

## Zongwu 1251

### Chapter 1251

Outside Xuzhou City, in a temporary marching tent,

Su Chen and Su Yan brought many beauties into the tent.

Su Chen was speechless when he saw the many beauties here.

Although there were many beauties here, they were only interested in him. Queen Guo, who hates her to the core, has something to do with him, but the remaining beautiful women have nothing to do with him.

Mrs. Ding, Zhang Chunhua, and Empress Fu only had a relationship with him, while Mrs. Yan and Mrs. Du Su Chen just wanted to save them once. The five Zhen Mi sisters and Huang Yueying had nothing to do with him.

Su Yan looked at Su Chen and then at the many beautiful beauties.

She just sat and watched the excitement with a smile.

This was a Shura field.

Su Yan didn't want to stand out at this time.

She wanted to see how her father would deal with these beauties. woman.

Su Chen saw all the beauties here looking at him, which made Su Chen cough awkwardly and said, "Ahem! You all sit down as you like, I'll have someone prepare tea and snacks for you."

"Haha, father, I have already made preparations." Su Yan reminded Su Chen with a smile when he saw that Su Chen was about to run away.

When Su Chen heard Su Yan's words, he shouted in frustration, "You.....Come out, I haven't settled the score with you yet."

Su Chen guessed that this girl was here to watch the fun, but!

These women really didn't have much to do with him, but the awkward atmosphere in the tent now made Su Chen not sure how to talk to these women.

"No, I'm tired, I want to rest here." Su Yan shrank her head and refused when she heard Su Chen's words.

Su Yan can't be alone with her father, otherwise!

She will definitely be taught a lesson by her father.

Besides, the awkward atmosphere here makes her very curious. , she also wanted to know how his father dealt with these beautiful women.

At this moment,

Mrs. Yan, Mrs. Du, the five sisters Zhen Mi, Mrs. Ding's daughters, and Huang Yueying were all looking at Su Chen.

Some of them were very fond of Su Chen. Curious, some people looked at Su Chen with complicated eyes, and some people couldn't imagine that Su Chen could be so young. Some people even stared at Su Chen angrily.

After Su Chen and Su Yan talked, the women here all looked at each other. Looking at the other women, they did not expect that each of the women who arrived this time was more beautiful than the other.

Mrs. Ding felt the anger and embarrassment in the tent and introduced first,

"My name is Ding, and I am Cao Cao's ex-wife. This is Zhang Chunhua, the daughter of the Zhang family in Xudu, Queen Fushou and Empress Fu of the Han Dynasty, and Queen Guo, the daughter of the Guo family in Xudu. Mrs. Yan looked at Mrs. Ding unexpectedly and said, "My name is Yan, and I am Lu Bu's wife. This is Du, and I am Qin Yilu's wife." Zhen

Jiang also introduced her and her younger sisters generously, "We are from the Zhen family in Qingzhou. I am the eldest sister Zhen Jiang. These are our younger sisters Zhen Tuo, Zhen Dao, Zhen Rong and Zhen Mi.""

"I am Huang Yueying from the Huang family in Jingzhou"

"I am Cai Yan from the Cai family in Luoyang!"

"We are Qiao Ya from the Qiao family in Lujiang. This is my sister Qiao Rong."

After all the women here were introduced, they all looked at each other in surprise.

Not only was Cao Cao's wife here, but also Lu Bu's wife, and even the queen of the Han Empire also appeared here, and Several beauties on the Northern Continent beauty ranking list are here, which shocked the women here.

Next to her,

Su Yan saw that Mrs. Ding and the beauties were all talking to each other, so she quietly asked Su Chen He said, "Father, do you think these women will start fighting soon?"

"Hit you on the head, why are you looking for beautiful women everywhere in the Northern Continent?" Su Chen patted Su Yan's little head and said speechlessly.

Su Yan smiled sheepishly and said, "Hey, don't I want to please my father?"

Su Chen shook his head when he heard Su Yan's words.

I'm afraid Su Yan really regarded him as a beauty predator. Su Chen was only interested in the beautiful women he liked, but he would never like a beautiful woman. The previous one.

Su Chen looked at Su Yan and gloated, "Yan'er, aren't you afraid that your mother and Concubine Yan will beat you up if they find out?"

"How could my mother and aunts beat me when my father was here? Father, don't you think so?" After Su Yan heard what Su Chen said, she hurriedly hugged Su Chen's arm and said coquettishly,

"Just dream, I can't control these things. If you get beaten in the future, don't ask me for help. I'm afraid I won't be able to protect myself by then."

"Huh? Father, you didn't come to the Northern Continent secretly too, right?"

"Ahem! It can be said like this"

"If I go, then aren't we, father and daughter, both going to be doomed?"

Su Yan didn't expect that his father would also come to the Northern Continent secretly, which made Su Yan feel very helpless when he looked at Su Chen.

Su Yan knew that his father was not a peaceful man, but she didn't expect that her father would be like her. Came to the Northern Continent secretly.

This made Su Yan look at Su Chen and complain very much.

She originally came to the Northern Continent and was afraid of being punished when she returned.

This time her father also secretly came to the Northern Continent, which would implicate her even more.

Su Yan, but She was worried that her father would say he was looking for her, and then she would take the blame for her father Su Chen again.

"It's you who's done, and nothing will happen to me even if I go back." Su Chen corrected himself when he heard Su Yan's words.

Su Chen thought that when he went back in the future, he would only be complained about by Concubine Yan and the others, but Su Yan was different. Not only did Su Yan secretly come to the Northern Continent, he even gave Her mother and aunts were looking for a love rival. Su Yan would definitely be severely punished by Jing Sala and the others when he went back.

Su Yan said to Su Chen with a pitiful look,

"Father, you have to save me"

"I have found many beauties for you, and Zhang Chunhua and Queen Guo have an unusual relationship with you, right?"

"Your Black Bird Token was handed over to Zhang Chunhua. Don't tell me that you lost the Black Bird Token."

Holy crap!

The Black Bird Token?

Su Chen really forgot about the Black Bird Token.

Su Chen asked Zhang Chunhua for the Black Bird Token once in Xudu, but after what happened between him and Queen Guo, Su Chen was also in a hurry to leave Xudu. He really forgot to take back the Black Bird Token.

Su Chen looked at Su Yan and explained,

"Yan'er, I gave the Black Bird Token to Zhang Chunhua, but at that time I only used the Black Bird Token to conceal my identity. Later, I was in a hurry to leave Xu Ducheng, so I really forgot to take back the Black Bird Token."

Su Yan nodded and believed Su Chen's words. She knew that her father would also give the blue bird jade pendant even if he wanted to send items."So Zhang Chunhua really has nothing to do with his father?"

"No, absolutely not."

Su Chen nodded and confirmed.

Su Yan looked at Guo's daughter next to him and smiled and asked, "What about Queen Guo? This woman looks like she wants to kill you. Father, don't say that Queen Guo has nothing to do with you."

Chapter 1252

Su Chen didn't know how to answer when he heard Su Yan's words.

Among these women, only Queen Guo made Su Chen feel sorry for her, but that was unintentional. Although Su Chen compensated Queen Guo, it was just compensation. , Su Chen also has no intention of giving up Queen Guo

"What's wrong? Father, are you in trouble? Su Yan looked at Su Chen's frown and asked with a smile.

Su Chen slapped Su Yan's forehead and said angrily, "I'm so embarrassed. Queen Guo will be my woman from now on, other women can't." Not"

"oh! Really?"

"of course it's true!"

"Huh, I don't believe it!"

Su Yan pouted and hummed with disbelief.

The women here are more beautiful than the last. There are beautiful women, gentle and graceful beauties, and young and beautiful young girls. She doesn't believe her father. Don't be tempted by these women

"Report to Your Majesty, Zhao Yun asks for an audience."

At this time, the shadow assassin guarding the tent reported outside,

"Let him in!"

"Yes, Your Majesty!"

The girls next to them also stopped talking after hearing this.

They were all getting acquainted with each other initially.

However, they all felt very good about each other's first impression.

"Zhao Yun has met His Majesty and the eldest princess!" Zhao Yun came into the tent and saluted Su Chen and Su Yan, saying,

"Zhao Yun, what's the matter with you?" Su Chen looked at Zhao Yun who looked like a handsome boy and nodded and asked.

Zhao Yun is indeed an unparalleled general. Both his martial arts and appearance are very good. In the Three Kingdoms, Su Chen also liked Zhao Yun very much. It 's just that Zhao Yun is a bit pedantic.

Zhao Yun didn't make any achievements in the Three Kingdoms. He also made a splash in front of Changbanpo. There was nothing outstanding in the subsequent wars. Even Zhao Yun was just a guard general under Liu Bei.

Zhao Yun looked at Su Chen and said respectfully, "Your Majesty, I want to ask your Majesty to let Liu Bei and the others go."

