Chapter 1241

Mrs. Yan did not expect that Su Chen's daughter would also come to Xuzhou. That little girl who was only six or seven years old was really lawless, even crazier than her daughter Lu Lingqi.

No,

Lu Lingqi is just a good child compared to Su Yan.

Mrs. Du saw Su Chen leaning against her again, with an angry expression on her face but she didn't push the bastard away.

She didn't care now.

They even slept together.

She couldn't resist Su Chen. As long as this bastard doesn't treat her forcefully, Mrs. Du will treat Su Chen like a pig.

Under Xuzhou City,

Cao Cao's army is ready to attack Xuzhou City.

Siege ladders, city-breaking hammers, and even a small number of catapults are all ready. As long as Cao Cao issues an attack order, the army here will immediately attack Xuzhou. The city started a war.

Cao Cao looked at his army in high spirits. He didn't care at all that there were more than 100,000 Xuzhou troops in Xuzhou city. Xuzhou's army was composed of remnants and defeated generals, and they had no combat effectiveness at all.

Cao Cao believed that as long as his elite army began to attack Xuzhou City, the more than 100,000 Xuzhou troops in Xuzhou City would be vulnerable, and his army could capture Xuzhou City today.

At this time, a messenger suddenly ran over quickly on horseback.

Before the messenger could reach Cao Cao, he shouted, "My lord, it's not good. There is news from Xudu that Yanzhou is lost."

Cao Cao heard the messenger's words. He was so dizzy that he did not expect that Yanzhou would be lost.

Although Yanzhou did not have any troops, Yuan Shao of Yizhou was attacking Youzhou, and Bingzhou was still wiping out the remnants of the Yellow Turbans. Qingzhou was basically a business alliance, and Qingzhou did not have the guts to attack Yanzhou..

Cao Cao also saw that no prince would have any idea of taking Yanzhou, so he emptied Yanzhou's army, but now Yanzhou is lost?

Is this what that prince did?

Cao Cao was so angry that he hurriedly asked the messenger, "What? Yanzhou is lost? Who dares to attack my Yanzhou?"

"Lord, this is Lu Bu, Lu Bu from Xiapi"

"Lu Bu? How can this be? Lu Bu only has thousands of troops. Is it possible for him to occupy this Yanzhou?"

"My lord, it is Chen Gong. It was Chen Gong who united some Yanzhou nobles to invite Lu Bu to join forces with foreigners to occupy Yanzhou. Our more than 30,000 troops in Yanzhou were conquered by Lu Bu. Yanzhou has been completely owned by Lu Bu."

"Chen Gong? Damn it, Chen Gong actually rebelled against me, I want to kill Chen Gong."

At this moment, another messenger came running over on horseback and shouted,

"Report, Lord, our army transporting money and food to Xudu was ambushed, and all the money and food were robbed."

Cao Cao did not expect one bad news to come one after another, "Damn it, it was that prince who robbed my money and food."

"My lord, we are the black-armored cavalry from Jingzhou, and Miss Yan from Jingzhou has sent out the army." Cao Cao was very surprised when he heard that Jingzhou had sent out troops.

"Jingzhou's army? Miss Yan, that girl actually sent out the army? How can this be? Isn't that little girl looking for some beautiful woman in Yangzhou? Why did she mobilize the army so quickly?"

When Cao Cao was worried about Jingzhou's dispatch of troops,

Cao Ren quickly came to Cao Cao and said, "My lord, it's not good. General Cao Zhen and his 30,000 troops were destroyed by Jingzhou's black-armored cavalry. Jingzhou's cavalry is coming. Come here towards Xuzhou City"

"How can this be? How many troops will come to Jingzhou this time?" Cao Cao, who was helpless, hurriedly asked Cao Ren.

Cao Ren replied with an ugly face,

"I don't know, but our scouts discovered that the people coming from Jingzhou this time were all cavalry, and.....and....."

"And what? Say it!"

"Lord, Jingzhou's army will completely destroy our army this time, and will not accept surrender. This is Jingzhou's revenge for our massacre of various counties in Xuzhou."

Cao Cao knew it was over when he heard Cao Ren's words.

Miss Yan, that little girl, always meant what she said.

This time he really did something wrong.

Cao Cao regretted massacring the city in Xuzhou. Miss Yan must have seen him massacre the city. After dispatching the army, Cao Cao understood that this was Miss Yan's revenge and wanted to kill him completely since Miss Yan refused to surrender.

Cao Cao was a little flustered and said to his generals, "Damn it, what should I do? The number of troops coming from Jingzhou this time is certainly not small, otherwise it would not be possible for them to threaten to massacre our 100,000-strong army."

Cao Cao's generals all looked very ugly.

They knew that they would be in danger in the future. Miss Yan's army is not parallel imports like the Xuzhou Army. If the Jingzhou army arrives, their army here will not be able to stop the Jingzhou army. attack.

What's more, the cavalry coming this time are all from Jingzhou, and their infantry here can't escape even if they try to escape.

Guo Jia was riding on the horse and drinking wine and didn't care at all.

Cao Cao had to suffer for himself this time, if it weren't for Cao Cao brutally massacred the people. Will Miss Yan from Jingzhou send out the army?

Guo Jia now doesn't care about Cao Cao's life or death at all. Ever since Cao Cao refused to listen to his dissuasion and insisted on massacring the city, Guo Jia has stopped giving advice to Cao Cao. He doesn't Will he be loyal to such a cruel person?

Xun You looked at Cao Cao's helpless look, while Guo Jia next to him was still drinking wine, without any idea of making any plans against Cao Cao.

Xun You also knew what Guo Jia was thinking, Guo Jia must have been completely disappointed with Cao Cao and did not even intend to make suggestions for Cao Cao.

Xun You thought about it and hurriedly suggested,

"Lord, our army is all infantry and cannot escape the pursuit of Jingzhou cavalry. The only solution for now is to quickly occupy Xuzhou City. We can only rely on the walls of Xuzhou City to resist the attack of Jingzhou cavalry. When Cao

Cao heard Xun You's suggestion, he nodded hurriedly and ordered, "Yes, we must capture Xuzhou City as soon as possible. Zixiao and Miaocai will immediately order the army to attack Xuzhou City. We must seize the time to capture Xuzhou City.""

"Yes, my lord!"

Cao Ren and Xia Houyuan hurriedly replied after hearing Cao Cao's order.

Cao Ren and the others also knew the urgency of time. If Jingzhou's army arrived in Xuzhou City, their army would be finished, and even their generals might be in danger.

"The war drums are beating, attack Xuzhou City!"

Dong dong dong dong.....

After the war drums of Cao Cao's army beat, more than 70,000 Cao Cao troops were dispatched. The catapults began to attack Xuzhou City first. More than ten catapults threw huge stones into Xuzhou City.

Boom boom boom.....

"Rush, rush them all!"

Cao Ren, Xia Houchun, and Xia Houyuan commanded the army and pushed the siege ladder and city hammer towards Xuzhou City.

At this moment,

Mrs. Ding and the others also arrived not far outside Xuzhou City. They saw that the war had begun. , which let them all know that they were late, and they were unable to stop Cao Cao from attacking Xuzhou City.

"Madam, there's an army behind us."

Chapter 1242

Mrs. Yan and Zhang Chunhua had seen the war begin, and they could no longer stop Cao Cao.

But they heard an army coming from behind, which made them all worried.

Cao Cao's army was beginning to attack Xuzhou City, and the army coming behind must be Xuzhou's army.

They are people in Cao Cao's sphere of influence, and even Mrs. Ding is Cao Cao's wife.

If they let Xuzhou's army discover them, they will be caught by Xuzhou's army, and they may even use Mrs. Ding to threaten Cao Cao to withdraw.

Zhang Chunhua looked at Mrs. Ding and said hurriedly, "Madam, let's hide quickly. The army coming later may be Xuzhou's army."

"Where to hide? It's so empty here, so many of us will definitely be discovered. Queen Fu looked around and said anxiously.

Queen Guo looked behind and said helplessly, "We can't hide. Let's see what kind of army it is first. Then we can adapt accordingly."

"Well, let's first see what kind of army is coming." Mrs. Ding nodded and said seriously.

She did not expect that there would be troops arriving in Xuzhou City at this time, which made her helpless when looking at the war in Xuzhou City.

Xuzhou's army was still too weak.

They passed by several It can be seen from the city that Xuzhou's army only ran away and did not resist Cao Cao's army. Otherwise, Cao Cao's army would not have been able to attack Xuzhou City so quickly.

Dong Dong Dong.....

At this time, a thousand cavalry suddenly surrounded them quickly.

Madam Ding and the others were very nervous when they saw the cavalry coming towards them. When Madam Ding saw the guards, they all took out their weapons to protect them.

She hurriedly ordered to the guards,

"Don't move. Put away your weapons."

"Yes, madam."

The guards put away their weapons after hearing Madam Ding's order.

"Who are you?"

