black-armored cavalry massacre the unresisting rebels. Although she felt uncomfortable, she did not show it. After all, the war had begun, and it was a life-and-death war.

Mrs. Yan came to Su Chen and asked doubtfully, "Mr. Su, when did you bring these troops into Xiapi City?"

"You don't need to know this, you just need to know that you are safe now." Su Chen looked closely at Mrs. Yan's curvy figure and beautiful face. He touched his nose awkwardly and said.

Mrs. Yan saw Su Chen looking at her and she felt very uncomfortable.

She I didn't expect that this bastard would be so lecherous at this time, and even a woman of her age would have evil intentions.

Madam Yan rolled her eyes at Su Chen and continued to ask, "Mr. Su, you have such a powerful black-armored army and those powerful black-armored soldiers." Clothed female guard, are you really an envoy of the Xuantian Empire?"

"I am not the envoy of Xuantian Empire, who do you think I am?"

Mrs. Yan looked at Su Chen and shook her head and said,

"I don't know, but I think you don't look like an envoy at all. You are too young. The Xuantian Empire is going to send an envoy to the Northern Continent. I believe it will also send an older and experienced envoy."

"It seems that I have disappointed you"

"No, no, I just.....ah...."

"careful!"

Mrs. Yan originally wanted to explain to Su Chen that she didn't mean that at all, but she suddenly missed the mark and was about to fall to the ground.

Su Chen hurriedly reached out and hugged Mrs. Yan who was about to fall.

However, this was a bit embarrassing. Yes, although Su Chen hugged Mrs. Yan who was about to fall, he also touched places he shouldn't have touched.

"Let go!"

Mrs. Yan shouted angrily when she felt Su Chen's evil hand,

"Forehead! Sorry, I really didn't mean it." Su Chen immediately let go of Madam Yan in embarrassment.

Madam Yan stared at Su Chen with a red face, and she hurriedly stayed away from this bastard.

She didn't believe that this bastard didn't do it on purpose, but Madam Yan knew that this bastard knew martial arts. , would a person who knows martial arts make such a mistake?

And the way this bastard looked at her just now made Madam Yan feel that Su Chen was teasing her deliberately this time.

Madam Du looked at Su Chen and Madam Yan from the side Her eyes widened as they hugged each other. She did not expect that Mrs. Yan, who had always been clean and self-sufficient, would actually have an affair with another man. This really did not occur to her.

Mrs. Du looked at the people around her and found that everyone around her was paying attention. During the war, no one here noticed the adultery between Su Chen and Madam Yan at all, which made Madam Du a little dumbfounded by Madam Yan's boldness.

Su Chen was very speechless when he saw Madam Yan who was far away from him.

Madam Yan must now regard him as He was a pervert, but he couldn't be entirely blamed for this. Su Chen's reaction was done out of desperation. He didn't expect such an embarrassing thing to happen.

"Madam Yan, do you have a carriage in your house?" Su Chen looked at the county governor's mansion beside the corpse and shook his head.

No one can live here anymore.

Su Chen also decided to leave Xiapi City.

Madam Yan calmed down her shy mood and replied, "Yes, county. There are several carriages in the palace"

"Someone come!"

Su Chen ordered to the black-armored soldiers on guard next to him,

"Young Master!"

"Take people to the county governor's house to drive the carriage over."

"Yes, sir!"

"Are you leaving Xiapi City?" Mrs. Yan asked hurriedly when she heard Su Chen ordering the black armored cavalry soldiers,

"certainly!"

"Your army can completely suppress the rebels in Xiapi City, why do you want to leave?"

Su Chen looked at Mrs. Yan with an idiotic expression and explained,

"It is no longer possible for people to live here, and there are tens of thousands of rioters in Xiapi City. Those are ordinary people."

"Do you want me to kill them all?"

"Even if I order the army to kill all the rebels, have you ever thought about what the people of Xiapi City will do? Among the more than 100,000 people in Xiapi City, there may be some of their relatives, even husbands and sons among the rioters."

"Xiapi City has been ruined by your husband. I don't want to massacre the tens of thousands of people in Xiapi City."

When Mrs. Yan heard Su Chen's words, she hurriedly asked, "Then what should we do? How can we women continue to stay in Xiapi City after you leave?"

Su Chen smiled and teased,"You, Lu Lingqi, Mrs. Du, and the six maids will leave with me. Gao Shun will send the remaining women to Lu Bu."

"you.....what are you up to? You're not going to do anything against us, are you?"Mrs. Yan looked at Su Chen with a wary look and asked vigilantly,

"Haha, just take it as such!"

"Impossible, we won't leave with you, just give up your dirty mind"

"That's up to you."

Su Chen also felt that Madam Yan and Madam Du were very good people, at least they did not surrender in order to survive.

Su Chen also wanted to save their lives.

From now on, if Lu Bu was defeated in Yanzhou,

Madam Yan and Du Madam and the others are likely to commit suicide, and they cannot be kidnapped one after another like in the Three Kingdoms plot.

Boom!

A person was thrown in front of Su Chen, and

Yan Ying also quickly appeared next to Su Chen. After Yan Ying appeared,

The black-armored soldiers who were guarding Su Chen all pointed at Yan Ying with their crossbows.

"Stop it, everyone, this is one of our own!"Su Chen saw the black-armored soldiers about to shoot Yan Ying and hurriedly stopped him.

Su Chen was worried that Yan Ying would kill his troops in anger.

Yan Ying looked at the black-armored cavalry here and said to Su Chen in surprise. Asked, "These are your troops?"

"uh-huh!"

"Not bad, these armies are much stronger than those in the Han Empire. The Xuantian Empire is indeed very powerful."

"Of course, who is this?" Su Chen nodded arrogantly and pointed to the people on the ground and asked.

Yan Ying was very confused when she saw the blushing Madam Yan next to Su Chen.

However, after hearing Su Chen's question, she did not ask Madam Yan and Mrs. Yan for the time being. Su Chen,

Yan Ying smiled at Su Chen and took credit and said, "This man is the mastermind of the riots in Xiapi City, and he is actually the speed star of bad people. Duan Chengtian is also a master at the peak of Grand Master.""

"Bad person? My guess was indeed correct. Bad people still want to dominate the world."

"Do you actually know about the mysterious organization of bad guys?"

Chapter 1214

Su Chen didn't expect that the Bad Guys organization would also appear.

The Bad Guys' bad guy, Yuan Tiangang, was probably a powerful master, possibly a half-step Jindan cultivation realm, or even a real Jindan realm master.

After all, Yuan Tiangang has lived for hundreds of years.

Su Chen feels that Yuan Tiangang is more dangerous than Tianmen's Emperor Shitian.

Tianmen's Emperor Shitian is a lunatic, and Yuan Tiangang is a wily conspirator. Yuan Tiangang and Emperor Shitian Tian's strength should be about the same, but Su Chen still feels that Yuan Tiangang is more dangerous.

"What's so surprising about this? I know bad people. Is there something wrong with that organization?"

Yan Ying is now very surprised by Su Chen.

