### Chapter 1231

Zhang Chunhua was helpless when he heard what Mrs. Ding said.

She didn't want to care about these things.

They came to Xuzhou this time just to find that bastard Su Chen. Even if Mrs. Ding tried to dissuade Cao Cao, I'm afraid Cao Cao wouldn't listen to her. If Mrs. Ding messed with her again, If Cao Cao is angry, these women will probably be sent back to Xudu.

Zhang Chunhua shook his head and did not persuade Mrs. Ding.

She looked at Queen Guo next to her and was very curious.

Queen Guo obviously had no cultivation level, but she actually became a powerful grandmaster in just a few days. Even stronger than her.

There are also martial arts secrets in Queen Guo's hands. These are all heaven-level martial arts secrets. How could Queen Guo have such precious martial arts secrets.

Before Zhang Chunhua and the others left Xudu, Queen Guo clearly didn't want to follow them, but Queen Guo got on the carriage again when they set off. This also made Zhang Chunhua and Mrs. Ding curious about Queen Guo.

Zhang Chunhua looked at Queen Guo and asked speculatively,

"Queen Guo, did that bastard give you these martial arts secrets? And how did you become a master in just a few days? Queen

Guo admitted expressionlessly,"Yes, he not only gave me some martial arts secrets, but also gave me a spiritual fruit. It was after I ate that spiritual fruit that I became a practitioner.""

Queen Guo still holds a grudge against what Su Chen did to her. She originally wanted to practice the martial arts secrets that bastard gave her and then seek revenge on him.

But she didn't expect that after eating that spiritual fruit, she would become A powerful master.

This made Queen Guo anxious to seek revenge on that bastard.

She had been practicing the secrets given to her by Su Chen along the way. When

Zhang Chunhua heard Queen Guo's words, she looked like this.

"As expected, it was that bastard who gave it to you. I felt that that bastard was no ordinary person. That bastard was definitely not just a messenger from the Xuantian Empire. He must have other noble identities."

Empress Fu nodded and said, "Well, that bastard has a noble air, he is definitely not an ordinary person."

Mrs. Ding nodded in agreement.

She looked at the city walls of Pei County and said expectantly, "I hope he is there in Xuzhou City, so that we don't have to look for that bastard everywhere, and we can also prevent Cao Cao from continuing to massacre Xuzhou. common people."

Zhang Chunhua and the others nodded.

Although they had different purposes for finding Su Chen this time, some of them needed Su Chen's help, some needed Su Chen to give her an explanation, and some needed to ask Su Chen. Some of her urgent problems, and some people wanted revenge on Su Chen.

But they all wanted to find that bastard as soon as possible, and at the junction of Xuzhou and Yangzhou, a convoy was heading towards Xuzhou City under the escort of tens of thousands of black-armored troops. , this is Su Yan who came from Lujiang County.

Su Yan did not return to Jingzhou this time.

She directly ordered the army to come towards Xuzhou. Su Yan was coming to take over the entire Xuzhou. Su Yan also got the news that Tao Qian wanted to give Xuzhou to Her, Su Yan would not miss such a benefit.

In the carriage,

Cai Yan looked at the secret message in his hand and asked with a surprised expression, "Miss Yan, can these messages be true? How could Cao Cao massacre the city in Xuzhou?"

Su Yan looked at Cai Yan with a serious expression on his face and replied, "The news cannot be false. It seems that Cao Cao is seeking death. It seems that I was wrong in not sending troops to destroy Cao Cao."

"Miss Yan, what are you going to do? Huang Yueying looked at Su Yan and asked nervously.

Huang Yueying had some understanding of Su Yan's character.

Besides, Tao Qian of Xuzhou had already given Xuzhou to Su Yan.

Huang Yueying did not believe that Su Yan would be indifferent to Cao Cao's massacre of the city in Xuzhou.

Su Yan shouted angrily,

"How to do it? I want to kill people. I want to slaughter all Cao Cao's troops in Xuzhou. Cao Cao dares to do these things that are not allowed by heaven. Then I don't intend to spare Cao Cao. After the Xuzhou incident is resolved this time, Jingzhou will launch a war against Cao Cao's Yuzhou. when.

Cai Yan dissuaded Su Yan after hearing what she said, "You want to start a war?" This is a lot of people who will die. Miss Yan, you have to think carefully."

"Then Cao Cao has massacred hundreds of thousands of people. Wouldn't this result in even more casualties? consider? I'm still thinking about it. If I hadn't been in Jingzhou now, I would have launched a war against Cao Cao."

Su Yan looked at Cai Yan and asked angrily.

Sisters Da Qiao and Xiao Qiao sat aside and looked at Su Yan's angry look. They did not dare to speak. Da Qiao and Xiao Qiao were not familiar with Su Yan yet. They were also afraid that saying the wrong thing would bring disaster to their family.

Huang Yueying patted Su Yan on the shoulder and nodded,"Miss Yan, I support you this time. Since Cao Cao dares to massacre people, you can't let him go." The cruel Cao Cao."

Su Yan unexpectedly looked at Huang Yueying, who had always been against her.

She didn't expect Huang Yueying to be so knowledgeable.

This made Su Yan more and more satisfied with Huang Yueying.

Su Chen shouted to the outside of the carriage,

"Someone coming"

"Miss!"

"Send a message to Zhao Yun and Wei Yan in Xuzhou, asking them to destroy all Cao Cao's troops attacking Xuzhou, killing none of them."

"Yes, miss!"

In the carriage, after Cai Yan, Da Qiao, and Xiao Qiao heard Su Yan's order, they all looked at Su Yan in surprise.

They didn't expect that Su Yan was going to massacre all of Cao Cao's troops. This made them distrustful of this. The little girl Su Yan was shocked. Su Yan at such a young age could be so cruel, which made them even more afraid of Su Yan.

Just when Cai Yan and the others in the carriage were afraid of Su Yan, another guard came from outside the carriage. the sound of

"Miss Qi, the flying pigeon in Xuzhou is delivering a message!"

"bring here!"

"Yes, miss!"

Su Yan took the secret message handed over from the carriage and opened it.

She just stood up after looking at it for a moment.

Su Yan rubbed her eyes and continued to read the secret message in her hand.

Cai Yanhe next to her Huang Yueying and the other four girls looked at Su Yan's panic, which surprised them all.

They had never seen Su Yan panic before. What was there in the secret message that made Su Yan so panic?

"Oh my God! This time I'm done!"

Su Yan sat down weakly after reading the secret letter.

She didn't expect that her father had also come to the Northern Continent, and also appeared in Xuzhou. Su Yan felt that her father must have come to the Northern Continent to take her back. , which made Su Yan feel that she might be doomed.

When Cai Yan heard Su Yan's scream, he hurriedly asked,

"What happened?"

"Ah, I'm going to die, I'm going to die, I'm really dead this time."

Su Yan looked at Cai Yan and the girls, covered his face and screamed.

Su Yan didn't think that Cai Yan and the girls would be looked down upon by his father. Although Cai Yan and the girls were all stunning beauties, they could None of them know martial arts. No matter how beautiful they are, they are still beautiful vases.

Su Yan also has no time for Cai Yan and the others to practice martial arts.

Her father has already arrived in the Northern Continent, and it is too late for Cai Yan and the others to practice now.

Chapter 1232

Huang Yueying and the others looked at Su Yan's expression of despair, and they became even more confused, why is he dying?

Su Yan was a powerful prince, with hundreds of thousands of elite troops. Her mother was also the empress of Huanyinfang. Who could threaten Su Yan? He even wanted to kill Su Yan

"Miss Yan, what happened? Huang

Yueying looked at Su Yan and asked hurriedly.

Su Yan still looked helpless and said in a low voice, "I'm going to die. I'm really going to die this time. No one can save me."

"How can it be? You are.....Your status is so noble, who can kill you?"

Huang Yueying knows Su Yan's true identity, the eldest princess of the Xuantian Empire.

How could Su Yan be killed?

Not to mention the tens of thousands of elite black-armored troops guarding the surroundings, even the black soldiers hidden around Su Yan. The masked woman is also very powerful, as well as the Shadow Team and the two Jiutian Saint Ji from Huanyinfang.

These powerful guards are protecting Su Yan. Could he be assassinated?

Cai Yan, Da Qiao and Xiao Qiao also looked at Su Yan and were very confused. There were tens of thousands of troops protecting Su Yan around here. Why would Su Yan say that he would die? He even said that no one could save her?

They not only thought, could it be that other princes sent out large armies to surround Su Yan's army?

"ah! You don't understand, you don't understand, what should I do? What should I do?" Su Yan patted his forehead and hurriedly thought about how to convince his father.

Should he run away again?

Or avoid her father?

This is probably impossible.

Although the Black Bird Legion cannot betray her, what about the secret guards? Where are the Shadow Assassins? Where are the Shadow Team? And the women in Huanyinfang, they obeyed her father's orders.