At this time, a thousand black-armored cavalry arrived and surrounded Mrs. Ding and the others. A captain looked at Mrs. Ding and the women and frowned and asked.

Zhang Chunhua looked at these black-armored cavalry and was very confused.

Xuzhou's army is not black armor, and although Cao Cao's army is black armor, the equipment and weapons are not like Cao Cao's army. Are these black armor cavalry there? After hearing the generals' questions, Zhang Chunhua , she quickly replied,

"General, we are ordinary people fleeing the war."

"Ordinary people? I don't think you look like ordinary people. You have dozens of guards, and you all look like the daughters of nobles. Don't resist, otherwise don't blame us for being rude."

Queen Guo saw that the black armored cavalry was trying to catch them, which made her very worried. They are all very beautiful women. If these are some scum troops, their fate will be very terrible. Miserable.

Queen Guo looked at the leading general and said hurriedly, "General, we are all avoiding the war. What are you doing?"

"Stop talking nonsense, those who resist will be killed without mercy." The captain looked at Madam Ding and the others expressionlessly and threatened. The surrounding black-armored cavalry were holding crossbows and aimed at Madam Ding and the others and all the guards. As long as Madam Ding and others dared to make any move, they would not do anything. Shoot these people without hesitation.

When Mrs. Ding saw that the guards were about to resist again, she hurriedly stopped and ordered,

"Don't resist, we will let you go, and you don't need to tie us up, we are just ordinary women"

"Can!"

Mrs. Ding and the others were escorted by these black-armored cavalry and headed toward the large group of black-armored cavalry. They looked at each other and wanted to know who these troops were. Why did these black-armored troops appear in Xuzhou?

Empress Fu looked at the darkness. A group of black-armored troops asked in confusion, "Mrs. Ding, there are forty or fifty thousand cavalry here. Are these the armies of that prince?"

"cavalry? I know, these should be the troops of Miss Yan from Jingzhou. Miss Yan's army is also in black armor, and only Miss Yan from Jingzhou can have so many cavalry."

Zhang Chunhua looked at the black-armored cavalry here and suddenly remembered.

There were so many cavalry in the Han Empire, but there was only one prince, and the army of that prince was also all black-armored.

Zhang Chunhua felt that they were going to be in trouble,

Jingzhou's Miss Yan is a hostile force to Cao Cao. These women are all the daughters of Cao Cao's officials, and there are even Cao Cao's wives. Miss Yan will definitely not let them go easily.

Queen Guo said with an ugly face,

"Then we are not going to be doomed. I heard that Cao Cao arranged for Miss Yan when the princes gathered for an alliance. If Miss Yan knows our identities this time, we may be doomed."

Mrs. Ding and Queen Fu also looked nervous. They had also heard about the festival between Cao Cao and Miss Yan of Jingzhou. They didn't think that Miss Yan of Jingzhou would let them go if they knew their identities.

"Who are you?"

At this moment,

Su Yan's carriage arrived under the escort of the army. Su Yan got off the carriage and looked at Mrs. Ding and the other girls, frowning and asked.

Su Yan did not expect that there would be so many beautiful women in the war-torn Xuzhou. Women appeared.

Although they had dozens of guards, could these guards protect these beautiful women under thousands of troops?

Su Yan felt that the identities of these four beautiful women might not be simple.

Mrs. Ding and the others saw Everyone was stunned when Su Yan appeared.

They did not dare to look down upon this beautiful little girl. They had all heard that Miss Yan from Jingzhou was a six or seven-year-old girl. This time they saw the real person. He was very surprised.

Zhang Chunhua looked at Su Yan and saluted,"We are just ordinary people. Miss, can you just let us go?"

"Ordinary people? It seems you are unwilling to tell the truth. Come here and kill those guards."Su Yan curled his lips when he heard Zhang Chunhua's words and ordered.

These women are obviously lying.

Su Yan doesn't have the time to chat with these women here. She decided to kill the guards and take these four with her first. Beautiful women.

Su Yan will figure out the identities of these four beautiful women in the future.

Besides, there are three young and beautiful women among these four beautiful women. She is so likely to let this free beauty go.

"Yes, miss!"

When Mrs. Ding heard Su Yan's words, she hurriedly stopped her and said,"Wait a minute, Miss Yan, you can't do this. How can you kill people easily?"

Su Yan looked at Mrs. Ding and said expressionlessly with her hands on her hips,

"I'm happy, do you care? And you said you are ordinary people? Will ordinary people know my identity? You must know that the consequences of cheating on me are very serious."

Zhang Chunhua touched the black bird token in her arms and said anxiously,

"Miss Yan, we are from the Xuantian Empire. Do you dare to offend even the people of the Xuantian Empire?"

"People from the Xuantian Empire? You actually dare to pretend to be people from the Xuantian Empire. It seems that you are quite brave!"

Chapter 1243

Su Yan didn't expect that these women would dare to use their identity as Xuantian Empire to deceive her.

Who was she?

Su Yan is the eldest princess of the Xuantian Empire.

These women want to deceive people, but they have deceived her, the eldest princess of the Xuantian Empire?

In the carriage,

Huang Yueying and Cai Yan looked at Mrs. Ding and the girls from the window and were speechless.

They did not expect that Mrs. Ding and the girls would deceive Su Yan like this.

Are they from the Xuantian Empire?

Don't the people of the Xuantian Empire know the eldest princess of the Xuantian Empire?

Huang Yueying and the others felt that Mrs. Ding and the other girls might be in trouble this time, and Su Yan, the little witch, would definitely teach these women a lesson.

Zhang Chunhua heard Su Yan's disbelief, and she had no choice.

Su Chen's Black Bird Token was still in her hand. The bastard might have forgotten to go back when he left. Zhang Chunhua hoped that this time the Black Bird Token Can Yan Xiao let them go.

Zhang Chunhua took out the Black Bird Token from his arms and held it up and said, "Miss Yan, you should recognize this token, right?"

Su Yan was very surprised when she saw the Black Bird Token, and she looked at Zhang Chunhua with a look on her face. He asked seriously, "The Black Bird Token? How come you have the Black Bird Token? Where did you get it?"

"this.....This is.....this is mine." When Zhang Chunhua heard Su Yan's serious question, she said nervously,

Boom!

" Su Yan hit the guards next to him with one palm.

She looked at Zhang Chunhua and said fiercely, "You still dare to lie?" Do you know what the black bird token belt represents?"

Mrs. Ding's guards were killed on the spot by Su Yan's palm, and the rest fell to the ground injured one by one.

Su Yan is now a master. She didn't kill all the ordinary ones with one palm. The guards were already merciful.

When Mrs. Ding, Queen Guo and the other girls saw Su Yan killing several guards in anger, they all looked at Su Yan with pale faces.

They didn't understand why Su Yan was angry? Moreover, Why does the appearance of the Black Bird Token make Su Yan look wary?

"I.....you....." Zhang Chunhua was frightened and at a loss when he saw Su Yan killing someone in anger.

Zhang Chunhua didn't understand why Su Yan didn't believe her? He even started killing people in anger. That's what that bastard said to them at the beginning! Then why doesn't Miss Yan believe it?

"Su Yan, how can you kill someone?"

At this time,

Huang Yueying and Cai Yan in the carriage got out of the carriage one after another. They also saw Su Yan killing someone in anger.

This made them very worried about Su Yan.

"Give me the black bird token?"

Su Yan ignored Huang Yueying and the other girls.

She said to Zhang Chunhua expressionlessly.

Zhang Chunhua thought about it after hearing Su Yan's words and asked, "Miss Yan, is this Black Bird Token real?"

"it is true!"

Su Yan nodded and replied,

"Then why don't you believe that we are from the Xuantian Empire?" Zhang Chunhua asked angrily when she heard Su Yan's answer. She didn't expect that Su Yan would dare to kill people even though he knew the Black Bird Token was real.

Mrs. Ding and Queen Guo both looked at Su Yan with angry expressions. They were also waiting for Su Yan's explanation.

Huang Yueying and the others looked at Su Yan very confused.

Huang Yueying also asked Su Yan doubtfully, "Yes, Su Yan, why don't you believe that they are from the Xuantian Empire?" people?"

Su Yan looked at Huang Yueying and the others, shook his head and explained,

"You don't know that there are only six Black Bird Tokens in the Xuantian Empire. The Queen has one, each of the four princesses has one, and my mother has one. Moreover, the Black Bird Token can mobilize a combat legion to launch a war."

"Do you understand?"

"ah! So the Black Bird Token was stolen by these people?"Huang Yueying looked at Zhang Chunhua and the others in surprise after hearing Su Yan's words.

Cai Yan, Da Qiao and Xiao Qiao also understood why Su Yan was so angry. The Black Bird Token is of great importance in the Xuantian Empire. These women It's impossible for them to have the Black Bird Token.

Zhang Chunhua and the others were stunned when they heard Su Yan's words.

They didn't expect the Black Bird Token to be so important.

But how did that bastard get the Black Bird Token?

And this statement What is the identity of the young lady?

