Chapter 1221

On Guangling City, the generals stationed in Guangling City were very surprised when they saw Cao Cao's army retreating. But after Cao Cao's army withdrew from Guangling City, they actually formed their troops outside Guangling City. This made Guangling City even more confused. The general was confused.

The general of Guangling City knew that it was impossible for Xuzhou to send troops to support Guangling City. Xuzhou was facing Cao Cao's army attack, and there was no army to rescue Guangling City at this time.

General Guanglingcheng touched his head and guessed, "What on earth is going on? Could it be that Miss Jingzhou Yan's army has arrived?"

"General Xu Jie, have our reinforcements from Xuzhou arrived?" A captain next to him looked at General Guanglingcheng and asked,

"I don't know. Let brothers pay attention."

"Yes, General!"

Outside Guangling City, the sound of horse hooves became louder and louder, and many black spots even appeared in the distance.

Cao Zhen looked at the black spots that appeared and said doubtfully, "Where did the army come from? Why did you come to Guangling City at this time?"

Dong dong dong dong.....

At this time, the sound of vibrating horse hooves was also heard from the east outside Guangling City, and this time the cavalry was more numerous than the cavalry in front of Cao's army.

Cao Zhen couldn't sit still while riding on his horse.

The cavalry arriving again this time made Cao Zhen panic. There were tens of thousands of cavalry arriving. Tens of thousands of cavalry could destroy his army of 30,000 infantry. The cavalry It is very lethal to infantry.

A captain next to Cao Zhen asked worriedly, "General Cao, what should we do? Another cavalry group has arrived."

"Everyone, hold on tight, let's first see which prince's army it is." Cao Zhen looked at the left wing and said expressionlessly,

"Yes, General!"

Dong dong dong dong.....

At this moment, two cavalry groups appeared under Cao Jun's gaze at the same time.

The army on the right of these two cavalry groups had 5,000 cavalry, while the army on the left had 10,000 cavalry.

It's just that the equipment of the two cavalry is exactly the same, the same black armor, the same standard weapons.

If it weren't for the different flags of the two black armored cavalry, I'm afraid anyone who sees these cavalry will think that they are an army of the same force.

"How is this going? Why are these two cavalry so similar?"

"What's so surprising about this? Aren't our troops also wearing black armor?"

"Well, the only black-armored troops in the Northern Continent are Lord Cao Cao and Miss Yan from Jingzhou. The flag with the word [Yan] on the left is the cavalry of Jingzhou. What's up with the black bird flag on the right? Could it be the flag of the Xuantian Empire?"

"I don't know, but Jingzhou has sent out troops. I'm afraid we won't be able to defeat Xuzhou."

"Let's think about how to escape. Jingzhou's army has been dispatched, and it must be coming towards us this time."

The captains in Cao's army are now talking worriedly.

From the appearance of Jingzhou's cavalry in Xuzhou, they know that this war will be difficult to fight. Even Cao Cao's 100,000 troops this time will be defeated by Miss Yan from Jingzhou. They were destroyed.

These generals and captains were very scared now. The Jingzhou army was so powerful that they could not defeat it.

On Guangling City,

General Xu Jie, who was guarding Guangling, laughed when he saw the [Word] flag appearing. He did not expect that Jingzhou's army would arrive so quickly, and ten thousand elite cavalry would arrive. This time, Guangling City could be saved. The

Xuzhou troops on the walls of Guangling City were all smiling now. The feeling of escaping from death made them I don't want to go through it again.

Outside Guangling City,

Su Chen's carriage, escorted by black armored cavalry, appeared in front of the army.

Yan Ying and Mrs. Yan in the carriage were very shocked when they saw the tens of thousands of Cao troops not far away. , these women have never seen so many troops in the open space, but when they saw the black armored cavalry appearing on the right side of Guangling City, they all looked at Su Chen outside the carriage in surprise. She was confused by the black-armored cavalry who appeared on the right.

When Lu Lingqi saw the black-armored cavalry who appeared on the right, she asked Su Chen outside the carriage in confusion, "Jingzhou's army has also arrived. Su bastard, why are Jingzhou's Will the army be black-armored and even have the same weapons and equipment as your Xuantian Empire's army?"

Mrs. Yan and the others also looked at Su Chen and waited for his answer.

They also wanted to know if the Xuantian Empire was related to Jingzhou, and even suspected that Jingzhou was the force developed by the Xuantian Empire in the northern continent.

Su Chen was speechless while riding on the horse. Yes, he just wanted to see if Cao Cao would massacre the people of Xuzhou, but he did not expect to encounter his daughter Su Yan's army here, which made Su Chen frown and find it difficult to answer these women.

After all, Jingzhou's black-armored cavalry It's his army.

The equipment of the black-armored cavalry is exactly the same.

Although Cao Cao's army is also black-armored, the weapons and equipment are too different from the black-armored army. Cao Cao's army does not have unified standard equipment and weapons at all.

Su Chen looked at The flag of Jingzhou was even more speechless.

The big word was the flag of Jingzhou.

That girl Su Yan was really showing off.

Yan Ying came out of the carriage and asked with a serious face, "Tell me, you and Jingzhou What is the relationship between Miss Yan? Will Jingzhou's army be so similar to the Xuantian Empire's army?"

Yan Ying knows that Miss Yan from Jingzhou is a six or seven-year-old girl, and there are even rumors that Miss Yan from Jingzhou is the daughter of the empress of Huanyinfang.

Now she has doubts about Su Chen's identity.

This bastard Su Chen will not Is it also related to Miss Yan from Jingzhou? Even Miss Yan from Jingzhou is probably the daughter of this bastard. Otherwise, why would this bastard go to Jingzhou? What about

Empress Huanyinfang?

Is Empress Huanyinfang the wife of this bastard?

Yan Yingke was worried that Empress Huanyinfang was the wife of this bastard.

Empress Huanyinfang not only recovered her strength this year, but also advanced in cultivation very quickly. Even a master of the Heavenly Realm of Xuanming Sect was killed by the Empress. Even if she escaped, she might not be a match for the Empress of Huanyinfang.

Yan Ying looked at Su Chen with a worried expression.

Su Chen got off the horse, walked over to Yan Ying, coughed and said, "Cough! If I said Miss Yan from Jingzhou is my daughter, would you believe it?"

When Yan Ying heard Su Chen's words, her face changed drastically and she hit Su Chen with her palm.

Bang!

Su Chen didn't expect that Xuzhou Yan Ying would suddenly take action.

However,

Yan Ying did not use her internal strength to hit him.

Su Chen was hit by Yan Ying. He took a few steps back and shouted, "I'm here, Yan Ying, are you crazy? Why did you hit me?"

"Damn you bastard, is the Empress of Huanyinfang really your wife?"

Chapter 1222

Su Chen was stunned when he heard Yan Ying's words.

Did Yan Ying hit him just for the Empress of Huanyinfang?

Could it be that Yan Ying and Li Maozhen have a grudge?

Or did Yan Ying suffer at the hands of Li Maozhen?

The surrounding black-armored cavalry saw Yan Ying taking action against Su Chen. The black-armored cavalry all raised their crossbows and pointed at Yan Ying. As long as Su Chen gave the order, the black-armored cavalry would shoot Yan Ying.

"Everybody stand down!"

Su Chen waved his hands and ordered the surrounding black armored cavalry.

Madam Yan, Lu Lingqi, and Madam Du were also very confused when they saw Yan Ying and Su Chen falling out in the carriage. But they all knew that Su Chen would fall out with Yan Ying. Relationship, these two people live together, how come there is another conflict on the battlefield?

Madam Yan and the others looked at each other with their ears pricked up.

They also wanted to hear what happened between Su Chen and Yan Ying. ?

"Answer me quickly?" When Yan Ying saw that Su Chen didn't answer her for a long time, she grabbed the clothes on Su Chen's chest and continued to ask,

"Yes!"

Su Chen looked at Yan Ying and nodded helplessly.

When Yan Ying heard Su Chen's words, she turned gloomy and continued to ask, "Miss Yan from Jingzhou is the daughter of you and the Empress of Huanyinfang?"

Su Chen shook his head and replied, "No, although Yan'er is my daughter, Yan'er's biological mother is not the empress Li Maozhen."

"How many women do you have, you bastard?"

"cough! It's a long story, I'll tell you later"

"Shameless pervert!"

Yan Ying is helpless towards this bastard.

The Empress of Huanyinfang is really the bastard's woman, so it is impossible for her to use Su Chen.

How could she take advantage of this bastard with the empress here?

And what does this bastard have? How many women?

There is nothing she can do about the Empress of Huanyinfang, so what is the state of the other women of this bastard?

Yan Ying can't guess these now.

In the carriage,

Mrs. Yan and the others looked at Su Chen in shock. , they heard what they just said clearly.

Miss Yan from Jingzhou is actually the daughter of this bastard? And the mysterious empress of Huanyinfang in the Northern Continent is also the wife of this bastard?