Huang Yueying saw Su Yan still looking panicked, so she asked angrily, "What happened?" What's the matter? You tell us and we can help you think of a solution!"

"My father is here and will definitely take me home this time. Can you help me?" Su Yan leaned on the sofa and said with a helpless expression,

"What? Your father? Your father is not Xuantian....."Huang Yueying was stunned when she heard Su Yan's words.

Su Yan's father?

Isn't that His Majesty the Emperor of the Xuantian Empire?

The emperor of the Xuantian Empire also came to the Northern Continent, which made Huang Yueying feel very confused.

Cai Yan listened to Huang Yueying's intermittent words and asked anxiously,"Huang Yueying, do you know Su Yan's father? Who is her father? What is Xuan Tian?"

Da Qiao and Xiao Qiao looked at Huang Yueying and wanted to know who Su Yan's father was. Who knows, Su Yan is a powerful prince at a young age, which makes them very curious about the identity of Su Yan's father.

"Tell them, they will know sooner or later anyway."Su Yan waved his hands indifferently when he heard Cai Yan's words.

When Huang Yueying heard Su Yan's words, she saw that Cai Yan and Da Qiao were all listening, and she said,

"Miss Yan's identity is the eldest princess of the Xuantian Empire, Princess Su Yan of Changle. You should know who her father is, right?"

"What? The eldest princess?"

"Miss Yan is actually the eldest princess of the Xuantian Empire?"

"Princess Su Yan of Changle? is this real?"

Cai Yan and the other three girls asked in shock when they heard Huang Yueying's words.

This frightened them,

Xuantian Empire!

This is a powerful empire.

Although they are in the Northern Continent, the news of Xuantian Empire is still there. The news has spread throughout the Northern Continent.

The powerful Xuantian Empire is a super empire spanning two continents, with millions of troops.

Cai Yan, Da Qiao and Xiao Qiao all looked at them with confused expressions. Su Yan.

Su Yan nodded and confirmed,

"You don't have to doubt that I am the eldest princess of the Xuantian Empire, Princess Su Yan of Changle. Now I have encountered a big crisis. You must help me this time, otherwise I will really die."

Huang Yueying relaxed after hearing Su Yan's words.

She thought Su Yan had met a powerful enemy, which made Huang Yueying worry about this little girl for so long in vain, "Tch! How could your father kill you? You are making trouble for yourself."

Su Yan hurriedly explained to Huang Yueying,

"I'm not talking about that kind of death. If I were taken back by my father, my mother would definitely lock me up. I would be suffocated to death if I had to learn useless knowledge every day. Huang

Yueying couldn't laugh or cry after hearing Su Yan's words and said, "We can't help you, eldest princess. We are all civilians. Do you think we can influence the decision of a powerful emperor?"

Su Yan looked at Huang Yueying and the others and stood up quickly and said,

"Okay, okay, you are all stunning beauties. My father just likes beauties. As long as you please my father, then my father might let me go."

Cai Yan asked with a look of disbelief when he heard Su Yan's words nearby,

"you.....Are you looking for so many beauties just for your father? Are you asking us to seduce your father, the Emperor of the Xuantian Empire?"

Su Yan nodded and said with a guilty conscience,

"Well, I'm worried that sooner or later someone will come and take me back. So when I came to the Northern Continent, I started looking for beautiful beauties everywhere. You are the most beautiful beauties I have found. You must help me this time."

"This is impossible. We will not sell our bodies to seduce your father. You don't need to say more."

"Su Yan, you are really a bad boy, there is no way we can help you like this"

"Neither can our sisters."

Huang Yueying, Cai Yan, Da Qiao and Xiao Qiao all refused angrily.

They would not help Su Yan like this.

Huang Yueying and the others did not expect that Su Yan was looking for beauties everywhere just to please her father. They all became Su Yan had the bargaining chip in his hand, which made Huang Yueying and the others look at the little girl Su Yan with anger and helplessness.

Su Yan touched the minibus and said with a wicked smile,

"hey-hey"

"Do you have any other options?"

"Don't forget that you are all in my hands. Besides, my father is the most powerful man in Tianxuan Continent."

"The emperor of the Xuantian Empire!"

"Moreover, my father is very handsome. If you become my father's woman in the future, then you will be one of the most powerful women in Tianxuan Continent. Isn't this good?"

The four girls Huang Yueying and Cai Yan were stunned when they heard Su Yan's words.

They thought that the four of them were forcibly taken away by Su Yan. They have no freedom now. If Su Yan really wants to send them away To her father, the emperor of the Xuantian Empire.

Can Huang Yueying and the four of them resist?

Chapter 1233

Su Yan looked at Huang Yueying and the other girls who looked ugly and smiled.

Although she didn't know if Huang Yueying and the others could deal with his father, there was no other way. Now they could only treat the dead horse as a living doctor.

Su Yan sat down again and said seductively,

"Don't worry, my father won't use force on you. Although my father likes beautiful women, you may not fall into my father's eyes."

"Although you are all very beautiful, you all have no strength at all. A woman without strength is just a vase."

"You can think about it, you are very beautiful now, but what about decades from now? You will age completely, and no matter how beautiful a woman is, she will eventually turn into a pile of withered bones."

"As for my father's women, none of them are powerful women. They are all powerful women in the Grand Master, Heaven and Human Realm, and even the Golden Core Realm. The lowest cultivation realms are all Grand Masters."

"They will all look young in the future"

"Can even live for hundreds or thousands of years"

"I am also giving you a chance. If you can get my father's love, and my father has the Beauty Pill and the Heaven and Earth Spirit Fruit in his hands, you will also have immortal appearance and a long lifespan in the future."

After Huang Yueying and the others heard Su Yan's words, they all looked at this cunning little girl with evil eyes.

They knew clearly that Su Yan was tempting them, but Su Yan's temptation was too attractive. His appearance would not age for hundreds of years

?

, or even a life span of thousands of years?

If an ordinary woman would definitely agree to this without hesitation, no!

I am afraid that based on the status of the Emperor of the Xuantian Empire,

99% of the women in the world will agree.

Not to mention those attractive conditions

"We won't agree, so you don't have to tempt us anymore. Huang Yueying said to Su Yan with a look of helplessness.

Cai Yan also said resolutely, "I won't agree either. You'd better give up on this idea."

"us.....Our sisters will not agree either."Da Qiao and Xiao Qiao also shook their heads and refused.

Su Yan smiled and took a sip of tea and said,

"This is not up to you. If you don't agree, what about your parents? If they knew my father's identity and also knew that I was going to send you to the Black Bird Palace, do you think your parents would object? Or will I personally deliver you to my father?"

Huang Yueying and the others' expressions changed dramatically when they heard Su Yan's words.

They thought that based on Su Yan's status in Jingzhou, their parents might not be able to object to such a good thing.

What's more, Su Yan is the eldest princess of the Xuantian Empire, and her father He is the emperor of the Xuantian Empire again.

If their parents knew this, I am afraid their parents would be eager to let Su Yan take them into the palace.

"Someone coming"

"Miss!"

"Speed up and go to Xuzhou City"

"Yes, miss!"

Su Yan looked at the contemplative Huang Yueying and the girls and smiled and ordered. She no longer avoids it. She can't avoid it. As long as his father decides to look for her, Su Yan can't avoid it no matter what.

Xuzhou,

Xuzhou has now completely become a gathering place for many parties.

Cao Cao's army is massacring the city, Liu Bei has no choice but to surrender to Cao Cao, the people of Xuzhou are fleeing for their lives, and Jingzhou's black-armored army is rushing to help Xuzhou.

There is also the arrival of Madam Ding's four daughters. ,

Gai Nie and the five sisters of the Zhen family are also passing through Xuzhou. Su Yan, Huang Yueying and the other girls are also going to Xuzhou City. Su Chen's orders in Guangling City are massacring Cao Cao's army. The counties and counties in Xuzhou are now very uneasy..

On an official road, two carriages were driving alone on the official road.

In the carriages were Su Chen and Mrs. Yan, who were riding to Jingzhou. After Yan Ying and Lu Lingqi left with five thousand black-armored cavalry, the carriage was also driven. It could only be Madam Yan's maids.

In the carriage,

Madam Yan shouted angrily when she saw Su Chen sitting next to her, "Stay away from me, damn it, I've already massaged your shoulders, you don't want to Too much."

Su Chen touched his nose and said hurriedly, "Don't get me wrong, I just want to discuss something with you. Besides, Mrs. Du is massaging me now, so I won't pay attention to you anymore."

"you say."

Mrs. Yan saw Mrs. Du massaging Su Chen with a red face.

She glared at Su Chen and shouted, this bastard has been messing around when he set out, and even threatened her and Mrs. Du at every turn. She and Mrs. Du They were very helpless before agreeing to give this bastard a massage, which made them very embarrassed.