"oh? Why?"

Su Chen's face turned ugly when he heard Zhao Yun's words.

He guessed that Zhao Yun must have gone to see Liu Bei just now, and Liu Bei's shameless big-eared thief must have seduced Zhao Yun.

Zhao Yun saw Su Chen's ugly face and continued to say regardless,

"Your Majesty, Liu Bei is a benevolent and righteous man"

"He was also very kind to the people in Peicheng."

"Besides, Liu Bei did not offend the Xuantian Empire. He had no choice but to defect to Cao Cao. Although Liu Bei defected to Cao Cao, Peicheng avoided Cao Cao's massacre. Your Majesty, please let the three Liu Bei brothers go."

"Ha ha....."

Su Chen laughed loudly when he heard Zhao Yun's words.

Although Su Chen felt that Zhao Yunbei and Liu Bei were bewitching him to plead for mercy, he did not expect that Zhao Yun would say such words.

Although Su Chen didn't know what Liu Bei did in Peicheng, he said Liu Bei was kind?

Su Chen said that he didn't believe it anyway.

Would Liu Bei not develop his army when he was staying in Peicheng, Xuzhou?

How many people are there in a small Peicheng?

Will Liu Bei care about the life and death of the people when he develops the army?

Perhaps Liu Bei's crying performance would make the people of Peicheng believe that Liu Bei was a benevolent and righteous man, but Su Chen knew Liu Bei very well. If Liu Bei was a benevolent and righteous man, why would he run away regardless of Gongsun Zan's life or death?

It is said that Lu Bu is a slave of three families, but what about Liu Bei? How many people did Liu Bei follow during the Three Kingdoms ? Liu Bei followed Gongsun Zan. When he saw that the situation was not good, he fled first. He followed Tao Qian of Xuzhou and finally made Xuzhou his. He also followed Cao Cao, Liu Biao, and even Liu Biao's son. But what about the end? Cao Cao was tricked by Liu Bei and took away tens of thousands of his troops. Liu Biao was tricked into taking away an entire city. Even Liu Biao's son was tricked to death in the end. Liu Biao's son was tricked into taking away his army and money by Liu Bei. Such a person is worse than Lu Bu. When Su Yan heard Zhao Yun's words, he shouted angrily and yelled, "Zhao Yun, get out of here."

"

"The eldest princess?"

Zhao Yun looked at Su Yan and was very confused. Liu Bei is a dispensable person, and he has no threat to the Xuantian Empire to rule the Han Empire in the future. Why is Su Yan so angry?

In the tent,

Mrs. Ding and her daughters Some of the people who were familiar with Liu Bei looked at Zhao Yun and shook their heads.

They all felt that Zhao Yun might be abandoned by the eldest princess Su Yan in the future. Zhao Yun dared to come even if they didn't even know who Liu Bei was. Please intercede for Liu Bei. How will such a pedantic man command an army in the future?

Mrs. Ding reminded Zhao Yun from the side,

"General Zhao, Liu Bei was able to escape for Gongsun Zan's sake. Is such a person a benevolent and righteous person?"

Zhao Yun explained after hearing Mrs. Ding's words,

"That was because Liu Bei was no match for the eldest princess at that time, so he could only escape and make other plans."

Mrs. Ding shook her head and asked in a stern voice,

"Haha, what about the future? What about Gongsun Zan's territory in Youzhou? Don't tell me you don't know this. How many of Gongsun Zan's sons were killed by Liu Bei? If Yuan Shao of Yizhou hadn't sent troops to Youzhou, do you think all Gongsun Zan's sons would have been killed by Liu Bei?

"this....."

Zhao Yun was confused when he heard Mrs. Ding's words.

Mrs. Ding looked at the confused Zhao Yun and continued to say politely,

"After Liu Bei failed in the battle with Yuan Shao, he quickly fled Youzhou. Is such a person a benevolent and righteous person?"

"A person wants to seize his friend's territory, and even that friend will die for him. Do you think such a person is benevolent?"

"I....."

Zhao Yun looked pale and didn't know how to answer Mrs. Ding.

He also understood what Mrs. Ding said, but he didn't think so much at the moment. Mrs. Ding was right.

Gongsun Zan was killed by the eldest princess Su Yan for Liu Bei, and After Liu Bei fled to Youzhou, he wanted to rob Gongsun Zan's Youzhou, and even killed Gongsun Zan's two sons. Is such a person really a benevolent and righteous person?

In the tent, other women looked at Mrs. Ding with great admiration. Mrs. Ding was indeed Cao Cao's wife. She was well-informed and what she said was well-founded. Such a woman made them very proud. admire.

I'll do it!

Is this Mrs. Ding?

When did Mrs. Ding become so aggressive?

Su Chen was also very surprised when he looked at Madam Ding.

No wonder Madam Ding was the woman who could make Cao Cao, a powerful man of his generation, bow his head and admit his mistakes. She was the woman who he still missed even when Cao Cao died.

Today, Su Chen finally got to see Mrs. Ding's talent.

"Come, bring Liu Bei, Guan Yu, and Zhang Fei in."

"Yes, princess!"

Chapter 1253

Su Yan glared at Zhao Yun fiercely from the side.

This Zhao Yun had made her lose face today.

Zhao Yun had not followed her orders to rescue Xuzhou quickly before, and now he was interceding for Liu Bei's three brothers indiscriminately.

This made Su Yan look at Zhao Yun and decide to give up on this general.

Her men were full of talents, and there was no shortage of such a pedantic general.

After Su Yan's stern order, the anger in the tent was suppressed.

All the girls in the tent looked at Su Yan one after another. They all felt that the eldest princess Su Yan was very angry now. I am afraid that the three brothers Liu Bei will be killed today. was executed, and General Zhao Yun was also going to be unlucky.

"Kneel down!"

After a group of black-armored soldiers escorted Liu Bei and three people into the tent, Liu Bei and three others were forced to kneel down by the black-armored soldiers.

Zhang Fei struggled and cursed, "Let us go, grandma, if the liberation Open my bindings, I must make you look good"

"Third brother, be patient." After Guan Yu persuaded Zhang Fei, he looked at Mrs. Du next to him.

Guan Yu did not expect to meet Mrs. Du here again.

When he first saw Mrs. Du among Lu Bu's family members, he was like He vowed to get the woman he fell in love with at first sight. After he inquired about it,

Guan Yu also knew that Mrs. Du was married, and she was married to a useless man. Guan Yu felt that he was a hundred times better than Qin Yilu, and Mrs. Du could only He can have it.

Liu Bei acted like a gentleman and knelt on the ground and looked at everyone in the tent, but when he saw Zhao Yun looking lost and lost,

Liu Bei's heart skipped a beat.

He was now worried that Zhao Yun couldn't save him. their three brothers

"Liu Bei, do you still remember this princess? Su Yan asked Liu Bei expressionlessly.

When Liu Bei heard Su Yan's words, he said sternly, "Miss Yan, you are just a prince. Your father dares to establish himself as emperor. Are you not afraid of being captured by the Han Empire?" Are other princes attacking?"

Su Yan looked at Liu Bei and laughed disdainfully and said,"Haha....., Liu Bei, when did I say that I was from the Han Empire?"

"Isn't Jingzhou a state in our Han Empire?"

"Jingzhou was a state in the Han Empire, but now Jingzhou is a state in the Xuantian Empire. Do you understand?"

Liu Bei was surprised when he heard Su Yan's words and asked,"What?" Xuantian Empire? you.....Are you the princess of the Xuantian Empire? Then he....he....Is he the emperor of the Xuantian Empire?"

Su Yan raised his chin and said proudly,

"Yes, this princess is the eldest princess of the Xuantian Empire, Princess Su Yan of Changle. This is my father, Su Chen, the emperor of the Xuantian Empire."

Liu Bei immediately collapsed on the ground. He did not expect that Miss Yan from Jingzhou was actually the eldest princess of the Xuantian Empire, and that young man turned out to be the emperor of the Xuantian Empire. This really scared Liu Bei. The

Xuantian Empire's It was so powerful that he could not imagine, and it was not something he could fight against.

The Xuantian Empire alone had millions of elite troops, what did he have?

At his peak, Liu Bei only had more than 10,000 troops, and those were still They were some stragglers.

Liu Bei felt that he was going to be finished today.

The Xuantian Empire was not inferior to Guan Yu and Zhang Fei, two ten thousand enemies on the battlefield. There were countless generals and masters in the Xuantian Empire.

Guan Yu and Zhang Fei were also stunned. Xiang Su Yan and Su Chen, like Liu Bei, were frightened now.

Xuantian Empire!

It was a very, very powerful empire.

When Guan Yu and Zhang Fei had nothing to do, they often talked about Xuantian Empire. How powerful is the Heavenly Empire? How many foreign races have the Xuantian Empire's armies conquered? How much territory has the Xuantian Empire expanded?