This really scared them.

Su Chen's daughter is The most powerful prince in the Han Empire of the Northern Continent. And his wife was one of the most powerful forces in the arena of the Northern Continent. They all had doubts about Su Chen's identity.

An envoy of the Xuantian Empire had such a powerful Are you capable?

Both my daughter and my wife are very powerful.

Is there such a person in the world as a messenger?

At this moment,

Wei Yan also looked at the black armored cavalry who appeared next to him in confusion.

The black armored cavalry there was He Yan. The black armored cavalry that the lady gave them were exactly the same. When Wei Yan noticed the flag of the black armored cavalry on the left, he was frightened.

The black black bird flag?

This is the flag of the Xuantian Empire.

How could the Xuantian Empire appear here? Army? He had never heard Miss Yan say that there were troops from the Xuantian Empire in the Northern Continent.

Wei Yan asked a black-armored general next to him in confusion, "Captain Su Qi, those troops are the troops of your Xuantian Empire." ?"

"General Wei, those are the troops of our Xuantian Empire." Su Qi looked at the black-armored cavalry on the right and nodded in reply.

Wei Yan became even more confused when he heard Su Qi's words.

He pointed at Su Chen and continued to ask, "But how come the Xuantian Empire appears here? army? Miss Yan has never said that there is an army from the Xuantian Empire in Xuzhou. Commander Su Qi, what should we do?"

"General Wei, let me go over and take a look"

"I'll go with you"

"Can!"

Outside Guangling City, none of the three armies launched an attack.

Cao Cao's army has been carefully guarding.

Su Chen just came to see the fun.

Of course he would not order the army to start a war.

The Jingzhou army here in Wei Yan was watching Su Chen After the army here, they did not start a war.

Wei Yan and Commander Su Qi first wanted to find out why the Xuantian Empire's black armored cavalry appeared in Xuzhou, the northern continent?

Su Chen smiled when he looked at the helpless Yan Ying,

Although she didn't know why Yan Ying lost her temper, it might be a good thing.

Su Chen guessed that Yan Ying either had a conflict with Empress Huanyinfang, or Yan Ying was afraid of Empress Huanyinfang.

Yan Ying might have regretted it.

With Empress Huanyinfang around, it would be impossible for Yan Ying to use or threaten him. Although Su Chen didn't know who was stronger between Yan Ying and Li Maozhen, judging from Yan Ying's expression, Yan Ying was probably not Li Maozhen's opponent.

"Somebody is coming."

Yan Ying looked at more than a dozen cavalry from the Jingzhou army and said to Su Chen.

Su Chen looked at the direction of the Jingzhou army and nodded, "I see, they must be here to see who we are."

"The army in Jingzhou doesn't know you are in the Northern Continent? Your daughter doesn't know you are in the Northern Continent?" Yan Ying looked at Su Chen and asked with a frown.

Yan Ying felt very strange.

Since Miss Yan from Jingzhou is the daughter of this bastard, why did the people from Jingzhou come to check? Don't the troops know the identity of this bastard? ?

Su Chen shook his head and said helplessly,

"I don't know. My daughter escaped from home secretly. I didn't expect that she would do well in the Northern Continent and even control Jingzhou."

"What? Your daughter ran away from home without permission? Did she even control Jingzhou herself? Didn't you help your daughter?"

"No, I just arrived in the Northern Continent not long ago. My daughter did this all by herself. My daughter is amazing, right?"

"Your daughter is really incredible. She has established a territory at such a young age and is even the most powerful prince in the Han Empire."

"That's my daughter!"

Su Chen replied horribly when he heard Yan Ying's words.

Yan Ying suddenly felt something was wrong. Miss Yan in Jingzhou had hundreds of thousands of black-armored troops. If this bastard didn't help her daughter, then Miss Yan's hundreds of thousands Where did the black-armored army come from?

Yan Ying looked at Su Chen and asked with a serious face, "No, since you didn't help your daughter, why did your daughter have a black-armored army?" This is the Xuantian Empire's army. Are you deceiving me, you bastard? Su

Chen spread his hands and explained, "That's my daughter's private army. I really didn't help her."

When Yan Ying heard Su Chen's words, she worriedly asked Su Chen, "Private army? Your daughter actually has a private army? Or your family's army? Isn't your family afraid that the emperor of Xuantian Empire will destroy your family?"

Su Chen was speechless when he heard Yan Ying's worried words.

He is the emperor of the Xuantian Empire, and his Xuannio family has millions of troops.

Who in the Xuantian Empire can wipe out his family?

Su Chen saw Xiang Yanying smiled and said, "Don't worry, the emperor of the empire knows that my daughter has a private army, and this is a combat regiment that the emperor personally gave to my daughter."

"How can this be? You didn't lie to me?"

Chapter 1223

Yan Ying was confused when she heard Su Chen's words.

Was Su Chen's daughter's private army allowed by the emperor? Did the emperor even give this bastard daughter a combat legion?

How can this be?

Miss Yan from Jingzhou is the daughter of this bastard?

Or the daughter of the emperor?

Mrs. Yan and the others also listened in a daze.

When they heard Su Chen's words, they felt that it was too untrue.

These things would be impossible in any empire. Could it be that Su Chen's daughter is from the Xuantian Empire? The emperor's daughter? This bastard was cuckolded by the emperor of the Xuantian Empire?

"Stop, don't come forward unless summoned!"

At this time, more than ten cavalymen from Jingzhou were intercepted outside by the black-armored cavalry after they arrived.

The leader of the Jingzhou black-armored cavalry regiment looked at the black-armored cavalry surrounding them, and he hurriedly said, "Xuanniao Corps, the 8th Cavalry Legion, Legion Commander Su Qi wants to see your Legion Commander"

"Stand back and I will report it!"

"yes!"

"Let them come over!"

Su Chen ordered when he heard the movement next to him.

"Yes, sir!"

Su Qi and Wei Yan looked at each other, then they rode towards Su Chen and were guarded by the black armored cavalry here.

Wei Yan looked at the black armored cavalry around them and asked helplessly,

"Commander Su Qi, you are also a legion commander after all. Do the legion commanders here have a higher status than you?"

Su Qi also looked at the vigilant black armored cavalry around her with confusion and said,

"No! These are regular black-armored cavalry, and their regiment commander should be on the same level as me."

"Then why are these black-armored soldiers taking such strict precautions against you? Could this be the rebels from your Xuantian Empire?"

Wei Yan said worriedly when he heard Su Qi's words.

Wei Yan was worried that if these were rebels from the Xuantian Empire, wouldn't they fall into a trap this time?

"I don't know. There may be a big shot here, so the black armored cavalry here are so cautious."

Su Qi shook her head and was not sure, but after hearing Wei Yan say that the black armored cavalry were rebels,

Su Qi said to Wei Yan with a serious face, "General Wei, it is impossible for the black armored troops of our Xuantian Empire to betray the empire. , it is even more impossible to betray His Majesty the Emperor, the black-armored army cannot betray His Majesty the Emperor even if they die."

When Wei Yan heard Su Qi's serious words, he explained awkwardly, "I'm just saying, you don't have to be so serious."

Wei Yan has been in the Heijia Army for several months.

He also understands the Heijia Army's loyalty to the Xuantian Empire and their absolute obedience to the Emperor of the Xuantian Empire.

Wei Yan has never encountered an army of that empire that would absolutely obey the empire. The emperor's order, but the black-armored army broke his cognition.

In the Xuantian Empire, if a general wants to rebel, I am afraid that the black-armored army soldiers will kill the general who wants to rebel first without the emperor giving an order.

Wei Yanhe When Su Qi was approaching Su Chen, they also saw the commander of the black-armored army they were about to meet, but when they saw a young nobleman and a woman wearing a veil.

Su Qi and more than ten others A black-armored cavalry hurriedly dismounted, knelt down and saluted Su Chen,

"Xuanniao Combat Corps, the Eighth Cavalry Corps, Corps Commander Su Qi meets His Majesty the Emperor, and the Imperial Concubine!"

"See His Majesty the Emperor, see the Imperial Concubine!"

At this time,

Wei Yan, who was sitting next to him, was sitting on his horse in a daze and remained motionless. Even Yan Ying, who was next to Su Chen, also looked at Su Chen in confusion. Yan Ying didn't even respond to the black-armored soldier's salute to her.

And in the carriage ,

Mrs. Yan, Lu Lingqi, and Mrs. Du all looked at Su Chen in shock without making any sound.

"Get up, everyone!"

Su Chen looked at these people and waved his hands and said,

Su Chen doesn't care about being exposed now. Anyway, he will be exposed when he goes to Jingzhou. Besides, no one believed him even if he was exposed before. This time Yan Ying She will definitely believe that he didn't cheat on her

"Thank you, Your Majesty!"

At this time,

Wei Yan reacted and hurriedly got off his horse, knelt down and saluted Su Chen, and said, "Wei Yan from Jingzhou is here to see His Majesty the Emperor."