Why does her mother also have the Black Bird Token?

"We didn't steal it. I didn't know the Black Bird Token was so important."When Zhang Chunhua heard Huang Yueying's words, she said angrily,

"Who gave you this black bird token?"

Su Yan looked at Zhang Chunhua and continued to ask.

Su Yan didn't believe that these beautiful women could get the Black Bird Token. The Black Bird Token must have been given to this woman by someone else.

Zhang Chunhua handed the Black Bird Token to Su Yan said helplessly, "A young man named Su said that he was the envoy of Xuantian Empire. We are not sure whether he is really the envoy of Xuantian Empire."

"Surname Su? Do you think it's this person?" When Su Yan heard Zhang Chunhua's words, she hurriedly took out her father's portrait from the space ring and asked.

Zhang Chunhua and Mrs. Ding nodded when they saw Su Chen's portrait.

Zhang Chunhua pointed at the portrait and asked Su Yan, "Yes, that's him, Miss Yan, who is this person?"

"My father!"

Su Yan smiled when she heard Zhang Chunhua's confirmation.

She thought that no wonder these women had the Black Bird Token. It turned out that it was his father who gave it to these women.

But didn't her father always give him the Blue Bird Jade Pendant?

Why did he get the Black Bird Token this time? The bird token was given to this woman?

This made Su Yan confused.

Zhang Chunhua was confused when he heard Su Yan's words, "What?" Mr. Su is actually your father?"

Mrs. Ding, Queen Guo, and Queen Fu also looked at Su Yan in confusion. This news was beyond their imagination. Miss Yan from Jingzhou was actually the daughter of the Xuantian Empire's envoy? How is this possible?

Su Yan Yan looked at Zhang Chunhua and the girls who were confused, smiled and asked, "What? Don't you believe it?"

"No, no, Miss Yan, then who is your father?" Zhang Chunhua waved his hand hurriedly and continued to ask.

Su Yan looked at Zhang Chunhua and the girls and blurted out,

"The emperor of the Xuantian Empire, Su Chen!"

Su Yan also felt that these women might be her father's confidante, and she wanted to use these beautiful women to get her father to let her go.

Su Yan still had a lot of things to do in the Northern Continent, and she didn't want to be Her father was captured and brought back to Xuannio Palace

"What?"

"How can this be?"

"That bastard is the Emperor of Xuantian Empire?"

"God, how is this possible? Am I dreaming?"

Mrs. Ding and the other four were very shocked when they heard Su Yan's words.

However, they thought that Su Yan had just said that there were only six Black Bird Tokens, one for the queen, one for each of the four imperial concubines, and one for Su Yan's mother. Mrs. Ding and others also felt that Su Yan was not deceiving them.

Queen Guo was very confused now.

She did not expect that Su Chen was actually the emperor of the Xuantian Empire, so would she still have a chance to take revenge?

That bastard insulted her,

Should we just let that bastard go?

"Damn bastard, what am I going to do next?"

Chapter 1244

Su Yan smiled when he saw the confused and surprised expressions of Mrs. Ding and the girls.

These girls seemed to have a very unusual relationship with her father. Zhang Chunhua had her father's Black Bird Token, so the relationship was very unusual. , and what must have happened to the lost Queen Guo next to her was with her father.

Su Yan felt that these two women could be used. The remaining two women, Mrs. Ding and Empress Fu, although Su Yan had not found any difference between them, but with her father's character of liking beautiful women, the remaining two A beautiful woman should also have a certain relationship with her father.

When Zhang Chunhua came back to his senses, he looked at Su Yan and asked with a complicated expression, "Miss Yan, are you the princess of the Xuantian Empire?"

"Yes, I am Su Yan, the eldest princess of the Xuantian Empire, titled Princess Changle. I also have a younger sister, Princess Gao Yue, Su Yue."

Su Yan nodded and admitted.

Mrs. Ding also asked in confusion, "You are actually the eldest princess of the Xuantian Empire, so why are you in the Northern Continent?"

Mrs. Ding couldn't understand that Su Yan's status was very noble, but why did she come to the Northern Continent at such a young age? She even became a powerful prince in the Han Empire. Could it be that the Xuantian Empire had long planned to attack the Northern Continent? Mainland?

Su Yan looked at all the black armored cavalry around him and smiled and said,

"It's fun!"

"I secretly came to the northern continent from the Black Bird Palace in the southern continent. I didn't expect that only a few months later, my father would chase me."

"This time my father comes to the Northern Continent to capture me. You must help me get rid of my father, otherwise I will order the army to kill all your guards."

Zhang Chunhua and the others were very speechless when they heard Su Yan's words.

What fun?

Su Yan actually treats war as a sport?

When Zhang Chunhua heard Su Yan's words about killing the guards, he hurriedly said, "How could you do this? We are not familiar with your father either, so there is no way we can help you."

"unfamiliar? Why do you have the Black Bird Token in your hand? Don't tell me you picked up my father's black bird token?"

"this.....Your Highness, your father actually forgot to take back the Black Bird Token when he left. We really have a normal relationship with your father."

"Really? Why don't I believe it at all?" Su Yan didn't believe a word Zhang Chunhua said when she heard it. I won't talk about the Black Bird Token for now, but Queen Guo must have a relationship with her father, and the relationship is probably very close.

Zhang Chunhua didn't believe Su Yan when he saw it. They were very helpless, their relationship with Su Chen was really just average, well!

Except for Queen Guo,

Queen Guo had a relationship with Su Chen that she shouldn't have had, but that was also the bastard Su Chen who forced Queen Guo, Su Chen Queen Guo has been given huge compensation, and they don't know what Su Chen's attitude is towards Queen Guo.

"We really didn't lie to you. Su

Yan looked at Zhang Chunhua and the others and said disdainfully, "Hey, just now you lied to me and said you were from the Xuantian Empire. Why didn't you lie to me?"

"us....." Zhang Chunhua didn't know what to say for a moment. She looked at Mrs. Ding and the others, who all looked helpless. Zhang Chunhua did not continue to argue with Su Yan.

At this moment, the captain of the black armored cavalry came to Su Yan and saluted, "Miss, Xuzhou City is being attacked by Cao Cao's army. Cao Cao's army has also discovered our arrival. Do we want to launch an attack?"

Su Yan Hearing the words of the captain of the black armored cavalry, she touched her chin and thought for a moment before giving a serious order, "Put on the black bird flag of our Xuantian Empire. We don't need to be secretive anymore and prepare to attack Cao Cao's army."

"Yes, Your Highness the Princess!"

Woo woo woo.....

The horns of the black-armored cavalry sounded, and the Jingzhou flag of the black-armored cavalry was replaced by the black black bird flag. Fifty thousand black-armored cavalry lined up in an attack formation and slowly advanced towards the Xuzhou battlefield.

Zhang Chunhua and Mrs. Ding were also forced to go towards the Xuzhou battlefield with Su Yan. It was impossible for them to leave now even if they wanted to. The surrounding black-armored troops could not let them leave without Su Yan's order.

At this time,

Cao Cao also received a report from the scout.

He knew that a cavalry army was coming.

Cao Cao looked at the battle on the wall of Xuzhou City with a grim expression. Xuzhou City has not been captured yet. If they are in the open space and Jingzhou Cao Cao would not believe that his army could defeat Miss Yan's army.

Cao Cao looked pale and hurriedly ordered,"Retreat, let all our troops retreat.""

"Yes, my lord!"

Dang Dang Dang.....

Cao Cao's retreat bell rang, and the attacking Cao army quickly retreated from Xuzhou City after hearing the bell.

Dong Dong Dong Dong.....

Outside Xuzhou City, the sound of horse hooves became louder and louder, and more and more black spots appeared in the distance. The arrival of tens of thousands of cavalry was very shocking. Although the black-armored cavalry did not charge, this was coming slowly. It feels even more frightening

"Defensive formation, quickly arrange the defensive formation, with the shield hand in front and the archer behind, all quickly, quickly"

"Defense, defend quickly!"

"The shield players on the left wing are all ready to defend, don't mess up the formation."

"Archers at the ready, Archers at the ready!"

"Catapult, catapult, turn around quickly, face the cavalry in the distance, turn around quickly."

The generals in Cao Cao's camp were all shouting at the top of their lungs.

The arrival of Jingzhou's army frightened them all.

Moreover, tens of thousands of cavalry troops arrived this time, which made them all very worried that Cao Cao's army would be destroyed by Jingzhou's army, even these generals may not be able to escape death. When

Cao Cao saw the dense black armored cavalry in the distance, he was surprised and said, "Why are there 40,000 to 50,000 black armored cavalry? How many black-armored cavalry does Miss Yan in Jingzhou have? Xun

You wiped the cold sweat from his head with a pale face and said helplessly, "My lord, there should be about one hundred thousand cavalry in Jingzhou. We still know too little about Jingzhou's intelligence."

"Damn it, is that little girl from Jingzhou my nemesis?" Cao Cao slapped the chariot hard and said angrily.