Su Chen sat drinking tea and watching what Su Yan was going to do with Liu Bei and the others.

He was worried about this matter today. He didn't want to worry about it.

Su Yan was not an ordinary child.

Su Yan sometimes did better things than his father. Su Chen didn't believe that Su Yan would let the three brothers Liu Bei go.

At this time,

Queen Guo walked to Su Chen After sitting down,

Su Chen felt very uncomfortable looking at Queen Guo.

When Queen Guo poured tea for Su Chen,

Su Chen hurriedly asked with a guilty conscience,

"what are you up to?"

"Are you afraid of me?"

Queen Guo poured a cup of tea for Su Chen and asked expressionlessly.

Queen Guo thought about poisoning Su Chen to kill this bastard, but she didn't have poison in her hand.

And she also suspected that ordinary poisons were not poisonous at all. If you don't kill this bastard, this bastard is a great master.

Queen Guo wants to confuse Su Chen first so that she can get close to this bastard and assassinate him in the future.

"I'm so scared!"

Su Chen felt something was wrong when he looked at Queen Guo.

This Queen Guo was so abnormal today.

Queen Guo just looked like she wanted to kill him, but now she looked like nothing had happened.

This made Su Chen Be very wary of Queen Guo

"you're such a rude bastard"

"Queen Guo, something is very wrong with you today. Do you want to assassinate me when I relax?  
Queen Guo

's heart trembled when she heard Su Chen's words.

She calmed down and said hurriedly, "How is that possible?" You are the majestic Emperor of the Xuantian Empire. It's too late for me to curry favor with you. How could I possibly assassinate you? Your Majesty, you think too much."

"Hope so!"

Su Chen did not let down his guard against Queen Guo.

This woman was very cruel.

In the Three Kingdoms,

Queen Guo tortured Zhen Mi to death. Even after Zhen Mi died, Queen Guo covered her with her hair and buried her with rice bran..This woman really brings out the heart of the most poisonous woman.

"Someone came and pulled Liu Bei out, smashed his chariot, and cut Guan Yu and Zhang Fei in half."

At this moment,

Su Yan's command came from the tent.

"Yes, princess!"

The black-armored soldiers next to them escorted Liu Bei and the three of them and dragged them out of the tent.

"Princess, don't kill me, I can serve you in the future. Liu Bei was so frightened when he heard Su Yan's order that he begged for mercy.

When Zhang Fei heard that he was about to be cut in half, he struggled and cursed,"Let me go. I'm going to kill you, you vicious little girl. Let go." Your grandfather."

Guan Yu also struggled and shouted,

"You are looking for death, please let us go. My eldest brother is a clan member of the Han Dynasty and the uncle of the Emperor of the Han Empire. Please let us go."

"Get out quickly and execute the death penalty immediately"

"Yes, princess!"

The girls in the tent all shuddered when they looked at Su Yan. They didn't expect that Su Yan, Su Chen's daughter, would deal with the three of Liu Bei like this. One was torn apart by a car and the other two were cut in half. This was a very cruel punishment.

Su Yan saw that Zhao Yun looked to the side and said seriously,

"Zhao Yun, let's go. I hope you can visit various states. You are not suitable to be the general of my Black Bird Army now. When you feel you are qualified to be a general in the future, you can report to the Black Bird Army."

"Thank you, eldest princess, but no need. Zhao Yun will return to the mountains and forests from now on, and Zhao Yun will not fight for any princes again."

"what ever!"

Chapter 1254

When Su Yan heard Zhao Yun's words, he shrugged and said it didn't matter.

It was just Zhao Yun. Su Yan didn't care whether he stayed or went. She had many masters and generals in command of the army.

If Zhao Yun wants to leave, just leave.

Su Yan feels that Zhao Yun is not a qualified general from this war, and he delayed the rescue mission of Xuzhou just to save some people.

What if Xuzhou City was attacked?

Not only would Su Yan be embarrassed in the eyes of other princes, but even hundreds of thousands of people in Xuzhou City would be massacred by Cao Cao. Such a man who made a small loss was not worthy of being a general commanding an army.

As Zhao Yun left, the women in the tent all felt a little pity. Zhao Yun seemed to be a very righteous person at first glance, but he just didn't know how to adapt. It could even be said that he would not change easily if he believed in something in his mind.

Su Chen shook his head and ignored Su Yan's treatment of Zhao Yun.

Zhao Yun was Su Yan's subordinate after all, and

Su Chen didn't want to interfere too much. Besides, there was nothing wrong with Su Yan's treatment. It could even be said to be perfect..

Queen Guo said to Su Chen in surprise, "Your daughter is so ruthless and ruthless at a young age. She is indeed your daughter."

Su Chen curled his lips when he heard Queen Guo's words.

Su Yan was considered ruthless and ruthless. ?

There is no comparison between Su Yan and Queen Guo, the most vicious woman.

Su Chen didn't know if Queen Guo would be so crazy in the world of Zongwu. If Queen Guo was still a jealous and cruel woman in the world of mixed martial arts, He will not take Queen Guo back to Xuanniao Palace.

The most Su Chen could do was to keep Queen Guo in Gusu City, and he couldn't give her any power.

Queen Guo was very angry when she saw Su Chen curling her lips and not answering her.

However, she could only hold back her anger temporarily in order to get close to Su Chen.

Su Chen stood up and said to Su Yan, "Yan'er, go see how your legion is fighting."

Su Chen also wanted to send Su Yan away. He wanted to talk to the women here, and even Get these women to leave.

Su Chen didn't want to bring so many beautiful women back to Jingzhou. Jellyfish Yinji and the others were coming to the Northern Continent, and Su Chen didn't want Jellyfish Yinji and the others to misunderstand the relationship between these women and him.

When Su Yan heard Su Chen's words, he rolled his eyes and said with a smile, "What's so exciting about war? I dispatched two cavalry legions this time. Couldn't a hundred thousand cavalry legions be able to kill Cao Cao's more than seventy thousand troops?" Really?"

Seeing that Su Yan was not cooperating, Su Chen pretended to cough and said, "Ahem, I want your army to be careful not to let Cao Cao escape."

Su Yan rolled his eyes and said speechlessly,

"Father, this is a battlefield, and it is a battlefield with hundreds of thousands of troops. Do you think my army can catch Cao Cao if he escapes?"

"Moreover, Cao Cao probably escaped early in the morning. Do you think Cao Cao would be stupid enough to wait outside Xuzhou City to be caught?"

Su Chen saw that Su Yan was not cooperating at all, so he came to Su Yan and pushed her and said, "Don't give me nonsense. Go and command your black bird army. Don't be an eyesore here."

"Come on, you just think you dislike me? Father, don't you like your lovely daughter?"

Su Yan also guessed that his father wanted to talk to these women about some private things, even things that she, a little girl, couldn't know.

But she didn't want to leave.

She didn't want to miss such an interesting thing, and this was blackmailing her. It was her father's best opportunity.

If Su Yan didn't want to be captured by his father and taken back to Xuanniao Palace, she would not miss this opportunity. The women in the tent looked at each other while listening to the conversation between Su Chen and Su Yan.

They guessed that Su Chen was going to deal with them. Some of them were worried that Su Chen would be harmful to them, some were worried that Su Chen would get interested, and some looked at Su Chen with surprised expressions.

"are you going?"

Su Chen was also impatient at this time.

Su Yan saw that Su Chen was getting impatient.

She nodded hurriedly and said, "Go, but, father, you can't force me to leave the Northern Continent in the future, otherwise I will die. stay home"

"Okay, I won't force you to leave the Northern Continent"

"real?"

"real!"

Su Yan left with a smile when she heard Su Chen's affirmation.

She knew that as long as her father said so, her father would definitely not force her to leave again. Although she also wanted to know what happened in the tent, but compared to her She was no longer so curious about things.

Su Chen smiled when he saw Su Yan leaving. He would not force Su Yan to leave the Northern Continent, but would the arrival of Jellyfish Yinji and the others force Su Yan to leave the Northern Continent? Then

?

But regardless of Su Chen's matter,

Su Chen also guessed that when Jellyfish Yinji and the others arrived, Jing salamander and Yan Fei would definitely ask Jellyfish Yinji and the others to force Su Yan back to the Black Bird Palace.

Su Chen looked at everything in the tent Women, he first said to Mrs. Ding and the others, "Mrs. Ding, Miss Zhang, Queen Fu, what do you think? If you want to leave now, I can send someone to take you back to Xudu."

Mrs. Ding and the others were very surprised when they heard Su Chen's words.

They did not expect that Su Chen would send them back, but did they dare to go back?

Many people knew about their arrival in Xuzhou along the way. After Cao Cao failed in the war in Xuzhou , if they returned to Xudu safe and sound, even Cao Cao would not be able to believe them.