She also knows the tip of the iceberg about the mysterious organization Bad People.

In the Northern Continent, there are probably not more than one person who knows about the Bad People organization.

Yan Ying is now very surprised by Su Chen's relationship with Xuan. The Heavenly Empire has made preliminary guesses.

"Bad people are very mysterious. I only know about the mysterious organization of bad people occasionally. Even if you are not from the Northern Continent, you know about it. It seems that the Xuantian Empire has a lot of information about the Northern Continent. Could it be that the Xuantian Empire wants to Will we also launch a war against the Han Empire in the Northern Continent?"

"Maybe!"

Su Chen took a deep look at Yan Ying and answered ambiguously.

He did not expect that Yan Ying would guess that the Xuantian Empire had plans for the Han Empire in the Northern Continent. It seems that this woman Yan Ying is not a brainless person. People, the powerful women in the mixed martial arts world are indeed not ordinary people.

Yan Ying said angrily when she heard Su Chen's answer, "Maybe? Won't you answer me accurately? Now can you tell me your true identity?"

"There are a lot of people talking here, so we'll tell you later after we leave the city." Su Chen looked at Mrs. Yan who was listening to his conversation with Yan Ying and curled her lips.

Yan Ying also saw that Mrs. Yan was eavesdropping on their conversation.

She guessed that Su Chen might not want others to know about him. His identity, and even the identity of the whole bastard, is really extraordinary.

Yan Ying nodded to Su Chen and said, "I hope you, bastard, keep your word."

"I always keep my word"

"I don't believe you, you're a lecherous liar"

"I'll do it! Yan Ying, do you believe that I will let you try the feeling of life and death again tonight?"

"Shameless!"

Yan Ying cursed when she heard Su Chen's words.

She turned her head away in shame and anger, not wanting to look at this shameless bastard anymore, but her face was blushing.

Su Chen looked at it and shook his head.

Women are all strange. As a creature,

Su Chen couldn't figure out what Yan Ying was thinking now.

Mrs. Yan was a little embarrassed now. She didn't expect that she would be caught eavesdropping on the conversation between Su Chen and Yan Ying. But what is Su Chen's identity?

Why did that bad person organization want to arrest her and Lu Lingqi?

This was all for her to guess, but!

Madam Yan was becoming more and more interested in Su Chen's identity. Is this special envoy of the Xuantian Empire really just a special envoy? ?

Yan Ying pointed to Tiansu Xing Duan Chengtian lying on the ground and asked, "Do you still want to interrogate this person?"

"Just ask, you unlock his dumb hole." Su Chen looked at Duan Chengtian and nodded.

Su Chen wanted to know if Duan Chengtian knew about Li Xingyun. If there really was Li Xingyun, then who was Li Xingyun in the world of mixed martial arts? Identity person?

"Duan Chengtian, is there Li Xingyun among you bad guys?" Su Chen asked Yan Ying after he unblocked Duan Chengtian's mute point.

Duan Chengtian turned sideways and looked at Su Chen and said in surprise,

"Are you actually from the Xuantian Empire? I didn't expect Xuantian Empire to be so ambitious. Two continents of Tianxuan Continent have been occupied by Xuantian Empire, and the Eastern Continent is still under conquest. You, Xuantian Empire, have actually begun to pay attention to the Northern Continent."

"You don't seem to have answered my question?" When Su Chen heard Duan Chengtian's words, he stepped on his head and said expressionlessly.

Duan Chengtian's head hurt when he was stepped on, and he shouted, "Ah.....I won't tell you, people from Xuantian Empire, you'd better let me go, otherwise you will regret it. Su

Chen stepped on Duan Chengtian's head, smiled and threatened, "Duan Chengtian, I heard that you have an apprentice named Luo Xiaobei. Do you think I should send someone to arrest him and threaten you?"

Su Chen knew that Duan Chengtian was very kind to his apprentice Luo Xiaobei in the plot, and even lost his life to save Luo Xiaobei.

Su Chen believed that if Luo Xiaobei was used to threaten Duan Chengtian,

Duan Chengtian would definitely tell him what he wanted. things to know

"you.....How did you know? Who are you? How could you possibly know about my apprentice?"Duan Chengtian asked with a shocked look on his face when he heard Su Chen's words.

Duan Chengtian didn't expect that the apprentice he secretly accepted would be known to Su Chen. Even among the bad guys, few people knew about his apprentice Luo Xiaobei. How do people from the Xuantian Empire know this?

Duan Chengtian looked at Su Chen in horror and guessed that the Xuantian Empire also planted spies among bad people, right?

"Give you a choice, tell me what I want to know, and I will treat Luo Xiaobei as if he does not exist."

Duan Chengtian was very helpless when he heard Su Chen's threats.

He couldn't care less about his apprentice's life and death. Su Chen actually knew about Luo Xiaobei's existence, so he must really know where Luo Xiaobei was hidden by him.

However,

The questions Su Chen asked were not the secrets of bad people.

Duan Chengtian thought about it and said to Su Chen,"You.....Well, I don't know about Li Xingyun, but I know that there is a man named Li Shimin who is with our bad handsome guy."

Su Chen was very surprised when he heard Duan Chengtian's words,

Li Shimin?

Su Chen didn't expect that Li Shimin had escaped to the Northern Continent. No wonder there has been no news about Li Shimin.

"Why do you want to arrest Lu Bu's wife and daughter? Duan

Chengtian said to Su Chen with an ugly face,

"I can't say that you actually know the bad guy. You should know that if I betray the bad guy, my fate will be very miserable. My apprentice may also be killed by the bad guy."

Su Chen let go of his foot on Duan Chengtian's head and said with a smile, "This is my last question. I will let you go, and no one here knows that you said this."

Yan Ying looked at Su Chen and her eyes revealed some brilliance.

She didn't expect that Su Chen knew bad people so well. She had been hiding around them for a long time before she knew that these people were bad people. But Su Chen actually knew bad people. The internal affairs are also known clearly.

Moreover, the Xuantian Empire has actually begun to lay out the northern continent.

Does the Xuantian Empire want to attack the eastern continent and the northern continent at the same time?

Madam Yan has now walked to Su Chen, and she also wants to Do you know why these people came to arrest her and her daughter Lu Lingqi? As for whether the Xuantian Empire will launch a war on the Northern Continent? This is not something she cares about.

Duan Chengtian sighed and said silently,

"well! The bad commander and that Li Shimin wanted to use Lu Bu to occupy Yanzhou. Li Shimin wanted to use Lu Bu's wife and daughter to threaten Lu Bu to do things for him, and even gradually cannibalize Lu Bu's army and power."

Su Chen continued to ask,

"So Li Shimin wants to compete with the princes for the Han Empire in the Northern Continent?"

"good!"

Chapter 1215

Duan Chengtian didn't know why Su Chen asked these questions, but he had to answer Su Chen's questions.

Fortunately, these questions were not the core secrets of the bad guy. Duan Chengtian told Su Chen that the bad guy would not be able to punish him if he knew about it later. he.