At this time,

50,000 black-armored cavalry stopped not far from Cao Cao's army. The black-armored cavalry's offensive formation was not lifted at all, one pole long. Ge Heng was in front, and each of the black-armored cavalry wearing evil ghost masks looked fiercely at Cao Cao's army.

They were all waiting for orders.

They were all waiting for the eldest princess Su Yan's attack order.

Just behind Su Yan's black armor When the cavalry and Cao Cao's army were confronting each other, two carriages appeared not far from Xuzhou City, and a carriage convoy also appeared near the two carriages. People on both sides were sizing up each other.

Mrs. Yan looked from inside the carriage. There were several carriages protected by many guards and he asked doubtfully, "Who are those? Why did they appear outside the battlefield in Xuzhou City?"

"Aren't they also here to watch the show?" Mrs. Du lay on the window of the carriage and looked at it, then asked speculatively,

"Why do you care so much? The war is about to begin. Let's take a look at the war that is about to begin soon."

Chapter 1245

Su Chen checked the people in the carriage next to him and was very speechless.

He did not expect Gai Nie to appear here, which made him feel that letting Yan Ying go to Qingzhou was in vain.

Why did Gai Nie come to Xuzhou when he was not in Qingzhou preparing to start a war?

And he also brought five beautiful beauties with him.

Does Ganie like beauties?

Will the elm boy who has always been very fond of swords like beautiful women?

How can this be?

Su Chen didn't want to meet Gai Nie at this time.

The war outside Xuzhou City was about to begin. He wanted to see how his daughter Su Yan would direct the war.

Mrs. Yan and Mrs. Du shook their heads helplessly when they heard Su Chen's words. They didn't believe that this bastard didn't care about the people next to him, but Su Chen didn't want to say more, and they didn't want to ask this bastard.

Mrs. Yan and Mrs. Du looked at each other and then looked at the battlefield. They also knew that Su Chen's daughter was commanding this war. They also wanted to see how a six or seven-year-old prince could command such a huge war.

At this moment,

Gai Nie was constantly looking at the two carriages next to him.

He found that there were some ordinary people there, not even a little bit of cultivation level. But this was a battlefield. How would those people appear here? This is something that Genie can't figure out no matter what.

In the carriage,

Zhendao looked at several maids appearing in the carriage next to him and asked doubtfully,

"Sister, who do you think is in the carriage next to you? Aren't these women afraid of death? This is a battlefield, and just a few of them dare to appear here. Do they have anything to rely on?"

"I don't know, maybe they have relatives in Xuzhou city." Zhen Mi shook her head and answered casually.

Zhen Mi is now very worried that she will be driven away immediately after seeing Su Yan.

She knows Su Yan's temper very well.

Su Yan once said that she is not worthy of being her father's woman. After that,

Su Yan's attitude towards her changed too much. Zhen Mi used to be able to talk freely around Su Yan, but now, she probably doesn't have the right to talk around Su Yan.

Zhen Rong looked at Zhen Jiang and the others. He smiled and said,

"How about we go over and ask? Anyway, we don't dare to watch the war outside Xuzhou. We can go and talk to those women, maybe we can help them."

Zhen Jiang shook his head and refused, "Forget it, the war is in chaos now, let's not cause trouble for Commander Ge Nie."

Zhen Rong took Zhen Jiang's hand, shook it and begged,

"Sister, I can ask Commander Genie first. If she agrees, let's go meet those people. We are also very bored along the way. Aren't you curious about who are the people over there?"

"Eldest sister, why don't you ask the fourth sister to ask Commander Ge Nie?" Zhen Tuo also looked at Zhen Jiang and said with a smile.

Zhen Tuo was also very curious about the people in the carriage next to her.

Judging from the maids who came out of the carriage, there should be some female relatives in the carriage. She also wanted to know Who was in the carriage? He dared to appear on the battlefield outside Xuzhou City like them.

Zhen looked at her sisters who were all curious, and she reluctantly agreed, "There's really nothing we can do against you, Zhen Rong." , you should ask Commander Genie"

"Haha, thank you, sis."

At this time, changes also occurred on the battlefield.

"See Her Royal Highness the Princess, long blessings to Her Royal Highness!"

"See Her Royal Highness the Princess, long blessings to Her Royal Highness!"

"See you, Your Royal Highness, the Princess. May you be blessed."

After Su Yan appeared in front of the black-armored cavalry on a pony, the black-armored cavalry all dismounted and saluted Su Yan. The women at the rear of the army looked at the majestic Su. Yan Du was stunned.

After Su Yan waved her hand to the black-armored cavalry, she looked at Cao Cao's army and shouted, "Cao Cao, how dare you come out to see this princess!"

At this moment, in Cao Cao's army, not only Cao Cao was confused, but also Cao Cao's generals and all the soldiers were very confused. They did not expect that Jingzhou's army would call Miss Yan princess. Princess? The

Han

Empire Princess?

Didn't the princess of the Han Empire disappear when Dong Zhuo invaded Luoyang?

Also!

When did Miss Yan of Jingzhou become a princess?

Xun You suddenly saw the flag of the Jingzhou cavalry and hurriedly said to Cao Cao, "My lord, hurry up, hurry up Look at the flag of Jingzhou. Why is the flag of Jingzhou not the flag with the word [yan]?"

"black bird.....That's the Xuantian flag. Isn't that the flag of the Xuantian Empire? Why did Jingzhou's army bear the banner of the Xuantian Empire?"Cao Cao exclaimed in surprise when he saw the Xuannian flag in the Jingzhou army.

The Xuannian flag is the flag of the Xuantian Empire.

How could the Jingzhou army fly the flag of the Xuantian Empire?

Xun You reminded him with a pale face, "My lord. Don't you understand yet? Miss Yan is probably the eldest princess of the Xuantian Empire, her Royal Highness Su Yan, also known as Princess Changle."

Miss Yan?

Su Yan?

The eldest princess of the Xuantian Empire?

Princess Su Yan of Changle?

Cao Cao kept thinking after hearing Xun You's words. The more he thought about it, the more frightened he felt.

Miss Yan from Jingzhou turned out to be the eldest princess of the Xuantian Empire, a The most powerful imperial eldest princess in Tianxuan Continent, her status is too noble. No wonder Su Yan can become the most powerful prince in the Han Empire.

This joke was too big.

Cao Cao now regrets having offended him in the first place. Su Yan.

With a gloomy face, Cao Cao rode out and said to Su Yan,

"Miss Yan, I didn't expect you to be the eldest princess of the Xuantian Empire. I, Cao Cao, really underestimated you."

When Su Yan saw Cao Cao coming out of the army on horseback, she rode her horse and came not far away from Cao Cao and said with a serious face,

"Cao Cao, when you, a prince, plotted against me, I had no intention of letting you go. I just let you grow stronger and then destroy you. But I didn't expect that you would go crazy and massacre hundreds of thousands of people in Xuzhou. If you say massacre, you will massacre. You are truly a sinister and vicious person. Cao

Cao shouted to Su Yan, "Tao Qian asked his men to kill my father. What's wrong with me wanting to massacre Xuzhou?"

Su Yan sneered at Cao Cao and said,

"laugh! Your eunuch father is fate, but aren't the lives of hundreds of thousands of people in Xuzhou not fate?"

Su Yan saw that Cao Cao was still stubborn and so confident about massacring his own people, which made Su Yan even more disgusted with Cao Cao.

When Cao Cao heard Su Yan's words, he shouted angrily, "I massacred hundreds of thousands. People, didn't your father, Emperor Xuantian, massacre people?"

Su Yan felt that it was unnecessary to argue with Cao Cao about these things.

She originally wanted to see if Cao Cao would regret massacring the people of Xuzhou, but she did not expect that Cao Cao would be such a person.

Su Yan looked at Cao Cao and said coldly,

"My father massacred the common people, and even massacred the common people completely, but those people were all aliens."

"My father's army has exterminated countless foreign races, and even those foreign races have been completely exterminated since then. However, our father has never ordered the massacre of people of the same race. Don't insult my father with your villainous heart."

Cao Cao lowered his head with a sullen face when he heard Su Yan's words.

He knew that he might be doomed this time. It was impossible for his more than 70,000 troops to resist the 50,000 black-armored cavalry, and from what Su Yan said, he also knew that he has been sentenced to death

"Cao Cao, prepare for war! I will not let go of any of your troops who have been stained with the blood of the people. They will all be executed by my troops. Today is the time for you to atone for the sins of those hundreds of thousands of people."

Chapter 1246

After Cao Cao heard Su Yan's declaration of war, he returned to his army with an ugly face.

At this moment,

Cao Cao's army was very uneasy. The conversation between Su Yan and Cao Cao just now was heard by all the troops here. Cao Cao The army also knew that this time the black armored cavalry was going to kill them all. This was retaliation for their massacre of the people of Xuzhou.

For a time, people in Cao Cao's army were panicked.

The troops here were thinking about how to survive this war, and even how to escape the pursuit of the black-armored cavalry.