With Cao Cao's suspicious character,

Cao Cao would even suspect that they had something to do with Su Yan, and they would definitely be interrogated or executed by Cao Cao.

Ding The lady shook her head and said to Su Chen, "Your Majesty, do you think we can still return to Xudu? Su

Chen said to Mrs. Ding in confusion,

"Why not? Cao Cao doesn't know what's going on with you here, and you won't have any trouble even if you return to Xudu."

Mrs. Ding explained to Su Chen helplessly,

"Your Majesty, our visit to Jingzhou was discovered by some people and troops from Xudu. Cao Cao was defeated in the war in Xuzhou. If we can return to Xudu with comfort, do you think Cao Cao will doubt us?"

"You are Cao Cao's wife. With you here, how could Cao Cao doubt you? Mrs. Ding smiled disdainfully and said, "Haha, Cao Cao has never trusted anyone. Do you think I can influence Cao Cao's thoughts and suspicions?"

"Forehead! Then you want to go to Jingzhou?" Su Chen also nodded when he heard Mrs. Ding. Cao

Cao's character was that he never trusted anyone.

If Mrs. Ding and the others returned to Xudu safe and sound, I'm afraid they would really be tortured by Cao Cao, and even Zhang Chunhua and his family would be tortured. Will be implicated.

Mrs. Ding and Zhang Chunhua couldn't help but nodded. Mrs. Ding said helplessly, "Let's go to Jingzhou first. Only if we go to Jingzhou can Zhang Chunhua and his family be safe."

"Zhen Jiang, what are your sisters' plans? Should we go back to Qingzhou or go to Jingzhou?"

"Our sisters are going to Jingzhou."

Chapter 1255

After Sister Zhen Jiang heard what Su Chen said, they looked at each other and didn't know what Su Chen meant.

However, their father asked them to follow Princess Su Yan from now on, and they will not return to Qingzhou at this time.

Although Zhen Mi didn't want to go to Jingzhou, her sister had said so, and she was crying and didn't refuse.

Zhen Mi was a little afraid of both Su Yan and Su Chen. She came here just to stop her sisters. She didn't even want her sisters to get too close to Su Yan.

After meeting Su Chen here, she was even more worried that her sisters would be favored by His Majesty the Emperor, if her sisters became Su Chen's women in the future.

Zhen Mi felt very scary when she thought about it.

Zhen Mi is worried that the powerful women in Xuannio Palace will kill her sisters in anger in the future?

"Zhen Mi, are you unwilling to go to Jingzhou?" Su Chen asked confusedly when he saw Zhen Mi's helpless expression.

When Zhen Mi heard Su Chen's words, she waved her hands in panic and said, "No, no, I am willing, I am willing."

Sisters Zhen Jiang looked at Zhen Mi very strangely. Their little sister didn't know what to do when she came with them this time, and Zhen Mi looked worried all day long, which made them confused.

Su Chen shook his head and ignored Zhen Mi.

He could see that Zhen Mi didn't want to go to Jingzhou.

Although he didn't understand why Zhen Mi didn't want to go to Jingzhou, it didn't matter to him. He also wanted to find out what the purpose of these women was, and whether they were forced by Su Yan.

Su Chen looked at Huang Yueying and Cai Yan and asked,

"what about you? Were you forced by my daughter? If you are forced by my daughter, I can make the decision to let you leave."

Huang Yueying and Cai Yan were very helpless when they heard Su Chen's words.

They were all forced by Su Yan, but did they dare to tell Su Chen?

Su Yan's ferocity today scared them, and even them Su Yan's family members were all taken to Jingzhou. If they don't continue to follow the eldest princess, where can they go?

Cai Yan saluted Su Chen and replied helplessly, "Your Majesty, we.....We are not forced by the eldest princess. Our family members are all in Jingzhou, and we also want to go to Jingzhou with the eldest princess."

Su Chen looked at the expressions of Huang Yueying and the other girls and guessed that they must have been forced by that girl Su Yan, and that girl Su Yan actually took all their families to Jingzhou. Su Yan was afraid that Huang Yueying would be here. Did the girl escape?

Su Chen touched his chin and nodded, "That's right!" Then go to Jingzhou with Su Yan."

Mrs. Yan and Mrs. Du saw that Su Chen had asked everyone here, but she and Mrs. Du, the bastards, didn't even ask them.

This made Mrs. Yan very angry.

"What about us? Why don't you ask us?"

Su Chen smiled when he heard Mrs. Yan's words and said, "You are going to Jingzhou, I don't need to ask you to go."

"You are such a shameless bastard."

Mrs. Yan yelled angrily when she heard Su Chen's words.

Although Mrs. Yan knew that Su Chen would never let them leave, the shameless look of this bastard really made her very helpless.

Su Chen stood up and walked around the tent for a few seconds. Step, he thought for a moment and said to all the women here,

"You all plan to go to Jingzhou, but I can assure you that if you want to leave Jingzhou, you can do so at any time. I will not stop you, and neither will my daughter."

"We can also leave at any time?"

Mrs. Du looked at Su Chen and asked expectantly.

Su Chen looked at the brainless Mrs. Du and said speechlessly, "You and Mrs. Yan must stay in Jingzhou for one year. After one year, you can leave at any time.""

"Why?"

Mrs. Du asked angrily when she heard Su Chen's words,

"Why do you think I am?"

"I.....I....."

"Silly and sweet woman!"

"I'm not, you are the silly and sweet woman."

The girls in the tent listened to the quarrel between Su Chen and Mrs. Du, and they all laughed silently.

Although they didn't know why Su Chen didn't let Mrs. Du and the others leave, they had nothing to do with them. This time they got After Su Chen's promise, no one would dare to stop them from leaving Jingzhou. At this time, the war outside Xuzhou City had ended, and

Cao Cao's army had been completely wiped out, except for some captured generals and counselors. In addition, all the other generals were killed by the black-armored army.

When Su Yan arrived on the battlefield, she looked at some of Cao Cao's generals who had been captured and asked, "Is Cao Cao not captured?"

Wei Yan immediately saluted Su Yan and said,

"Princess, Cao Cao escaped not long after the war started. Our army did not find Cao Cao on the battlefield."

Su Yan smiled when he heard Wei Yan's words and said, "That old and cunning guy did indeed escape early in the morning, but it doesn't matter. Cao Cao will not be able to escape again in future wars."

"Princess, how do these people deal with this?" Wei Yan pointed to the six generals and two counselors who were captured and asked Su Yan.

Su Yan looked at Cao Cao's generals and counselors who were kneeling on the ground, and she ordered expressionlessly,

"Kill them all"

"Yes, princess!"

After Cao Cao's generals kneeling on the ground heard Su Yan's order, they kept struggling. However, these captured generals were tied tightly and even their mouths were blocked.

They just couldn't do anything. She struggled to no avail.

After hearing Su Yan's order, Su Qi hurriedly saluted and said,

"Wait a minute, eldest princess, this counselor named Guo Jia has always opposed Cao Cao's massacre of the city, and he did not advise Cao Cao in the battle of Xuzhou. Please let the eldest princess let Guo Jia go."

"oh? Guo Jia? I seem to have some impression of this person, and who are these captured people from Cao Cao?"

Su Yan thought for a moment after hearing Su Qi's words and asked,

Guo Jia?

Su Yan suddenly thought, isn't this Guo Jia his father said, the Guo Jia who is immortal and can't come out of the crouching dragon?

Su Qi pointed at several people kneeling on the ground and said to Su Yan, "Princess, there are several people here who are the same clan as Cao Cao, Xia Houyuan, Cao Chun, Cao Xiu, Xia Houshang, and Xun You, one of Cao Cao's counselors."

"Haha, Cao Cao escaped without taking any of his people with him. It seems that Cao Cao wanted these people to stay and wait for death. Except for Guo Jia, everyone else should be killed."

"Yes, princess!"

Su Yan then looked at a very thin young man and asked, "Are you Guo Jia?" Why do I think you won't live much longer?"

After Guo Jia was untied by the black-armored soldier next to him, he unexpectedly looked at the eldest princess of the Xuantian Empire in front of him.

Guo Jia did not expect that the eldest princess of the Xuantian Empire would be a decisive and murderous little girl. She didn't even mean to persuade these generals to surrender, so she ordered the army to kill these generals.

"The eldest princess joked, I just drank too much, but I want to live to be seventy or eighty years old."

"Come on, you look lifeless like this. If you can live for another one or two years, you will be in trouble. Do you still want to live for seventy or eighty years? Why don't you go to heaven?"

Chapter 1256

Su Yan was very speechless towards Guo Jia, who was a bit arrogant and narcissistic.

She could see that Guo Jia was seriously ill.

Su Yan's [Observation of Moment and Color] checked Guo Jia. Guo Jia's physical condition would definitely not survive. One year.

Guo Jia smiled when he heard Su Yan's words and said, "The eldest princess is joking, what will the eldest princess do to me in the future?"