When Su Chen heard Duan Chengtian's words, he shook his head and said,

"You are too naive. Do you think that if you capture Lu Bu's wife and daughter, Lu Bu will obey your orders?"

"A slave with a third family name!"

"Or will a capricious villain care about his wife and daughter?"

"Lu Bu values power more than anything else. Even if he seizes Yanzhou from now on, he won't be able to let you manipulate him at will."

Although Su Chen said this, he still hoped that Li Shimin could control Lu Bu.

As long as Li Shimin stopped hiding and even dragged the bad guys into the open, it would be much easier for him to deal with Li Shimin or bad guys in the future.

, and it would be good for Li Shimin and the bad guys to fall into the big pit in Yanzhou. It can let Li Shimin, the bad guys, Lu Bu, Cao Cao, they fight happily in Yanzhou, and Su Chen can also sit on the mountain and watch the tigers fight.

When Duan Chengtian heard Su Chen's words, he replied, "This is not something I should take care of. I am just following orders."

"Duan Chengtian, what is the strength of your bad handsome Yuan Tiangang?"

"I don't know. The bad guy Yuan Tiangang is very mysterious. I haven't seen the bad guy take action in the past decades."

"You can leave, but you'd better not expose my identity. Luo Xiaobei's life and death is in your hands, you have to remember."

Su Chen heard that Duan Chengtian was also unclear about Yuan Tiangang's strength.

Although he didn't know whether Duan Chengtian was lying, he didn't care.

Su Chen also threatened Duan Chengtian and prepared to let him go.

"I see!"

"Yan Ying, let him go!"

Yan Ying unlocked Duan Chengtian's acupuncture points after hearing Su Chen's words.

After Duan Chengtian left quickly,

Yan Ying looked at Su Chen and wanted to know what he would do in the future, and why Su Chen would let one of the bad guys go. A powerful lieutenant?

Su Chen looked at Yan Ying's confused eyes and ignored her. Among the bad guys, Tian Suxing Duan Chengtian was a pretty good person. Su Chen also wanted to keep Duan Chengtian to get

some information later. It was almost evening. By that time, the rioters in the county governor's mansion had been wiped out, and Su Chen, escorted by the black-armored cavalry, also left the county governor's mansion in a carriage. There were a lot of rioters in Xiapi City, but facing the black-armored cavalry, There was no way to fight back the attack, and Su Chen was easily escorted by the black-armored cavalry and left Xiapi City. In the evening, after leaving Xiapi City for dozens of miles,

Su Chen ordered the black-armored cavalry to set up camp on the spot.

A In the tent,

Su Chen looked at Madam Yan and the other girls in the tent and said to Gao Shun,"Gao Shun, take the women in the other carriages to Yanzhou to find Lu Bu."

"Where are the madam and the young lady?"

Gao Shun looked at Mrs. Yan and Lu Lingqi and asked Su Chen doubtfully,

"They want to go to Jingzhou with me."

Gao Shun objected with a serious face when he heard Su Chen's words,"No, Mr. Su, I was ordered to protect Xiapi City and my wife and young lady. Now that Xiapi City has been lost, I can't let you take them away. Madam and Mademoiselle.

Lu Lingqi pulled Mrs. Yan and yelled angrily,"Bastard Su, why should I leave with you?" I'm going to Yanzhou to help my father"

"It's up to you, but your mother must leave with me"

"Shameless pervert, do you want to die?"Lu Lingqi didn't expect Su Chen to say this. How could she leave her mother alone with this pervert?

Lu Lingqi held a spear in her hand and wanted to kill this shameless pervert with one shot.

When Su Chen saw Lu Lingqi was about to take action, he He shook his head and explained,

"Lu Lingqi, I am saving your mother and you. Yanzhou will be very chaotic in the future."

"Your father Lu Bu, the local gentry in Yanzhou, the bad guys, Li Shimin, Cao Cao, these forces will all fight to the death in Yanzhou in the future."

"What do you think your father's chances are of winning?"

"this....."

Lu Lingqi was speechless when she heard Su Chen's words.

Her father was probably the weakest person in Yanzhou.

Lu Lingqi also learned about the conspiracy of bad guys on the way. Cao Cao was powerful, and there were many masters of bad guys, even in Yanzhou. The local nobles are probably not weak either.

Even if Lu Bu obtains Yanzhou with the help of some Yanzhou nobles, it will be very difficult to hold Yanzhou.

Madam Yan looked at Su Chen and stood up and said to Gao Shun, "General Gao, please take the family members and maids and leave. We will wait for you in Jingzhou to take us back."

Gao Shun heard Madam Yan's words. He hesitated for a moment and saluted, "Okay." Well, madam, you and the young lady take care of yourself."

Gao Shun is also helpless.

There are Su Chen's five thousand black-armored cavalry here. Even those masked women in black are not something he can deal with. It is impossible for him to save Madam Yan and Lu Lingqi.

"General Gao, be careful all the way!"

"Madam, you and the young lady should take more care in the future!"

In the tent, after Gao Shun left,

Madam Yan, Lu Lingqi, and even Yan Ying looked at Su Chen with unkind eyes.

Su Chen left Madam Yan and her daughter behind, and even Madam Du and the six maids. This made them unable to guess what Su Chen was going to do. They all guessed that Su Chen was definitely not just trying to protect them.

Su Chen touched his nose and said to the girls, "Go back and rest. I want to rest too.""

"Bastard, you can sleep to death."

Lu Lingqi glared at Su Chen and pulled Mrs. Yan out of the tent.

Yan Ying did not leave.

She looked at Su Chen and smiled and asked,

"Now you can tell me your true identity. But there is no one else. Don't give me any other reasons not to tell me."

Su Chen walked to Yan Ying and reached out to take off her veil.

He looked at Yan Ying's peerless appearance and smiled and said,

"My last name is Su!"

"I know your bastard's last name is Su. I want to know your true identity.....You, you, are not a member of the royal family of the Xuantian Empire, are you?"

Yan Ying originally heard Su Chen's words and thought he was playing tricks on her again, but she suddenly thought that the emperor of the Xuantian Empire also had the surname Su, which made her look at Su Chen very surprised.

Su Chen smiled and provoked Yan Ying. Yan Ying's delicate little chin said, "You guessed half of it right, it's a bit close."

"What is your identity?" Yan Ying opened Su Chen's hand and stared at this bastard and asked,

"My surname is Su, Su from the Xuantian Empire!"

"Haha, are you going to laugh me to death? You don't mean to say that you are the emperor of the Xuantian Empire, do you? Bastard, why didn't you say you were the Jade Emperor?"

Chapter 1216

Su Chen felt very ashamed when he heard Yan Ying's words.

Why should he be the Jade Emperor?

He is the emperor of the Xuantian Empire.

Su Chen did not expect that Yan Ying did not believe what he said. Although Su Chen did not directly state that he was the emperor of the Xuantian Empire, his implicit statement already showed that he was the emperor of the Xuantian Empire.

Su Chen pointed at himself and asked Yan Ying, "Yan Ying, don't you think I am the emperor of the Xuantian Empire?"