Su Chen smiled and teased Madam Yan, "Can you give me a massage every day from now on?"

"You dream, I will never give you a massage again as a bastard." Mrs. Yan yelled angrily when she heard Su Chen's words.

Su Chen smiled and said seriously,

"Haha, I was just kidding, Mrs. Yan, I hope that after arriving in Jingzhou, you and Mrs. Du can help me teach my daughter some etiquette, as well as those camellia flowers, tea art and other self-cultivation skills. Mrs.

Yan asked Su Chen in confusion, "Your daughter is a princess, will she have no one to teach her these things?"

Mrs. Du also stopped the massage and looked at Su Chen in surprise. She also wanted to know why Su Chen said this. Doesn't a princess know any etiquette? This is simply impossible.

Su Chen saw Mrs. Yan and Mrs. Du. Everyone looked at him in confusion, which made Su Chen a little embarrassed.

Su Yan was a crazy girl. Although she knew etiquette and the importance of things, Su Chen wanted Su Yan to learn to be quieter in the future and not to be secretive at all times. Run out and cause trouble,

"Ahem, my daughter is quite naughty. She has never learned these things. Now my daughter is like a wild child and runs away from home at every turn. Her mother and I are both worried about her."

"hehe....., I think your daughter is the trouble maker just like you."

"Madam Yan, your daughter Lu Lingqi is not very good either. She is more interested in fighting and killing. Your daughter is a tomboy."

When Mrs. Yan heard Su Chen say that her daughter didn't look like a girl, she said to Su Chen unkindly,

"Humph, my daughter is like a woman, but she is like your daughter. Your daughter is a prince at a young age, and she is also a powerful prince. But I heard that Miss Yan from Jingzhou orders the army to massacre other princes at every turn."

"And this thing?"

Su Chen asked in surprise when he heard Mrs. Yan's words.

Mrs. Yan glanced at Su Chen and explained,

"This is true. When the 19 princes were fighting against Dong, your daughter was at the princes' alliance. Gongsun Zan of Youzhou provoked your daughter, but your daughter ordered the army to destroy Gongsun Zan and his army in public."

"I'll do it! Is my daughter so fierce? Darling, this is exactly like me. Well, she is my daughter after all." Su Chen did not expect that Su Yan would destroy a prince when he first arrived in the Northern Continent.

Gongsun Zan of Youzhou was also unlucky enough.

Gongsun Zan did not die in the hands of Yuan Shao, but was killed by his daughter Su Yan.

Su Chen also treated Su Yan Yan was surprised and speechless.

Su Yan was becoming more and more like a queen.

Although this was a good thing,

Su Yan was still too young.

Su Chen just wanted Su Yan to have a good childhood. He didn't want Su Yan to be like this. When I was young, I did these things of beating and killing.

"You are so in love, you will have a headache sometimes after having a daughter like this."

## Chapter 1234

Mrs. Yan didn't expect that Su Chen not only didn't care about her daughter's cruelty, but even talked about it narcissistically.

It's true that like father, like daughter.

Su Chen ordered the black-armored army to massacre Cao Cao's army in Guangling City, but this bastard's daughter was even more cruel than him. Miss Yan from Jingzhou actually dared to massacre her allies even if they disagreed. The two father and daughter were really hopeless.

Mrs. Du was speechless after hearing Su Chen's words.

She had no hope for the future now.

This bastard was so shameless and rogue.

If Su Chen handed her over to the more cruel eldest princess in the future, Mrs. Du felt that she would be afraid of the future. It's going to be dark to the end

"Mrs. Du, continue the massage."

Su Chen leaned back and closed his eyes.

He now has to think carefully about what's going on in the Northern Continent. The war in the Han Empire must be launched as soon as possible.

Su Chen doesn't want to conquer a shabby Northern Continent in the future.

Moreover, Su Chen has already sent a letter to the Black Bird Palace in the Southern Continent. Su Chen hopes that Jellyfish Yin Ji, Shi Guanyin and others can come.

The good man's bad handsome man Yuan Tiangang and Tianmen Emperor Shitian are powerful masters. Li Maozhen and Yan Ying of Huanyinfang are no match for those two old scheming men.

The emperor of Tianmen is a lunatic, and he is not interested in the world.

In the future, emperor just needs to let Jellyfish Yinji and the others defeat him.

It's just that bad people are a bit difficult to deal with.

The conspirator Yuan Tiangang is full of schemes and tricks, and Li Shimin and Yuan Tiangang are also involved. The two of them are probably his important opponents in unifying the Han Empire in the Northern Continent.

After Su Chen leaned against her body, Mrs. Du blushed and was at a loss.

Mrs. Du wanted to push Su Chen away, but she didn't have the courage.

After hearing Su Chen's instructions again, Mrs. Du She tremblingly stretched out her hand to massage Su Chen.

Madam Yan looked at the timid Madam Du and shook her head.

She couldn't care about this.

Madam Yan also massaged this bastard just like this. She didn't want to mess with him again. After getting angry with Su Chen, she was threatened by this bastard to give him a massage like this again

"Ding, host, something happened in the foreign war."

Just when Su Chen was thinking about these things, the system suddenly sounded a prompt in Su Chen's brain.

"What happened?"

When Su Chen heard the system's words, he hurriedly asked in his mind,

"Ding, this foreign war is the [Great Wall], and there is a limit on the number of people in this foreign war. Each team can only have three people participating."

"【Great Wall】? Are you going to fight that monster Taotie? System, why is there a limit on the number of people this time?" Su Chen was very puzzled when he heard the system's answer.

He had also seen the movie The Great Wall.

The Taotie in it could be said to be powerful, but it could also be said to be very weak. As long as the Taotie King is killed, the rest of the Taotie army will not be able to. It is very simple to destroy the Taotie army by moving.

Su Chen touched his chin and thought that if he participated in this foreign war, he would not need to summon an army to destroy the Taotie army. He could quickly teleport. After killing the Taotie King, the remaining Taotie are destined to be slaughtered.

But why is there a limit on the number of people in this foreign war?

Is it because it is too simple?

"Ding, host, this is the last trial war, and the alien war will begin in the future. I learned from Tiandao that this time is to give the weak in each team a chance, and the rewards of the final trial war will be higher than the previous one. More rich."

Su Chen touched his chin and thought after hearing the system's explanation:

【The last trial war?】

【From now on, there will be brutal confrontations with races in other worlds. It's interesting. What race will be those who have the qualifications to participate in the war? Orcs? Elf? Medusa? dwarf? Or a mermaid? 】

Su Chen thought for a while and said to the system, "System, I give up this foreign war and let others participate."

"Ding, host, the reward this time is very generous. Do you really want to give up?"

Su Chen shook his head and said,

"system!"

"Participating in this foreign war with my strength is a bit of a fuss."

"【Great Wall】 This is a not very powerful war"

"Bai Yuekui and the others can use meteorites to destroy the Taotie King, and the rest of the Taotie army will be unable to move. It will be very simple for them to complete the trial war mission."

"Besides, Bai Yuekui and Qilin are too weak. Let them participate in the war to improve their strength this time."

"Ding, the system will help the host refuse this foreign war mission."

"Thanks."

Su Chen thought about it after the system disappeared.

He didn't know who of the remaining four people would participate. Bai Yuekui, Qilin, Xiao Longnu, and Li Maozhen. There was one more person among them. He didn't know who of them would withdraw this time. Foreign war?

The carriage is still moving slowly towards Jingzhou.

The three people in the carriage are thinking about their own things. Su Chen closes his eyes and thinks about who among Bai Yuekui and the others will participate in this foreign war.

Madam Yan looks at it with complicated eyes. Su Chen, she was thinking about how she could get the emperor of the Xuantian Empire to save Lu Bu's life.

While Mrs. Du was massaging Su Chen, she was thinking about what her fate would be like after arriving in Jingzhou.

Mrs. Du was worried about Qin Yilu came to save her with no hope at all.

Three days later,

Yanzhou,

Shanyang County, and Changyi.

Lu Bu had completely occupied the entire Yanzhou with the help of Chen Gong, and his army had also expanded to more than 100,000.

Some nobles in Yanzhou still provide a steady stream of support to Lu Bu, with money, materials, and even soldiers.

These nobles in Yanzhou are very satisfied with Lu

Bu's occupation of Yanzhou. Although Lu Bu is occupying Yanzhou, they are the officials in various counties. If these nobles rebel against Lu Bu, Lu Bu will return to before liberation overnight.

In the Changyi County Governor's Mansion,

Lu Bu sat in high spirits and looked at the generals under his command.

He now has Although the emperor of Xudu has not yet made him the Mu of Yanzhou, it will happen sooner or later. As long as Cao Cao can't do anything to him in the future,

Cao Cao will definitely appease him and let the emperor make him the Mu of Yanzhou.