Su Chen didn't expect that this person was Wei Yan.

It seemed that Su Yan had conquered some capable generals in the Northern Continent.

Su Chen looked at the burly Wei Yan and asked, "Wei Yan? Are you my daughter's general?"

"Your Majesty, I am the temporary commander of the regiment whom the eldest princess has accepted."

"Get up!"

"Thank you, Your Majesty!"

Su Chen asked Su Qi curiously, "Su Qi, why did you come to Xuzhou this time?" Is Yan'er going to take over Xuzhou?"

Su Qi immediately respectfully replied to Su Chen,

"Your Majesty, this time the eldest princess dispatched the army in response to the commander-in-chief Tao Qian of Xuzhou, and Tao Qian of Xuzhou has already handed over Xuzhou to the eldest princess. We dispatched a cavalry regiment this time to drive Cao Cao's army out of Xuzhou."

"Drive out of Xuzhou? Why not destroy Cao Cao's army?" Su Chen asked with his eyebrows raised in confusion.

"this.....The subordinates don't know!"

"Did Cao Cao's army massacre the city in Xuzhou?"

"Your Majesty, Cao Cao has massacred more than ten cities in Xuzhou."

When Su Chen heard that Cao Cao actually massacred more than ten cities in Xuzhou,

Su Chen's face was very ugly.

Cao Cao still let him down after all. Cao Cao really deserved to say that he had slaughtered all his clan members. I would rather betray the world than let the world betray me.] This sentence.

Cao Cao has been betrayed by Su Chen and sentenced to death.

How can such a person be allowed to live in the world? There are probably hundreds of thousands of people in more than ten cities. The people of the Central Plains, right?

Su Chen commanded Su Qi and Wei Yan expressionlessly,

"Su Qi, Wei Yan, and Cao Cao's troops in Xuzhou have all been destroyed by us. Notify the other black armored cavalry regiments that Cao Cao's 100,000 troops will be left in Xuzhou for me. They will all be killed without leaving any survivors."

"Yes, Your Majesty!"

"Let's go ahead and destroy Cao's army in front of us!"

"Yes, Your Majesty!"

After Su Qi and Wei Yan saluted Su Chen, they hurriedly mounted their horses and rushed towards their legion.

Along the way,

Wei Yan's heart was still beating very hard.

He did not expect that he would meet members of the Xuantian Empire in the northern continent. Your Majesty, this made Wei Yan feel that his visit to Xuzhou was not in vain.

Moreover, the domineering nature of Emperor Xuantian was very to Wei Yan's liking. He was very angry when Cao Cao's army massacred the city in Xuzhou, but Miss Yan did not order the destruction of Cao Cao's army. This made him dare not disobey Miss Yan's order.

However, this time with His Majesty's order, he could kill happily today.

After Yan Ying's black-armored soldiers in Jingzhou left, she reacted Looking at Su Chen, he asked complicatedly, "You actually.....It's true.....Is he really the emperor of the Xuantian Empire?"

Su Chen looked at Yan Ying, crossed her arms and said with a smile,

"Yan Ying, didn't I tell you? You didn't believe me before, but I didn't lie to you"

"You are really the emperor of the Xuantian Empire, and I actually reversed the position of the emperor of the Xuantian Empire, haha....."

"What the hell! Yan Ying, please don't mention that matter to me again, okay?"

Chapter 1224

Yan Ying was speechless when she thought of what Su Chen said before. Yan Ying thought that this bastard was deceiving her about what

Su Chen said before. Who knew that what this bastard said was actually true? How could this shameless bastard be? Where is the emperor of the Xuantian Empire? Is the emperor of the Xuantian Empire a lustful and shameless person? Yan Ying thought that it was no wonder that this

bastard's daughter had hundreds of thousands of black-armored troops. Considering Su Yan's status as the eldest princess, it was not surprising that there were hundreds of thousands of black-armored troops. The Xuantian Empire had millions of elite black-armored troops. , if those servant armies are added, the Xuantian Empire's army will be even more terrifying. Yan Ying shook her head and put away these thoughts. When she saw Su Chen's proud look, she said mockingly,

"You are really the emperor of the Xuantian Empire, and I actually reversed the position of the emperor of the Xuantian Empire, haha....."

"What the hell! Yan Ying, please don't mention that matter to me again, okay?" Su Chen yelled with a black face when he heard Yan Ying's words.

Su Chen didn't expect that Yan Ying would tell that thing in public.

This is Su Chen's dark history, although he later taught Yan Ying a lesson. , but the fact that he was pushed back by the only woman will not be erased.

Yan Ying smiled and took Su Chen's arm and asked with a smile,

"Haha, His Majesty the Emperor, your army generals just saluted me and called me Princess, but you haven't given me the title of Concubine yet. Your Majesty, what rank are you going to give me?"

"The final product!"

Su Chen smiled strangely when he heard Yan Ying's words.

Yan Ying didn't expect this bastard to be so shameless at this time. She grabbed the clothes on Su Chen's chest and said angrily,

"Damn it, do you want to die?"

After Su Chen was caught by Yan Ying's clothes, he saw the surrounding guards turning their heads hurriedly.

He coughed hurriedly and reminded Yan Ying, "Ahem! Yan Ying, be careful. I am the emperor of the Xuantian Empire. If you do this, I will lose face in front of the army."

Yan Ying noticed that the black-armored soldiers guarding them all turned their heads, so she quickly let go of Su Chen and said,

"Do you still have face despite your shameless appearance?"

"I'll do it! Why am I shameless? Why have I been so shameless since I met you?"

"She's lustful, lies a lot, and is a complete asshole."

"Damn it, Yan Ying, you are finished. From today on, you will feel the feeling of life and death every day." Yan Ying was very scared when she thought about Su Chen's physical strength and the fact that she would have to face Su Chen, a bastard, every day in the future. Yan Ying's face turned red under her veil and she yelled at Su Chen, "You.....You are such a shameless bastard"

"Ha ha....."

When Yan Ying heard Su Chen's laughter, she smoothed her hair and turned her head shyly.

On the surface, Yan Ying still treated Su Chen as before, but she was still very uneasy in her heart.

This bastard was from the Xuantian Empire. The emperor?

This is the most powerful empire in the Northern Continent and the most powerful man in the Tianxuan Continent.

Although Yan Ying wanted to be the emperor of Xuantian Empire's woman in the past and thus gained huge power, that was also her idea.

The emperor of the Xuantian Empire has established a super huge empire in more than a year. With the emperor of the Xuantian Empire, Yan Ying has no ability to control the emperor of the Xuantian Empire.

The emperor of the Xuantian Empire,

Su Chen!

Now he is her man, and Yan Ying will be the imperial concubine of Xuantian Empire in the future. She did not expect that in just two days, she would gain huge power, and it was unprecedented power.

The Xuantian Empire will rule the entire Tianxuan Continent in the future. This is an unprecedentedly huge empire and an unprecedentedly powerful empire.

The hundreds of millions of people in Tianxuan Continent will all be under the rule of Su Chen from now on.

Although she will not be lower than ten thousand people in the future, some of Su Chen's other women may have a higher status than her, but her status will also be in the future. Above tens of millions of people, her power is probably the highest among those in Tianxuan Continent.

At this moment,

Mrs. Yan and others in the carriage also came to their senses one by one. When they looked at Su Chen, they felt incredible.

Su Chen was actually the emperor of the Xuantian Empire?

A powerful emperor was actually with them, and he didn't even have any airs, which made them all feel very illusory.

Lu Lingqi looked at Su Chen outside the carriage and said doubtfully,

"Mom, Mr. Su is Su Chen, the emperor of the Xuantian Empire. How is this possible? Am I dreaming?"

Mrs. Yan touched Lu Lingqi's hair and said helplessly, "Young Master Su is the emperor of the Xuantian Empire. Lingqi, you didn't dream, and I didn't expect that Young Master Su would be the emperor of the Xuantian Empire."

Although Madam Yan was also very shocked by Su Chen's identity, she didn't pay too much attention to it.

Madam Yan was just a woman.

She was not interested in the feudal princes' struggle for hegemony in the Han Empire or Su Chen's struggle in the Han Empire. Layout.

These are not what she cares about.

She no longer has any hope for Lu Bu.

Madam Yan is just worried about Lu Lingqi's future.

Lu Lingqi looked at Su Chen and gritted her teeth and said,

"Mr. Su? Suchen? No wonder this bastard has many powerful guards and even a powerful army around him"

"Lingqi, don't call Mr. Su a bastard again. Mr. Su is the emperor of a powerful empire. It's okay if you didn't know it before, but you don't dare to call him that again in the future."

"knew!"

Lu Lingqi looked at Su Chen who was talking to Yan Ying, and she clenched her fists tightly.

Lu Lingqi was really frightened by Su Chen's identity.

The emperor of the Xuantian Empire, this identity is really scary, and This bastard set up his plans in the Northern Continent early on, and even made his daughter the most powerful prince in the Han Empire.