Yan Ying glared at Su Chen and shouted angrily,

"You look like a fart, you are just a dandy. You are either a member of the royal family of the Xuantian Empire, or you are the noble son of a top family in the Xuantian Empire. Do you look like an emperor?"

What the hell!

Why doesn't he look like the emperor of an empire?

Su Chen's face turned very ugly when he heard Yan Ying's words.

Does Yan Ying look down on herself?

Or does he not think highly of him at all?

What kind of dandy?

If he were a dandy, could he conquer a huge empire on two continents?

"Forget it, there's nothing you can do if you don't believe me." Su Chen saw that Yan Ying didn't believe him and didn't continue to explain.

Anyway, he said what needed to be said.

Su Chen didn't deceive Yan Ying. He told Yan Ying his true identity but Yan Ying didn't believe it. No wonder he.

Yan Ying rolled her eyes at Su Chen and said helplessly, "You bastard, you are so shameless. It's okay if you don't want to reveal your identity. You dare to pretend to be the emperor of your Xuantian Empire. You really don't want your life."

"I'm too lazy to care about you, go to sleep!"

Su Chen directly hugged Yan Ying and said boringly.

Yan Ying watched Su Chen holding her as she collapsed and struggled in embarrassment, "What are you doing? let me go"

"Once you're here, don't leave. It's a long night. We can talk by candlelight."

"roll! I won't talk to you at night by candlelight"

"It's not up to you!"

"Shameless! You are such a shameless bastard!"

"Haha, whatever you say!"

In a tent not far from Su Chen,

Mrs. Du, Mrs. Yan, and Lu Lingqi were all here.

When Mrs. Du learned that they would follow Su Chen to Jingzhou in the future, she was very nervous.

However,

Du The madam looked at Madam Yan and was speechless.

She knew about Madam Yan's affair with Su Chen. It was okay for Madam Yan to go to Jingzhou with Su Chen, but why did she have to take her with her?

Madam Du thought of going to Jingzhou with her in the future. She was very frightened when that perverted woman was together. Mrs. Du was afraid that Su Chen would have evil thoughts about her and even take her by force.

Lu Lingqi sat next to Mrs. Yan and asked in a low voice, "Mom, do you really want to go to Jingzhou?"

"Lingqi, it is impossible for us not to go to Jingzhou. Mr. Su will not let us leave, and it is impossible for us to resist Mr. Su's decision now." Mrs. Yan touched Lu Lingqi's hair and said helplessly.

Mrs. Yan also guessed that Su Chen forcibly took them to Jingzhou for their own good, but she was unwilling to go to Jingzhou with Su Chen.

What happened today made her She was very worried about Lu Bu. Cao Cao, the bad guy, or that Li Shimin, these are all powerful enemies. I'm afraid Lu Bu is really no match for those forces.

Madam Yan thought that Yanzhou, a place of right and wrong, was not a good place.

That may be the burial place of Lu Bu.

But even as a woman, she couldn't dissuade Lu Bu. This time, she hoped that Lu Bu could listen to Gao Shun's advice and leave the place of right and wrong in Yanzhou as soon as possible.

Lu Lingqi lay in Mrs. Yan's ear and whispered , "Mom, we can leave secretly, that bastard is a pervert, we can't go to Jingzhou with him."

When Mrs. Yan heard Lu Lingqi's words, she patted her shoulder and reminded her,

"Okay, Lingqi, you can't do this at all. There are thousands of black armored cavalry guarding us. Do you think we can escape from under the eyes of the black armored cavalry?"

"This is still a black armored cavalry"

"There are also those powerful masked women in black. Those masked women are more powerful than the black armored cavalry. Lu

Lingqi grabbed her hair and said helplessly, "Damn it, how could that bastard have such a powerful army and guards.""

Lu Lingqi also knew that under the protection of the heavily guarded black armored cavalry, they would not be able to escape at all. They might not even be able to escape from the military camp, otherwise they would be discovered by the black armored cavalry and captured.

The tent was quiet for a while. , the three beautiful women in the tent were all thinking about what would happen in the future and what their future fate would be.

Qingzhou,

Donglai County, is the headquarters of the Tenglong Combat Legion. The headquarters of Gai Nie's Tenglong Combat Legion is located here.

Zhen Mansion, in a room,

Zhen Yi returned home and saw that Zhen Mi's face was very ugly. He did not expect that Zhen Mi was actually sent back by the eldest princess of the Xuantian Empire.

Zhen Yi asked Zhen Mi why. He was furious, and he never thought that Zhen Mi would have different ideas about the eldest princess's decisions, and even opposed some of the eldest princess's decisions. Zhen Yi now wanted to tie Zhen Mi and let her go and plead guilty to the eldest princess.

Zhen Mi looked at Zhen Yi with an ugly face and said firmly,

"Father, although I shouldn't oppose the eldest princess's decision, I didn't do anything wrong. The eldest princess would kill some people at every turn. She was so cruel when she was so young, and I'm afraid she will be even more cruel when she grows up."

Zhen Yi heard that Zhen Mi was still unwilling to repent and still dared to oppose the eldest princess's decision.

This made Zhen Yi so angry that she trembled and wanted to hit his unfulfilled daughter.

Touch!

Zhen Yi threw her hand. The tea cup shouted angrily,

"Is this your responsibility? Who is the eldest princess? She is the eldest princess of the Xuantian Empire and the first heir to the most powerful empire in the Tianxuan Continent. Do you want the eldest princess to be a weak and elegant empress in the future?"

"If the eldest princess doesn't have the courage and decisive killing skills, do you think the eldest princess will be able to shock the army commanders and officials in the empire in the future?"

"Mi'er, you are too naive. The reason why His Majesty the Emperor does not take care of Her Royal Highness is because he is training the eldest princess. Moreover, the eldest princess is capable of doing things steadily and even decisively in killing at such a young age."

"Don't His Majesty the Emperor and the Queen know these things?"

"You must know that the eldest princess, Su Yan, is not your majesty's legitimate daughter. The queen also has a daughter, and she is the legitimate daughter of Princess Gaoyue. Therefore, the emperor still made the eldest princess, Su Yan, the first heir to the empire."

"What does this mean?"

"Don't you need to think about it in your head?"

Zhen Mi fell silent when she heard her father Zhen Yi's words.

She knew everything about the eldest princess Su Yan, the future empress of the empire!

Su Yan was loved by everyone even in Xuannio Palace, whether it was His Majesty the Emperor Su Yan. In the morning, Queen Yan and the other concubines all loved the eldest princess Su Yan very much.

Zhen Mi also knew that Su Yan would rule a huge empire in the future, and that Su Yan would be a weak-minded and soft-hearted man. Empress, I'm afraid this huge and powerful empire won't be able to exist for long.

"well! Think about it."

Chapter 1217

Zhen Yi looked at the confused Zhen Mi, sighed and left.

Now he has to quickly find Gai Nie, the commander of the Tenglong Combat Legion. This time Zhen Mi was sent back by the eldest princess. He also wanted to know the empire's treatment of him. What an attitude.