Behind Cao Cao's army,

Guo Jia laughed while drinking.

Guo Jia did not expect that Miss Yan from Jingzhou turned out to be the eldest princess of the Xuantian Empire.

This time Cao Cao was finished.

Even if Cao Cao could escape during this war, his Yuzhou would not be able to withstand the attack of Su Yan's black-armored army.

Besides,

Cao Cao's Yanzhou has been lost.

Cao Cao has no choice but to recruit troops aggressively. I am afraid that the troops he has recruited will be very few, not to mention the combat effectiveness of the troops he recruited.

"Prepare to attack!"

Su Yan ordered expressionlessly before returning to the black-armored army,

"The first and fifth cavalry teams of ten thousand people are preparing for a frontal attack, with long swords and crossbows ready!"

"Archers prepare, the archers of the 20,000th team prepare to cover and shoot"

"The left wing of the 30,000th Army is ready to attack!"

"The right wing of the 40,000th Army is ready to attack!"

As Su Yan's order was issued, the black armored cavalry's ten thousand men and long horses commanded their respective cavalry teams of ten thousand men one by one to start a war.

Wuwuwuwu.....

"The Blackbird Legion charges! For the sake of the empire, for the sake of the eldest princess, kill!"

"For the empire, for the eldest princess! kill!"

"For the empire, for the eldest princess! kill!"

"For the empire, for the eldest princess! kill!"

Dong dong dong.....

After hearing the sound of the attack horn, the 50,000 black-armored cavalry shouted and clapped their horses and charged towards Cao Jun.

For a moment, a scene of thousands of horses galloping appeared outside Xuzhou City. The heavy armored cavalry of the 5th Cavalry's 10,000-person troop rushed towards Cao Jun directly. Cao Cao's army rushed over from the center, and the 10,000-strong first cavalry team next to it was covering the fifth heavy armored cavalry attack from the rear.

"Catapult, attack quickly!"

"Archer, shoot me an arrow!"

"Shield bearer, stop the cavalry charge!"

"The spearmen were all ready to fight."

Cao Ren, Xia Houchun, Xia Houyuan and many other generals in Cao Cao's army hurriedly commanded the army to prepare for the charge of the black armored cavalry.

Whoosh whoosh whoosh whoosh.....

On the battlefield outside Xuzhou City, bows and arrows were flying all over the sky. The bows and arrows of the black armored cavalry and the bows and arrows of Cao Cao's army all shot each other.

Boom boom boom.....

More than a dozen catapults in Cao Cao's army were also constantly attacking, but these attacks were completely useless against the black-armored cavalry. It was impossible for the highly mobile cavalry to be hit by the boulders.

The 10,000 heavily armored black cavalry who kept charging towards

Cao Jun did not pay attention to the shooting of Cao Jun's archers. The bows and arrows shot by Cao Jun's archers at them were blocked by the thick black armor, and the bows and arrows were shot in the heavy armor. The body of the armored cavalry kept making tinkling sounds.

On the battlefield,

Xun You saw the black armored cavalry who was about to collide with Cao Jun and said in surprise,

"My lord, those are heavy armored cavalry. Even our archers can't shoot those heavy armored cavalry. My lord, you have to escape from here. Our army is no match for the Xuantian Empire's army."

When Cao Cao heard Xun You's words, he asked angrily, "Xun You, you want me to escape? What about my army here? Should I abandon my army and run away alone?"

Cao Cao is bringing more than half of his army to conquer Xuzhou this time.

If all the troops here die in Xuzhou, what will he do if he is left with a ruined Yuzhou?

There are not many people in Yuzhou, so he recruits them desperately. The army could not recruit many troops.

Xun You looked at Cao Cao and said anxiously,

"Lord!"

"Keeping the green hills, you don't have to worry about running out of firewood"

"Aren't the envoys of the Xuantian Empire still in Xudu? We can seek peace with the Xuantian Empire through that envoy. The Lord's marriage can prevent the Xuantian Empire from attacking our Yuzhou for the time being."

"This is also our only chance to relax. As long as we retake Yanzhou in the future, we will slowly grow stronger."

"I'll think about it again, I'll think about it again."

Cao Cao was a little moved when he heard Xun You's words.

It's just that he has more than 70,000 elite troops here. If his more than 70,000 elite troops are lost in Xuzhou, what else will he aim for in the world in the future?

And the Xuzhou city wall Above, the Xuzhou army was very happy after seeing the arrival of Jingzhou's black-armored cavalry. Especially after the arrival of Jingzhou's army, Cao Jun immediately gave up attacking Xuzhou City, which made the Xuzhou army feel like they had narrowly escaped death.

Xuzhou City Wall On top,

Cao Bao and Mi Zhu and some Xuzhou officials were dumbfounded as they looked outside the city.

Just now, the Jingzhou army called Su Yan the eldest princess. They heard it clearly. They also did not expect that Miss Yan from Jingzhou was actually the eldest princess. The powerful eldest princess of the Xuantian Empire,

Cao Bao looked at Mi Zhu who looked calm and composed next to him, and he asked doubtfully, "Mi Zhu, Miss Yan is actually the eldest princess of the Xuantian Empire? Did you already know this? Mi

Zhu touched his beard and shook his head and said,

"General Cao, I just found out. I have business dealings with the Cai family in Jingzhou. You also know that my sister Mi Zhen has been in Jingzhou. I also know some things from my sister's letters. It's just that Miss Yan is Xuantian. The eldest princess of the empire, this also shocked me very much."

Mi Zhu's heart is boiling for a while.

Her sister Mi Zhen's letter keeps saying that Miss Yan's status is very noble, and she also asked the Mi family to take refuge in Miss Yan.

However,

Mi Zhu did not expect that Miss Yan's status would be so noble. The young lady is probably one of the most noble people in Tianxuan Continent.

Cao Bao said with excitement,

"Are we going to be developed? Xuzhou is going to Guiyan Xiao....No, it is owned by Her Royal Highness the Princess. From now on, we will be officials of the Xuantian Empire, the most powerful empire in the Tianxuan Continent, and probably the only huge empire in the Tianxuan Continent in the future."

Mi Zhu also said with emotion, "Yes, we will soar into the sky in the future, but if we don't have the ability, we will not be reused by the Xuantian Empire. You have to understand this."

"Haha, I know my abilities. I only need to be an ordinary general in the Xuantian Empire. I don't dare to ask for anything. Mi Zhu, should we send troops to help the eldest princess? Mi

Zhu looked at the battlefield and shook his head and refused, "No!" You also know the situation of our army in Xuzhou. If we send troops hastily, it will disrupt the princess's deployment. We only need to defend the city of Xuzhou."

"Well, Xuzhou's army is too incompetent. I hope Her Royal Highness the Princess will not look down on us."

Chapter 1247

On the battlefield, as the black-armored heavy cavalry collided with Cao Cao's army, the battlefield was full of broken arms and limbs, and blood flowed everywhere!

Cao Cao's army could not stop the charge of the heavy-armored cavalry, and the heavy-armored cavalry easily tore them apart. Cao Jun's defense line

"Kill, Cao's army will all be massacred"

"Don't let any of Cao's troops go. The eldest princess has an order. Cao's troops will be slaughtered without leaving any one behind."

"Charge and kill Cao Jun here"

"The military crossbows shot and killed those Cao soldiers who were trying to escape."

The soldiers of the black-armored cavalry rushed into Cao's army and began to massacre. Cao's army had no intention of fighting after the black-armored cavalry broke through the defense line. The black-armored cavalry was too powerful.

The soldiers here were either not killed by the black-armored cavalry or killed by the black-armored cavalry. He was trampled to death by a war horse. The tragic death made Cao Jun very frightened.

At this moment, some uninvited guests came to Su Chen. The five sisters of the Zhen family came to Su Chen's carriage under the protection of some guards.

"What's the matter with you?" A maid asked the five sisters of the Zhen family when they saw them arriving.,

"We would like to meet your master."

Zhen Rong smiled and said,

"Sorry, our host is not seeing guests."

Zhen Rong didn't expect that these maids would refuse without even asking. She put her hands on her hips and said angrily, "Hey, why is your master so stingy? We met outside the battlefield after all. Aren't you afraid of the remnants of the soldiers? Is it bad for you to pass by your place?"

"Sorry, please leave. Our host doesn't see guests."

Zhen Jiang and the other sisters didn't expect that these maids were so unreasonable, and the people in the carriage didn't even get out of the carriage when they knew they were coming. They didn't even say hello to them.

This made Zhen Jiang and the five sisters a little bit Angry.

Zhen Tuo looked at Su Chen's carriage and shouted, "People in the carriage, we are from the Zhen family in Qingzhou, are you really not seeing us?"

In the carriage,

Su Chen and Mrs. Du both knew that the five sisters of the Zhen family had arrived, but Su Chen didn't want to see these people.

Mrs. Yan and Mrs. Du were about to go out, but they were hugged tightly by Su Chen. They were so embarrassed and angry that they didn't dare to get off the carriage at this time.