Lu Bu looked to the side Zhang Liao ordered, "Zhang Liao, we cannot stop recruiting troops. Cao Cao has more than 200,000 troops. We must be careful that Cao Cao captures Xuzhou and then attacks Yanzhou."

"Yes, General!"

Zhang Liao saluted Lu Bu and replied.

Lu Bu thought for a while and continued to order,

"Also, send someone to Xiapi to pick up the wife and young lady to Yanzhou, and the families of other generals in Xiapi City will also be picked up. We have more than 100,000 troops in Yanzhou, and we don't have to worry about being destroyed by other princes in the future."

"Yes, General."

Lü Bu then ordered the generals to step up military training. He knew that as long as Cao Cao freed up his hands, he would definitely come back to capture Yanzhou. Lu Bu did not want the Yanzhou he had just obtained to be taken away by Cao Cao again.

"General, there is a man named Li Shimin outside asking for an audience."

At this moment, a soldier came in and saluted Lu Bu and said,

"Li Shimin? Gongtai, do you know this Li Shimin?"

Chapter 1235

Lu Bu heard that someone wanted to see him, and it was someone he was not familiar with.

This made Lu Bu a little confused.

The soldiers in the governor's mansion would not just come to him and report to him casually. There was something special about this person or something. Aren't they just the nobles of Yanzhou?

Lu Bu could only ask his newly recruited counselor Chen Gong to see if Chen Gong knew this Li Shimin.

Chen Gong was confused after hearing what Lu Bu said.

Li Shimin?

Who is this?

There is no such person as Li Shimin in Yanzhou, and among the gentry in Yanzhou, no gentry named Li has ever been heard of.

Chen Gong shook his head and said to Lu Bu, "I don't know, lord, it's better to meet this Li Shimin. Maybe this Li Shimin has something important to tell lord."

"Well, let Li Shimin come over." Lu Bu thought for a while and decided to meet this Li Shimin.

"Yes, General!"

The next moment,

Li Shimin, protected by dozens of guards, was waiting for Lu Bu to receive him outside the governor's house in Changyi County, Yanzhou.

When Li Shimin saw Lu Bu's army in Yanzhou, he was very disdainful...

Lu Bu's troops They were all peasant armies without combat effectiveness. Lu Bu was also lucky enough to get the help of the Yanzhou nobles to occupy Yanzhou.

Otherwise, based on his understanding of Lu Bu,

Lu Bu would be a grasshopper after autumn, and he would not be able to survive for a few days.

Li Shimin looked up at the sky and thought that he was completely defeated by the Xuantian Empire's attack on the Western Continent.

No, the Xuantian Empire had not been established at that time, and their Li family was attacked by

Su Chen's bastard woman Shen Luoyan. They were completely defeated.

Thinking of this, Li Shimin clenched his fists with a gloomy face.

The Li family had hundreds of thousands of troops, but what happened in the end?

Li Shimin thought that their Li family had never faced Su Chen at all, and their Li family was That woman Shen Luoyan led the army and wiped it all out.

If he hadn't run away quickly when he saw that the situation was not right, he would have been caught and executed along with his father and brothers.

Li Shimin was very worried when he thought of the powerful Xuantian Empire. He was powerless. The power of the Xuantian Empire made him really weak.

However, this time he came to the Northern Continent and got help from the bad people of the Northern Continent.

Li Shimin was confident of unifying the Northern Continent. When the time comes, he would be the one to lead it. The army was competing with the Xuantian Empire.

At this time, a soldier came out of the county governor's mansion.

The soldier waved to Li Shimin and said, "Master Li, our general has invited you."

"Thank you very much."

Li Shimin looked at the governor's house and smiled handsomely and walked in.

He came to Yanzhou this time to control Yanzhou. Yanzhou was the place where he would start his career in the future. Li Shimin didn't care about Lu Bu, who was brave and foolhardy. There are many ways to deal with Lu Bu.

Xuzhou,

Yan Ying and Lu Lingqi led the army towards Qingzhou quickly. They marched in a hurry along the way. This was also thanks to the fact that they were all black-armored cavalry this time, they were able to quickly attack Leaving Xuzhou

"stop!"

Yan Ying was riding her war horse and suddenly felt that there were several powerful masters in front of her. She waved her hand and ordered,

"Sister Yan Ying, what's wrong?"

Lu Lingqi asked suspiciously after hearing Yan Ying's order.

Lu Lingqi admired Yan Ying very much these days.

In these days,

Yan Ying gave her special training.

Lu Lingqi's strength improved very quickly.

She was also very shocked by Yan Ying's strength. It was only in the past few days that Lu Lingqi learned that Yan Ying was actually a powerful master of the Heavenly Realm, which was much stronger than his father Lu Bu. Yan Ying looked towards Shan Lin in front said expressionlessly,"There are several powerful beings in front of us, and they seem to be here specifically for us."

"Huh! There are actually people looking for death, Sister Yan Ying, I will lead the army to destroy them."Lu Lingqi didn't expect anyone to dare to intercept them.

They have five thousand elite black-armored cavalry and even a powerful master of the Heavenly Realm.

These people who intercepted them really wanted to die.

Yan Ying nodded. Agreeing, "Well, you can lead two thousand-man troops to destroy them. Those people are at the level of cultivation of some masters. They cannot be the opponents of the black armored cavalry.""

"Haha, thank you very much, Sister Yan Ying." Lu Lingqi was very happy when she heard Yan Ying's words. She waved to the two commanders next to her and rushed out at the lead. Seeing

Lu Lingqi rushing over first, the two commanders of the black armored cavalry also hurriedly led them. Their respective black-armored cavalry rushed over with Lu Lingqi.

"Crossbow ready! Lu Lingqi ordered when she saw three people blocking the front of the bridge,

"put!"

Swish swish swish" .....

At this moment, the faces of the people on the bridge changed drastically when they saw the black-armored cavalry charging towards them. They did not expect that these troops would launch an attack without coming over to talk, which caused them to avoid being shot by military crossbows.

While Bu Jingyun quickly dodged the crossbow attack, he hurriedly asked Nie Feng, "Nie Feng, are you sure your mother is in this army? Why would this army attack us?"

Nie Feng's expression changed. He replied seriously, "I'm sure, from the news from our Tianxiahui spies, my mother is in this army."

Kong Ci said with a pale face, "Nie Feng, please contact us quickly. Your mother, these armies are too powerful, and these are Qi-breaking crossbows. We will be in trouble if we are shot."

"Yes, please contact your mother quickly, otherwise we will be shot into a hornet's nest soon."

Bu Jingyun watched the black-armored cavalry keep shooting them with Qi-breaking crossbows. His Qi was also consumed very quickly.

If he didn't stop these black-armored troops from shooting, they would start to escape. Otherwise, they would be surrounded by thousands of black-armored troops and it would be impossible for them to escape even if they wanted to.

"Stop, we are not enemies, we want to see Yan Ying." Nie Feng shouted towards the opposite side with a worried look on his face.

"Huh? Want to see Yan Ying? Are these people people Yan Ying knows? Lu Lingqi thought suspiciously when she heard Nie Feng's shout. She looked at these people and waved her hand to tell the black armored cavalry to stop shooting.

"Who are you? What's the relationship with Yan Ying?"

Nie Feng saw that the army had stopped attacking and said hurriedly, "General, I am Yan Ying's son Nie Feng. We are really not enemies."

"puff! Cough cough cough, what did you say? You mean Yan Ying's son?" Lu Lingqi was very shocked when she heard Nie Feng's words.

She didn't expect that some of these people would say that he was Yan Ying's son. But does Yan Ying have a son? And he is a son who is older than her.

Lu Lingqi doesn't have a son now either. Knowing whether what this person said was true, she could only wait for Yan Ying to arrive to see if it was true.

Lu Lingqi was also very interested in these things now, but she knew that the relationship between Yan Ying and Su Chen was very close. Ordinarily, if that bastard Su Chen knew that Yan Ying had such an old son, I wonder what that bastard would look like?

And how old is Yan Ying?

If this man is really Yan Ying's son,

Then Yan Ying is probably older than her mother. Wasn't that bastard Su Chen eaten by Yan Ying?

Lu Lingqi couldn't help but smile when she thought of this.

Nie Feng quickly heard Lu Lingqi's words. He replied, "General, I am really Yan Ying's son. If you don't believe it, you can ask Yan Ying."

"Don't move around, otherwise I will order the army to attack you again. Yan Ying will be here soon. I will know whether what you said is true or false will be clear soon."

Chapter 1236

Although Lu Lingqi temporarily believed Nie Feng's words, she would not give up her vigilance until Yan Ying confirmed it.

The black-armored cavalry around Lu Lingqi all held crossbows and aimed at Nie Feng and the others. As long as Nie Feng and the others made the slightest move, the black-armored cavalry would shoot them without hesitation.