Su Chen wants to conquer the Northern Continent too!

Haha!

The princes in the Northern Continent are still In the life-and-death struggle for territory, the princes may not know that this is a conspiracy of the Xuantian Empire. If the Xuantian Empire starts a war in the Northern Continent, I am afraid that with the hundreds of thousands of black-armored troops in Jingzhou, the Northern Continent will be defeated. None of the other princes in the Han Empire were rivals.

The Xuantian Empire was too powerful.

Madam Du looked even more uneasy when she looked at Su Chen outside the carriage.

She did not expect that Su Chen was really the emperor of the Xuantian Empire. , which made her feel even more uneasy.

Mrs. Du felt that she would have no chance to escape from Su Chen in the future. Even if Qin Yilu knew that she was taken away by Su Chen, I am afraid that even if Qin Yilu had ten courages, he would not dare to ask Su Chen Asking for herself.

Madam Du knew Qin Yilu too well.

Qin Yilu was afraid of even Lu Bu, let alone His Majesty the Emperor of the Xuantian Empire.

Madam Du looked at Su Chen with a complicated expression. She didn't know what her future fate would be. , was she kidnapped by the emperor of the Xuantian Empire and humiliated in the Southern Continent? Or did she directly commit suicide to keep her innocence?

Chapter 1225

Here, Su Qi and Wei Yan, the black armored cavalry army in Jingzhou, began to prepare for an attack after their arrival.

They originally wanted to scare off Cao Cao's army this time.

However, with the order of His Majesty the Emperor of the Xuantian Empire, Jingzhou's arrival this time Wan Heijia's army is going to destroy Cao Cao's army.

Moreover, no one was left alive, no one was spared, and they were slaughtered.

"Sound the attack horn!" woo woo woo woo.....

After the horns of the black-armored army sounded, the black-armored cavalry quickly arranged their attack formations one by one, with long swords pointing forward. The black-armored cavalry wearing devil masks looked at Cao Cao's army on the opposite side in an eerie manner.

"Defend, defend, defend quickly, Jingzhou's army is about to attack."

In Cao's army,

Cao Zhen heard the sound of the horn of the black-armored cavalry and saw the black-armored cavalry setting up an attack formation. This told Cao Zhen that Jingzhou's army was about to attack.

After hearing the order, Cao Zhen's soldiers held a shield. A shield was erected in front of the army, and the archers hurriedly drew their bows and prepared to shoot the Jingzhou army that was about to rush over.

The war was about to break out.

Su Qi rode to the front of the black armored cavalry army. He looked at the 10,000 black armored cavalry soldiers. They mobilized loudly with serious faces,

"Soldiers of the Black Bird Legion, we are going to destroy Cao Cao's 30,000 troops in this war and massacre them all without sparing any one."

"This is an order personally issued by our Emperor Xuantian."

"Our Emperor is not far away looking at our Black Bird Legion. We are a powerful Black Bird Combat Legion. We cannot embarrass His Royal Highness the Princess, nor can we let His Majesty the Emperor be disappointed in our Black Bird Legion."

"Soldiers of the Black Bird Legion!"

"For the empire!"

"For His Majesty the Emperor!"

"For the eldest princess!"

"Fight the enemy bravely!"

When the 10,000 black-armored cavalry soldiers heard the legion commander's words, they shouted murderously one by one,

"Fight the enemy bravely!"

"Fight the enemy bravely!"

"Fight the enemy bravely!"

"Blackbird Legion, attack!"

Su Qi and Wei Yan nodded to each other, and they shouted at the same time, clapped their horses and took the lead in charging toward Cao Cao's army.

"kill! kill! kill!"

The ten thousand black-armored cavalry of the Black Bird Legion followed Su Qi and Wei Yan and rushed towards Cao Jun. Dong, dong, dong, dong, dong, dong.....

On the battlefield, the scene of thousands of horses galloping is very shocking. The black armored cavalry wearing evil ghost masks looks very scary like the messenger of death.

"Archers, shoot, shoot!"Cao Zhen looked at the charging black-armored cavalry with fear in his heart and hurriedly ordered,"

Swish, swish, swish.".....

"The crossbow is ready to shoot Cao Jun!"

Swish swish swish".....

The archers and crossbows of both armies shot at each other one after another. Many soldiers of the black armored cavalry were also shot and killed, but more black armored cavalry accelerated towards Cao Jun.

The shields of Cao Jun here are simply useless. Facing the shooting of the Poqi Army Crossbow, Cao Jun's shields were shot through like paper. Cao Jun behind the shield was shot and killed by the Poqi Army Crossbow.

Poof!

Stab!

After the black-armored cavalry collided with Cao's army,

Cao's army's formation was immediately torn apart by the black-armored cavalry. Cao's soldiers were either penetrated by the black-armored cavalry's long spears and died, or were trampled to death by war horses. Cao's army's defensive formation It's also completely chaotic.

"Kill, kill these Cao soldiers for the sake of His Majesty the Emperor and the eldest princess."

"kill! The black bird army is the most powerful army"

"For the glory of the Black Bird Legion, kill these Cao soldiers"

"Your Majesty, the Emperor, has fought with me for ten thousand years."

"Blackbird Legion, attack!"

During the melee, the thousands and centurions of the Black Bird Legion were screaming and slaughtering Cao's army, while the soldiers of the black armored cavalry also used their long swords and sabers to slaughter Cao's army.

In Cao's army,

Cao Zhen heard the black The shouts of the armored cavalry made him confused.

What is your majesty the emperor?

What eldest princess!

What other black bird army?

What are these?

Cao Zhen was really confused now.

He couldn't even understand the slogans of the Jingzhou army.

Emperor?

Princess?

The little emperor of the Han Empire is still in Xudu, and the princess of the Han Empire has long since disappeared. It is impossible for the army in Jingzhou not to know that the emperor is just a puppet, but why are the troops in Jingzhou shouting like this?

At this moment,

Su Chenqi Holding Yan Ying on the horse and watching the battle ahead, although he knew how powerful the black armored cavalry was, Su Chen still felt very bad when some of the black armored cavalry were shot by archers. The black armored cavalry could kill Cao Jun one on one. , even one to three can kill Cao Jun, but the cold-weapon archers are still a big killer. Although Su Chen knew that casualties were inevitable in war, he was still very upset when he saw the black armored cavalry being shot and falling off their horses. Comfortable.

Yan Ying watched the black-armored cavalry suppressing Cao's army on the battlefield, which made her very passionate. This was a war involving tens of thousands of troops. She had never seen such a cruel war, but when Yan Ying Ying saw Su Chen frowning, and she guessed that Su Chen couldn't bear it because of the previous casualties of the black armored cavalry.

Yan Ying looked at the black armored cavalry fighting desperately on the battlefield and comforted Su Chen, "Your black armored cavalry The cavalry is very powerful, and war is cruel. You don't know that."

Su Chen hugged Yan Ying tightly and said helplessly,

"How could I not know that the black-armored army is my most loyal army. The black-armored army can fight to the death for me, but I do not have the ability to prevent the black-armored army from being killed or injured in every war."

Yan Ying leaned in Su Chen's arms and was very speechless when she heard Su Chen's words.

Do you still want to kill people in the war?

This bastard thinks too much.

"There are no casualties in war. As long as your black-armored army has fewer casualties, this is already the best care for your black-armored army."

Su Chen laughed and pointed at the surrounding black-armored troops and said, "Haha! This is also your black-armored army. After all, you and I are one. What's mine is also yours, and what's yours is mine. Yan

Ying looked at the black-armored troops on the battlefield and smiled and said, "Yes, these are also my black-armored troops.""

"Su Chen, let me go to the battlefield to help the black armored army, so that the black armored army can have fewer casualties. Yan Ying turned to look at Su Chen and continued hurriedly.

Su Chen shook his head and refused,

"No, this is the war of the Black Bird Legion. As the princess of the Xuantian Empire, if you participate in this war, it will bring shame to the Black Bird Legion."

"The Black Bird Legion is a powerful combat legion in the Xuantian Empire."

"If the war ends even with the imperial concubine herself, this will make the Black Bird Legion think that they are very useless."

"Your end will not only not boost the morale of the Black Bird Legion, but will also demoralize the soldiers of the Black Bird Legion. Yan

Ying asked suspiciously after hearing Su Chen's words.

"Then we just watch like this?"

Su Chen saw that Yan Ying was only thinking about the Black Bird Legion, which made Su Chen very happy.

"You don't understand, us watching the war outside the battlefield will boost the morale of the Black Bird Legion. If you really want to help the Black Bird Legion, then we will advance the Xuantian Empire's flag to the battlefield."

"This is the greatest support for the Blackbird Legion."

Chapter 1226

Yan Ying didn't understand what Su Chen said.

She felt that only by taking the lead in killing the enemy could the army become more powerful. What Su Chen said made Yan Ying confused.

"Someone come!"

"His Majesty!"