Su Chen was very surprised when he heard Zhen Tuo's words.

Those outside were actually the five sisters of the Zhen family?

Five sisters?

Isn't Zhen Mi with Su Yan?

So now Zhen Mi Why are she with her sisters again?

Su Chen shouted to the five Zhen Mi sisters in the carriage, "No, you should leave."

Su Chen doesn't want to see the five Zhen Mi sisters now.

These five sisters came to Xuzhou with Gai Nie. I'm afraid they also want to see that girl Su Yan. Su Yan is looking for beauties everywhere in the northern continent. Su Chen also guessed why.

Su Chen had Mrs. Yan and Mrs. Du by his side, so he felt that it would not be a good idea to meet the five Zhen Mi sisters at this time.

"Are you His Majesty the Emperor?"

Outside the carriage,

Zhen Mi looked at the carriage in surprise when she heard Su Chen's voice.

She couldn't have heard it wrong.

She had heard Su Chen's voice more than once. She could still remember Su Chen's voice. Zhen Mi was a little confused. Nervously, he asked the people in the carriage.

Zhen Dao looked at Zhen Mi and asked doubtfully,"Sister, what are you talking about? What Emperor?"

Zhen Jiang and the other girls also looked at Zhen Mi and couldn't understand why Zhen Mi looked so nervous and said,"Your Majesty, the Emperor?

How could there be an emperor here?"

"You actually recognized my voice? Are you Zhen Mi?"Su Chen got out of the carriage after hearing Zhen Mi's words.

Su Chen guessed that Zhen Mi must have seen him in Xuannio Palace, and even heard him speak more than once.

Otherwise,

Zhen Mi would not be able to rely on him. You can tell by his voice that he is in the carriage

"The civilian girl Zhen Mi has met His Majesty the Emperor of the Xuantian Empire!"When Zhen Mi saw Su Chen coming out of the carriage, she hurriedly knelt down and saluted.

Zhen Jiang and the others saw Zhen Mi kneeling down and saluted the man. They also hurriedly knelt down and saluted Su Chen,"Folk girl Zhen Jiang. (Zhen Tuo, Zhen Dao, Zhen Rong) have met His Majesty the Emperor."

Zhen Jiang and the others are very nervous now.

They did not expect to meet His Majesty the Emperor of Xuantian Empire here, which makes them feel very uneasy. They just bumped into His Majesty the Emperor, and they don't know if His Majesty the Emperor will punish them. ?

"See Your Majesty!" When the guards protecting Zhen Jiang and the others saw Su Chen, they all hurriedly knelt down and saluted Su Chen.

"Get up, everyone!"

"Thank you, Your Majesty!"

Su Chen's eyes lit up when he saw Zhen Mi standing up.

Zhen Mi is extremely beautiful, with long black hair, big bright eyes, a crimson face, a delicate face, and a curvy face. With a perfect figure and a soft and pitiful expression, people will not feel attracted to her just by looking at her.

This woman is indeed the most beautiful woman in the Northern Continent.

And Zhen Mi's four sisters are also very good-looking, and the five of the Zhen family The sisters are indeed beautiful beauties. Five fat and thin beauties stand together, which is very pleasing to the eye.

"Zhen Mi, I heard that you are not with my daughter Su Yan? Why aren't you with Su Yan now?"

"Return to Your Majesty, I.....I angered the eldest princess, who sent me back to her home in Qingzhou." Zhen Mi answered with embarrassment when she heard Su Chen's question.

Su Chen asked doubtfully when he heard Zhen Mi's words,

"Um? Did you provoke Yan'er? Didn't I hear that you have a good relationship? Why are you having a conflict?"

"Your Majesty, I just disagree with some of the things the eldest princess did....."

"I see."

Su Chen looked at Zhen Mi's blushing and embarrassed look and understood.

Zhen Mi must have disliked some of Su Yan's actions, so she was sent away by Su Yan.

Su Chen thought that Zhen Mi might also be a person like the Virgin Bitch. Su Yan was very aggressive in doing things. Su Yan might have killed someone or had the army massacre other troops. This made Zhen Mi uncomfortable and started arguing with Su Yan. In the end, Su Yan even chased Zhen out angrily. Mi left

"Genie, commander of the Tenglong Combat Legion, met with His Majesty."

At this time,

Gai Nie arrived in a hurry after receiving the news and saluted Su Chen.

Gai Nie did not expect to meet Su Chen in the Northern Continent, which surprised him very much. Gai Nie also did not receive the information from Xuantiao Palace. , Su Chen's arrival this time really surprised him.

Su Chen looked at Ge Nie and ordered him,

"Gai Nie!"

"You go back to Qingzhou immediately"

"Princess Yan Ying has gone to Qingzhou. Your Tenglong Combat Legion will immediately launch a war against the northern part of the Han Empire."

"The eldest princess Su Yan's Blackbird Legion will launch a war in the south of the Han Empire. Princess Yan Ying and Huanyinfang can help you with matters in the rivers and lakes. You must occupy the north of the Han Empire as quickly as possible."

"Yes, Your Majesty!"

Chapter 1248

Su Chen had no plans to reminisce about the past with Gai Nie.

Yan Ying had been to Qingzhou for a few days, and Gai Nie was not in charge of the Tenglong Combat Legion in Qingzhou at this time. Su Chen was also worried that Yan Ying would overstep his authority and let the Tenglong Combat Legion launch a war.

Yan Ying Although she is a smart woman, war is not a battle in the arena. Su Chen is also worried that Yan Ying will make wrong orders and cause excessive losses to the Tenglong Combat Legion.

After hearing Su Chen's order, Gai Nie knew the seriousness of the matter, and a royal concubine went to Qingzhou specifically, which made Gai Nie even more afraid to delay.

After Gai Nie saluted Su Chen, he quickly left here with his guards.

Gai Nie no longer had to discuss waging war with the eldest princess Su Yan. With Su Chen in the Northern Continent, all his actions would be criticized by His Majesty the Emperor. command.

Su Chen was a little speechless when he saw Gai Nie leaving in a hurry.

Gai Nie did not arrange for the five Zhenmi sisters before he left, and even left the five Zhenmi sisters with him. Su Chen was also very helpless about this.

Su Chen looked at Zhen Mi and the others and asked, "What are you doing when you come to Xuzhou this time? Do you want to see Su Yan?"

Zhen Jiang looked at Zhen Mi who kept her head lowered. The other sisters also looked cautious.

I can only stand up and say,

"Yes, Your Majesty, our father sent us to Jingzhou to meet the eldest princess, but when we heard in Xuzhou that Jingzhou had dispatched troops, we were brought here by Commander Ge Nie to see if we could meet the eldest princess."

"Su Yan is on the battlefield. I will send you there in a moment." Su Chen nodded when he heard Zhen Jiang's words. He also guessed why Zhen Yi wanted them to see Su Yan. That old guy Zhen Yi wanted to give him a beautiful woman.

"Thank you, Your Majesty."

Zhen Jiang saluted Su Chen and thanked her hurriedly.

Su Chen looked at the nervous girls and smiled and said,

"You're welcome. You're all nervous. I'm not a tyrant. Your sister Zhen Mi should understand me."

"Although you are not a tyrant, you are an asshole."

At this time,

Madam Yan and Madam Du also got off the carriage.

Madam Yan said unceremoniously when she heard Su Chen's words.

Madam Yan and Madam Du got off the carriage and looked at the five sisters Zhen Mi next to them.

Neither of them expected that The five Zhen Mi sisters are all so beautiful. Zhen Mi is the most beautiful woman in the Northern Continent, but her sisters are also so beautiful. This is something they never expected.

And the five Zhen Mi sisters saw the two people coming out of the carriage. They were all very confused.

Why were there two beautiful women in the carriage?

Zhen Mi and the others didn't believe that these two beautiful women were Su Chen's women. After all, they were a bit old. Even the hairstyles of these two beautiful women are tied up, which shows that these two beautiful women are already married.

Su Chen did not expect that Mrs. Yan would say this to him. Mrs. Yan is getting bolder and bolder now. "Mrs. Yan, you are done. It seems that you also want to try the methods I used to punish Mrs. Du."

"You are shameless!"

"Haha, you asked for it."

Mrs. Yan was very worried when she heard what Su Chen said.

The scene of Mrs. Du being punished and laughing was very scary to her. Now she was a little worried that Su Chen would punish her like that.

Mrs. Yan saw the five sisters Zhen Mi Looking at her and Mrs. Du, she glanced at Su Chen and introduced the five Zhen Mi sisters, "Hello, I am Yan, and this is Du. I didn't expect to see the daughters of Zhen Yi, the richest man in the Han Empire, here."

Zhen Jiang bent down and saluted Mrs. Yan and said, "Hello, madams, I am Zhen Jiang, and these are my sisters Zhen Tuo, Zhen Dao, Zhen Rong and Zhen Mi."