Nie Feng and the others looked at the black-armored army who had not let down their guard at all.

They were all speechless.

This time they were so confused that they were almost shot to death.

Also, whose army are these black armored cavalry?

These black-armored cavalry are stronger than any army they have ever encountered. Although they can escape from the black-armored cavalry here, the three of them will probably be seriously injured.

The black-armored cavalry's Qi-breaking crossbows were too threatening to them.

After Yan Ying arrived with the remaining black-armored cavalry, the black-armored cavalry around Lu Lingqi saluted Yan Ying.

Lu Lingqi came to Yan Ying and said hurriedly, "Sister Yan Ying, there is a man named Nie Feng here who says he is your son. Is this true?"

Yan Ying exhaled heavily after hearing Lu Lingqi's words and replied,

"call! it is true."

Yan Ying looked at Nie Feng by the bridge and her face darkened.

She did not expect that Nie Feng would arrive, which made Yan Ying not know how to face Nie Feng for a moment, but Nie Feng was her son after all. Yan Ying It is also impossible not to see her son

"Lingqi, you wait for me here with your army, I'll go over there and explain."

"good."

Lu Lingqi saw that Yan Ying's face was very ugly, and she didn't dare to go see the fun at this time. If she angered Yan Ying, she would be very miserable in the future.

"Nie Feng!"

Yan Ying appeared at the bridge in a flash. She looked at the grown-up Nie Feng and shouted with a complicated expression,

"mother!"

Nie Feng shouted happily when he saw Yan Ying arriving.

Nie Feng did not expect that her mother's appearance had not changed at all. His mother's appearance was still exactly the same as in his impression.

Bu Jingyun and Kong Ci looked at Yan Ying and were very surprised. , they didn't expect Yan Ying to be so beautiful, and Yan Ying, who was already several decades old, still looked very young. Yan Ying didn't look like a woman with such an old son. Yan Ying heard Nie Feng shout Her mother's heart trembled, but she thought of the past and said coldly,"Nie Feng, don't call me mother again. You should know the relationship between me and your father. Ever since you took your father's side, We no longer have a mother-son relationship."

Nie Feng turned pale when he heard Yan Ying's words and asked,"Mother, haven't you forgiven your father after so many years? Yan

Ying looked at Nie Feng and laughed.

"forgive?"

"Hahaha....., Nie Feng, I said more than ten years ago that your father and I have severed all ties with each other."

"Your father has also gone crazy, right? I kept asking your father to give up practicing because of the crazy blood of the Nie family, but what happened in the end?"

"What did your father do to me in order to become the best in the world? Your abominable father actually wanted to change my blood. Is your father going to imprison me for the rest of my life?"

"He can stay in seclusion for decades for the sake of cultivation. Do you want me to stay with him in seclusion all the time? Or does he think I will leave him?"

"If I hadn't been strong enough to fight off your father, do you think I would be dead now? Or are you as crazy as your father?"

Nie Feng fell silent when he heard Yan Ying's words.

He knew everything about what happened back then. Even when his parents fought, he knew why.

All of this was because his father wanted her mother to go to Lingyun Cave for retreat and practice together. But is anyone allowed to enter Lingyun Cave casually?

His father even went so crazy that he wanted to exchange blood for his mother and keep his mother.

These things were his father's fault, but that was just because his father didn't want to lose his mother. Nie Feng They felt that his father had done nothing wrong, but his methods were a bit disgraceful.

Bu Jingyun and Kong Ci were very surprised when they heard Yan Ying's words.

They did not expect that Nie Feng's father would do this, which made them also feel sorry for Nie Feng. Fengjiu's father looked down on him very much

"Mother, do you really no longer forgive my father? Nie Feng looked at Yan Ying and asked complicatedly.

Yan Ying smiled thinking of that bastard Su Chen and said, "I'm already married, Nie Feng. I came to see you today because you are my son." For my sake, we don't want to meet each other again."

When Nie Feng heard Yan Ying's words, he shouted angrily, "You're actually married? Are you treating my father like this?"

"Sorry about your father? I broke up with your father more than ten years ago. How can I feel sorry for your father?"

"who's that person? i want to kill him"

"Palm mouth!"

Yan Ying ordered with a gloomy face when she heard Nie Feng's ungrateful words,"

Pah!

" A masked woman in black suddenly appeared next to Nie Feng. When Nie Feng didn't react, the masked woman flew away with one palm. Nie Feng.

Boom!

Nie Feng was blown away and hit the bridge. After he fell down, he vomited blood and wanted to know who attacked him, but he looked around and didn't find anyone else here.

Bu Jingyun and Kong Ci looked at Yan Ying in surprise.

They had seen clearly just now, especially the sudden appearance of the masked woman in black. Although they wanted to remind Nie Feng, the woman in black and masked The speed was too fast. Before they could notify Nie Feng, Nie Feng was slapped away.

Bu Jingyun and Kong Ci were very frightened about Yan Ying. If the masked woman in black just assassinated them, they would I am afraid that without any reaction, I will be killed by the masked woman in black.

Yan Ying looked at Nie Feng who was vomiting blood and said coldly,

"Nie Feng, you'd better see your identity clearly. Ever since you attacked me for your father more than ten years ago, I don't want to recognize you as my son anymore. Today we also completely severed the relationship between mother and son."

"who's that person? tell me! tell me!"Nie Feng asked Yan Ying with a crazy look on his face, and Yan Ying said expressionlessly,

"The emperor of the Xuantian Empire, Su Chen!"

Yan Ying also wanted Nie Feng not to bother her anymore. She was still very disappointed after seeing Nie Feng this time. Nie Feng and King Nie are the same person, and it is impossible to change anything like this.

Yan Ying Ying also wanted Nie Feng to know her current identity, so that Nie Feng could completely forget her as a mother in the future. Yan Ying was also very sad and helpless for a son who had taken action against her.

"What? The emperor of the Xuantian Empire? How can this be? Are you lying to me?" Nie Feng shook his head in disbelief when he heard Yan Ying's words and shouted loudly,

"who I am? Yan

Ying looked in the direction of the black armored cavalry and asked loudly,

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

Chapter 1237

After hearing Yan Ying's words, the five thousand black armored cavalry soldiers dismounted neatly, knelt down and saluted Yan Ying and shouted,

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

Lu Lingqi also bowed down and saluted Yan Ying.

She is now Yan Ying's general. Yan Ying said that as long as Lu Lingqi performs well, the five thousand black armored cavalry here will be under her command in the future. Lu Lingqi can't be wrong. Yan Ying was respectful.

Bu Jingyun and Kong Ci looked at Yan Ying with dumbfounded expressions.

They did not expect that Nie Feng's mother was actually the concubine of the Xuantian Emperor. This identity was really scary.

They Tianxiahui had collected According to the information about the Xuantian Empire, the Xuantian Empire not only has millions of elite troops, but also the land gods in the heaven-human realm can be counted on one hand.

Bu Jingyun and Kong Ci also figured it out now, no wonder these black-armored troops They are so powerful, and their weapons and equipment are also very sophisticated. It turns out that these are the elite troops of the Xuantian Empire.

"How can this be? How can this be?"Nie Feng muttered to himself in despair when he heard the salutes of the black-armored army.

Dong-dong-dong-dong.....

At this moment, the sound of horse hooves suddenly came over.

After a while, more than 100,000 black-armored cavalry appeared in the distance across the bridge. Those black-armored cavalry quickly rushed towards the bridge here.

Lu Lingqi waved when she saw the black-armored cavalry arriving quickly in the distance. She and the black-armored cavalry hurriedly came to Yan Ying's side, and five thousand black-armored cavalry also formed a defensive formation to protect Yan Ying.

Bu Jingyun and Kong Ci hurriedly pulled the lost Nie Feng aside, but they did not dare to compete with so many troops.

More than 100,000 black-armored cavalry appeared, but they didn't know they were here to deal with Yan Ying?

Or passing by here?

"Crossbow ready! Lu

Lingqi ordered as she looked at the black-armored army that was still attacking.

There are many princes in the northern continent whose armies are all black-armored. Cao Cao and Yuan Shao in the north all have black-armored armies. Lu Lingqi can't. Might as well these incoming black-armored troops.

Yan Ying looked at the black-armored troops in the distance and smiled and said to Lu Lingqi, "Lu Lingqi, lift the alert, these are Qingzhou's Tenglong combat army."

"Sister Yan Ying, have you seen the Tenglong Combat Legion in Qingzhou? Lu Lingqi looked at Yan Ying doubtfully and asked,

"No, but I saw clearly that the equipment and weapons of those black armored cavalry are exactly the same as ours. So you understand, right?"

"I understand, disarm the war!"

After a while, more than 100,000 black-armored troops appeared across the bridge. The two black-armored troops looked at each other across the bridge.

At this time, a burly general appeared on the opposite side and shouted towards Yan Ying, "You guys Is it the army there? Is it the army coming from Jingzhou?"