"Guo Jia, my Black Bird Legion needs a legion commander. I heard about you. You are talented and a rare talent. Do you understand what I mean?"

"Is the eldest princess trying to recruit me?"

"good!"

"I agreed"

"Um? Do you agree now?"

Su Yan heard that Guo Jia agreed without thinking.

This made Su Yan look at Guo Jia with great curiosity.

Su Yan thought that talented people are very arrogant. Why did Guo Jia just say something to her? Did you agree?

This made Su Yan very confused.

Seeing Su Yan's confused expression, Guo Jia smiled and said,

"Haha, I have heard of the Xuantian Empire, and I also admire the Xuantian Empire's strategy of dealing with foreign races. If they don't accept it, they will massacre all the foreign races. I yearn for the Xuantian Empire very much."

Su Yan understood after hearing Guo Jia's explanation.

"Okay, Guo Jia, you will be the commander of the First Cavalry Corps of the Black Bird Legion from now on. As long as you don't let me down, I can cure your physical illness. Even if you want to live a hundred years old, I will. It can be done"

"The first cavalry regiment, regiment commander Guo Jia met the eldest princess."

Guo Jia saluted immediately after hearing Su Yan's appointment.

Guo Jia didn't know if Su Yan was joking when he said he would live to be a hundred years old, but he also felt that his body was getting worse day by day.

If Xuantian Empire could cure it , The elixir for his body couldn't be better.

"Guo Jia, follow me into Xuzhou City. This will be my princess's territory from now on."

"Yes, princess!"

In the Eastern Continent, the Xuantian Empire's Southern Combat Corps and the Great Qin Empire have been fighting for more than a month. The Great Qin Empire is now being beaten and retreating. Coupled with Meng Tian's rebellion, the Great Qin Empire is in danger.

Great Qin, Xianyang.

Xianyang Palace , the entire imperial palace of Da Qin is now silent.

The Xuantian Empire's army has already arrived at the city. Although there are more than 300,000 troops in Xianyang City, Xianyang City cannot defend against the siege of one million Xuantian Empire troops. How long.

Touch!

In the main hall,

King Qin Yingzheng looked at the silence of many ministers in the main hall. He slapped the table angrily and shouted, "Why are you not talking? The betrayal of my army and the betrayal of Meng Tian, who among you wants to join the Xuantian Empire? Take refuge in that bastard Suchen?"

Li Si hurriedly knelt down and saluted King Qin Yingzheng and said, "Your Majesty, please calm down. We did not betray your Majesty or the Qin Empire."

"King, calm down!"

"King, calm down!"

"King, calm down!"

Other ministers in the main hall also knelt down and saluted King Qin Yingzheng.

In the main hall, the ministers here also had different thoughts.

The Great Qin Empire is over.

The Xuantian Empire's army has occupied a large area of Great Qin's territory. Now even The royal city was also besieged by the Xuantian Empire's army.

Some officials here also wanted to surrender to the Xuantian Empire. In the Qin Empire, even the Meng family, who had been loyal to the royal family for generations, defected to the Xuantian Empire. Ordinary officials like them also wanted to find A way out.

King Qin Yingzheng stood up angrily and shouted, "Calm down? How can I appease my anger? The Xuantian Empire's army is outside the city. Can you repel the Xuantian Empire's army?"

"Your Majesty, General Wang Jian will definitely rush over to rescue the royal capital. Your Majesty, as long as Wang Jian can arrive with the armies of the five countries, the crisis in Xianyang City will definitely be relieved."

"Ha ha....., Five-Nation Alliance Forces? Do the remaining five countries in the East dare to send out troops? Wang Jian only has 200,000 troops in his hands, and those are all newly recruited troops. Do you think General Wang Jian can save Xianyang City?"

"Your Majesty, we must believe in General Wang Jian. We believe that General Wang Jian can definitely defeat the Xuantian Empire's army." Li Si looked at the angry Qin King Ying Zheng and hurriedly persuaded him.

Qin King Ying Zheng also said silently after listening to Li Si's words, "Yes, if you have to believe in General Wang Jian, now Da Qin can only trust General Wang Jian..

Li Si continued, "Your Majesty, the top priority is to defend Xianyang City. We absolutely cannot allow the Xuantian Empire's army to attack Xianyang City.""

"Wang Li, Li Xin will leave the defense of Xianyang City to you. I hope you won't let me down."

"Yes, Your Majesty!"

Wang Li and Li Xin hurriedly stood up and saluted after hearing King Qin's order.

"Retreat!"

"King for ten thousand years!"

The harem of the Qin Palace.

Ying Zheng was very helpless while sitting in the imperial study. The Xuantian Empire's attack was too fast. In less than a month, all the territory in the northwest of Great Qin was lost. Even the royal capital was destroyed by the Xuantian Empire's army. Surrounded.

The Xuantian Empire has dispatched more than 600,000 Southern Combat Legions this time, as well as hundreds of thousands of foreign servants.

How will this war be fought?

The Southern Combat Legion is the most powerful combat legion in the Xuantian Empire. , the elite armies of the Great Qin Empire were either destroyed or surrendered. Although there are still hundreds of thousands of troops in the Great Qin Empire, can these newly recruited troops be a match for the elite Southern Combat Legion?

"Meng Tian? Meng Tian? Why did you betray me?"

"Your Majesty, Madam Li wishes to see you."

At this time, an eunuch outside the imperial study reported,"

Bang!

" King Qin Yingzheng took a vase, threw it against the door, and shouted,"Get out of here, get away from me, I can't see anyone now."

"yes.....It's the king."

Outside the Imperial Study Room,

Mrs. Qin Li Qiu shook her head and left when she heard Ying Zheng's angry scolding. She knew that Ying Zheng felt uncomfortable now, and sheI didn't expect King Qin to be so angry. Is there really no way to save the majestic Qin Dynasty?

Li Qiu is also very helpless towards the King of Qin Yingzheng.

The eldest son Fusu is now seriously ill and has a high fever. She also wants the King of Qin Yingzheng to visit the eldest son, but now the King of Qin Yingzheng is probably concerned about everything. Won't care anymore.

Mrs. Qin Li Qiu suddenly thought of Mi Hua, the mother of the eldest son Fusu, and she also had heard about Mi Hua's whereabouts.

It was rumored that Qin's wife Mi Hua was sent to the Xuantian Empire by Qin King Ying Zheng. She didn't know if this was true.

However, the general of the Shadow Guard, Zhang Han, has also disappeared since Mi Hua disappeared.

This made Mrs. Qin Liqiu have some guesses about Mi Hua's whereabouts.

"Madam, this is a secret message from Qi State"

"Qi State? Why did my brother Wang send a secret message at this time? Didn't Qi also come to the rescue of Da Qin?"

Chapter 1257

Mrs. Qin Li Qiu thought about it and opened the letter from Qi Guo, but her face turned pale after reading it for a while.

Li Qiu hurriedly lit up the secret letter with trembling hands. The information in the letter was too sensational. If Qin King Ying Zheng knew about it, she would probably be executed by Qin King Ying Zheng.

Li Qiu looked at her maids and ordered hurriedly and seriously, "Nothing happened today, and there was no letter. Did you hear that?"

"Yes, ma'am!"

When the maids heard Li Qiu's order, they all nervously saluted and said,

"You all get out!"

"Yes, ma'am!"

After all the maids left, Li Qiu patted her chest nervously.

The contents of this secret letter were so shocking. Li Qiu did not expect that Qin King Ying Zheng really gave Qin's wife Mi Hua to Xuantian. The emperor of the empire and even the Queen Mother Zhao Ji were also in the Xuantian Palace of the Xuantian Empire

"How to do this? Do we really want to escape Xianyang as Brother Wang wants?" Li Qiu walked around in confusion as she thought about the contents of the secret letter.

Qi State sent an envoy to the Xuantian Empire's army this time, and also persuaded the Xuantian Empire to let her leave Xianyang.

However,

Can she escape from Xianyang Palace?

The current Xianyang Palace is heavily guarded.

Li Qiu thought of King Qin Ying Zheng's crazy behavior, and

Mrs. Qin Li Qiu did not dare to stay anymore. She was afraid that King Qin Ying Zheng would do it again when he was desperate. Give her to the emperor of the Xuantian Empire.

Li Qiu is also disappointed with King Qin Yingzheng.

XianyangIn addition, the 300,000 Southern Combat Corps and 250,000 foreign servants, a total of 55 troops, have surrounded the four gates of Xianyang City.

In a huge luxury tent,

Huang Rong was sitting on the main seat dressed in armor. The fitted armor fully revealed Huang Rong's curvy figure. Her delicate face had a majestic expression, which made Huang Rong look very heroic..

The dozens of subordinate legion commanders in the tent reported to Huang Rong one by one the combat status of their respective legions.