Zhen Jiang doesn't know the relationship between these two beautiful women and Su Chen, but being able to be with the Emperor of the Xuantian Empire, their relationship must be extraordinary.

These two beautiful women may even be Su Chen's women,

Zhen Jiang He did not dare to be disrespectful to Mrs. Yan and Mrs. Du.

Su Chen watched Mrs. Yan and the others talking to the five Zhen Mi sisters.

He shook his head and looked towards the battlefield.

On the battlefield, the troops of the Black Bird Legion had been divided and surrounded. Cao Cao's army,

Cao Cao's army also began to have deserters, but how could two legs outrun four legs? Before Cao Cao's army could escape far, they were overtaken by black armored cavalry and shot to death.

Wuwuwu Woo.....

At this moment, another cavalry group arrived in the distance, and before it arrived, the horn of attack was sounded. dong dong dong.....

The sound of tens of thousands of cavalry galloping on horseback made a huge noise, shaking the ground constantly. From a distance, dust was flying everywhere.

Madam Yan and the others also discovered the incoming army, but the distance was too far, and they could not guess that it was the army of that prince that came this time.

Mrs. Yan came to Su Chen and asked worriedly, "What kind of army is coming this time?"

When Su Chen heard the sound of the horn, he knew it was his army.

He looked at the dusty scene in the distance and said with a smile.

"Su Yan's Black Bird Legion, you won't forget the black armored cavalry we met in Guangling City, right? This should be the army that Su Yan sent to support Xuzhou early in the morning, but I don't know why they arrived so late. Mrs.

Du asked suspiciously when she heard Su Chen's words, "Didn't we encounter 10,000 black armored cavalry in Guangling City?" There are more than 40,000 black armored cavalry, right?"

Su Chen knocked Mrs. Du on the head and said funny,

"Mrs. Du, you are such an idiot. My daughter sent out a cavalry regiment first. A cavalry regiment has 50,000 troops. What we encountered in Guangling City was only a part of the army."

"you....."

Mrs. Du covered her head and glared at Su Chen angrily.

She felt that this bastard just couldn't get along with her. When Mrs. Yan asked him, this bastard would answer calmly. But why was it her turn to ask, and this bastard was so mean to her? So rude.

Zhen Jiang looked at Madam Yan and Madam Du and wanted to make sure.

After all, if the incoming army was an enemy, they would be a great threat if they stayed here.

"Your Majesty, is it really the eldest princess's army that is coming this time?"

Su Chen nodded and confirmed,

"Well, you can't be wrong. Your sister Zhen Mi should know about the Black Bird Army, and the horn sound just now can only be heard by my army."

Zhen Mi blushed and hurriedly said to her sister, "Your Majesty is right. The sound of the trumpet just now is unique to the Xuantian Empire army. The army arriving this time should be the eldest princess's Xuantiao Army."

Zhen Mi found that Su Chen looked at her from time to time, which made Zhen Mi very uneasy next to her.

Zhen Mi was worried that Su Chen would fall in love with her, but she didn't want to be Su Chen's woman, and those in the Xuandiao Palace She doesn't want to face the scary women either

"Your Majesty, the Blackbird Legion captured the three Liu Bei brothers."

At this time, a shadow assassin appeared next to Su Chen and saluted,

"oh? Liu Bei, Liu Paopao, was caught? Let the Black Bird Legion bring the three Liu Bei brothers over"

"Yes, Your Majesty!"

Chapter 1249

After Su Chen heard the report from the Shadow Assassin, he also guessed why the cavalry regiment sent by Su Yan earlier arrived a little late. The cavalry regiment should have attacked the grain, grass and money that Cao Cao had robbed in Xuzhou.

However, the unexpected capture of Liu Bei's three brothers was beyond Su Chen's imagination.

Su Chen guessed that Liu Bei was going to be escorted to Xudu after surrendering to Cao Cao, so the cavalry regiment intercepted and captured him on the road. It would save him the trouble of catching that sniveling hypocrite again.

When Madam Yan heard the report from the Shadow Assassin, she asked suspiciously, "Liu Bei? Is that Liu Xuande who is said everywhere to be the uncle of the Han Emperor?"

"Yes, it's Liu Xuande who sells straw sandals." Su Chen nodded and replied.

Mrs. Yan smiled when she heard Su Chen's words and said,

"Haha, then your daughter can take revenge. When the princes gathered to make an alliance, Gongsun Zan of Youzhou offended your daughter just because of Liu Bei."

"During the battle between Gongsun Zan and your daughter's army, Liu Bei secretly escaped with his army."

"Your daughter probably hates Liu Bei very much. Su

Chen asked Madam Yan in confusion,

"And this thing?"

Su Chen didn't expect that this would happen when the princes were meeting for an alliance. Liu Bei actually offended that girl Su Yan when the princes were meeting for an alliance.

Liu Bei was not killed early because of Su Yan's disdain for him.

Otherwise,

Su Yan Just send some shadow assassins to destroy Liu Bei.

Madam Yan nodded and replied with a smile,"Everyone in the Han Empire knows about this matter.""

"In this way, Liu Bei is a hypocrite who pretends to be benevolent and righteous. I am afraid that Gongsun Zan will not rest in peace even if he dies."

"What are you going to do with Liu Bei?"

"Kill him. What's the use of keeping a shameless Liu Bei? I don't want to be bitten by Liu Bei, a villain in the future."

"It's up to you, you are the emperor of Xuantian Empire, no one can stop you from killing anyone."

Mrs. Yan nodded when she heard Su Chen's words.

She also looked down upon Liu Bei very much.

Gongsun Zan initially stood up for Liu Bei, but Liu Bei actually ran away secretly when he saw something was wrong. He didn't even care about Gongsun Zan's life or death. Such a person The despicable villain is indeed worthy of his death.

Su Chen suddenly thought of Guan Yu and smiled and said to Mrs. Du,"By the way, Mrs. Du, that Guan Yu was also arrested. If Guan Yu sees you here later, do you think Guan Yu will be right?" Did you fall in love at first sight?"

"you.....I....."When Mrs. Du heard Su Chen's words, she was so ashamed and angry that she didn't know how to reply.

Mrs. Du also heard Su Chen say that both Guan Yu and Cao Cao would pay her attention again. Although she didn't know whether what Su Chen said was true, she knew With her beauty, those people would definitely not let her go easily after seeing her.

The five Zhen Jiang sisters also looked at Madam Du with curiosity.

After hearing what Su Chen said, they also felt that if the beautiful Madam Du was discovered by the good wife Cao Cao, Madam Du would definitely be kidnapped by Cao Cao.

But who is Guan Yu?

None of them could guess.

At this time,

Su Yan also discovered that her black armored cavalry regiment had arrived, but Su Yan's face was very unhappy.

She had sent this black-armored cavalry regiment early in the morning, but this cavalry regiment had only arrived late now.

This made Su Yan very dissatisfied, and even Zhao Yun, the temporary commander of the legion this time, was very dissatisfied.

At this time, with the arrival of another cavalry legion from the Black Bird Legion, the generals of this black-armored cavalry army of more than 40,000 people hurriedly came to Su Yan and saluted casually,

"Zhao Yun, commander of the Black Bird Corps and the Eighth Cavalry Corps, met with the eldest princess"

"See eldest princess."

The captains of the Eighth Cavalry Corps also saluted Su Yan one after another.

"Zhao Yun, do you know your guilt?"

Su Yan looked at Zhao Yun and asked with a serious face.

Zhao Yun knelt on the ground and hurriedly replied,

"The subordinates are aware of their guilt."

Zhao Yun also knew that he delayed the war this time.

His cavalry regiment should have arrived in Xuzhou City long ago, but he delayed his march on the way to protect the people of Xuzhou City. He had no complaints about Su Yan's upcoming punishment.

Su Yan looked at Zhao Yun kneeling on the ground and didn't answer him first.

She looked at Su Qi and Wei Yan beside her and ordered,

"Su Qi, Wei Yan"

"Princess!"

"You led the 8th Cavalry Corps to help the 1st Cavalry Corps. Zhao Yun's regiment commander was dismissed, Su Qi became the commander of the 8th Cavalry Corps, and Wei Yan became the adjutant."

"Yes, princess!"

Su Qi and Wei Yan looked at Zhao Yun sympathetically, and they hurriedly ordered the army to launch an attack on Cao Cao's remaining army. Together with the First Cavalry Legion, they wanted to destroy Cao Cao's army outside Xuzhou City. The shadow assassin Youxue suddenly appeared in Su Yan saluted beside him and said, "Your Royal Highness, Your Majesty the Emperor is on the left outside Xuzhou City."

"Um? My father is here too?" Su Yan asked hurriedly after hearing what the shadow assassin You Xue said.

"Yes, princess, a shadow assassin appeared just now and took away Liu Bei and others captured by Zhao Yun."

Su Yan looked at Zhao Yun who was kneeling on the ground and asked in a panic, "Zhao Yun, is my father here in Xuzhou City?"