Zhen Yi didn't want to give up the power he had finally obtained, the title of baron in the empire.

He knew very well how powerful the Xuantian Empire was. Although he only had the title of baron, his title was more prestigious than the duke titles of the Han Empire. Zhen Yi was worried that the eldest princess would deprive him of his title in anger. and power.

In the room, after Zhen Yi left,

Zhen Mi slumped down on the chair. She didn't know if she regretted it now, but after she left Su Yan, she had been uneasy in her heart and even treated her. I also regret my decision to interfere more with Su Yan.

"Sister, are you okay?"

At this time, four beautiful women came into the room and came to Zhen Mi. A gentle and beautiful woman looked at Zhen Mi's confused look and asked worriedly,

"Sister, I have nothing to do." Zhen Mi saw her sisters arriving. She nodded to her sisters and said, these four beautiful women are all Zhen Mi's sisters, the eldest sister Zhen Jiang, the second sister Zhen Tuo, and the third sister. Zhen Dao, the fourth sister Zhen Rong, and the five daughters of the Zhen family are all more beautiful than the other, especially the fifth daughter Zhen Mi, who is the most beautiful woman in the northern continent.

Standing together, the five sisters of the Zhen family are fat and thin, and they are all charming. Jiao, not only are their figures very perfect, but their faces are also very beautiful. I am afraid that any man who sees the five sisters of the Zhen family standing together will be fascinated by the stunning looks of the five sisters of the Zhen family.

"Sister, are you really driven back by the eldest princess?" Zhen Jiang looked at Zhen Mi and asked in confusion.

The other girls also looked at Zhen Mi.

They all heard that Zhen Mi was driven back by the eldest princess when she came back this time. They were all worried that Zhen Mi had angered the eldest princess. Your Highness

"yes.....Yes!"

Zhen Mi nodded with a pale face and admitted.

Zhen Mi did not expect that the news of her being driven back would spread so quickly, which made Zhen Mi feel very uncomfortable.

Zhen Rong asked in panic after hearing Zhen Mi's words. Said, "Ah! Is this actually true? Sister, why is this?"

"Sister, is it possible that the eldest princess will threaten her mother-in-law when she sees you are beautiful?" Zhen Tuo looked at Zhen Mi and asked after thinking about it.

Zhen Dao nodded and felt that it was very possible. "It's possible. The fifth sister is the most beautiful woman in the northern continent. It's possible that the eldest princess is really afraid that her sister will threaten her in the future. Her mother-in-law."

Zhen Jiang rubbed her forehead and scolded her sisters.

"What nonsense are you talking about? The eldest princess will definitely not drive her sister back because of this matter. Don't make random guesses here. If anyone with a heart hears it, our Zhen family will be in trouble."

Zhentuo and the other girls stuck out their tongues after hearing the eldest sister's words.

They also knew that these things should not be speculated like this, and they should not even speculate about the eldest princess and her mother-in-law. If today's events were spread, , I am afraid that the Zhen family will really be punished by the Xuantian Empire.

Zhen Jiang touched Zhen Mi's hair and asked worriedly, "Little sister, can you tell us why you were sent back by the eldest princess? Zhen

Mi lay on the table and said helplessly, "Sisters, I was sent back because I interfered too much in the eldest princess's decision. You don't have to worry about me."

Zhen Mi knows that her sisters are worried about her, but now she is very irritable. She has not been happy a day since she arrived in Qingzhou a few days ago

, especially what her father said today when he came back from other places. It made her feel that she had done something wrong before.

When the fourth child Zhen Rong heard Zhen Mi's words, he guessed that the younger sister was in a bad mood now. Thinking of the news she heard today, she smiled and said, "Little sister, we are here to tell you some news today. , there is news from Xudu, do you want to hear it?"

"what news? The emperor of the Han Empire was killed by Cao Cao? Zhen Mi asked nonchalantly.

Zhen Dao patted Zhen Mi's shoulder and said speechlessly, "What did you say?" It was an envoy from the Xuantian Empire who appeared in Xudu. I don't know if this is true or not. My father may know it when he comes back this time, but he didn't tell us."

Zhen Mi shook her head when she heard what her sister said, and said,

"An envoy from the Xuantian Empire appeared in Xudu?"

"How can this be?"

"The Xuantian Empire's Tenglong Combat Legion has been hiding in Qingzhou, and no one in Jingzhou knows the identity of the eldest princess Su Yan. How could the Xuantian Empire send an envoy to the northern continent? This is definitely fake news."

Zhen Tuo nodded beside him and said,

"Well, we also think this is fake news. The news from Xudu only said that the envoy from the Xuantian Empire had arrived. It didn't even say the name. It just said that it was a noble son named Su. How could this be possible? believe?"

Zhen Mi originally didn't care about any special envoy from Xuantian Empire, but when she heard that the envoy was a noble prince, and even had a surname of Su,

Zhen Mi immediately stood up and asked hurriedly, "What, who is that envoy? A noble son named Su?"

"yes! What's wrong, little sister?" Zhen Tuo looked at Zhen Mi's nervous look and said doubtfully.

Zhen Mi laughed when she heard what her second sister Zhen Tuo said and said, "Second sister, I think I know who the messenger is."

"who is it?"

The boss Zhen Jiang looked at Zhen Mi in surprise and asked hurriedly.

Zhen Tuo, Zhen Rong, and Zhen Dao also looked at Zhen Mi curiously. They also wanted to know whether the special envoy of the Xuantian Empire was real. , and even want to know who the messenger is?

"The emperor of the Xuantian Empire, Su Chen!"

Zhen Mi blurted out as she looked at her sisters.

"What? How can this be?"

"Sister, don't talk nonsense. How could His Majesty the Emperor come to the Northern Continent?"

"Yes, sister, your joke is not funny at all."

"Little sister, what you said scared us."

Zhen Mi's sisters didn't believe what Zhen Mi said. They even suspected that Zhen Mi was making fun of them. When

Zhen Mi heard that her sisters didn't believe it, she said to her sisters with a serious face,

"What I said is true"

"You all don't know that in the Xuantian Empire, His Majesty the Emperor is often absent from the Xuantian Palace. His Majesty, he is always wandering around the rivers and lakes."

"It is really possible that the envoy of the Xuantian Empire who appeared in Xudu this time is His Majesty the Emperor. Sisters, think about it, are there any young high-ranking officials in the Xuantian Empire? Besides, he is still a high-ranking official named Su?"

"That can't be His Majesty the Emperor? It's not like there are no people named Su in the Xuantian Empire. Little sister, don't you think of His Majesty the Emperor?" Zhen Tuo still doesn't believe that the Emperor of the Xuantian Empire will come to the Northern Continent.

Zhen Tuo thinks that the status of the Emperor of the Xuantian Empire is very noble.

In the Tianxuan Continent, no one can compare with the noble status of His Majesty the Emperor. His Majesty the Emperor. How could he risk his life and come to the Northern Continent?

"you.....I....." When Zhen Mi heard the second sister's words, her face turned red and she didn't know how to answer.

"Ha ha....."