"Who is opposite? Lu

Lingqi immediately stepped forward and asked.

The general opposite continued to Lu Lingqi, "Little girl, I'm asking you this first, and you haven't answered me yet."

Lu Lingqi was very angry when she heard the words of the general opposite.

She is a general now, but the person opposite actually called her a little girl.

Lu Lingqi decided to ask Yan Ying to help her teach this general who looked down on her a lesson.

Lu Lingqi pretended to be a general. The deputy shouted in a condescending manner, "The Imperial Concubine of the Xuantian Empire is here, are you members of the Tenglong Combat Legion? If so, why don't you come and pick me up as soon as possible."

Across the bridge,

Yue Fei was very surprised when he heard Lu Lingqi's words.

He did not expect that the other party knew that they were the Tenglong Combat Legion, and that the imperial concubine of the Xuantian Empire was also opposite.

This made Yue Fei hurriedly bring some legion commanders over from the other side of the bridge. , but they did not believe that Lu Lingqi was deceiving them. The black-armored cavalry here was unique to the Xuantian Empire. Other princes in the northern continent did not have such equipment and weapons.

Yan Ying saw more than a dozen black-armored cavalry. When she arrived, she took out the blue bird jade pendant and handed it to Lu Lingqi and said, "Lu Lingqi, show them this blue bird jade pendant.""

"Okay, Sister Yan Ying."

Later, after

Lu Lingqi handed the blue bird jade pendant to Yue Fei who arrived, when Yue Fei saw the blue bird jade pendant, he hurriedly led more than a dozen regiment commanders to kneel down and salute Yan Ying, "The third cavalry regiment of Tenglong Combat Corps, regiment commander Yue Fei, See Princess"

"Tenglong Combat Corps, Commander of the Fourth Cavalry Corps, see the Imperial Concubine!"

"Tenglong Combat Corps, Commander of the Sixth Cavalry Corps, see the Imperial Concubine!"

"Tenglong Combat Legion, Commander of the 7th Cavalry Legion, see the Imperial Concubine!"

As Yue Fei and other army commanders knelt down to salute Yan Ying, more than 100,000 black-armored troops also knelt down and saluted Yan Ying, saying,

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

"See the imperial concubine, long blessings to the imperial concubine!"

"Everyone, get up."

Yan Ying waved her hands and said as she looked at the black-armored army kneeling on the ground.

Yan Ying felt the benefits of power for the first time.

Although she was a powerful person in the world in the past, she didn't have so many. People respect her from the bottom of their hearts.

These are their troops, and there will be many troops who will treat her with such respect in the future. Yan Ying looked at the blue bird jade pendant in her hand and smiled. Now she misses Su a little. That bastard in the morning

"Thanks, Princess! Yan

Ying looked at Yue Fei and asked, "Commander Yue Regiment, where is Gai Nie, the commander of your Tenglong Combat Regiment?"

"After returning to the imperial concubine, Commander Ge Nie went to Jingzhou. Yue Feili replied,

"Jingzhou? Why did Gai Nie go to Jingzhou at this time?" Yan Ying frowned when she heard that Gai Nie had gone to Jingzhou.

Su Chen wanted the Tenglong Combat Legion to start a war as soon as possible. Now the commander-in-chief of the Tenglong Combat Legion is not in Qingzhou.

This means that it is not easy for Yan Ying to overstep her authority and command the Tenglong Combat Legion..Yue

Fei saw Yan Ying's frown and hurriedly explained,

"Princess, our Tenglong Combat Legion is ready to launch a war against the princes in the Han Empire. Commander Genie also wants to discuss with the eldest princess how to attack the princes in the Han Empire."

Yan Ying understood after hearing Yue Fei's words.

It turned out that the commander-in-chief of the Tenglong Combat Legion also wanted to launch a war, but before launching the war, Gai Nie wanted to fight against Su Yan.

Yan Ying thought for a while and ordered Yue Fei,

"Yue Fei, His Majesty the Emperor has an order. The Tenglong War Legion is to attack the northern princes of the Han Empire. The eldest princess is going to attack the south of the Han Empire. You should immediately send someone to inform Gai Nie. In addition, the Tenglong War Army must be ready for war at any time."

"Yes, Princess!"

"Let's go to Qingzhou!"

Yan Ying looked at Nie Feng next to her and left here.

As for what Nie Feng will do in the future, she can't control it. Whether Nie Feng lives or dies depends on his choice.

"yes!"

Dong dong dong.....

As Yan Ying left under the escort of more than 100,000 black-armored troops, the bridge became quiet.

However, Nie Feng, Bu Jingyun, and Kong Ci did not calm down in their hearts. What Yan Ying said just now made them But what they heard clearly was that none of them expected that the Xuantian Empire would actually launch a war against the Han Empire.

Moreover, the identity of Nie Feng's mother Yan Ying is too scary.

Judging from the situation just now,

Yan Ying is the decision-maker for the Xuantian Empire's arrival in the Northern Continent Army. It can even be said that Yan Ying is responsible for this war against the Han Empire. Hosting

"Nie Feng, let's go back and forget about this mission."

Chapter 1238

After Yan Ying left with the army, Bu Jingyun looked at Nie Feng who still looked lost and reminded him, "Nie Feng, let's go back. Let's forget about this mission."

Bu Jingyun Although he didn't know what happened between Nie Feng and Yan Ying, he had some understanding from the conversation just now, but Bu Jingyun didn't expect that Nie Feng would take action against his mother for his father.

After this, Bu Jingyun looked at Nie Feng with great disdain.

Not only did Nie Feng not object to what his father did, he actually helped his father do those disgusting things. This caused a huge change in Bu Jingyun's attitude towards Nie Feng.

"Let's leave!"

Kong Ci looked at Nie Feng and said, she has also changed some things about Nie Feng now. Nie Feng even attacked his mother. This can only be said that Nie Feng is too pedantic.

Nie Feng is also in her heart now. A person who does not distinguish between right and wrong, or even a person who does not care about right or wrong for one purpose.

Nie Feng suddenly said with a gloomy face, "I am going to Lingyun Cave, and I want to tell my father these things."

Bu Jingyun was very surprised when he heard Nie Feng's words.

Nie Feng's father had gone crazy. If Lingyun Cave hadn't been able to trap King Nie, I'm afraid many people in the world would have been massacred by the crazy King Nie.

But now Nie Feng actually wants to let his father, King Nie, out of Lingyun Cave. Does he want his father to kill his mother? Or does Nie Feng think that his father is invincible and even the Xuantian Empire doesn't care?

Bu Jingyun looked at Nie Feng and asked He said very angrily,

"Nie Feng, are you crazy? Are you going to watch your parents kill each other? Or do you want your father killed? It's not like you don't know how powerful the Xuantian Empire is. If your crazy father kills your mother, do you think the Xuantian Empire will let your father go? You're a fucking moron. Nie

Feng clenched his fist and said resolutely, "I don't care, I will ask my father to arrest my mother and return to Lingyun Cave.""

Nie Feng felt very resentful when she thought of her mother getting married again. His mother Yan Ying can only belong to his father. This is a fact that cannot be changed, a fact that no one can change.

Bu Jingyun heard Nie Feng's words He yelled angrily, "You're such an idiot. I don't care about you anymore. I hope you won't regret the decision you made today.""

Kong Ci also persuaded Nie Feng on the side,

"Nie Feng, you are such a selfish villain. Your parents have separated. Your mother is free to decide who she will be with in the future. If you do this, you are bound to cause a huge tragedy. Nie

Feng blushed and shouted to Kong Ci and Bu Jingyun, "Those are my father and mother, not your parents. If it were you, would you like to see this?"

Kong Ci threw down his sleeves with an angry look and said, "You.....You are simply unreasonable, Bu Jingyun, let's leave. I don't want to see this person who doesn't distinguish between right and wrong now."

"Let's leave!"

After Nie Feng saw Bu Jingyun and Kong Ci leaving, he looked at the direction Yan Ying left, and then walked away in the other direction with a determined look.

He would not let his mother fall into the arms of other men. Regardless of whether that man is the emperor of the Xuantian Empire, his father is a powerful master of the Heavenly Realm. Nie Feng believes that his father can bring his mother back. At night, a piece of grass next to the official road in Xuzhou On the way, Su Chen, Mrs. Yan and Mrs. Du rested here. There was no village in front of it or a shop in the back, so they could only spend the night in the wild.

After the maid prepared the meal,

Su Chen and Mrs. Yan They started eating by the river, but Su Chen occupied a large area by himself. Mrs. Yan and Mrs. Du were sitting far away from Su Chen as if Su Chen were a tiger.

Su Chen looked far away from him The two girls far away were speechless and said,

"I said, is this what you are doing? I want you to sleep with me. Do you think you can escape?"