"Let the army advance, hang the black bird flag high in front of the army"

"Yes, Your Majesty!" woo woo woo woo.....

After hearing Su Chen's order, the five thousand black-armored cavalry sounded the horn.

The black-armored cavalry escorted Su Chen and advanced towards the battlefield. The black bird flag was also raised high in front of the black-armored cavalry. stand up.

As the black-armored cavalry was dispatched,

Lu Lingqi and the others' carriages were left behind.

A group of black-armored cavalry was guarding the two carriages.

In the carriage,

Lu Lingqi said suspiciously when she saw Su Chen and the black-armored cavalry heading towards the battlefield,

"What is this bastard going to do? Will he also go to the battlefield in person?"

After the war started, Mrs. Yan and Mrs. Du were so frightened that they hid in the carriage and did not dare to look at the battlefield outside. Even when they heard the sound of fighting on the battlefield in the carriage, they turned pale with fright.

Mrs. Yan listened After hearing what Lu Lingqi said, she also asked Lu Lingqi doubtfully,

"Lingqi, what happened? Lu

Lingqi turned around and replied to her mother, "Su Chen and Yan Ying seemed to be taking part in the war with their troops, but they left us where we were."

Mrs. Yan was surprised when she heard Lu Lingqi's words and said, "What?" As an emperor, Su Chen actually wants to go to the battlefield in person? Does he want his life?"

Mrs. Du also looked at Lu Lingqi in shock. She also did not expect that a powerful emperor would personally go to the battlefield. Could it be that the black-armored army on the battlefield was defeated by Cao Cao's army?

"Little did I know, they were about to enter the battlefield."

Lu Lingqi was talking to Mrs. Yan.

When she turned back and suddenly found the army stopped at the edge of the battlefield,

Lu Lingqi looked at the black-armored army in surprise and continued in confusion, "Hey! The army stopped, but why was the Xuantian Empire's flag placed in front of the army? What is Su Chen going to do?"

After Mrs. Yan heard what Lu Lingqi said, she couldn't help but lean on the carriage window and look at the battlefield.

Mrs. Yan also wanted to know what Su Chen was going to do.

Mrs. Du looked at Lu Lingqi and Mrs. Yan, but she still didn't have the guts to look at it. Facing the battlefield, she could only sit in the carriage and prepare to listen to Lu Lingqi and Mrs. Yan talking about what happened on the battlefield.

On the battlefield, as Su Chen led the army to the edge of the battlefield, and the black bird flag was hung high at the edge of the battlefield,

"Yes, Black Bird Flag, His Majesty the Emperor has personally come to cheer for our Black Bird Legion."

"Kill, for His Majesty the Emperor, kill these Cao soldiers!"

"Black Bird Flag, the flag of our empire, for the sake of His Majesty the Emperor, we will massacre Cao's army and leave no one behind."

"Your Majesty, don't let any of Cao's troops run away for ten thousand years."

"Haha, His Majesty is here, fight the enemy bravely! Fight the enemy bravely!"

The soldiers of the Black Bird Legion all saw the black Black Bird flag on the edge of the battlefield. This was the flag of the Xuantian Empire. The soldiers of the Black Bird Legion were so morale-boosted that they slaughtered Cao's army with shouts.

The Black Bird Legion But they have a soft spot for the Black Bird Flag.

As the Black Bird Legion, they are also the only legion named after the Black Bird. The Black Bird Flag is of even greater significance to the Black Bird Legion.

The Black Bird is not only the flag of the Xuantian Empire,

It is also the family emblem of His Majesty the Emperor's family.

Their Black Bird Legion is a legion founded by the eldest princess.

As the eldest princess is the heir to the Xuantian Empire, the Black Bird Legion will become the imperial guard legion in the future, which is like the Xuannio Palace. The palace guards were as powerful as the Black Bird Guards.

When Su Chen saw the Black Bird Legion, after he arrived at the edge of the battlefield, the Black Bird Legion was even more powerful and slaughtering Cao's army.

Su Chen smiled and said to Yan Ying, "See it! Sometimes the morale of the army can be boosted without going to the battlefield in person. The army has the glory of the army. You will understand this later."

Yan Ying rolled her eyes at Su Chen and looked at the battlefield.

The Black Bird Army is now even more terrifying. It is killing the enemy with even greater momentum than before.

Cao Cao's army, which was already about to collapse, is now completely destroyed. The army collapsed, and even Cao Cao's army began to appear.

How could two legs outrun four legs?

When Cao Cao's army began to flee in all directions, the black armored cavalry quickly caught up and slaughtered Cao Cao's army who was trying to escape.

"Cao Cao's 30,000 troops are about to be finished. Do you really want to completely slaughter these 30,000 troops?"

Su Chen nodded and said with an indifferent expression, "Yes, these armies are all armies that have massacred people of the same race. It is impossible for me to leave an army with the blood of innocent people on its hands."

"If the troops here were massacring foreigners, I would accept their surrender, but these troops have already violated my taboos, and I cannot possibly keep these soldiers whose hands are stained with the blood of the people of the same race."

Yan Ying nodded when she heard Su Chen's story and said,

"So you are like this. Having an emperor like you in Tianxuan Continent is a blessing to the people."

"I am not a good person either. If some people rebel, I will also massacre those rebellious people."

"Everyone who rebelled against you has rebelled against you, and those people deserve to die."

On the Guangling City Wall, the defenders here saw that Jingzhou's black-armored cavalry had defeated Cao Cao's army. Now Jingzhou's troops were still scattered in pursuit of Cao Cao's defeated army. This made the Xuzhou Army on the Guangling City Wall very happy.

A captain saw that the battle on the battlefield was no longer in doubt, so he asked the general next to him, "General, don't we go out of the city to help the Jingzhou Army?"

"Do you think the army in Jingzhou needs our help?" The guard general of Guangling City pointed at the battlefield and asked,

"Forehead! No need, Jingzhou's army is too powerful"

"Yes, order our army to prepare food and wine for the Jingzhou army. We will entertain the Jingzhou army later. After all, we will also belong to Miss Yan in Jingzhou in the future."

"Yes, General!"

The general of Guangling City was very confused when he saw the battlefield, especially the shouts of the Jingzhou army, which made him confused.

"His Majesty the Emperor? The eldest princess? Blackbird Legion? What are these? Why did Jingzhou's army shout like this?"

In the carriage,

Mrs. Yan and Lu Lingqi were very shocked when they saw the black armored cavalry fighting the enemy bravely.

After Su Chen arrived at the edge of the battlefield, the morale of these powerful troops became even higher.

This reminded them of Lu Bu.

Although Lu Bu always The battle was all about charging forward, but Lu Bu's army and the black-armored army could not be compared at all.

Even Lu Bu and Su Chen were not comparable at all.

Su Chen's mere appearance on the edge of the battlefield could make the black-armored army's morale high. , and if Lu Bu does not take the lead and charge forward, I am afraid that Lu Bu's army will have no fighting power and may even be afraid of fighting.

"Mom, that bastard's influence is so great. He can make the black-armored army more morale just by standing on the edge of the battlefield. My father can't do this at all."

Chapter 1227

Madam Yan was also very emotional when she saw the battle of the Black Bird Legion.

If Lu Bu had half the appeal of Su Chen, he might be able to become the overlord of the party, but this is simply impossible. Lu Bu's treachery and lustful nature, These made other princes look down on them very much.

Even if Lu Bu surrendered to the other princes, the other princes would not dare to accept a treacherous and shameless person.

On the battlefield,

Cao Cao's army was completely defeated. After more than an hour of fighting, there were not many left of the 30,000-strong army. Under the siege of the Black Bird Army, it was impossible for the remaining Cao Cao army to escape.

Cao Zhen wanted to escape as soon as possible.

He couldn't stay here for a moment.

Jingzhou's black-armored army was too powerful. Unexpectedly, the 30,000 elite troops were wiped out in more than an hour. The troops who surrendered were killed by the black-armored troops without hesitation.

The Jingzhou army obviously left no one alive.

Cao Zhen understood that this was probably Cao Cao's order to massacre the people of Xuzhou, which completely angered Miss Yan of Jingzhou.

Only 10,000 black-armored cavalry appeared here in Guangling City, but he did not believe that Miss Yan from Jingzhou only sent 10,000 cavalry.

There are hundreds of thousands of troops in Jingzhou, and

Jingzhou's troops may appear in various counties and counties in Xuzhou.

Cao Zhen must notify Cao Cao quickly, otherwise the 100,000 troops who came to Xuzhou this time may be massacred by Jingzhou's troops.

Even Cao Cao may not be able to live without Xuzhou.

"Who are you?"

When Wei Yan saw Cao Zhen riding a horse and was about to escape, he quickly stopped him and asked.

Cao Zhen looked at the burly general who intercepted him and replied with a vigilant look,

"Under Cao Sikong's tent, Cao Zhen!"