Chapter 1218

Zhen Mi was very embarrassed when she heard her second sister Zhen Tuo's teasing words.

Although Zhen Mi knew that her father wanted to send her to the Xuandiao Palace, even her sisters knew about it.

But she also met Emperor Su Chen from a distance, and she didn't even say a word.

I'm afraid Su Chen, the Emperor of the Xuantian Empire, didn't even know she existed.

Zhen Mi thought that it might not be possible for her to enter Xuannian Palace in the future. With what the eldest princess Su Yan said, no one would dare to let Zhen Mi enter Xuannian Palace again.

At this moment, in the headquarters of the Tenglong Combat Legion in

Qingzhou and Donglai County, Gai Nie and the commanders of the Tenglong Combat Legion are formulating future combat missions. Although the Tenglong Combat Legion has not yet begun a large-scale attack on various princes in the Han Empire, the attack These princes will not last long. After the Tenglong Combat Legion adapted to the climate of the Northern Continent in Qingzhou and learned about the conditions of the various princes in the Northern Continent, the Tenglong Combat Legion was ready to launch a war.

"Commander-in-Chief, Baron Zhen Yi wishes to see you."

At this time, a soldier from Tenglong Legion came into the hall and saluted,

"Zhen Yi is back? Ask him to wait for me in the study."

Gai Nie shook his head when he heard Zhen Yi looking for him.

He thought about Zhen Yi's daughter being sent back by the eldest princess a few days ago. Gai Nie guessed that Zhen Yi was worried that the eldest princess would punish their Zhen family. This time Zhen Yi Yi might be here to get some information.

"Yes, Commander!"

In the study room of the Commander-in-Chief's Mansion,

Zhen Yi was restlessly waiting for Gai Nie's arrival.

He didn't know if the eldest princess had ordered Gai Nie to punish the Zhen family, and he didn't know if the eldest princess would see Zhen Mi again in the future.

Zhen Yi could only pray that the eldest princess did not give up on Zhen Mi and did not punish the Zhen family.

After a while,

Gai Nie came to the study and apologized to Zhen Yi,

"Master Zhen, I have kept you waiting for a long time."

Zhen Yi quickly stood up and confessed to Gai Nie and said, "Commander Gai, I didn't wait too long. Commander, this time the little girl was sent back by the eldest princess. The eldest princess didn't want to punish our Zhen family, right?"

Gai Nie asked Zhen Yi to sit down and then smiled and said, "Haha! Master Zhen, you are worrying too much. The eldest princess just sent someone to send Miss Zhen back, and there was no unnecessary order at all."

Zhen Yi breathed a sigh of relief when he heard Gai Nie's words, "Phew! That's fine, alas! The little girl was also spoiled and spoiled, and this time she really caused trouble for the eldest princess."

Gai Nie asked the maid to serve Zhen Yi tea and said with a serious face,

"Master Zhen, I have also heard about your daughter. It is very good that your daughter is kind-hearted."

"but!"

"The eldest princess is not an ordinary person. In the future, the eldest princess will be the empress of Xuantian Empire, a powerful and huge super empire empress."

"Can the eldest princess be merciful in doing things?"

"The eldest princess is decisive in killing and is a wise heir to the empire. At least we legion commanders and soldiers support the eldest princess very much."

Zhen Yi nodded and agreed with Gai Nie's statement, "I know this, and I also admire Her Royal Highness the eldest princess very much. My little girl is really spoiled by me."

Gai Nie took a sip of tea and then thought about it and said,

"Master Zhen, don't worry. Since your youngest daughter is not destined to be the eldest princess, don't you have four other daughters?"

"I will go to Jingzhou in person in a while"

"You go back and ask your other daughters to see which of them wants to go to Jingzhou to meet the eldest princess. When the time comes, I will take them to Jingzhou to meet the eldest princess. Master Zhen, I can only help you with this."

Gai Nie also felt that Zhen Yi had done a lot for his Tenglong Legion in Qingzhou. Whether it was money or setting up camps for his Tenglong Combat Legion, Zhen Yi did his best. Gai Nie also knew about

Zhen Yi. Plan, the daughters of the Zhen family are also very beautiful.

Since Zhen Yi intends to let his daughter enter Xuannio Palace,

Gai Nie also wants to try his best to help Zhen Yi.

Zhen Yi was very happy when he heard Gai Nie's words, "Thank you, thank you so much, Commander-in-Chief, I will go home and ask the sisters.""

Gai Nie saw Zhen Yi leaving in a hurry, which made him shake his head in amusement.

When Gai Nie thought about Wei Zhuang, he didn't know what he was doing now, but!

Wei Zhuang should be very envious of him now. He is now the commander of a powerful combat corps. Although Wei Zhuang gave it to him, Gai Nie believed that Wei Zhuang regretted it very much after giving it to him.

Gai Nie smiled when he thought of Wei Zhuang's constipation. Said to himself,

"Ha ha.....Xiaozhuang must be drinking to drown his sorrows now, but with Zinu here, Wei Zhuang will lead a powerful legion sooner or later, and it is impossible for Zinu not to help her brother."

The next morning,

Su Chen came out of the tent refreshed.

He looked around at the black-armored cavalry who were preparing to march.

Su Chen was ready to wash up before waking up Yan Ying.

But when he saw Mrs. Du was still sitting on the side with a dirty look, which made Su Chen very speechless.

Su Chen walked to Mrs. Du and frowned and said, "Go and wash up. You'd better change into a pair of clothes for me." a clean dress"

"I.....I don't have any extra clothes." Mrs. Du stood up nervously when she saw Su Chen coming over and replied nervously.

Su Chen looked at the submissive Mrs. Du and sneered, "Hi! Do you think I'm an idiot? There are many women's clothes in the horse behind. Come and wash yourself and put on clean clothes. Mrs.

Du shook her head and refused with a nervous look on her face, "Those are not my clothes, I won't wear them.""

"You all come here!"

Su Chen waved his hands to Madam Yan's six maids and shouted.

When the six maids next to him heard Su Chen's words, they hurriedly came over and saluted,"

"I've seen the young master!"

Su Chen pointed at Mrs. Du and ordered,"Take her to wash up and put her into a clean dress. If she resists you, force her to change. There are six of you, so don't say you can't do it. arrive"

"Yes, sir!"

The six maids looked at Mrs. Du and bowed and replied.

Mrs. Du did not expect that Su Chen would do this, which made her not know what to do for a moment.

When the maids came to her and wanted to take her away,

Mrs. Du suddenly looked up at Su Chen and said hurriedly,"Sir, I'm just a married woman, please let me go. I won't tell anyone about you and Mrs. Yan."

Now Mrs. Du can only threaten Su Chen nervously.

She doesn't want Su Chen to insult her after seeing her face.

Mrs. Du can only threaten him by exposing the adultery between Su Chen and Mrs. Yan.

Su Chen listens When it came to Mrs. Du's words, she asked doubtfully,"What happened between me and Mrs. Yan? What's going on between me and Mrs. Yan?"