After Huang Rong heard the information from each legion, she stood up and ordered expressionlessly, "Well, the Eighth Cavalry Legion and the Tenth and Eleventh Legion will ambush Wang Jian's army according to the original plan. The first and second alien servant armies will Cavalry Corps Auxiliary"

"Yes, Commander!"

Huang Rong looked at the army commanders here and continued to order, "The third army and the fifth army are going to attack Xianyang City tomorrow, and the alien sixth army and seventh army will also attack Xianyang City at the same time."

"Yes, Commander!"

"Have the masters from the Yin-Yang family and the Taoist family arrived?"

"Returning to the commander-in-chief, the masters of the Yin-Yang family have arrived. The Taoist people replied that they are attacking the Taoist sect and they may arrive later."

"Well, you guys To prepare for tomorrow's war"

"Yes, Commander!"

After the army commanders all left, Huang Rong walked out of the tent and walked to a nearby tent. She had to be careful with the Yin Yang family. After all, there were several women in the Yin Yang family who were Su Chen's women. Even the Yin Yang family I'm afraid Donghuang Taiyi won't be able to escape either.

"I've met Commander Huang Rong!" When the disciples of the Yin Yang family saw Huang Rong arriving, they all saluted and said,

"Is Luna here?"

"Lord Moon God is here. Commander Huang Rong invites you in."

"Moon God, long time no see!" Huang Rong came into the tent and saw the moon god with eyes, leisurely drinking tea.

The moon god was kneeling on the futon in a well-fitting palace dress. His plump figure, peerless appearance, and cold face gave him a noble temperament. This made the Moon God look very beautiful.

The Moon God made a gesture to Huang Rong to sit down and said with a smile, "Huang Rong, we haven't seen each other for more than two months, and it's not a long time!"

Huang Rong sat down unceremoniously and said with a smile, "Haha!" Am I not being polite? Why are you so serious?"

Huang Rong and Yueshen are both Su Chen's women, and they get along well with each other.

This time they attack Xianyang City.

Huang Rong needs the help of experts from the Yinyang family.

The walls of Xianyang City are very high. If he fights in the south, The legion attacked Xianyang City, and his southern combat legion would probably suffer huge casualties. This was not what Huang Rong wanted to see. The

Moon God poured a cup of tea for Huang Rong and said with a smile,

"Huang Rong,"

"thisYour attack speed is very fast"

"In just over a month, more than half of Great Qin's territory was captured. Even the capital city of Xianyang was surrounded by your army.

"If you capture the Great Qin Empire this time, your southern combat legion will really be the Xuantian Empire's first combat legion. Huang

Rong said with a disdainful smile to the Moon God,

"Yes, my Southern Combat Legion has always been the most powerful legion in the Xuantian Empire. Li Xiuning and Shen Luoyan are the second and third sons of Wannian, and they will never be able to take away the title of number one in the future."

Yue Shen shook her head when she heard Huang Rong's words.

She knew that Su Chen's several combat regiments were competing with each other, especially Huang Rong and Li Xiuning. They were dissatisfied with each other. Yue Shen couldn't control these things. They still let them That bastard Su Chen must have a headache.

Luna looked at Huang Rong and asked,

"Do we need our Yin Yang family to dispatch tomorrow?"

Huang Rong shook her head and refused,

"No, tomorrow's war is just an appetizer. Tomorrow's war is just to shock the defenders of Xianyang City. I have prepared more than two hundred catapults this time. Tomorrow I will knock down the momentum of the defenders of Xianyang City. lowest"

"oh? Then when will you actually attack Xianyang City?"The Moon God asked in confusion after hearing Huang Rong's words.

The Moon God did not expect that Huang Rong did not rush to attack Xianyang City.

This is not in line with Huang Rong's usual style.

Huang Rong is very sensitive to wars, and can even be said to be a scheming person in wars. There is no omission, Xianyang City is the capital of Great Qin, wouldn't conquering Xianyang City quickly end the war between Great Qin?

Why didn't Huang Rong rush to conquer Xianyang City?

This made the Moon God a little confused.

Huang Rong looked at the puzzled Moon God. He smiled and said, "When Wang Jian's army is destroyed, I will attack Xianyang City with all my strength."

Huang Rong knows General Wang Jian of the Qin Dynasty.

If Huang Rong breaks through Xianyang City at this time and captures Qin King Ying Zheng, it will be very difficult to deal with that old fox Wang Jian.

Huang Rong also used the siege of Xianyang City to destroy Wang Jian's army.

Even if Wang Jian knew that this was her trap,

Wang Jian would have no choice but to fall into her trap. There was no way

Wang Jian would not come to rescue King Ying Zheng of Qin. Even if he did not come to rescue Xianyang City, I am afraid that the army in his hands would be No one would obey his orders, and even King Qin Yingzheng sent a letter to Wang Jian via a flying pigeon to rescue Xianyang City.

When the Moon God heard Huang Rong's words, he frowned and reminded, "Wang Jian? Great Qin General Wang Jian is a famous general. You should be careful with Wang Jian."

Huang Rong drank tea and smiled strangely and said, "Don't worry, I will not underestimate any opponent. I have prepared a big gift for Wang Jian. It depends on whether Wang Jian accepts this big gift from me."

"Huang Rong, are you going to destroy Wang Jian's army in one fell swoop?"

"good!"

Chapter 1258

The next day, outside Xianyang City, a huge black army was lined up in neat military formations at the east gate of Xianyang City. Catapults were ready, and siege ladders and battering rams were also ordered to attack Xianyang City. preparing. clang clang clang clang.....

Suddenly the sound of alarm bells was heard in Xianyang City.

The Qin troops in Xianyang City rushed to various posts in a panic. They all knew that the army outside Xianyang City was about to attack.

"Don't panic, archers are ready"

"The rolling wood and black oil are all ready. The city wall of Xianyang City is very high. The Xuantian Empire's army cannot break through Xianyang City."

"Archers, archers, get ready"

"Everyone, please stand in your respective positions. Don't panic. Damn it, don't run around."

On the wall of Xianyang City, the generals of Great Qin kept shouting and ordering the army to prepare for war.

However, when the Xuantian Empire's army prepared to attack the city, the new soldiers here were afraid and panicked, even though some generals kept shouting. Command, but it's useless.

Woooooooooooo.....

Dong Dong Dong Dong.....

At this time, the horn of the Xuantian Empire sounded, and the southern combat regiments outside Xianyang City all stamped their feet on the spot. The heavy footsteps made the troops in Xianyang City panic even more, and even the entire Xianyang City army. The people all heard the sound of footsteps outside the city.

In Xianyang,

Qin King Ying Zheng also heard the sound of footsteps, which made him a little restless. This kind of sound that made people feel scared even before attacking, Ying Zheng was also very panicked when he heard it. He was worried about the Xuantian Empire. The army will attack the city on a large scale today.

King Qin Yingzheng thought that the rescue from Wang Jian's army had not yet arrived. If the Xuantian Empire's army began to attack the city in a large scale now, he was also worried that the defenders of Xianyang City would not be able to withstand the Xuantian Empire's siege.

"Your Majesty, Mrs. Qin has left the palace in Liqiu."

At this time, the commander of the Shadow Secret Guard appeared in front of Ying Zheng and saluted,

"What? Li Qiu left the palace? Why did she leave the palace at this time?"Qin King Ying Zheng was very surprised when he heard that Li Qiu was leaving the palace.

He was worried about Li Qiu's safety.

Xianyang City is very chaotic now. Li Qiu leaving the palace at this time also made Ying Zheng confused.

However,

Ying Zheng was confused. Zheng Zheng did not believe that Li Qiu would leave him at this time. After all, Xianyang City was besieged by the Xuantian Empire, and there was no reason for Li Qiu to escape at this time. The commander of the

Shadow Secret Guard hurriedly replied,"Your Majesty, Li Qiu Mrs. Qiu said she wanted to calm the panic of the people in Xianyang City, so she left the palace with some guards."

"It turns out that this is the case, and the shadow secret guards are ordered to protect Li Qiu."Qin King Ying Zheng suddenly realized after hearing the words of the commander of the Shadow Guards.

In the early morning, some ministers wanted Ying Zheng to leave the palace to appease the panicked people in Xianyang City. Ying Zheng felt that Li Qiu might know about this. Li Qiu wants to take his place to appease the people of Xianyang City.

"Yes, Your Majesty."

At this moment,

Li Qiu breathed a sigh of relief as soon as she came out of Xianyang Palace. She has to quickly go to a contact point in the secret letter. If she wants to leave Xianyang City, she must rely on the help of the people there.

"Madam Li Qiu, please come in."

Outside a restaurant, a Xiao Si saw Li Qiu and hurriedly greeted him.

Li Qiu looked at Xiao Si and nodded. She entered the restaurant with her loyal maids and guards.