Wei Yan was very happy when he heard what Cao Zhen said. He didn't expect to meet a general. This is a credit to him."So you are the general who attacked Guangling City this time. I didn't expect to meet a big fish."

"Who are you?"

"Wei Yan, Jingzhou, I am the commander of the black armored cavalry regiment under Miss Yan."

"Look at the gun!"

"court death!"

Cao Zhen saw that Wei Yan was not paying attention and quickly attacked Wei Yan with a shot. He quickly killed Wei Yan and left here, otherwise he would be surrounded by black armored cavalry and he would have no chance to escape.

Wei Yan saw Cao Zhen attack him unexpectedly,

He took a big knife and slashed at it.

He had been guarding against Cao Zhen.

On the battlefield,

Wei Yan didn't dare to be careless at all.

Touch!

"kill!"

"kill!"

Bang!

Boom!

Wei Yan and Cao Zhen started fighting on the battlefield. The fighting back and forth caused the dust around them to fly up.

After a while, Cao Zhen fell into a disadvantage.

Wei Yan was a late-stage innate master, and Cao Zhen It's just an innate seventh-level cultivation realm.

It's only a matter of time before Cao Zhen is defeated and killed.

Su Chen looked at the battlefield and said to Yan Ying, "Yan Ying, I'm afraid the war will be over soon. You can watch here. Come on, I'll go back to the carriage and take a rest."

"what are you up to? You're not going to catch that Mrs. Du's attention, are you? Yan Ying looked at Su Chen warily and asked,

"Pay attention, I was very tired last night. Can't I take a rest now?"

"You are so shameless, then I will get back in the carriage too"

"Are you stupid? If we all leave, the soldiers of the Black Bird Legion will probably find out. You can improve the morale of the Black Bird Legion here."

"I.....you....."

"That's it, you're here to be the mascot. This is what you should do as a princess."

"Shameless, you bastard is so shameless."

Yan Ying yelled angrily when she saw Su Chen leaving quickly, but she really couldn't leave with Su Chen.

Su Chen was right.

If she left with Su Chen, I'm afraid it would really affect the Black Bird Legion. The war was about to end, and Yan Ying did not want to lose her dignity in front of the Black Bird Legion.

At this time,

Su Chen arrived at the carriage in an instant, and he saw Mrs. Yan and Lu Lingqi blocking the door of the carriage. He had no intention of getting out of the way.

This made Su Chen look angry and said to them, "Get out of the way, didn't you see that I was about to get on the carriage?"

After Madam Yan and Lu Lingqi moved away from the door,

Madam Yan asked Su Chen doubtfully, "Why are you back before the war is over?"

"The war will be over soon, I'll come back and take a rest first." Su Chen looked at Mrs. Yan and the others after getting on the carriage and said, but when he looked at Mrs. Du, he smiled.

Mrs. Du kept her head down when he got on the carriage. It seems that Mrs. Du was frightened by his identity. It's bad, but Mrs. Yan and Lu Lingqi didn't seem to care at all?

Didn't his status as the emperor scare these two women?

When Lu Lingqi heard Su Chen's words, she said mockingly, "You didn't kill the enemy. Why don't you take a rest?" fart!"

"I'll do it! Lu Lingqi, what do I care about your business? I don't want you, a tiger girl, to sleep with me"

"Shameless pervert!"

Su Chen sat on the sofa and rested his head on Mrs. Du's legs.

This made Mrs. Du hastily pull out her legs, but Mrs. Du did not dare to let Su Chen rest on her legs.

"Don't move, or I will tap your acupuncture points."

Su Chen warned when she saw Mrs. Du was about to pull out her leg.

When Mrs. Du heard Su Chen's words, she glared at this bastard with shame and anger.

She didn't expect that this bastard emperor was so shameless. This bastard not only molested her in public, but even threatened her like this. , this made Mrs. Du look at Mrs. Yan next to her and beg for help. When

Mrs. Yan saw Mrs. Du's eyes asking for help, she reminded Su Chen, "Su Chen, you are the emperor of a powerful empire, you don't care Some face?"

"I was just taking a break, so why did I talk about face-related matters?"

"But you can't do this either. Mrs. Du is a married woman. Don't you know the difference between men and women?"

"Then come and replace Mrs. Du. There is no pillow in the carriage. I can't sleep without a pillow. Come and replace Mrs. Du."

"you.....You are shameless!"

When Mrs. Yan heard Su Chen's words, she was so angry that she wanted to strangle this bastard to death.

Is this what people say?

Mrs. Du is a married woman, isn't she?

Damn bastard,

Mrs. Yan really didn't even think about the emperor. A good thing, whether it is the former emperor of the Han Empire or this bastard emperor, they are both shameless perverts.

Lu Lingqi couldn't stand it anymore in the carriage.

She glared at Su Chen and got off the carriage.

Lu Lingqi would rather go to the battlefield. He was going to be killed, and he didn't want to watch this bastard molest Mrs. Du shamelessly.

Chapter 1228

Su Chen looked at Mrs. Yan who had nothing to say.

He smelled the fragrance of Mrs. Du's body and closed his eyes.

Mrs. Du's body was tense now, and she didn't dare to pull her legs back. This bastard was As an emperor, Mrs. Du was also afraid that angering Su Chen would be detrimental to her.

The carriage was quiet for a while. Su Chen was sleeping with his eyes closed. Mrs. Yan watched helplessly as Su Chen teased Mrs. Du, while Mrs. Du was afraid to face Su Chen.

At this time, in Qingzhou, a convoy drove out from the base camp of the black armored army in Qingzhou. This convoy, protected by hundreds of guards, was also heading in the direction of Xuzhou.

In a carriage in the motorcade, five beautiful women were sitting in this carriage.

These were the five sisters of the Zhen family.

They were going to Jingzhou with Gai Nie, the commander of the Tenglong Legion. Originally, Zhen Yi wanted to ask Which of the sisters wanted to meet the eldest princess of Jingzhou, but what they didn't expect was that all the Zhen sisters were willing to go.

Zhen Yi agreed after thinking about it.

Zhen Yi thought that as long as one of his four daughters could stay with the eldest princess, it would be fine.

However, when setting off,

Zhen Mi also got on the carriage.

Zhen Yi was originally not allowed to let Zhen Mi go to Jingzhou again. He was also worried that Zhen Mi would anger Miss Yan again, but after Zhen Mi's conversation, Zhen Yi Yi could only agree to let Zhen Mi go to Jingzhou together.

However,

Zhen Yi also told Zhen Jiang and the other four sisters to keep an eye on Zhen Mi after they arrived in Jingzhou. This time, no matter what, they could not let Zhen Mi anger Miss Yan again.

In the carriage,

Zhen Jiang looked at Zhen Mi's uneasy look and asked,"Little sister, why do you insist on going to Jingzhou this time?"

"Then why did the sisters agree to go to Jingzhou?"Zhen Mi raised her head and looked at Zhen Jiang and the others and asked.

Zhen Jiang gently stroked Zhen Mi's hair and said with a smile,

"We are just curious about the eldest princess. The eldest princess can control Jingzhou when she is only six or seven years old. She even became the most powerful prince in the Han Empire. We

admire the eldest princess very much. We also want to see what is special about the eldest princess this time. place."

Zhen Mi continued to ask with bright eyes flashing,

"Is that all? Zhen

Tuo smiled and nodded,"That's it. What other purpose do you think we have?"

"Second sister, your father is planning to let one of you enter the palace, don't you have any ideas?"When Zhen Mi saw that her sisters were unwilling to tell the truth, she reminded her in a subtle way.

"hehe....."

Zhen Tuo and the others laughed when they heard Zhen Mi's words.

They all now guessed that Zhen Mi went to Jingzhou this time to apologize to the eldest princess, and even Zhen Mi still hoped to stay with the eldest princess.

Although Zhen Tuo and the others didn't know whether Zhen Mi wanted to enter the palace, they all felt that Zhen Mi must have met His Majesty the Emperor, and they were even somewhat satisfied with His Majesty the Emperor.

Otherwise, their talented sister will not make such a decision easily

"What are you laughing at?"Zhen Mi looked at Zhen Jiang and Zhen Tuo who were laughing and asked in confusion.

Zhen Tuo asked,

"Little sister, have you met His Majesty the Emperor?"

"Well, I've seen it!"Zhen Mi nodded and replied.

Zhen Tuo also asked hurriedly, "How does His Majesty the Emperor look?"

Zhen Mi looked at her sister with a wary expression, "Why are you asking these questions?" Do you all really want to enter the palace?"

Zhen Tuo looked at the vigilant Zhen Mi and smiled and said,

"I am willing!"

"His Majesty the Emperor is the most powerful man in Tianxuan Continent, and I heard that His Majesty the Emperor is only in his twenties."

"If we become His Majesty the Emperor's women in the future, we will be one of the most powerful women in Tianxuan Continent. There is probably not a single woman in the world who would not want to be His Majesty the Emperor's women."

Zhen Jiang, Zhen Dao, and Zhen Rong all looked at Zhen Mi with smiles on their faces.