Mrs. Yan looked at Su Chen with disdain and said, "Tsk! Who do you think you are? Don't think I didn't see what you did secretly to Mrs. Du in the carriage."

When Mrs. Du heard Mrs. Yan's words, she lowered her head in shame.

She didn't expect that all the things Su Chen did to her would be discovered by Mrs. Yan, which made Mrs. Du feel ashamed to see others.

Mrs. Du It was also during the afternoon break that she was teased by this bastard for a while. She didn't expect that Mrs. Yan would discover this matter.

Su Chen looked at Mrs. Du and lowered her head in shame and asked with a smile, "So you were pretending to be resting in the carriage?"

"Do I dare to rest peacefully while you, a bastard, am here?" Mrs. Yan glared at Su Chen and said angrily.

Su Chen took a sip of wine and said with a smile, "I'll do it! Madam Yan, keep going, I want to see how many days you can go without rest."

"what are you up to?"

Mrs. Yan asked worriedly when she heard Su Chen's words.

"Didn't you say I was a bastard? If you take a rest, be careful if I show up uninvited."

"You are shameless!"

"Ha ha....."

Su Chen and Mrs. Yan finished the outdoor picnic noisily.

When they were about to take a rest,

Su Chen directly pulled the panicked Mrs. Du into the carriage, and Mrs. Yan blushed when she saw this and hurried to the back. carriage, she didn't want to stay in the same carriage with that bastard again

"what are you up to? Let me go."

In the carriage,

Mrs. Du was pulled into the carriage by Su Chen. She was about to leave the carriage in a hurry. She did not dare to stay alone in the carriage with Su Chen, but Su Chen controlled her tightly. No matter how hard Mrs. Du struggled, it was of no avail.

"Rest of course." Su Chen took Mrs. Du and poured a cup of tea and took a sip.

When Mrs. Du heard what Su Chen said, her face changed drastically and she shouted, "Let me go, I'll go and rest with Mrs. Yan."

"That won't work, there are no pillows in the carriage, you have to be my pillow." Su Chen smiled and shook his head and said.

Su Chen didn't want to do anything to Mrs. Du, but he thought the timid Mrs. Du was very funny. He also joked with Mrs. Du to scare this timid person. Mrs. Du, the rat.

Mrs. Du took out a dagger directly from her sleeve and said nervously, "Don't do this. If you do this again, I will commit suicide immediately."

"I'll do it! You're still carrying a weapon? Do you want to kill the king?"

Su Chen was very speechless when he saw Mrs. Du taking out a dagger.

He and Mrs. Du had been fighting all the way, but Su Chen didn't realize that Mrs. Du actually had a dagger hidden.

What did Mrs. Du do? Where is the dagger hidden? Su Chen looked at Mrs. Du's turbulent mountain peaks. He didn't think the dagger was hidden there, right?

After hearing Su Chen's words, Mrs. Du waved her hand hurriedly and said, "I.....I don't, I just.....I'm just protecting myself, I just want to protect myself, I'm not trying to kill you."

Whoosh!

The dagger in Mrs. Du's hand was snatched away by Su Chen in an instant.

After Su Chen put the dagger into the system space, he hugged Mrs. Du again and said with a smile,

"Mrs. Du, the night is long, how do you think I should punish you?"

Chapter 1239

At night, thirty miles away from Xuzhou City,

Cao Cao's army had gathered here. More than 70,000 troops slaughtered all the cities they encountered along the way. Cao Cao's army also collected countless grain, grass and money.

Xuzhou City is already approaching.

As long as Cao Cao's army destroys the army in Xuzhou City and the prefect Tao Qian, Xuzhou will be completely occupied by Cao Cao.

In a luxurious military tent,

Cao Cao put on his cloak and looked at the arriving Cao Ren and asked, "Zixiao, hasn't Cao Zhen arrived yet?"

Cao Ren saluted Cao Cao,

"My lord, not yet. I sent scouts fifty miles away but did not find the arrival of Cao Zhen's 30,000 troops. My lord, maybe Cao Zhen's conquest of Guangling County did not go well, which delayed the assembly time."

Cao Cao nodded and said,

"Well, there are only more than 10,000 Xuzhou troops in Guangling County. Cao Zhen should be able to capture Guangling County quickly. Cao Zhen must have wasted his time. Xuzhou City is our main battlefield, and here are all Xuzhou's armies."

Cao Ren hesitated for a moment and then took a few steps forward to dissuade Cao Cao,

"Lord, we can no longer massacre. If we continue to massacre, Xuzhou will completely become a purgatory on earth. If we want to occupy Xuzhou, we must have a population. Even if we occupy Xuzhou without a population, it will be useless."

When Cao Cao heard Cao Ren's words, he looked at Cao Ren fiercely and replied,

"Zixiao, you don't understand"

"Xuzhou has not experienced a particularly big war, and Xuzhou was not severely damaged during the Yellow Turban Uprising. There are many wealthy businessmen in Xuzhou, and we are very short of money and food."

"Yuan Shao from Yizhou and Miss Yan from Jingzhou are eyeing us. If we don't develop quickly, we will either be destroyed by Yuan Shao or Miss Yan from Jingzhou."

"We will get the wealth of Xuzhou no matter what this time. Cao

Ren hurriedly continued to persuade, "Then we don't have to massacre the people. We can order the army to rob the money and food of the wealthy businessmen.""

Cao Cao waved his hand and said with an ugly face, "You don't need to say more. An Xinghou is patrolling the surrounding areas of Xuzhou City. He absolutely cannot allow Tao Qian of Xuzhou and the noble families and wealthy businessmen of Xuzhou to escape from Xuzhou City."

"Yes, my lord!"

Cao Ren bowed and retreated after hearing Cao Cao's words.

This time, Cao Ren discussed with Xia Houchun and Xia Houyuan before deciding to persuade Cao Cao, but he still failed to dissuade Cao Cao.

Cao Cao insisted on massacring the people of Xuzhou.

This was It will anger other princes in the Han Empire.

They are worried that Cao Cao's massacre of the city in Xuzhou will anger other princes to launch a war against them, especially Yuan Shao and Miss Yan of Jingzhou. They will definitely not watch Cao Cao massacre the city in Xuzhou. The war I'm afraid it's inevitable.

After Cao Ren withdrew, Cao

Cao took a sip of wine and shook his head. Since he started massacring the city in Xuzhou, he also felt the opposition of Cao Ren and Xia Houchun.

Especially Guo Jia,

Now Guo Jia has no advice for him at all.

Guo Jia is drunk every day. Cao Cao knows that Guo Jia is dissatisfied with him for slaughtering the city in Xuzhou.

But he has no choice.

Cao Cao is now short of money and food, and he has Cao Cao and Jingzhou have been eyeing him. If he doesn't develop and grow as soon as possible, he will either be destroyed by Yuan Shao of Yizhou or Miss Yan of Jingzhou. Cao Cao doesn't want to die. Cao Cao gave up when the princes challenged Dong. With them together, it is impossible for Yuan Shao and Miss Yan to let him go. He must become stronger as soon as possible. Even if he gets a bad reputation, he doesn't care. At this time,

Xuzhou City has gathered 150,000 Xuzhou troops. , the entire Xuzhou city wall was filled with Xuzhou troops nervously standing guard.

Hundreds of thousands of people in Xuzhou City were also fighting and waiting for their future fate. Cao Cao massacred the city in various counties and counties in Xuzhou, and the people here had heard about it. Xuzhou City The people of Xuzhou were also worried that they would massacre the city after it was captured by Cao Cao.

In the Prefectural Mufu's Mansion,

Tao Qian was seriously ill.

He was lying on the bed and could not get up.

Tao Qian was helped by the maid to sit up, and he looked at Mi Zhu Cao Bao, Sun Guan and other officials asked,"Where are Jingzhou's troops? Mi

Zhu hurriedly saluted Tao Qian and said,

"Zhou Mu, news came from Guangling County. Jingzhou's army slaughtered Cao Cao's 30,000 troops under Guangling City. Jingzhou's army is quickly rushing to our Xuzhou. Moreover, Jingzhou's general also spread the news that Jingzhou's cavalry is already on the way to Xuzhou. , Jingzhou's army will arrive in Xuzhou City tomorrow."

Tao Qian was very happy when he heard that Jingzhou's army had destroyed part of Cao Cao's army. He did not expect that Jingzhou's army had reached Xuzhou in just a few days.

Tao Qian said with a smile on his face,"Okay, okay, Xuzhou is saved. I can't die yet. I want to see Cao Cao's destruction with my own eyes. I want to see the retribution Cao Cao deserves for massacring the people of Xuzhou. Cao

Bao looked at Tao Qian's excited look and said worriedly,"Zhou Mu needs to take care of himself. Miss Yan from Jingzhou will not let Cao Cao go." Tao

Qian waved his hand and said helplessly,"I know, I know, I just feel sorry that I can't see Miss Yan again.""