Xiao Si took Li Qiu with him. Qiu came outside a room and said respectfully, "Mrs. Li Qiu, my master is waiting for you inside, but you maids and guards have to stay here."

"Okay, you all wait for me here." Li Qiu nodded and ordered her maids and guards,

"Yes, ma'am!"

"Zhang Han, I have met Mrs. Li Qiu!"

After Li Qiu entered the room, a man in black saluted Li Qiu.

Upon hearing this man's words, Li Qiu was surprised and asked, "Are you Zhang Han? Aren't you missing?"

"Madam, I am now the commander of the secret guards of the Xuantian Empire in the Eastern Continent."

"Have you defected to the Xuantian Empire?"

When Zhang Han heard Mrs. Li Qiu's words, he explained helplessly,

"lady"

"I have no choice but to"

"Mrs. Mi Hua's affairs are also known to Madam. I was the one who escorted Mrs. Mi Hua to Jiuyuan City, but I did not return to Da Qin, and I did not even dare to return to Da Qin."

"The matter of King Qin sending Mrs. Mihua to the emperor of Xuantian Empire was originally a scandal. If I return to Qin, King Qin will secretly execute me. There is no way that King Qin will let the matter of sending Mrs. Mihua be exposed."

"I also took refuge in the Xuantian Empire for self-protection."

Li Qiu nodded after hearing Zhang Han's explanation.

She also knew that if Zhang Han sent Mihua to the Xuantian Empire, Zhang Han would definitely be silenced.

It is impossible for King Qin to let anyone know about that matter. alive

"I understand this matter, Zhang Han, how can we leave Xianyang City? There are shadow guards outside the restaurant. Can you avoid the shadow guards' tracking?"

Zhang Han smiled and said,

"Haha, madam"

"Have you forgotten that I am the true leader of the Shadow Guard?"

"The Shadow Secret Guard was trained by me, and this time my wife left the palace with the help of the Shadow Secret Guard, otherwise it would not have been easy for the Madam to leave Xianyang Palace. Li

Qiu was surprised when he heard Zhang Han's words and asked, "Zhang Han, are you saying that the Shadow Guards still obey your orders now?"

"good!"

Li Qiu didn't expect that Zhang Han had defected, and the Shadow Secret Guard was still under Zhang Han's control.

This made Li Qiu very sympathetic to Qin King Ying Zheng.

Qin King Ying Zheng probably didn't expect that the Shadow Secret Guard was not at all. His personal bodyguards and even some of the secret military deployments of Qin King Ying Zheng are probably well known to the Xuantian Empire.

"Then how do we leave Xianyang City? The gates of Xianyang City are full of troops. It is impossible for us to leave through the city gates, right? Zhang

Han nodded and said to Li Qiu, "There is a secret passage in Xianyang City. Although the secret passage is not big, it is enough for my wife to escape from Xianyang City." Li

Qiu hurriedly urged after hearing Zhang Han's words, "Then let's leave Xianyang City quickly, otherwise something will happen over time."

"Okay, madam, call your maid and escort to the basement of the restaurant, where there is a secret passage leading outside the city."

"OK!"

Outside Xianyang City, as Huang Rong arrived on horseback, the soldiers of the entire Southern Combat Legion cheered.

Huang Rong was not only the commander of the Combat Legion, she was also the princess of the Xuantian Empire. The glorious Huang Rong was chosen by the Southern Combat Legion. The soldiers loved her very much.

When Huang Rong passed by, each square formation of the black-armored army saluted and said,

"See Commander in Chief! Hail the commander in chief!"

"See Commander in Chief! Hail the commander in chief!"

"See Commander in Chief! Hail the commander in chief!"

Chapter 1259

Huang Rong's arrival indicated that the war was about to begin.

Huang Rong waved her hand to the boiling army and looked towards Xianyang City. Xianyang City was indeed the capital of the most powerful country in the Eastern Continent. Xianyang City, with its high city and deep pool, was not suitable for ordinary people.

For the army, it is a natural danger that is difficult to overcome. Even if the elite black-armored army wants to attack Xianyang City, they will probably have to pay huge casualties.

"Order the catapults to start attacking. I will throw all the huge rocks at Xianyang City today."

"Yes, Commander!"

Woo woo woo.....

As the attack horn sounded, the catapults of the Southern Combat Corps began to attack. More than 200 catapults, operated by black-armored soldiers, attacked Xianyang City one after another. Huge stones were thrown high. to Xianyang City. swish swish.....

Boom boom boom.....

For a time,

Xianyang City was constantly being attacked by catapults.

The huge rocks hitting the Xianyang City Wall made such a loud noise that the Qin soldiers on the wall were shaken and could not stand still.

On the city wall, many Qin troops who had no time to escape were smashed into pieces by huge rocks, and many Qin troops were even seriously injured by some gravel.

"Avoid, don't mess around"

"Ah ah ah, save me, my leg was broken"

"Don't gather together. Pay attention to the boulders in the sky and don't run around."

"Ahem, I don't want to die, come and save me!"

"Put your shields up, be careful not to be affected by the gravel."

"Be careful on your head, be careful of boulders, and hide quickly...."

There is chaos on the wall of Xianyang, with the screams of Qin soldiers and the orders of generals.

There was a mess everywhere on the city wall. Qin troops were either smashed to death by huge rocks or trampled to death by panicked soldiers. Many Qin troops were even squeezed off the city wall and thrown to death.

Wang Li stood on the city wall and looked at the Qin army hiding in all directions.

He looked ugly and shouted loudly, "Damn it, the troops here are all newly recruited troops. They will be very panicked when encountering a war. How can we stop Xuan Xuan?" An attack by the Celestial Empire's army?"

A general heard Wang Li's scolding voice and explained helplessly, "General, there is nothing we can do about this. Our elite troops in Great Qin either died in battle or surrendered, and now there are these newly recruited The army is already good"

"Meng Tian? That damn Meng Tian took more than 100,000 elite troops to join the Xuantian Empire. Why did Meng Tian surrender to the Xuantian Empire? Why did the Meng family all join the Xuantian Empire?"

When Wang Li heard the words of the general next to him, he thought of Meng Tian.

Meng Tian brought more than 100,000 elite troops to join the Xuantian Empire. This was something Wang Li couldn't understand. Meng Tian and the Meng family have always been loyal to King Qin. Room, why did Meng Tian defect to the Xuantian Empire at the beginning of the war?

Is there any hidden secret in this?

"General, do you think it may be related to the incident that has been rumored in Xianyang City recently? Wang

Li asked suspiciously when he heard the words of the general next to him, "Are you talking about Queen Mother Zhao Ji and Mrs. Qin Mi Hua?"

Wang Li also heard the rumors in Xianyang City during this time.

Queen Mother Zhao Ji and Qin's Madam Mi Hua are now in the Xuantian Empire's palace, and the rumor also said that Qin's Madam Mi Hua was the one who made a sneak attack on Gusu for the Qin Army. King Yingzheng of Qin sent it to the Emperor of Xuantian Empire to apologize for the incident in the city. Queen Mother Zhao Ji eloped privately with Su Chen, who was still Lord Wu Xiang.

Wang Li did not believe this at all.

How could Queen Mother Zhao Ji Maybe she eloped with Su Chen, who was still Lord Wu Xiang, a year ago? How could the majestic Queen Mother of Qin abandon her son and flee from Qin? This is simply nonsense.

Besides, Mrs. Qin Mihua,

Mrs. Qin Mihua is not only the wife of King Qin , and she is also a princess of the Chu Kingdom, and even the biological mother of King Qin's eldest son Fusu. How could King Qin Yingzheng give Qin's wife Mi Hua to Emperor Su Chen of the Xuantian Empire?

"Yes, general, there is no smoke without fire. Although these may be some rumors, we have not heard about the Queen Mother Zhao Ji and Mrs. Qin Mi Hua this year. General, do you think that matter is true?"

"Don't make random guesses here. If the Shadow Guards find out, don't you want to die?"

"Yes, General!"

After Wang Li stopped the words of the deputy general next to him, he was also very confused, but now is a war period, and Wang Li could not help thinking about these messy things.

Wang Li was very worried when he looked at the Qin army who kept attacking with catapults. The

Qin Army can only be passively beaten now. There are no catapults and giant crossbows in Xianyang City. Those heavy equipment are all assigned to the Qin Army on the front line. Now the Ordnance Department is too late to manufacture them.

Under Xianyang City,

Huang Rong saw Looking at Xianyang City, which had been attacked by catapults for almost an hour, he ordered the messenger,

"The 3rd Infantry Corps and the 5th Heavy Armored Infantry Corps were ordered to attack, and the alien 6th and 7th Corps also joined the attack."

"Yes, Commander!"

Woo woo woo.....

At this time, the horn of the Southern Combat Legion sounded again, and some troops of the Southern Combat Legion heard the horn sound and started to attack with giant shields.