They had no plans to enter the palace.

They also wanted to test whether Zhen Mi wanted to enter the palace? Did she like the Xuantian Empire? Your Majesty the Emperor?

Zhen Mi became anxious when she heard her sister's words.

She didn't want her sisters to enter the Xuannio Palace. The women in the Xuannio Palace were all murderous demons.

Her sister They are all ordinary people who don't know martial arts. If her sisters offended the women in Xuannio Palace, I'm afraid her sisters would die without knowing how they died. It is impossible for Zhen Mi to directly say that Xuannio Palace is A very dangerous place. This was disrespectful to the Emperor of the Xuantian Empire. She was also afraid that if word spread, it would bring disaster to the Zhen family.

Zhen Mi helplessly rubbed her forehead and lay on Zhen Jiang's body.

She was very Tangled.

Zhen Dao looked at Zhen Mi and continued to ask, "Little sister, what does His Majesty the Emperor look like? Please describe it to us."

Zhen Mi said helplessly without raising her head, "Your Majesty is a wise and powerful man, young and handsome, and has a very outstanding temperament. If you meet His Majesty the Emperor, you will also be attracted to him."

"Is that little girl also attracted to His Majesty the Emperor?"

"How can it be? His Majesty's women are....."

"But what?"

"It's nothing, I'm going to take a rest and we'll talk about it later." Zhen Mi doesn't want to say anything more. It's better for her sisters to discover these things slowly.

Zhen Jiang and the others looked at each other and didn't ask any more questions.

They have a certain understanding of Zhen Mi's affairs. As long as they arrive in Jingzhou will know everything about Zhen Mi.

But at this moment, in another carriage,

Gai Nie was also very helpless.

He went to Jingzhou this time to discuss waging war with the eldest princess, and he also wanted to help Zhen Yi. I just didn't expect Zhen Yi to let her five daughters go to Jingzhou together.

Is this going to pack them all up and send them to Xuanniao Palace?

Or is Zhen Yi going to spread the net to catch fish?

As long as one of Zhen Yi's five daughters is seen by His Majesty the Emperor Zhen Yi might wake up from music when he goes to bed at night.

He is also very helpless about these things.

Gai Nie is worried that Zhen Yi's five beautiful daughters are all attracted by His Majesty the Emperor. If this is the case, Wei Zhuang will definitely see him Will kill him.

Wei Zhuang's sister Zi Nu is one of the four imperial concubines. Wei Zhuang couldn't bear to see Su Chen looking for women outside.

Fortunately, this time,

Gai Nie actually gave Su Chen five beautiful girls. It would be weird if Wei Zhuang didn't kill her when he found out about her.

Gai Nie shook his head and stopped thinking about these messy things.

The war was imminent.

He wanted to discuss waging war with the eldest princess as soon as possible. It was Yinan. Should the two sides start a war at the same time? Or should they join forces and start a war together?

Outside Guangling City, in Su Chen's carriage,

Mrs. Du's face became increasingly red. She felt very angry when she saw Su Chen sleeping dishonestly. Helpless.

When Su Chen hugged Mrs. Du's legs,

Mrs. Du hurriedly kicked Su Chen away.

"don't want! Mrs. Du, you have to endure it. He is an emperor after all. If you kick him, I'm afraid you will be taught a lesson by this bastard."

Chapter 1229

When Mrs. Yan saw Mrs. Du about to kick Su Chen, she hurriedly stopped her.

Although she was very angry with this bastard for teasing Mrs. Du, Su Chen seemed to be asleep now, and Su Chen was an emperor after all. Yan Madam doesn't want Madam Du to make Su Chen angry either.

"Mrs. Yan, please save me, it won't be good if this continues."

Mrs. Yan sighed and said to Mrs. Du, "Alas! Let me switch with you. You slowly pull out your legs and I pry this bastard's hands away."

Mrs. Yan was also very helpless at Mrs. Du's helpless appearance.

She thought about it and decided to help Mrs. Du. Although this would damage her reputation, she could not be indifferent to Mrs. Du's plea.

"Thanks! Thank you ma'am!"

After Mrs. Yan and Mrs. Du carefully removed Su Chen's hands and head, Mrs. Yan and Mrs. Du hurriedly changed positions, and Su Chen's head rested on Mrs. Yan's lap. Mrs. Du left Su Chen Chen Hou breathed a sigh of relief.

But before she could be happy,

Su Chen Suddenly, he put his feet up on Mrs. Du's body, which made Mrs. Du look at Su Chen and was confused again.

Mrs. Du looked at Su Chen's feet on her body and did not dare to move. She looked at Mrs. Yan with a sad face and wanted to ask for help again.

Mrs. Yan spread her hands and said helplessly, "I can't help you. You can try to take off her feet yourself.""

"I can not!"

"Then I have no choice. This bastard is now resting on my leg, and I can't move now."

Su Chen almost laughed out loud while listening to the conversation between Mrs. Yan and Mrs. Du, but he did not fall asleep.

Su Chen just wanted to tease the timid Mrs. Du.

He did not expect such benefits. Mrs. Yan and Mrs. Du Mrs. Du, these two beauties are really interesting.

At this moment, the voice of a black-armored soldier came from outside the carriage,

"Your Majesty, the war is over. The imperial concubine sent someone to ask if she wants to enter Guangling City?"

Su Chen opened his eyes and replied, "If we don't enter Guangling City, we will continue to Jingzhou. Guangling City will be handled by Su Qi and Wei Yan."

"Yes, Your Majesty!"

"You bastard weren't asleep?"

Mrs. Yan asked angrily when she looked at Su Chen.

Mrs. Yan felt that she and Mrs. Du had been deceived.

This bastard had been pretending to sleep. He was deliberately teasing Mrs. Du and even herself. This made Mrs. Yan She hurriedly kicked Su Chen. This bastard was still resting on her leg.

Mrs. Du also looked at Su Chen in surprise.

She also didn't expect that Su Chen was pretending to rest, which made her blush. She hurriedly lowered her head.

Mrs. Du did not dare to yell at Su Chen. She had a natural fear of Su Chen. This may be caused by Su Chen's identity.

"Don't move, otherwise don't blame me for taking action." Su Chen warned Mrs. Yan when she saw that she was about to kick her,

"Get up."

Mrs. Yan's chest heaved angrily when she heard Su Chen's warning.

This bastard was so shameless.

He not only pretended to be sleeping to tease them, but now he even threatened herself. This made Mrs. Yan want to strangle this shameless bastard.

Su Chen Still leaning on Mrs. Yan's legs, she smiled and said, "Haha, what you said is really funny. Do I want to sleep on your legs?"

"Shameless, get up!" When Mrs. Yan heard Su Chen's words, her face turned red and she shouted to Su Chen in embarrassment,

"Kiss me and I'll get up"

"you....."

Seeing Mrs. Yan's shameful and angry look, Su Chen hurriedly sat up and said with a smile, "Haha, I'm just kidding. Get ready. We'll set off when Yan Ying arrives."

Su Chen got out of the carriage after saying that. The atmosphere here is very awkward now.

Mrs. Yan has an angry expression on her face and wants to kill herself, while Mrs. Du is like a frightened little rabbit, lowering her head and looking helpless, which makes it difficult for Su Chen to continue teasing her..

When Madam Yan saw Su Chen get off the carriage, she kept fanning herself with both hands to calm down. She had never seen such a shameless person. Fortunately, this bastard was still an emperor. Madam Yan felt that it was impossible to have contact with this bastard again..

Otherwise, one day, her virginity and reputation will really be destroyed in the hands of this shameless pervert.

After Su Chen got off the carriage, he saw Yan Ying and Lu Lingqi coming back with the black armored cavalry.

After Su Chen arrived at Yan Ying, he thought about it and said to her, "Yan Ying, I need you to do something."

"What's the matter? Yan

Ying got off the horse and came to Su Chen and asked suspiciously.

Su Chen said to Yan Ying with a serious face, "I want you to go to Qingzhou and take the five thousand black armored cavalry here to Qingzhou.""

"Why should I take the army to Qingzhou?" Yan Ying looked at Su Chen's serious look and continued to talk.

Su Chen didn't pay attention to Lu Lingqi who was eavesdropping next to him.

He continued to say to Yan Ying, "Qingzhou has a combat legion of mine, a black-armored army of more than 600,000. I want you to help the Tenglong Combat Legion start a war against the northern part of the Han Empire."

Su Chen also felt that Gai Nie of the Tenglong Combat Legion was too cautious.

The Tenglong Combat Legion has been in Qingzhou for several months and has not yet started a war. This made Su Chen very dissatisfied. The

Han Empire in the Northern Continent passed by the Yellow Turban. After the rebellion, the population of the Han Empire continued to decrease. Su Chen did not expect that after occupying the northern continent in the future, there would be few casualties among the people here.