Tao Qian also knew that his body could not last much longer. He just felt very sorry that he could not see the heroic Su Yan again.

When the princes gathered for an alliance, only Su Yan was very pleasing to his eyes. If Yuan Shu had been attentive to Miss Yan, Tao Qian had long wanted to invite Miss Yan to Xuzhou.

Mi Zhu looked at Tao Qian and said helplessly, "Zhou Mu, Miss Yan is not in Jingzhou. I'm afraid Miss Yan won't be able to come to Xuzhou in person this time." Arrive in Xuzhou."

Tao Qian also knew that it was unrealistic for Miss Yan to come to Xuzhou this time.

He nodded and said to the others, "Go down. You must defend Xuzhou City. I don't want Xuzhou City to be captured by Cao Cao. I want to defend Miss Yan." Leave a complete Xuzhou city behind"

"Yes, Zhou Mu!"

To the southeast of Xuzhou,

Madam Ding and the others are also resting fifty miles away from Xuzhou.

They are rushing towards Xuzhou City non-stop.

Cao Cao's army will reach Xuzhou City tomorrow, and Madam Ding and the others must also speed up and rush to Xuzhou. If they want to prevent Cao Cao from attacking Xuzhou City, they must stop Cao Cao before the army attacks the city. What

Mrs. Ding and the others don't know is that less than ten miles away from them.

Tens of thousands of black-armored troops are guarding a vehicle. The carriage was also resting. These were Su Yan and Huang Yueying who came quickly from Yangzhou.

After Su Yan knew that Cao Cao was massacring the city in Xuzhou, she angrily ordered the army to speed up. She must kill Cao Cao and his army this time. They were all massacred in Xuzhou.

Tomorrow's battle is about to break out in Xuzhou City.

Cao Cao's more than 70,000 troops,

Xuzhou's more than 100,000 troops,

Su Yan's black-armored cavalry, and even women like Madam Ding, Gai Nie and the Zhen family  
The five sisters, Su Chen, Mrs. Yan and Mrs. Du, all came to Xuzhou at the same time.

Chapter 1240

The next morning,

Su Chen walked out of the carriage.

Su Chen felt a little embarrassed when he saw Mrs. Yan and the maids looking at him. The noise last night might have been a little loud. These women might have heard it last night. Things that happened.

Su Chen waved his hand and told the maids next to him, "What are you looking at? Get ready to go. Today we have to go to Xuzhou City first."

"Yes, sir."

The six maids smiled and hurriedly saluted Su Chen and replied.

These maids are now obedient to Su Chen's words. These maids were even more excited after knowing Su Chen's identity.

Su Chen is the emperor of the Xuantian Empire.

This But with a very noble status, they all felt that their wives would also be His Majesty's women in the future, which made them all treat Su Chen as their master.

"You are a shameless bastard." Mrs. Yan glared at Su Chen and cursed angrily.

"Whatever you say, get in the carriage quickly"

"snort!"

Mrs. Yan glanced at Su Chen and hurriedly got into the carriage. She had nothing to do with Su Chen now. This bastard was simply incompetent. It was useless for her to say anything to this bastard. In the carriage,

Mrs.

Du Sitting on one side with a forlorn face, she did not look at Mrs. Yan who came into the carriage. Mrs. Du sat on the side as if she had no soul.

"Mrs. Du, what did that bastard do to you?"

Mrs. Yan was very confused when she saw Mrs. Du's helpless look.

Mrs. Du didn't seem to have been insulted by Su Chen, and Mrs. Du laughed so hard last night that she was not insulted by Su Chen, but Why does Mrs. Du look so lifeless?

When Mrs. Du heard Mrs. Yan's words, she wiped the tears from her eyes and said, "I didn't do anything, Mrs. Yan, don't ask anymore.""

"Okay, okay, I won't ask anymore."

Mrs. Yan is now very sure that Su Chen didn't do anything to Mrs. Du. This may be because that bastard Su Chen punished Mrs. Du last night, but she didn't smell that special smell in the carriage.

"Set off!"

Outside the carriage,

Su Chen got on the carriage after being ordered by the corresponding maids.

Madam Yan saw Su Chen getting on the carriage and asked hurriedly, "What exactly did you do to Madam Du?"

"Forehead! He did nothing but make Mrs. Du happy." Su Chen touched his nose when he heard Mrs. Yan's words and said,

Su Chen punished Mrs. Du last night.

He just took off Mrs. Du's shoes and scratched the soles of her feet. He really didn't do much else.

Mrs. Yan was confused and continued to ask,

"Feel happy? How to be happy?"

"that is.....Just tickling Mrs. Du"

"Um? that's it?"

"I even slept with Mrs. Du in my arms."

"You are such an asshole."

Mrs. Yan was relieved after hearing Su Chen's words. She was just afraid that Su Chen would do something like that to Mrs. Du. It seems that this bastard is also a good person. At least he didn't force the woman to do those humiliating things.

Mrs. Du heard When Su Chen told what happened last night, she covered her face with a look of grief and anger.

Last night, she was punished by Su Chen to the point of death. She really didn't want to try that feeling of being tickled by Su Chen again. Even when Su Chen hugged her to rest, Mrs. Du didn't dare to resist.

Mrs. Du thought that when she woke up in Su Chen's arms after dawn, that bastard's hand dishonestly reached into her clothes, which almost made Mrs. Du almost Kicking Su Chen away.

After pouring a cup of tea for Su Chen and Mrs. Du, Mrs. Yan asked doubtfully, "Why are you going to Xuzhou City? Aren't we going to Jingzhou?"

"A war is about to break out in Xuzhou. Let's go and take a look." Su Chen took the tea and took a sip and replied.

Upon hearing Su Chen's words, Mrs. Yan hurriedly asked, "War? Is Cao Cao going to attack Xuzhou City?"

"Well, Cao Cao may attack Xuzhou City today. This is the secret message that arrived last night. You can read it." Su Chen took out the secret message sent by the Shadow Assassin last night from his arms and said.

Su Chen didn't want to go to Xuzhou at first, but he didn't expect that Su Yan also came to Xuzhou and also headed towards Xuzhou City. Su Chen She also changed her mind and went to Xuzhou City to have a look.

Madam Yan took the secret letter that Su Chen handed her and read it. She looked at Su Chen for a while.

Madam Yan just wanted to know what Su Chen was thinking now. , Cao Cao's more than 70,000 troops will definitely attack Xuzhou City today, and Jingzhou's army does not know if they can reach Xuzhou City within today.

Madam Yan also knows that Su Chen does not have an army in his hands, and it is impossible for him to stop Cao Cao Attack Xuzhou City.

However,

Su Chen attacked Xuzhou City in such an upright way. Isn't this bastard afraid that Cao Cao's army would capture and kill them too?

Madam Yan frowned and looked at Su Chen and thought, she felt This bastard will not go to Xuzhou City just looking for death. Does this bastard have any trump card that has not been exposed?

Those shadow assassins?

No!

The shadow assassins are just guards. It is impossible for Su Chen to use the shadow assassins to deal with Cao Cao's army. Then this What other trump cards does the bastard have?

Mrs. Yan thought about it and asked Su Chen doubtfully, "You.....You don't still have an army protecting you, right?"

When Mrs. Du heard Mrs. Yan's words, she hurriedly looked at Su Chen. She didn't know why Mrs. Yan asked like this, but she also felt that it was impossible for Su Chen to risk going to Xuzhou City like this.

"No!"

Su Chen looked at Mrs. Yan unexpectedly and shook his head.

Although Su Chen still had less than 100,000 troops in the system space, he did not want to deploy them at this time.

There are more than 600,000 dragons in the Northern Continent. The combat legions, as well as Su Yan's hundreds of thousands of black bird legions, can already conquer the Northern Continent. Su Chen has no need to deploy any more troops in the Northern Continent.

Madam Yan looked at Su Chen and asked angrily,

"Then what are you going to do in Xuzhou City? Cao Cao is massacring various counties in Xuzhou. If Cao Cao's army discovers us, do you want Cao Cao's army to kill us?"

Su Chen looked at Mrs. Yan's angry look and smiled and teased,

"No, Cao Cao's army will kill me if they find us. You will all be captured by Cao Cao's army. Don't forget that you are all beautiful beauties. Cao Cao's army will not kill you. Mrs.

Yan rolled her eyes at Su Chen and said helplessly, "You are really hopeless. We don't believe you will let Cao Cao's army catch us."

Mrs. Yan didn't believe that this pervert would let her and Mrs. Du be captured. This bastard was just trying to scare them, but how Su Chen would protect them was something that Madam Yan couldn't guess.

Su Chen smiled and said ,

"Don't worry, my daughter will soon arrive in Xuzhou City. Xuzhou City will be very lively today."

"The eldest princess Su Yan? She actually came to Xuzhou in person?"