"The fifth legion, giant shield forward, archers and crossbows behind, attack!"

"The 3rd Infantry Corps attacks!"

The two legions of the Southern Combat Legion began to approach Xianyang City using the turtle formation.

In each attacking square formation, the square formations were surrounded by shield soldiers with huge shields. The bows and arrows in the square formations The soldiers and crossbowmen are always ready to shoot the Qin army on the wall.

"Donghu Sixth Army attacks!"

"Hu He's seventh legion attacks!"

Two alien servant armies also followed the black-armored army. Although the alien servant army was not protected by the shields in the military formation, they were much safer behind the black-armored army.

"Archers, shoot, shoot!"

On the wall of Xianyang City, some generals of the Qin Army saw that the Xuantian Empire had begun to attack, and they all hurriedly gave orders loudly.

At this time, outside Xianyang City, the Moon God led Da Siming and Shao Si When fate came to Huang Rong, the Moon God was very confused when he saw that the army was going to attack Xianyang City, "Huang Rong, aren't you going to attack Xianyang City today? Then why did you send troops to attack?"

"Moon God, don't you understand?" Huang Rong looked at the Moon God while riding on the horse, smiled, pointed at the attacking army and said,

"Um?"

When Yueshen, Da Siming, and Shao Siming heard Huang Rong's words, they looked at the army attacking Xianyang City with confusion.

Da Siming suddenly discovered that the black-armored cavalry were attacking Xianyang City without siege equipment. This She hurriedly said to Moon God,

"Lord Luna, something is wrong with the black-armored army. The black-armored army attacking this time did not bring siege equipment at all. The black-armored army did not bring siege equipment such as siege ladders and battering rams."

"Huh? Huang Rong, what are you doing? Do you want the black-armored army to die?"

"Don't worry, how could I let my legionnaires die? You will understand as you continue reading."

Chapter 1260

Huang Rong will not let her legionnaires die.

This time, the black-armored army will cooperate with the catapults to attack the Qin army on the city wall. The Qin army has recovered from the initial panic. Now the catapults pose a threat to the Qin army. Not much anymore.

Huang Rong wanted to use the army to draw out the Qin army who was hiding. Only in this way can the catapults take advantage of it to attack the Qin army. The black armored army and the alien servant army would also use archers and crossbows to kill the Qin army on a large scale.

With the cooperation of catapults, archers, and crossbows,

Huang Rong believed that in today's war, her army could kill an astonishing number of Qin troops with only a few casualties.

After hearing Huang Rong's words, Yueshen and the others looked at the black-armored army outside Xianyang City. They also wanted to see what Huang Rong's plan was this time.

When the black-armored army stepped across the moat, the black-armored army stopped advancing.

At this time, each tortoise-shell phalanx suddenly opened, and the archers and crossbows in the tortoise-shell phalanx shot and killed the Qin army on the Xianyang city wall. swish swish.....

A shower of arrows shot at the Qin army on the wall.

"Be careful, watch out for the archers, defend quickly."

Ah ah ah.....

On the wall of Xianyang City, after the black-armored army's arrows shot down, the unprepared Qin army suffered heavy casualties this time, and the catapult attack had not stopped yet.

The sky was full of flying boulders, bows and arrows.

This made the Qin army guarding the Xianyang city wall very desperate.

After three rounds of shooting, the black armored army was protected by the turtle armor formation with shields, and the archers of the alien servant army began to attack.

The alien servants interspersed outside the phalanx of the black-armored army. They also quickly shot and killed the Qin army on the city wall. After three rounds of shooting, they hurriedly returned to the rear of the black-armored army.

Although the archers in Xianyang City continued to counterattack, they were all blocked by the giant shields.

Even the black-armored army and the alien servant army suffered some casualties, but there were only a few casualties.

On the wall of Xianyang City, a messenger came to Wang Li and saluted, "General, General Liu He's army suffered heavy casualties, and the army has been disabled."

Wang Li frowned when he heard what the messenger said. It was the fourth army that was crippled and guarding the wall of Xianyang City. More than 100,000 troops suffered heavy casualties before they came into contact with the enemy. This gave Wang Li a very headache.

Wang Li waved his hand helplessly and ordered,

"Let General Liu He's army retreat from the Xianyang City wall, and General Wangcheng's 30,000 troops replace Liu He's army to defend the city wall."

"Yes, General!"

No!

Wang Li suddenly discovered that the attack of the black armored army was simply a feint. The black armored army began to attack without any siege equipment. This was obviously to attract the Qin army to be exposed to the attack of catapults.

"Damn it, we were fooled."

Wang Li was very angry when he saw the black armored army outside Xianyang City.

But he had no choice.

If Wang Li didn't send troops to guard the city wall, what if the black armored army suddenly used siege ladders to attack Xianyang City? Can the Qin army in Xianyang City still defend Xianyang City?

The Qin army has been beaten and has lost its momentum.

Wang Li is also worried that if the army breaks away from the city wall, the soldiers in the army will desert. If this happens to Xianyang The city was really doomed.

Wang Li could only look at the Qin army, which was constantly being attacked by catapults and archers. He could not order the army to withdraw from the city wall. He had to keep the army on the wall even if it cost him his life. To prevent the Xuantian Empire's army from suddenly attacking.

Outside Xianyang City,

Yueshen looked at the attack of the black-armored archers and asked, "Huang Rong, are you trying to prevent the Qin army from getting off the city wall to avoid the catapult attack?" Huang

Rong nodded and replied with a smile,

"Yes, the Qin army has already reacted to the initial panic. Under the attack of the catapults, the Qin army either hid in the towers or climbed down the city wall. I just want the Qin army to stay on the city wall. This is the only way. Only with the power of the catapult can more Qin troops be killed"

"You are so insidious!"

"Haha, this is called wisdom."

Da Siming heard Huang Rong's words and asked in confusion,

"Commander Huang Rong, couldn't the generals of the Qin army see this? You must know that the black-armored army did not bring siege equipment this time, and the generals of the Qin Army would also discover this flaw."

Huang Rong smiled and wanted to pat Da Siming on the shoulder, but she is short, and

Da Siming is very tall.

Huang Rong couldn't pat Da Siming on the shoulder even if she wanted to. Mr. Huang Rong It's impossible to jump up and pat Da Siming on the shoulder, right?

Huang Rong stretched out her hand and hurriedly explained to Da Siming, "Da Siming, even if the general of the Qin army finds out, it will be of no avail. I can use the siege equipment at any time." Send it over"

"But the Qin army didn't dare to gamble. They knew it was my conspiracy, but the Qin army's generals didn't dare to withdraw the troops on the city wall."

"War is fought with momentum"

"The fight is about moving forward courageously."

"If the generals of the Qin Army withdraw their troops, I will order the army to advance the siege equipment. Do you think the generals of the Qin Army will order the troops to go up the city wall again, will the Qin Army, which has suffered heavy casualties, retreat?"

"Even if the soldiers of the Qin army climbed onto the city wall again,"

"I can also order the army to stop the siege equipment. Wouldn't the Qin army still be attacked by catapults? The generals of the Qin Army should also have thought of this, but they have not thought of a way to deal with me. The generals of the Qin Army can only use their lives to fill this war."

The Moon God, Da Siming and Young Siming looked at Huang Rong and felt that she was very insidious. No wonder Huang Rong was called a cunning fox by Li Xiuning.

However,

Huang Rong was also the most powerful combat corps commander in the Xuantian Empire. It was also a blessing for the Southern Combat Legion to have such a witty commander as a fox. The war did not stop until noon.

This was also the time when the black-armored army's catapults ran out of boulders, otherwise the war would continue.

Huang Rong also ordered The black-armored army retreated, and today's war also achieved Huang Rong's expected goal.

Under the attack of catapults for more than three hours, the Qin army was not only beaten to a loss of momentum, but even under the attacks of catapults and archers, the Qin army The army's army also suffered at least more than 100,000 casualties.

The black-armored army and the alien servant army only suffered a few thousand casualties.

Today's war was a very successful siege.

In the northern continent, outside Xuzhou City,

Su Chen was in After knowing that Su Yan had entered Xuzhou City, he was too lazy to enter Xuzhou City.

After the women asked to go to Xuzhou City to have a look, Su Chen also ordered some black-armored troops to escort these women to Xuzhou City.

In the tent,

Su Chen Chen Chen had a headache when he looked at Queen Guo who was left behind.

Is this woman trying to haunt him? Does Queen Guo really not care about anything just for revenge?

Su Chen looked at the calm Queen Guo and asked, "Queen Guo, do you really want to kill me?"

"How can it be? You are the emperor of the most powerful empire in Tianxuan Continent. How could I kill you? Your Majesty, you said that we have had a relationship. Do you also want to give me a status?"

"I believe you! Why are you clenching your fists tightly if you don't want to kill me? You woman really don't mean what you say."