Su Chen planned to launch wars in the north and south of the Han Empire at the same time. In the north, Gai Nie's Tenglong Combat Legion will start the war, and in the south, Su Yan's Black Bird Legion will start the war.

Su Chen wants to conquer the Han Empire in the shortest time, and he doesn't want the princes in the Han Empire to continue their attacks, otherwise, I am afraid that the Han Empire will be completely destroyed by those princes.

In the Three Kingdoms plot, after the tens of millions of people in the Han Empire went through wars, only a few million people were left when the Three Kingdoms stood.

This was hundreds of casualties. Ninety percent of the population.

The decline of the population was also the beginning of the Five Huasties in the future. If the population of the Central Plains had not declined and the army could not recruit a large number of people, would those grassland barbarians dare to invade the hinterland of the Central Plains?

Yan Ying heard that Su Chen said in surprise, "Do you still have an army in Qingzhou?" And there are more than 600,000 troops?"

Lu Lingqi also looked at Su Chen dumbfounded.

She didn't expect that Su Chen would deploy so many troops in the Han Empire. Qingzhou, plus Qingzhou, there were more than a million troops. This bastard wanted to occupy it in one fell swoop. The Han Empire?

Su Chen nodded and continued, "Not bad! Qingzhou is now under the control of the Xuantian Empire, and Zhen Yi is also an official of the Xuantian Empire. All this is done in secret. Yan

Ying asked,

"Do you really want to launch a war against the princes in the Han Empire?"

"Well, after Cao Cao massacred the people in Xuzhou this time, I don't want to wait any longer. I don't want the Han Empire to be destroyed by those princes after occupying the northern continent."

Chapter 1230

Su Chen took out a blue bird jade pendant from the system space and handed it to Yan Ying. With the blue bird jade pendant here, Yan Ying could be regarded as his real woman. No one in the Tenglong Combat Legion would doubt Yan Ying's identity when they saw the blue bird jade pendant.

Yan Ying nodded when she heard Su Chen's words.

She knew that Su Chen's goal was to occupy the entire Tianxuan Continent, and the Northern Continent was just one of his goals. Since Su Chen said this, Yan Ying also wanted to listen to Su Chen. She was planning to go to Qingzhou.

Yan Ying took the blue bird jade pendant handed to her by Su Chen and asked doubtfully, "Blue bird jade pendant? What are you giving me this for?"

"The Blue Bird Jade Pendant represents your identity as the imperial concubine of the Xuantian Empire. With the Blue Bird Jade Pendant, the Tenglong Combat Legion will not doubt your identity, and with the Blue Bird Jade Pendant, you can also order the Tenglong Combat Legion to launch a war.

Yan Ying looked at the blue bird jade pendant in her hand and shouted to Su Chen, "Ha!" Why didn't you give it to me earlier, you bastard?"

Yan Ying hurriedly put it away after hearing the effect of the Blue Bird Jade Pendant.

She also did not expect that the Blue Bird Jade Pendant had such a great effect. Isn't this bastard afraid that his women will rebel with the Blue Bird Jade Pendant?

"Don't I want to test you?"

Su Chen smiled and pointed it out directly.

Su Chen didn't care whether Yan Ying would be unhappy now.

From the past few days, it seems that Yan Ying is not a bad woman. As for her wanting to get power, Su Chen hasn't seen it yet. Why did she insist on getting power? But now Yan Ying is only thinking about him.

Su Chen is also very relieved about Yan Ying.

However!

If these are Yan Ying's hidden deceptions, then it is just a matter of Su Chen's words. Yan Ying Yan Ying will be knocked back to her original form. Even if Yan Ying has the blue bird jade pendant, she can't do anything.

"Test me?"

Yan Ying was very angry when she heard Su Chen's words.

She didn't expect that this bastard never believed her from beginning to end.

Yan Ying was honest with this bastard and even gave up her previous plans.

This damn bastard

"You wanted to take advantage of me, the emperor of the Xuantian Empire, and even planned to control me. If I didn't test you, wouldn't I suffer some losses if you had any bad intentions?"

"So I passed the test?"

"I passed it for the time being. I'll see how you perform later."

"you are such a bastard"

"Ha ha....., don't be angry, the past is in the past, we only look at the future." Su Chen hugged Yan Ying and said comfortingly.

Yan Ying was hugged by Su Chen and said in embarrassment, "Let me go, you don't even look at where this place is."

Su Chen didn't let go of Yan Ying.

He looked at the black-armored cavalry who all turned around and continued,

"Yan Ying"

"You need to get to Qingzhou as soon as possible"

"And there may be a conspiracy by bad people in the north of the Han Empire, which is why I asked you to go to Qingzhou to help Tenglong fight the legions."

"With you, a terrestrial god in the heavenly realm, it is impossible for the bad masters to behead the commanders of the Tenglong Combat Legion. Yan

Ying nodded and replied,

"I see"

"Well, in addition, I will ask You Ru of the Shadow Assassin to send you a hundred shadow assassins. These shadow assassins will be commanded by you."

"Those masked women in black? Shadow Assassin?"

"Yes! The Shadow Assassins are my most powerful subordinates. They are all masters of assassination. It is impossible for ordinary celestial beings to discover the existence of Shadow Assassins."

Yan Ying was very surprised when she heard Su Chen's words.

"So powerful? I asked why when those masked women in black appeared, I didn't notice their aura."

Yan Ying is very curious about the masked women hiding around Su Chen. Ever since she saw those masked women in black clothes in Xiapi County Sheriff's Mansion , Yan Ying has been looking around for those masked women in black clothes. Yan Ying was depressed all the way. At this time, Lu Lingqi suddenly shouted from the side,

"I'll go too, Su Chen, please let me go to Qingzhou with Yan Ying. I also want to see your Tenglong combat legion."

Lu Lingqi is very interested in Su Chen's army.

This time, the battle with only 10,000 black armored cavalry was so bloody. She wants to see the battle with hundreds of thousands of troops.

There are more than 600,000 black armored troops in Qingzhou. , and Su Chen wanted to order Qingzhou's black-armored army to launch a war against the northern part of the Han Empire. She didn't want to miss the war with hundreds of thousands of troops.

Su Chen looked at Lu Lingqi's positive attitude and said speechlessly,

"Lu Lingqi, go and tell your mother. As long as your mother agrees, I won't stop you from going."

"I'm going to tell you right now."

Su Chen shook his head when he saw the furious Lu Lingqi running to the carriage.

He hugged Yan Ying and continued to give her instructions,

"Yan Ying, you have to be careful of bad guys. That person is a very threatening person. If you lose, run away quickly."

"I will notify the arrival of some Heavenly Realm masters from the Southern Continent. Don't go out of your way to cause trouble with bad people. As long as the bad people don't provoke us, you can leave those people alone for the time being. Yan

Ying saw Su Chen being very cautious and asked in confusion, "Is the bad guy stronger than me?"

"Bad handsome Yuan Tiangang is either half-step to the Golden Core realm or a real master of the Golden Core realm. You are no match for him.

Yan Ying heard Su Chen's words and said in horror, "Hiss!" How can a bad organization be so terrifying? No wonder you let go of that Tianshuixingduan all day long."

Su Chen patted Yan Ying's back and said comfortingly, "Don't worry, we also have masters who are half a step into the Golden Core Realm. Maybe we also have masters who are at the Golden Core Realm."

Su Chen thought of the terrifying strength of Jellyfish Yinji, and he didn't care about the bad handsome Yuan Tiangang.

Jellyfish Yinji was originally a half-step golden elixir realm, and Jellyfish Yinji used spiritual stones to retreat under the fusang tree for so long. Su Chen believed Jellyfish Yinji's strength will improve very quickly, and Jellyfish Yinji may have advanced to the golden elixir realm.

Later, when Su Chen said goodbye to Yan Ying, he also gave Yan Ying some spiritual stones for her to practice. After all, Su Chen would not treat her woman favorably.

Xuzhou, Peixian.

A carriage arrived here under dozens of guards, but the carriage did not enter Peixian and continued towards Xuzhou City.

In the carriage,

Zhang Chunhua looked at He persuaded the pale Madam Ding, "Mrs. Ding, even if we rush to Xuzhou City now, we probably won't be able to stop Cao Cao from massacring people in other counties in Xuzhou."

The people in the carriage were Zhang Chunhua, Mrs. Ding, Queen Guo, and even Queen Fu who came from Xudu.

After Zhang Chunhua and the four of them arrived at Xuzhou, they heard about Cao Cao's massacre of various counties in Xuzhou. One hundred thousand people were massacred, and every county was turned into a hell on earth. Although they had never seen that kind of misery, they felt horrible just thinking about that scene.

Mrs. Ding said angrily, "I always have to try. Cao Cao is too cruel. These are unarmed people. How could Cao Cao be so cruel to massacre people of his own race? They are worse than animals."

Queen Guo and Queen Fu also nodded beside them. They did not expect that Cao Cao would really start massacring the city in Xuzhou, which made them dissatisfied with Cao Cao, a cruel person.