The six maids next to her also looked at Mrs. Du in confusion. They also wanted to know what was going on between their wives and this young master.

Mrs. Du said intermittently with a blushing face,

"you.....You and Mrs. Yan were hugging each other in the county magistrate's mansion, and even you....You also touched Mrs. Yan."

Chapter 1219

Su Chen's face turned dark when he heard Mrs. Du's words. He did not expect that Mrs. Du would threaten him like this. When had he hugged Mrs. Yan?

Did he touch Mrs. Yan back? wrong!

Su Chen suddenly thought about Mrs. Yan falling down and being hugged by him in the magistrate's mansion. Could it be that Mrs. Du saw her at that time? Mrs. Du won't always be paying attention to him and Mrs. Yan, right?

"I didn't mean to see it, I....."Mrs. Du was so frightened when she saw Su Chen's ugly face that she wanted to explain.

"Take her to wash up!"

Su Chen interrupted Madam Du with a dark face, and he ordered the dumbfounded maids next to him that

Su Chen would not accept Madam Du's threat.

He and Madam Yan had no shameful adultery in the first place.

Those things were terrible. They were all misunderstandings.

Su Chen had no intention of doing anything to Mrs. Du, he just wanted to see Mrs. Du's face, and why did it mean that Mrs. Du followed him so dirty all the time?

"Yes, sir!"

After the maids heard Su Chen's order, they hurriedly pulled Du Ren towards a tent, but these maids all had smiles on their faces. They did not expect that Madam Yan would actually meet the envoy of

the Xuantian Empire. It has something to do with it, which makes them think that they will live a very safe life in the future.

The Xuantian Empire's envoys have thousands of elite troops, and there are even those powerful masked female guards. In the troubled times of the Northern Continent, the Han Empire's The princes did not dare to take action against the envoys of the Xuantian Empire.

Su Chen was very helpless when he saw the maid taking him away to Mrs. Du.

"What kind of nonsense is this? Women in the mixed martial arts world are abnormal women."

The surrounding black-armored cavalry were all ready.

After Su Chen washed up, he ordered the black-armored cavalry to prepare to set off.

After he saw Lu Lingqi and Mrs. Yan also coming out of the tent,

Su Chen returned to the tent and saw that Yan Ying was still there. After resting, he stepped forward and shook her.

"Yan Ying, get up quickly, we are leaving"

"knew! Yan

Ying opened her hazy eyes and looked at Su Chen.

When she saw that Su Chen had no intention of leaving, she said angrily, "Go out, do you want to see me put on clothes?"

"Tsk, it's not like I've never seen him before. Hurry up, I'm just waiting for you." Su Chen curled his lips at Yan Ying and walked out of the tent.

"Shameless pervert!"

Yan Ying looked at Su Chen leaving and cursed in embarrassment.

Yesterday, she was succeeded by that bastard Su Chen again.

Yan Ying patted her forehead and felt very helpless.

She originally wanted to take advantage of Su Chen in the Xuantian Empire. She has gained huge power, but now she is being eaten to death by this bastard Su Chen.

Yan Ying doesn't know what to do in the future, and she doesn't know how to treat this bastard Su Chen in the future.

Yan Ying shook her head and got up to get dressed. Qun said to herself,

"Forget it, let's take it one step at a time."

"If this bastard is a bastard worth relying on and doesn't mind his age and power, it won't matter. I hope that bastard won't let me down again, otherwise that bastard will die."

The black-armored cavalry escorted the carriage and set off.

In the carriage,

Su Chen, Yan Ying, Madam Yan, Lu Lingqi, and Madam Du were sitting on a carriage, and Madam Yan's maids were sitting on the carriage behind. It was just that Su Chen Everyone in the carriage looked at Mrs. Du.

Mrs. Du was now a completely different person.

She was very beautiful in a white dress. Her long black hair was tied up high, which showed that she She is a woman. With bright eyes, a small nose, gorgeous red lips, a rosy face, and even a curvy figure, Su Chen and Madam Yan were very surprised when they looked at Madam Du.

Su Chen was very surprised when he looked at the changed Mrs. Du.

Although he guessed that Mrs. Du was a beautiful and glamorous woman, Mrs. Du was also too beautiful, which was comparable to the coquettish Yan Ying.

No wonder Cao Cao, the wife of Cao Cao, took Mrs. Du as his own after seeing her. No wonder Guan Yu, the general who was not interested in women, also obsessed with Mrs. Du. Mrs. Du was like a frightened little rabbit, she was in the carriage Li kept rubbing her fingers nervously. The way the people in the carriage looked at her made her very worried, especially the way the only man in the carriage, Su Chen, looked at her. This made Mrs. Du even more worried that Su Chen would do something wrong with him.

After looking at Mrs. Du for a while, Lu Lingqi suddenly said, "Mrs. Du, I didn't expect you to be so beautiful. No wonder this bastard had to take you with him."

Yan Ying reached out and pinched Su Chen's waist when she heard Lu Lingqi's words.

At first, she didn't understand that Su Chen wanted to take Mrs. Du away.

Now she understands that this bastard must have heard about Du a long time ago. Madam is so beautiful, this bastard will probably catch Madam Du's attention again early in the morning.

When Su Chen was pinched by Yan Ying, she hurriedly shouted, "Hey! Let go, are you going to strangle me to death?"

"You are such a shameless pervert!"

Yan Ying let go of Su Chen and cursed with eyes wide open,

"I lust after your sister!"

"Then why do you have to take this Mrs. Du with you?"

Su Chen hurriedly said nonsense when he heard Yan Ying's question,

"I am saving her. When I was in Xudu, I heard that Cao Cao wanted to kidnap Madam Du, and Liu Bei's sworn brother Guan Yu was also trying to distract Madam Du. Am I not saving her? Yan

Ying glanced at Su Chen and said in disbelief,

"Do you think I would believe it?"

"Believe it or not. Lu

Lingqi heard Su Chen's words and said disdainfully, "You are just a pervert. You must be trying to distract Mrs. Du.""

Su Chen looked at Lu Lingqi and said rudely, "I'm interested in your sister. You should take care of your father Lu Bu from now on. It's your father who wants to distract Mrs. Du. You don't know, right? Lu

Lingqi stood up and said angrily, "You are talking nonsense. Mrs. Du is the wife of an official under my father. How could my father have evil intentions against Mrs. Du?" Su

Chen pointed at Madam Yan and laughed at Lu Lingqi, "Let's ask your mother, little Huniu, do you think your father is a gentleman?"

Mrs. Yan's face was always very embarrassed.

After seeing Mrs. Du, she knew why Lu Bu sent Qin Yilu away from Xiapi. This must be because Lu Bu wanted to transfer Qin Yilu away before he took action against his wife, Mrs. Du..

It was just the fighting opportunity in Yanzhou that made Lu Bu not take care of Mrs. Du for a while, but when she heard Su Chen's words, she lowered her head.

Mrs. Yan didn't know how to answer Lu Lingqi, saying that her father had never beaten Mrs. Du. ?

This is obviously a lie.

Even Mrs. Du next to me will probably disdain her after hearing this.