Zhao Yun replied,

"Princess, I also heard from Su Qi and Wei Yan that His Majesty the Emperor appeared in Guangling City. Shadow assassins just came and took away Liu Bei and others. I don't know if His Majesty the Emperor is in Xuzhou City."

Zhao Yun is very frustrated now.

He did not expect to be dismissed the first time he led the army. Although he was trying to save the people in Xuzhou City, it was an undisputed fact that he delayed the military situation. This war in

Xuzhou City would not have been possible if Su had not. If Yan led the army to arrive in time, Xuzhou City would also be captured by Cao Cao's army, and Cao Cao would massacre the people in Xuzhou City.

Zhao Yun thought that if Xuzhou City was captured and hundreds of thousands of people in Xuzhou City were massacred, this would be the consequence He really couldn't bear it.

Zhao Yun felt that he had not adapted to the responsibilities of being a general.

"My father is here too? Then why doesn't he come to see me? Do you want to see my ability?"

Su Yan lowered his head and thought after hearing Zhao Yun's words.

After a while,

Su Yan ordered with a serious expression, "Let's go there. There is no way to avoid it this time."

"Yes, princess!"

At this moment,

Su Chen looked at the three Liu Bei brothers who were escorted by the shadow assassins. Liu Bei still looked like a gentleman, Guan Yu had been looking at Mrs. Du since he arrived, and Zhang Fei glared with an angry expression. With Su Chen

"Make them kneel!"

Bump! Bump! Bump!

After the shadow assassins heard Su Chen's order, they kicked the three Liu Bei brothers to their knees.

Su Chen looked at the three Liu Bei brothers kneeling on the ground and said mockingly,

"Prisoners need to look like prisoners. Your expressions make me very unhappy. How can you pretend to be a gentleman? Does a person have an idea when he sees a beautiful woman? And why are you staring? Believe it or not, I'm gouging out your eyes right now?"

Chapter 1250

Liu Bei, Guan Yu, and Zhang Fei were very angry when they heard Su Chen's words, but they had to bow their heads under the eaves.

Although they wanted to kill the young man in front of them for insulting them, they were tied up now, and they just wanted to You can't resist even if you resist.

Liu Bei was now very curious about Su Chen's identity.

They were originally brought back to Xudu by Cao Cao's army, but were intercepted halfway by Miss Jingzhou Yan's army.

Liu Bei also knew that if he fell into the hands of Miss Yan, he might be executed, but Liu Bei felt that with the strength of his two brothers who were the enemy of thousands of people on the battlefield, Miss Yan might also want to conquer them, just like Cao Cao.

Liu Bei knelt on the ground and looked at Su Chen and said calmly, "Young Master, who are you? I want to see your general."

"Haha, Liu Bei, do you think you want to meet that general?" Su Chen laughed when he heard Liu Bei's words.

Su Chen felt that Liu Bei regarded him as a young master.

Liu Bei didn't even want to be humiliated in his hands, but Liu Bei thought too much.

There is no order from Chen Chen here,

Liu Bei You can't go there either.

Liu Bei hurriedly replied,

"General Zhao Yun, I want to see that General Zhao Yun"

"Zhao Yun?"

Su Chen raised his eyebrows when he heard Liu Bei's words.

This deceitful Liu Bei would not have thoughts about Zhao Yun.

Could it be that Liu Bei wanted to instigate Zhao Yun?

"Yes, I want to see General Zhao Yun,"

"If you think too much, you won't be able to see Zhao Yun.

Liu Bei asked suspiciously when he heard Su Chen's words, "Why?" Zhao Yun is the commander of this war. You can't stop us from meeting General Zhao Yun."

Su Chen said disdainfully when he heard Liu Bei's words,

"There is no reason, Liu Bei, don't be too wild, you are dead this time, even if Zhao Yun is here, he can't save you three brothers, don't you three brothers want to be born in the same year, the same month and the same day, and die in the same year, the same month and the same day? I will fulfill the vows of you three brothers. Liu

Bei shouted in horror when he heard Su Chen's words, "You can't do this. General Zhao Yun won't let you go if he finds out.""

"idiot!"

At this time, a shadow assassin appeared next to Su Chen and saluted,

"Master, the eldest princess is here"

"Yan'er is here?"

Su Chen looked into the distance and saw a group of people arriving quickly. Su Chen guessed that Su Yan might know that he was here.

At this moment,

Mrs. Du guessed who he was when Guan Yu stared at her.

Su Chen What she said was indeed true. This Guan Yu was really plotting something against her. Guan Yu dared to stare at her like this even though he was a prisoner. If he were in other places, this Guan Yu would definitely take her away.

Mrs. Du also tried her best to hide in Yan Behind Madam, she didn't like this man with a long beard and a red face, and

Madam Du didn't want Guan Yu to keep looking at her.

Madam Yan and the five sisters Zhen Mi also looked at the three Liu Bei's curiously, but they also had no interest in the three Liu Bei brothers. I have a good impression.

Just like Su Chen said, each of these three brothers is either a hypocrite or very arrogant. The three Liu Bei brothers did not regard them as prisoners at all, and they had never seen such prisoners.

"Father!"

At this time,

Su Yan, who came from a distance, screamed when he saw Su Chen.

When Su Yan jumped into Su Chen's arms from his horse,

Su Chen hurriedly hugged Su Yan and smiled and said, "Yan'er, you girl must have gone crazy this time."

Su Yan was hugged by Su Chen and said with a smile, "Father, I am fighting for you in the world, how can you say this to me?"

Su Chen touched Su Yan's hair and said speechlessly,

"Chi, your reason is not sufficient at all. I have six powerful combat legions under my command. Do you think I still need you, a princess, to conquer the world?"

Su Chen has six powerful combat regiments. Su Yan, a girl, can find such a reason to run out to play. This makes Su Chen really helpless towards this girl. Su

Yan heard what Su Chen said. He pouted and said unhappily,

"Father, no matter what, I share your worries. Even if I have no merit, I still have hard work, right?"

"See Your Majesty!"

"See the eldest princess!"

The shadow assassins on Su Chen's side and some troops brought by Su Yan saluted Su Chen and Su Yan.

"All free of charge!"

Su Chen waved his hands to the saluting troops.

Liu Bei, Guan Yu, Zhang Fei and others were all shocked when they heard the surrounding troops saluting Su Chen and Su Yan.

Your Majesty?

Eldest Princess?

Yan The young lady is actually a princess?

And this young man is actually an emperor?

Is this the emperor of that empire?

Is Jingzhou a state?

The three Liu Bei brothers looked at Su Chen and Su Yan and speculated one after another.

"I'll do it!"

Su Chen suddenly discovered that among Su Yan's guests this time, there were Mrs. Ding and the girls.

This made Su Chen very surprised.

Su Chen also didn't expect that Mrs. Ding and the girls would be with Su Yan. Su Yan and Ding How did Madam and the girls meet together?

Su Yan was very happy when he saw Su Chen's surprised look.

Su Yan also found out that Su Chen saw Madam Ding and the girls. Madam Ding and the girls were her trump cards, and they had Madam Ding. There were several girls here, but she didn't believe that Su Chen would send her back to the Black Bird Palace in the Southern Continent.

Su Yan also looked at some of the beautiful women here in Su Chen, and she didn't expect that her father also had many beauties, and Zhen Mi actually It's also at her father's place.

This made Su Yan look at Zhen Mi and frown.

"Zhen Mi has met the eldest princess!"

Zhen Mi saluted hurriedly when Su Yan stared at her,

"Zhen Jiang (Zhen Tuo, Zhen Dao, Zhen Rong) met the eldest princess"

"Yan family, (Du family) has met the eldest princess!"

Sisters Zhen Jiang and Mrs. Yan and Mrs. Du next to them also bowed to Su Yan.

Su Yan waved to these women and asked Zhen Mi, "Zhen Mi, didn't I take you back to Qingzhou?" Why did you come again?"

"Princess, we are being led by Gai Nie....." Seeing Su Yan's unhappy look, Zhen Mi hurriedly explained.

At this moment,

Su Chen also had a headache looking at Mrs. Ding and the girls. Moreover, there were several beautiful women next to Mrs. Ding and the girls, which made Su Chen guess who they were. This beautiful woman should be the beauties collected by Su Yan.

Su Chen walked up to Mrs. Ding and her daughters and asked doubtfully, "Why are you with my daughter?"

"See Your Majesty, we just met the eldest princess on the road." When Mrs. Ding saw Su Chen arriving, she bent down and saluted.

Zhang Chunhua and Queen Fu also hurriedly saluted Su Chen.

"See Your Majesty!"

"Cai Yan (Huang Yueying, Da Qiao, Xiao Qiao) meets His Majesty." Cai Yan and the other girls also bowed down and saluted Su Chen.

Queen Guo looked at Su Chen without any intention of saluting.

She clenched her fists and wanted to kill this bastard who insulted him, but she couldn't.

This The women in black around the bastard are all stronger than her, and even the black armored cavalry around them cannot watch her assassinate the bastard.