"Mom, is this bastard telling the truth?"

Chapter 1220

Lu Lingqi felt uneasy as she pulled the silent Madam Yan.

Madam Yan's embarrassed expression gave her a bad premonition. She was very worried that her father was so lustful that he would not spare the wife of one of his generals.

Madam Yan looked at Lu Lingqi and said helplessly, "Lingqi, Mr. Su is right, your father is.....is in.....He's trying to catch Mrs. Du's attention."

"How can this be? My father didn't even spare the wife of his general? Can he do this?"

Lu Lingqi was very angry when she heard her mother's words.

She didn't expect that her father was not only a dishonest person, but also a lustful man who would not let go of his wife.

This made Lu Lingqi very disappointed and helpless.

"Little Huniu, you understand now. The real lecherous person is your father Lu Bu. Don't say anything about me being lecherous again in the future."

"You are not a good person either."

Su Chen saw that Lu Lingqi still looked disdainful towards him, so he yelled angrily, "What the hell, Lu Lingqi, no matter how bad or perverted I am, I am better than your father, that slave from the third family. If you want to scold me, it's better to scold your father."

Lu Lingqi glared at Su Chen when she heard what he said.

She didn't know how to refute Su Chen now.

After all, her father was a lustful scumbag who broke his promise.

Mrs. Du looked at the other people in the carriage and shrank. She shrank her head, she didn't dare to offend anyone here,

Mrs. Du could only be a transparent person here.

"Reporting to the young master, the scouts discovered Cao Cao's army in Guangling County."

At this moment, a black-armored soldier outside the carriage reported to Su Chen,

"How many troops are there?"

"Young Master, there are thirty thousand troops, and those troops are attacking Guangling County."

Su Chen thought for a moment after hearing the soldiers' words and said, "Thirty thousand troops? It seems that Cao Cao is going to divide his troops to attack various counties in Xuzhou. Ignore them and continue to advance along the route."

"Yes, sir!"

The other women in the carriage were very confused when they heard Su Chen's words.

There was a war ahead.

Why didn't Su Chen avoid the war in Guangling County and take a detour?

Su Chen smiled when he saw the confused eyes of the women. He smiled and said, "What are you looking at? You may have never seen a war involving tens of thousands of troops. This time I will take you to see the brutality of the war."

Yan Ying heard Su Chen's words and sneered, "Hi! Do you think I would be scared of a war involving tens of thousands?"

"I have seen war, and I will not be afraid." Lu Lingqi said to Su Chen with an arrogant look.

Although Lu Lingqi had not participated in the war, she fled from Chang'an to Xiapi with Lu Bu. She also saw some small-scale battles, and she also saw a lot of dead people. Madam Yan said with a worried expression, "Let's take a detour. If Cao Cao's army attacks your army, your black-armored army may also suffer casualties."

Mrs. Du nodded hurriedly when she heard Mrs. Yan's words.

No one here would listen to her opinion, but she felt that what Mrs. Yan said was good, and she also strongly supported Mrs. Yan's statement.

"Just nod your butt, it's none of your business here." Su Chen said speechlessly when he saw Mrs. Du nodding beside her,

"I.....I....."

"What are you? Just stay there and follow us wherever we go." Su Chen interrupted Mrs. Du and left the carriage.

Su Chen also wanted to see if Cao Cao really wanted to massacre the people of Xuzhou.

In the Three Kingdoms, Cao Cao can be said to be a real traitor, Liu Bei is a hypocritical person, and Sun Quan He is a super rich second generation.

There is not much description of the war in Xuzhou in the Three Kingdoms plot.

Su Chen also wanted to know if Cao Cao really wanted to massacre the people of Xuzhou in the world of mixed martial arts. What if Cao Cao really massacred the people of Xuzhou? Common people, then Cao Cao's image in Su Chen's eyes is not just that of a wife Cao. The people of his clan must be massacred.

It is impossible for Su Chen to let such a person live.

Mrs. Du lowered her head when she heard Su Chen's words. She didn't refute her head. She looked like a little daughter-in-law who was being bullied.

Yan Ying and Mrs. Yan were very speechless when they saw Su Chen training Mrs. Du. They felt that Mrs. Du was just a doormat. They didn't even dare to breathe.

At this time, on the wall of Guangling County,

Xuzhou's army was struggling to stop Cao Cao

's army from attacking the city. Under the city wall, there were Cao Cao's troops setting up ladders to attack the city, and the Xuzhou army that was defending the city was now retreating steadily, and some of Cao Cao's troops had already attacked the city wall.

A general on the Guangling city wall saw the attacking Cao Cao troops and shouted anxiously, "Quickly, drive Cao Cao's troops off the city wall." Go down, otherwise Guangling City will be destroyed and our entire city will be massacred."

After the Xuzhou Army heard the general's order on the Guangling City Wall, they also knew that if the city broke through Guangling City, they would be massacred by Cao Cao's army. Their Xuzhou Army had no way to retreat. If they did not resist, they would die. The Xuzhou Army also fought to the death. Cao Cao's army battles

"Kill and conquer Guangling City. The money and women inside are all ours."

"Rush up, everyone, rush up to the city wall. After breaking the city, we can do whatever we want in Guangling County."

"Archers, shoot the Xuzhou army on the wall for me and cover our army to attack the city."

"Don't stop, we will attack Guangling City in one go"

"Kill, kill them all. Guangling City is the capital of Guangling County. There are 300,000 people in it. Money and beauties are waiting for us in Guangling City. Kill the enemy bravely."

Under the city wall, some captains and generals in Cao Cao's army were shouting to mobilize the army.

"General Cao Zhen discovered that a cavalry group appeared ten miles away from Guangling City and was now heading towards Guangling City."

At this moment, a soldier on horseback quickly came to the commander's flag of Cao Cao's army. After the soldier arrived, he hurriedly reported that

Cao Cao was very surprised when he heard what the scout said.

He did not expect that Xuzhou was still there. There were cavalry, and

Cao Zhen hurriedly asked the scout, "What?" Is there a cavalry coming? How many cavalry are there?"

"General, there are no less than five thousand cavalry"

"If anyone comes, beat the drums and retreat. Don't attack Guangling City yet." Cao Zhen frowned and thought for a moment before hurriedly ordering.

Cao Zhen was entrusted with the important task of capturing Guangling County by Cao Cao this time.

He wanted to become famous in this war.

Cao Zhen marched in a hurry to avoid some small counties. He had to capture Guangling City first, but he didn't expect that Xuzhou would send cavalry to support Guangling City.

Dong Dong Dong Dong.....

Cao Jun's retreat drums sounded, and

Cao Jun, who was attacking, hurriedly withdrew when he heard the retreat drums.

"Prepare for battle and form defensive formations," Cao Cao ordered hurriedly after his troops withdrew from Guangling City. The retreating Cao troops, under the shouts of various generals, hurriedly arranged themselves into battle formations. These soldiers Now it is also speculated that reinforcements may have arrived in Guangling City.

Dong Dong Dong Dong.....

The sound of horse hooves came from far away,
